

## Chapter: 886

Time flickered and three days passed.

Lin Ziming had a relatively easy time during this period, but he also did not relax his vigilance. He knew that Ye Xingchen would come to him soon.

He is now a charity ambassador, and if Ye Xingchen really wants to kill him, he must carefully weigh it!

He doesn't think that the Luo Tian organization can be strong enough to compete with the official.

However, no matter what, his own strength is still the most important.

With his current cultivation base of the third stage of the Innate Realm, to fight with Ye Xingchen's cultivation base of the fourth stage, the chance of winning is not very high.

There will be a battle between him and Ye Xingchen sooner or later, the more fully prepared, the higher his chances of winning.

Therefore, in the past few days, his main energy has been focused on cultivation, constantly simulating the situation of fighting with Ye Xingchen in his mind, trying to minimize his mistakes.

Chu Fei went to a business party. When the venue was about to end, Lin Ziming received a call from Chu Fei and asked him to pick it up.

Lin Ziming immediately changed his clothes and set off.

After hanging up, Chu Fei said to a well-dressed young man in front of him: "Mr. Ye, thank you for helping me just now."

"Ho ho, you're welcome, it's my honor to serve you such a beautiful and temperament lady." The well-dressed young man said gracefully. He was slender and dressed in a decent suit. He looked particularly handsome and attractive. A lot of eyes of the opposite sex.

And his eyes when looking at Chu Fei were also full of blazing heat.

If Lin Ziming was here, he would be able to recognize it for the first time, this well-dressed young man, no one, it was Ye Xingchen!

Chu Fei had some good feelings for Ye Xingchen. At the party just now, Ye Xingchen helped her out and offended some big bosses because of this. She was very grateful to Ye Xingchen.

Chu Fei wore a black evening gown tonight, which set off her snow-white skin even more like Snow White, noble, elegant, and atmospheric.

Especially Chu Fei's beautiful appearance is even more heart-stirring, coveting it.

Ye Xingchen had an almost abnormal desire for Chu Fei.

He came to participate in this business party tonight. It was very boring. He didn't expect that he would meet Chu Fei, such a stunning woman, and his mind immediately became active.

Seeing Chu Fei not speaking, Ye Xingchen's eyes flashed and he walked closer for half a step, showing a very handsome smile, and said: "Miss Chu,

I just drove over here, why don't I take you home?"

Chu Fei shook her head and politely rebuffed, "Don't bother Mr. Ye anymore. I called my husband just now and he is already on his way here."

Hearing this, Ye Xingchen's brows immediately frowned, a haze flashed in his eyes, and he said in surprise on the surface: "Miss Chu, are you already married?"

Chu Fei saw Ye Xingchen's love for her at a glance, and said with a smile: "Yes, I have been married for five years."

Ye Xingchen was a little disappointed, but he immediately appeared another kind of longing, a wife, it's not bad to conquer.

"Really? Then I have to know your husband and see what kind of excellent men can pursue such a perfect woman as Miss Chu." Ye Xingchen said.
