

Chapter: 889

He himself came to Province G this time for the purpose of neon clothes, Lin Ziming, it was only his accidental discovery.

“Nishang, you really are protecting this wild species.” Ye Xingchen ran, showing a sneer, speeding up, and chasing towards Nishang.

Both he and the neon clothes are the fourth stage in the congenital realm. They are only one step away from Dzogchen. The speed is so fast that the eyesight of ordinary people can't find its trajectory. When there is a flower in front of you, the person is gone. People often think that they have hallucinations.

A few minutes later, they had ran for more than ten kilometers, and arrived at a remote park next to an artificial lake, where the neon clothes stopped.

The movements are sudden, as if they are suddenly still, which violates science and has no inertia.

Then Nishang turned his head, stared at Ye Xingchen, and said: “Lin Ziming has never done anything to harm the organization, why are you targeting him?”

Ye Xingchen didn't answer her, but stared straight at the neon clothes and said: “Nishang, you finally appeared. I have been waiting for you for a long time.”

Ni Chang squinted her eyes, and she felt Ye Xingchen's coveting of her, which made her very uncomfortable, especially Ye Xingchen's eyes, looking at her, it was extremely annoying!

“Ye Xingchen, are you following me?” Nishang said coldly.

Lin Ziming walked slowly towards the neon clothes, step by step, and gradually narrowed the distance. After a while, he was already standing three meters in front of the neon clothes, and he could smell the fragrance of the neon clothes, which made his dantian fire constantly combustion.

“Nishang, the Saint King once ordered that members of the mortal organization shall not help the wild species born by Qin Yuehua, and you, Yang Feng Yin violates, I don't know how I will tell the Saint King this matter, what the Saint King will do with you!” Said with a smile, that was extremely awkward, and when Nishang saw him like this, she was originally cold and arrogant, and she couldn't help but arouse anger.

Ye Xingchen didn't say anything. The Saint King had indeed given such an order. If Ye Xingchen really told the Saint King about this, then she would definitely be punished!

She was not afraid of being punished, but once the Saint King knew about it, Lin Ziming's situation would be very dangerous. With the Saint King's character, knowing that Lin Ziming had grown up now would definitely kill Lin Ziming.

In addition, Qin Yuehua, his concubine, would be implicated.

So for a while, her brows frowned very tightly, and at the same time she acted murderously towards Ye Xingchen.

“Why, do you still want to kill me? You can try, and I just want to learn about your Western Regions’ greatness!” Ye Xingchen laughed strangely, not afraid of the clothes.

That look is really cheap to the extreme!

Nishang took a deep breath, forcibly suppressed the anger and murderous intent, stared at Ye Xingchen coldly, and said, “Ye Xingchen, what do you want?”

“What do I want?” Ye Xingchen’s face once again showed that maddening and evil expression, flowing in air, slowly walking towards the neon clothes, at the same time, he showed an intoxicated expression and took a deep breath. With a sigh, I sucked in the scent from Ni Chang’s body, Ni Chang frowned, and now she was really raging in her heart, and she wished to make a move immediately and end Ye Xingchen with a palm!

But she knew that once she did this, the result would be even worse, because she couldn’t kill Ye Xingchen.

“Neon clothes, what do I want, you know very well, so why bother to ask?” Ye Xingchen smiled happily.

Nishang’s face changed, and he blurted out, “Ye Xingchen, you have to die of this heart, I can’t be your Taoist companion!”

Ye Xingchen has been coveting her. It’s no secret. In fact, Neishang felt very disgusted and disgusted with this incident.

Ye Xingchen shrugged and said: “Impossible? Okay, then I can only kill the wild breed, take the wild dog’s head back, and ask the Holy King for credit. I believe that this credit is enough for the Holy King to order and betroth you. I’m...Nice clothes, I heard that you are still an incomparable extremely yin physique in the world. Double cultivation with you can bring me a lot of improvement, hehe!”
