

Chapter: 898

When the time returned ten minutes ago, Lin Ziming was sitting in Tan Qiuya's car and arrived at the base of Xuanyuan three places. Lin Ziming was still very moved when he saw the high-standard facilities and the atmosphere of Xiao Sha.

From a distance, this base revealed a sense of slaughter. In Lin Ziming's spiritual world, the base that I saw was not a rigid dead object, but a rigid spear with a sharp spear tip. Shameful and fierce.

This is a gun of the nation, supporting the world of China and protecting it from the erosion of foreign races.

It's just that this national gun is a bit old, even the tip of the gun is a bit rusty, and there are scattered gaps on the barrel, showing his extraordinaryness and weakness.

This kind of feeling is mysterious and mysterious. If it weren't for the third stage of the innate realm, the spiritual realm was so powerful that ordinary people would not feel it at all.

Lin Ziming sighed slightly in his heart. He knew that he had joined such a Xuanyuan three, so he would have a lot of difficulties next.

Tan Qiuya approached the base, with pride and enthusiasm on her face. This is her home and she feels a strong sense of belonging.

"Instructor Lin, the base is here. From now on, we are colleagues." Tan Qiuya took the initiative to shake hands with Lin Ziming and said with a smile.

Lin Ziming shook hands with her, "Take care of her."

Tan Qiuya blinked and said, "It should be you who take care of me. From now on, you are also my instructor."

"Really?" Lin Ziming was a little surprised.

After a short while, after entering the three bases of Xuanyuan, Lin Ziming quickly saw Sun Liang.

Sun Liang, wearing a uniform, was full of iron and blood, standing straight, like a long spear, which was awesome.

"Instructor Lin, you are here, welcome." Chu Sun took the initiative to greet him and shook hands with Lin Ziming, very excited.

Lin Ziming also smiled and said, "Chu Sun, when Lin came here for the first time, he did not do well, so please forgive him."

Just as Sun Liang was about to speak, at this moment, a black-faced middle-aged man next to him snorted heavily and said dissatisfiedly: "I haven't started yet, so I started to shirk responsibility first. His mouth was slick, not a little bit sloppy. The qualities that a soldier should have! Sun Liang, where did you find the little yellow-haired boy and let him be my fighting instructor at the third place of Xuanyuan. Is your mind flooded?"

This black-faced middle-aged man has a hot personality, and catching Lin

Ziming is just a scolding. In his opinion, Lin Ziming is thin and tender, and so young, he is still a businessman, and has the ability to be Xuanyuan as a fart. The instructors of the three places will be laughed at if this is passed to the competition agency.

He now has a lot of talents withered in the three places of Xuanyuan, but he is not at the level of a businessman to coach! This is a joke!

Lin Ziming raised his brows. He wasn't angry, but a little dissatisfied. What happened? Could it be that Sun Liang had ventilated with the other people in Xuanyuan 3rd place in advance? He has already come to report, and coaxed such an oolong out.

Now Lin Ziming is no ordinary person. He is the top powerhouse of the third stage of the Innate Realm, a super human. It was only because of Sun Liang's face that he agreed to join the three places of Xuanyuan, otherwise, he would not be rare to come over. Now that he is so mocked by a person, where is his face turned?

Sun Liang saw Lin Ziming's gaze, and he also had a headache. He was too busy these two days and forgot to say hello to another deputy office, Chang Hongshen. He now quickly said: "Old Chang, this is Lin Ziming, you Don't look at him as young and powerful. He is already a master of the congenital realm. He is the instructor of the three places of Xuanyuan. I believe that the overall strength of our three places will be strengthened soon."

Chang Hong couldn't believe it at all, "A master of innate realm? So young? Ho ho, Sun Liang, do you treat me as a fool?"

Sun Liang frowned. Because he and Chang Hongshen were both assistants, they had competed with each other over the years, and their relationship was not very good. Especially Chang Hongshen's personality was extremely aloof and stubborn, and often had friction.

"Chang Hongshen, if you don't believe me, you can investigate by yourself to see if I abused my power or you are a fool!" Sun Liang said in a deep voice.

Chang Hong snorted deeply, "I am too lazy to investigate, I have the ability, and I will see the result later!"

Then, he squinted his eyes and said gloomily: "Sun Liang, don't blame me for reminding you that the fighting instructors at the three Xuanyuan locations are not that good. There are so many thorns in the team, all of them are heart-warming. Being arrogant, not everyone is qualified to be their coach. Don't wait, the businessman you found was abused by that gang of stabbings and embarrassed. That's funny!"

Sun Liang laughed loudly, "Then wait and see, Chang Hongshen, if you are not at ease, you can also challenge Instructor Lin."
