

Chapter: 900

The speaker was in the second row. A burly man with a stature of over 1.85 meters. He tilted his face with some ridicule on his expression. He stared directly at Lin Ziming, making no secret of his contempt for Lin Ziming.

Others also showed joking expressions when they heard him talking. Their eyes looked at Lin Ziming recklessly, and there was no reason that Lin Ziming was their new instructor and respected Lin Ziming.

For them, respect depends on their ability, and the instructors who arrive by air will not be respected by them, no matter how big they are.

Lin Ziming knew about this, so he smiled, looked at the brawny man and said, "Okay, how do you want to inspect the goods?"

The brawny man showed a playful smile and said, "Aren't you going to be our fighting coach, then play with us twice to see if you have this ability. After all, not all cats and dogs can be our Xuanyuan. Fighting instructors in three places."

What he said was a bit presumptuous, and many people were watching Lin Ziming's jokes.

In a building not far away, in one of the windows, a black-faced middle-aged man was standing, looking at this side, showing a sneer. It was not who, it was Chang Hongshen who had just left, "Huh, Sun Liang, I don't believe that the idiot you found has the ability to be a fighting instructor in Xuanyuan 3rd place."

Sun Liang didn't scold the brawny man, and there was a faint smile on his face. Obviously, this was something he had tacitly approved.

Before Lin Ziming came, he expected this scene to happen, so he didn't feel surprised, but directly nodded and said: "No problem, since you want to inspect the goods, then come on. I just want to try it too. You guys have some abilities, is it worth my coaching?"

What he said had nothing to pretend, but when it fell in the ears of this group of soldiers, it became arrogant, making this group of soldiers even more hostile to him.

Chang Hongshen laughed when he heard it, "This mother-in-law is so arrogant, I'm looking forward to how he will be abused by these stingers later."

"Crazy enough!"

The burly man's face immediately became gloomy, he gave Lin Ziming a cold look, then walked out of the team and walked in front of Lin Ziming.

His figure is extremely strong, and his strength has reached the limit state in the realm of masters. Among ordinary people, he is considered to be good, and he can even participate in some non-regular fighting competitions in China.

However, for Lin Ziming, the gap was too big, it was not of the same level

at all.

With a smirk at the corner of his mouth, he stared at Lin Ziming, his eyes filled with coldness and contempt, he twisted his neck and made a squeaking sound, which looked quite scary.

However, when Lin Ziming saw that he was the only one who came out, he frowned slightly, and said in surprise, “Are you trying to challenge me by yourself?”

The brawny man grinned, “Yes, why, instructor Lin, are you scared?”

In his opinion, Lin Ziming’s performance is a bit scared. After all, Lin Ziming’s physique is really far from him, and his muscles are not strong. He looks like a pampered ordinary person. He can knock down a piece of goods at will.

Lin Ziming said: “You are too weak. I was beaten by you while standing. You can’t even hit me. You should pick some powerful ones and go together.”

There is no arrogant or provocative element in his words. As a master of the third stage of the Innate Realm, he is completely overkill for coaching these hundreds of ordinary people.

However, he thought so, and fell into the ears of other people, but he didn’t think so. In an instant, the faces of this group of soldiers changed.

“What a big tone!”

“Arrogant!!”

“Just because of his weak physique, do you want us to besiege him? He has a problem with his brain.”

“Da Niu, since this new instructor despises you so much, you should use your skills and let him see how good you are!”

“Daniu, show some color, let him know what humility is!”

A bunch of soldiers began to clamor. They are all sturdy people who can die for the country without hesitation, but they also have a strong ambition to win, and they especially look down on the kind of people who are powerful and like to pretend to be forceful. In their eyes, Lin Ziming is such a person.
