

## Chapter: 901

Daniel clenched his fists, he was a little angry, Lin Ziming was too arrogant, he was obviously only a weak chicken, and he dared not to put him in his eyes, it was crazy!

“Since instructor Lin is so confident, then I’m not polite! Look good, but don’t be defeated by my punch!!” Daniel roared, and then began to attack Lin Ziming, very mighty Like a tiger descending the mountain, swallowing the mountains and rivers with anger, ordinary people face such an offensive, they have to be scared and pale on the spot.

But it was too slow for Lin Ziming, and his power was also very weak. He had no less than a hundred ways to bring the opponent down in one second.

But Lin Ziming didn’t do this, so he dodged it easily.

Daniel saw that Lin Ziming could dodge such a quick punch, but he was a little surprised. Soon he launched a fierce attack again. A combination of punches came out and closed step by step. He was confident that he could do it in a short time. Within, defeat Lin Ziming!

“Slow, slow, still too slow.”

However, no matter how fast he punched, he still couldn’t hit Lin Ziming, and was constantly mocked by Lin Ziming, making his lungs explode with anger.

He attacked for a minute without encountering Lin Ziming. In his eyes, Lin Ziming was like a loach, not slippery, always able to dodge his fists at critical moments, and was furious.

Finally he became impatient and cursed loudly: “What do you keep hiding? If you have a kind, just punch me in the front!!”

Lin Ziming’s eyes flashed, and he said meaningfully: “As you wish.”

He stopped abruptly, facing the punch from Daniel, he did not dodge, so he took the punch from Daniel firmly.

Those soldiers on the scene saw that Lin Ziming didn’t dodge, and wanted to use his flesh to carry the big bull’s punch. They all felt that Lin Ziming was too arrogant, and they were all looking for death. In their minds, they had expected Lin Ziming to be big The scene of the cow flying with a punch. But what happened next made all of them open their eyes and showed an incredible expression!

With a bang, it hits.

Then there was a muffled hum, but it was from Daniel.

Daniel’s punch hit Lin Ziming’s chest, but Lin Ziming did not move at all. Instead, Daniel took a few steps backwards with a painful expression on his face. He held his right hand and raised his head, his face full of horror. Looking at Lin Ziming, he screamed: “You actually wore steel plates! It’s so despicable!”

“what?!”

When the other people heard it, they all showed angry expressions, and they accused Lin Ziming, thinking that Lin Ziming was too despicable, and came to be their instructor, and even came over with a steel plate. This was too shameless.

Lin Ziming frowned. He said, "I don't wear steel plates. My muscles instantly solidify and become as hard as iron."

However, what he said immediately caught the contempt of these people, and they scolded one after another.

"Who are you lying to!"

"Take off your clothes if you have a seed!"

"That is, I actually wear steel plates, my character is too bad!!"

"Why, don't you dare to take off your clothes!!"

At this moment, Lin Ziming actually caused public outrage, thinking that he was wearing a steel plate, otherwise how could Daniel hit his chest with a punch, but his hands were shaking.

Lin Ziming shook his head, his eyes became colder, there was no extra nonsense, he immediately started to take off his shirt...

After a while, when all his clothes were taken off, revealing his strong upper body, the audience suddenly became quiet.
