

Chapter: 902

Lin Ziming took off his clothes and was naked. Everyone saw his strong upper body but not bloated muscles. Although it was white, it was full of explosive power.

The most important thing is that there is no steel plate on his body, his clothes tremble deliberately, and there is no foreign matter.

At this moment, everyone was stunned.

They stared at Lin Ziming, like ducks caught in their necks, and they looked funny.

“This is impossible!!”

After a few seconds, it was Daniel who broke the silence first. He screamed out, his eyes staring as big as a copper bell. With a punch just now, he really felt like he had hit a steel plate! As a result, Lin Ziming took off his clothes now, but there was no steel plate? How can this be? How can a human body be so hard? This is completely beyond common sense!

Tan Qiuya also opened her eyes wide now, looking straight at Lin Ziming’s naked upper body. She was not surprised that Lin Ziming had no steel plate on her body, but that Lin Ziming’s figure was really good, better than a model. They must be beautiful, especially those lines, which are just like those carefully carved by God, full of masculinity, and not bloated and ugly. She knows Lin Ziming’s ability, such a body contains such a powerful energy, for a woman like her, it is full of extreme temptation!

Even, she couldn’t help but swallowed her saliva, her eyes couldn’t move a bit.

Lin Ziming noticed her fiery eyes. Looking over, she blushed immediately and quickly moved her eyes away.

But Yu Guang couldn’t help but peek.

Lin Ziming didn’t think too much about it. He said to the group of soldiers lightly, “How about it, can you be sure I don’t wear steel plates now?”

The audience was silent and didn’t know how to answer.

Sun Liang coughed and scolded the group of soldiers: “Hu Hong! Instructor Lin is a master of the Innate Realm. People can defeat your group of rubbish with just one finger. You still question the strength of Instructor Lin. !”

Then, Sun Liang said to Lin Ziming, “Instructor Lin, this group of soldiers has such a personality. They always feel that they are number one in the world. They only want to be coached by talented people. They have a bad temper. Don’t be like them. ”

Sun Liang’s words at first sounded like scolding the soldiers, but in fact they were still talking to them, explaining their strong character, and only looking at their strength.

Lin Ziming was rather angry about this, and he understood this kind of thing very well. After all, when he founded Aegis Security, he rarely encountered

this kind of situation.

Now at the third place of Xuanyuan, this group of soldiers reacted even more intensely.

In the building not far away, Chang Hongshen saw the scene just now. He frowned and was a little puzzled. He muttered to himself: “The strength of the big cow is not small, and a punch can produce a thousand pounds of power. , Hit this Lin Ziming, but Lin Lin Ziming’s bottom plate didn’t break up?”

He had some recognition of Lin Ziming’s strength.

However, if he had only this ability, he had to be the fighting instructor of Xuanyuan three places, it was still far from enough.

After all, Daniel is only a middle-to-low level among those soldiers, and those really powerful soldiers still don’t have any shots.

Lin Ziming nodded, put on his clothes, and said, “Who else wants to inspect the goods?”

After what happened just now, the eyes of this group of soldiers looked at Lin Ziming, and there was already an initial contempt. At least they knew that Lin Ziming was a little capable, not the kind of weak chicken he imagined.
