

## Chapter: 903

At this moment, another person came out. His figure was not as tall and burly as a big cow, and he was only 1.8 meters tall, but the momentum that he exudes was much stronger than that of a big cow.

Lin Ziming could tell at a glance that this was a master at the pinnacle of the acquired day, and he was also proficient in more than ten types of boxing, and his fighting ability was very good.

Of course, this is in the category of ordinary people, and in front of the masters of the innate realm, it is too far behind.

He walked up to Lin Ziming and said, "Instructor Lin, Chief Sun said you are a master of the innate realm. I don't believe it very much. I have never heard of a young master of the innate realm like you. But since Chief Sun will find you to be our fighting instructor. I believe you are capable. If you can beat me in one minute, I will recognize you as the instructor."

His words sounded very polite, but the expression in his eyes revealed strong self-confidence and contempt for Lin Ziming, betraying his ideas.

He still didn't believe that Lin Ziming could defeat him.

Because he is a master in Xuanyuan's three places, he has also completed many difficult tasks in the past few years, and there are no fewer than ten foreign masters who have died in his hands!

And Lin Ziming in front of him looked too young, and his skin was still white, and he didn't have any cocoons on his body. He looked like a pampered and wealthy boy. He didn't believe that such a person could go anywhere.

As for the hard punch against the bulls just now? He can do it too.

Lin Ziming could see through his thoughts at a glance. In fact, he was quite helpless in his heart. He didn't think of the masters of the third stage of his dignified Innate Realm, who would teach a group of ordinary masters and be "inspected". If this spreads out, I'm afraid I will be laughed at.

So he decided, now that he has already 'inspected the goods', he will use the corresponding strength to let this group of soldiers open their eyes well, so that when the province is saved, this group of soldiers will not convince him, and they will act against him.

"Okay." Lin Ziming nodded, he didn't have extra nonsense, and directly let the opponent attack first.

The soldiers at this acquired peak also didn't ridicule, set their fists, and brazenly shot Lin Ziming, punching out, accompanied by a slight sonic boom, it seemed that in an instant, the fist had reached Lin Ziming.

Lin Ziming nodded secretly. As far as the level of the acquired pinnacle was concerned, the strength of this soldier was pretty good.

He didn't use his physical body as hard as he did just now. It wasn't that he couldn't hold it, but he wanted to briefly understand how this group of

soldiers' martial arts literacy was.

He also put his cultivation base on the pinnacle of the day after tomorrow, and fought with this soldier, fighting back and forth.

Sun Liang frowned. According to Lin Ziming's strength, he shouldn't be hard to distinguish from the soldiers of the acquired peak.

However, just when he was puzzled, Lin Ziming had already understood. He suddenly accelerated and punched the soldier's face with a fist at an extremely fast speed. Accompanied by the sound of the sonic boom, he arrived in front of the soldier in an instant. Then stopped.

"Acceptance." Lin Ziming said lightly.

In an instant, the soldier felt Lin Ziming's strength burst out in an instant, he felt lingering fears, and at the same time realized that he had lost.

The other soldiers saw that even the master of the acquired pinnacle had lost, and instantly, the look in Lin Ziming's eyes became even more different.

However, to be their coach, it is not enough to just defeat the pinnacle of the acquired pawn.

Lin Ziming stood with his hands, and he naturally saw the thoughts of these people. He simply drew a circle with a diameter of one meter on the ground and said to all the soldiers: "Well, I won't bully you. You can go together. Forcing me out of this circle, if you win, I will kowtow to you and apologize on the spot. If you can't do it, you will obediently recognize me as the instructor. From now on, my words will be the imperial edict. I will let you go east and I will let you go west. west."
