

## Chapter: 904

As Lin Ziming's words fell, the audience suddenly fell silent, and everyone looked at Lin Ziming.

Including Sun Liang, they were all taken aback by Lin Ziming's words. He knew that Lin Ziming was a master of the Innate Realm, but if he wanted to say that in a small circle, singled out more than 100 people, he still received professional training. Bing, it's impossible, right?

The more than 100 people on the scene also opened their eyes wide, thinking that Lin Ziming was too arrogant! No, it can no longer be described as arrogant, but absolute arrogance, defiant, and contempt for them to the extreme.

Even if they were the last instructor, a veritable master of the innate realm, they would not dare to speak so loudly, single-handedly against so many of them, moreover, they still use the method of painting the ground as a prison! Tan Qiuya's eyes lit up a lot. She looked at Lin Ziming closely, and she had an intuition that Lin Ziming seemed to be able to do it...

And Chang Hongshen, who was in the building not far away, froze for a moment, then laughed, thinking that Lin Ziming was looking for death, and the level of half a bucket of water started to swell.

He didn't think Lin Ziming really had this ability.

At this moment, Lin Ziming added, "By the way, you can use and, in addition to guns, you can use all handy cold weapons. As long as you can force me out of this circle, you will win."

What is arrogance, arrogance, and rampant?

Lin Ziming is now.

However, he didn't mean to be half arrogant, he was just telling the truth.

Suddenly the scene exploded, and the hundreds of soldiers began to boil.

"Damn! It's so mad, I can't help it!"

"I've seen an arrogant person. I've seen him for the first time as he is so arrogant! This doesn't teach him a lesson, where can we put the face of our hundred-odd people!?"

"It's too much. This is a naked humiliation. I want to see if he really has three heads and six arms and can single out more than a hundred of us!!"

"What are you doing so much with him? Let's let this guy feel our anger well."

"Show him the color!!"

They surrounded Lin Ziming all of a sudden, and began to look angered at Lin Ziming, their expressions were more ferocious than one, and they were full of anger and murderousness towards Lin Ziming. They had to say that the momentum they brought was quite big, if it were ordinary The masters of the innate realm would really be jealous and restrained, but for Lin Ziming, there was little influence.

The atmosphere suddenly rose with swords and crossbows. More than one hundred soldiers surrounded Lin Ziming in three layers inside and outside. This scene seemed extremely shocking, and one person could drown Lin Ziming with a single spit.

Sun Liang's expression suddenly changed. He had to stand up and scolded: "Hey! What are you guys doing? Rebellion!"

"Chu Sun! It's not that we are going to rebel, but that this new instructor is too much."

"Yes, Chief Sun, you heard what this guy said just now. It was he who uttered wild words and wanted to provoke us. Anyway, we are also the elites of Xuanyuan 3rd place. We were mocked by a businessman like this. Where do we put our faces? what!!"

"Chu Sun, we can't stand this kind of anger."

"We admit that this new instructor has some ability. We are not his opponents on the one-on-one basis, but he said that we are going together and we can't get him out of the circle. This is clearly an insult to us!!"

The emotions of these soldiers were more agitated than one by one, and Sun Liang had a headache when he saw it. He expected that Lin Ziming would be troubled by this group of soldiers when he first arrived. He also believed that with Lin Ziming's strength, he could easily deal with it. However, what he didn't expect was that Lin Ziming was so arrogant that he would single out more than a hundred Trumpeters with his own power.

This is too arrogant, even if Lin Ziming is a master of the innate realm, it is impossible to do it. From the bottom of his heart, Sun Liang didn't believe that Lin Ziming could defeat the more than one hundred soldiers.

According to what Lin Ziming said just now, once he failed, he would kowtow and apologize, and the instructor would not have to do it... Whenever he thought of this kind of thing, Sun Liang couldn't help but feel a headache.

He put down his identity and personally invited Lin Ziming to come over. He was particularly distressed when he thought that such a thing would happen and he would fall short in the end.

Even with that, I complained a little about Lin Ziming, thinking that Lin Ziming looked calm and introverted at ordinary times, and didn't think that his personality was so arrogant and unpretentious. Now he has to play off by himself.

Sun Liang said in a deep voice: "Hu Hong! Instructor Lin, this is joking with you. Okay, the drama is over. You return to the team. From now on, you must obey Instructor Lin's orders."
