

Chapter: 923

Hearing these words from her, Liao Fan and the two men were also shocked and blurted out, "It's him?!"

"It turned out to be him! I heard that his cultivation has reached an unfathomable realm. Even the female devil Wu Meizi is not his opponent. He was killed on the spot!"

"Hiss...g province's number one master, if it were him, it would be no surprise."

They were all extremely shocked, looking at the direction of Lin Ziming's disappearance, their hearts were agitated, and they couldn't calm down for a long time. The surface of this lake is not small. From here to the opposite, there is a distance of more than 300 meters, and they just walked away. It can be seen how far Lin Ziming's cultivation has reached.

The radiance in Yang Guiying's eyes, she clenched her fists, and said very firmly and yearningly: "Idol, I will definitely see you again, and I will worship you as a teacher when that time comes!"

Lin Ziming didn't know that he had been targeted by Yang Guiying. If he knew, he would definitely be very distressed.

Walking on the water, this is the first time he has used it. At the beginning, he was a little uncomfortable, and his strength was not perfect, which caused the shoes to get wet. But soon, he mastered the skills and quickly became proficient To catch up.

Walking on the water, this is not something that anyone can do. At least it will take the third stage of the Innate Realm and it will be consolidated before it can be done, otherwise Liao Fan will not be so shocked. After all, the innate realm is already rare, let alone the third stage.

Lin Ziming's speed is very fast, like a glimpse, he is now leaning forward, his arms are close to his body, and his whole person is in the shape of a bullet. His legs move at high speed to reduce wind resistance.

He has locked in the breath of neon clothes, right in front, and the distance between the two is constantly shrinking.

Before, even if he met the neon clothes, he was helpless and could not catch up with the neon clothes. Now his strength has improved a lot, and he can finally catch up with the neon clothes.

He had long wanted to see neon clothes, but the neon clothes kept hiding from him. The attitude of being high above him and looking down at him made him uncomfortable.

Now that he has found the neon clothes, he will naturally not let it go easily. He has to ask himself, what is the situation of his mother now, and when can he meet her!

Getting closer...

Lin Ziming's legs are almost too close to see the trail, just like the propeller

of a helicopter, the shoes he wears can't withstand such a speed at all. They have burst apart. One can imagine how fast his speed is.

Finally, Lin Ziming was on a flat ground and saw the red figure in front of him that was moving forward very fast, it was neon clothes.

Ni Chang frowned. She was only on a whim, planning to come and take a look at Lin Ziming, but she didn't expect Lin Ziming to be eyeing her. What was even more unexpected was that Lin Ziming had grown up to this level without realizing it, even she could catch up. .

Nishang tried to speed up, but still couldn't get rid of Lin Ziming, making her a little helpless and a little embarrassed.

It's not that her strength is not strong enough for Lin Ziming, but that her cultivation has fallen to the third stage in the past few days, and it will take two days to recover to the peak.

If this continues, Lin Ziming will catch up sooner or later...

She sighed and didn't want to run again, but chose to stop and meet Lin Ziming.

Originally, in her plan, there was still no time to meet Lin Ziming.
