

Chapter: 925

Lin Ziming asked himself if he had seen a lot of top beauties, such as Chu Fei, Tao Sanniang, Ouyang Jue Se, Guo Junyi, Ning Yuning, etc., the concentration is much higher than ordinary people, but now he saw the neon clothes for the first time. I was so amazed that, even in my mind, there was a thought of meeting a fairy.

Yes, Lin Ziming's first impression of neon clothes is that she is a fairy, not a mortal woman.

In addition to the stunning appearance of neon clothes, what is more important is the otherworldly temperament of neon clothes, which is unique to other beauties.

The reason is very simple, that is, Nishang is not an ordinary woman, she is a master of innate realm, and has reached the fourth stage, the body structure has undergone subtle changes, not only has a longer life span, but the kind of temperament and aura displayed are completely different. same.

Therefore, Lin Ziming was really stunned, his eyes fixed on the neon clothes, and he couldn't move it away for a while.

Nishang saw this scene, she suddenly became furious, screamed presumptuously, and then shot Lin Ziming.

Nishang is a very cold and arrogant woman, even in the eyes of ordinary people, a little abnormal woman. She can use her life to protect Lin Ziming, but she can't tolerate Lin Ziming being rude to her. Yes, in her opinion, Lin Ziming staring at her like this is rude and offensive!

She is Qin Yuehua's adopted daughter, in a sense, Lin Ziming's sister, and Lin Ziming is disrespectful of her, so she got a hot mind and shot Lin Ziming.

Moreover, the strength of her shots is not light.

Lin Ziming felt the killing intent, and instantly reacted, his mind was aroused, and his body leaned back, just avoiding the slap in the face of the neon clothes.

"Are you serious?!" Lin Ziming said angrily.

When he stepped back two steps and looked at Nishang again, he found that Nishang had actually put on a white veil to block her stunning face, only revealing her beautiful eyes.

Nishang missed a hit, and some surprise flashed in his eyes. Obviously, he didn't expect Lin Ziming to be able to escape under the situation just now. Although she was not a killer move just now, her speed was also very fast. In a rush, even a master of the innate realm would not be so easy to dodge.

He snorted coldly, without a response, and continued to attack Lin Ziming, as if he really wanted to teach Lin Ziming a lesson.

Lin Ziming saw her sneak attack. Now he hides him. Not only has he not stopped, but he has gotten worse. He is also a little annoyed.

This is what you forced me!

Lin Ziming gritted his teeth abruptly, and began to counterattack the neon clothes.

Soon, they trembled. Lin Ziming found that Nishang was obviously a female generation, but the style of fists and feet was particularly strong, and it was completely inconsistent with her image. Be good, at first, he almost had a big meal. deficit.

Nishang was also very frightened. Now that half a minute has passed, she actually didn't even win Lin Ziming. You know, after all, she is the top powerhouse in the fourth stage, and her fighting skills are the most exquisite and brilliant. Even if her cultivation base falls to the third stage, it is not Lin Ziming's promotion to the innate realm, less than a year. Newcomers can contend.

But the result now is that Lin Ziming can not only compete with her, but also slowly gain the upper hand and suppress her, which shocked her even more.

Lin Ziming is also quite strange. Didn't he say that Nishang is the fourth stage master? Why doesn't it feel particularly strong?

It's just that he didn't expect that Nishang happened to encounter a rare period of weakening of the technique, and fell from the fourth stage to the third stage, otherwise he would not be an opponent.

Finally, finding an opportunity for the flaws in the neon clothes, Lin Ziming suddenly accelerated, the lightning in his left hand came out, the spirit snake came out of the hole, accurately grasped the veil of the neon clothes, and then took off.

As a result, the beautiful face of neon clothes was exposed again.

Nishang felt a cold on her face and was shocked when she saw that the veil was taken off.

But in shock, her emotions fluctuated greatly, causing her breath to be disordered, and the real qi that was raised suddenly rushed to her forehead, making her a little dizzy, her footsteps also erratic, and she accidentally stepped on a pothole under her feet. Unbalanced and want to fall down.
