

Chapter: 928

Isn't it? The figure of the neon clothes is there, no matter how Lin Ziming shoots, he will inevitably take advantage.

If it's another woman, forget it, the key is that Nishang is not an ordinary daughter, but someone sent by his mother, and possibly his god-sister, which is too embarrassing.

Neishang was a little impatient when he waited, opened his eyes, frowned and said, "Hey, can you hurry up, a man, mother-in-law."

Lin Ziming was choked by her again, can this not be a mother-in-law?

But to be honest, Lin Ziming's mood is still quite agitated. After all, Neon Clothing is a master of the fourth stage of the Innate Realm. He looks so beautiful. If he can take advantage of it, it is still very good...

Bah, baah, what are you thinking about.

Lin Ziming took a deep breath, suppressed all these distracting thoughts, then calmed down, and thought of a way. Anyway, Nishang just asked him to shoot back, and he didn't say how heavy it was to shoot, so just let it be.

Moreover, he finally found a place where he should not be able to touch the chest of the neon clothes.

Decided.

Lin Ziming made a sudden move.

He slapped the neon clothes with a palm. He felt that he was a gentleman, and he definitely didn't mean to be cheap in neon clothes, but no matter what he thought, his current action seemed to be taking advantage to others, and it seemed particularly wretched.

And just in time, Nishang felt his approach, and there was the vibration of the air in front of her. Her eyelashes were picked up, her heart was quite nervous, and she opened her eyes, and she just saw Lin Ziming's hand and patted her with a palm.

Obviously she was ready, but seeing Lin Ziming's palm, she still couldn't help feeling nervous. Suddenly I realized that what I had photographed was Lin Ziming's chest, and now Lin Ziming wanted to pat her chest back.

And her place has never been touched.

So she couldn't help getting nervous, causing her body to tremble, and causing Lin Ziming to take advantage of the position where she had fallen, which could not have been taken advantage of. The result is now, taking advantage.

The air suddenly quieted strangely.

Nishang opened his eyes wide and looked at Lin Ziming in astonishment!

Lin Ziming was also dumbfounded. He didn't even think about it. The position he had already calculated would definitely not take advantage of the neon clothes. As a result, the neon clothes opened his eyes at the last juncture, which caused him to lose his hand... ..

This is very embarrassing.

Lin Ziming was late to react and took more advantage before retracting his hand.

“Accident, purely an accident...” Lin Ziming’s face turned red when he saw Nishang, he realized that something was wrong, and quickly explained.

Now Nishang’s face is indeed red to the extreme, just like drinking wine, flushing, especially that kind of obsession, making Lin Ziming’s heartbeat involuntarily speed up a bit.

“Lin! Zi! Ming!” Ni Chang clenched her fists, she stared at Lin Ziming firmly, and three words burst out between her teeth.

She is particularly embarrassed now that this fellow Lin Ziming dare to take advantage of her!

She grew up so Bing Qing Yujie, even if people in the organization saw her, they treated her honestly, and they had never been touched. The most important thing is that she has a serious habit of cleanliness, and she never wants to be touched by a man, even if this person is Lin Ziming.

But now, Lin Ziming not only touched her, but also touched her place, immediately causing her to blow her hair.

Seeing her expression, Lin Ziming only felt that her scalp was numb, the corners of her mouth were bitter, and there was a wailing in her heart. How well did things develop like this again? He is obviously very serious.

“It’s none of my business. Just now you opened your eyes and moved your body. Otherwise, I won’t be able to touch you...”
