

Chapter: 929

“To shut up!!”

Nishang didn't wait for him to say anything, but interrupted him roughly, glaring at him with gritted teeth.

Her breathing is not smooth, and her chest rises and falls violently, even Ye Xingchen does not arouse such violent emotional ups and downs in her.

However, she couldn't hate Lin Ziming, because Lin Ziming was the only son of her aunt.

She snorted heavily, glared at Lin Ziming, and then left.

Finally, she turned her head and ordered Lin Ziming: “I can't tell anyone what happened today!”

What else could Lin Ziming say, he could only nod quickly.

Lin Ziming let out a sigh of relief and rubbed his chest when Nishang left and would not return. Fortunately, his body was very strong, otherwise he really couldn't bear it.

And most importantly, the strength of Nishang seems to have regressed from before, which is a bit strange, otherwise, with the peak strength of Nishang, the palm just now can break his heart.

Back in the big villa, Liu Suhong and Chu Huaxiong, the two old men, had already woke up. After saying hello, Lin Ziming hurriedly went to take a shower and washed all traces of himself.

When he came out, Chu Fei also came out. Fortunately, Chu Fei was an ordinary person, and she didn't find that he was injured, otherwise she would worry about him.

The injury this time is not too serious for Lin Ziming, but it will take some time to recuperate. He is truly innocent.

On the side of the neon clothes, she also returned to her place, her heartbeat was beating abnormally, the frequency was higher than usual, and she couldn't calm down.

The meeting with Lin Ziming just now was completely unexpected. She had known that she shouldn't go to Lin Ziming today, and nothing like this would happen.

She couldn't help but touched her face, followed herself, and muttered to herself: “Brother Ziming seems to be amazed by my face, is it really that beautiful?”

Then, she thought about what happened later, Lin Ziming's presumptuous offense, took off her veil, her anger attacked, her true energy was disordered, and Lin Ziming was hugged...

Especially, Lin Ziming finally hit his chest.

That feeling, like an electric shock, she had never experienced.

Strangely, at the time, she seemed to have imaginary disgust, more just shame and panic.

The more she thought about it, the more wrong she was. This was something she had never experienced before, especially if she had some thoughts that made her feel panic and ashamed, she quickly strangled her, started sitting cross-legged, and entered a state of meditation.

Soon, one night passed, and by the next day, she had returned to normal, and she was out of the debilitating period, and there was only one day left. As long as today is over, she will be able to return to her full cultivation base, the congenital realm. The fourth stage.

Moreover, after passing this weakening period, her cultivation level still has a little bit of diligence, and when she meets Ye Xingchen again, she will be able to overwhelm Ye Xingchen.

And soon, she can also return to the organization to meet her aunt.

However, at this moment, she suddenly sensed something, her face suddenly changed, and she brushed it and looked in one direction.

In that direction, there was the sound of footsteps...

It can be heard that the footsteps are three times longer than ordinary people. In other words, this person is running towards him at a very fast speed. When the neon clothes realizes the danger, the footsteps seem to have reached the door. Up!

Then, at the door opposite her, she was kicked open and fell straight down with a bang. At the same time, a slender figure appeared at the door with an evil smile on her face, staring maliciously. Said to her, "I have long heard that the first beauty in the Western Regions has flaws in the exercises, and there will be a period of weakness every once in a while, and the cultivation level will continue to decline. I didn't believe it before, but now it seems that you have fallen to the point. It's the second stage, it seems to be true, tut tut."

This person is not who, it is Ye Xingchen!!!
