

## Chapter: 932

In front, it is the headquarters of the ugly master, there is a secret room inside, if the neon clothes can successfully enter before Ye Xingchen arrives, then she still hopes to drag it until tomorrow.

The key now is to make Ye Xingchen relax his vigilance and win this opportunity!

It's getting closer, and there are less than a hundred meters left.

Rao has the light temperament of neon clothes, and now he can't help but speed up his heartbeat and his blood is surging.

Ye Xingchen found something wrong, and the speed of the neon clothes increased sharply, and he drove a distance of tens of meters.

"Something's wrong..." Ye Xingchen frowned, and soon, he reacted, sneered, and said: "Neon clothes, until now, you are still struggling to death, you think you can still escape. Out of my Five Finger Mountain!"

When the voice fell, Ye Xingchen's speed increased sharply, and he planned to take down the neon clothes directly.

Nishang immediately felt the tremendous pressure. She clenched her teeth instantly and burst out all her potential. In the form of an overdraft, she suddenly poured her strength into her legs, causing her speed to skyrocket. After moving away from Ye Xingchen, the whole figure resembled an arrow, rushing towards the Ugly Master's headquarters, and within two seconds, she had already entered.

It happened that the ugly master came out and saw this scene. He widened his eyes and heard the voice of neon clothes in his ear, "Enable the first level of defense and help me delay Ye Xingchen. He is going to treat me badly!!"

When the voice fell, Ye Xingchen had already come over, he laughed loudly, his eyes were like electricity, and his whole body exuded a powerful aura, like a monarch coming, smiling at the neon clothes, "Neon clothes, you can't run away! Just now! You have exploded to your final potential, and now you have fallen to the first stage of the Innate Realm ahead of time. Even if the Heavenly King Lao Tzu comes, it can't stop me from conquering you!"

Nishang is very annoyed, she has no other choice now, but she can only believe that the ugly master can resist Ye Xingchen, even if she can successfully enter the secret room for more than ten seconds, then Ye Xingchen will be helpless.

After such a dramatic change, the Ugly Master was stunned for a full second. He had never seen a neon clothes look so embarrassed, and he had never thought that Ye Xingchen would be so courageous to start with the neon clothes! Anyway, Nishang is also a person from the Western Regions, and besides, Nishang itself is an extremely strong person in the fourth stage of

the Innate Realm.

But things have already happened, and he couldn't help but think about it, and immediately shouted loudly, "Enemy attack! Everyone defends, take this person!!"

In any case, Chou Ye is the underground emperor of Huacheng. There are many horsemen under his hand. In the headquarters, there are hundreds of thugs guarding him. After hearing his order, these people immediately began to surround Ye Xingchen.

They reacted extremely fast, got the weapon soon, and showed good professionalism.

And Chou Ye himself, he also took out a handful of software directly from his waist, shaking his hand, immediately straightened up, and stabbed Ye Xingchen.

Chou Ye is not a master of the congenital realm, his realm is only at the pinnacle of the day after tomorrow, and the gap between him and Ye Xingchen is infinitely large. He and Ye Xingchen are fighting against each other, which is completely a death-seeking behavior.

But he did it anyway, because he had been loyal to Qin Yuehua all his life, and the neon clothes were sent by Qin Yuehua and his half master, so he almost didn't have any thoughts, so he took action against Ye Xingchen, and went with the moths. Fire, burn your own life.

Ye Xingchen saw an ant at the peak of the acquired day, and he dared to shoot at him. He was so angry that he instantly became annoyed. He stared at him, hummed heavily, and cursed, "You are looking for death!"

Facing the Ugly Lord's sword, he had no dodge at all, so he shot directly and slapped the sword god of the soft sword, instilling fierce strength into it, and the soft sword made of special material quenched and chained immediately couldn't bear it. It looks like broken glass, shattered every inch, like ice ball, falling to the ground!

At the same time, Ye Xingchen's other palm was also slapped on the Ugly Master's chest, with a loud bang, Ugly's chest was immediately sunken with the naked eye, and the whole person flew out like a straw. Hit the wall hard, spurting blood.

He didn't scream, but smiled. He won at least three seconds for Nishang, and the rest was given to his men.

At this moment, a large group of thugs gathered around, and they were all annoyed when they saw that the ugly master was injured.

"Ugly Lord!!"
