

Chapter: 936

A minute and a half, for Lin Ziming, it passed all at once, and he didn't even feel the passage of time.

But for Ugly Master, it was unprecedented suffering.

He personally watched his men flock to Ye Xingchen like moths, and then Ye Xingchen knocked down, without the slightest ability to fight back.

In the end, all of his loyal subordinates fell, and more than a dozen of them died on the spot.

There is no way, they are too weak compared to Ye Xingchen, even if they have weapons in their hands, they are not Ye Xingchen's opponents at all.

After a while, the ground was full of ugly men, and the scene was very pessimistic.

Ye Xingchen didn't have a trace of scars. At most, some sweat broke out on his forehead, and he exerted a little force. However, as he took a long breath and spit it out, he had returned to normal.

He lowered his head and swept across the audience, revealing a disdainful look, "Huh, the mayfly shakes the tree and is overpowered. An ant is an ant, and no matter how many come, it is just an ant."

When the ugly master heard Ye Xingchen's words, he sighed heavily, extremely angry and painful, and closed his eyes, more helpless. There is no way, Ye Xingchen is too powerful, it is not something he can resist at all.

The only thing he can count on now is that Lin Ziming can come over in time.

But he knew that this possibility was not high.

Ye Xingchen sorted out his clothes briefly, and when he saw that his clothes were still stained with blood and dirt, he frowned deeply, especially annoyed! He is a person with cleanliness and cares about his own image. Now, his body is actually stained with the blood of these ants, which makes him very angry!

"Damn! You ants!"

Ye Xingchen said fiercely, and then, he frowned, he couldn't feel the breath of neon clothes, and she ran away!

Reading this, he became even more angry, and punched the wall next to him, directly punching a hole in the wall!

"Neon, I know you must still be here, you can't run! Now you come out quickly, otherwise, don't blame me for killing!"

Ye Xingchen's face was cold, and he said coldly toward the surroundings.

But the neon clothes did not come out, only the screaming and wailing voices of these men at the scene, Ye Xingchen's expression became even more ferocious, he thought for a while, and began to walk towards the ugly master, grinning, "You are Nishang's subordinate, just now She told you to hold me, you must know where she hid!"

Almost instantly, Ye Xingchen walked up to the Ugly Master, stepped on the Ugly Master's feet, staring at him condescendingly and said.

Ugly Master was in pain, but he was screaming, not even begging for mercy. He closed his eyes and even smiled, saying: "Ye Xingchen, you can't find Master Nishang, wait for her to return tomorrow. When your skill is restored, it will be your death date...Ah!!!"

Ye Xingchen violently used force, but the ugly master couldn't bear it, and finally screamed.

"This is looking for death!" Ye Xingchen looked terrifying, his eyes were full of murderous intent, and he stared at the ugly master fiercely, "I will give you one last chance, tell me, Nishang, this bitch, where is hiding, otherwise, I"

He didn't finish his words. Suddenly, from a loudspeaker in the corner, Nishang's voice came, "Ye Xingchen, you beast, dare to kill the same door! When I go back to the organization and tell the holy king, you are dead.!"
