

Chapter: 939

Lin Ziming's boxing technique is exquisite and suitable for close combat. It incorporates some Wing Chun skills, but it is not complete. The boxing speed is extremely fast and the strength is extraordinary. Each punch has tens of thousands of catties of energy, which can be described as terrifying. Even Ye Xingchen felt a lot of pressure.

With fists and arrows, Lin Ziming rushed to Lin Ziming and launched an overwhelming attack!

The corner of Ye Xingchen's mouth raised, revealing a joking smile, and said: "It's interesting, it seems that I underestimated you."

With that said, Ye Xingchen also began to counterattack. His boxing style is a kind of feminine style of play. Facing Lin Ziming's attack with all arrows, his main focus is on defense, like a quagmire, which can absorb Lin Ziming's fierce attack.

Lin Ziming immediately felt all his attacks hit the quagmire, and was also affected by Ye Xingchen, as if there was a whirlpool in front of Ye Xingchen, with an invisible resistance, buffering his strength. a lot of.

Lin Ziming knew that this was the brilliant point of Ye Xingchen's practice. No matter how fierce his offense is, Ye Xingchen can calmly resolve it, and it will last for a long time. Over time, his physical strength will be more than Ye Xingchen's. When it reaches a certain level, Ye Xingchen will make a fierce counterattack. At that time, he was defeated!

I have to say that Ye Xingchen is really an extremely strong person, and he is also the most powerful person Lin Ziming has encountered so far, Gu Xuan and Wu Meizi, in front of Ye Xingchen, unable to last two rounds.

Lin Ziming tried to crack Ye Xingchen's style of play, but several attempts were fruitless, and he even felt that his physical strength was consumed more. Ye Xingchen was like a whirlpool, constantly absorbing his physical strength.

Ye Xingchen laughed, "Lin Ziming, you are a wild species, that's all you can do? I can't even break my defenses, haha."

Lin Ziming didn't say a word, his mind was running frantically, and all exercises were flawed, and Ye Xingchen was no exception.

The damage caused by the two of them was great. After a while, the scene was completely messed up. Those who were originally lying on the ground also used the strength of feeding and hurriedly avoided far away, for fear of being hit by the pond fish. Up.

The Ugly Master was also moved aside with difficulty by his two subordinates. He stared closely at Lin Ziming and Ye Xingchen, very nervous. Suddenly, he regretted calling Lin Ziming, if Lin Ziming was not Ye Xingchen's. Opponent, then Lin Ziming was hurt by him.

It's because he didn't think thoroughly enough.

But at the moment, he can only put his hope on Lin Ziming, praying that Lin Ziming can show his power and surrender Ye Xingchen!

Bang bang bang bang...

Their fight was so fierce that they were going to surpass the one between Lin Ziming and Wu Meizi. After a while, they hit a small warehouse on the opposite side. In less than a minute, the entire small warehouse was demolished by them and collapsed. Bringing a huge movement, dust filled the sky, and their figures soon sprang out of the ruins.

At this moment, they are all injured, and they are no longer the glamorous image at the beginning.

Some blood oozes from the corner of Lin Ziming's mouth. He was punched by Ye Xingchen just now, and Ye Xingchen was kicked by him.

They stopped temporarily and looked at each other. Ye Xingchen looked down at a footprint on his stomach, his face was a little pale. Just now Lin Ziming's foot caused him a lot of damage, and his intestines were all hurt. The kick was broken, especially Lin Ziming's enthusiasm, running around in his stomach, and it took him a lot of effort to 'digest' this enthusiasm.

Lin Ziming got him a punch on the shoulder. He was dislocated at the time. When he was twisted, he took it back. Even so, he was also injured, which affected his strength.

The two of them stopped hand tacitly and quickly adjusted their state so as to strike a fatal blow to each other!

Ye Xingchen stared at Lin Ziming steadily, and said, "Ye Zhong, I underestimated you, and I didn't expect you to grow to this level! However, your good days are over, and today is your death date!"

His mouthful of wild species made Lin Ziming furious, and said: "Ye Xingchen, I heard that on the day your mother gave birth to you, your father didn't come here. Your mother doesn't know who your father is until now. Because the man who had a relationship with your mother at the beginning was like there are so many stars in the sky, that's why I named you a "star". Tsk tsk, Ye Xingchen, no wonder you often talk about wild species, feelings are your own. The biggest wild species, there are as many wild fathers as there are stars in the sky."

Lin Ziming's words were too vicious. Ye Xingchen exploded immediately after hearing this, and shouted, "Lin Ziming, you are going to die!"

Anger attacked his heart, and he couldn't take care of recuperating, so he wanted to kill Lin Ziming with a palm.

Lin Ziming sneered at him when he saw his anger and depravity. Now he has recovered, and Ye Xingchen was disturbed by his anger, and he was definitely not his opponent because of the ups and downs.
