

Chapter: 940

Ye Xingchen's technique is very subtle, but it is not flawed, and Lin Ziming already has a way to deal with it.

Through the fierce battle just now, Lin Ziming has probably figured out Ye Xingchen's routine.

Ye Xingchen's style is equivalent to a non-Newtonian fluid. The greater the external force it receives, the harder and more indestructible it is. Some non-Newtonian fluids with strong enough properties can't even be penetrated by bullets. On the contrary, if the external force is smaller, the non-Newtonian fluid will be softer, and it can be pierced easily. This is a wonderful thing.

Therefore, the fiercer Lin Ziming's offense was, the more relaxed Ye Xingchen was, and the more he could not break Ye Xingchen's defense, he was consumed alive in the end.

Fortunately, Lin Ziming was smart enough, and he quickly found a way to deal with it, so he had just been able to injure Ye Xingchen.

Now he can't take the initiative, but has to become passive. In this way, Ye Xingchen will not be able to show the exquisiteness of his practice. On the contrary, he can copy Ye Xingchen's practice!

Ye Xingchen grew up in the Luo Tian organization, and thought from the bottom of his heart that his blood was noble and was the descendant of the gods in this world, and Lin Ziming was just a mortal, even if he broke through to the congenital realm, he was also an ant. The gap between him and Lin Ziming is like a prince and a beggar!

But now, he was actually insulted by an ant, which is absolutely unacceptable to his arrogant character!

His movements were very fast, almost instantaneously, he had crossed a distance of seven or eight meters to reach Lin Ziming, and then punched him. His fists and feet were no longer feminine, but fierce and unparalleled. He did not hesitate to consume his own. Physical strength, you must crush Lin Ziming with a force of destruction, put Lin Ziming's face under your feet, and humiliate you!

Lin Ziming faced Ye Xingchen's attack, he also felt pressure. In any case, Ye Xingchen was a realm higher than him, and it took longer to enter the innate realm. The experience gap here is not so easy. Wiped out.

"Good come!" Lin Ziming laughed loudly. At this moment, he was full of heroism. His black hair was actually erected, and his clothes were blown up by his momentum. In an instant, his image of people suddenly increased a lot. , Seems to have grown a few meters tall out of thin air, becoming a giant. Of course, this is an illusion, but Lin Ziming's aura is constantly rising.

Now Lin Ziming has entered a state of excitement. It is rare for him to meet an opponent like Ye Xingchen, and he wants to fight Ye Xingchen well.

When it was said that it was too late, Ye Xingchen began to make a move and launched a fierce attack on Lin Ziming.

Lin Ziming didn't have any hard work, but started to defend. He actually copied Ye Xingchen's set and absorbed all Ye Xingchen's fierce attacks.

It's just that he seemed a little rusty at the beginning. Several times he almost didn't defend Ye Xingchen, and was almost broken by Ye Xingchen's defense. Fortunately, his reaction speed was very fast. After more than a dozen moves, he mastered the skills. There seemed to be an additional whirlpool in front of him, absorbing all Ye Xingchen's attacks.

Seeing this scene, Ye Xingchen opened his eyes instantly, and shouted in horror: "This is impossible!!"

Lin Ziming smiled, "There is nothing impossible, Ye Xingchen, you are nothing but that."

To tell the truth, Ye Xingchen was shocked now, he was really shocked by Lin Ziming!

You know, his whirlpool technique is one of his tricks. At the beginning, he had been cultivating for several years before he became proficient. But now Lin Ziming just tried his tricks, so he learned his tricks? Moreover, after the display, except for the unfamiliarity at the beginning, it was completely smooth afterwards. How can this not shock him!

Even, he had a trace of fear and deep jealousy. He realized that Lin Ziming's fighting talent was abnormally strong, and he could copy the opponent's skills in battle, which was extremely difficult.

But now Lin Ziming has done it...

For a time, Ye Xingchen's killing intent on Lin Ziming became even greater. Such a person could never let Lin Ziming grow. He must kill Lin Ziming once and for all.

Lin Ziming felt Ye Xingchen's sudden increase in killing intent, and he sneered. Ye Xingchen wanted to kill him, so why didn't he want to kill Ye Xingchen?
