

Chapter: 951

Ye Xingchen's body shook severely. He was going crazy, clenched his fists, pinched his nails into his skin, stared at Lin Ziming, and said, "You are enough. That's it! I am also..." With a snap, Lin Ziming kicked him in the face without waiting for him to speak, kicking him out.

"Crack noise, I won't say what I said a second time." Lin Ziming stared at him coldly. For people like Ye Xingchen, he doesn't need to be kind at all. Over the years, he has understood a truth. Be kind to the enemy is right. He is cruel, so he wouldn't do such a thing.

Moreover, if it weren't for Nishang to make sacrifices, double repair with him, and reverse the battle, then their fate would only be worse, and Ye Xingchen would torture them a hundredfold.

Ye Xingchen roared in his heart, and he was suffocated to the extreme. He regretted it now. He had known that he was not so arrogant. He would deal with Lin Ziming himself. He would report it to the organization from the beginning and let the organization send someone over. Okay!

His body was trembling violently, and he wanted to fight Lin Ziming desperately, even if it was death! But he didn't have the guts at all, because he didn't dare, he was very afraid of death, he was only thirty-five years old now, and he still had a good life, he didn't want to die like this.

Therefore, he had no choice but to come over again, kneel down to Lin Ziming again, and began to kowtow to Lin Ziming, "Lin Ziming, please have a lot of it, please let me go this time, from now on, I When I see you, I will retreat and never dare to be your enemy again. If you violate it, the sky will thunder and you will not die!"

He swore a poisonous oath.

However, Lin Ziming didn't speak. He raised his head and saw Lin Ziming looking at him condescendingly, especially the disdain, joking, and mocking eyes that directly exploded his mind.

Most importantly, Lin Ziming's eyes flashed with cold murderous intent, and he had no intention of letting him go. All that Lin Ziming did now was just humiliating him.

He lowered his head again, lost his mind, he was going to kill Lin Ziming! ! ! This kind of strong hatred and anger directly concealed his reason, so that he was not ready, so he hurriedly shot out, took out a few darts on his body, and threw it at Lin Ziming, repeating his skill.

These darts are highly poisonous, he doesn't believe it, this time Lin Ziming was poisoned, and Nishang still has enough extreme Yin power to detoxify him!

"You die for me!!"

He yelled out hysterically.

The speed is not slow.

However, after Lin Ziming suffered a loss, he was already on guard. In addition, this time he took a hasty shot and exposed many flaws. Lin Ziming discovered it in advance and easily dodged it.

And while still in the air, he intercepted a dart and stuck his backhand on Ye Xingchen's chest.

Ye Xingchen stepped back and fell to the ground. He clutched his injured chest, panicked and horrified completely, "I was poisoned, I was poisoned... Damn Lin Ziming! You damn wild species! !!!"

Lin Ziming looked at him coldly, "Now I know the fear? I will let you taste the taste of this poisoning."

"No, I can't die! I have an antidote..." He hurriedly took out a medicine bottle from his body, and was about to swallow it, but was quickly snatched by Lin Ziming.

When his antidote was robbed, he became even more panicked, and grabbed Lin Ziming, "You return the antidote to me!"

Lin Ziming kicked him away, opened the medicine bottle, and took the antidote inside. Throw it away one by one.

At this moment, Ye Xingchen began to attack his heart with poison, and he started to go crazy, "Lin Ziming! Give me the antidote! I am respected by the guardian of the Eastern Region, and I have a noble status and a high position. You can't kill me!!"

"Lin Zi Ming, you are just a pariah, you cannot kill me, you are not qualified to kill me, you return the antidote to me, or the Luo Tian organization will definitely punish you, catch you back, throw you into the Snake Valley, and torture me!"

"Lin Ziming, I beg you, return the antidote to me, I don't want to die..."

"I beg you, I can't die, oh oh oh..."

Ye Xingchen is completely devoid of his usual arrogance and arrogance, now he is completely crazy, and finally knelt in front of Lin Ziming, constantly kowtow. Like a dog, constantly begging Lin Ziming for mercy.

Of course, it was impossible for Lin Ziming to spare him. In the end, Lin Ziming slapped his heavenly spirit cover with a palm, ending his life.

Ten minutes later, Lin Ziming dug a pit, buried Ye Xingchen in it, turned and left, and returned to the headquarters of Chou Ye.
