Chapter: 953

And Lin Ziming at the door, when he heard the name Ning Yuning, he couldn't help but be stunned. Isn't this the female star of Heiyan Media? Ning Yuning really admires him.

Especially when he saw the heartbeat on Chu Fei's face, who seemed to be a fan of Ning Yuning, he felt even more weird.

Chu Fei thought for a while and said, "Well, can I take one more person to dinner?"

Zhu Xinghai nodded generously and said, "No question, as long as it is your friend, Ms. Chu, I welcome it."

And the woman just now asked curiously: "Feifei, who do you want to bring over?"

The gazes of several other people were placed on Chu Fei's face.

A light of happiness appeared on Chu Fei's face, and she smiled and said, "I want to take my husband there."

"What?" The woman was shocked immediately, and Zhu Xinghai was also stunned, and then frowned deeply.

The other three were also surprised, especially Zhu Xinghai, who was obviously a little unhappy.

Today, he rushed to Chu Fei under the introduction of a friend. When he first saw Chu Fei, he was so surprised and satisfied with Chu Fei, but now, Chu Fei actually said that she was married.?

Chu Fei smiled and said, "I have been married for five years. The wedding was not grand back then, so I won't tell you."

"Really?" The woman said, "Then what does your husband do? You are now the boss of the group. Your husband must be a great person too, right?" When Chu Fei mentioned Lin Ziming, there was a gleam in her eyes, and she nodded, and said, "He is the chairman of Ziqiong Media, Peng Yue Advertising, and Aegis Security. If it's amazing, it's fine."

Hearing what Chu Fei said, all of them took a breath. Three of them involuntarily looked at Zhu Xinghai. They were very sympathetic. Since Chu Fei's husband is so big, then Zhu Xinghai has no chance. That's it.

After Zhu Xinghai listened, his face was not good-looking, he wanted to use a smile to hide his unhappiness, but he still couldn't do it, and smiled

reluctantly.

"It turns out that your husband is so powerful. Ziqiong Media is a big company, and its market value is almost breaking tens of billions! Feifei, you are so lucky!"

"Yes, Feifei, the chairman of three big companies, with a net worth of at least tens of billions. I envy you too much!"

Both women expressed envy to Chu Fei and flattered them.

This made the two men particularly embarrassed, especially Zhu Xinghai, he was even more embarrassed.

"Feifei, you introduce your husband to us to meet you, we don't even know a big boss of this level."

Chu Fei listened to the envy and flattery of the two of them, she was still very happy, nodded, and said, "Okay, I will call my husband later and let him come over."

Lin Ziming at the door, listening to their conversation, touched his nose, couldn't help but laugh.

However, at this moment, two waiters walked over with frowning brows, and their faces were not pretty. After coming over, they shouted to Lin Ziming: "Go out, you can't come in here."

Obviously, they all regard Lin Ziming as a beggar.

It just so happens that their voices are not small, attracting the eyes of many customers in the clothing store, among them Chu Fei's.

When Chu Fei saw him, she was stunned and called out in surprise: "Ziming? Why are you here?"

After speaking, she walked towards Lin Ziming.

Lin Ziming sighed horribly, and Chu Fei discovered it, which was a bit embarrassing now.

At the same time, the four people who were walking with Chu Fei also looked over.

When they saw Lin Ziming's ragged clothes, unkempt appearance, and no shoes, he looked like a beggar on the street, they couldn't help frowning, showing contempt and disgust.

"Feifei, who is this?"

Chu Fei was also a little curious about how Lin Ziming could be like this, but she didn't dislike it at all. She held Lin Ziming's arm intimately, and said with happiness: "You don't want to know my husband, he is."

Hearing this, the four of them were dumbfounded in an instant, with wonderful expressions.

And Lin Ziming also laughed bitterly, helplessly.
