

## Chapter: 973

Seeing her like this, Lin Ziming immediately became fierce and couldn't help holding Chu Fei's small waist. He smiled and said, "Fei Fei, you are so beautiful. I can marry you and I have accumulated virtue in my previous life."

Chu Fei was also exasperated when she heard it, but Lin Ziming's hand was walking around her waist, which made her very shy. Although they were in the corner box and everyone else had left, her face was thin and she was still embarrassed. She quickly slapped Lin Ziming's paws away, and scolded, "Put your hands honestly, it's itchy."

Lin Ziming laughed twice and said, "I can't help it."

After what happened just now, the three of Lu Guyun are now embarrassed to stay. They also said a lot of Lin Ziming's bad things just now. They were afraid that Lin Ziming would settle accounts with them. After Zhu Xinghai got out, they also left in a desperate manner. Now, in this box, Lin Ziming and Chu Fei are left alone, and they can be regarded as their small two-person world.

They are only now enjoying the warmth of this dinner. At this time, Chu Fei said, "In fact, Ning Yuning really likes you."

Lin Ziming's words that came out of her suddenly scared Lin Ziming, and said quickly: "Feifei, I swear, really..."

"Listen to me first." Chu Fei interrupted him angrily, "I don't blame you again, why are you so nervous all the time?"

"Really?" Lin Ziming asked with some uncertainty.

Chu Fei gave him a blank look, and was too lazy to talk any longer, but seriously said: "Or, you have taken Ning Yuning away, right?"

"what?"

Lin Ziming was stunned, but he couldn't react for a while to come to Chu Fei to say that he was serious, or was fishing.

"You understand, don't pretend to be less." Chu Fei pinched him gently and said.

Hearing this, Lin Ziming became even more bewildered, "Feifei, what do you want to say?"

Chu Fei took a deep breath, and then said seriously: "I mean, you might as well take Ning Yuning? I think Ning Yuning is pretty good."

Now Lin Ziming finally understood what Chu Fei meant, but after he understood, he couldn't help taking a breath, "Chu Fei, do you know what you are talking about?"

Chu Fei smiled, blinked and said, "Of course I know, I'm asking my husband to accept another woman."

Lin Ziming became even more daunted. Even if he and Chu Fei had been married for so long, he still couldn't understand why Chu Fei could only say

this sentence. It was totally unreasonable.

Seeing Lin Ziming's stunned and unbelievable look, she held Lin Ziming's hand and said more seriously: "Ziming, I mean it, if you are also interested in Ning Yuning, it's better to accept it."

Lin Ziming finally understood that Chu Fei was not joking, nor was it fishing, but serious. Chu Fei was really suggesting that he should take Ning Yu condensed!

He couldn't imagine why Chu Fei had such an idea. He even doubted whether Chu Fei had something wrong.

"No!" Lin Ziming said categorically.

To tell the truth, Lin Ziming accepted a Tao Sanniang, which is enough to be sorry for Chu Fei. If he accepts another Ning Yuning, he really can't do it. Chu Fei opened her mouth to say more, and was immediately rebuked by Lin Ziming, "Needless to say, this matter is not negotiable, I can't accept Ning Yuning."

"Okay..." Seeing Lin Ziming's resolute attitude, Chu Fei had to hold back the next words.

Lin Ziming showed a smile now, but unfortunately he didn't even see it. When Chu Fei was snuggling in his arms, when she lowered her head, a deep sadness flashed in her eyes, as well as reluctance...
