

Chapter: 974

Another month passed in a flash. During this month, Lin Ziming recovered his calm days. Except for occasional practice, he spent most of his time with Chu Fei.

After the incident at the Alice Western Restaurant that day, Chu Fei's behavior became a lot more abnormal, often blowing air in his ears to make him think more about Ning Yuning, which made Lin Ziming very helpless.

Sometimes he couldn't figure out what Chu Fei was thinking about. How could such a wife ask her husband to find a mistress outside. If it wasn't because she was convinced that Chu Fei's intelligence was normal, he would doubt it. Is Chu Fei brainwashed by Ning Yuning?

But other than that, Chu Fei also became very enthusiastic. After changing her shy and reserved style, they had loved each other no less than a hundred times in the past month. It would be a bit overwhelming if she changed other men. But to Lin Ziming, it was just a trivial matter.

Now his realm has been consolidated in the fourth stage of the innate realm, and his physique has reached an unimaginable level.

However, Chu Fei was a little overwhelmed. She was exhausted every time, and she didn't have the strength to move.

Lin Ziming felt something was wrong with Chu Fei, but he couldn't tell what was wrong.

He vaguely felt that Chu Fei seemed to be trying to catch something, and it seemed to be burning.

Lin Ziming is a very keen person. Chu Fei's abnormal reaction will definitely arouse his suspicion. Therefore, he has given Chu Fei his pulse several times, but he has not found any physical problems with Chu Fei. At the same time, he also asked, Chu Fei was also good.

So later he didn't have any doubts, and thought that Chu Fei might have been married for a long time, and let her release her nature more and more.

As for the company, Lin Ziming also let go of his hand completely and handed it over to Wang Shougui and Han Jinlong to manage. They also hired a professional team to make it sound and colorful.

Especially with Lin Ziming, a super boss, the business of the three companies is getting better and better, and there are more and more deposits in Lin Ziming's account.

Lin Ziming didn't care much about money, anyway, for him, no amount of money had become a bunch of numbers.

There was also Ning Yuning. She called Lin Ziming, invited Lin Ziming to dinner, and offered to give Lin Ziming tickets for the concert, but Lin Ziming did not agree and refused with other excuses.

In any case, he still has to keep a good distance from Ning Yuning.

And Tao Sanniang returned to Yuntian Pavilion again, because of Lin

Ziming's relationship, he was promoted directly, and his status was only under Fan Lao.

The thing that worries Lin Ziming most is the Luo Tian organization!

It has been a month since he killed Ye Xingchen. During this period of time, he seemed relaxed and comfortable on the surface, but in fact, he was always on guard.

After all, Ye Xingchen was not a small person like Lu Dongbin. He was beaten to death and the impact was quite large.

However, what surprised him was that there was actually no movement. The huge Luo Tian organization seemed to have no idea about this. One month passed, and no one came to him.

He asked the clown halfway through, and the clown also expressed his surprise. Even the clown was ready, and he was ready to slip away whenever there was a turmoil.

But as a result, there was no movement.

Lin Ziming soon realized that most of the neon clothes had suppressed this matter!

In this way, he owed Nishang another favor.

When he thought of neon clothes, he couldn't help but remembered that in the secret room that day, there was a spring breeze with neon clothes.
