

Chapter: 977

In an instant, everyone on the scene looked towards the door, and immediately saw five people appear. Walking in front was Lin Ziming, who had changed his casual clothes. He looked like an ordinary white-collar worker in the training hall. Compared with these high-powered soldiers, the difference is quite big.

The dozen or so soldiers of the fourth group saw Lin Ziming, and immediately showed an expression of excitement, feeling saved, and surrounded them one after another.

“Instructor, great, you are finally here!!”

“Instructor, you are here at the right time, so hurry up and show the color of this group of fangs!”

“Yes, instructor, you must not let them go, they just called you rubbish!”

“This is all right, the instructor is here, these three guys in the Fangs team will be severely taught!”

Their faces became excited, and they looked at Lin Ziming closely, they had absolute confidence in Lin Ziming.

After this period of coaching, they were completely convinced of Lin Ziming, and they recognized Lin Ziming’s strength from the bottom of their hearts. They believed that if Lin Ziming played the role, the three Fangs group in front of them would definitely be severely affected. Lessons.

Especially for the big cow who was stepped on by Changfeng, he saw Lin Ziming’s arrival, and his tears flowed with excitement, just like a primary school student who was beaten and he saw his parents. I hope that the parents can help him find his place and avenge him.

Lin Ziming walked in and saw the dozens of soldiers with blue noses and swollen faces, and some of them suffered internal injuries. He frowned and said in a deep voice, “You still have the face to complain to me? How do I teach you?”

When they heard Lin Ziming’s words, they all bowed their heads in shame, and didn’t dare to refute them, feeling very embarrassed.

However, there were still some people who were not convinced, muttered in a low voice, and said, “It’s not that we didn’t use it, but that the other party came from the Fang team...”

His words aroused the agreement of other people, “Yes, the Fangs group is the third place in Xuanyuan, the most powerful group, and the people in it are abnormal.”

Lin Ziming’s face sank directly when he heard this, making him even more ugly.

“Gao Teng! Bai Yong!” Lin Ziming called out two names, it was the two people who were whispering just now. After they heard it, their faces immediately became straight, reflexively stood up straight, and stood out.

“Have!”

“Have!”

Lin Ziming stared at the two of them with a cold face, “A thousand push-ups, perform them immediately!”

After they heard it, their faces became bitter, and they begged for mercy:

“Instructor, we are hurt...”

“Instructor, please...”

In their current state, they really can't do a thousand push-ups, especially in front of the three people in the Fangs group, they really don't want to lose that face.

Lin Ziming's eyes widened, his aura exuded, full of majesty, “Huh? Are you defying my orders?”

They felt Lin Ziming's anger, and immediately shuddered, shook their heads quickly and said, “Don't dare!”

Then, they all lie down and do push-ups honestly.
