

## Chapter: 979

Hearing Lin Ziming's words, the dozen or so soldiers of the fourth team were impatient. They called Lin Ziming over, just for Lin Ziming to take action and teach them three well, so that they could avenge them!

But as a result, Lin Ziming actually counseled himself first, which made them extremely uncomfortable. But no matter how uncomfortable they were, they didn't dare to say a word, because they knew Lin Ziming's character.

Lin Ziming wasn't afraid, but after he understood what happened, it was indeed difficult to intervene, because fights often occurred between different groups of this kind. As long as the nature was not very bad, they were tacitly approved.

Just like today, the dozen or so soldiers of the fourth team were abused by the three soldiers of the Fang team. There is nothing to say. The pure skills are not as good as humans. If he serves as an instructor to teach the three soldiers of the Fang team, It's a bit bullying.

He still didn't want to do this kind of thing. After all, he was an instructor, and the three opposite were students. If he really did it, in his opinion, it would be no different from an adult bullying a child.

However, his bet fell in the eyes of the three of them, and it turned into an acknowledgment and weakness.

All three of them suddenly laughed.

"Hahahaha...I really laughed at me!" Changfeng laughed loudly, "When I was on a mission outside, I heard a master coming from the base, and by my own efforts, he abused the fourth team. All of them, I originally thought they were masters, but I thought they were also rubbish! Also, the fourth team in itself is rubbish. Our Fangs team can do it by just one person."

Qing Lang also smiled very happily, and Yin and Yang said strangely: "Chang Feng, don't say it so absolute. Although the fourth group has a lot of rubbish, there are still some who can fight anyway, and there are a few masters of the acquired peak. Nothing. Quasi, the instructor in front of you is a real master, and when he takes a shot, the three of us will be beaten to the ground, hehe."

In contrast to his strange yin and yang, the fire is going to be more direct. He gave Lin Ziming a thumbs up, and then down, just uttered a few words: "You are also rubbish."

Arrogant!

Unspeakable arrogance.

Their arrogance is from the bottom of their hearts, and they fully despise the fourth group, just like the cultural people in the city, watching the poor people who have studied in the countryside, sincerely discriminating.

Even if it was Lin Ziming, they still discriminated against, and they didn't put Lin Ziming in their eyes at all.

Lin Ziming felt it instantly. To be honest, it is impossible for him to say that there is no fluctuation in his heart. Anyway, he is also an instructor, and his position is higher than these people. They should respect him.

When they saw Lin Ziming being said so, they still didn't react, and looked at Lin Ziming's eyes with even more disdain.

Including the dozen or so soldiers in the fourth group, now they are also beginning to wonder if Lin Ziming is really afraid of the three of them.

Even in my heart, there was some suspicion and dissatisfaction towards Lin Ziming, thinking that Lin Ziming had suddenly become so weak and looked down upon him.

However, at this moment, Lin Ziming looked at the three of Changfeng, Lihuo, and Qinglang, smiled suddenly, and said, "Seeing what you mean, is that I am confident in my own strength and think that I am also rubbish, not your opponent? "
