

## Chapter: 980

As Lin Ziming said these words, immediately, the atmosphere of the audience changed slightly. The dozen or so soldiers behind Lin Ziming began to become excited. They followed Lin Ziming for a while, facing Lin Ziming. Ming's character has a certain understanding, knowing that when Lin Ziming said these words, it means that Lin Ziming is starting to get angry, and Lin Ziming is angry and will definitely make a move.

Generally speaking, they still believe that Lin Ziming can defeat the three of Changfeng, Lihuo, and Qinglang.

After all, Lin Ziming is a master of the innate realm.

But for the three of Changfeng, Lihuo, and Qinglang, they didn't have Lin Ziming in their eyes at all, and Changfeng smiled playfully, "You are quite self-knowing. Also, you taught this bunch of rubbish. People, where can you be so good?"

The green wolf said: "After the long wind, you can accept it when you see it, and when someone goes to the Sun's place to file a complaint, it is not good for us to bully the young with big teeth."

Chang Feng said twice with haha, "That's true, there is no need to be knowledgeable about rubbish."

After speaking, he let go of Daniel, kicked him towards Lin Ziming, and said with a contemptuous expression: "Your garbage is returned to you."

The fire also put Liu Feng under his feet, showing extreme contempt for Lin Ziming.

"stop."

Lin Ziming spoke. How could he let these three people leave now? Not to mention his loss of face in the three places of Xuanyuan, even if he is an instructor, it is necessary to stand out for this group of soldiers, otherwise, what instructor is he worthy of?

Hearing what he said, Changfeng, Lihuo, and Qinglang stopped and turned around, looking at Lin Ziming with a smile but a smile. Chang Feng said, "Oh, why are you not convinced?"

Lin Ziming's face was cold, and he walked slowly over, helped Daniel and Liu Feng up, and while helping them to wipe the blood and dirt off their faces, he asked concerned: "Are you wrong?"

Feeling Lin Ziming's concern, the eyes of the two big men flushed suddenly, and Daniel said with a shame: "Instructor, I'm sorry, I'm ashamed of you."

Liu Feng was also very ashamed, "Instructor, we are ashamed of you."

Lin Ziming was originally a little angry. These two guys don't usually train hard. Now that they look so ashamed and uncomfortable, he can't get angry anymore. He patted them on the shoulder and said, "Train well in the future. Just get the place back."

They all nodded vigorously, and after being determined, they must train well

and return all of today's humiliation!

Next, Lin Ziming turned his gaze on the three of Changfeng and said in a deep voice: "You three, you must apologize to them, otherwise, don't blame me for bullying the small, and teaching you on behalf of your instructor."

"Hahaha...I heard something wrong, right? It's up to you to bully the big and the small?"

"You laughed so hard at me. Just relying on you, a businessman, want to teach us? It's not that I despise you, do you have this ability? Ah?"

"Rubbish is rubbish, this fourth group is not just student rubbish, even the instructor is rubbish!"

They seemed to have heard a huge joke and ridiculed Lin Ziming wantonly, very rampant.

At this moment, in the training hall, there were slowly more people from other groups. Seeing this scene, they all started to talk and give pointers. They recognized the three of Changfeng and them, who were members of the Fangs group, and showed awe, but to Lin Ziming, they didn't know much about it. In fact, every time Lin Ziming came to Xuanyuan three places, he was too low-key. Except for training the soldiers of the fourth group, there is no other time to come out, so not many people know him.

"Hey, aren't these three soldiers from Fang Fang? Why are they here?"

"Chang Feng, Agni, Blue Wolf, but celebrities, powerful, and have completed many difficult tasks!"

"I just heard the message that a dozen soldiers in the fourth team were abused by all three of them. Now, I have found their instructors to come and take revenge?"

"Huh? No, this kind of thing happened? I heard that the instructor of the fourth group is a strong man. At the beginning, one person abused everyone in the fourth group. The strength is terrifying! Now the three members of the Fangs group, It is estimated to be beaten."
