

## Chapter: 987

When they saw the expressions of Changfeng, Qinglang, and Lihuo, they all began to realize that this was true, but the more they were like this, the more they felt incredible. Liu Bufan, as the instructor of the fourth group, they knew him. It's just a coward, and the same virtues as the mobs in the fourth group. Even in terms of personal strength, Liu Bufan can beat any of Changfeng, Qinglang, and Agni, but if it's the trio of Changfeng, Qinglang, and Agni. If you go together, Liu Bufan will no longer be your opponent!

Besides, with Liu Bufan's cowardly character, how dare to fight the Fang team?

Chang Feng sighed heavily. Now he is also full of aggrieved face. Just now, he was taught a lesson by Lin Ziming in front of so many people. It was really embarrassing. However, he also had to be in awe of Lin Ziming now. Lin Ziming's cultivation level was really terrifying.

"It's not Liu Bufan, but a new instructor named Lin." Chang Feng said bitterly.

When the other Fangs team heard this, they couldn't help but stunned, "Not Liu Bufan?"

"What the hell, the fourth team has a new instructor?"

"Just the rubbish group, it has dragged down the level of our Xuanyuan three places for a lifetime, and someone will go to them to be instructors?"

"What is the origin of this new instructor, who can beat the three of you like this?"

"But the three of you are all injured. Believe that the new instructor must have been seriously injured, right?"

"Hey, Changfeng, Green Wolf, Agni, the three of you, didn't you kill the new instructor?"

They all began to tease, thinking that the new instructor of the fourth group was definitely not the opponent of the Changfeng trio, but unexpectedly, Qinglang came out and made them all stunned again, "The instructor of the fourth group, Unharmful, in front of him, the three of us are fragile like a piece of paper, completely and vulnerable."

In Lihuo's eyes, there was a deep fear and awe. He felt the most profound about Lin Ziming's strength, especially in Lin Ziming's hands, completely immobile, which was deeply engraved in his mind for a lifetime. Can't wipe it off! !

Chang Feng also lowered his head, he was actually beaten by Lin Ziming just now.

Finally, the people in the other Fangs group came back to their senses, and they were all shocked, "Damn! Really!?"

"What's the source of this new instructor, who is so powerful in his hands?"

"The three of you are bragging!"

“That’s right, how could such a powerful person be an instructor in a rubbish place like the fourth group?”

They all expressed their disbelief, but when the three of Changfeng, Qinglang, and Lihuo told the story, they were completely shocked.

At this moment, a loud voice came in from the outside. When Guteng saw this man, his face was straightened, his body straight, he saluted suddenly, and shouted: “Instructor!”

The person here is no one, but the instructor of the Fang Team.
