

## Chapter: 988

The other members of the Fang group also stood up immediately and saluted solemnly, their eyes full of enthusiasm and respect.

If you want to talk about the entire Fangs group, who is the most admired and respected person, then it must be the middle-aged man in front of him, the instructor of the Fangs group, Zhao Xia, the great master of the Innate Realm, and the famous short guard. It can be said that the reason why the Fangs team is so powerful is entirely made by him.

He was very big, nearly two meters tall, and he was wearing the Xuanyuan three uniforms. He looked particularly mighty and domineering. At first glance, he knew that he was not a mortal. Now he is a dusty man, he has just returned from the field, and he is in his uniform. , You can see some dirt, as well as a little bit of blood that has dried up, adding to his slaughter and fierceness.

The most shocking thing was that he was holding a round package in his hand. On the zipper, he could also see a few drops of blood. As a member of the Fang team, he immediately knew what was inside.

With a little fatigue between Zhao Xia's eyebrows, he casually threw the package to Che Hong, a member of the Fang team, and said, "This is the head of Kamifune Ichiro. Give it to him, and I will rest. "

Hearing the name Shinfune Ichiro, everyone in the Fangs group immediately became energetic, excited, and the enthusiasm in their eyes became more intense!

Kamifune Ichiro, not an ordinary person, but a master of the Innate Realm of the Sun Kingdom, and has reached the third stage of the Innate Realm. It can be said to be very powerful, especially the swordsmanship of Kamifune Ichiro. To an unbelievable point, in the past few years, I don't know how many talents from Xuanyuan Three Places died in the hands of Shen Chuan Ichiro!

Many masters have no idea what to do with Kamifune Ichiro, but now, Zhao Xia actually took the head, which is really exciting!

For a while, their admiration for Zhao Xia grew stronger.

"Yes! Instructor!" Che Hong saluted Zhao Xia again, and then took the package with both hands.

At this moment, Zhao Xia's gaze swept across Changfeng, Qinglang, and Lihuo and found that they were injured. He frowned and said, "Aren't you three on vacation? Why are you injured? "

"This..." Chang Feng froze immediately, not embarrassed to say.

Qinglang and Agni also lowered their heads. As the top of the Fangs group, they were abused by the instructor of the fourth group. They were really embarrassed to say it.

Zhao Xia frowned, and commanded with majesty: "Say!"

“Yes!” The three of Changfeng were afraid of Zhao Xia in their bones, their bodies shook, and they didn’t dare to hide it anymore. They quickly said what they had just done.

Including the ins and outs and how Lin Ziming abused them, there is no concealment. After Zhao Xia listened, his pupils suddenly shrank and surprise appeared on his face. Then he directly lifted the clothes of the three Changfeng people and watched. When they reached the footprints on their chests, they narrowed their eyes, and said: “The masters of the third stage of the Innate Realm, you are not a loser.”

“what?!”

All the people in the Fangs group were shocked after hearing it, and they did not expect that the new instructor of the fourth group is actually such a strong one!

At this moment, the three of Changfeng, Qinglang, and Lihuo had lingering fears. They actually humiliated a top powerhouse in the third stage of the Innate Realm just now. Fortunately, this was in the third place of Xuanyuan. Otherwise, they would probably be dead.

However, they knew the identity of Lin Ziming, and now they were a little relieved. They were terrifying existences in the third stage of the Innate Realm. No wonder they were abused.

A thought-provoking smile appeared at the corner of Zhao Xia’s mouth, and her pupils flickered with anger, and said: “It is interesting to think that there is also a master in the trash area of the fourth group.”

When other people saw Zhao Xia’s expression, they immediately became scared. They had been with Zhao Xia for many years and knew Zhao Xia very well. Once they showed this expression, they were angry.

“Chang Feng! Green Wolf! Fierce Fire!” Zhao Xia suddenly scowled.

“Have!”

“Have!”

“Have!”
