

Chapter: 989

Changfeng, Qinglang, and Agni straightened their waists and responded loudly.

Zhao Xia's cold gaze crossed the three of them, and said, "Do you feel humiliated?"

"Yes!" the three of them shouted in unison.

"Is there any determination to take revenge?"

"Have!"

"Okay, let me go to the fourth group. I want to see what this new instructor has three heads and six arms, who dare to move my fangs group!" Zhao Xia said coldly, his tone full of majesty and anger.

The three Changfeng people immediately became excited, nodded vigorously, and then followed Zhao Xia stride towards the fourth group.

Zhao Xia's height is close to two meters. No matter where he goes, he is very eye-catching. After he appeared, many people immediately spotted him, and he was followed by Changfeng, Green Wolf, and Agni. I understand what's going on.

"I'm not mistaken, didn't the instructor Zhao Xia of the Fangs team go to the Sun Nation to perform the mission? How come back early? He still looks fierce, which is not long-eyed, which offends Zhao Xia?!"

"Could it be that the Dragon Blood team is engaged with the Fangs team again? That's really a fight with the gods."

"Nonsense, let Zhao Xia take the shot himself, look at the three places in Xuanyuan, who else besides the Dragon Blood team? Could it be our four ordinary teams?"

"Cut, you just don't know what happened just now! This Zhao Xia must be trouble with the new instructor of the fourth group!"

"The fourth group? Impossible, right? The fourth group is the most rubbish existence in the three places in Xuanyuan."

"You don't know. Just now, Changfeng, Qinglang, and Agni were abused by the new instructors of the fourth group. Zhao Xia is a famous short-guard. This will definitely find the place back."

"I remember. Last month, this new instructor came to coach and said that he abused all the guys in the fourth group. I didn't believe it at first. From this point of view, it must be true.!"

"That's for sure, this new instructor is a little capable, anyway, this time there is a good show..."

More and more people were alarmed and followed Zhao Xia to the fourth group.

At the same time, in the building building in the other direction, there were several members of the Dragon Blood Team. They were all interested when they saw this scene.

“It’s kind of interesting, I actually shocked Zhao Xia. It seems that the new instructor of the fourth group is going to be out of luck.”

“That’s not necessarily the case. People are experts who abused Changfeng, Qinglang, and Agni with ease, so Zhao Xia is about to kick the iron plate this time.”

“Cut, how is this possible? Zhao Xia is an extremely strong person in the third stage of the innate realm. Looking at the three places of Xuanyuan, the instructor of our dragon blood team can break the wrist with him. The new instructor of the fourth team is even innate. A master of the realm must not be Zhao Xia’s opponent.”

“That is, if the new instructor is really that good, Chief Sun will not let him coach the fourth group of garbage.”

“Do you want to see it together? I won’t wait for you if you don’t.”

“Go, why not?”

When the voice fell, they all jumped directly from the window sill and walked in the direction of the fourth group.

As a result, a group of people walked toward the base of the fourth group mightily, with Zhao Xia taking the lead, aggressively.
