

## Chapter: 997

Liang Zhenghai also reflected where Lin Ziming said Yulong Bay was, and his face also showed a weird expression, thinking that Lin Ziming was bragging a bit too much this time. Yes, even Yulongwan said it.

Lin Ziming was too lazy to take care of Cheng Yuan, and said directly to Liang Zhenghai: "Why, even you don't believe me?"

"This..." Liang Zhenghai was a little embarrassed. He really didn't believe Lin Ziming, just Lin Ziming just now. In that performance, squatting in a corner, sweating profusely, holding a recruitment flyer for a dishwasher in his hand, saying that he lives in a tens of millions of Yulongwan villas. He can believe that there are ghosts.

However, he is not easy to say this. After all, he still respects Lin Ziming, and he laughed twice. Instead of piercing Lin Ziming, he said, "Brother Lin, Yulong Bay is quite far away. I think you too There is no need to go back. I just happen to have a suit in my car. You should be able to wear it. We don't want to be close and farther away. What do you think?" Lin Ziming sighed inwardly when he saw Liang Zhenghai like this. Liang Zhenghai's character has not changed, he is still so considerate of others.

"Okay." Lin Ziming nodded and agreed, lest Liang Zheng could do it at sea. When Cheng Yuan saw this scene, he laughed even more disdainfully, thinking that Lin Ziming was just pretending, and he still didn't pretend horizontally, so he laughed to death.

After a while, Lin Ziming changed into Liang Zhenghai's suit in the car. Fortunately, Liang Zhenghai's figure was not much different from him. Although he was a size smaller, his clothes were not too contradictory.

Soon, when the time came, they rushed to the five-star hotel where they were partying together. On the way, Cheng Yuan kept boasting about his glorious deeds over the years, how he made his fortune, how much money he made, how many big people he had met, and had been there. Where, how many women have played with, wait, anyway, blow to death.

He is a person who likes to show off, especially in front of acquaintances.

Lin Ziming ignored him the whole time, and he wouldn't be bored either. He only thought that Lin Ziming was ashamed.

However, through Cheng Yuan's boasting, Lin Ziming slowly realized the nature of the so-called upper-class party tonight. It was gathered by the rich second generations of several nearby cities, saying that it was held to welcome a young lady who came back from abroad. Ordinary people are not eligible to participate in the dust washing banquet, and Cheng Yuan is barely eligible because he met a rich second generation and made a lot of money in the past two years.

Moreover, in order to pretend to be the scene, he invited several people to pretend to be his bodyguards and raise the grade. In addition to Liang

Zhenghai and Lin Ziming, there are five young people who are mighty and mighty.

I went to a five-star hotel and saw a lot of luxury sports cars in the open-air parking lot, such as Porsche, Ferrari, Lamborghini, Alfa Romeo, etc., which was particularly shocking.

Cheng Yuan also drove two steps in the BMW car, and he looked very face. Lin Ziming was not interested in these so-called high-class gatherings at all. He noticed now that the black air on Liang Zhenghai's forehead became stronger, and he immediately realized that tonight should be the day when Liang Zhenghai was killed!

Fortunately, I met him in time, otherwise, according to this black energy, Liang Zhenghai might still be in danger of life.
