

Chapter: 999

Yang Guiying also sighed, propped her face, and said regretfully: “Oh, you didn’t tell me the idol’s identity. I knew it that day. At the airport, I gave the idol directly on my knees. How could I offend the idol. These days I went to ziqiong media to find idols, and the idols simply ignored me.” When Ouyang Yanran heard this, she was also very long. He sighed, and was quickly full of loss and sorrow. They looked like they were confused by the many rich second generations at the banquet.

At the same time, Lin Ziming followed Cheng Yuan’s team to the hotel, in the banquet hall.

This is not the first time he has come to attend such a high-class party. To him, it is very familiar, and it is impossible to be nervous at all.

On the contrary, it was Cheng Yuan and Liang Zhenghai. Both of them were obviously more nervous. Seeing so many famous rich second generations, they were excited and nervous.

As for the five to serve as the support for the scene, it goes without saying. Their current performance is that Grandma Liu walked into the Grand View Garden.

Lin Ziming smiled and said to Liang Zhenghai: “Zhenghai, don’t be nervous, the rich second generation is also a human, nothing great.” When Liang Zhenghai heard Lin Ziming’s comfort, it seemed to have magical power, and his tension eased a lot. But when Cheng Yuan heard him here, he immediately hummed disdainfully, and said, “You are ashamed to comfort Zhenghai. You are so nervous that you are swinging your legs now!”

Cheng Yuan was originally looking at Lin Ziming’s fall and helplessness. Nervous jokes, but as a result, Lin Ziming was not nervous at all, but appeared very calm, which made him very unhappy.

He came out without hesitation at the moment.

Lin Ziming smiled and said, “Do you think I am nervous?”

“Hmph, just pretend it!” Cheng Yuan snorted heavily.

At this moment, Lin Ziming saw the black energy on Liang Zhenghai’s forehead, which became more intense and filled the entire forehead, very fierce, which made Lin Ziming frowned.

These black auras are invisible to other people, only Lin Ziming can see it, which is very mysterious.

In fact, it can’t be regarded as black energy, but a kind of negative magnetic field.

Liang Zhenghai’s black air is so strong, it shows that disaster is about to come.

Lin Ziming couldn’t help looking around to see where Liang Zhenghai’s disaster originated, but he didn’t find it after watching for a long time. Because among the people present, there are no masters, most of them are

ordinary people, at most they are martial artists in the realm of masters, so they shouldn't have such high damage power.

In this way, Liang Zhenghai's disaster is still a man-made disaster, and it has offended someone.

Suddenly, in Lin Ziming's spiritual world, he saw a ray of black energy that condensed from Cheng Yuan's body next to Liang Zhenghai's forehead...

Immediately, he frowned and understood.
