

There were other members present in the Feng City branch and they laughed mockingly when they heard the report from the subordinate. One of them said, “Ha ha ha. A production company is here to seek approval? I think they are here to joke around!”

“I’ve heard of Purple Jade Studios before. It’s an entertainment company that has signed on a lot of superstars. I remember there was a famous martial arts star that acted in a Wing Chun movie. I don’t know his name, but that movie gained him so much fame he is now in Hollywood. Don’t tell me that he brought martial arts actors here to seek for approval!”

“Ha ha ha. You know what? I think it’s possible. Those actors kill a lot of their enemies in movies. Maybe they are so confident about their martial art skills they want to set up a security company.”

“It would be great if that was true. I’ve defeated many people before, but I have never beaten up superstars. Let’s see how long they can last.”

“Master Zhou, I think you should relax. With your skills, you might just kill these

superstars with one single punch.”

“Ha ha ha...”

The hall was filled with mockery and laughter.

They weren't trying to be arrogant. The fact was that they had all been training in martial arts ever since they were kids and had outstanding winning records. All of them were highly-skilled. The weakest among them had at least entered the Professional Realm, and some of them were Masters. Defeating a few martial arts actors would be like bullying a child.

They had agreed to meet Lin Wenjing and his group mainly because they wanted to toy with them. It was like they were playing a game of cat and mouse.

Lin Wenjing and his group walked in under their voices of mockery.

Lin Wenjing's senses had been greatly heightened ever since he broke through to the Innate Realm, and he had already heard their mockery when he was outside.

These words of mockery didn't make him

angry at all. Instead, it made him chuckle.

However, the men who followed behind him were furious when they heard them, especially Xu Hua. He felt his blood boiling, and steam was coming out of his ears!

But when they stepped into the hall and saw Yan Chuang and the others, they suppressed their anger because they could tell at once that they were not common martial arts practitioners, but highly-skilled ones.

“Master Yan, these are the people from Purple Jade Studios who are planning to start a security company in Hua City, and they have purposely come here to seek for approval,” the subordinate reported. He then looked at Wang Yunqian and said, “This is Master Yan from Bei Tian Society. You are only eligible to start a security company in Hua City after you get the consent of Master Yan.”

Yan Chuang sat there like a king. His figure wasn't particularly burly and he was 1.75 metres tall, but his facial features made him look fierce. He had a thick beard on his face and his eyes were bright, and he emitted a strong aura just by sitting there. With one glance, you could tell that he was the one in

charge.

His gaze swept across Lin Wenjing and his group to see if there were any martial art masters.

However, after he scanned the group, he didn't find anyone that would make him cautious. The most skilled of them all was probably only at the Professional Realm. He wouldn't need to fight them at all.

As for Lin Wenjing, he was the most low-key among them. Yan Chuang's gaze didn't even stop on him and he was ignored straightaway.

He didn't realize that while he was busy sizing others up, Lin Wenjing was sizing him up. Lin Wenjing could tell that Yan Chuang was a master of the Pinnacle Realm, which meant that he had reached the Master Realm. By looking at his burly body, he had probably eaten the Soul Cleansing Pill before but failed to breakthrough. It seemed like Bei Tian Society was indeed very powerful. Even the person in charge of their branch was a Master.

Wang Yunqian looked like he knew who Yan Chuang was. He took a step forward and

smiled as he said, "Master Yan, we would like to start a security company in Hua City. Please approve our request."

Yan Chuang brought his teacup to his lips and slowly drank his tea. After around ten seconds, he finally said, "Mr. Wang, I know that you have been pretty successful in the entertainment industry, so why are you here to snatch my business? You know very well just how complicated the security industry is."

Wang Yunqian hurriedly said, "We're trying to expand business. Now that Purple Jade Studios is doing well, we might have offended some people so our chairman wants to start a security company to protect ourselves. We are not trying to steal your clients."

With a slight frown, Yan Chuang said, "You don't have to set up a security company to protect your own people. You can cooperate with me. The bodyguards of Bei Tian Society are well-known in the industry. We are definitely much better than the bodyguards you hired for your new security company."

Wang Yunqian could only laugh drily and said, "This was an order from our chairman."

Yan Chuang raised an eyebrow and narrowed his eyes. He sounded haughty as he said, "Oh, it seems like the Chairman of Purple Jade Studios has a large appetite. Didn't he just set up Leap Advertising not long ago? It hasn't even been a month and he's already planning to expand into the security business. If so, I'm really interested to meet the Chairman of Purple Jade Studios. Is he here?"

Yan Chuang's gaze swept across the room again. His actions looked very arrogant and he didn't have an ounce of respect when he asked about the Chairman of Purple Jades Studios. It was like he was calling on a subordinate.

Wang Yunqian and the others had arrived for some time already but nobody had arranged seats for them, so they could only stand there. It was obvious that they were treated without any respect.

Wang Yunqian immediately pointed to Lin Wenjing next to him and said, "Master Yan, this man is the Chairman of Purple Jade Studios, Lin Wenjing."

With that, not only Yan Chuang, but every single person of Bei Tian Society focused

their gaze on Lin Wenjing.

Yan Chuang was obviously startled and he expressed serious doubts on his face. He said, "Mr. Wang, are you sure that this child is the Chairman?"

Yan Chuang was pointing at Lin Wenjing and his actions could no longer be described as arrogance. He was actually expressing contempt and looking down on Lin Wenjing. He even thought that Wang Yunqian was joking.

Lin Wenjing looked like he was only in his twenties and had no strong aura. He was extremely ordinary, so how could he be the Chairman of Purple Jade Studios?

Even though Lin Wenjing was famous in the business circle, not many people had the chance to see what he really looked like, especially people like Yan Chuang.

Yan Chuang knew that Purple Jade Studios was a very profitable entertainment company but he had no idea who the Chairman of Purple Jade Studios was. He thought that the person who could sit in that position would at least be someone with a strong aura. In his perception, the chairman

should be a steady middle-aged man and not some kid in his twenties.

Wang Yunqian's forehead was dripping with cold sweat. Yan Chuang's contempt toward Lin Wenjing would definitely enrage the Chairman but at the same time, he didn't dare to offend Yan Chuang. He was currently in the middle of two big shots and he couldn't stand the pressure anymore. Wang Yunqian could only force himself to hurriedly explain, "Master Yan, why would I lie to you? He really is our Chairman."

Then, Wang Yunqian looked at Lin Wenjing, desperately asking for help. He hoped that Lin Wenjing would say something.

Lin Wenjing didn't force Wang Yunqian to speak for him anymore. It was not a situation that Wang Yunqian could control anymore anyways.

He took a step forward and said, "Greetings, Master Yan. I am the Chairman of Purple Jade Studios. My surname is Lin."

Lin Wenjing reached out to shake Yan Chuang's hand but he was completely ignored by him. He didn't give Lin Wenjing any face. Instead, he tilted his head to one

side and said with a tone filled with hostility, "Who allowed you to start a security company in Hua City? Did you ask for my permission?"

It was obvious that Yan Chuang was trying to show Lin Wenjing who was boss.

As Yan Chuang finished his sentence, it was like the air around them had frozen, and the atmosphere was tense.

Wang Yunqian's cold sweat streamed down from his forehead. He was starting to regret not going to extreme lengths to stop Lin Wenjing from starting a security company. If he had done that, they wouldn't have offended Yan Chuang.

To tell the truth, compared to Lin Wenjing, Wang Yunqian was more afraid of Yan Chuang! After all, Yan Chuang was one of the higher-ups of Bei Tian Society and he was leading one of their branches. Most importantly, they couldn't afford to offend Bei Tian Society because all of them were skilled in martial arts. Yan Chuang might even slap him in the face for upsetting him.

Xu Hua gloated over Lin Wenjing's humiliation. He was delighted and wanted to laugh. *Aren't you the proud and arrogant Chairman of Purple Jade Studios? Why are you acting so cowardly right now?*

The other members of Bei Tian Society immediately stepped forward and glared as they surrounded Lin Wenjing and the others.

Suddenly, Xu Hua's expression changed. Everyone felt great pressure as their muscles tensed and their breathing became quicker.

Just then, Lin Wenjing burst into laughter. He had expected that Yan Chuang would behave overbearingly so he wasn't angry at all. Even though he said that he was here to seek approval, he was actually here to look for a fight. Since he was here for a fight, why would he be angry?

However, he was a little surprised. Looking at Yan Chuang's reaction, he didn't seem to know that he and Gu Hanxing were enemies.

It seemed like Gu Hanxing was humiliated by what had happened and didn't tell anyone in Bei Tian Society.

But that wasn't important. After all, sooner or later, he would have to fight Gu Hanxing.

Yan Chuang was surprised when he saw that Lin Wenjing could still laugh in the face of his imposing air. At the same time, he was even more furious. His face darkened and he said coldly, "Do you think this is funny?"

The smile on Lin Wenjing's face remained as

he said, "Master Yan, I'm here to seek approval from you. This is a rule set by Bei Tian Society so why are you asking me? Unless, are you trying to tell me that I could have done this over the phone?"

When Wang Yunqian heard this, the cold sweat on his forehead started pouring. His legs were trembling in fear and deep down, he was desperately wailing, *Chairman, I beg you to shut up. Yan Chuang is a ruthless person that we cannot afford to offend!*

Master Yan stood up from his seat and glared at Lin Wenjing with ill-will before bursting into laughter. He shouted, "Wow! So this is the great Chairman of Purple Jade Studios. Young people these days are so courageous. Even an entertainment company wants to start a security company! Well, since you have brought so many men with you, I think you are perfectly clear of Bei Tian Society's rule. Since you want to join this industry, show me how strong you are!"

Lin Wenjing continued smiling as he said, "Okay. We shall follow Bei Tian Society's rules. If my men defeat yours, you approve the start-up of our company. How about that?"

“No problem.” Yan Chuang grinned and revealed a bright but cold smile that made other people have goosebumps.

Then, he sat back down and randomly pointed at one of his subordinates and said, “Big Bear, you’re up. Show this group of people how powerful the Bei Tian Society is. Use your punches to tell them not anyone can join the security industry!”

“Yes, Master Yan!”

A burly man with a height of over 1.9 meters stepped forward. He looked like a heavyweight player for he had big muscles all over his body.

As he stood there, he looked like an iron tower. He looked at Xu Hua and the others with contempt and said, “Which one of you wants to go first?”

Many of them felt his domineering aura and their expression changed. They could tell that he was someone that was hard to beat. Suddenly, they understood why Lin Wenjing had been so generous yesterday. It seemed like seeking approval from Bei Tian Society was not an easy matter.

“Why? Is there no one brave enough to challenge me? I can’t believe weaklings like you dare to join the security industry. What a joke!” Big Bear’s expression was full of disdain as he gave them a thumbs-down to taunt them.

His action immediately angered a lot of people. They were all martial arts practitioners who were full of vigor and vitality with bad tempers. How could they withstand such humiliation? At that moment, an ill-tempered man strode out of the group and shouted, “Stop being so arrogant! I’ll challenge you!”

This man was a fighter in his forties. He had a firm gait and noticeable calluses on the joints of both his fists. The veins on his temples were obvious and he had clear eyes which were currently burning in anger. You could tell he was someone who was highly-skilled with just one look.

However, when Big Bear saw him, he scoffed and shook his head before saying, “Not you. You’re too weak.”

The fighter was even more enraged. He snorted heavily before gritting his teeth and said, “You’ll know whether or not I’m weak

after the fight!”

Then, he took on a fighting posture and took the initiative to attack Big Bear first.

“Well, it seems like you are biting off more than you chew,” Big Bear said with a chuckle. When the middle-aged fighter rushed up to him, he defeated him with ease. With one quick and powerful punch, he hit the fighter right on the cheek. The middle-aged fighter fell to the ground with a thud and was completely defeated.

When the rest of Lin Wenjing’s group saw this, they got nervous and panicked.

Lin Wenjing shook his head because he was disappointed at the men recruited by Wang Yunqian.

Yan Chuang was calm and his expression remained the same. He drank his tea leisurely because he had already predicted that Lin Wenjing’s men were weak.

Big Bear then continued to look at the rest of the group and asked, “Who’s next?”

Those who were high in fighting spirit all lowered their heads after they saw how

strong Big Bear really was. They didn't dare to simply challenge him for they were here to make money, not to be beaten.

"Why? Are you all scared of me? Aren't you here to seek approval from Bei Tian Society to start a security company? Why are you all so cowardly? I think it's better if you guys go home to your mama," Big Bear mocked.

Many of them were furious when they heard this but they didn't dare challenge him.

Just then, the young and energetic Xu Hua couldn't take it anymore. He roared as he jumped out and announced, "I challenge you!"

Xu Hua made a Eight Extremities Fist posture and emitted a fierce aura that made Big Bear's contemptuous expression turn solemn.

"Wow! It looks like a Master has appeared. Things are starting to get interesting." Big Bear stretched his neck and a vicious sneer appeared on his face. He signaled Xu Hua to attack him with his finger.

Xu Hua was already furious and could no longer hold in his anger. He immediately

roared and ran toward Big Bear at great speed and punched hard.

The power of Eight Extremities Fist lay in its strength. There was a suitable saying for this situation that went, 'Taichi depends on the flow of Qi and Eight Extremities Fist depends on strength.'

Big Bear casted away his contempt and started to concentrate on facing his opponent. He wasn't as relaxed as before because Xu Hua was not an easy target.

Xu Hua was shorter than his opponent so he didn't have an advantage. After five minutes of fierce battle, his physical strength waned and Big Bear found an opening. After Big Bear grabbed him, he threw him heavily to the ground and Xu Hua almost fainted. With that, he lost his power to combat.

Then, Big Bear spit on Xu Hua and made a thumbs-down gesture again. He was extremely cocky as he stood up and said, "A weakling will always be a weakling. All of you are useless."

The rest of the group were angry but they didn't dare to say anything. They finally realized that Big Bear was so highly-skilled

that none of them would be a match for him. It seemed like they wouldn't be achieving the goal of their visit today.

Xu Hua was spurting out blood after he had taken the blow. He felt like his body was falling apart and his arrogance was completely destroyed by Big Bear. He trembled in fear and struggled as he tried to get up.

Lin Wenjing shook his head in disappointment after he saw everybody's performance. He had planned to let them exhaust people from the Bei Tian Society so that he could save his energy for later, but it seemed like his plan had failed.
