

'It's better if all of you attack me at the same time. I'll get rid of you all at one go.'

This sentence was easy to say but extremely hard to fulfill.

Putting aside Yan Chuang, who was the head of Bei Tian Society in Feng City and a martial arts master who had already reached the Pinnacle Realm state, there were still a dozen members of Bei Tian Society who were highly-skilled martial arts masters. If they all really attacked at the same time, their power could destroy a tank.

In their eyes, Lin Wenjing's actions couldn't be described with arrogance anymore. He was unruly and had a death wish.

At that moment, every member of Bei Tian Society flew into a rage and swore to torture Lin Wenjing to death. Bei Tian Society had always been domineering and were the ones who bullied others. This was the first time they had ever been humiliated, and it had happened at their turf!

Wang Yunqian was in complete shock and his mind went blank. He couldn't find any more words to describe Lin Wenjing's arrogant and insane actions. It was already

insane enough that he didn't bow down to Bei Tian Society even though he was in their territory. Now that he had spoken up and challenged every member of Bei Tian Society, he had stirred up the hornet's nest.

Xu Hua and the others felt their scalp tingle as they stared at Lin Wenjing dumbly. They couldn't understand what Lin Wenjing was trying to do. He was already the chairman of a big corporation, so did he really need to go so far?

Deep down, they felt that Lin Wenjing didn't have the ability to challenge the whole group of Bei Tian Society members alone, especially Yan Chuang, who was sitting on his pedestal. He alone was a terrifying existence.

"Well, well!" Yan Chuang was so angry he laughed instead. He then shouted, "What a fearless young man you are! I can't believe you are arrogant enough to take on so many members of Bei Tian Society at the same time. Fine. I'll grant you your wish!"

Then, he ordered every member of Bei Tian Society to surround Lin Wenjing. Yan Chuang stared at him and said, "Mr. Lin, if you get down on your knees to beg for

mercy and give me half of your shares of Purple Jade Studios, I might consider letting you go.”

Lin Wenjing only gave him a middle finger in return which made him even more furious. With one command, he ordered a dozen of Bei Tian Society’s highly skilled martial arts masters to attack Lin Wenjing at the same time.

Suddenly, Lin Wenjing felt like he was in the middle of a tornado. It seemed like he was extremely pressured and was going to be ripped apart at any moment.

When Xu Hua who had always been arrogant saw this, he couldn’t help but reveal a terrified expression. If he was in Lin Wenjing’s position, he might not be able to stand it for even a second.

Even though Lin Wenjing was about to face attacks from a dozen highly-skilled martial arts masters of Bei Tian Society, he just stayed calm and stood there. He only started moving when the first punch was inches away from him.

With just a simple move, Lin Wenjing fought violence with violence. He threw a punch

and his fist clashed with his opponent's fist.

A loud bang was then accompanied by a painful scream. His opponent retreated immediately as his arm was dislocated.

Lin Wenjing however, was completely unharmed. His expression remained the same as he continued to attack. He stood there and kicked backward, hitting an opponent who was a highly-skilled fighter from the Professional Realm. He had been running to him from behind and Lin Wenjing's kick landed right on his stomach. He spit out blood as he flew backward and hit the wall behind him with a thud. Then, he slowly slumped down and lost the ability to move.

In just one second, Lin Wenjing had already knocked out two opponents. It was considered extremely fast, and the people were destroyed at the speed of light.

Next, Lin Wenjing strolled around and calmly attacked the other members of Bei Tian Society with ease. He seemed very relaxed but every attack he made was fueled with power. One by one, members of the Bei Tian Society fell to the ground and lost all their energy with a simple punch or kick from Lin

Wenjing. Almost nobody could resist one punch from him. The fierce and burly Bei Tian Society members just looked weak and vulnerable in front of him.

In less than 30 seconds, Lin Wenjing had already ended the fight. His clothes were not even messed up as he clapped his hands and said, "Is this all Bei Tian Society got? Why would you guys even have the guts to take over the whole security industry and not let anyone else join you?"

It was the first time Yan Chuang revealed a shocked expression. His eyes almost popped out of his head and he stared at him in disbelief. "Who are you?!"

He had lost his composure and his voice was broken.

Yan Chuang couldn't help but lose his cool. These members of Bei Tian Society were all trained by him so he knew clearly what kind of abilities they had. Even if he took Lin Wenjing's position, it would be difficult for him to defeat every single one of them, let alone come out of the fight unharmed! He might have even been heavily injured. It was impossible for him to be as calm and relaxed as Lin Wenjing had been, who had

looked like he was just fooling around with children.

This meant that Lin Wenjing's martial arts abilities were much stronger than him!

Right now, he finally understood why Lin Wenjing had the guts to bring his men to come to Bei Tian Society to seek approval... To be exact, he wasn't here to seek approval, but to make a scene!

He couldn't figure out Lin Wenjing's background. Why did he have the courage to challenge Bei Tian Society? Did Lin Wenjing also come from a powerful background?

As for Xu Hua and the others, they were all in awe. Lin Wenjing had managed to make them question themselves. They even suspected that Lin Wenjing was not human, but god.

They were all martial arts practitioners, and most of them had started learning martial arts when they were young. They knew how difficult it was to succeed in a match of one versus a dozen people, not to mention that these people were highly-skilled martial arts masters. Yet, Lin Wenjing had easily defeated them all. If he wasn't a god, what

was he?

Gulp!

Xu Hua swallowed heavily. He felt his hair stand on its ends, and his hands and feet went numb. He suspected that he was hallucinating but that thought immediately disappeared after he pinched his thigh hard. All of this was really happening! He couldn't believe that he had looked down on Lin Wenjing and thought that he could make him cry in pain with one punch just because he had tender and delicate skin.

Right now, it seemed that the person who was going to cry was him.

Just then, Lin Wenjing glanced over with a half-smile and he suddenly shuddered in fear so hard he almost peed his pants. Xu Hua quickly lowered his head and trembled. He didn't dare to look Lin Wenjing in the eye.

Wang Yunqian was dumbfounded as well. He strongly suspected that something wrong had happened to the world. Why was the Chairman so good at fighting? It didn't make sense. The Chairman was already extremely wealthy, so why did he even practice martial arts? Was the Chairman

really human? Lin Wenjing just excelled in everything that he did!

Lin Wenjing saw everybody's reaction and the corner of his lips lifted slightly into a faint smile before he slowly walked up to Yan Chuang.

"So, do I have the qualifications to start a security company in Hua City now?" Lin Wenjing asked with a half-smile as he stared at Yan Chuang.

Yan Chuang had completely lost his arrogance and domineering aura, and he was obviously terrified. He gritted his teeth and glared at Lin Wenjing as he said, "I admit that I underestimated you. Your martial arts abilities are stronger than I expected. However, I suggest you think it over. Once you start a security company, you will be the enemy of Bei Tian Society. Are you sure you want that to happen?"

Seeing that Lin Wenjing remained unmoved and didn't answer him, he added, "You are a talented martial arts practitioner. If you really are interested in the security industry, I can personally vouch for you to enter Bei Tian Society. Join us, and the whole world will fear you."

Wang Yunqian was immediately moved by his proposal. This was a huge advantage for them. Once Lin Wenjing joined Bei Tian Society, they would have strong support and could do whatever they wanted in the country.

However, Lin Wenjing only laughed and suddenly kicked Yan Chuang hard without warning. It happened so fast Yan Chuang didn't even have time to react. He flew across the room and crashed into the chair behind him, shattering it into pieces. "How dare you?!"

Yan Chuang felt like his bones were broken and he was in extreme shock. He never thought that Lin Wenjing would dare to attack him.

He was terrified and angry at the same time. While he was struggling to get up, Lin Wenjing had already walked up to him and stepped on his chest. Looking down on him, he said, "How dare an insignificant being like you talk to me like that?"

Right now, Yan Chuang was truly terrified. As he was stepped on by Lin Wenjing, he didn't have the slightest strength to fight back and was totally helpless. Yan Chuang was at

least at the Pinnacle Realm state and he had even taken the Soul Cleansing Pill twice. He was even stronger than the usual practitioners that had reached the Pinnacle Realm state. However, facing Lin Wenjing, he didn't have any ability to fight back. It made him wonder how strong Lin Wenjing really was. Did he already break through to the Innate Realm?

"I-I'm sorry... I made a mistake..." Yan Chuang bowed his head and apologized.

Lin Wenjing didn't continue to torture Yan Chuang and let him go. It wasn't because he was kind; it was because he didn't need to kill him. Yan Chuang was only an insignificant person, and killing him would only dirty his hands.

"Let's go."

Lin Wenjing walked up to Wang Yunqian and patted his shoulder before he exited the building leisurely.

It took Wang Yunqian a while to process what had just happened before he took a deep breath and looked at the people lying on the ground. When he saw Yan Chuang shivering like a plucked cock, he couldn't help but shudder. He quickly turned and followed behind Lin Wenjing.

Wang Yunqian thought that he already knew Lin Wenjing well, but what he just saw proved that he knew almost nothing about him!

This man is too horrifying. No wonder even Master Grim has to bow down to Lin Wenjing.

Xu Hua and the others hurriedly followed suit. They were afraid that if they stayed a

moment longer, they would be captured and tortured by Bei Tian Society. Right now, Lin Wenjing was their guardian angel.

This was what caused a strange scene. Lin Wenjing strolled out of the building calmly with both his hands behind his back as he admired the scenery around him. Behind him, there were around twenty people carefully treading in silence as they followed him, afraid to disturb the man in front of them.

There was a complicated expression on Xu Hua's face. At first, he looked down on Lin Wenjing and thought that he was just a useless weakling that he could defeat with one hand. He didn't respect him at all, but as it turned out, he was the true weakling. Lin Wenjing could defeat him with just a flick of a finger.

After he saw how strong Lin Wenjing was just now, he respected him like he was a god. Xu Hua didn't like money and even despised the wealthy. However, he idolized people with real strength and ability.

Right now, he worshiped Lin Wenjing. He really wanted to be Lin Wenjing's apprentice to learn a skill or two.

The other men had similar thoughts. In the beginning, they thought that Lin Wenjing was young thus easy to bully, but it turned out that he was a martial arts master. Right now, their rebellious thoughts had completely disappeared.

Suddenly, Lin Wenjing stopped in his tracks and turned around. All of them were startled and took a few steps backward subconsciously. One of them panicked so hard he tripped and fell down, looking ridiculous. Many passersby were shocked by this scene and thought that they were filming a movie.

Lin Wenjing couldn't help but laugh before saying, "Am I really that terrifying? Why are you all so scared of me?"

First they nodded, but they shook their heads one second later. Their expressions were filled with awe and fear, and they looked very well-behaved. It looked especially ludicrous because they were adults, and some of them even had burly bodies.

Lin Wenjing shook his head helplessly before saying, "There is no need to be afraid of me. As long as you follow my orders, I will

treat you well.”

One of the more cowardly martial arts practitioners gingerly asked, “Chairman, can I quit?”

With a bright smile, Lin Wenjing said, “Of course you can.”

The man had just heaved a sigh of relief when Lin Wenjing suddenly said, “As long as you're not afraid that Bei Tian Society might come after you, you can quit. Besides that, all of you have already signed the contract. Quitting now would mean that you have breached the contract, so you would have to pay a penalty of three times your annual salary. That would be 600,000 per person.”

Hiss...

All of them took a deep breath.

They suddenly understood why Lin Wenjing had brought so many of them to create a scene at Bei Tian Society. It was a way for Bei Tian Society to recognize them. They couldn't believe that they were stupid enough to think that they had hit the jackpot!

As they came to realize this, their respect for

Lin Wenjing increased even more. They didn't even dare to hold a grudge.

Xu Hua felt a cold shudder all over his body as he realized how much trouble he was in right now. It was conceivable that they were all targets of Bei Tian Society at this moment, especially him. He had even challenged Big Bear just now, so he was sure Bei Tian Society wouldn't let him go so easily. He had mistakenly boarded Lin Wenjing's pirate ship. *F*ck, he really is sinister.*

After Wang Yunqian knew Lin Wenjing's intentions, he was completely impressed by his actions.

Lin Wenjing was too lazy to bother about them. He waved his hand and said, "Enough. You don't have to worry. Do your job and I will treat you well. For future matters, please refer to General Manager Wang. I will give all of you two days off. After three days, I want you all to report to the office on time, and I will personally train you all."

Lin Wenjing paused for a second before his gaze turned cold as he said sternly, "Might as well warn you now. If anyone dares to not report to the office, don't blame me for being

ruthless.”

They all hurriedly shook their heads to express that they wouldn't dare.

Xu Hua gritted his teeth as he walked out of the crowd and kneeled down in front of Lin Wenjing with a thud. Then, he shouted, “Master, please let me be your apprentice!”

Xu Hua's current gaze was so filled with passion it startled Lin Wenjing. He frowned as he asked, “What are you doing?”

They were still on the streets, and Xu Hua's actions had startled many people. *What is he doing? Are they really filming a movie?*

Xu Hua said, “Master, I'm being serious. Please let me be your apprentice. I promise to not oppose the affair between you and Qin Nan... What I mean is, I strongly support you and Qin Nan...”

“Get away from me!” Lin Wenjing didn't wait for him to finish his sentence and kicked him away.

Is this guy crazy? What kind of an affair do I have with Qin Nan?

Xu Hua rolled on the ground before he got up and saw Lin Wenjing leaving. He clenched his fists and deep down, he swore that no matter what, he was going to be Lin Wenjing's apprentice and learn all his skills from him.

The rest of the matters were passed onto Wang Yunqian. Right now, this group of men had completely surrendered to Lin Wenjing, so it was easy for Wang Yunqian to manage them.

Wang Yunqian was not a professional in this field, so he quickly used his connections again to form a management team. Then, they officially started to work on setting up a security company.

At first, he didn't agree with Lin Wenjing to start a security company. After all, the powerful Bei Tian Society was in their way, but he changed his mind after what had happened and did his job fervently.

The security industry was a big business. On the surface, it may not seem like it was very profitable, but the subsequent benefits were huge. He couldn't help but admire Lin Wenjing's vision. It was no wonder he was so successful at such a young age. He was

getting more and more glad that he had joined Lin Wenjing.

It was only after Lin Wenjing and his group had left for more than a minute that a member of the Bei Tian Society branch finally said, “M-Master Yan, what are we going to do now?”

Yan Chuang’s face was darkened as he was completely humiliated. Even though he was the head of the Bei Tian Society branch, he was cruelly beaten up. If what happened today spread out, he would be laughed at mercilessly.

However, he had to report this to headquarters so he heaved a long sigh before he obediently called the higher-ups.

“What?! Did you just say your branch was completely destroyed by a young man? Tell me what happened!” The person on the other side of the phone was in shock. Yan Chuang didn’t dare to hide the truth so he told him everything. After that, he said, “This man is very powerful. I suspect he has broken through to the Innate Realm.”

“The Innate Realm!”

The person on the side of the phone gasped.

“Wait, what was the young man’s name again? Where did he come from?”

Yan Chuang replied, “Deputy manager, this man’s name is Lin Wenjing. He is the chairman of Purple Jade Studios. His strength is unknown but his actions proved that he is declaring war against Bei Tian Society.”

A surprised and furious voice could be heard from the other side of the phone. “Lin Wenjing! I remember now! This man was the one who challenged Young Master Gu not long ago! I’ll report this to Young Master Gu right now and leave it up to him!”
