

AN EXPERT 201

Chapter 201: The Authority of a Great Villain Cannot Be Provoked. Kill!

Lu Xiaoran :” ...”

“Are you hoping that I’ll die early?”

“Uh... No, I made a mistake. What I meant was... in the future, in case Master is no longer by our side...”

“Stop talking nonsense. Moreover, even if you want to rely on a woman, you don’t have to go to your little junior sister, right? You two even belong to two different races. Do you really think you would feel comfortable hugging a cold body every night? She’s a zombie, after all. Most importantly, aren’t you afraid that you’ll be skinned by her tiger teeth?”

“Hiss ~! Master is right. In that case, I think I should chase after Junior Sister Wuxia.”

Lu Xiaoran :” ...”

This Lige was simply useless.

“You have to rise up. You’re the Eldest Senior Brother of Zhishui Peak. How can you be defeated because of a moment of disappointment?”

“Master, it’s really not that I’m not working hard enough. You know how hard I work. However, you don’t know how uncomfortable it is for my cultivation to increase slowly. That feeling of being unable to catch up to others no matter how hard I chase is really too disappointing.”

Lu Xiaoran sighed faintly.

Looks like it was impossible to increase Yun Lige’s talent.

He decided to use another method.

Speaking of which, he seemed to have obtained a Beast Control Divine Art from the small gift bag this time. It should be used to control beasts.

It should be good for Lige to learn it.

He did not need talent. As long as he could summon a group of powerful divine beasts for his use, he could still become stronger.

However, Li Ge was only an ordinary person now. Without the protection of luck, he definitely could not learn the divine technique.

It was also impossible for Lu Xiaoran to give him the Golden Luck Dragon. Luck was too important. Moreover, the effects of the Golden Luck Dragon could not be simultaneously applied to both him and his disciple. After his disciple used it, his own luck would not increase.

It was too wasteful to give it to Lige. Even if he did not use it, he would at least give it to Changsheng or Tianyuan. After all, the two of them already had divine souls.

Wuxia was also not bad. She already had an egg in her body and could be considered to have half a divine soul.

Forget it, why not give him the divine beast egg first and let him learn how to hatch the divine beast egg. After hatching the divine beast, it could even help him fight.

In the future, it would not be too late for him to learn the Beast Control Divine Art after his cultivation reached the God Realm.

Thinking of this, Lu Xiaoran took out the divine beast egg and handed it to Yun Lige.

“Don’t be discouraged. I’ve always thought very highly of you. Back then, I also got here step by step. I’ll give you this egg. You have to use it well. It can increase your combat strength.”

Sensing the aura emitted from the egg, Yun Lige’s eyes immediately turned red.

How could he not tell that this egg was extraordinary?

“Master... I... I’m already so useless, but you’re still so good to me. I don’t know what to say.”

Lu Xiaoran smiled faintly and said, “You’re my disciple, so I naturally can’t give up on you. Moreover, you’re the Eldest Senior Brother. You have to set an example for your junior brothers and sisters. In the future, you have to cultivate diligently and not lead your junior brothers and sisters astray.”

Yun Lige nodded and said with a solemn expression,

“Master, why don’t I cut it off and cultivate wholeheartedly in the future?”

Lu Xiaoran immediately felt his legs tighten.

“There’s no need for that. It’s best not to cut off your flesh casually. It’s fine as long as you have a firm will. With your determination, I believe you will definitely succeed.”

“Alright! I’ll go cultivate now.”

“Go, go.”

“Yes.”

Lu Xiaoran waved his hand, and Yun Lige turned around and entered the Mountain and River State Painting.

Yun Lige exhaled and said, “I’m already a fifth level Shattering Void Realm expert now. I can let my soul consciousness cultivate the cultivation technique on its own. Now, I should deal with this egg first to increase my strength.”

Thinking of this, Yun Lige immediately took out a Martial Monarch Realm spear.

...

Lu Xiaoran was also making sufficient preparations. First, he set up a sealing formation outside the Imperial City. Once the enemies came, they could forget about leaving.

He had to get rid of the root of the problem.

In addition, he also had to set up teleportation array formations on his disciples' clothes.

This way, they could teleport over at any time or he could teleport to their location himself

After arranging all of this, Lu Xiaoran could also get them to travel to their respective battlefields.

As he was setting up, Lu Xiaoran suddenly felt a popping sound from his body, making him immediately dumbfounded.

"Eh? I broke through?"

He was puzzled. How did he break through? He did not cultivate. His disciples had only just increased their cultivation. It was impossible for them to increase their cultivation greatly in such a short period of time.

If not for a huge increase in their cultivation, it would be impossible for him to break through.

"Wang Cai."

"Coming, coming, Master, I'm here."

"Show me the cultivation information panels of the disciples."

"Alright, it's being generated for Master."

When Lu Xiaoran saw the information panels of the disciples, he was instantly petrified.

Slap!

It was even to the extent that the Mountain and River State Painting in his hand had been thrown to the ground.

What did he see?

Yun Lige had actually increased from the fifth level of the Shattering Void Realm to the tenth level of the Essence Realm. Just like Fang Tianyuan, he was only a step away from stepping into the King Realm.

"What's wrong with this guy? Why has his cultivation increased so much all of a sudden? He directly increased by fifteen realm levels. It shouldn't be this exaggerated, right?"

"Wait, something seems to be wrong."

Lu Xiaoran immediately teleported into the Mountain and River State Painting.

Yun Lige was sitting cross-legged on the ground and meditating to cultivate. Beside him was a pile of shattered divine beast eggshell.

Lu Xiaoran's face instantly twitched fiercely.

This useless thing.

He had ruined such a good divine beast egg.

If he hatched a divine beast, its cultivation would definitely not be low. At the very least, it could accompany him in the current continent and be awe-inspiring.

Even in the Immortal World, it was still a considerable support combat strength!

As if sensing Lu Xiaoran's aura, Yun Lige immediately woke up from his meditation. After seeing this scene, he instantly woke up. The moment he saw Lu Xiaoran, his eyes immediately lit up.

"Master, I really love you to death. You're right. No matter how poor my talent is or how trashy my luck is, at least I still have you! As long as you're by my side, I'll always have hope of becoming stronger. You're my luck and talent!"

Lu Xiaoran : " ... "

"Actually, the thing you just ate was a divine beast egg. If you hatch it, you can obtain a small divine beast. I estimate that its attack power will at least be above the Saint Realm. Moreover, as it gradually matures, its strength in the future will very likely surpass that of a Martial Monarch Realm expert. And now, it has been eaten by you. In the end, you only increased your strength from the fifth level of the Shattering Void Realm to the tenth level of the Essence Realm."

Yun Lige : " ... "

The flames that had just lit up in his heart were instantly splashed with cold water.

How could he not tell the difference between a divine beast and fifteen realm levels?

What a loss!

What a big loss!

"Master, do you still have any more divine beast eggs? Can you give me another one?"

"No, I only had one."

Yun Lige : " ... "

"Are you alright?"

"It's fine. I'll be fine after crying for a while."

Lu Xiaoran sighed faintly.

Lige had missed another opportunity to rise.

After eating the egg, his talent would not increase. In the future, his cultivation would still increase slowly.

If he did not eat it, he would at least have a powerful bodyguard and fighter after hatching a divine beast.

Forget it. Perhaps this was fate.

He was destined to fail.

He sensed that it was about time for them to leave. It was also time for them to rush to their respective battlefields. He then used his consciousness to summon all the disciples.

“Greetings, Master.”

Everyone cupped their hands and bowed to Lu Xiaoran.

Lu Xiaoran helped Ji Wuxia up and couldn't help but ask, “Master, why is Eldest Senior Brother so sad? Could it be that he angered you and was punished by you?”

“It has nothing to do with me. He just felt like crying. Let's not talk about this. The time for the battle is almost here. Hurry up and rush to your respective battlefields. Otherwise, if you arrive late, Nalan Hongyu and the others might end up destroying the Heaven Demon Sect and the Azure Lotus Sword Sect.”

“Yes!”

Everyone replied and left.

Yun Lige, Ji Wuxia, and Fang Tianyuan headed to the Heaven Demon Sect.

Li Changsheng and Zhuge Ziqiong went to the Azure Lotus Sword Sect.

As for Lu Xiaoran, he guarded the Imperial City's headquarters.

He had already prepared 2358 kinds of coffins for Nalan Ruyu.

The other party had found two hot shots that had the aura of protagonists to kill him.

At this moment, Lu Xiaoran made up his mind.

He decided to play the great villain for once and let the other party know the dignity of a great villain is not something anyone can provoke.

...

Time passed quickly, and the night passed in the blink of an eye.

The second day arrived. When the morning light in the east pierced the sky, it also meant that the date of the battle had officially begun.

Outside the Heaven Demon Sect, three figures arrived as promised.

It was Yun Lige and the other two.

The three of them stood at the foot of the mountain and looked at the peak from afar, their eyes revealing a deep expression.

“It's been a thousand years. I, Fang Tianyuan, have finally returned.”

The air was silent.

Yun Lige: “???”

Ji Wuxia: “???”

After being silent for a while, Ji Wuxia finally said, “Junior Brother, isn’t this a little too exaggerated?”

Fang Tianyuan took a deep breath and said with a solemn gaze, “Not at all. This time, I have to kill Fang Aotian.”

Yun Lige and Lu Xiaoran’s bodies trembled. Sensing Fang Tianyuan’s determination, they immediately could not help but praise repeatedly in their hearts.

They would definitely win!

This time, they would definitely win!

Fang Aotian would definitely die this time!

Moreover, they would also protect the Heaven Demon Sect from Fang Aotian.

However!

Just as the two of them were thinking this, an extremely powerful beam suddenly shot down from the sky without any warning. It bombarded the Heaven Demon Sect accurately.

Boom!

In an instant, the Heaven Demon Sect was enveloped by a flame in front of the three of them.

Chapter 202: True Group Fight

Yun Lige :” ...”

Ji Wuxia :” ...”

Fang Tianyuan :” ...”

The air was silent for a few seconds before they suddenly screamed.

“Damn! The Heaven Demon Sect has been blown up!”

“We’re doomed, doomed, doomed! Won’t Master kill us now?”

“We’re dead for sure.”

The three of their faces were extremely pale.

They had really gotten into big trouble this time.

Fortunately, when the smoke dissipated, the Heaven Demon Sect was still there.

It turned out that it had been blocked by the defensive array formation of the Heaven Demon Sect.

The three of them immediately heaved a sigh of relief.

“Damn! Fortunately, Master’s array formation is here. If not for Master’s array formation, we would really be doomed.”

As soon as he finished speaking, the three of them swept their gazes towards the sky at the same time.

In an instant, the three of them had cold gazes.

“Beat him up!”

Without any hesitation, Yun Lige took a heavy step and his body instantly transformed into a bolt of lightning that rushed towards the clouds.

Fang Tianyuan followed closely behind, and Ji Wuxia was the last.

In the sky, Fang Aotian could not help but reveal a displeased expression when he saw that his move was not effective. However, he quickly sneered.

“Hmph! You’re quite capable! You’ve actually set up a defensive formation. However, an array formation is still an array formation. You won’t be able to resist the attack from a Martial Monarch Realm weapon for long!”

As he spoke, Fang Aotian was prepared to unleash his next move. Suddenly, an extremely powerful attack suddenly shot out from below, immediately attracting his attention.

“You guys really showed up! However, it’s a pity that no matter how many of you are here, you’re all just here for me to toy with.”

Fang Aotian waved his hand and a sword beam swept towards Yun Lige.

In his opinion, although he did not unleash 100% of his strength, it was still not something Yun Lige could withstand.

However, just as the two attacks collided, Yun Lige suddenly unleashed his full strength. With the Primordial Chaos Battle God Spear in hand, he swept away Fang Aotian’s sword beam and shot a spear beam onto Fang Aotian’s shoulder.

Boom!

With a shocking explosion, a huge hole was suddenly blasted out of the clouds in the sky. As for Fang Aotian, he was involuntarily smashed thousands of meters away.

“What?! Perfected tenth level of the Essence Realm? This is impossible!”

Fang Aotian’s pupils constricted, his face filled with disbelief.

How was this possible?

Although Yun Lige was wearing a trench coat and a bamboo hat, he could still sense from Yun Lige’s aura that he was the previous Yun Lige with an extremely trashy cultivation.

But now, why had his strength increased so much?

It had only been a month or two!

Had he been enlightened by a Martial Monarch Realm expert?

Before he could react, a huge force suddenly attacked from behind.

“Not good!”

Fang Aotian wanted to defend, but the other party’s speed was too fast. He did not have the time to defend at all and was instantly sent flying again.

Another perfected tenth level Essence Realm expert?

Damn it, what were Lu Xiaoran’s disciples doing during this time? How could they be so powerful?

Were they using the same auxiliary formation as before?

Were they using the kind of array formation that could lower the enemy’s cultivation and increase one’s own cultivation?

No, there was no aura of the Martial Monarch Realm formation here.

The other party’s strength had really increased.

Just as he was thinking, Ji Wuxia’s attack also landed.

Clang!

Accompanied by a phoenix cry, Fang Aotian’s figure swayed again from the impact and was on the verge of collapse.

However, Ji Wuxia’s cultivation was far lower than the other two and was only at the second level of the Essence Realm. Even if she could fight someone a realm higher, it was impossible for her to cause too much damage to the other party.

“Although I don’t know why your cultivation became stronger, you’re still not my match! You’ll still die!”

Unfortunately, the other three were not affected at all. They did not say a word and crazily attacked him.

This was the true secret technique of Zhishui Peak—Group Attack!

They did not bother to waste their breath and attacked immediately with the intention to kill.

Fang Aotian did not have the time to fight back at all and could only take the beating passively.

In the sky, only four lights could be seen. Like lightning, they chased and collided in the clouds.

Every time they collided, powerful energy shock waves would erupt.

Down below, one could sense the powerful attack constantly colliding above their head.

The people from the Heaven Demon Sect below widened their eyes and stared fixedly at the sky.

“Heavens, isn’t this too powerful?”

“Who is fighting above? Could it be our Heaven Demon Sect’s patriarch? But this aura doesn’t seem to belong to him!”

In the crowd, only Li Daoran could not help but shake his head slightly.

Sigh, weren't the auras from above the auras of Yun Lige, Ji Wuxia, and Fang Tianyuan?

The pitiful elders did not know the other party's identity at all.

However, he could not expose Lu Xiaoran's secret. Therefore, he could only put his hands behind his back and watch the battle leisurely like everyone else.

His eyes revealed a wisp of envy and admiration.

"Old Lu, even your disciples are so impressive now. Your cultivation is probably even stronger, right?"

However, even though you're already so powerful, you still send disciples to protect the Heaven Demon Sect. Looks like I was not wrong about you."

In this world where the weak were prey to the strong, morals were not that important.

Lu Xiaoran was already a super expert now. He could completely choose not to save the Heaven Demon Sect.

Even if Li Daoran knew that it was possible that Fang Aotian only came here because of Lu Xiaoran, he knew that Lu Xiaoran could still choose to kill Fang Aotian later to avenge the Heaven Demon Sect.

However, Lu Xiaoran still took the initiative to send his disciple over. This meant that Lu Xiaoran was still thinking about his old friends from the Heaven Demon Sect.

At this moment, the battle in the sky was becoming more and more intense.

Fang Aotian roared and used his full strength to blast Yun Lige and the other two away.

"Get lost! Do you really think I, Fang Aotian, am a weakling?"

Hearing this voice, the expressions of the people from the Heaven Demon Sect below immediately changed.

"Fang Aotian! Heavens! I didn't expect the one who attacked our Heaven Demon Sect to be Fang Aotian? Our Heaven Demon Sect has nothing to do with him. Why did he attack us?"

"Who's Fang Aotian?"

Some elders immediately asked in confusion.

At this moment, a robust woman beside Elder Huang frowned and said with a solemn expression,

"This Fang Aotian was originally the son of the previous chief of the Ancient Ape Tribe. Because his body was weak at birth, he was abandoned. However, later, he rose from nowhere and returned to snatch the position of the Ancient Ape Tribe's chief, becoming the new chief of the Ancient Ape Tribe. Before I married Huang, his cultivation seemed to have already reached the Essence Realm! Now, looking at his aura, even the elders with Spirit Realm cultivation will tremble in front of him. I'm afraid he has already broken through to the King Realm."

“What!”

The people from the Heaven Demon Sect were immediately dumbfounded.

Fang Aotian was actually such a ferocious person?

Wasn't this too unbelievable?

No one doubted her words because she was previously an elder of the Acacia Faction. The Acacia Faction's intelligence department was the best in the entire Great Zhou.

“Sect Master, I'm afraid our Heaven Demon Sect is in big trouble now. Fang Aotian is so powerful, who can defeat him?”

“That's right, Sect Master. What should we do now?”

The Heaven Demon Sect Master took a deep breath and said with a solemn expression,

“Perhaps it's time to carry out the Patriarch's words. Relay my orders! Get everyone to escape from the back of the mountain and return after they finish fighting!”

Everyone's bodies trembled as they recalled the divine might of their patriarch that night!

Since it was the patriarch's words, it was definitely not wrong.

They had to escape first!

“Gather all the disciples and retreat! Retreat immediately!”

“Core disciples, help the new disciples retreat. The elders of the various peaks are in charge of maintaining order. Remember not to push around recklessly to avoid a stampede!”

With the safe operation of the Heaven Demon Sect's elders, the people from the Heaven Demon Sect quickly escaped.

The entire Heaven Demon Sect instantly became an empty mountain. No matter how powerful the aftershock from the battle was, it was impossible for it to injure them.

Only when they were 50 kilometers away did everyone heave a sigh of relief.

“We've finally left the range of their shock wave. This distance should be relatively safe for us.”

“Speaking of which, which of them is stronger?”

The First Elder stroked his beard and said with a solemn expression,

“I don't know. Although that Fang Aotian is powerful, the other party has three people. As the saying goes, two fists can't beat four hands. I'm afraid...”

However, at this moment, the sect master shook his head.

“That might not be the case! I heard that this Fang Aotian has been in the limelight recently and has taken in many sects. It's said that he even has the intention to become independent from the Great Zhou Empire. Even if it's a one-on-three battle, he has no reason to fear!”

Another elder also said, "During this period of time, our Heaven Demon Sect has always been under the orders of the patriarch to enter seclusion to cultivate. You guys don't know this. A few days ago, I came out of seclusion because I had something to do and heard that this Fang Aotian is now an extremely powerful celebrity. In fact, he's even wanted by the Great Zhou Imperial Family, along with the Acacia Faction's sect master and another super genius."

"It's said that he even defeated the Demon Sect and the Demon Venerable!"

"Hiss ~! He wants to gain independence from the Great Zhou Empire!"

"He even defeated the Demon Sect's Demon Venerable?"

At this moment, almost everyone was certain.

Fang Aotian was definitely going to win!

Who could defeat such an expert? Who could kill him?

His enemies would only be killed by him!

At this moment, the battle in the sky was becoming more and more intense. Fang Aotian seemed to have swallowed a Martial Monarch Realm pill that could increase his attack power for a short period of time. Every time he attacked, the might was extraordinary. He forcefully took back the upper hand after being surrounded by the three of them for a long time. At this moment, he forced the three of them back step by step.

His sword was extremely fast. As he slashed repeatedly, Ji Wuxia, Fang Tianyuan, and Yun Lige's clothes were already somewhat tattered, revealing the Martial Monarch Realm armor inside.

Seeing that Martial Monarch Realm armor, Fang Aotian was so furious that his eyes turned red.

Chapter 203: Aotian's Death

Why?

They were only three ordinary trash. How could they have such powerful strength just because they had become disciples of Lu Xiaoran? They even had so many pieces of equipment!

Why?

He was the hot shot!

Even if he was inferior to Lu Xiaoran, why was he inferior to his disciples?

Kill!

His eyes had already turned scarlet red!

He wanted to kill all three of them and everyone in the Heaven Demon Sect below!

He wanted to blast everyone into the sky!

Of course, Fang Aotian would not detonate his Martial Monarch Realm weapon again.

Although the Ancient Bronze Hall was a treasure vault of an extremely powerful ancient sect, it was still only a sect no matter how powerful it was!

Therefore, he still had a limited number of Martial Monarch Realm weapons.

Previously, when he was dealing with Ling Xinyue, he had already exploded two to three weapons. Later, when he dealt with Fang Tianyuan and the others, in order to break Lu Xiaoran's two Martial Monarch Realm attack formations, he had shattered several more.

He did not have much left.

However, although he did not have many Martial Monarch Realm weapons left, he still had many Saint Realm and Heaven Realm weapons.

Although the quality of these weapons was inferior to Martial Monarch Realm weapons, as long as there were enough of them, it was not a problem for their explosive strength to match Martial Monarch Realm weapons.

Without much hesitation, Fang Aotian directly took out 14 Saint Realm weapons, 69 Heaven Realm weapons, and 193 Earth Realm weapons from the Ancient Bronze Hall.

Seeing the weapons that suddenly appeared, Yun Lige's expression suddenly changed. At this moment, each weapon began to emit a faint golden light that was filled with a destructive aura.

"Something's wrong. He's going to detonate his weapon again."

"Does this pervert like to play with firecrackers so much?"

"Don't be afraid. Hide behind me."

Fang Tianyuan used his Indestructible Golden Body with all his strength.

The current him had already reached the peak of the tenth level of the Essence Realm. The Indestructible Golden Body he used was not just a little stronger than before.

The moment he used it, a golden giant phantom more than a hundred meters tall immediately formed in the sky.

Seeing this cultivation technique, Fang Aotian suddenly trembled.

"This cultivation technique... It's you! You actually didn't die? How is this possible? I don't believe it!"

"How could I die before killing you?"

Hearing Fang Tianyuan's voice, Fang Aotian completely collapsed at this moment.

He did not expect Fang Tianyuan to still be alive!

However, Li Liushui's saber had clearly killed Fang Tianyuan!

He had confirmed it with his own eyes!

Could it be Lu Xiaoran again?

His body trembled. At this moment, Fang Aotian was extremely afraid of the Lu Xiaoran he had never even met before.

That guy could even revive a dead person. How many more tricks did he have?

After his mental breakdown reached the limit, Fang Aotian had already gone crazy.

He had to kill Fang Tianyuan!

There was also Yun Lige and Ji Wuxia. After bringing them down, he could also damage Lu Xiaoran's luck.

Only in this way could he cooperate with Li Liushui and Nalan Hongyu to completely kill Lu Xiaoran.

It could be said that although Fang Aotian had never met Lu Xiaoran before, Lu Xiaoran had already become the greatest nightmare of Fang Aotian's life!

Kill!

As killing intent surged, Fang Aotian roared. All the weapons instantly transformed into dazzling golden lights that bombarded Fang Tianyuan's Indestructible Golden Body giant phantom mercilessly like cannonballs.

Boom! Boom! Boom!

Explosions sounded one after another. The powerful explosion energy made the world tremble. Even the people from the Heaven Demon Sect who had escaped more than 50 kilometers away felt their hearts palpitate when they heard this explosion.

"Too terrifying. Is this Fang Aotian's combat ability?"

"This is already on a completely different level from us. I'm afraid even our Heaven Demon Sect's patriarch might not be his match!"

Elder Huang could not help but sigh.

"No wonder he dared to break off relations with the Great Zhou. With such a powerful strength, not to mention him, if I were in his shoes, even I would want to establish my own sect!"

The Sect Master was silent for a moment before saying, "Elder Huang, when these experts leave, I want to have a good chat with you."

Elder Huang's face immediately turned pale.

"Don't... don't say that, Sect Master. I was just joking."

Unfortunately, Sect Master Chen could not be bothered with him.

This immediately made Elder Huang want to cry. Only his beautiful wife, Dazhuang, beside him, caressed his back and gave him a trace of comfort.

"Husband, don't cry. The sect master is a man, and you're also a man. At most, he'll just beat you up."

...

The explosions in the sky above the Heaven Demon Sect became more and more intense. The golden giant phantom was somewhat unable to endure it and began to slowly fall, trembling.

“Junior Brother, don’t panic.”

Yun Lige and Ji Wuxia immediately rushed forward. At the same time, they circulated the spirit energy in their bodies and crazily transmitted it to Fang Tianyuan to maintain his Indestructible Golden Body.

At the same time, Yun Lige also used the Azure Thearch Longevity Art to constantly treat Fang Tianyuan’s injuries to repair his organs.

In the sky, seeing that his weapon was about to explode, Fang Tianyuan still gritted his teeth and endured. Blood had already seeped out of the corner of his mouth, but the golden giant was still not destroyed. Fang Aotian’s scarlet eyes had already lost their rationality.

“Go ahead and try your best to stop! Let’s see if you can stop this!”

As he spoke, Fang Aotian took out a Martial Monarch Realm weapon from the Ancient Bronze Hall. With a roar, he directly detonated the Martial Monarch Realm weapon and threw it at Fang Tianyuan.

At this moment, he no longer wanted to conserve his Martial Monarch Realm weapons. As long as he could kill Fang Tianyuan, he would do so at any cost!

The entire world kept changing color because of this explosion. It was flickering. The spatial barrier was also somewhat unstable and began to produce some distortions and turbulence.

When the last of the Saint Realm weapon exploded, a huge hole finally appeared in Fang Tianyuan’s Indestructible Golden Body.

“Alright!”

A smug expression flashed in Fang Aotian’s eyes. He directly controlled the Martial Monarch Realm weapon to explode on the huge hole.

Boom!

Another shocking bang sounded, and the shock wave directly began to distort the space.

At this moment, Fang Tianyuan’s incomparably hard Indestructible Golden Body was finally torn and swallowed mercilessly by the spatial power of the spatial turbulence.

In the sky, Fang Aotian immediately roared with laughter.

“Hahaha... I want to see how you plan on surviving this time! The top-notch bloodline of the Ancient Ape Tribe will ultimately be mine to develop!”

However!

Just as he said this, the space on his left suddenly distorted. In the next moment, a cold light was like a dragon as it instantly pierced through one of his arms.

Before he could react, the other party's wrist exerted strength, and the powerful astral aura directly shattered his arm.

"Ah!"

Fang Aotian was sent flying, his face filled with disbelief as he stared fixedly at Yun Lige who had sent him flying.

"How is this possible? I clearly caused an explosion. It's impossible for you to be unscathed."

"You only shattered my cultivation technique defense and a layer of Martial Monarch Realm armor."

As soon as he finished speaking, Fang Tianyuan's familiar voice sounded in his ear, accompanied by Fang Tianyuan's hammer.

Bang!

The Void Shattering Hammer smashed Fang Aotian flying again. This time, a total of five ribs were broken on his back.

Pfft!

Spitting out a mouthful of blood, Fang Aotian immediately turned around and stared fixedly at Fang Tianyuan, his pupils constricting.

"Impossible! This is impossible!"

A huge hole had already been blasted into Fang Tianyuan's Martial Monarch Realm armor. However, there was still a Martial Monarch Realm armor inside the armor!

On top of that, Li Liushui had previously destroyed Fang Tianyuan's other Martial Monarch Realm armor. Just how many Martial Monarch Realm armors did he have?

This damn Lu Xiaoran. He actually had so many more Martial Monarch Realm weapons and armors than him!

Just as his mind was in chaos and jealousy, another sword beam attacked from behind Fang Aotian.

He held his sword in one hand and swung it to receive the attack.

"A mere second level Essence Realm expert, get lost!"

The sword beam swept away Ji Wuxia's sword beam and mercilessly blasted away Ji Wuxia's phoenix phantom.

The sword beam did not lose its momentum and directly slashed Ji Wuxia's clothes apart. He originally thought that this move could at least heavily injure Ji Wuxia. Unfortunately, Ji Wuxia only coughed twice and did not have any traces of being seriously injured.

Something was wrong.

Fang Aotian immediately looked into the crack in the coat. When he saw the corner of the Martial Monarch Realm armor that was revealed, his cerebral vessels were about to explode!

Another Martial Monarch Realm weapon!

Not long ago, he had been proud of obtaining the Ancient Bronze Hall and possessing more than ten Martial Monarch Realm weapons.

In the entire world, there was definitely no one who could compare to him in the lower realms.

However, today, under the repeated attacks of Lu Xiaoran's disciple, his mind had already completely collapsed and he was on the verge of going crazy.

"I want to kill all of you."

Fang Aotian could no longer care about anything. His jealousy and possessiveness made him no longer stingy with his remaining Martial Monarch Realm weapons.

He had to kill Lu Xiaoran's disciple and then kill Lu Xiaoran.

Unfortunately, because he had been distracted by Ji Wuxia, Yun Lige and Fang Tianyuan were given enough time to attack. The two of them took the opportunity to attack. Just as he took out the Martial Monarch Realm weapon, Yun Lige shot at his temple, making him dizzy.

Fang Tianyuan took the opportunity to fiercely smash his hammer at Fang Aotian's crotch!

His master had said that living to the end was the most important. The despicable moves could be said to be righteous!

This was because the right to speak was in the hands of the winner.

Bang!

The pain of this attack reached Fang Aotian's soul, making his mind rumble. All his consciousness fell into a stagnation and the blood in his brains was unable to circulate at all.

Taking advantage of this opportunity, Yun Lige avoided his Martial Monarch Realm armor and pierced through his neck.

Boom!

Blood rained down.

Fang Aotian's head spun in the air.

Without the control of his head, his body was unable to activate spirit energy, and the Martial Monarch Realm armor was also unable to unleash its effects.

In front of Fang Aotian, Yun Lige's spear quickly pierced through the armor, and Fang Tianyuan smashed down with his armor.

Seeing this scene, Fang Aotian completely collapsed.

"No, I... I can't die. If I die... what will happen to my royal hegemony?"

“What will happen to my harem?”

Chapter 204: Hot Shot VS Chosen One

At the moment of life and death, Fang Aotian immediately summoned out of the Ancient Bronze Hall.

He wanted to escape into the Ancient Bronze Hall and run into the void. Then, he would use the medicinal pills in the Ancient Bronze Hall to repair his body.

At that time, he would still have a chance to survive.

Moreover, he was very smart to summon the Ancient Bronze Hall in front of him. At this moment, Yun Lige and the others' attacks would be blocked by the Ancient Bronze Hall and would be unable to injure him.

Unfortunately, Yun Lige had long been prepared for this.

His master had said many times that the hot shots always had a chance to avoid death at the moment of death.

They could be saved by experts or escape with secret techniques.

Therefore, when Fang Aotian only had one head left, Yun Lige immediately attacked. He took out his other Martial Monarch Realm weapon and threw it out in a lightning-like manner.

After experiencing the battle just now, the Battle God Art was constantly circulating. At this moment, Yun Lige's actual combat strength was already comparable to the first level of the King Realm.

The strength of the Martial Monarch Realm weapon was boundless.

Bang!

The Martial Monarch Realm weapon attacked and directly shattered the Ancient Bronze Hall.

“No!”

Fang Aotian's eyes widened in extreme fear.

He had never expected Yun Lige to have a second Martial Monarch Realm weapon.

This mistake had completely cost him his life.

Ji Wuxia flew up from below and slashed out.

“Have a taste of a sword attack at the second level of the Essence Realm. I wonder if it is enough to kill you?”

With a slash, a cold beam spread for a thousand meters. The powerful sword beam directly destroyed Fang Aotian's head.

After losing his soul embodiment body, Fang Aotian's soul was also unable to resist.

Before he could escape, Fang Tianyuan's Void Shattering Hammer had already pressed down on his head.

Bang!

After a loud bang, the void collapsed. Fang Aotian's soul was directly shattered into pieces.

At this point, Fang Aotian had completely died.

The three of them looked at each other and immediately smiled.

Although their cloaks, masks, and coats had been blasted into pieces and they looked like three beggars, the three of them were especially happy.

It had not been easy. They had finally killed a hot shot.

At this moment, the three of them felt that their bodies were wrapped in a warm force and were especially comfortable.

"Could this feeling be the power of luck?"

The three of them closed their eyes and felt the benefits of the luck.

They felt that something seemed to have changed in their bodies. They could not explain why their cultivation did not increase, but they felt that they had gained more confidence.

They were confident that as long as they worked hard, they could do anything.

If Wang Cai was here, he would probably be furious.

For no reason, Wang Cai's meal had been stolen.

However, there was nothing Wang Cai could do about it. After dying, the luck of others would also dissipate. As this luck dissipated, it would find the closest lifeform and fuse with the lifeform's luck

It would not stay for long. Otherwise, wouldn't it be possible to find luck everywhere in the world?

After the three of them finished sucking up Fang Aotian's luck, they opened their eyes and smiled.

"Master probably won't scold us when we return this time."

"Eldest Senior Brother, you've finally done it."

Yun Lige placed one hand behind his back and waved his hand.

"You're too polite. There's still Fang Aotian's bronze ancient hall below. Let's quickly move away and help Master and the others."

"Alright."

The three of them immediately landed and moved the Ancient Bronze Hall.

As the three of them worked together to move away the Ancient Bronze Hall, Sect Master Chen, who had rushed back to investigate, happened to see this scene.

At that moment, he was dumbfounded.

“Aren’t those three Xiaoran’s three disciples?”

...

On the other side, seven figures had also arrived in the sky above the Great Zhou Imperial City.

“Is this the Great Zhou Imperial City?”

“That’s right. This is the Great Zhou Imperial City. That guy below is Lu Xiaoran.”

“Hongyu, you’re the one who said that this brat has many Martial Monarch Realm weapons. If you dare to lie to us, the six of us will definitely make you regret it for the rest of your life.”

Nalan Hongyu placed her hands behind her back and smiled indifferently.

“Do you think I, a Supreme Realm expert, would put my life at stake just to joke with you? Everyone here should know how difficult it is to cultivate to the Supreme Realm, right?”

“I just want to kill Lu Xiaoran with my own hands and avenge my son. As for his Martial Monarch Realm weapons, I guarantee that I won’t take a single one. You guys can at least get one Martial Monarch Realm weapon each.”

Hearing this, everyone nodded.

“Alright! Just because of what you said, we’ll help you today.”

As they spoke, the six of them erupted with their auras at the same time.

In an instant, the world changed. Wind and clouds surged in the entire Imperial City, and lightning flashed. A powerful aura pressed down, directly making countless cultivators in the Imperial City of the Great Zhou tremble in fear.

It was even to the extent that almost 70% of the citizens knelt on the ground and were unable to raise their heads.

Those below the Master Realm were simply unable to resist this pressure.

The corner of Nalan Hongyu’s mouth curled up slightly.

She did not expect these people to be able to kill Lu Xiaoran.

As the chosen one, Lu Xiaoran already had the ability to kill enemies at a higher level.

He could easily take on multiple enemies at once.

If he were to be killed by a few cultivators of the same level, wouldn’t he, Lu Xiaoran, be too worthless?

What she wanted to do was let these people stall for time. After Fang Aotian and Li Liushui killed Lu Xiaoran’s disciples and greatly reduced his luck, they would then teleport over and accompany her to send Lu Xiaoran on his way.

As for Lu Xiaoran’s Martial Monarch Realm weapons... Hehehehe... they would naturally be hers!

At this moment, the Great Zhou Imperial Family Elder Group had also sensed this force. Everyone was shocked.

“Heavens, what powerful strength! Every one of them is at the Supreme Realm. What is happening? Why are there so many Supreme Realm experts in our Great Zhou?”

“It’s over! The Great Zhou is finished!”

“Could this be the end of the world?”

In a newly established imperial palace in the Great Zhou Empire, Ji Tianming and the others stopped what they were doing and looked towards the sky, shocked until their hearts raced.

“Father, what a powerful pressure. Where did so many Supreme Realm experts come from? What’s happening?”

The previous Emperor of the Great Zhou had already become a member of the Elder Group and was no longer the emperor.

At this moment, he placed his hands behind his back and narrowed his eyes. He stared at the figure in the sky and gritted his teeth.

“They’re all here to find you, right? This time, even you have no choice but to reveal your strength! I can’t wait to see who you are!”

The moment the other party killed Lin Fei, he was already somewhat puzzled.

And when Ji Wushang killed his beloved daughter, Ruyang, in the battle for the throne, he had already confirmed it.

The person behind the Purple Peace Imperial Palace was definitely the person behind Ji Wuxia.

He was not stupid. The other party was able to make the three of them so powerful and even get the Grand Elder to confirm the status of the Purple Peace Imperial Palace.

This was enough to prove that Lu Xiaoran’s strength was very, very powerful!

However, he was unwilling to accept this. He wanted to see how powerful Lu Xiaoran was!

He wanted to see if the other party was powerful enough to make him stay as a mere member of the Elder Group.

Or could it be that in a year from now, it would be Lu Xiaoran’s death anniversary?

...

Two minutes before this, Lu Xiaoran, who was waiting for Nalan Hongyu, had gotten bored. Since he had nothing to do, he decided to accept Yun Lige’s advancement gift bag and open it to pass the time.

Divine Dao Spirit Stone x1000.

Mid-grade God Realm Exquisite Tower x1.

High-grade God Realm divine beast egg x1.

Low-grade God Realm Taiyi Lightning Hammer x1.

...

After opening more than ten gift boxes in a row, an unfamiliar and powerful aura suddenly came from the sky.

This made Lu Xiaoran's eyes immediately light up.

"They're here."

Without much hesitation, he immediately activated all the array formations in the Great Zhou Imperial City.

These array formations could resist the shock wave produced by the battle and stop it from entering. This way, it could prevent the Great Zhou Imperial City from being destroyed by the shock wave.

Then, Lu Xiaoran activated the array formation outside the Imperial City to prevent these people from escaping.

After doing these two things, Lu Xiaoran heaved a sigh of relief. He took out two top-grade Martial Monarch Realm weapons, one saber and one sword.

It couldn't be helped. His current strength was already very powerful. He had reached the seventh level of the Supreme Realm and had many means. It was completely not a problem for him to fight those at a higher level.

If he took the divine weapon again, he was really afraid that the heavens would strike him with divine lightning.

The moment he took out the Martial Monarch Realm weapon, the other party's auras also discovered him. Without wasting any time, one of them directly pressed down on his head.

"Are you Lu Xiaoran? You've actually stepped into the Supreme Realm at such a young age. Your talent is indeed monstrous. If you were given a bit more time, it's also very likely for you to step into the Saint Realm in the future."

However... unfortunately, you're too arrogant and don't know how to restrain yourself. You killed the wrong..."

Before he could say the word "person", a shockingly fast cold light suddenly attacked.

It was Lu Xiaoran.

He had thrown the Martial Monarch Realm sword in his hand.

Boom!

The light pierced mercilessly through the other party's shoulder, leaving a huge bloody hole.

"Arrogant brat."

The person who spoke immediately had an extremely cold and ugly expression. He berated angrily and was about to kill Lu Xiaoran when Lu Xiaoran had already arrived in front of him.

The shocking speed instantly suppressed his furious mood, and what replaced it was dense fear.

How did Lu Xiaoran get here so fast?

Why was his speed so fast?

How did he do it?

Sensing the killing intent coming from Lu Xiaoran, he did not dare to be careless at all. He immediately took out his weapon, a quasi Martial Monarch Realm weapon and a sword above the top-grade Saint Realm to resist Lu Xiaoran.

However, just as he pulled it out, Lu Xiaoran raised his hand and slashed.

Chapter 205: Battle of Destiny

The Supreme Realm martial artist did not even have the chance to react before the hand holding the quasi Supreme Realm weapon was directly severed by Lu Xiaoran.

Pfft.

Blood surged. Before the other party could react and retreat quickly, Lu Xiaoran's second saber attack had already slashed out.

Then came the third, fourth, fifth, and sixth...

Almost in an instant, he had slashed out a total of 8400 times!

The saber was fatal and directly cut the other party's body into pieces.

At this moment, the Martial Monarch Realm sword fell. Lu Xiaoran caught the sword and used the momentum to condense a lightning power to directly blast the other party into ashes. Even the other party's soul was shattered alive and completely disappeared from this world.

After quickly and comfortably completing this series of attacks, Lu Xiaoran finally stopped and exhaled.

"Hah! You don't even have a Martial Monarch Realm weapon, but you dare to fight me? How embarrassing."

It was not surprising for a Supreme Realm expert to not have a Martial Monarch Realm weapon.

This was because not everyone was as abnormal as Lu Xiaoran.

Moreover, not everyone was as lucky as Fang Aotian and could find Martial Monarch Realm weapons in street stalls.

The Great Zhou Imperial Family had a total of five Martial Monarch Realm weapons. All of them were left behind by the founding emperor of the Great Zhou Empire.

That founding emperor was also a Martial Monarch Realm expert!

Ling Xinyue of the holy Demon Sect only had one Martial Monarch Realm weapon. It was also passed down by the Demon Venerable ten thousand years ago.

In the entire world, Martial Monarch Realm weapons were extremely rare.

Only a special existence like Lu Xiaoran would have endless Martial Monarch Realm weapons.

Seeing Lu Xiaoran instantly kill a Supreme Realm expert, the expressions of the others could not help but change.

This was because they did not expect Lu Xiaoran to be so fast and powerful.

After all, the other party was able to kill a Supreme Realm expert in such a short period of time.

However, they were not afraid.

The reason for that was because that Supreme Realm expert was the weakest among them. His cultivation was only at the first level of the Supreme Realm. He was also an existence that had just stepped into the Supreme Realm.

He did not even have a Martial Monarch Realm weapon!

Moreover, Lu Xiaoran had a Martial Monarch Realm weapon that increased his combat strength. In a situation where the other party was careless, Lu Xiaoran instantly killing the other party was not that shocking.

Of course, they would not underestimate Lu Xiaoran because of this.

However, they would choose to work together and attack Lu Xiaoran to increase their chances of victory.

“This guy’s cultivation is extremely powerful. Everyone, don’t fight him alone. Attack together and kill him. After that, we’ll split his Martial Monarch Realm weapon.”

“Let’s attack together.”

Nalan Hongyu shouted. At this moment, all the Supreme Realm experts attacked Lu Xiaoran.

In the sky, only seven lights could be seen instantly. They constantly collided.

Every time they collided, lightning would erupt. Lightning struck again and again in the sky, and the explosions did not stop for a moment.

The clouds in the sky were even torn apart and evaporated due to the shock wave of their battle...

There was no longer any cloud in the sky.

This was a battle that was destined to be recorded in the history of the entire Great Zhou Imperial City!

Lu Xiaoran fought seven Supreme Realm martial artists alone and even killed one in the beginning of the battle!

Of course, only a few people knew Lu Xiaoran's identity.

As for the others, they naturally did not know who Lu Xiaoran was.

The battle continued. The six Supreme Realm experts attacked like lightning and had boundless strength.

A sword tore through the void, and a saber extracted spirit energy to attack Lu Xiaoran's vital points.

Lu Xiaoran did not even dodge.

He was already wearing three layers of God Realm armor.

In fact, every time he obtained a new God Realm armor, he would immediately put it on.

Because these armors were all made of spirit items, no matter how much one wore, it would still be well hidden. One would not be able to tell just by looking at Lu Xiaoran's appearance.

Other than the God Realm armor, there were also two layers of top-grade Martial Monarch Realm armor.

This was already the limit of a person's armor. Otherwise, Lu Xiaoran would have put on his dozens of Martial Monarch Realm armor.

Even so, Lu Xiaoran still used a layer of the Indestructible Golden Body to directly envelop his organs, especially in the parts where the Martial Monarch Realm armor could not defend.

The current Lu Xiaoran could almost be said to be indestructible.

Even if he just stood there and let the few of them attack him, they might still not be able to break through his defense.

The six Supreme Realm martial artists surrounded Lu Xiaoran and fought for a long time. However, they were still unable to inflict any injuries on Lu Xiaoran's body.

"Damn, why is this brat like a turtle? I can't injure him at all."

"Don't be discouraged. He has a lot of Martial Monarch Realm armor. As long as we can kill him, we can obtain these Martial Monarch Realm weapons. Do it for the Martial Monarch Realm weapons."

As Nalan Hongyu persuaded her companion, she sighed emotionally in her heart. Lu Xiaoran's cultivation was simply too powerful.

She was tempted.

If only she and Lu Xiaoran were not enemies. If the two of them worked together and she became Lu Xiaoran's woman, the two of them would definitely be able to rise up and become the rulers of this world together.

However, now, the two sides were already enemies that would fight to the death. Therefore, she could only kill him!

The fluctuation in the sky became stronger and stronger. The defensive array formation of the Great Zhou Imperial City actually vaguely felt like it was shaking. The originally hard defensive barrier was actually surging like water at this moment.

Lu Xiaoran's expression was calm.

From the moment the six of them attacked until now, they had attacked more than ten thousand times.

It had only been a second.

The speed and strength of a Supreme Realm battle had already surpassed the endurance of this small world.

It had also surpassed the level that ordinary people could sense.

Ordinary people could only see lightning flashing in the sky and feel the shock waves pressing down on their surroundings.

Before they could even react, they had already knelt on the ground.

This was the instinctive reaction of their bodies. Their souls weren't simply unable to handle it.

In a second, Lu Xiaoran directly erupted after a simple warm-up.

In the previous confrontation, he had only used 90% of his strength. Now, he wanted to directly unleash 100% of his strength.

He wanted to suppress them!

Boom!

Lu Xiaoran slashed with his saber and sword at the same time. The two Supreme Realm martial artists who were the first to fight Lu Xiaoran immediately retreated tens of thousands of meters.

The two Supreme Realm martial artists were both dumbfounded. Their arms that were tightly holding the Martial Monarch Realm weapons trembled incessantly, and their hearts ached.

This was because Lu Xiaoran's strength was too powerful. As a result, their powerful Supreme Realm bodies were unable to withstand and stop this force. The force even caused their internal organs to tremble.

If one was powerful enough, they would naturally be able to avoid the trembling of Lu Xiaoran's might.

However, to be honest, it was probably not easy to find someone of the same level.

There was no need to mention the few people here.

Before these two Supreme Realm martial artists could react, the other four Supreme Realm martial artists were also sent flying by Lu Xiaoran's huge force.

Everyone's expressions changed drastically. They did not expect Lu Xiaoran to be able to unleash such a powerful strength.

“Is this guy really at the Supreme Realm? We’re all Supreme Realm experts. Why does it feel like we’re fake Supreme Realm experts? Is he the only genuine Supreme Realm expert here?”

One of the Supreme Realm experts could not help but curse. Just as he was about to curse, he felt an extremely powerful killing intent lock onto him.

Without thinking much, he retreated instantly.

Facing a freak like Lu Xiaoran, he did not dare to stop at all.

In fact, his judgment was right. Just as he left, in the next second, the place he had just stood was slashed by Lu Xiaoran, and a rift was directly created in the spatial barrier.

Hiss!

The Supreme Realm expert immediately felt his scalp turn numb.

This guy was actually able to slash out a void rift in the spatial barrier. Wasn’t this a little too terrifying?

It had to be known that only those at the Saint Realm had the chance to break through the spatial barrier and create spatial rifts when attacking.

Of course, there was still another way. When an inferior expert condensed different powerful attacks, there was also a chance for him to create a spatial rift.

For example, Fang Aotian could create a spatial rift by detonating multiple weapons below the Martial Monarch Realm continuously. Or rather, he could directly detonate a single Martial Monarch Realm weapon.

However, the problem was that Lu Xiaoran had only used one move!

One move!

In just this one move, he had directly shattered the spatial barrier. How powerful was the power contained in this?

None of them had the defense of Lu Xiaoran’s Martial Monarch Realm armor. The best armor they wore was only a small Saint Realm armor. How could an armor of this level resist Lu Xiaoran’s attack?

Unless they could make sure that the Martial Monarch Realm weapons in their hands could parry Lu Xiaoran’s blades perfectly every time, they would all die at Lu Xiaoran’s hands. Even a slight deviation would cost them their lives.

The most terrifying thing was that this damn pervert Lu Xiaoran’s attack speed was countless times faster than theirs.

With the powerful enhancement of this speed, they had no chance of defeating Lu Xiaoran at all!

It was over!

This time, he had completely messed with someone they weren’t supposed to mess with.

One of the Supreme Realm experts felt that he had made the greatest mistake of his life.

He instantly felt like he shouldn't have listened to Nalan Hongyu's nonsense and come to find trouble with this Lu Xiaoran.

It was true that the other party indeed had many Martial Monarch Realm weapons and Dharma treasures. If he could obtain one, it would be extremely beneficial to him in his life.

However, to be able to earn money, one had to be alive to spend it!

No, this could not continue. If this continued, he would die here.

“Run!”

Chapter 206: Saber and Sword

Without any hesitation, his body reacted the moment he thought of escaping.

The compatibility between a Supreme Realm expert's soul and body was already rather perfect.

The moment his soul developed the thought, his body had already reacted.

In the blink of an eye, he transformed into a bolt of lightning and left.

Nalan Hongyu immediately could not help but roar,

“Earth Shattering Supreme, where are you going?”

Unfortunately, the Earth Shattering Supreme did not even turn around to give her a reply.

Clearly, he was already frightened and did not dare to stay any longer.

Unfortunately, he had just flown less than 50 kilometers when he was directly blocked by powerful energy.

Bang!

Because he had failed to notice the array formation, he directly collided with the array formation and was bounced back on the spot.

“No!”

He let out a miserable cry. In the next second, Lu Xiaoran pounced forward and slashed.

Facing Lu Xiaoran's attack, he resisted with a Martial Monarch Realm weapon. With a wave of his long sword, the blades collided, and several lightning purple lights shot out from the point of impact, flashing in the sky.

With a single attack, Lu Xiaoran's long saber actually slashed a hole in the other party's sword.

This was not only because Lu Xiaoran's weapon was a top-grade Martial Monarch Realm weapon. At the same time, it was also because Lu Xiaoran's cultivation far exceeded the other party's.

Moreover, the huge force shocked the other party until his blood surged. His body instantly trembled.

In a top-notch battle between experts, any slight mistake could cause an irreparable disaster.

“Don’t kill me, don’t...”

The other party had just shouted when Lu Xiaoran swung his sword and severed the arm holding the Martial Monarch Realm weapon. Before blood could erupt, Lu Xiaoran slashed diagonally from bottom to top and immediately severed half of the other party’s body.

“No!”

The other party immediately circulated his cultivation technique in an attempt to repair his body.

Clearly, the other party had a healing cultivation technique similar to the Azure Thearch Longevity Art. However, this cultivation technique was not as powerful as the Azure Thearch Longevity Art.

However, even so, Lu Xiaoran would not give the other party any chance to recover.

He had to kill quickly.

Any hesitation would cause an uncontrollable change.

The Trinity True Eyes was activated and directly invaded the other party’s sea of consciousness. A powerful mental attack tore the other party’s soul apart on the spot.

The moment the other party’s eyes glazed over, Lu Xiaoran circulated the Primordial Chaos Emperor Scripture and attached it to his saber and sword. The saber and sword crossed and slashed out, erupting with an incomparable destructive force. It distorted space and tore apart everything, ripping apart his powerful Supreme Realm expert’s body completely, not leaving a single bit of flesh behind.

Seeing this, the remaining four Supreme Realm experts’ expressions were extremely ugly.

It was even to the extent that some people began to tremble.

Damn, how was this guy a freaking Supreme Realm expert?

They were all Supreme Realm martial artists, but why did they feel like rats that had encountered a cat? Their usual strength was actually completely suppressed at this moment.

They inexplicably felt a threat from death.

Ever since they had become Supreme Realm experts, they had never felt this way.

The strength of a Supreme Realm expert was enough to establish an empire.

And today, after facing Lu Xiaoran, they suddenly felt fear.

As the fear enveloped their body, anger also rose. They all focused their anger on Nalan Hongyu.

“Nalan Hongyu, you slut. Didn’t you tell us that he’s only a Supreme Realm expert?”

Nalan Hongyu said coldly, “When did I lie to you? Isn’t he a Supreme Realm expert?”

“Bullsh*t! His aura is at the Supreme Realm, but that doesn’t mean he’s at the Supreme Realm. This guy is definitely not at the Supreme Realm. It’s simply not possible!”

“That’s right! Nalan Hongyu, you slut, did you deliberately lie to us to let him kill us and snatch our Martial Monarch Realm weapons?”

“Nalan Hongyu, I only have one Martial Monarch Realm weapon. If you dare to have designs on my Martial Monarch Realm weapon, I will definitely not let you off easily! Even if I have to be killed by him, I will definitely make sure you pay with your life as well.”

Nalan Hongyu pretended to be angry and said, “Idiot, if I lied to you, why did I have to deal with him with you just now? Use your pig brains. With his powerful cultivation, does he still need me? He would be able to find and kill you either way!”

“Hmph! Who knows if you’re colluding with him?”

Nalan Hongyu sneered and said, “Stop talking nonsense here. When you arrived, your eyes lit up when you heard that there were Martial Monarch Realm weapons. Now that you can’t beat them, you’re blaming everything on a woman like me? Do you think you’re worthy of being called men?”

“You!”

“Alright, stop arguing here.”

At the critical moment, an older Supreme Realm martial artist said with a solemn expression,

“Alright, stop talking nonsense here. Now, we’re all in the same boat. No one can escape. It’s best if we work together. Otherwise, I’m afraid none of us will be able to leave today. We’ll all die under this brat’s saber.”

This sentence hit the nail on the head.

No matter how frustrated and uneasy everyone was now, they had to be careful when facing Lu Xiaoran.

This guy was really too abnormal.

If anything went wrong, they would all die here.

“I have a Martial Monarch Realm formation here that just happens to require five people with similar cultivation. There happens to be five of us here, and we’re all Supreme Realm experts. If we use that move, we might have a chance to kill this guy.”

“Let’s kill him!”

When everyone heard this, their eyes instantly lit up.

What was their goal here?

It was all to kill Lu Xiaoran!

However, now, the cultivation Lu Xiaoran revealed was too powerful, making them somewhat unable to hold on.

However, this did not mean that they did not want to kill Lu Xiaoran!

As long as there was a chance, how could they let Lu Xiaoran off?

Nalan Hongyu did not care.

She already knew that no matter how these people worked, they might not be able to kill Lu Xiaoran successfully.

She only wanted to stall for time.

After Fang Aotian and Li Liushui successfully killed Lu Xiaoran's disciples and gathered here, there was a high chance of success.

She had to calm them down first.

"Alright! Brother Tuoba, since you have a Martial Monarch Realm formation that can kill Lu Xiaoran, we'll all listen to your orders from now on. After killing Lu Xiaoran, Brother Tuoba, you choose the Martial Monarch Realm weapon first."

"Alright! In that case, I won't be polite."

As soon as he finished speaking, Supreme Tuoba directly imparted his Martial Monarch Realm formation to the few of them.

To be honest, at this moment, Martial Exalted Tuoba's face revealed endless heartache.

That was a Martial Monarch Realm formation he had obtained with great difficulty. Back then, he had spent a lot of effort in a Martial Monarch Realm tomb to finally find it.

For this array formation, he had sacrificed his favorite disciple.

It could be said that this formation was not only important to him, but it was also very meaningful.

After he teleported the array formation to everyone, everyone immediately began to use it.

He set up the array formation according to the instructions of the array formation.

This scene was naturally seen by Lu Xiaoran. It was not an exaggeration to say that Lu Xiaoran found it very laughable.

Why did the other party have to set up an array formation in front of him?

He would rather the five of them directly attack him.

At this moment, the five of them had already formed the array formation.

The person in the lead was Tuoba Supreme. His gaze was deep, and he had his hands behind his back with a proud expression.

"This array formation of mine is extremely powerful. It can gather all of our cultivation into a single point and unleash an attack that is far more powerful than any of our attacks. Everyone, pour your spirit energy into it one by one according to the order of the array formation and begin the attack."

In the next second, golden light began to emit from the bodies of the five Supreme Realm martial artists. The light condensed a little and finally flickered among the five of them before fusing into Tuoba Supreme's body.

In an instant, Tuoba Supreme's aura suddenly soared. It even almost reached the late-stage Supreme Realm.

Boom!

Above the nine heavens, Purple Heaven Divine Lightning roared, as if it was a warning sign.

However, Tuoba Supreme was not affected at all. The corners of his mouth curled up slightly as he clenched his fists.

Sensing how powerful the surging power was, his eyes revealed excitement, arrogance, and joy.

"With such powerful strength, even Lu Xiaoran should be afraid, right?"

As he spoke, his gaze landed on Lu Xiaoran.

"Brat, have you thought of your last words?"

...

At the same time, in the southeast corner of the Great Zhou, two figures were advancing at high speed. After flying past countless mountains, they finally successfully stepped into the territory of the Azure Lotus Sword Sect!

The Azure Lotus Sword Sect was the only first-rate sect in the Great Zhou.

The foundation of this sect was only slightly inferior to the Great Zhou Imperial Family.

Among them were many Emperor Realm experts. They also had an Emperor Realm elder.

However, ever since that incident, the entire Azure Lotus Sword Sect had kept a relatively low profile, as if they were afraid of provoking another existence they could not afford to provoke.

"Senior Brother Li, we've already arrived at the Azure Lotus Sword Sect."

Li Changsheng nodded.

The two people who had come were naturally Li Changsheng and Zhuge Ziqiong.

The two of them had followed their master's orders and did not dare to slack off at all. In the end, they arrived at the Azure Lotus Sword Sect in the shortest time.

After stepping onto the land he once loved, Li Changsheng's eyes were somewhat moist.

He had never expected to have a chance to return here.

However, now was not the time for such sentiments.

He took a deep breath and said with a solemn expression,

"It's been ten thousand years. I, Li Changsheng, have finally returned."

Zhuge Ziqiong :”...”

After a moment of silence, she could not help but say, “Senior Brother, isn’t this... a little too exaggerated? You’re not even 25 years old. Where did you get ten thousand years from?”

Li Changsheng shook his head.

“You don’t understand. I’m trying to gather luck. The higher the number, the better.”

Zhuge Ziqiong frowned slightly.

Would this really work?

Then next time...

Chapter 207: Powerful Saber

At this moment, in the hall of the Azure Lotus Sword Sect, all the elders and disciples were gathered in a dense circle on the square of the hall.

However, no one dared to step foot into the huge and empty square.

On the square, there was only a figure with his hands behind his back and his eyes closed, as if he was resting in peace.

All the disciples of the Azure Lotus Sword Sect stared at him with scarlet eyes that were filled with dense killing intent and a trace of fear.

A moment later, a figure stepped in from outside of the hall. With a step, he instantly arrived and landed on the square.

It was an old man with white hair and beard.

He looked at the handsome young man in front of him, his eyes revealing a complicated expression.

He had admiration for the young man, hatred for the young man, and some helplessness.

Taking a deep breath, he calmed down and said coldly, “Li Liushui, what are you doing here? Why have you returned to our Azure Lotus Sword Sect?”

Li Liushui did not open his eyes and only spat out three words indifferently.

“Waiting for someone.”

“Waiting for someone?”

The Sword Sect’s Sect Master raised his eyebrows slightly and immediately said coldly,

“Even if you are, I don’t think you should wait for someone here, right?”

Li Liushui did not give another response, making the Sword Sect’s sect master feel somewhat helpless.

Although he was an expert at the Supreme Realm and the Li Liushui in front of him was only an Emperor Realm expert, he really did not dare to believe that he could win if they really fought.

Time passed bit by bit. Just as the Sword Sect's sect master was about to negotiate further, Li Liushui suddenly opened his eyes.

His two eyes opened and seemed to have shot out saber lights, making the Sword Sect's sect master's expression instantly change.

"He's here."

Everyone looked outside, wanting to see who it was.

The moment Li Changsheng appeared, the expressions of the entire Sword Sect disciples turned from confusion to excitement.

"It's Changsheng! It's Changsheng!"

"Changsheng is back!"

The Sword Sect's Sect Master's body trembled, and he immediately widened his eyes in disbelief.

However, when that familiar figure really entered his sight, his eyes immediately turned misty.

That was the child he had watched grow up.

The other party was just like his own grandson.

He had once been the pride of the Azure Lotus Sword Sect. The sect master was also very proud of him.

If not for meeting Li Liushui, he would definitely have been glorious in his life. Moreover, just like his father, he would have become the next sect master of the Azure Lotus Sword Sect.

As for the sect master, he could have taken on the position of Grand Elder.

Zhuge Ziqiong, who had followed Li Changsheng and walked over step by step, could not help but be deeply shocked when she saw so many people being emotional because of her senior brother's return.

It turned out that Fourth Senior Brother had also had so many people who loved him deeply in the past.

No wonder he would rather die than come to the Azure Lotus Sword Sect.

This place was his roots.

Li Changsheng walked over step by step and directly passed Li Liushui. He was not prepared at all.

He knew Li Liushui's character, just as Li Liushui also knew his character.

The two of them were mortal enemies and knew each other very well.

Li Liushui did not stop him and only waited quietly at the side.

Li Changsheng passed Li Liushui and bowed deeply to the Sword Sect's sect master.

“Grandpa Lin, it’s been a long time.”

“Good! Good! My good child, you’re finally back.”

The Sword Sect’s sect master hurriedly went forward to help Li Changsheng up. He could sense that Li Changsheng’s current cultivation had already recovered and he was even much stronger than before.

Not only that, but his aura was also very different from before.

In the past, Li Changsheng was arrogant and uninhibited. He was arrogant and looked down on everyone.

However, now, he was gentle and polite.

It was as if an unrestrained youth had already grown into a mature and stable man.

“Grandpa Lin, I’m very sorry to have taken so long to return. Moreover, as soon as I returned, I brought so much trouble to the Azure Lotus Sword Sect.”

The Sword Sect Master shook his head.

“There’s no need to apologize. This is your home anyway. You can come whenever you want.”

Li Changsheng nodded and immediately said, “Grandpa Lin, I might need to borrow this place.”

The Sword Sect’s sect master looked at Li Liushui and said with a solemn expression,

“Are you going to compete with this brat? Don’t worry, I definitely won’t make the same mistake again. With me around, he won’t be able to harm you at all.”

In the past, he had always blamed himself deeply for the sorrow of Li Changsheng and his parents. However, now, he no longer wanted to have such regrets.

Even if he had to risk the reputation of the Azure Lotus Sword Sect, he still had to protect Li Changsheng.

However, Li Changsheng shook his head.

“Grandpa Lin, this is my problem. Please let me resolve it myself.”

“No, I can’t let anything happen to you. Your parents have already passed away. If I don’t protect you well, how can I lift my head up in front of your parents in the afterlife?”

Li Changsheng smiled calmly.

“Don’t worry, Grandpa Lin. I’m no longer the old me. I know better than anyone how terrifying Li Liushui is. If I really can’t beat Li Liushui, I guarantee that I won’t push myself.”

Hearing this, the Sword Sect’s sect master’s mind paused, and then he examined Li Changsheng again.

The reason why he did not want Li Changsheng to attack was because he was afraid that Li Changsheng would push himself. If he could not defeat Li Liushui, he would end up being defeated by Li Liushui.

However, at this moment, when he met Li Changsheng’s eyes, he could tell that Li Changsheng was no longer obsessed.

This was because he saw confidence and stability in Li Changsheng's eyes.

This young man had really changed.

Although he did not know who had changed Li Changsheng or why Li Changsheng could change, at this moment, he felt that Li Changsheng was worthy of his trust.

He looked at Li Liushui not far away and took a deep breath.

"Alright, in that case, I'll let you fight him. However, if you're in any danger, I guarantee that I'll definitely interfere."

"Thank you, Grandpa Lin."

Li Changsheng cupped his hands in thanks, but the Sword Sect's sect master waved his hand.

"Silly child, there's no need to thank me. I'll get the others to leave now."

Then, he immediately ordered everyone to retreat and give up the Azure Lotus Sword Sect's square for Li Changsheng and Li Liushui to fight.

Soon, only Li Liushui, Li Changsheng, and Zhuge Zuqiong were left.

Li Liushui glanced at Zhuge Ziqiong and could not help but let out a disdainful voice.

"Why? Do you need someone to help you out?"

Li Changsheng was not ashamed at all.

"Li Liushui, you're a Saber Emperor, best among your generation. Your strength is so powerful. If I don't find some helpers, how would I dare to fight you?"

Li Liushui raised his eyebrows slightly.

He could sense that Li Changsheng had gone through a huge transformation.

If it were in the past, Li Changsheng would have been too arrogant and would have never allowed such a thing to happen. He only needed to say a few words before Li Changsheng would angrily come over and fight him one-on-one.

Now, even though he had spoken to humiliate him, Li Changsheng only laughed it off.

This brat had grown up.

However, this brat was still somewhat righteous. He knew that too many people from the Azure Lotus Sword Sect would die here. Therefore, he made a good choice by sending the people from the Azure Lotus Sword Sect away.

If he had been shameless and ignored the lives of these people from the Azure Lotus Sword Sect, it would be a different story. If Li Changsheng wanted the entire Azure Lotus Sword Sect to help him attack together, then Li Liushui would really look down on him.

In fact, Li Changsheng also knew very well that the hot shots were not ordinary people. Anyone who encountered the hot shots or became enemies with them would basically not have a good end.

This was the reason why Li Changsheng did not let the Azure Lotus Sword Sect interfere.

In the past, he had already owed the Azure Lotus Sword Sect a lot. He naturally could not let the Azure Lotus Sword Sect suffer any more losses.

Moreover, dealing with Li Liushui was originally a task given to him by his master. Why should he drag others down?

After everyone left, Li Changsheng finally turned his gaze to Li Liushui.

“Let’s begin.”

“Yeah.”

Li Liushui acknowledged softly and only said a single word. He couldn’t be bothered to waste his breath.

The two of them had been enemies for so many years and already knew each other’s background. They did not need to say anything fancy.

After a simple conversation, they directly took out their Martial Monarch Realm weapons.

Without any simple probing or superfluous words, the two of them directly pushed the battle between them to the climax.

In the air, the two of them instantly disappeared. One could only see two lightning bolts flash quickly in the square before constantly colliding.

A second later...

Boom!

An explosion suddenly exploded on the ground and the entire square of the Azure Lotus Sword Sect was destroyed. The rocks two meters deep below all exploded. Even the Saint Realm defensive formation inside was completely unable to resist and was shattered.

“How powerful!”

The people from the Azure Lotus Sword Sect who were watching from afar could not help but exclaim when they saw this scene.

“When did Changsheng become so powerful? What fortuitous encounter did he encounter this time?”

“Isn’t Changsheng holding a Martial Monarch Realm weapon? He even has a Martial Monarch Realm weapon. This child’s luck is really impressive!”

The elders who watched Li Changsheng grow were all excited.

However, the few existences with extremely deep cultivation in the Azure Lotus Sword Sect, including the Sword Sect’s sect master, had extremely solemn expressions.

“Don’t be happy too early. Have you all forgotten how terrifying Li Liushui is?”

“Li Liushui can fight those at a higher level!”

As soon as he said this, everyone immediately trembled. They were suddenly reminded of the strength Li Liushui displayed back then.

At that time, despite only being at the Essence Realm, he had barged into the Azure Lotus Sword Sect with only a saber.

Then, he killed Li Changsheng’s parents, the Sword Sect’s sect master and his wife, who were already Emperor Realm experts back then.

Chapter 208: The Sword Is Even Faster

The Sword Sect’s Sect Master said with a worried expression,

“What’s even more terrifying is that Li Liushui also seems to have a Martial Monarch Realm weapon. In such a short period of time, his cultivation has also increased to the first level of the Emperor Realm, one whole realm level higher than Changsheng. Although a realm level seems small, it’s actually significant.”

This is because one of them is an Emperor Realm expert, and the other is only a King Realm expert! ”

Almost everyone did not think highly of Li Changsheng.

At this moment, it was indeed the case on the battlefield.

Every time the two of them fought, Li Liushui’s powerful strength would be transmitted from his weapon to Li Changsheng.

Li Changsheng’s arm felt numb every time they exchanged blows. The bones inside were constantly trembling, causing them to distort. His muscles and meridians had also been distorted.

The difference in cultivation made him suffer greatly in the battle.

However, Li Changsheng was not stupid. Moreover, he had already experienced the pain of being defeated by Li Liushui countless times. Now, his heart had long stopped beating and he would no longer fight brainlessly with Li Liushui.

When he could not win in terms of strength, he would fight with his speed.

The enhancement of the Sword Dao brought by the God Realm Sword Soul was not inferior to Li Liushui’s attainments in the saber technique.

Li Changsheng increased his speed and controlled the attack.

Li Liushui was fast, but he was even faster than Li Liushui. With the help of his speed, he suppressed Li Liushui and instead weakened the impact of Li Liushui on him, preventing Li Liushui from dealing high-level damage.

For a moment, neither of them could injure the other.

The corner of Li Liushui’s mouth curled up.

“It’s starting to be interesting. As expected of Lu Xiaoran’s disciple. Compared to the previous you, you’re not only improved in terms of sword techniques, but also mentally.”

Li Liushui was not surprised.

The system had promised Li Liushui that he would be able to directly advance to the God Realm after defeating Lu Xiaoran. This was enough to prove how powerful Lu Xiaoran was.

It would be strange if the disciples taught by such a top-notch expert were weak.

“However, no matter how powerful you are, you’re still not Lu Xiaoran.”

After forcing Li Changsheng back with his saber, Li Liushui’s eyes flashed as his consciousness began to communicate with the system.

“System, activate the extreme saber intent.”

Ding... the activation of the extreme speed saber intent has been successful. The transformation will be complete in two seconds. Attack strength will decrease by 10%, attack speed will increase by 50%. The effect will last for 15 breaths.

Li Changsheng was naturally unaware of Li Liushui’s transformation. However, he could sense a dense threat rising rapidly.

He had long understood how terrifying the hot shots were. Without saying much, Li Changsheng directly attacked.

With the Sword Soul in his body, Li Changsheng exerted strength. Li Changsheng’s sword tore through the sky and spread out for ten thousand meters. The sword beam shook the heavens and the earth, cutting the spirit energy and stirring the clouds, causing the sun in the sky to darken.

This extremely powerful sword attack had already surpassed the mortal world and was no different from the attack of a demon god.

“Good sword technique!”

The spectators from the Azure Lotus Sword Sect in the distance responded in unison.

The Azure Lotus Sword Sect mainly nurtured sword cultivators. At this moment, they were all aware that Li Changsheng’s attack was extremely terrifying.

However!

When the sword beam slashed through the sky, Li Liushui actually did not dodge. Instead, the corner of his mouth curled up.

When the sword beam arrived less than three meters above his head, the Martial Monarch Realm weapon in Li Liushui’s hand suddenly turned. He raised his hand and slashed out with a saber beam.

This saber move was so fast that people were unable to breathe. Even those with weaker cultivation were unable to follow Li Liushui’s attack with their eyes.

Then came the second, third, and fourth saber beams...

Saber beams filled the sky, one after another.

In an instant, Li Liushui had already slashed out a total of 108 times.

The might of every saber move was so balanced that it blocked Li Changsheng's sword beam, preventing Li Changsheng's sword beam from descending or detonating.

When the last attack of the 108th saber was slashed, Li Changsheng's sword beam finally could not be maintained and completely collapsed.

Li Changsheng's extremely terrifying sword attack was actually easily resolved by Li Liushui in this way.

At this moment, everyone fell silent.

"Are you done? If you're done, it's my turn."

Li Liushui said indifferently, and his body instantly disappeared from his spot.

Li Changsheng's pupils constricted. Despite being unprepared, he relied on the Sword Soul in his body and his instinct for danger to slash forward.

Bang!

He had just waved the Martial Monarch Realm weapon in front of him when a powerful and rapid saber intent had already struck his Martial Monarch Realm weapon.

Boom!

In the next second, Li Changsheng was sent flying like a cannonball and shattered dozens of rooms in a row.

"Changsheng!"

The people from the Azure Lotus Sword Sect all exclaimed in unison, their hearts aching to death.

Fortunately, in the next second, Li Changsheng stabilized his body and soared into the sky.

However, before everyone could heave a sigh of relief, Li Liushui's body had already arrived beside Li Changsheng again.

"So fast!"

Li Changsheng knew that his speed was inferior to Li Liushui's. He did not dare to be careless at all and instantly poured all the spirit energy in his body into the Martial Monarch Realm armor on his body. He used the Martial Monarch Realm armor to release a defensive barrier.

Li Liushui was not surprised that he had a Martial Monarch Realm armor.

After all, as a saber user, he was extremely domineering and could slash through anything, even the heavens and the earth.

No matter how powerful the other party's defense was, he was confident that he could slash through it with his saber.

Boom!

The saber struck the defensive barrier. Li Changsheng and the entire defensive barrier trembled violently.

However, this was not the end. Instead, it was the beginning.

Immediately after, the second, third, and fourth saber moves...

This time, Li Liushui's attack speed was even faster than before. The saber shadows that filled the sky had already disappeared. Only a saber beam could be seen in the air as it firmly struck Li Changsheng's defensive barrier.

In fact, this was because Li Liushui's speed was too fast and every attack landed on the same spot. Therefore, it seemed like Li Liushui's saber had been fixed in the same place above Li Changsheng's defensive barrier.

When Li Liushui slashed down forty-nine times, Li Changsheng's defensive barrier finally couldn't take it anymore.

The defensive barrier shattered with a bang, and as if glass had shattered, it reflected a dazzling light.

Li Liushui's next attack directly slashed down and blasted Li Changsheng into the ground.

Boom!

With another shocking bang, the entire peak of the Azure Lotus Sword Sect trembled violently.

A cloud of dust slowly rose.

Li Liushui transformed into a lightning beam and landed. At the same moment, Li Changsheng instantly escaped from the pit. In the next second, Li Liushui's saber beam slashed out a huge ravine almost a thousand meters wide.

Pfft!

Li Changsheng spat out a mouthful of blood. It was not that he had been hit by this saber beam, but that the internal organs in his body had been shattered by the saber beam he had forcefully endured from Li Liushui just now.

Without much hesitation, he immediately swallowed a top-grade Saint Realm healing medicinal pill. Zhuge Ziqiong also flew over at an appropriate time and used the Azure Thearch Longevity Art.

Seeing the Azure Thearch phantom behind Zhuge Ziqiong release an emerald green light and quickly repair Li Changsheng's injuries, Li Liushui narrowed his eyes.

"Looks like you brought this woman to treat your injuries. However, since the two of you are participating in the battle, you can't blame me for bullying the weak."

Li Changsheng's pupils constricted. He immediately blocked in front of Zhuge Ziqiong and slashed with his sword.

The next moment, a violent explosion occurred. It was Li Liushui's attack.

However, in the next second, Li Liushui felt a spirit energy fluctuation appear behind him. In an instant, Li Changsheng had removed the defense of the Martial Monarch Realm armor and condensed his full strength as he shot out the long sword with his left shoulder.

Pfft!

Accompanied by the sound of a long sword entering a body, a cold saber tip steadily stopped in front of Zhuge Ziqiong's nose.

Li Liushui looked down. His chest had already been pierced by the long sword, and blood was dripping from the Martial Monarch Realm weapon.

Then, Li Changsheng drew his sword, turned around, and kicked Li Liushui away.

After a violent explosion, Li Liushui collided with a wall.

Zhuce Ziqiong swallowed and immediately began to treat Li Changsheng's injuries.

"Is he dead?"

"How can a hot shot die so easily? However, my sword will probably injure his self-esteem. Now, it will probably be a battle to the death."

As soon as she finished speaking, Zhuge Ziqiong sensed an extremely terrifying aura constantly spreading from behind the wall.

Ding... Sensing that the host's body has been injured, the system will supervise the host's body in battle until the host has repaired the damage to his body. During this period, the host will be unable to sense pain.

Ding... speed saber intent loading...

Ding... powerful attack loading... ‘

Ding... activated talent skill Enrage... ‘

Ding...

A series of voices sounded in Li Liushui's mind. At the same time, Li Liushui's energy was also rising incessantly.

...

In the Imperial City.

The five Supreme Realm martial artists relied on the might of the Martial Monarch Realm formation to unleash attacks that were comparable to a late-stage Supreme Realm expert or a peak tenth-level Supreme Realm expert.

This attack power had already surpassed the attack power of Lu Xiaoran's basic cultivation.

In a situation where both parties had Martial Monarch Realm weapons, the five Supreme Realm experts had an advantage since they could fight those at a higher level. Therefore, compared to Lu Xiaoran, the other party's strength was not low at all.

The Supreme Realm martial artist in the lead shouted softly. An energy ball condensed in his hand and quickly expanded. In an instant, it was comparable to a huge sun as it directly pressed down on Lu Xiaoran.

Crack! Crack!

The spatial barrier in the air was directly shattered as the energy ball pressed down.

The attack from a tenth level Supreme Realm expert and a Martial Monarch Realm weapon was already something that the spatial barrier could not easily withstand.

What was even more terrifying was that after this attack, there was a second attack, a third attack, and a fourth attack...

Every Supreme Realm expert's attack was released in turn in the array formation.

One move after another, these attacks constantly bombarded Lu Xiaoran's body. They did not even give him any chance to escape.

Chapter 209: Peace! World Peace!

Boom! Boom! Boom!

Several explosions enveloped Lu Xiaoran.

Space was constantly distorted and shattered. The black hole in the void swallowed everything, including the shock wave of the explosion.

Although this destructive aura did not spread more aftershocks, it actually made it even more terrifying.

Bells had already sounded in the Imperial City. The cultivators were all frantically retreating in another direction of the Imperial City, afraid that the Imperial City's defensive formation would shatter and the shock wave would devour them.

The Imperial Family experts in the Imperial City looked at this battle with fear.

"Is this a battle between Supreme Realm experts? Isn't it too terrifying? The force of this attack will probably immediately turn us into dust if we are to come into contact with it."

"Can Senior Lu withstand such a powerful attack?"

Everyone's hearts beat extremely quickly, and their blood flowed rapidly.

After more than a hundred explosions, the five Supreme Realm martial artists slowly stopped and panted slightly.

Although this Martial Monarch Realm formation could fuse the strength of the five of them into one and produce a combat value comparable to the five of them, it was still not perfect.

It had a flaw. Every attack consumed the strength of five people at the same time.

Although the speed at which a Supreme Realm expert absorbed spirit energy was terrifying, their consumption was even more terrifying. After having used more than a hundred full-power attacks, even a Supreme Realm expert would have to take a break.

However, although they had consumed a lot in an instant, the five of them could not help but reveal excited expressions.

“There are so many of us attacking at the same time. I don’t believe this brat is able to resist it.”

“Even if we can’t kill him, at the very least, it should be enough to injure him, right?”

However!

When the space gradually repaired, everyone’s expressions instantly changed.

“What!”

“How... how is this possible?”

The expressions of the five Supreme Realm experts changed drastically, and their jaws almost fell from fear.

At this moment, Lu Xiaoran was wrapped in a golden energy and was actually completely uninjured!

The five of them had relied on the array formation to increase their cultivation, but they actually did not cause any damage to Lu Xiaoran! They did not even break his defense!

What kind of joke was this?

What was the limit of his defensive strength?

Could it be that only those above the Saint Realm could break through his defense?!

Gulp.

One of the Supreme Realm martial artists could not help but swallow hard.

“This guy is simply inhumane. I think we should give up on the Martial Monarch Realm weapons, right?”

Another Supreme Realm martial artist could not help but say, “That’s right. If we continue fighting, we might really die here.”

Nalan Hongyu sneered and said, “Don’t be naive. This guy is vengeful. We came to kill him today. Even if we stop now, do you think he will let us off? Fool! If we don’t kill him, none of us will be able to live.”

“Nalan Hongyu, you slut. If not for you, would we have ended up in this state? If we die, we won’t let you off even if we become ghosts.”

“Alright, stop arguing.”

The Supreme Realm expert who was responsible for the array formation said with a solemn expression, "Even if we really want to kill Nalan Hongyu, it won't be now. The enemy of the five of us now is the Lu Xiaoran in front of us. Let's kill Lu Xiaoran first."

On the ground, Lu Xiaoran heaved a sigh of relief.

"The warm-up is over. I'll use the new move I just thought of to send you guys on your way."

The next moment, the golden energy on his body slowly formed a thousand-meter-long golden giant.

Moreover, this golden giant was no longer a phantom but a corporeal state.

Fang Tianyuan had already comprehended the Indestructible Golden Body to the perfected realm. Coupled with Lu Xiaoran's shocking cultivation, it was extremely shocking when used.

Gulp!

The five Supreme Realm martial artists swallowed hard, their faces filled with shock and fear.

Nalan Hongyu gritted her teeth and said, "This is just the appearance of his cultivation technique. Don't be afraid, everyone. He's still a Supreme Realm expert. His cultivation hasn't increased."

However, just as she finished speaking, she saw several more arms spread from Lu Xiaoran's golden giant in the next second. There were a total of 25 arms.

It gave off the feeling of a Thousand-Hand Gautama.

Everyone was instantly stunned.

"What does this guy want to do? Does he want to attack us separately?"

"Could it be that his mind has gone crazy from our beating?"

It had to be known that the reason why the attacks of the five Supreme Realm experts became stronger was because they had used an array formation to condense their cultivation.

It was powerful because their strengths had been combined.

On the other hand, Lu Xiaoran had divided his Golden Giant into so many arms. This undoubtedly divided his strength, and it would instead reduce the attack power of each arm.

This was undoubtedly very stupid.

However, before everyone could figure out Lu Xiaoran's goal, they saw the Martial Monarch Realm weapon in each of the golden giant's palms.

Nalan Hongyu : "..."

The other four Supreme Realm martial artists : "..."

"Damn! I give up!"

How was this possible?

Lu Xiaoran actually had so many Martial Monarch Realm weapons!

Although the strength of the attacks would be reduced, the Martial Monarch Realm weapon would make up for the difference in strength.

Even if he divided his cultivation of the seventh level of the Supreme Realm into 50 portions, with the enhancement of the Martial Monarch Realm weapon, each portion of his attack would at least reach the first level of the Supreme Realm.

Even the five of them would not be able to resist the combined attack of fifty first level Supreme Realm attacks!

After all, the five of them were not late-stage Supreme Realm experts and were not powerful at fighting those with superior cultivation. Each of them were not able to resist ten first level Supreme Realm attacks.

At this moment, the 50 palms on Lu Xiaoran's golden giant crazily emitted different colors.

"He's about to attack. Quickly disperse!"

"We can't disperse. Once the Martial Monarch Realm formation is activated, it won't be removed for 60 breaths."

"Supreme Realm martial artist Wuchen, you bastard. If I survive this disaster, I'll definitely kill you!"

As soon as he finished speaking, Lu Xiaoran's attack had already arrived.

All of this seemed to have happened over a long period of time, but that was only because the reaction of a Supreme Realm expert was much faster than an ordinary person. In fact, everything happened in an instant.

Lu Xiaoran did not even need a second to unleash his attack.

The next moment, all the cultivators in the Imperial City watched an unprecedented machine gun show that they might not be able to see again in the future.

Boom! Boom! Boom!

Countless lights were released from the golden giant's hand.

The world was instantly illuminated by dazzling lights.

The five Supreme Realm experts were instantly devoured by Lu Xiaoran's attack.

All the experts in the Imperial City were shocked and dumbfounded. Many cultivators even wet their pants in fear.

The might contained in every beam of light was not inferior to the full-power attack of a first level Supreme Realm expert.

Any beam of light that landed on their bodies could reduce them to ashes. Even early-stage King Realm experts would be instantly destroyed.

In this short span of a breath, Lu Xiaoran's attack was not inferior to a thousand attacks.

The spatial barrier in the sky was directly distorted.

Lu Xiaoran mercilessly blasted the five of them higher into the sky.

After the five Supreme Realm martial artists were pushed out of the clouds, Lu Xiaoran directly took out a Martial Monarch Realm Core Pill, injected spirit energy into it, and ignited it before throwing it into the sky.

Boom!

With a shocking bang, a spatial rift more than a million meters in diameter tore open in the sky.

The explosion of the Martial Monarch Realm Core Pill was already equivalent to a normal attack of a Martial Monarch Realm expert. This move made the entire Imperial City look up in shock.

At this moment, countless people knelt down and worshiped this move.

If nothing unexpected happened, this move would be the strongest move most people could see in their lives!

The shock of this move left a permanent impression on countless people.

However, after this move, everything became calm.

The world was strangely calm.

All the light disappeared. However, because the area of the explosion was too large, the black hole in the sky healed very slowly at this moment.

In the newly-established imperial palace, the previous Emperor of the Great Zhou was silent for a moment before saying, "Tianming, from today onwards, let's not involve ourselves with the Imperial Family again. Let's be content with this imperial palace."

Ji Tianming also fell silent. He did not answer, but he had already tacitly agreed to his father's words.

Today's battle had made him feel so helpless, so insignificant, and so weak.

It was even to the extent that he felt that even his father, a Emperor Realm expert, was like duckweed in a storm that could be destroyed at any moment.

Outside the Imperial City, Lu Xiaoran put away all his techniques and heaved a sigh of relief.

"Let's end the work here. Tianyuan and the others seem to have already made a move. Changsheng doesn't seem to have made a move yet. I'll go and see Changsheng first."

He had set up teleportation formations on the few of them and could mark their positions at any time. He could also sense if their positions had changed.

However, just as Lu Xiaoran turned around to leave, a plop sounded from behind.

He immediately turned around and was somewhat surprised.

“You’re not dead?”

The one who fell was none other than Nalan Hongyu.

It was even to the extent that she was not injured much and her face was somewhat pale.

This made Lu Xiaoran somewhat speechless.

He had just thrown out a Martial Monarch Realm Core Pill.

The strength of the Martial Monarch Realm Core Pill was comparable to a Martial Monarch Realm expert.

This woman could even resist a Martial Monarch Realm attack? What a joke!

However, he quickly discovered that it was not Nalan Hongyu who resisted his attack. Instead, it was a crystal necklace on her body.

The material of the crystal necklace was actually carved from the bones of a Martial Monarch Realm expert.

Although it was not a divine weapon, it had already surpassed an ordinary Martial Monarch Realm weapon. There was even a top-notch Martial Monarch Realm defensive formation engraved on it. Its defensive ability had already surpassed the defensive ability of a Martial Monarch Realm armor.

She probably relied on this thing to survive.

Nalan Hongyu sneered.

“Lu Xiaoran, I might not be able to kill you, but I’ve stolen the Nalan family’s inherited treasure. It’s not easy for you to kill me. You’re not a Martial Monarch Realm expert and can’t unleash the full strength of a Martial Monarch Realm weapon. You can’t break through my defense at all. No matter how many Martial Monarch Realm weapons you have, it’s still useless! Hahahaha... I can’t die!”

Lu Xiaoran was silent for a moment before taking out a metal rod from the Mountain and River State Painting.

Seeing this scene, Nalan Hongyu sneered again.

“Why don’t you understand me? No matter how many Martial Monarch Realm weapons you have, it’s impossible for you to break through my defense!”

Chapter 210: The Terrifying Li Liushui

“I know.”

“Then why are you still struggling?”

Nalan Hongyu could not help but ridicule. “Actually, there’s no need for the two of us to go against each other. If you’re willing, we can work together. Why don’t the two of us work together from today onwards? I guarantee that you will have more fun on the boring path of martial cultivation.”

Moreover, my cultivation level is not bad and I have the backing of the Nalan family. It will definitely be very helpful to you.

The world of martial arts is so dangerous. It's better to have one more friend than one more enemy, right? "

As soon as she finished speaking, she raised her skirt slightly. Her long legs were dazzling white in the sunlight.

However, Lu Xiaoran was completely unmoved. He only looked at her indifferently and wiped his rod.

"This is not a Martial Monarch Realm weapon."

Nalan Hongyu: "???"

"It's a divine weapon."

Nalan Hongyu's expression instantly changed drastically. The confidence she had just now completely disappeared. All that was left was fear.

"You... you even have a divine weapon?"

At this moment, she was already on the verge of collapse. Was the chosen one really that powerful?

In this low-level world, he could even obtain a divine weapon?

However, she quickly realized that this was not the time to talk about this.

"Um... I was wrong just now. I can be your subordinate. I'm willing to be your servant. A Supreme Realm martial artist level servant should also be of some use to you, right?"

Lu Xiaoran did not speak and only raised his rod.

Nalan Hongyu was extremely frightened and even pissed herself.

"We're all transmigrators. Perhaps we're even acquaintances? Have you ever been to the Earthly Paradise in DG and ordered the 1352th Princess..."

Bang!

Before she could finish speaking, Lu Xiaoran directly smashed his rod down.

The necklace on her neck immediately began to resist, emitting a pure white energy barrier that protected her.

However, it was unable to resist the divine weapon at all and was instantly shattered.

The might of a divine weapon had already surpassed the rules of this world. Nothing could resist it!

In an instant, it directly shattered the spatial barrier and also shattered Nalan Hongyu's body and soul.

Lu Xiaoran did not believe in the women that opposed him at all.

Up until now, be it Yue Ying or Nalan Hongyu, he would not let any of these women off.

Qin Zimo was an exception because she did not attack him.

Ling Xinyue had been deceived by him and used as a tool. Now, she had also become his subordinate.

Lu Xiaoran admitted that he was really not a good person. However, he... still had a little bit of conscience.

It was about the size of a fingernail and only occupied 1% of his heart.

After destroying Nalan Hongyu, Lu Xiaoran spat towards the ground.

“Do you think I’m an idiot? The Earthly Paradise is in the Northern Capital and not in DG at all! Also, serve you right! Who asked you to call yourselves the Justice Alliance?”

As soon as he finished speaking, he put away his divine weapon. With a step, he activated the teleportation formation and instantly disappeared from his spot. At the same time, the sealing formation he had set up to surround the Imperial City and trap the Supreme Realm martial artists also disappeared.

...

On the other side, Li Liushui, who was controlled by the system in the Azure Lotus Sword Sect, had already become a killing machine.

He did not know pain. Even if he was injured, he would not feel anything.

Moreover, in this state, his combat ability was almost perfect, so he would not be injured at all.

This was because he had already completely suppressed Li Changsheng.

In the square of the Azure Lotus Sword Sect, the two of them exchanged blows. Li Liushui basically suppressed Li Changsheng the entire time.

“Changsheng!”

“I want to save Changsheng! I can’t let that bastard Li Liushui cripple Changsheng again!”

However, at this moment, Li Changsheng shouted, “Don’t come over. If you come over, you’ll die for sure! Don’t worry about me. He won’t be able to kill me for a while.”

As he spoke, his Martial Monarch Realm armor had already been slashed by Li Liushui several times.

The blade slashed open the armor, emitting sparks. The ear-piercing sound made everyone anxious.

“Why doesn’t Changsheng let us go? He clearly brought a girl with him to help him out.”

The elders were extremely anxious, and the Sword Sect’s sect master said with a solemn gaze, “Changsheng must have his reasons. Everyone is to stand here. No one is allowed to go over.”

In fact, Li Changsheng did have his own considerations.

As a hot shot, Li Liushui basically killed ordinary people one by one. The elders of the Sword Sect did not wear special robes made by his master.

Without such a thing, they could easily be killed by the hot shot.

Although it was very difficult for him to resist, at the very least, he would not be killed so easily. He would die from one careless move despite Li Liushui's powerful luck.

Moreover, as long as his master arrived, Li Liushui will definitely die.

Zhuge Ziqiong used the Azure Thearch Longevity Art with all her strength to treat Li Changsheng's injuries.

However, the speed at which she healed Li Changsheng was far inferior to the speed at which Li Changsheng was injured.

Bang!

After a violent explosion, the first Martial Monarch Realm armor on Li Changsheng's body was completely shattered by Li Liushui.

If Li Liushui shattered his second Martial Monarch Realm armor, he would be completely helpless.

Li Liushui did not even deal with Zhuge Ziqiong.

At this moment, he was under the control of the system. The system was a precise killing machine. Because of this, he was confident enough to determine that there was no need for him to stop Zhuge Ziqiong from repairing Li Changsheng's body at all.

This was because Zhuge Ziqiong's repair speed was simply inferior to his damage output.

If he killed Zhuge Ziqiong, he would instead lose his current advantage.

He wanted Li Changsheng to attack him.

It was true that he could rely on his speed advantage to turn the situation around. However, it was far inferior to directly chasing after Li Changsheng to attack. After all, by chasing the other party around, his chances of victory were higher and his speed was faster.

In the blink of an eye, another hundred blades landed on Li Changsheng's body.

Li Changsheng's sword could only resist 60 attacks. The remaining 40 attacks were all blocked by the Martial Monarch Realm armor.

If he was hit by another 20 attacks, his second Martial Monarch Realm armor would also be completely destroyed because it could not withstand the consecutive attacks.

At that time, as long as Li Liushui slashed Li Changshou, it would be enough to deal a destructive blow to Li Changsheng.

Moreover, with Li Liushui's current speed, he could unleash 50 intense attacks in two breaths. With the frequency at which Li Changsheng resisted, he would definitely not be able to block 20 of them.

In a flash, Li Changsheng was forced into a death trap.

Li Liushui's speed was too fast, so fast that he was simply unable to resist.

He did not have the time to think of a countermeasure at all. He had already been struck 20 times. With a bang, the second layer of the Martial Monarch Realm armor shattered.

Without any hesitation, Li Changsheng ignored everything and directly detonated the Martial Monarch Realm weapon in his hand.

He could no longer wait for his master. He could only risk his life.

Although he no longer had the Martial Monarch Realm armor, he was still unable to withstand the explosion of this Martial Monarch Realm weapon, it was still fine.

After all, death was not a problem. His master could revive him.

At the very least, he could severely injure Li Liushui and prevent him from being a threat to his master.

Boom!

Sensing the world-destroying explosion, the expressions of the people from the Azure Lotus Sword Sect immediately changed drastically.

"Quick! Get the disciples to retreat further."

"All the disciples of the Sword Sect, retreat to the back. All the elders, gather and use your cultivation techniques to resist with all your strength."

The might of the Martial Monarch Realm weapon explosion was simply too powerful. The few King Realm and Emperor Realm elders of the Azure Lotus Sword Sect, as well as the sect master who was at the Supreme Realm, had to use the barrier to resist with difficulty.

A huge mushroom cloud slowly rose. The shock wave directly destroyed the entire Azure Lotus Sword Sect. Even the huge mountain of the Azure Lotus Sword Sect was blasted nearly a hundred meters away.

When the light retreated and the dust gradually disappeared, the trembling of the mountain had not disappeared.

Soon, the rocks on the ground were suddenly pushed away, and two figures crawled out of the rocks.

"Cough cough... Fourth Senior Brother, you're a little too much. You actually dared to detonate the Martial Monarch Realm weapon."

Zhuge Ziqiong muttered coldly.

"Sorry, I don't have any other moves. However, I still have to thank you for saving my life at the critical moment."

At the critical moment just now, Zhuge Ziqiong had rushed forward and used her back to help Li Changsheng resist the explosion of the Martial Monarch Realm weapon.

She still had two layers of Martial Monarch Realm armor on her body. At this moment, they had all been blasted apart.

Fortunately, the two of them were fine.

Although their master could revive them, their master had also said that revival required a long time. If their bodies and souls were destroyed by the explosion, it was unknown how long it would take for them to revive and cultivate.

Therefore, it was best for them to stay alive.

However, before the two of them could heave a sigh of relief, a mechanical voice slowly sounded from the dust.

“You guys are unforgivable.”

As soon as he said this, their hearts immediately tightened. They swept their gazes over and could not help but tremble.

At this moment, the flesh on Li Liushui’s body had almost completely exploded, and his flesh was a mess.

His ribs in front of him had been blasted somewhere, and his organs had also been turned into minced meat.

It was even to the extent that his face looked like a rotting skeleton with bones and flesh.

However, the spot where his heart was originally was currently emitting a strange red light.

This strange red light was filled with charm and mystery. Even the Sword Soul in Li Changsheng’s body trembled when it saw this red light.

Just as he was feeling shocked, Li Liushui had already raised his right hand.

“Activated the famous Asura Saber and the Asura’s World Destruction. System is charging.”

Li Changsheng and Zhuge Ziqiong could not hear this voice, but the two of them could sense how powerful the attack was!
