

AN EXPERT 261

Chapter 261: Wang Cai Wakes Up

“Eh, doesn’t your grandson eat?”

Mr. Li could not help but ask.

“My eldest grandson is a little introverted.”

“Old Jun, that won’t do. It doesn’t matter if the girls are more introverted, but the boys can’t be too introverted. Otherwise, how can they find a wife in the future?”

“You’re right. Why don’t I leave him in your care and you help him adjust?”

The corner of Jun Bujian’s mouth could not help but twitch fiercely. Then, he coughed lightly, only to receive a rolling eye from her patriarch.

“Why are you coughing?”

Mr. Li chuckled.

“Old Jun, I’m just a young man. Moreover, I’m used to living alone.”

“Then... alright.”

Patriarch Jun’s eyes could not help but flash with disappointment. Then, he glared fiercely at Jun Bujian again.

“Aren’t you going to sit down and eat? If you’re so ignorant, don’t come with me in the future.”

Jun Bujian felt extremely wronged.

This Li guy was not his senior or his master. The other party even looked like a fool. Why should he suck up to the other party?

However, he did not dare to talk back to his patriarch. Otherwise, he would be whipped when he returned.

Then, after sitting down, he saw his patriarch quickly pick up his bowl and eat crazily like a hungry ghost that had never eaten.

This dumbfounded Jun Bujian again.

Was the patriarch crazy?

His realm was already so high, did he still need to eat?

Moreover, this meal was not a delicacy. It was only something common.

With a trace of doubt, Jun Bujian also picked up some food. Just as he took his first bite, he could not help but narrow his eyes.

There was actually martial intent in this dish?

What a joke!

Was this all there was to it?

At this moment, he finally seemed to understand why his patriarch would eat so heartily without caring about his image. It turned out that this was why.

Normally speaking, only an extremely small number of natural treasures contained martial intent.

Or perhaps, one could obtain martial intent by directly swallowing the souls of others. For example, Lu Xiaoran's Martial Monarch Realm Soul Pill contained a large number of martial intent.

However, this was only normal. How could it store martial intent?

Could it be that this Li guy in front of him had some special means?

Thinking of the previous things, such as the Martial Monarch demon beast in the courtyard and the suppression of his cultivation after stepping into the range of this small hill, Jun Bujian started to feel that something was wrong.

Something was really wrong.

Jun Bujian looked at this "Mr. Li" in front of him meaningfully.

Could it be that he was the hot shot his master had mentioned?

Other than the hot shots, basically no one else had such a strange ability. Not even big shots who had cultivated for many years.

This was because according to the rules of the world, when a person's cultivation increased to a certain level, they would not be allowed to continue existing in the current world.

Firstly, their cultivation would be too powerful, and the spatial barrier would be unable to withstand it.

Secondly, it was possible for all these top-notch experts to kill indiscriminately.

The third and most important point was that to cultivators, lifespan was only extended and not eternal. If they did not cultivate in a higher place, they would be unable to reach a higher level, and their lifespan would naturally not increase.

Therefore, it was impossible for Mr. Li's cultivation to surpass the rules of this world.

However, it was different for the hot shots.

His master had said that all hot shots were hackers. Their words were unpleasant and their personalities were especially arrogant. If one cursed the hot shots, their entire family might be destroyed.

However, something seemed to be wrong.

No one had insulted this person or canceled an engagement with him.

He was also not a peerless genius of any family!

However, at this point, Jun Bujian was still more willing to believe that the person from the Ye family was a hot shot.

“Why aren’t you eating? Why do you keep looking at me?”

Mr. Li looked at Jun Bujian in confusion. Jun Bujian immediately lowered his head and ate.

“No... nothing.”

Mr. Li shrugged and immediately smiled.

“Actually, you don’t have to be too reserved. The two of us are both young people. You just have to let go. By the way, my name is Li Qingfeng. If you don’t mind, you can directly call me Brother Qingfeng.”

Patriarch Jun’s chopsticks suddenly stopped.

Li Qingfeng slapped his forehead.

“Look at me, I’m from a different generation. I’m good friends with your grandfather. How can I let you call me big brother? How about this? You can just call me senior.”

Jun Bujian nodded and called out to Senior Li.

Then, the grandfather and grandson finished eating. Patriarch Jun accompanied Li Qingfeng to play chess for a while. However, Patriarch Jun was in charge of cleaning the dishes pitifully.

After sunset, the grandfather and grandson finally returned to the Jun family.

“How is it? How is it? Did this Mr. Li shock you?”

Jun Bujian was somewhat speechless.

This Li Qingfeng was indeed capable, but Jun Bujian kept feeling that he was very pretentious and stupid.

He was clearly very powerful, but just now, he was acting like an idiot.

He believed that his master could definitely defeat Li Qingfeng.

Moreover, he preferred his master’s type.

His master was shameless. It was not even an exaggeration to say that he was very bad at times.

However, his master was very sincere. He was a “true villain”. He was really bad!

If they were friends, he would treat them sincerely. If they were not friends, he would fight them head-on. There was no need for his master to waste his breath.

As for this Li Qingfeng, he was more pretentious.

When his grandfather was with this Li Qingfeng, his grandfather seemed to be in constant fear of offending the other party in some way.

However, in order to deal with his patriarch, he still nodded.

Patriarch Jun nodded in relief and continued, "It's best if you think that way. This Mr. Li is very powerful. In the future, you have to interact more with him and suck up to him. If he's happy, he might help you increase your strength. In that case, it will be extremely beneficial to our Jun family and you."

"Yes."

...

On the other side, although it was already after the battle, Lu Xiaoran did not dare to relax for a moment.

Who knew if there would be other hot shots in the future?

Moreover, even without the hot shots, as their cultivation increased, the enemies they encountered would also become stronger.

Along the way, the cultivation of the disciples could no longer keep up.

Previously, when they were dealing with Zhuge Fei'er, they could still fight Zhuge Fei'er's subordinates. However, this time, it was a Martial Monarch Realm battle. They were not even qualified to participate.

This was enough to seriously explain the problem.

Although his disciples were here to help him increase his cultivation, they were still his disciples.

He did not want his disciples to be unable to keep up with him in the future.

If that happened, Lu Xiaoran would definitely feel very uncomfortable.

Bringing a group of disciples with low cultivation levels was a burden for him.

Should he abandon them in this world? He was unwilling to do so.

Moreover, what if Lige was bullied because he wasn't around?

After all, his other disciples' cultivation speed was very fast. It was not a problem for them to catch up to him in the short term. What about Lige?

He was so useless that he could not even support himself, let alone follow in his footsteps.

Therefore, Lu Xiaoran had to give them intensive training.

One had to at least become a Martial Monarch Realm expert to be qualified to survive in this world, right?

Thinking of this, Lu Xiaoran became a father and mother to his disciples every day. He would either fry a few divine beast eggs or purify the medicinal pills to extract the essence inside to speed up their cultivation.

After reaching the Martial Monarch Realm, they could consume the Divine Blood Pill.

The Divine Concentration Pill increased one's talent, so it would not injure them. On the other hand, the Divine Blood Pill replenished energy. One had to reach the Martial Monarch Realm and strengthen their body to a certain level before they could take it.

In this way, time passed in a flash. In the blink of an eye, more than a month had passed. First, Ziqiong broke through to the Martial Monarch Realm. Then, Changsheng and Lu Xiaoran also broke through to the Martial Monarch Realm.

Tianyuan had also increased his cultivation to the ninth level of the Saint Realm. He was probably only a month away from becoming a Martial Monarch Realm expert.

Ji Wuxia already found it somewhat difficult to catch up, but she had already broken through to the Saint Realm.

As for Lige...

Every time he saw Lige's slow crawling speed, Lu Xiaoran would silently come to the foot of the mountain and drink a few bottles of old immortal wine. After getting drunk, he would no longer have those worries in the middle of the night.

Wait!

It was too slow!

He had only advanced to the second level of the Supreme Realm now...

This afternoon, Lu Xiaoran returned from drinking at the foot of the mountain. Halfway there, he was suddenly furious.

"Heavens, can't you give Lige more talent? Damn you!"

On this day, the furious Lu Xiaoran even took out his first divine artifact, the Sun Shooting Divine Bow, and shot an arrow into the sky.

Of course, he was not worried that this arrow would destroy the sun in the sky.

This was because the might of the Sun Shooting Divine Bow was also determined by the user's strength.

He was only a Martial Monarch Realm expert now and was very powerful among cultivators. However, compared to the heavens, he was not that impressive.

This was indeed the case. This was because after the arrow was shot out, it began to deviate after reaching a height of hundreds of thousands of kilometers. Then, it lost the support of the kinetic energy and curved down towards a certain direction in the east of the Great Zhou Empire's Eternal Forest.

However, Lu Xiaoran could not see all of this. Fortunately, after he shot the arrow, Wang Cai finally woke up.

"Master, why are you so anxious? Everything is destined."

Lu Xiaoran turned around and swept his gaze over.

A beautiful woman with a pair of beast ears on her head and a big tail that kept swaying stood behind him and looked at him with a smile. She was wearing a cheongsam and had a beautiful face and an even more beautiful figure.

Chapter 262: Young Man, Do You Want to Become Strong?

“Stop staring at me, Master. I’m shy.”

“Can you not be so coquettish?”

Lu Xiaoran said coldly, making Wang Cai’s face stiffen and its smile stop.

“Cough cough...”

Wang Cai coughed lightly and said in confusion, “Master, don’t men like it when girls act coquettishly?”

“Hehe, that’s a superficial man. A true man only wants to become stronger.”

Wang Cai :” ...”

“Master, why are you keeping it? Just cut it off.”

“I don’t want to wet my shoes when I pee.”

As he spoke, Lu Xiaoran opened another jar of wine and glanced at Wang Cai before drinking a mouthful.

“Do you remember anything this time?”

“Yes, yes.”

“What are they?”

“Master and I were in bed together.”

“Pfft! Cough cough cough...”

Lu Xiaoran choked on the wine. After coughing violently a few times, he took a deep breath and took out his Xuanyuan Sword.

Then, as if feeling that it was not enough, he took out the Kunlun Sword.

“If I don’t kill you today and make you into dog meat hotpot, you won’t know how powerful I am!”

“No, no, I’m talking about serious matters.”

Wang Cai hurriedly transformed back into a dog.

Compared to before, Wang Cai’s fur was now snow-white, and it was more than a meter tall. Wang Cai did not look like a dog. Instead, it looked like a wolf.

“Master, do you feel anything special when you absorb the spirit energy of the world?”

“I don’t feel anything!”

“This is the crux of the problem. Master doesn’t feel anything when he absorbs spirit energy, but others feel something when they absorb spirit energy. Perhaps it’s cool or hot, but they all feel something.”

Spirit energy is the foundation to maintain the world and also the purest energy in the world. Therefore, Master’s background might be related to energy.”

“Can you give me more details?”

Wang Cai took a deep breath and immediately said in all seriousness, “Master’s might have existed for a very long time, long before the formation of spirit energy! Or rather, spirit energy was created by Master, so it has a natural affinity for Master.”

“In other words, I’m a big shot who has been reborn?”

“It doesn’t seem like it. I’ve observed Master’s soul before. Master’s soul is very pure and doesn’t have any impurities. If Master was reborn, Master’s soul would be stained with the negative karma of his previous life. After all, Master was surrounded and killed by so many people. In any case, it’s impossible for it to be very pure.”

“Why are you talking so much but saying so little? Can you tell me something useful? For example, can you tell me how to get Lige to increase his cultivation?”

“As for Lige, I don’t have a good solution either. Lige needs to devour divine souls to increase his talent.”

However, how could one obtain a divine soul in this world?

Only in the Divine World, where everyone cultivated their divine souls, could one find a divine soul.

Moreover, there was another thing. Even in the Divine World, the divine soul was divided into different grades. Some Martial Monarch Realm experts from small worlds might not be able to unlock their divine souls after advancing to the Divine World. In the end, they would just become ordinary people.

“Since Lige has already activated his innate divine soul and is an existence that can advance, Master doesn’t have to worry. He’s actually really not bad. His talent only looks bad when compared to the other disciples.”

Hearing Wang Cai say this, Lu Xiaoran’s mood finally improved a lot.

Wang Cai was right. Lige’s talent was actually already very good. However, the others were too outstanding, making Lige look bad.

Looks like he still had to be excited and think of a way to push Lige to the God Realm. As long as he reached the God Realm, he would be able to go to the Divine World and his situation should be much better than now.

Lu Xiaoran did not expect Lige to become much stronger. However, he was still the first disciple he had taken in. Lige was like his eldest son. At the very least, he did not want Lige to fall behind and be unable to keep up with everyone.

“By the way, Master, I detected another disciple. Although this disciple is a little older, his talent is even better than before.”

The corner of Lu Xiaoran’s mouth twitched. Great, Lige’s status was going to decrease again.

“Then activate Soul Summon and bring the other party over.”

“I can’t use Soul Summon because there’s only bits and pieces left of him now.”

Lu Xiaoran :” ...”

“Show me his information?”

“It’s being generated.”

Lu Xiaoran quickly saw the information.

Jiang Taixuan was known as the East Demon Patriarch and was an itinerant cultivator with an extremely deep cultivation in the Eternal Forest.

Because his disciple had been killed, he had gone to seek revenge. In the end, he was killed by the other party’s God Realm formation.

Now, the bits and pieces of his body was lying in someone else’s grass and was gradually turning into nutrients...

Lu Xiaoran :” ...”

“This patriarch is so tragic. He probably didn’t even see the enemy, right?”

“Probably. Master, as long as you find his bits and pieces and use the Body Modeling Mark to revive him, everything will be fine.”

Lu Xiaoran nodded and summoned the Mountain and River State Painting.

“Buttface, it’s your turn. Go and bring back the ashes of Patriarch East Demon.”

“Roar! Don’t worry, Master. I won’t disappoint you.”

“Wang Cai, give it the coordinates.”

“Alright.”

Wang Cai immediately told Buttface the coordinates. Buttface immediately transformed into a stream of light and rushed into the sky.

It was already a Saint Realm expert. With its strength, as long as it did not encounter a Martial Monarch Realm expert and did not cause trouble, it was basically not a big problem.

...

On the other side, far away in the Eternal Forest, Han Zhen took a deep breath of the spirit energy in the air and could not help but smile.

He did not expect to be repeatedly obstructed in the Great Zhou Empire. After experiencing hardships, he had just returned to the Eternal Forest when he discovered a treasure land.

Although the spirit energy here was hidden, it still could not escape his eyes.

Below was a spirit stone mine.

Moreover, according to his experience, the treasures of this spirit stone mine was rather good. There were at least ten billion spirit stones, and most of them were top-grade spirit stones.

He would make a small fortune.

It was rather good.

As the saying went: what goes around comes around.

Looks like Old Han's luck was really good today.

It was really the right choice to return to the Eternal Forest this time.

Hehehe...

However, just as Han Zhen rolled up his sleeves and was about to start digging out this spirit stone mine, an intense sense of danger suddenly attacked.

Han Zhen's pupils instantly constricted, and the hair on his body stood on end. The naturally cautious him immediately retreated without any hesitation.

Immediately after, he saw a pure golden arrow fall from the sky and land directly on the spirit stone mine he had just discovered.

Boom!

In an instant, only a pure white light was left in the world. It kept spreading and swallowed everything in a destructive manner.

Countless demon beasts fled in fear, and the shock wave overturned countless towering trees.

The explosion lasted for dozens of breaths before slowly stopping.

The aftershock was still spreading wantonly, turning into violent winds that flew everywhere.

Han Zhen was in a daze in the wind.

With a huge abyss blasted out in front of him, how could there be any spirit stones left?

It was all over.

"Who... did such a wicked thing?"

Han Zhen roared angrily, furious to the extreme.

His luck had been declining every day for so many days. Finally, his luck changed and he found a spirit stone mine. In the end, before he could dig anything out, it was destroyed by someone.

This was simply too much!

“Damn bastard, you better not let me know who you are! I, Han Zhen, swear that sooner or later, I’ll hack you into pieces. Otherwise, I’ll change my name.”

As soon as he finished speaking, Han Zhen’s hair suddenly stood on end. That was the sixth sense he had developed over the years telling him that there was danger!

Run!

Just like before, Han Zhen did not hesitate to immediately escape.

However, this time, the other party seemed to have expected this.

The moment he started to escape, an attack landed on his head.

Not daring to be careless at all, Han Zhen immediately used his arms to resist.

Bang!

Just as he raised his arms, the other party’s terrifying strength smashed fiercely onto his arms.

“How powerful!”

Han Zhen’s heart trembled. The other party’s strength was too powerful. As a Martial Monarch Realm expert, he even had an extremely powerful Martial Monarch Realm armor that helped protect his body.

However, the other party’s attack just now made him feel that his arms were about to break.

What was even more terrifying was that he could clearly sense that the other party had not used his full strength.

Damn it, the other party had already reached this level without using his full strength. If the other party used his full strength, Han Zhen’s arm would probably be completely crippled.

Without fighting the other party head-on, Han Zhen almost instantly relied on the other party’s attack to escape in the opposite direction.

The God Realm cultivation technique in his body circulated at the same time, and he broke through the void on the spot, prepared to use an escape technique.

Unfortunately, just as he thought this, another huge force attacked in the next moment and struck his chest, knocking him out of the void on the spot.

Pfft!

This time, he could not help but spit out a mouthful of blood.

He felt that the flesh on his chest was about to be separated because of this.

The most terrifying thing was that the blood in his body surged, and his organs were all injured.

This made him extremely shocked and desperate.

Who was the other party?

How could the other party be so powerful?

The other party was not just a little stronger than the Martial Monarch Realm.

When did he provoke such a group of experts?

At the same time that his body was kicked out, he also stopped in the void and did not continue to escape mindlessly.

There was more than one person in the other party. Even if he wanted to escape, he did not have the chance. Moreover, the other party did not kill him. He definitely had other intentions.

He decided to figure out what they wanted to do first before escaping.

Chapter 263: Where Did the Dog Go?

“I don’t think I have a grudge with you, right? Moreover, my cultivation level is so low, and you guys are so powerful. You don’t have to mess with me, right?”

As he spoke, Han Zhen also secretly set up an array formation.

There were attack formations and teleportation formations to ensure that he could escape safely from these people later.

However, the other party seemed to have long seen through what Han Zhen was trying to do.

“You don’t have to set up the array formation. We came here to help you, not to kill you. If we wanted to harm you, we would have done so long ago.”

Han Zhen narrowed his eyes slightly.

“Senior, may I know why you’re looking for me?”

The few of them said indifferently, “We know that you offended the holy son of the Jun family, Jun Bujian. Of course, with your strength, even if you offend him, you don’t have to care too much.”

However, it’s different now. This is because you’re not facing the Jun family, but a person you can’t afford to provoke.”

Han Zhen raised his eyebrows.

“The Jun family is one of the top ten families in the Eternal Forest but I’m not even afraid of them. Do you really think I should be afraid of this guy?”

“That’s right. That guy is Jun Bujian’s current master. Although his cultivation level is not high, he’s just like you. When he attacks, he will use all kinds of despicable methods.”

You definitely don’t have any chance of winning against him.”

“Why should I believe you?”

“You don’t have to believe us, but you should have the means to investigate. In the Great Qin Empire, a genius called Su Chen has just risen. He established the Hall of Gods and conquered the Great Qin Empire. However, just a month ago, when he attacked the Great Zhou Empire, he was completely wiped out. Even he himself died in that huge battle.

“In that battle, dozens of Martial Monarch Realm experts had joined. Moreover, every Martial Monarch Realm expert had Martial Monarch Realm armor and combat Martial Monarch Realm weapons.

“Even in the Eternal Forest, they were still an extraordinary force.

“However, in the end, all of them died in Jun Bujian’s master’s hands. Think about it. If this happened to you, what would you choose to do?”

Han Zhen was suddenly shocked. It was not that he did not understand what the other party was saying.

The grand Great Qin Empire was destroyed just like that?

Moreover, that guy’s entire army had actually been wiped out when he went to suppress the Zhou Empire.

This was enough to prove how powerful the person behind this was.

“Of course, you can also choose to hide. However, the other party is more proficient in hiding than you are.

“Up until now, he had taken things step by step. That matter was not enough to make him famous. Even now, you probably still don’t know his name.

“Most importantly, the other party’s cultivation speed is several times faster than yours.

“When his divine sense reaches a level that is enough to sweep through the entire world, don’t you think that he will kill you after he discovers you?”

“That is simply impossible.”

Han Zhen was not stupid.

“If his strength reaches that level, the power of laws will not allow him to continue staying in this world.”

“How do you know? Have you seen it with your own eyes, or have you also interacted with the power of laws? How can you be so sure that that guy won’t stay in this world even when his cultivation is very high?”

Han Zhen fell silent.

The other party’s words were heart-wrenching. Every word hit his weakness.

He was afraid of death and wanted to become stronger.

However, if it was really as the other party said and Jun Bujian really did have such a powerful master, it would probably be difficult for him to escape from the other party.

After taking a deep breath, he said with a solemn expression,

“So, why did you come to me?”

The few of them looked at each other and smiled.

“We came here to work with you. We have enough strength to help you advance to the next level and deal with Jun Bujian’s master.”

“How?”

Han Zhen said indifferently, and the other party slowly took out a light purple eggplant-shaped fruit.

“This thing is called the system fruit. It can give you strength that you don’t even dare to think about.”

“Extremely powerful strength.”

Sensing the extremely powerful force on it, Han Zhen could not help but exclaim.

The smiles on their faces became even more satisfied.

Then, the man holding the system fruit handed the system fruit in his hand to Han Zhen.

“You only need to use your blood essence to activate the system inside. Then, after signing the contract and binding it, you can use its powerful functions.”

“Really?”

“Indeed.”

The few of them handed the system fruit to Han Zhen and immediately left quietly, as if they had never appeared.

Han Zhen looked at the fruit in his hand and shouted carefully,

“Are you guys still there?”

“Where did you guys go?”

“Screw you?”

...

After shouting several times and confirming repeatedly that the other party had really left, Han Zhen threw the system fruit into the grass.

“Do you really think I’m a fool? A bunch of idiots. If this thing is really so good, why would you give it to me instead of using it yourself? How laughable.”

Shaking his head, Han Zhen tapped his foot lightly and immediately teleported away from this place, in case the group of people returned to find him.

Not long after he left, a figure walked over leisurely and happily.

“I wonder how Master will reward me after completing this mission. Will he give me some divine beast eggs? If I get a few more divine beast eggs, won’t I be rich?”

“It would be best if he could give me a top-grade Martial Monarch Realm medicinal pill to greatly increase my cultivation.

“After I reach the strength of a Martial Monarch demon beast, hehe... no matter what, I have to find two partners among the more than twenty Martial Monarch demon beasts.

“I won’t be able to do anything to Fire Phoenix. Golden Lion had always had a crush on her. If I pursued her, that lion would probably chase after me and bite me. Although I have the Qilin bloodline in my body, I’m still just a deer.

“A lion eats meat, but I’m a vegetarian. I can’t beat it.

“Green Snake is not bad. Its waist can twist and turn. It’s definitely very comfortable.

“Nine-Tailed Fox is also fine. Its bloodline is illustrious. If I can catch up to it, I will not be a disgrace to the deer race.”

At this moment, Buttface slipped and instantly fell.

“Damn!”

Buttface crawled up from the ground, its face filled with disbelief.

After a while, someone could not help but say, “What?”

It was a dignified Saint Realm expert after all, but it actually tripped when walking?

What kind of joke was this?

When it got up, it saw a light purple fruit lying on the ground.

“Eh? What’s this? Is it delicious?”

As soon as it finished speaking, Buttface directly opened his mouth and swallowed it.

However, just as it swallowed it, an unprecedented voice suddenly erupted in its mind.

Ding! Upon contact with the host’s blood essence, the system has been activated. Host, do you want to bind the system? ‘

“Who? What’s this?”

Buttface was stunned. It looked around and saw that there was no one. It immediately could not help but be puzzled.

Soon, a voice sounded in its mind again.

Ding... this system is a super auxiliary engine system. Once it is installed successfully, it will provide Master with various powerful cultivation support to help Master increase his cultivation faster.

“It sounds so awesome! Then who built you? Why were you built?”

“This is within the range of the system’s confidentiality.”

“Then why is it that you want to help me become stronger?”

“The ultimate mission is to kill a person. His name is Lu Xiaoran.”

“Who?”

Buttface trembled in fear and almost peed.

“Lu Xiaoran!”

After receiving the other party’s confirmation, Buttface was dumbfounded.

What kind of joke was this?

This system wanted to support it and then let it fight its master? How was this a super support system?

Buttface wondered if this system was trying to get it killed.

“I refuse to be bound.”

“Please bind it, Host. Otherwise, the system will die.”

“Help yourself.”

Buttface turned around and left.

The system could only constantly persuade it.

“You have to bind me. As long as you bind me, I can definitely make you a peerless expert. At that time, not to mention one Lu Xiaoran, Master will be able to take on ten or even a hundred Lu Xiaorans.”

“Aren’t you annoying? I told you to get lost! Get lost!”

However, the system still persisted in persuading Buttface.

Buttface really could not take it anymore. It could only find a place to spread its legs and pull out the system fruit again.

Then, before the system fruit could use its thoughts to communicate, Buttface spat out a ball of flames and directly melted the so-called system fruit.

...

A moment later, after the system fruit was completely smelted, Buttface finally left and continued to carry out its mission.

On the island by the East Sea, the black-robed man who was sitting cross-legged suddenly spat out a mouthful of blood!

“Sir, what’s wrong?”

“Nothing, go down.”

“Yes.”

After the servant left, this figure slowly descended from the sky.

“I didn’t expect that someone in this world would actually destroy my system fruit! Looks like the other party is probably Lu Xiaoran’s Dao Protector.”

My guess was indeed right. Their strength has indeed seeped into this world.”

After a pause, he continued with a cold expression,

“However, don’t think that you can defeat me like this. What I want has never escaped my grasp since ancient times.”

Lu Xiaoran, I’m determined to take him down. His fate and luck will ultimately belong to me.”

...

At the same time, Buttface also arrived at the small hill in the Eternal Forest according to the address Wang Cai gave it.

“It should be here. However, I didn’t expect the Patriarch East Demon to actually come to this remote place to fight someone. What a fool. In the end, after he died, he didn’t even have a tomb. Fortunately, you met me. Otherwise, you would probably really have to fertilize the flowers and plants here.”

Chapter 264: The current hot shots are so different?

“Hmm... where is it?”

Buttface followed the hill and quickly found a pool of blood on a grass.

This pool of blood emitted a powerful life force, but it was also slowly dissipating.

However, this was naturally not very difficult for Buttface.

It now had the strength of a Saint Realm expert!

“Get up!”

...

A moment later, Buttface was dumbfounded.

“Where’s my spirit energy? Where’s my cultivation? Where’s my cultivation?”

“Again, get up!”

It tested again, wanting to use its strength to gather this residue.

Unfortunately, there was still no reaction.

At this moment, Buttface was completely dumbfounded.

What was going on?

Did it lose his cultivation?

Had it really become a deer?

Just as it was doubting itself and feeling dumbfounded, a figure slowly walked out from the small courtyard on the hill.

“Eh! Am I seeing things? It’s actually a deer!”

Buttface was shocked and turned to run.

“Do you think we’ll let you escape?”

The figure was extremely fast. He picked up a rock from the mountain and smashed it straight down.

Bang!

This rock was smashed extremely accurately. In this moment, it directly smashed onto Buttface’s head, making its eyes black on the spot. With a plop, it rolled a few times and fainted halfway up the mountain.

The figure immediately ran down excitedly.

“That’s great. I haven’t eaten deers in a long time. The taste of deer meat is super delicious. Hehehe... It’s all thanks to the system. Thankfully, I cultivated my secondary professions to the maximum level before leaving. It’s just perfect. In a while, the Grand Supreme Elder and the others will come and I will let them have a taste of my cooking skills.”

As he spoke, he carried Buttface’s legs and arrived at the courtyard.

...

At the same time, Lu Xiaoran, who was cultivating in the Nameless Sect, suddenly felt that something was wrong.

“What’s going on? Why is the connection between Buttface and me broken?”

Buttface was a demon pet Lu Xiaoran had subdued with the Beast Control Divine Art. No matter how far away the two were, Lu Xiaoran should be able to sense Buttface.

However, at this moment, his contact with Buttface had suddenly been broken off.

Generally speaking, this situation meant that Buttface was already dead.

However, Lu Xiaoran felt that it was still alive.

This could not help but make him puzzled.

...

On the other side, on the small hill, not long after, Patriarch Jun brought Jun Bujian to Li Qingfeng’s small courtyard.

“Mr. Li, I specially brought the old wine I’ve kept for many years. Today, the two of us have to get drunk.”

Li Qingfeng welcomed him into the small courtyard excitedly and chuckled.

“Old Jun, you really at the right time. Today, I have a delicious meal here. I guarantee that you won’t forget it for the rest of your life.”

“Oh? What is it? For you to praise it like this, it must be very good.”

“Hehehe... In a while, you’ll know after you eat it. I haven’t killed it yet. In a while, after I kill it, I’ll skin it alive.”

Elder Jun immediately said,

“Mr. Li, how can I trouble you to do such a small thing yourself? Just don’t get busy.”

“Alright, I’ll go and prepare some condiments. It’ll be good for the stew later.”

“I’ll go with you.”

With that said, Patriarch Jun immediately looked at Jun Bujian.

How could he not understand his patriarch’s meaning?

He sighed helplessly and could only do it.

Mr. Li and his grandfather went to find the condiments.

Unexpectedly, when he arrived in front of Buttface, he could not help but be shocked.

“Isn’t this Buttface?”

Although he had joined the sect late and had only stayed for a short time at his master’s place, he still recognized at a glance that the roe deer on the ground was Buttface.

“Buttface, Buttface, wake up.”

Seeing this, the other party immediately woke up. After the other party woke up, it looked at the other party in confusion and said,

“Seventh Master, why are you here?”

In the Nameless Sect, Lu Xiaoran was definitely the leader. After that, the ones with the highest statuses were naturally Lu Xiaoran’s disciples.

The demon pets had the lowest statuses. Therefore, these demon beasts usually referred to Lu Xiaoran’s disciples as masters.

For example, Yun Lige would be referred to as First Master, and Fang Tianyuan would be referred to as Third Master.

Even women like Ji Wuxia and Zhuge Ziqiong were called Second Master and Fifth Master.

“I should be the one asking you that! Why are you here? Shouldn’t you be in the Nameless Sect?”

“Don’t mention it.”

With that said, Buttfacetold the other party what had happened.

After learning that it had been knocked out, Jun Bujian was speechless.

“No, aren’t you too unlucky?”

“I didn’t want to either. Who knows what’s going on? I saw you the moment I woke up.”

Jun Bujian rubbed his temples.

“This won’t do. Knock me down and run away before he reacts. Hurry up!”

“Ah? This... this isn’t appropriate, right?”

“It doesn’t matter if it’s appropriate or not. If you don’t knock me down and he thinks that I let you go, won’t that guy find trouble with me? He might even kill me.”

Buttfacetodded.

“That’s right, that makes sense. Then I apologize for offending you.”

With that said, it collided with Jun Bujian’s chest and sent him flying. He smashed into a Martial Monarch Realm demon beast in the courtyard, making the other party dizzy.

The other Martial Monarch Realm demon beast was about to attack Buttfacet when Jun Bujian immediately hugged its leg and shouted,

“Help! Someone! The demon beasts are attacking us.”

Taking advantage of this opportunity, Buttfacet immediately disappeared from the hill.

Before leaving, it did not forget to use its fur to roll on the ashes of the East Demon Patriarch. After being stained with some of the ashes of the East Demon Patriarch, it finally arrived at the foot of the mountain.

After arriving at the foot of the mountain, Buttfacet’s cultivation had already completely recovered. It naturally did not waste time and disappeared from its spot.

When Patriarch Jun and Li Qingfeng returned, they were immediately dumbfounded when they saw the courtyard in chaos.

“What’s going on?”

The other party immediately replied with a ashamed expression, “I’m sorry, Mr. Li. I’m too useless. I actually let that deer escape. I have no complaints if you want to hit or kill me.”

Thump.

The condiments in Li Qingfeng’s hand all fell to the ground.

“No way? You actually let it escape? It wasn’t easy for me to catch that deer! You just let it escape?”

Patriarch Jun’s face darkened. He went forward and slapped Jun Bujian, directly knocking him to the ground.

“Bastard, you fool. I only asked you to kill a deer, but you can already let it escape. Why are you so useless?”

Jun Bujian had an aggrieved expression, but he also knew that the patriarch was saving him.

Although the patriarch had a good relationship with Li Qingfeng, that was only because Li Qingfeng was in a good mood.

If Li Qingfeng was in a bad mood, he could kill him at any moment.

“Hurry up and kowtow to Mr. Li to apologize.”

Jun Bujian clenched his fists slightly as a sense of humiliation surged into his heart.

If his master was here, his master would definitely not let him kneel to Li Qingfeng.

His master was the most protective.

However, his master was not here now, and he and the patriarch were not Li Qingfeng’s match. Therefore, he could only submit.

Taking a deep breath, he was about to listen to the patriarch and apologize to Li Qingfeng when Li Qingfeng waved his hand.

“Forget it, forget it. The deer has already run away. It’s useless even if you apologize now. That’s all for today. The two of you can go back. I’m tired and want to rest.”

Patriarch Jun knew that Li Qingfeng was angry and hurriedly apologized.

“Mr. Li, it’s all because my grandson is ignorant. Please don’t take it to heart. I’ll definitely give you enough compensation.”

Li Qingfeng’s expression turned cold.

“Old Jun, I said I’m tired. Don’t make me say it a third time.”

Sensing the coldness in Li Qingfeng’s words, Patriarch Jun paused and could only nod helplessly.

This had always been what he was most afraid of. He was most afraid that Li Qingfeng would distance himself from him because of a small matter. Therefore, he had always been cautious and did not dare to disobey the other party at all.

He even put down his status as the patriarch of the Jun family.

However, he did not expect that such a day would come. Once the other party changed his attitude and told him to get lost, he would have to get lost.

“Alright, Mr. Li, take care. I’ll go back now. I’ll visit you another day.”

Li Qingfeng only acknowledged softly.

Patriarch Jun sighed slightly and immediately left with Jun Bujian.

After he left, Li Qingfeng asked in confusion, "Strange, where did that deer come from? Why did it wake up so quickly after being hit in the head by me?"

He kept feeling that something was wrong, but he could not tell what it was.

However, when he looked at Jun Bujian's back, a faint cold light flashed in his eyes.

...

On Buttface's side, after escaping from the hill, it quickly ran back to the Nameless Sect without saying a word and ran for an entire ten days and nights. It did not even dare to rest casually.

Finally, on the tenth day, it ran back to the Nameless Sect.

Seeing the entrance of the Nameless Sect, it fell to the ground with a bang, and its entire body seemed to have fallen apart.

Lu Xiaoran sensed its return and could not help but be somewhat shocked when he saw this scene. Then, he immediately used the Azure Thearch Longevity Art to sweep away Buttface's fatigue.

"Hah... Thank you, Master."

Buttface quickly got up from the ground.

"How's the matter you handled this time? Why are you so tired?"

After Buttface told Lu Xiaoran everything, Lu Xiaoran could not help but be speechless.

There was actually such a strange existence in this world that could suppress the cultivation of others?

What kind of hot shot was this?

Were these hot shots suddenly becoming so different?

He was somewhat unable to keep up with the times!

Chapter 265: Blind Date?

"By the way, Master, there's another very important matter."

"What is it?"

"It's like this. When I went to find Jiang Taixuan, I encountered a fruit. It said that it was some system and wanted to bind itself to me. Then, it asked me to kill you. However, I've already destroyed it later. Is it Master's enemy?"

Lu Xiaoran's heart skipped a beat.

System?

He even had to bind Buttface to deal with him?

Damn it, was he being targeted?

Lu Xiaoran did not suspect that Buttfacet was lying to him.

This was because Buttfacet was controlled by him with the Beast Control Divine Art. It was simply impossible for Buttfacet to lie to him.

However, who was the other party?

Moreover, the most terrifying thing was that the other party had actually designed a system?

“Master... Master?”

Seeing that his master was somewhat silent, Buttfacet hurriedly spoke again.

Lu Xiaoran woke up from his daze, and his expression returned to normal.

Then, he took out two divine beast eggs from the Mountain and River State Painting.

“You did very well this time. It’s been hard on you. This is my reward to you.”

Buttfacet’s eyes immediately lit up and he was extremely excited.

“Thank you, Master.”

Then, it immediately left happily with the two divine beast eggs.

“Hehehe... I’m indeed smart.”

The divine beast egg was extremely nutritious and had bloodline power. To demon beasts like them, it was definitely a rare tonic.

Compared to some bullshit system, it was countless times better!

Fortunately, it was smart and had dealt with that so-called system in time. If he had listened to its nonsense and chosen to sign a contract with it, he would really be crying to death now.

Now that it had obtained two divine beast eggs, it had simply profited greatly.

...

After Buttfacet left, Lu Xiaoran immediately summoned Wang Cai with a cold expression.

“Did you hear that?”

Lu Xiaoran asked, and Wang Cai nodded with a solemn expression.

“I’ve already been targeted. Moreover, the other party also has a system.”

Wang Cai took a deep breath and replied, “Master, you don’t have to worry too much. Although the other party also has a system, in comparison to me, it’s definitely not very capable.”

“Even if we have the same name and belong to the same type, there is still a huge difference. At the very least, I was born naturally and not created by others.

“Another extremely important thing is that I can increase my strength by devouring luck. Other systems cannot do this.”

“However, the biggest problem now was that since the other party had mentioned Master’s name and wants to kill Master, the other party is definitely not an ordinary person.

“Moreover, the other party has actually created a system. His strength is not low. If Master does not handle it well, it might be rather troublesome.”

Lu Xiaoran rubbed his temples.

He did not expect that someone would still want to kill him when he had already hidden his strength from everyone.

It was even to the extent that the other party had created the so-called system because of this.

Who was this person hiding in the dark?

By the way, could it be...?

Thinking of this, Lu Xiaoran immediately arrived at the Mountain and River State Painting.

Previously, among the Martial Monarch Realm experts that worked for Su Chen, five of them had not been detonated by him. Then, they were imprisoned by Lu Xiaoran in the Mountain and River State Painting.

These five people had always been unwilling to reveal their origins. This had always given Lu Xiaoran a headache, so he had been locking them in the Mountain and River State Painting.

When he arrived at the Mountain and River State Painting and found the five Martial Monarch Realm experts, the five of them were sitting cross-legged on the ground and cultivating.

Seeing him come, the few of them opened their eyes one after another. After seeing that it was Lu Xiaoran, they immediately closed their eyes again.

Lu Xiaoran squatted down and swept his gaze over the few of them.

“The few of you should confess as soon as possible. Who arranged you to join Su Chen’s Hall of Gods? Don’t try to fool me. It’s impossible for you to hide from Su Chen’s surveillance and hide in the Hall of Gods without some skills.”

Lu Xiaoran knew very well that Su Chen definitely had methods similar to Wang Cai. Wang Cai was powerful because as long as others acknowledged Lu Xiaoran as their master, Wang Cai could make it so that they would always listen to Lu Xiaoran orders and never betray him.

Secondly, if Lu Xiaoran disciple’s cultivation increased, Lu Xiaoran would also obtain a corresponding increase.

In this situation, it was really strange for Su Chen to detonate a few Martial Monarch Realm subordinates but not succeed.

The few of them said indifferently, “We won’t tell. If you want, you can kill us. There’s no need to be polite.”

“In your dreams!”

Lu Xiaoran immediately retorted angrily.

Before investigating this matter clearly, he would definitely not kill these few fellows.

He knew better than anyone how much harm was caused by incomplete information.

For example, now, someone had created a system to kill him. Such a thing had already happened, but he did not know who the other party was and could not even guard against the other party. He couldn’t help but feel aggrieved.

However, just because the other party did not say it did not mean that he was helpless.

“Originally, I saw that the three of you didn’t have any ill intentions towards me, so I didn’t attack the three of you. You guys are the ones that refuse to cooperate. Therefore, don’t blame me.”

Thinking of this, Lu Xiaoran immediately took a deep breath and opened his Trinity True Eyes.

The special ability of the Trinity True Eyes allowed him to invade the minds of the other party’s Martial Monarch Realm experts with his mental strength.

At first, everyone was at the Martial Monarch Realm, so Lu Xiaoran could not easily break through their soul seals.

However, when Lu Xiaoran summoned Wang Cai, he also used the Trinity True Eyes twice. The power of the two Trinity True Eyes overlapped. Moreover, he reduce the area of effect and gathered all his mental energy on one of them.

In an instant, the other party’s soul seal was directly broken.

The Martial Monarch Realm expert’s body suddenly trembled. He opened his eyes and looked at Lu Xiaoran in front of him in confusion.

As for Lu Xiaoran, after his mental strength invaded the other party’s soul, he did not discover any secrets. It was exactly the same as an ordinary Martial Monarch Realm soul.

“Eh! What’s this?”

Just as Lu Xiaoran was somewhat disappointed, Wang Cai suddenly noticed a faint light hidden in the depths of the other party’s soul.

Lu Xiaoran quickly noticed this light. Both sides exerted their strength at the same time and used their mental strength to hit this light.

In an instant, the two of them seemed to have arrived at a huge blood pool.

This blood pool was filled with extremely powerful energy and golden blood.

“This is... the blood of a Martial Monarch Realm expert? The blood inside actually contains a large amount of the blood of a Martial Monarch Realm expert?”

Lu Xiaoran’s heart could not help but beat faster.

Looking at the size of this blood, there were probably at least a thousand Martial Monarch Realm experts inside.

Who was it? Who had killed more than a thousand Martial Monarch Realm experts and gathered their blood to create a huge blood pool?

Just as he was feeling puzzled, Lu Xiaoran saw another beautiful figure bathing in blood in the blood pool.

The other party seemed to have also sensed Lu Xiaoran and immediately turned around. The moment their eyes met, Lu Xiaoran could not help but be somewhat stunned.

He could not see the other party’s face clearly, but he could tell from the other party’s eyes that the other party’s aura was very powerful!

Other than the other party’s aura, the other party’s eyes revealed some complicated expressions.

It was as if... she knew his identity.

“I didn’t expect you to still come here one day.”

“Who are you?”

“Who I am is not important. What’s important is that I’m on your side. You might be puzzled, but don’t worry, because sooner or later, you’ll know.”

“Stop, stop talking nonsense. According to the usual rules, the more you hide, the more troublesome it will be in the end. If you’re really in cahoots with me, it’s best if you reveal your identity. It might even be easier to resolve the misunderstanding.

“Why don’t the two of us fight? ”

What did Lu Xiaoran hate the most? He hated hidden information. He hated people with no choice and had difficulties that they could not tell him.

These kinds of things would deliberately increase the difficulty of things and make things that should not have happened extremely complicated.

The people who created these things were either crazy or deliberately evil.

The woman was silent for a moment before chuckling.

“As expected of you. Interesting. In that case, come to the Heaven Secrets Cliff in the Eternal Forest. I’ll wait for you here.”

“Dream on!”

Lu Xiaoran was not a fool. He had nothing better to do. In order to understand some information that he did not know was useless, he needed to barge into a tiger's den? Was there something wrong with the other party's brain?

What if the other party set up a trap?

Then wouldn't he be walking into a trap?

"Come to me. Since you're the mastermind, you definitely know where I am. Come and find me."

The surroundings of his sect were all set up with Martial Monarch Realm formations. Even if the other party came, he still had the strength to fight. It was better than him going to the other party's territory.

The woman was not silent for long and only nodded.

"Alright, in that case, I'll go to the Nameless Sect."

Lu Xiaoran could not help but slander in his heart. The other party indeed knew his identity.

"Then I'll wait for your arrival."

As soon as he finished speaking, Lu Xiaoran immediately retreated from the divine sense. Then, he ran outside the sect and began to set up an array formation.

The other party's methods were very powerful. After all, the other party had killed more than a thousand Martial Monarch Realm experts. Such a figure was already not something ordinary human martial artists could resist. Perhaps the other party was very likely a God Realm expert!

If the other party arrived and he did not have enough strength to suppress the other party, wouldn't he be killed on the spot?

He had to set up at least a thousand array formations, and they had to be mainly God Realm array formations.

Sigh!

As the saying went, there was always a risk with blind dates.

However, ordinary people only needed to be wary of the other party catfishing.

However, not only did Lu Xiaoran have to make sure that the other party was not ugly, but he also had to prevent the other party from attacking him.

Life was bitter.

Chapter 266: Prince Qiao Biluo?

After spending a day and night, Lu Xiaoran finally finished modifying the array formation around the Nameless Sect.

With so many God Realm array formations, Lu Xiaoran could also heave a sigh of relief.

"Hah! Now, I just need to wait for that mysterious person to come."

Lu Xiaoran sat cross-legged at the foot of the mountain and waited quietly. His divine sense had already been completely released as he searched the surrounding environment intently to make sure the other party wasn't attacking.

The time did not last long. Lu Xiaoran, who was cultivating with his legs crossed, suddenly opened his eyes. Two eyes that were filled with killing intent suddenly erupted.

The next moment, the air distorted as an old figure in a black robe slowly walked out of the void with a walking stick.

Lu Xiaoran: "???"

Wasn't the other party a young woman?

Why was there an old granny?

Was it that terrifying?

Were there also beauty filters in a fantasy world?

Although he had always regarded appearance as dirt and was not interested in women, he did not expect the other party to actually be an old granny. It had to be said that he was really devastated.

"Granny, did you come to the wrong place?"

The old granny smiled indifferently, and the wrinkles on her face made Lu Xiaoran's heart feel even more bitter.

"Didn't you ask me to come?"

"Are you sure the person who should be here is not your granddaughter? Or your great-granddaughter?"

"I don't have any descendants."

"Then perhaps the other party is your disciple?"

Lu Xiaoran still did not give up.

However, the other party directly interrupted his thoughts.

"Don't worry, the woman you saw is my soul body. I only have a wisp of my soul left. This body is something I obtained and not my true body."

Lu Xiaoran completely gave up.

Seeing Lu Xiaoran's expression, the other party teased, "Then should I leave?"

"Uh, forget it. Let's get down to business."

The other party nodded.

"Your array formation is quite good."

Lu Xiaoran : " ... "

The other party actually knew about his array formation. She was definitely a big shot.

After taking a deep breath, Lu Xiaoran said with a solemn expression,

“Who exactly are you?”

“The people of this world like to call me Elder Tianji. However, in theory, you should call me Senior Sister.”

“Therefore, which sect am I from? Or perhaps I’m someone’s disciple who was reborn in this place and came to the mortal world to undergo the calamity?”

“That’s not true. You’re not a reincarnation. You’re an extremely pure drop of blood Master found in the world.”

“My master, or rather, our master, spent all his energy to set up for hundreds of thousands of years to specially build a path to the Divine World for you to ensure that you can become a top-notch existence in the future and save our sect from danger.”

“Is your master that awesome? If he’s so awesome, why did he let me descend to the mortal world to undergo the tribulation? Wouldn’t it be easier for me to increase my strength if he directly brought me along and guided me?”

The old nanny sighed faintly.

“There’s nothing we can do about it. He’s already been imprisoned. The senior and junior brothers of our sect are either dead, escaped, killed, or subdued. There are only a few left. If he brings you along, it will only bring you danger. Therefore, he has to send you down to the bottom world.”

“Then what’s the name of our sect?”

“I can’t tell you this yet. This is because it’s very likely that you’ll reveal it in your future cultivation. It might expose our sect and bring fatal danger to Master. It will also completely bring the entire sect to eternal damnation. I can’t take this risk.”

“Alright, there’s another problem. Who am I? Why me? Why did your master choose me and not the others?”

“Because you’re the purest drop of blood in the world. You’re a true existence that’s not bound by the Heaven Dao. My master calls you the chosen one!”

“Last question. Wasn’t I born in the Divine World? Why did I appear in the lower realm and not the Divine World?”

“This is our mistake. In the beginning, Master’s plan was for you to be born in the Divine World and then be able to increase your strength faster. However, unfortunately, even though Master has already repeatedly strengthened the seal on you, he was still unable to stop the abnormal phenomena from happening when you were born.

“At that time, you had already attracted the attention of the Heaven Dao.

“In order to prevent you from being overly noticed, we changed our strategy at the last minute and attempted to hide you.

“It just so happened that the family you were born into had a conflict with another family.

“We used this to leak some information and let the other party attack your family. Then, we took the opportunity to take you away and placed you in the lower realm. We planned to arrange for you to return to that family after you cultivate to the Divine World in the future. ”

Lu Xiaoran narrowed his eyes slightly and fell into deep thought.

The current information he had obtained was that firstly, he had been sent to the bottom of the world by a big shot of a sect. He was supposed to be reincarnated into a powerful family in the Divine World in an attempt to cultivate successfully in the future and return to save himself and his sect.

Secondly, because of the abnormal phenomenon that occurred when he was born, it messed up their plan. As a result, they had no choice but to change their strategy and bring him from the Divine World to the lower realm to temporarily hide and develop.

Thirdly, their sect was very powerful. It was so powerful that it could even block a portion of the Heaven Dao laws.

Fourthly, their sect was also in a very dangerous situation. The sect master was imprisoned, the sect was scattered, and their senior and junior brothers were either dead, injured, or subdued.

They could also be considered to be very unlucky.

It was indeed understandable that the other party could not tell him which sect it was. Lu Xiaoran did not ask further and could only think of a way to discover it in the future.

However, speaking of which, the other party had nurtured him as a life-saving straw. However, in reality, his current soul was no longer the previous soul. In that case, was he still the chosen one?

After transmigrating ten years ago and absorbing the soul of the original owner, he should already be considered as a different person, right?

Moreover, the memories Wang Cai tested were all memories of his soul. In other words, the identity of his soul was still a mystery?

According to Wang Cai, his identity might be an extremely powerful identity!

In fact, he might even be stronger than the master behind this Elder Tianji!

On the one hand, he was a child of a certain family in the Divine World.

On the other hand, he was a top-notch expert, heir, and Holy Son that was prepared to be nurtured by an extremely powerful declining sect.

Moreover, in his previous life, he might have been an extremely powerful big shot. Moreover, he might have been surrounded and killed by countless people because he was posturing.

In that case, wouldn't he have three identities?

Lu Xiaoran instantly felt that he was even more awesome than the hot shots.

"By the way, I have another question. Speaking of which, do you know what's going on with the hot shots?"

"The hot shots were created by some people above to search for something in a small world. However, I'm not sure what they're searching for."

"I only know that the hot shots were all created and have great luck. They are scattered in many small worlds.

"As for me, I've also helped you lure a few hot shots over and let you kill them to increase your strength."

Hearing the other party say this, Lu Xiaoran started to feel confident.

The hot shots were not here to kill him. Or rather, the hot shots were not here to kill the version of him that Elder Tianji was familiar with.

After transmigrating, he had fused with Wang Cai and was forced to kill the hot shots. It could also be said that the hot shots only became his enemies and started to hunt him down after that.

This also meant that the person who nurtured the hot shots was actually looking for him.

Even the Elder Tianji and his master did not know about this. This was enough to prove that his true identity was above Elder Tianji's sect.

He still had not found his background!

Lu Xiaoran was somewhat regretful. However, it was also good. At the very least, he knew that he was very powerful.

In this way, he felt somewhat comforted.

"Your cultivation has already increased to the seventh level of the Martial Monarch Realm. With a few more levels, you can reach the God Realm."

"On my side, I've already gathered more than a thousand years of blood and condensed a huge blood pool. It's the blood pool you saw when you cracked my mental strength.

In the future, when you transcend the tribulation and ascend, I will use the blood in the blood pool to help you block the heavenly secrets to prevent the person who created the lightning cloud law from discovering that you're transcending the tribulation."

Hearing this, Lu Xiaoran was not too touched.

If the other party was purely serving him, he would definitely be grateful.

However, now, the other party had supported him all the way just to help her sect.

There was no need to talk about feelings in business.

Moreover, he could not completely believe the other party's words.

Who knew if this Elder Tianji was manipulating him?

"I already understand what you're saying. However, although I understand, if you want me to really believe you, you have to show some true sincerity."

"I understand."

Elder Tianji seemed to have long expected all of this. Therefore, she directly separated a drop of her blood essence and a wisp of her remnant soul and handed them to Lu Xiaoran.

That decisive attitude did not require any thought, making Lu Xiaoran unable to help but be slightly shocked.

This Elder Tianji's faith was especially heavy!

In order to save her master and the sect, she did not care about her life at all.

It seemed that she was probably right.

After all, she would not lie to him with her life.

Lu Xiaoran could tell that Elder Tianji's current cultivation had surpassed his. If they really fought, even if he could not be killed, he would still be severely injured to an unbearable level.

Chapter 267: Bound Again

When a person's strength surpassed yours and was willing to let you control their fate, there was basically nothing to doubt.

Lu Xiaoran rubbed his eyebrows and continued, "Then what should I do next?"

"Your cultivation has already reached the Martial Monarch Realm. As long as you increase it to the God Realm, I will immediately activate the blood pool and block the Heaven Dao laws from sensing you. At that time, you will directly transcend the tribulation and ascend. After arriving at the Divine World, you will immediately head to the Lu family of the Divine World's Primordial Sacred Land."

"As long as you use a drop of your blood essence to activate the token in the Lu family's territory, someone from the Lu family will come and find you. "

"What if the Lu family doesn't acknowledge me? I've disappeared for so many years. Won't they suspect the current me?"

"Your bloodline is the bloodline of the Lu family, so the Lu family naturally won't doubt you. You wouldn't even need to fear a blood recognition test. After entering the Lu family, with the protection of the Lu family, you can at least live peacefully in the Divine World for a while and then cultivate well to increase your cultivation."

"As for your background, can't you just make up something? There shouldn't be anyone better than you in terms of lying, right?"

Lu Xiaoran : "..."

“Don’t talk nonsense. This is slander. Do you believe that I’ll sue you for slander?”

After a pause, he continued, “How many hot shots are there in this world?”

“Three. After many years of observation, I’ve basically confirmed all the hot shots in this world. Most of them have already been killed by you. Now, only Ye Junlin from the Ye family of the Eternal Forest, an itinerant cultivator called Li Qingfeng from the Eternal Forest, and an itinerant cultivator called Han Zhen from the Eternal Forest are left.”

“Among the three of them, Han Zhen is the most difficult to capture and Ye Junlin is the strongest. Li Qingfeng is second. I think you can try attacking Li Qingfeng first.”

Lu Xiaoran was familiar with Han Zhen. He also knew about Li Qingfeng. His eighth disciple, Jiang Taixuan, was still bits and pieces. He had just been placed into the Body Modeling Mark and had yet to revive.

However, to Lu Xiaoran’s surprise, there was actually another Ye Junlin.

Moreover, according to Elder Tianji, Ye Junlin was even the strongest.

Looks like he still had a few more fierce battles to go.

“Then I’ll deal with Li Qingfeng first. Before that, I’ll have to trouble you to help me investigate something.”

“What is it?”

“Help me investigate if there’s anyone like you in this world.”

Elder Tianji’s eyes suddenly turned cold.

“What do you mean?”

“It’s nothing. It’s just my intuition. However, since you’re on the same side as me, help me investigate.”

“Alright!”

Lu Xiaoran’s safety was related to the revival of the Elder Tianji’s sect, so she naturally did not care.

Therefore, when Lu Xiaoran mentioned this, Elder Tianji immediately bade Lu Xiaoran farewell and turned to leave.

Lu Xiaoran rubbed his temples and also turned around to return to the Nameless Sect.

As soon as he returned to the Nameless Sect, he saw his disciples lying on the wall like a row of swallows and looking at him with smiles.

“Master, who was the woman you met at the foot of the mountain just now?”

“Get lost!”

“Could she be our new female sect master?”

Lu Xiaoran :” ...”

“Aren’t you guys supposed to be cultivating? What are you all doing here?”

“We’ve already cultivated for a long time. We came out to take a breather. Speaking of which, Master, you don’t have to be embarrassed. You’re already so old and so powerful. It’s not like we aren’t able to understand why you’re looking for a Dao mate.”

“That’s right, that’s right. Master, we understand you very well. Don’t worry, we’re all good children. When Master’s wife enters, we’ll definitely be obedient and not embarrass you.”

Just as Lu Xiaoran was about to curse, the air suddenly distorted, and Elder Tianji’s figure appeared again.

“I forgot to tell you that two hot shot auras had appeared in the Ye family in the past. You have to be careful when you deal with the Ye family in the future.”

As soon as she finished speaking, she turned around again and disappeared from her spot.

As for the disciples, they had already fallen into deep silence.

A moment later, Yun Lige could not help but say,

“Master, I’ve always wondered why you never find a woman. I didn’t expect... you to actually like older women.”

“Master, isn’t your taste a little too extreme? Although martial artists can adjust their appearance, this... I can’t believe you actually like this.”

Ji Wuxia silently took out her notebook.

“Great Zhou Calendar 20... Master likes older women. It’s best if they’re covered in wrinkles.

“Perhaps it’s because he likes mature women.”

Lu Xiaoran :”...”

A moment later, he rolled up his sleeves and strode towards the few idiotic disciples.

“Looks like you guys need your mouths torn apart today.”

...

After teaching his idiotic disciples a lesson, Lu Xiaoran finally returned to his study angrily.

Sometimes, he really did not understand why a high-intelligence genius like him would take in so many idiotic disciples.

Could it be that Wang Cai only looked at one’s cultivation talent and not one’s IQ?

However, he could not be bothered to think about these things now.

What really concerned him was the last sentence Elder Tianji had just said.

Two hot shot auras had appeared in the Ye family.

Didn't that mean...

Could the Ye family have two hot shots?

Could they be that awesome?

Were all people with the surname Ye so awesome?

Forget it. No matter if they really had two hot shots, he would not be able to determine it for the time being. Even if he did, he would not be able to defeat them.

Instead of thinking about this, it was better to think about Li Qingfeng.

At the very least, he was only a single hot shot. Lu Xiaoran would kill him first and absorb him to increase his strength before dealing with the hot shots of the Ye family.

Before that, he needed to revive Jiang Taixuan first.

The Body Modeling Mark was placed in the Mountain and River State Painting by Lu Xiaoran. After the time flow accelerated, the Body Modeling Mark quickly began to repair Jiang Taixuan's body.

After an entire month outside, Jiang Taixuan finally completely recovered his soul and body.

Lu Xiaoran took a look. Jiang Taixuan's cultivation was at the fifth level of the Martial Monarch Realm. Based on this, he could easily determine that it would take 300 days for him to recover from his injuries.

If his cultivation was longer, it would probably take more than a year or even many years to repair his body.

In this way, even if he was resurrected, he would still be delayed for a long time and be helpless. If he obtained enough time to cultivate, he would be left behind by a lot.

Looks like in the future, he still had to educate his disciples. He could not let them be too arrogant and end up getting killed. That would not be good.

Especially Lige!

The Body Modeling Mark flashed and released Jiang Taixuan's body. Jiang Taixuan looked at his surroundings and Lu Xiaoran in front of him in confusion.

Lu Xiaoran could not be bothered to waste his breath on him. He activated the Trinity True Eyes and instantly explained everything, including his intention to take in a disciple and the various rules of the Nameless Sect.

After receiving all the memories, Jiang Taixuan did not hesitate at all. He immediately knelt down and acknowledged Lu Xiaoran as his master.

"Patriarch East Demon, Jiang Taixuan greets Master."

That old tone made Lu Xiaoran fall silent for a moment. At this moment, he suddenly felt that the two of them should change their identities.

After all, Jiang Taixuan was an old man, and he was a good young man. It was inexplicable for him to make the other party kneel and bow to him.

However, at this moment, Wang Cai's voice suddenly sounded.

"Congratulations, Master, for taking in Jiang Taixuan as your disciple. You're rewarded with a top-grade Martial Monarch Realm cultivation technique, the Netherworld Scripture, a top-grade Martial Monarch Realm Ghost Emperor Banner, and a God Realm divine soul."

Three good things had appeared at once. Looks like this disciple was not bad.

Lu Xiaoran put away the chaotic thoughts in his mind and said softly, "Get up."

"Thank you, Master."

Jiang Taixuan, who had already understood everything, was extremely respectful to Lu Xiaoran at this moment.

Actually, long ago, when he was instantly killed by Li Qingfeng, the arrogance in his heart had long disappeared without a trace.

Now, his master was actually able to revive him from the ashes. How could he not respect such a powerful person?

Lu Xiaoran was also satisfied with Jiang Taixuan's performance. He immediately taught him the Netherworld True Scripture and gave him the Martial Monarch Realm Blood Pill, Martial Monarch Realm Marrow Pill, Martial Monarch Realm Soul Pill, Divine Concentration Pill, Divine Blood Pill, and a series of top-grade medicinal pills.

Then, he would fuse the divine soul with Jiang Taixuan.

After a month, Jiang Taixuan's strength soared, from the fifth level of the Martial Monarch Realm to the seventh level.

Moreover, Jun Bujian had also officially stepped into the third level of the Martial Monarch Realm.

Zhuge Ziqiong, Li Changsheng, and Song Xinian had officially stepped into the Martial Monarch Realm.

Fang Tianyuan was still a step away from reaching the Martial Monarch Realm.

Ji Wuxia had already reached the fourth level of the Saint Realm.

Lige...

Forget it, Lu Xiaoran wanted to save him some face. Lu Xiaoran directly ignored his information panel.

After all, it was heartbreaking to see it.

With the help of his disciples' cultivation, Lu Xiaoran finally advanced to the perfected ninth level of the Martial Monarch Realm.

He was only one step away from reaching the tenth level of the Martial Monarch Realm and breaking through to the God Realm.

This increased Lu Xiaoran's morale and he also worked harder to whip the disciples and get them to cultivate.

...

At the same time, on the other side, in a small wooden house on a small slope far away in the Eternal Forest.

Li Qingfeng suddenly opened his eyes.

Two cold lights shot out like sharp swords. Killing intent spread, making one's heart palpitate.

Just now, the system that had already been announced to have been removed had actually appeared again and bounded again.

Ding! Strongest secondary occupation system, second binding successful.

"System, you're back?"

Li Qingfeng was instantly overjoyed.

This system was something he had obtained when he first began cultivating.

At first, he thought that this so-called secondary occupation system was very trashy. It only taught him how to play the zither, play chess, read books, and draw, cook, and grow vegetables.

However, he later realized that something fishy was going on.

Chapter 268: Mission: Kill Lu Xiaoran

For example, the system had taught him to nurture poultry, but he had actually raised several extremely powerful demon beasts.

For example, the system had taught him how to cook. Although the food he made seemed very ordinary, it actually made Martial Monarch Realm experts fight over them.

After all, wasn't that the case with the grandpa and grandson from the Jun family?

In the beginning, Li Qingfeng really did not sense it. It was not until one day when he went out and happened to hear that the Jun family was one of the ten great families of the Eternal Forest did he slowly begin to suspect something.

At first, he only knew that Jun Bujian was a rare super genius of the Jun family.

After thinking about it carefully, he realized that Patriarch Jun was definitely Jun Bujian's senior. Otherwise, with Jun Bujian's status, Jun Bujian didn't need to be so respectful to Patriarch Jun.

In other words, Patriarch Jun was actually a super expert of the Jun family!

There was no need for a super expert of the Jun family to suck up to him.

The only explanation was that there might be something special about him that was enough to attract the attention of the Jun Family's patriarch and make the other party lower his status to come to such a place.

Later, Li Qingfeng brought an old hen he raised to a certain place in the Eternal Forest and found a Saint Realm demon beast.

In the end, his old hen had only relied on its aura to scare the other party until it could not even get up.

In the end, the old hen even pecked a hole in the other party's head and killed it.

That was a dignified Saint Realm demon. It was actually unable to even resist the aura of his old hen.

What else could his old hen be if not a Martial Monarch Realm expert?

Of course, just this alone was not enough for him to believe that he was really awesome.

Therefore, he found an opportunity to give the medicinal pill he refined to a weak cultivator with a very low cultivation.

In the end, after the other party ate it, his aura actually instantly soared, increasing by several realm levels in an extremely short period of time.

From then on, Li Qingfeng understood that his system had not deceived him.

Although it had only taught him secondary professions, it had made him unimaginably powerful.

It was even to the extent that Martial Monarch Realm experts were nothing to him.

Therefore, when the secondary occupation system bound him again, who knew how excited Li Qingfeng was?

"Yes, Host. I'm back."

"It's good that you're back. It's good that you're back."

Li Qingfeng was so excited that his voice trembled.

With the help of this strongest secondary occupation system, it was not difficult for his cultivation to increase another step.

He really wanted to cultivate to the God Realm and then become a true super expert.

"Host, I came back this time to increase your strength. I hope that you can firmly listen to my orders this time."

"Alright, no problem. I'll definitely listen to your orders. Don't worry."

"In that case, please relax and open all the permissions."

"Alright!"

Li Qingfeng was caught off guard and directly opened all his authority.

In the next second, a blue light suddenly flashed in his eyes. Immediately after, a blood-red light flashed.

"What's going on? System, my... my consciousness seems to have been stripped. What are you doing?"

“Host, don’t worry. I’m just borrowing your body first. After completing the mission, I’ll return the control of my body to you.”

“Alright! Then... what mission do you want to complete?”

“Kill Lu Xiaoran.”

“Lu Xiaoran...? This name is so unfamiliar! Who is he? Why have I never heard of him?”

“He’s Jun Bujian’s master and also the master of the East Demon Patriarch, Jiang Taixuan.”

“Damn!”

Li Qingfeng’s soul immediately trembled.

“Isn’t Jun Bujian already a Martial Monarch Realm expert? Wouldn’t his master be extremely terrifying? There’s also the East Demon Patriarch, Jiang Taixuan. Jiang Taixuan also seems to be a Martial Monarch Realm expert, right? Back then, I think I met his disciple and accidentally killed him.”

“Yes. However, the host did not only kill Jiang Taixuan’s disciple. In fact, Jiang Taixuan was also killed by the host.”

“Ah? When did I kill Jiang Taixuan? I’ve never met anyone called Jiang Taixuan!”

“The host has indeed never seen Jiang Taixuan before. However, when Jiang Taixuan came to avenge his disciple, he was killed by the host’s array formation and was only left with a trace of residue. Now, he has already been successfully revived by Lu Xiaoran.”

Li Qingfeng was immediately dumbfounded.

“He can revive others?”

How was he supposed to deal with this?

It was simply impossible.

Wasn’t this Lu Xiaoran a little too powerful?

He had thought that he was already impressive enough. After all, it had taken him ten years to reach his current level.

In the end, he did not expect there to be an even more awesome existence in this world.

This Lu Xiaoran was really a hacker. Disgusting!

The system quickly explained to him,

“It’s not a pure revival either. He should be relying on the benefits of some divine weapon. In addition, even revival requires a certain amount of blood essence and soul. If one directly explodes into ashes, it will be impossible for them to be revived.”

“Hah! I was scared to death. If this guy can revive indefinitely, I’ll really be dead if I go against him.”

“But how am I supposed to find Lu Xiaoran? Do I just go and beat him up?”

“No, Lu Xiaoran is cautious by nature, has outstanding strength, and has many methods. If we fight on his home ground, Host will very likely die without a burial place.”

Li Qingfeng :”...”

“Is it that dangerous? Can’t I just not fight him?”

“Sorry, the host’s body is under my control now. This is not up to the host.”

Li Qingfeng’s heart instantly surged!

This damn system had ill intentions and had actually tricked him.

He did not have control of his body now and could only listen to the system.

In short, he was now a puppet. He could be moved according to the system’s will.

Then, the system controlled Li Qingfeng to set up various array formations on the entire small hill. Then, it sent a message to invite the old master of the Jun family and then bring him over as a guest.

The old master of the Jun family was frustrated because he had offended Li Qingfeng previously.

Now that he had received Li Qingfeng’s invitation, he was naturally crazy. Without thinking, he directly brought Jun Bujian to the small hill.

He had always yearned to eat Li Qingfeng’s delicious food to increase his martial comprehension and work hard for his next breakthrough.

...

Three days later, the Nameless Sect received a letter.

When he saw the contents of the letter clearly, Lu Xiaoran was in a mess.

The Jun Family’s patriarch and Jun Bujian had both been captured by Li Qingfeng.

Moreover, Li Qingfeng even wanted to get Lu Xiaoran to save them personally.

Otherwise, Li Qingfeng would blame Lu Xiaoran for the death of the Jun Family’s patriarch and Jun Bujian.

What was going on?

Wasn’t this Jun Bujian supposed to be smart? Why were these two idiots being played like monkeys?

Also, wasn’t this Li Qingfeng too unconventional?

He had actually kidnapped his disciple. This was simply impossible to guard against.

He even wanted to push the blame to him and let the entire Jun family attack him?

Damn, this shameless method was comparable to his.

However, there was nothing he could do about it. Although he could revive Jun Bujian and resolve the suspicion, it would take too long for him to create a Martial Monarch Realm expert with the Body Modeling Mark. If the other party immediately informed the Jun family to deal with him after killing Jun Bujian, it would be a headache.

This time, even if Lu Xiaoran did not want to attack, he still had to.

When this matter was known by the entire Nameless Sect, everyone could not help but feel indignant.

“This Li Qingfeng is really bold! He actually dares to ambush our junior brother. He’s simply courting death!”

“Master, Lige requests permission to kill him and burn his bones to ashes to save Little Junior Brother.”

Lu Xiaoran hurriedly waved his hand.

“Forget it. It’s safer for you to stay at home.”

Yun Lige was silent for a moment.

“Master, are you looking down on me?”

“No.”

“I don’t believe it!”

Lu Xiaoran took out a long whip.

“Think again.”

“Master, I understand your good intentions. You want to protect me from harm so that I can cultivate better and have a bright future. Lige will always love you.”

Lu Xiaoran nodded.

“This time, although the other party said that it was a battle, in fact, whether it was a true battle or not, we still have to consider whether there will be an ambush. In short, there are many factors involved. Therefore, although I’ll bring a lot of people with me, most of them will be placed in the Mountain and River State Painting.”

“At that time, it doesn’t matter if he ambushes us or really challenges us. In any case, our goal is still the same as before. We won’t fight him one-on-one. If we have the chance, we will definitely fight him in a group. We will also use all kinds of dirty tricks to directly attack him. You don’t have to care about our reputation at all.”

“Master, let me be the main attacker.”

Song Xinian was the first to ask to be the main attacker. However, immediately after, Li Changsheng was unwilling.

“Why should I let you be the main attacker? My cultivation has increased a lot recently. My moves are stronger than yours. No matter what, I should be the main attacker.”

Zhuge Ziqiong also said at the same time,

“Master, why don’t I be the main attacker? I have a zombie body. Ordinary attacks won’t easily injure me. It’s definitely safer for me to be the main attacker than the two senior brothers.”

“Junior Sister, women can’t be the main attacker. How can the two of us men endure this?”

...

Seeing that the few of them were about to quarrel, Lu Xiaoran slapped the table.

“What’s with the commotion? What main attack and secondary attack? Once the battle begins, everyone has to listen to my orders. There’s no main attack. In fact, everyone will be the main attack. As long as you’re a Martial Monarch Realm expert, charge forward and kill them in one round. Don’t stop. Pick your strongest skills and run after fighting. Don’t stop.”

“I, Lu Xiaoran, have killed so many hot shots. I’ve always been the one to scheme against others. No one has ever dared to scheme against me. I can’t tolerate this.”

“Also, I have dozens of Martial Monarch Realm experts under my command. I have never fought such a rich battle in my entire life!

“This Li Qingfeng, I’ll screw his ancestors! ”

Chapter 269: These Are All the Malicious Tricks I’ve Used Before

By the Wuwang Sea, a black-robed figure stood by the fishing cliff, his cold face covered in frost.

A moment later, the air behind him distorted, and a beautiful figure once again appeared behind him.

“Master, the system has once again fused into Li Qingfeng’s body.”

“Good.”

“Master, why don’t we get Ye Junlin and Li Qingfeng to attack at the same time? If the two of them attack, wouldn’t the effect be better? Wouldn’t we have a higher chance of capturing Lu Xiaoran?”

“Do you think I didn’t think of this? However, if Ye Junlin attacks with Li Qingfeng and fails, we almost won’t have a chance to turn the tables.

“Since Han Zhen did not successfully bind the system fruit, I have to be more cautious.

“Of course, it would be best if Li Qingfeng could kill Lu Xiaoran.

“If he can’t kill him, it still won’t affect my next plan. ”

“But Master, I still don’t understand. Even if we only have two cards in our hands, won’t our chances of winning be higher if we play them together?”

“Hehehehe...”

The black-robed man smiled evilly.

“If the two cards are used together, it will indeed increase the chances of victory, but that will be fighting to the death. It’s best if I win. However, if I lose, there will be no way for me to turn the situation around. As long as there’s a card on the table, I can continue playing.”

“But at the same time, the chances of victory have decreased. What’s the point of leaving this card on the table? We’ll still lose sooner or later.”

“That’s not necessarily true. What if... I have a third card?”

The black-robed man smiled mysteriously, making the woman stunned.

A third card?

Where did her master get the third card?

At this moment, the black-robed man suddenly paused and looked into the distant sky.

“Looks like an old friend has come.”

The next moment, the air distorted as a figure in a black robe slowly walked out of the void. It was none other than Elder Tianji.

Seeing this figure, the black-robed man’s subordinate’s expression suddenly turned cold.

“Who is it? How dare you trespass into Wuwang Sea? You’re courting death!”

“Noisy.”

The black-robed figure’s eyes moved.

Boom!

In the next second, the woman actually directly exploded on the spot, exploding into a bloody mist.

However, to her surprise, her master was not angry at all.

Instead, he smiled and said, “After so many years, I didn’t expect your temper to still be so bad.”

“Hmph! There’s no need to be polite with you sanctimonious hypocrites.”

The black-robed man shrugged.

“After being turned into a pool of blood, you can only use your tongue for now. If it were back then, my insignificant cultivation would probably not be enough for me to carry your shoes, right? Perhaps I would have long been killed by you.”

“Cut the crap. What do the hot shots have to do with you?”

“Hehehe... I’m not that powerful.”

“That’s true. You’re not qualified to create a hot shot.”

After a pause, she continued, "However, it's not a good thing for you to stay here. The hot shots are more or less related to you. Do you want to tell me yourself, or do you want me to beat you up until you tell me?"

"We're all old friends. There's no need to fight and kill as soon as we meet. There's no harm in telling you. The hot shots themselves exist in this world."

"I didn't create them, but that doesn't stop me from finding them and... using them."

Elder Tianji mocked, "Isn't this your usual method? Despicable and shameless. However, back then, you took a huge advantage of my sect. Now, I definitely won't let you take advantage of my sect again."

As soon as she finished speaking, Elder Tianji did not give the other party a chance to react and directly attacked, directly blasting the other party and the space into dust.

However, a moment later, the other party's figure appeared behind him.

"You want to kill me with such a small move? Don't try to be funny. It's better for you to show your true strength."

As he spoke, he punched towards Elder Tianji. The killing intent from his fist spread, directly shattering the void barrier beside Elder Tianji on the spot.

It could be imagined that if this punch landed, Elder Tianji would definitely die.

Unfortunately, Elder Tianji's reaction speed was top-notch.

The moment the other party's fist wind spread, Elder Tianji had already disappeared from her original spot. When she reappeared, she had already arrived behind the other party.

Without giving the other party a chance to react, she directly used her full strength and raised her hand to slash at the other party's spine.

Bang!

The powerful force instantly shattered the other party's bones. The extremely terrifying killing intent made Elder Tianji not hold back at all and use all her strength.

After the bone shattered, the other party's mobility instantly decreased.

Elder Tianji took the opportunity to attack several times and explode the other party's body one after another.

Soon, only a trace of the other party's body was left.

"Without that weapon, you're only trash. In front of me, you're not even qualified to carry my shoes." Elder Tianji grabbed the other party's neck and said coldly,

"Hehe..."

The black-robed man smiled faintly and remained unmoved.

“You’re right, but so what? I’m only an avatar. Even if I die, I’ll still be revived in another place! However, you’re different. You have your original body! If you die, you’ll really die.”

As soon as he finished speaking, a dazzling light suddenly lit up the entire island.

Elder Tianji’s expression changed drastically.

There was actually an array formation set up on this island!

The subordinates of the black-robed man all fled outside crazily.

However, Elder Tianji did not. This was because she knew better than anyone that no one could escape from this array formation.

At this moment, she only stared coldly at the black-robed man in her hand.

“Are your people also going to die with me here?”

“Them? They’re not from our sect. They’re only a group of subordinates I temporarily recruited in this world. Now, in order to capture you, their sacrifice is worth it.”

After a pause, the black-robed man continued, “Oh right, there’s something I want to tell you. I also want you to die in peace. Do you know why the Heaven Dao laws set up so many hot shots?”

To tell you the truth, they were here to kill Lu Xiaoran.

“Your master wanted to use Lu Xiaoran to overturn the situation. However, in the end, he did not even know who Lu Xiaoran was!

“You guys have no hope at all. If you want to defy the heavens and change your fate, you have to kill Lu Xiaoran and snatch his luck to complete the task.

Otherwise, everyone would be stepped on by Lu Xiaoran. No one will be an exception!

He’s either the chosen one... or fate itself. ”

Elder Tianji’s hair instantly stood on end, and her pupils constricted. Almost at the same time, the world became vast, and the array formation directly exploded in the sea.

The extremely powerful explosion directly covered more than ten million seas in an instant.

A huge black hole was suddenly blasted out of the sea.

This black hole was enough to devour the world and destroy everything!

...

On the beach of the Wuwang Sea, Han Zhen was extremely excited.

In order to become stronger, he had specially come to the Wuwang Sea east of the Eternal Forest.

He did not expect to discover a kind of spirit energy fish breeding in a sea area as soon as he arrived.

This spirit energy fish was a creature from the deep sea.

Not only were they delicious, but they also had a lot of abundant spirit energy.

If he ate them, the effect would be similar to consuming a Martial Monarch Realm Pill.

However, just as he was about to capture these spirit energy fish in one go, an extremely powerful shock wave suddenly erupted from the depths of the Wuwang Sea.

“Not good!”

The shock wave was extremely powerful. Its might directly tore through the spatial barrier and had already surpassed an ordinary Martial Monarch Realm attack.

Han Zhen did not dare to be careless at all and immediately turned around to escape as quickly as possible.

Before he could escape, he was caught up by the shock wave and was directly sent flying.

At this moment, Han Zhen’s heart simply collapsed to the extreme.

It was not easy for him to find a group of spirit energy fish. He had yet to think of making a small fortune when he encountered such an unlucky thing in the blink of an eye.

Could it be that he was currently possessed by a god of misfortune?

...

At the same time, the air on the small hill of the Eternal Forest distorted. Lu Xiaoran’s figure then appeared on the slope.

The moment he appeared, he seemed to have sensed something and swept his gaze towards Wuwang Sea.

This was because he could sense that Elder Tianji was dead!

At that moment, Elder Tianji’s aura suddenly shattered and disappeared.

This shocked Lu Xiaoran.

Although he did not know how powerful Elder Tianji was, he still knew that Elder Tianji was at least above the perfected tenth level of the Martial Monarch Realm.

In short, Elder Tianji’s strength was at least at the God Realm.

Such a powerful person had actually been destroyed?

Then how powerful was the other party?

No, after saving Jun Bujian and his grandfather this time, he had to think of a way to quickly increase his disciples’ strength.

Otherwise, it would be impossible for him to do anything at all. Everyone’s cultivation was constantly increasing. He also needed to increase his own cultivation speed.

After taking a deep breath, Lu Xiaoran eliminated his complicated thoughts and placed his gaze on the hill below.

Opening the Trinity True Eyes, Lu Xiaoran directly investigated the environment of the entire hill clearly.

After the Trinity True Eyes absorbed the Ten Directions Everlasting, its detection ability was top-notch!

With a single glance, Lu Xiaoran could tell that this hill was filled with array formations. Moreover, there were actually many top-grade Martial Monarch Realm and even low-grade God Realm array formations.

How ruthless. The other party wanted to use the array formations to blow himself up before coming out to deal with him?

What was laughable was that these were all dirty tricks Lu Xiaoran had used before.

Lu Xiaoran was the true expert when it came to such methods!

Chapter 270: Kneeling and Singing Conquest

After confirming Li Qingshui's strategy, Lu Xiaoran directly embedded himself into the array formation.

There were many spirit stones in this array formation, especially top-grade spirit stones. There were probably hundreds of millions of them. Lu Xiaoran did not want to miss the opportunity to snatch them.

He would need money sooner or later.

However, speaking of which, after destroying Su Chen last time, Lu Xiaoran had ordered Ji Wushang to gather the remaining spirit stones in the Hall of Gods. Why had it been more than a month and he still not finished gathering them?

Could this brat be keeping them for himself?

After returning, if Ji Wushang still did not come, he would have to find a chance to ask him properly.

...

On the small hill, Patriarch Jun was furious.

"Li Qingfeng, I thought that you and I were good friends. I didn't expect you to be so despicable as to imprison me here."

Li Qingfeng glanced at him indifferently.

"Friend? Are you worthy? You've only come to my place for so many days to eat and drink. You only came to eat the food that contains martial intent and powerful spirit energy. You only cared about obtaining benefits."

Patriarch Jun's face turned red. Indeed, this was indeed true.

He could not refute it.

Patriarch Jun said leisurely from the side, "Patriarch, I've long advised you not to covet the things of others."

Patriarch Jun heaved a long sigh, his expression sad.

“Damn it. I’ve met countless people in my life. I didn’t expect to actually die here. If this gets out, my personal reputation will be a small matter. I’m afraid the Jun family’s reputation will be lost.”

After a pause, he continued, “No, you can’t tell anyone about this no matter what, understand?”

“Patriarch, at this moment, I think we should pray to survive.”

“That’s right. Speaking of which, when did you obtain a master? Why haven’t I heard of this?”

Hearing the patriarch ask about his master, Jun Bujian’s face finally revealed a relaxed expression.

“Patriarch, please forgive me for this. I violated the Jun family’s rules by obtaining a master in private.”

“It’s fine. This is a good thing. Previously, I wondered how your cultivation increased so quickly. In less than a month, your cultivation has increased to the second level of the Martial Monarch Realm. I didn’t expect you to find such a powerful master. However, in the future, you can’t hide it from me anymore. Otherwise, I’ll have to execute the Jun family’s law.”

“Then I’ll tell you something else.”

“Tell me.”

“I’ve actually already broken through to the fourth level of the Martial Monarch Realm.”

After cultivating day and night for such a long time, coupled with the divine pills and divine egg essence he had absorbed previously, he had long accumulated enough energy to advance to this level.

Patriarch Jun was silent for a moment before saying,

“Bujian, does your master have any requirements for recruiting disciples?”

Jun Bujian :” ...”

In fact, it was no wonder that Patriarch Jun was tempted.

The higher one’s cultivation level was, the harder it was to cultivate.

Patriarch Jun had broken through to the perfected tenth level of the Martial Monarch Realm a thousand years ago. He was only a step away from reaching the legendary God Realm.

Unfortunately, he had been stuck at the perfected tenth level of the Martial Monarch Realm.

It was even to the extent that because his cultivation had stagnated for many years. Moreover, as his age had increased, his blood essence had already begun to vaguely decline, actually causing his cultivation to gradually decrease.

If not for this reason, he would not have specially come over to suck up to Li Qingfeng.

After all, Li Qingfeng’s food had martial intent. Moreover, even Li Qingfeng’s zither, chess, calligraphy, and paintings could allow him to obtain many insights.

To those new Martial Monarch Realm experts, they might care more about their dignity.

However, an old Martial Monarch Realm expert like Patriarch Jun, he had long passed the age of posturing.

The current him was more interested in increasing his cultivation.

Li Qingfeng ignored the two of them and communicated with his system.

“System, will Lu Xiaoran really come?”

“He’ll definitely come. I said in the letter that if he doesn’t come, I’ll frame him after killing the Jun Family’s patriarch and Jun Bujian. There’s no reason for him not to come.”

This is because one of them is the current pillar of the Jun family, and the other is the future pillar of the Jun family. He probably doesn’t want to face the furious Jun family.”

In fact, Li Qingfeng’s system’s analysis was indeed not bad. However, there was another reason for Lu Xiaoran’s return.

That was, if the Jun family was destroyed by him, not only would he lose his troops, but he would also cripple the Jun family. If the Jun family scattered their assets and found the other families in the Eternal Forest to help, what would happen?

At that time, he would fall into the predicament of those male protagonists and would have to kill wave after wave of enemies. Lu Xiaoran definitely did not want this to happen.

Other than that, the Jun family was his youngest disciple’s family. If he destroyed the Jun family, what would his youngest disciple think?

Would he be extremely sad?

Moreover, he did not have a grudge with the Jun family. Lu Xiaoran would not let Li Qingfeng set him up.

He had always been the one to scheme against others. No one had ever been able to scheme against him.

“Then, System, can the array formation we set up really pose a certain threat to him?”

“According to what you’ve told me, that Lu Xiaoran seems to be very powerful.”

“Hehehehe... Host, don’t worry. My array formations are all God Realm array formations from the Divine World. In the entire world, if I dare to say that I’m second, no one will dare to say that they’re first. Even if Lu Xiaoran is a god, he can forget about easily breaking my array formation.”

Host only needs to wait calmly for the mission reward.”

Gulp.

Li Qingfeng swallowed hard, his eyes revealing a yearning expression.

The reward for the system’s mission this time was a direct advancement to the Divine World. After receiving this reward, he could become a God Realm cultivator!

Such a reward was simply too generous.

As for whether Lu Xiaoran had a grudge with him or not, it did not matter.

Humans die for wealth, and birds die for food.

In order to advance to the Divine World, so what if he needed to kill Lu Xiaoran?

At the same time, at the foot of the mountain, Lu Xiaoran heaved a sigh of relief and wiped the sweat from his forehead with his sleeve.

“It’s finally done. Now, Li Qingfeng’s array formations have all failed. We can launch a sneak attack.”

Lu Xiaoran’s array formation skills were really too powerful. As a result, even after dismantling so many of Li Qingfeng’s God Realm and Martial Monarch Realm formations, it still did not cause a single fluctuation.

He was a true expert.

In fact, Lu Xiaoran had not only disabled all the array formations, but he had also set up some new array formations on the foundation of Li Qingfeng’s original array formation.

Since Li Qingfeng wanted to scheme against him, how could he not teach Li Qingfeng a lesson?

After all, courtesy demanded reciprocity.

His eyes gradually became firm. He took out the Mountain and River State Painting and released all his disciples and demon beasts.

“We’ve been nurturing our troops for a long time. The time has come for you guys to shine.”

“Yes!”

Everyone shouted in unison, their voices shaking the sky and making the clouds in the sky tremble.

Lu Xiaoran: “???”

“Why are you shouting so loudly?”

Everyone and the demons were dumbfounded.

“Isn’t it good to have a monstrous aura?”

Good my ass!

The reason why he came and acted like a minesweeper was because he did not want to cause a commotion and wanted to catch Li Qingfeng off guard.

In the end, these idiots were directly exposed after shouting.

If not for the fact that the battle was imminent, Lu Xiaoran really wanted to throw dozens of explosive Martial Monarch Realm Core Pills at them.

Sensing that an aura had already begun to spread on the hill, Lu Xiaoran did not dare to delay at all and immediately ordered, "Stop talking nonsense. We've been discovered. Attack."

As soon as he said this, all the disciples and Martial Monarch demon beasts attacked the mountaintop at the same time.

On the peak of the mountain, when Jun Bujian heard this voice, he was immediately overjoyed.

"It's my master! My master is here."

Li Qingfeng was dumbfounded and surprised.

"System, didn't you say that your array formation is invincible?"

"We miscalculated. This Lu Xiaoran is too powerful. Immediately carry out the second plan."

Although Li Qingfeng wanted to complain very much, he was now under the control of the system and was naturally unable to resist.

Therefore, under the control of the system, Li Qingfeng immediately released all the hens, fish, and snakes in his courtyard.

After losing the suppression of the system, the hens immediately became phoenixes that spread their wings. The fish and snakes also became giant pythons and flying fish.

Their auras were not inferior to a Martial Monarch Realm expert!

However, just as these Martial Monarch Realm demons flew out of the small wooden courtyard, they were greeted by countless extremely powerful beams of light.

Boom! Boom! Boom!

The demon beasts under Lu Xiaoran lined up and used their full strength to attack.

Li Qingfeng's demon beasts did not expect this situation at all. For a moment, they were bombarded by the explosions and were in chaos.

It was even to the extent that because the attack was too powerful, the void barrier was shattered, and several Martial Monarch Realm demons were severely injured on the spot.

Lu Xiaoran's demon beasts had all basically eaten at least two divine beast eggs in the past.

Therefore, their bloodline was definitely far purer than these old hens.

Their strength also greatly surpass the other party.

Almost in an instant, the demons were blasted back to the small wooden house. At the same time, the small wooden house was also shattered on the spot.

In an instant, everything was enveloped in the void.

"Lu Xiaoran, do you really think you can bully me?"

Li Qingfeng, who was controlled by the system, was immediately furious.

Lu Xiaoran was simply too shameless.

Li Qingfeng was the one who had set up the array formation and waited for the other party to tire himself out. In the end, this Lu Xiaoran just had to play some tricks to turn the situation around. He did not even trigger a single array formation and even ambushed his demon beasts in advance, making Li Qingfeng seem like an idiot.

This made Li Qingfeng feel that his intelligence had been insulted.

He wanted to kill Lu Xiaoran and clear his name.

He wanted Lu Xiaoran to kneel in front of him and submit.

Without wasting any time, Li Qingfeng raised his hand and slashed.

In an instant, everything in the world seemed to have stopped. Only this cold light was left, shocking everyone until their souls turned numb.
