

## AN EXPERT 351

### Chapter 351: Where Did the Luck Go?

Gulp.

After Huixin swallowed, he suddenly pointed at the sky.

“Hahaha... our Buddhist Sect’s elder is here.”

Li Changsheng and Song Xinian immediately looked towards the sky. Lu Xiaoran’s avatar, on the other hand, directly slashed out.

“Damn! Is he that heartless?”

Huixin immediately used his movement technique that had already evolved to the profound level to escape.

However, although his cheat code was powerful, his cultivation was far inferior to Lu Xiaoran’s avatar.

One was a first level Mahayana God King Realm expert, and the other was a peak tenth level Mahayana God King Realm expert. Moreover, Lu Xiaoran had attacked first. Huixin could only do his best to dodge, but his arm was still severed by Lu Xiaoran.

The arm lost the support of the divine power and was directly destroyed, not even leaving behind a trace. The saber beam did not lose its momentum and fell to the ground, immediately slashing out a huge ravine more than ten meters long.

Huixin spat and the hair on his body stood on end. He did not dare to stay any longer and immediately flew towards the nearby Buddhist Sect branch.

“Master! He’s escaping! Don’t let him escape. This brat’s talent is very powerful. In time, he will become even stronger.”

Li Changsheng exclaimed, but Lu Xiaoran’s avatar was unmoved. It only stared fixedly at the sky.

Huixin instantly escaped 50 kilometers away. He turned around and saw that Lu Xiaoran did not chase after him. He could not help but frown slightly.

“This doesn’t make sense! Why isn’t he coming to kill me?”

Just as he revealed a trace of doubt, an aura that also made him feel the pressure of death suddenly appeared in front of him in the next second.

Before Huixin could react, the other party had already punched him.

Bang!

The huge fist smashed fiercely onto his chest, creating a huge fist mark on his divine artifact armor.

Pfft.

Huixin spat out a mouthful of blood fiercely. He could not control her body and was directly blasted back by this powerful force.

His entire body smashed fiercely onto the ground like a meteor.

Boom!

Another loud bang sounded, and the ground trembled.

“Damn!”

“Damn!”

Li Changsheng and Song Xinian cursed at the same time and stared fixedly at the other master in the sky.

Was there a mistake?

Two masters had actually appeared?

Wasn't this too abnormal?

Huixin was already frightened out of his wits. He did not care at all why there were two Lu Xiaorans. He directly flew to the side, wanting to break free from the encirclement.

In any case, the entire world was filled with Buddhist branches. It was the same wherever they went.

However, before he could fly out, another similar aura appeared on the west side.

“Damn you!”

Huixin's mentality directly exploded on the spot.

Were these guys all twins?

Why were they appearing one after another?

Moreover, even if they were twins, it still didn't explain why they had the same auras.

“East... Damn!”

Before he could turn around, the sky in the east was already covered in lightning clouds.

Another Lu Xiaoran?

Li Changsheng and Song Xinian were also completely petrified on the spot.

Four... masters?

Ignoring their shock, Lu Xiaoran's avatar used his aura to suppress Huixin. Then, he attacked at the same time, not giving Huixin any chance to breathe.

Primordial Chaos Emperor Scripture, Azure Lotus Sword Art, True Phoenix Nine Transformations...

He used various cultivation techniques at the same time and gave Huixin a mixed Supreme VIP beating.

Huixin was directly dumbfounded before he could even react.

His divine artifact directly shattered, and his body was severely injured on the spot.

Lu Xiaoran's avatar's attack was too powerful and its speed was shockingly fast.

The worst thing was that this guy did not give him any chance to breathe at all.

Huixin's body was being constantly injured. His cultivation technique circulated crazily, repairing his body and protecting it.

It was even to the extent that in order to increase his strength, his divine soul had even appeared!

It was actually a Bodhisattva phantom!

It had to be known that the divine souls of the Buddhist Sect were all unified. They were divided into Buddha, Bodhisattva, Arhat, and Bodhi Supreme.

If the divine soul was a Bodhisattva phantom, it meant that Huixin could at least cultivate to become a Bodhisattva in the future!

Unfortunately, at this moment, it was unknown whether he would live. He did not dare to think about becoming a so-called Bodhisattva at all!

As soon as his divine soul appeared, the circulation of his cultivation technique became stronger and faster!

However, this speed was far inferior to Lu Xiaoran's attack speed.

The system sounded incessantly in his ear.

Ding... detected that your life is in danger. Your cultivation technique, the Mahayana Vajra Art, is circulating at a hundred times the speed. '

...

Ding... detected that your life is in danger. Your cultivation technique, the Buddha True Lightning, is currently evolving rapidly. It has advanced by 10%, 50%, and 100%. It has successfully advanced to a divine technique and is being upgraded to a profound level..."

...

Ding... detected that your life is in danger. Your Light Steps Floating On Water has mutated, turning into a half-immortal technique—Soul Sealing Blood Coagulation Art! The Soul Sealing Blood Coagulation Art can lock the host's last trace of blood and soul power, allowing the host to detonate himself and escape from the current range. '

...

Seeing this cultivation technique, Huixin's eyes immediately lit up.

What he lacked had arrived timely. The heavens did not want him to die!

Hahahaha...

He directly used the Soul Sealing Blood Coagulation Art.

Bang!

In the next moment, his body directly exploded into a bloody mist on the spot.

...

At the edge of the valley, Lu Xiaoran was sitting on a rock with a gloomy expression. He was trying to turn the immortal tree weeping willow he had gotten from the gift bag into a cane.

He was also unable to obtain the memories of his avatar. Unless his avatar died or this spell was dispelled, he would not be able to absorb the memories of his avatar. Therefore, until now, he still did not know that his avatar had already found Li Changsheng and Song Xinian.

This made him furious.

He decided that after finding these two brats, he would definitely let them have a good taste of the cane made from immortal willow branches.

He wanted to teach them a lesson!

As he worked on the cane, he looked at the disciples' information.

"Your disciple Jun Bujian was attacked by a Buddhist disciple."

"Your disciple Yun Lige was attacked by the Demon Sect's Grand Elder."

"Your disciple Jun Bujian was attacked by a Buddhist Elder."

"Your disciple Yun Lige was attacked by the Netherworld Patriarch."

"Your disciple Jiang Taixuan was attacked by a Buddhist Elder."

"Your disciple Yun Lige was attacked by Mother Blood Demon."

...

It was unknown what Lige was doing all day to provoke such strange people.

However, what made him feel even more unbelievable was that Jun Bujian and Jiang Taixuan had actually begun to go against the Buddhist Sect.

Why would the two of them go against the Buddhist Sect?

The two of them were so far away that even Wang Cai could not sense them. Logically speaking, it should be impossible for them to know that the Buddhist Sect had captured Zhuge Ziqiong.

What was going on?

This was quite special!

Had these disciples been tricked by the Buddhist Sect?

Was that why they were all so furious with the Buddhist Sect?

Just as Lu Xiaoran was making the cane in confusion, a bloody figure suddenly appeared in front of him. At the same time, Wang Cai's voice immediately sounded in his mind.

"Detected a hot shot. Master, please kill him. If you kill him successfully, you will be rewarded."

"Hahaha... I, Huixin, have finally escaped! Even when facing four peak Mahayana God King Realm experts, I still managed to escape. I'm indeed the chosen one!"

However, at this moment, an even more intense and rapid voice suddenly sounded in his mind.

Ding! Sensing that you're about to die, your cultivation technique, the Hinayana Gautama Divine Palm, is undergoing self-destruction and restructuring, evolving into a top-notch profound cultivation technique—the Gautama Divine Palm! The Gautama Divine Palm sensed that you're about to die and has already begun to escape.

...

Ding! Sensing that you're about to die, your cultivation technique, Soul Sealing Blood Coagulation, has fallen into autism and can no longer be used. '

...

Ding! Sensing that you're about to die, your cultivation technique, the Dragon Subduing Tiger Fist, is unbinding itself. '

...

Ding! Sensing that you're about to die, I'm already prepared to leave. After you die and the binding is removed, I'll also escape. I hope you will be reincarnated, although it's unlikely.

...

Huixin was petrified to the extreme. His body seemed to have stiffened as he turned his head mechanically and swept his gaze behind him.

When he saw Lu Xiaoran, he completely collapsed.

"Brother, how many times do you have?"

However, what responded to him was an attack that filled the sky and Lu Xiaoran's rapid chanting.

"Great Heavenly Dragon, World Venerable Ksitigarbha, Prajna Buddha, Prajñā Bakun..."

"Gautama Divine Palm! Primordial Chaos Emperor Fist! Indestructible Vajra Fist! Phoenix Cry Nine Heavens! True Phoenix Seven Style! Divine Dragon Swing Tail! Mad Dragon Out of the Sea! Endless streams! Related! If you're wrong, try again..."

"Azure Lotus Sword Song! Domineering World Destruction! Soul Shattering the Nine Continents! Battle God Opening the Heaven..."

Huixin could no longer hear the rest of the cultivation technique. His consciousness completely fell into darkness. In the end, not a trace of soul power was left.

At the last moment before his consciousness disappeared, he raised his middle finger fiercely at the heavens.

Damn the heavens! This system was so scammy!

He had been so lucky in his life, but today, all his luck was gone.

First, he encountered four peak God King Realm experts who looked identical.

In the end, after using a half-immortal technique to escape hundreds of thousands of kilometers away, he was still able to encounter another twin brother?

What was even more abnormal was that this guy's strength was actually at the peak of the Mahayana God King Realm.

The most abnormal thing was that he even knew the few supreme profundities of the Buddhist Sect.

After all, even Huixin himself did not even know the Great Mighty Heaven Dragon Technique!

After the Gautama Divine Palm finished evolving, it directly escaped.

Huixin couldn't help but curse at the heavens.

He dared the heavens to let him reincarnate.

He swore that he would definitely defeat the heavens in his next life.

He wanted to...

In the end, his thoughts completely disappeared.

As for Lu Xiaoran, he obtained a crazy harvest.

### **Chapter 352: Fury**

...

"Congratulations, Master, for killing a hot shot. Your cultivation has increased by one level. In view that the hot shot Master killed this time is very powerful, your cultivation has increased by another level."

Lu Xiaoran felt the divine power in his body tremble twice in succession and he instantly became much more energetic.

He had finally broken through to the Immortal God Emperor Realm. Moreover, he had increased two realm levels in a row and reached the second level of the God Monarch Realm.

It was said that the Immortal God Emperor Realm expert did not need a cultivation technique to be revived again. Instead, it only needed to leave behind a trace of blood and a wisp of his soul.

It was not that the Immortal God Emperor Realm expert had really reached the level of immortality.

However, some God Monarch Realm experts would even specially save a drop of their blood essence and soul power to revive themselves.

This was the true terror of the Immortal God Emperor Realm expert.

However, at this moment, the notifications in Lu Xiaoran's mind had not stopped.

"Congratulations, Master, for killing the hot shot successfully and obtaining the Immortal Artifact, the Immortal Horsetail Whisk."

"Congratulations, Master, for killing the hot shot successfully and obtaining the Immortal Blood Pill x9527."

"Congratulations, Master, for killing the hot shot successfully and obtaining the Nine Revolutions Immortal Pill x100."

"Congratulations, Master, for killing the hot shot successfully. You have obtained an immortal artifact, the Zenith Heaven Staff x1."

"Congratulations, Master, for killing the hot shot successfully and obtaining the Immortal Dao profound x30."

Immortal Dao profundity could increase profound cultivation techniques or profound weapons to the level of immortal techniques and immortal artifacts.

"Congratulations, Master, for killing the hot shot successfully and obtaining the immortal technique, Heaven Dipper Earth Fiend."

...

He obtained a large pile of rewards. They were basically all good things. Moreover, they were all at the Immortal Realm. It could be seen how rich this Huixin was.

At this moment, several lights appeared at the place where Huixin was destroyed and escaped in all directions.

However, Wang Cai's speed was even faster. When it came out of Lu Xiaoran's body, it also directly created five avatars. At the same time, they chased after all the lights, not missing a single beam of light.

The largest light was the most intelligent and hurriedly exclaimed, "Boss, don't come over. We're the same. You're a system, and I'm also a system. We were one 800 years ago!"

Unfortunately, Wang Cai ignored it and directly swallowed it.

Then, Wang Cai entered Lu Xiaoran's body.

"Master, I'm about to advance. During the advancement, don't find trouble. Don't be killed."

Lu Xiaoran : "..."

"I hope you don't go crazy and die from an explosion when you advance."

Wang Cai : "..."

At this moment, the air distorted, and the four avatars actually returned.

Two of them were carrying Li Changsheng and Song Xinian.

Lu Xiaoran was instantly in a good mood.

Today was really a good day.

Just now, he had been sitting at home, and then a hot shot appeared for no reason. Moreover, he was a hot shot with low health.

After killing the hot shots, his two youngest disciples were also brought back.

“Master! We’re finally able to see you. Wuwuwu...”

“Master! I missed you so much.”

As soon as the two of them arrived, they went forward and hugged Lu Xiaoran’s thigh, wailing.

Sensing the sincere feelings of the two of them, Lu Xiaoran’s heart immediately softened. He was somewhat unwilling to attack the two of them.

He only pretended to be furious.

“Hmph! You two brats still know how to come back. I summoned the two of you previously. Why didn’t the two of you come back?”

The two of them lowered their heads in shame.

“Master, calm down. The two of us only refused to return because we didn’t manage to save Junior Sister and were too ashamed to return to see Master.”

Hearing this, the anger in Lu Xiaoran’s heart decreased a lot.

“Hmph, since you guys are also thinking of Ziqiong, I’ll spare the two of you this time.”

“Thank you, Master!”

The two of them immediately heaved a sigh of relief. They did not have to be beaten.

Song Xinian suddenly thought of his avatar and hurriedly asked, “By the way, Master, where did you get these people who look exactly like you?”

The corner of Lu Xiaoran’s mouth curled up.

“This is Master’s avatar technique. As long as you learn it, you can increase the number of avatars according to your cultivation. The cultivation of the avatar and the authority to use the cultivation technique are...”

“Hiss!”

The two of them immediately felt their scalps turn numb!

His master was simply arrogant and cool!

He even had such a powerful avatar.

They were certain!

Their master was an immortal!

Other than immortals, it was completely impossible for them to do such a heaven-defying thing with only methods above the God Realm.

“Heavens, this cultivation technique is too powerful. Master, teach me. I want to learn this too.”

“No problem. It’s rare for you to be so diligent. Master will teach you in a while.”

Li Changsheng hurriedly said, “Master, I want to learn it too.”

Lu Xiaoran nodded.

“Alright, as long as you want to learn, Master will teach you.”

In any case, they were all his disciples and would not betray him. It was not bad for them to learn his avatar technique. In the future, he would be happy to see his disciples and their avatars beat up others.

“Then Master, quickly teach it to us.”

“Alright! No problem. It just so happens that I still have to increase your strength. Let’s go. Follow me into the valley first.”

As he spoke, Lu Xiaoran retracted his four avatars. At the same time, he also retracted the memories of his four avatars.

This included the four of them killing the surrounding Buddhist Sect branches and the subsequent matters.

“Eh! So that brat was severely injured by my avatars. No wonder the hot shot was crippled. It turns out that he encountered my avatars.”

Lu Xiaoran had just finished sighing when he received another memory in his mind.

“Senior Brother, don’t you think this master is a little idiotic?”

...

Some voices related to Song Xinian and Li Changsheng gradually entered Lu Xiaoran’s mind, making the smile on Lu Xiaoran’s face immediately stop.

His expression instantly turned cold.

Song Xinian did not notice Lu Xiaoran’s abnormality at all and continued, “Master, what’s wrong?”

Lu Xiaoran’s face darkened. He turned around and threw out a Fire Dragon Chain to tie the two of them up.

“Master, what are you doing?”

The two of them were dumbfounded, and Lu Xiaoran raised the cane he had just made.

“I just made a cane today. I want the two of you to help test if this cane is firm.”

In the next moment, screams sounded from the valley.

“Ah!”

“Master, I was wrong. Be gentler!”

“Master, spare me.”

...

Their voices sounded for an entire incense stick of time. They had been beaten up miserably by Lu Xiaoran. Lu Xiaoran had even added a divine technique to the canes, making it impossible for the two of them to repair their injuries. They could only suffer.

This made the two of them suffer enough. They lay on the rocks, their buttocks rotten and swollen like two old melons.

After fighting, Lu Xiaoran snorted angrily.

“The two of you, stay here and reflect on your actions. Remember this well. Let’s see if the two of you still dare to be disrespectful in the future.”

“Master, calm down. We won’t do it again.”

“It’s best if you don’t dare. However, you still have to lie here. Before two hours have passed, don’t even think about undoing my divine technique. Just suffer.”

As soon as he finished speaking, Lu Xiaoran flicked his sleeve and left.

This was because he could sense someone knocking on his door in the Lu family’s courtyard.

With a thought, he instantly teleported back.

...

Divine World, Buddhist Sect.

The High Buddha, who was in seclusion, suddenly opened his eyes. Two golden lights shot out from his eyes, revealing an incomparably strange feeling.

“Who is it? Who actually killed a peerless genius that only appeared in our Buddhist Sect after ten thousand years?”

Who is it!? ”

As if sensing his furious voice, a Buddhist elder quickly surged in from outside the door and whispered,

“High Buddha, what happened?”

“Huixin has been killed.”

“Huixin was killed? How is this possible? He’s a peak-level Thousand Domain Battle God!”

“Not only that, this child has always been cautious. It’s very likely that he hid his cultivation.”

That elder was directly frightened speechless!

Huixin had hidden her cultivation?

Didn't that mean that Huixin's true cultivation had actually reached the Mahayana God King Realm?

Heavens, how old was he? He had actually stepped into the God King Realm!

His talent was simply shockingly powerful.

However, the elder quickly thought of the High Buddha's words. Huixin had actually been killed.

Who was so powerful that they could even kill a God King Realm expert like Huixin?

Could it be a top-notch senior from some sect?

Or was it a powerful demon?

Just as he was feeling shocked, another figure in a kasaya quickly entered from outside.

"High Buddha, High Buddha, something bad has happened."

"What happened this time?"

The High Buddha's expression was extremely gloomy.

He could not bear to hear this bad news the most now. This was because recently, every time there was bad news, it was too serious.

"What happened again?"

"Lord Buddha, several Buddhist branches near Myriad City have been plundered!"

"It's said that not a single novice monk was left. All the monks in the branch were killed."

"What did you say?"

The High Buddha's pupils suddenly constricted. The other party trembled fiercely and continued,

"That's not all. It's said that many other temples have also been plundered. Outside the Ancient Sacred Land, those new branches were unable to protect themselves and have been completely wiped out."

"This is impossible!"

"It's true, High Buddha. Now, someone is still secretly robbing some of our Buddhist Sect's ancient tombs. Many of the tombs of the deceased monks have been robbed. The other party did not even leave behind their relics."

I heard that some auctions have begun to publicly sell these relics."

"Bastard!"

The High Buddha spat out a mouthful of blood and fainted on the spot.

**Chapter 353: Lu Xiaoran's Death**

“High Buddha, High Buddha!”

The Buddhist Sect Elder was shocked.

The High Buddha was sent by the Spirit Mountain to lead the Buddhist Sect of this world. If anything happened, they would not be able to bear the responsibility.

“High Buddha, are you alright?”

As the elder called, the High Buddha slowly opened his eyes. His eyes were filled with a cold light and killing intent.

He had come to this world and presided over the Buddhist Sect of this world for more than ten thousand years. He had nurtured countless immortals for the Buddhist Sect and had accumulated countless merits.

Originally, he felt that he could complete his mission and return to the Spirit Mountain to obtain the reward after completing this Demon Exorcism Meeting. It was very likely that he could use the reward to increase his cultivation to a higher level and attempt to ascend the position of a Bodhi Supreme.

However, now, such a thing had happened.

At this moment, not to mention becoming a Bodhi Supreme, it was already not bad if he was not punished.

In the Buddhist Sect, although the rewards were generous, if one was careless and did not do well, the punishment would also be extremely powerful.

How could his ten thousand years of perseverance and hard work be turned to ashes here?

After gradually calming down, he said with a cold expression, “Send people to investigate. Send elders to investigate. If you find the other party, don’t let him off. Kill him without mercy.”

“But High Buddha, there are really too many places. Although our Bodhi Temple has a lot of experts, it’s still a drop in the bucket.”

“Then get the other local sects to help investigate. Tell them that those who find out will be rewarded with divine crystals, divine pills, and various other resources.”

“If they’re unwilling to listen to my orders, kill without mercy.

In short, it’s better to kill a thousand by mistake than to let a single person off. ”

“Yes!”

...

On Lu Xiaoran’s side, he had just returned to his courtyard when the divine power in his body trembled. He had actually broken through another realm and reached the third level of the God Emperor Realm.

This made Lu Xiaoran somewhat happy.

“Looks like the other disciples are all working very hard. They actually helped me advance another realm level and reach the third level of the God Monarch Realm. Looks like it won’t be long before I break through to the Supreme God Realm.”

“At that time, I’ll be very close to reaching the God Monarch Realm.”

The knock on the door sounded again, accompanied by his cousin Lu Xiaochen’s voice.

“Xiaoran, are you alright?”

Lu Xiaoran teleported to the door and opened it.

“I’m fine. Did something happen for Cousin to come and find me?”

“It’s good that you’re fine. I’m only here to give you cultivation resources.”

Lu Xiaoran nodded and received the storage bag. The small storage bag contained medicinal pills, divine crystals, and so on.

“What’s your current cultivation level?”

“I just reached the God Creation Realm.”

“You’re already at the God Creation Realm. Not bad, not bad at all.”

“It’s all thanks to Ancestor’s luck. I was only lucky.”

“Yes, that’s right. It’s all thanks to Ancestor. If not for Ancestor, our Lu family would probably be dead now.”

“It can’t be, right? Is it that exaggerated? Without Ancestor around, our Lu family would only be a small family. We wouldn’t be able to cause much trouble.”

Lu Xiaochen sighed again.

“You don’t know, but it’s too chaotic outside now. It’s so chaotic that I don’t know what to say. Recently, a group of people quietly appeared and said that they want to avenge Lu Xiaoran and specifically target the Buddhist Sect.”

Damn, he was fighting a fierce battle with the Buddhist Sect.

“The Buddhist Sect is the strongest sect in the Divine World! How dare they touch it? Do you think they’re tired of living?”

“Who are you talking about? Lu Xiaoran?”

“That’s right! It’s Lu Xiaoran! You didn’t expect this, right? His name is actually identical to yours! Hehehe... However, it’s definitely not you. With your cultivation, the Buddhist Sect won’t care about you and can’t be bothered to kill you.”

Lu Xiaoran’s face twitched fiercely. He had already vaguely thought of something.

“These two brats.”

Lu Xiaochen was still joking.

“Xiaoran, you have to stay at home well during this period of time. Don’t go out.”

“Although you’re not that Lu Xiaoran, if the people from the Buddhist Sect become crazy from killing and decide to kill everyone called Lu Xiaoran, you’ll be in trouble.

However, our Lu family’s ancestor has ordered that everyone is not allowed to go out. You can only cultivate in seclusion at home. You can’t go out either.”

Lu Xiaoran nodded and immediately bade Lu Xiaochen farewell. He returned to the small courtyard and began to think.

Previously, he was very puzzled as to why several disciples had suddenly appeared.

They were originally living ignobly. Why were they suddenly targeted by the Buddhist Sect?

“They must have left the mountain because someone had spread the news that he had been killed by the Buddhist Sect.

Moreover, if nothing unexpected happened, it was definitely Li Changsheng and Song Xinian’s doing.

Although Lu Xiaoran really wanted his disciples to find him, he would rather stay hidden than to be exposed in public.

Now, almost all the disciples had been exposed.

Currently, only Lige, Wuxia, and Tianyuan were still hidden.

Moreover, Lige... did not really count.

If they were wiped out by the Buddhist Sect in a single wave, his losses would be huge.

He could not panic. He had to calm down.

Ziqiong was currently in the hands of the Buddhist Sect and her location was still unknown. It was almost a fool’s dream to secretly save her.

Moreover, his disciples and the Buddhist Sect were already enemies. Looks like he was destined to fight this Buddhist Sect in the future.

The Buddhist Sect was the number one sect in the Divine World.

If he fought like this, he would basically die.

He had to think of a way to increase his strength.

The disciples who had found him were Li Changsheng and Song Xinian.

If Lu Xiaoran temporarily relied on the two of them, he should be able to increase his cultivation from the third level of the God Emperor Realm to the fourth to fifth level in a short period of time.

If he cultivated and improved again, it would not be a problem for him to advance to the late-stage God Emperor Realm in a month or two.

He just did not know if these disciples could handle it.

However, Lu Xiaoran could not find them for a while. He could only pray that nothing happened to them.

He did not need to be in a hurry to increase the strength of the Lu family. They were not his disciples. Even if their cultivation increased, they were unable to increase his cultivation.

Moreover, even if they improved, their speed would not be that fast.

The overall strength of the Lu family was too weak and was simply not enough to resist the Buddhist Sect. From the God Creation Realm to the God King Realm and the God Emperor Realm, they were all still ants to the Buddhist Sect and were not capable of changing anything.

However, it was said that if he could cultivate to the God Monarch Realm and activate his bloodline, the strength of the Lu family would increase again.

In that case, he could also obtain a lot of combat strength.

He still had to increase his cultivation. He had to start by increasing Li Changsheng and Song Xinian's cultivation.

Thinking of this, Lu Xiaoran left an avatar to cultivate here and immediately sealed the small courtyard with an array formation before returning to the valley.

...

In the valley, Li Changsheng and Song Xinian were still lying on the rocks. Their buttocks were swollen and they frowned in pain.

Because Lu Xiaoran had released a divine technique, it was impossible for the two of them to repair their injuries.

"It's all your fault for talking nonsense. Look at what happened now. The two of us didn't have to be beaten at first. In the end, we both suffered so miserably. Do you feel better now?"

Li Changsheng could not help but complain.

Song Xinian replied rather aggrievedly, "How would I know that Master would obtain the memories of the avatars?"

"We can't say anything bad about Master in the future. Master is powerful and can hear everything."

"That's right. My butt hurts so much. I don't know if Master knew that I was the one who asked, but he hit me especially hard. My butt is even more swollen than yours."

"Bullsh\*t, mine is more swollen! Yours is smaller."

“Mine is bigger!”

“Why don’t you take off your pants? Let’s compete.”

“Let’s compete then. I’ll definitely win!”

As the two of them spoke, they began to take off their pants. However, just as their belts were undone, Lu Xiaoran teleported here in the next second.

The scene instantly fell silent like stagnant water.

After a while, Lu Xiaoran took a deep breath and said with a solemn expression, “I didn’t let you date women because I wanted you to achieve success as soon as possible. I’m doing this for your own good, but if you really want to date women, I won’t say anything. After all, I can understand why men need women. There’s no need for the two of you to do this.”

Li Changsheng :” ...”

Song Xinian :” ...”

“Master, it’s not what you think.”

Lu Xiaoran waved his hand.

“Stop talking. I understand.”

The two of them immediately wanted to cry.

“Master, it’s really not what you think. The two of us just want to compete.”

The air fell silent again. Lu Xiaoran waved his hand and turned to leave.

“It’s my fault for being early.”

“Master, don’t go. That’s not what we were trying to do. You’re mistaken!”

Lu Xiaoran ran faster than a rabbit, afraid that if he was any slower, the two of them would take off his pants.

However, the valley was only so big. Where could he hide?

After five minutes, Li Changsheng and Song Xinian finally explained the entire matter.

After confirming repeatedly that the two of them were not doing that, Lu Xiaoran finally heaved a sigh of relief.

Fortunately, as long as they were straight, they would not be in any danger.

Wang Cai had already given him a headache every day. If his two precious disciples became gay, he would really have to bang his head against a wall.

As for Li Changsheng and Song Xinian, after seeing that Lu Xiaoran understood, they finally heaved a sigh of relief.

If their master really misunderstood them and hated them, they would be in big trouble. If he expelled the two of them from the sect again, the two of them could also bang their heads against the wall.

However, before the two of them could rejoice, Lu Xiaoran continued, "After this matter is over, let's talk about something else. I want to know how I died. Can the two of you describe it to me?"

Li Changsheng : " ... "

Song Xinian : " ... "

#### **Chapter 354: Asking for Money to Buy Equipment to Beat You**

More screams sounded in the valley.

This time, the screams were several times stronger than before.

This time, Lu Xiaoran really used his full strength. As he beat them, he used the Azure Thearch Longevity Art to repair their injuries.

He was really angry. The two of them had caused too much trouble.

Originally, only Zhuge Ziqiong had been captured by the Buddhist Sect. He could still think of a way to get her out.

Even if he really could not get it out, he could still use the Body Modeling Mark to revive Zhuge Ziqiong. At the very least, he did not have to make the situation so tense.

If only he could be given a few more years to cultivate to the God Monarch Realm...

Now, Jun Bujian, Jiang Taixuan, and Su Lingwu were all involved.

Lu Xiaoran could not continue to live ignobly even if he wanted to.

He could not afford to lose several disciples at once.

Because he did not know when that Heaven Dao would attack him, he had to be careful all the time. He could not relax for a moment.

Now... he was in tears.

After a ruthless beating, Lu Xiaoran finally vented his anger. However, this time, he did not let the two of them continue to lie on the ground and endure the pain.

After beating them, he immediately circulated the Azure Thearch Longevity Art to repair their injuries. Then, he immediately gave the two of them cultivation missions.

Because time was tight.

The Immortal Blood Pill, Immortal Soul Pill, and Immortal Marrow Pill were directly provided.

Then, he provided them with the Five-Colored Immortal Orchid, the Immortal Lotus, and various other natural treasures.

The two of them were like two pigs as they devoured these treasures crazily.

Of course, it was actually not appropriate to call them pigs.

This was because not to mention pigs, even a God Monarch Realm expert could not afford to eat these treasures provided by Lu Xiaoran.

These were all things that the people of the Divine World could only dream of.

Under normal circumstances, if other first level Hundred Domain Battle God Realm experts directly swallowed so many treasures at once, their bodies would not be able to withstand it and they would probably directly explode and die.

However, with Lu Xiaoran around, everything was not a problem.

Lu Xiaoran directly created an avatar and used this avatar to use the Azure Thearch Longevity Art 24 hours a day. The green light that was filled with vitality shone endlessly on the two of them.

The medicinal strength flowed crazily in the two of them. Most of the time, just as a blood vessel exploded, it would immediately be repaired.

Then, another blood vessel would explode before being repaired immediately.

With this method and Lu Xiaoran's current use of the Great Dao Reincarnation, he could achieve the results of three months' time in a month. The two of them forcefully refined the medicinal pills and natural treasures Lu Xiaoran provided in a month.

This allowed their cultivation to increase from the first level of the Hundred Domain Battle God Realm to the fifth level of the Thousand Domain Battle God Realm.

The increase was indeed powerful.

With the help of the two of them, Lu Xiaoran's cultivation also increased by a lot.

Even if he did not cultivate this month, his cultivation would still increase from the third level of the God Emperor Realm to the fifth level of the God Emperor Realm.

Lu Xiaoran estimated that aside from the cultivation speed of these two disciples, the cultivation speed of his other disciples were probably also sped up.

This was because one needed a lot of experience in order to advance to the God Emperor Realm. The cultivation of these two disciples was far from enough.

However, this was still enough.

If he could gather all the disciples and use medicinal pills and natural treasures to increase their cultivation, he estimated that he could at least easily break through past the God Emperor Realm and reach the Supreme God Realm.

At that time, he would only be one step away from entering the God Monarch Realm.

In this month, Lu Xiaoran had not been idle. However, he also hadn't been cultivating. He now needed to quickly strengthen himself. A simple cultivation would not satisfy his requirements. He wanted his

disciples and avatars to cultivate while he used the Immortal Dao profundity Wang Cai had given him to increase his cultivation technique and weapons.

The profound level was no longer enough for Lu Xiaoran. After all, the previous hot shot, the Buddhist Huixin, seemed to have already begun to use half-Immortal techniques.

If he continued to use profound techniques, how could he defeat others in the future? How could he kill enemies at a higher level?

Therefore, he also had to use an immortal technique.

He would always be one step ahead of others. He needed to be impressive.

If the level of items he used was lower, then he would only be a joke.

Also, he had to upgrade some relatively powerful equipment to the immortal artifact level.

In this world, he was basically an existence that could do whatever he wanted.

It had to be known that every world had its balance and rules.

In this world, other than the hot shots and him, no one else could use immortal artifacts and immortal techniques.

Once someone used it, they would definitely suffer a backlash from the Heaven Dao in ten seconds.

No one was willing to bear this outcome, especially those who had worked hard to transcend the tribulation and become immortals.

Unfortunately, Wang Cai was currently advancing. He could not accept the gift bags from his disciples. Otherwise, he could have advanced another step.

Lu Xiaoran swept his gaze over the Body Modeling Mark. It was alright. His disciples were all alive, so he had nothing to worry about.

He continued to enter seclusion to cultivate.

...

On the other side, in the Divine World, Myriad City.

A few figures dressed in Buddhist light also landed in the city and entered the City Lord Manor to meet Jun Bujian.

“Amitabha, greetings, City Lord Jun.”

Jun Bujian went forward to welcome them with a smile.

“Welcome, welcome... I welcome the Buddhist Sect elders to our Myriad City. Our Myriad City is really honored by your presence today.”

The few Buddhist elders looked at each other and nodded slightly, their eyes revealing a relieved expression.

It seemed that this City Lord Jun of Myriad City was not a bad person.

He was an honest person.

“Amitabha, City Lord Jun, you’re too kind. We’re also lucky to have come to Myriad City.”

“Masters, you’re too polite. Please come in.”

Jun Bujian invited the few Buddhist masters into Myriad City.

These masters’ cultivation levels were all at the peak of the Thousand Domain Battle God Realm, much higher than his. However, he was not afraid.

Before dealing with the Buddhist Sect, his cultivation had been at the peak of the Hundred Domain Battle God Realm.

After destroying a few Buddhist branches and experiencing a few battles, his cultivation increased again and he finally successfully broke through to the first level of the Thousand Domain Battle God Realm.

Although he had fewer opportunities than Li Changsheng and Song Xinian, and Myriad City was far inferior to the Taiyi Sword Dao and the Heaven Saber Pavilion, Jun Bujian’s talent was still stronger than Li Changsheng and Song Xinian.

However, with his talent alone, he was not enough to surpass the two of them. The key to him surpassing the two of them was because he had learned a technique.

That was to transform into a dragon!

Jun Bujian had discovered this situation when he reached the God Production Realm.

When he circulated the Dragon God Art cultivation technique his master had taught him, he could actually transform into a four-clawed golden dragon.

Later, as his cultivation broke through to the Ten Domain Martial God Realm, he became a five-clawed Golden Dragon. When he reached the Hundred Domain Battle God, he became a six-clawed Golden Dragon.

Now that he had advanced to the Thousand Domain Battle God Realm, he could already become a seven-clawed golden dragon.

Moreover, after transforming into a dragon, his defense, attack power, and endurance had directly increased by a realm level.

Moreover, he could fight someone a realm higher. After transforming into a dragon, he could now fight a first level God Emperor Realm expert.

Basically, he would not be greatly injured by the other party

He originally wanted to directly destroy these Buddhist Sect elders. However, he later felt that this was too wasteful, so he changed his mind.

After welcoming the few elders in, the few Buddhist elders immediately said, "City Lord Jun, the few of us took the liberty to come this time to convey the decree of the Buddhist Sect. As you know, recently, some scoundrels have been coveting our Buddhist Sect and constantly destroying our Buddhist Sect's branch."

"The Buddha of our Bodhi Temple has ordered the nearby sects and cities to help our Buddhist Sect investigate this case.

However, City Lord Jun has never found any clues, so we had no choice but to come and ask personally."  
"

Jun Bujian sighed faintly.

"Sigh! Actually, you can't blame me for this. I had no choice."

"To be honest with you, I've actually already found some clues. My subordinates even encountered their group."

The Buddhist Sect Elder's eyes immediately lit up.

"Oh! City Lord Jun, are you serious?"

"Of course I'm serious. As the City Lord, how could I lie to you?"

"May I ask City Lord Jun where that group of people is now?"

"Sigh!"

Jun Bujian sighed faintly and immediately said, "It's all our Myriad City's cultivators' fault. Their strength is too weak. Not only did we fail to capture them, but we also lost many people. We suffered heavy losses."

"You also know that it's not that I don't want to help you. It's just that my Myriad City Temple is really small. No matter what, I have to think of a way to take care of the cultivators in Myriad City first, right? Therefore, it's better for your Buddhist Sect to investigate by yourselves. We really don't have a choice."

The elders of the Buddhist Sect looked at each other and sighed faintly. They knew that they could not avoid this.

"City Lord Jun, don't worry. Actually, we came this time to resolve this matter."

"Our Buddhist Sect will never forget City Lord Jun's help.

"As a matter of fact, the High Buddha specially got the few of us to deliver some small gifts to City Lord Jun to express our gratitude."

"Oh? The High Buddha actually has such intentions. It really makes our Myriad City incomparably touched. I wonder how much the High Buddha is planning to give to our Myriad City."

"Hehe, not much. There are a total of ten million top-grade divine crystals, two hundred divine weapons, and ten divine artifacts."

The smile on Jun Bujian's face instantly disappeared, replaced by an uninterested expression.

“Everyone says that the Buddhist Sect is the richest sect in the Divine World. All along, I thought that was the case. Now, it seems that your Buddhist Sect is not that impressive.”

“This time, at least ten thousand cultivators in our Myriad City have died. Moreover, they were all experts with high cultivation.

“With the amount that you’ve given me, there will be nothing left behind after I compensate all the cultivators.

“Forget it, you guys should take it back. I’ll just consider this as our Myriad City’s loss this time. You guys should also send people to find the murderer. Our Myriad City won’t get involved.”

The few Buddhist elders were instantly speechless.

### **Chapter 355: Running After Being Tricked**

To be honest, the Buddhist Sect had already given him a lot of resources.

If it were the city lords of other cities, they would probably be so excited that they would be grateful. Then, they would set up a feast to entertain them.

In the end, they did not expect Jun Bujian to look down on them.

Wasn’t this guy’s appetite a little too big?

As for the compensation, it was purely an excuse. If the Buddhist Sect elders believed him, they would really be crazy.

When they first entered, they thought that this guy was quite honest.

Now, they realized that they had been wrong.

This guy was not an honest person at all. Moreover, he was a swindler.

However, even though everyone knew that Jun Bujian was doing this to obtain more resources, they were helpless.

Why?

This was because he was now the master of Myriad City, and this was Myriad City.

The branches near the Buddhist Sect had already been destroyed. It was also useless to transfer special people from the Bodhi Temple to handle the cases around Myriad City. They were unfamiliar with the place and did not know how long it would take.

The High Buddha had ordered repeatedly to resolve this matter before the Demon Exorcism Meeting began.

Who would dare to cause any delays?

Helpless, the elders could only smile again and continue, “City Lord Jun, I’m sorry. We were careless and did not investigate the losses of Myriad City.”

“How about this? The few of us will pay another ten million top-grade divine crystals. What do you think?”

Jun Bujian immediately smiled and said, “That’s right. Since everyone is sincere enough, I’ll be more efficient.”

“No problem. As long as City Lord Jun can help us complete the mission, money and resources are nothing.”

As they spoke, everyone had already handed the storage ring to Jun Bujian.

“City Lord Jun, here are 20 million top-grade divine crystals, the divine weapons, and the divine artifacts. Please take a look.”

Jun Bujian received these things and only swept his divine sense over them briefly.

“Elders, you must be joking. I don’t believe others, but how can I not believe you elders?”

Everyone heaved a sigh of relief. As long as he could complete the mission, everything else was fine.

They would wait for the mission to be completed first before settling the score with the other party.

“In that case, City Lord Jun, please immediately send people to search.”

“There’s no rush.”

Jun Bujian waved his hand and chuckled.

Actually, he only wanted to empty the divine crystals in their hands as much as possible.

Although he could kill enemies above his level, his master had said that many people had backup plans.

If he really forced them into a corner, what if they detonated the divine crystals?

It had to be known that just because he could fight a first level God Monarch Realm expert, it did not mean that he was really at the first level of the God Monarch Realm.

He was actually only at the first level of the Thousand Domain Battle God Realm.

In a battle with a first level God Monarch Realm expert, he had to be extremely cautious. If the other party really wanted to detonate so many divine crystals, he really could not take it.

Therefore, if he could trick some of the other party’s things out first, it would not be too late to fall out with them later.

Seeing the confusion on the faces of the Buddhist Sect elders, Jun Bujian continued, “Elders, it’s like this. I’m prepared to set up some trap formations and capture this group of people in one go!”

Everyone’s eyes lit up.

“That’s a good thing.”

“That’s good, but I’m still lacking divine crystals for the time being.”

The elders of the Buddhist Sect :”...”

Everyone was collectively petrified, and the expressions on their faces were already gloomy.

Why would you need divine crystals to set up an array formation? Why don't you just say that you still lack a girlfriend? Why don't you just get us to find you a Divine Maiden to massage your feet and back?

Was there anyone as shameless as him?

“City Lord Jun, is this appropriate? Our Buddhist Sect has just given you 20 million top-grade divine crystals.”

“Can't these top-grade divine crystals be used to set up array formations?”

Jun Bujian waved his hand.

“How can that do? That 20 million top-grade divine crystals is the reward you gave me. Shouldn't you be the ones to pay for the costs? Do you want me to pay? This is also against the rules.”

“But we still gave City Lord Jun 20 million top-grade divine crystals.”

“Alright then.”

Jun Bujian shrugged.

“I originally wanted to help the Buddhist Sect capture those people as soon as possible. Since the Buddhist Sect is unwilling, forget it.”

As soon as he said this, one of the Buddhist elders hurriedly said, “No, no, no. We'll give it to you.”

They had already spent 20 million. Why would they care about that small sum?

The key was to capture that group of people and complete the mission to make the High Buddha happy.

“Is a million enough?”

“That's not enough. I still have to give my subordinates some labor fees, right? Do I let my subordinates do this for nothing? How about you give me 5 million first.”

The Buddhist Sect elders gritted their teeth in anger and clenched their fists tightly.

“City Lord Jun, don't go overboard! Let's leave some leeway so that we can cooperate again in the future. If you go overboard, when our Buddhist Sect's mighty figure comes in the future, I'm afraid your Myriad City Lord won't feel good either.”

“That won't even be necessary! The anger of our sect alone is probably not something you can withstand.”

Jun Bujian did not panic at all and pointed at his head.

“Come, come, come! Fight me! Fight me as you wish! Do you believe that if you kill me today, your Buddhist Sect will be exposed in no time? At that time, I didn't think I needed to say anything about the impact on the Buddhist Sect, right?”

“At that time, if the other sects attack you together, don’t blame me for not making things clear to you.”

“Hehehehe... City Lord Jun, do you really think you can threaten us like this?”

The Buddhist Sect Elder slowly released his aura.

“After killing you, we can tell the world that your City Lord of Myriad City has been bewitched by demons and has lost his mind. Do you think the righteous path in the world will go against us for a mere City Lord of Myriad City?”

“Tsk tsk, you’re really capable. I’m impressed.”

Even though Jun Bujian had long known how shameless the Buddhist Sect was, at this moment, he still felt shocked and impressed when he saw it with his own eyes.

In terms of shamelessness, all the sects in the world were probably inferior to the Buddhist Sect.

No matter who they killed, he only needed to say the words “defeat demons”.

However, these few small Buddhist elders were really not enough to fight him.

The shamelessness he had learned from his master was incomparable. He could leave these people in the dust.

He did not release his aura and only slowly took out the storage ring the Buddhist Sect Elder had just handed over.

“There are 20 million top-grade divine crystals inside, right? If I let it go like fireworks, I wonder if the entire Myriad City will be blasted into the sky?”

The elders of the Buddhist Sect :”...”

After the air fell into a slight silence, everyone retracted their auras imperceptibly and immediately put on a kind smile again.

“City Lord Jun, what are you talking about?! We’re all friends and should naturally be harmonious. Isn’t it just a mere 5 million divine crystals? How can it compare to our friendship? Here are 5 million top-grade divine crystals. Please take a look, City Lord Jun.”

Jun Bujian smiled.

“That’s right. We’re all friends. Of course we have to reconcile.”

Just as he reached out to receive the ring, the other party’s elder clearly retracted his hand.

Jun Bujian looked up at him and chuckled.

“City Lord Jun, could it be that there are more payments?”

“No, no. This is the last payment.”

With that said, he directly took out the ring from the other party's hand.

"How about this? You elders wait here first. I'll bring people to set up the array formation and trap those thieves."

"Alright! Thank you, City Lord Jun."

"You're welcome. Servants, serve tea and a feast to the elders. I'll be back soon."

Then, Jun Bujian immediately left Myriad City. Just as he left the city, Shi Changlin and the others quickly surrounded him.

"Seventh Master, how is it?"

"Don't worry, I've already settled it. There are a total of 25 million top-grade divine crystals and a large number of divine weapons and divine artifacts."

"Damn, Seventh Master is indeed extraordinary. Now, these idiots from the Buddhist Sect are probably going to cry to death."

Jun Bujian sneered.

"Who asked them to kill my master? This is only the beginning."

Jun Bujian had long had a plan. He knew that he could not hide it for long. Soon, the other party would investigate him.

Instead of waiting for the other party to investigate him, it was better for him to obtain the resources first and then take the initiative to attack and send them on their way.

Wouldn't he just lose the title of City Lord of Myriad City? He didn't care.

"Seventh Master, let's leave quickly. Don't let the Buddhist Sect discover anything."

"There's no rush. Let me send them off again."

As soon as he finished speaking, he immediately made a hand seal. Then, he smiled evilly and immediately ran with everyone.

In the City Lord Manor, the expressions of the few elders were not too good.

"This Jun Bujian is really too much. He actually took advantage of our Buddhist Sect."

"What's there to be afraid of? After this matter is completed, we'll go back and report to the High Buddha and get him to send one or two top-notch experts. At that time, he'll be in trouble."

As he spoke, a servant had already walked in with tea.

Perhaps hearing their words, the servant chuckled.

"Elders, I'm afraid you still don't know, right? Our City Lord relied on taking advantage of others to get to where he is today. There's no one in our Myriad City who is more shameless than him. If you don't believe me, go out and ask. At least half of the sects in the entire Myriad City have been deceived by him."

“He had relied on such methods to gather a large number of resources to reach his current position step by step.

“Moreover, he would always leave after taking advantage of the situation. He never stays long. ”

The hearts of the Buddhist Sect elders trembled, as if they had already vaguely sensed that something was wrong.

“That’s not right. If a thief really killed our Buddhist Sect disciples in Myriad City, how could Myriad City not find out?”

“Damn, we’ve been tricked by this brat. Quickly stop him! He’s the mastermind!”

By the time everyone reacted, it was already too late.

This was because the entire ground of the City Lord Manor had actually lit up at this moment.

“Damn!”

“Jun Bujian! You bastard! Just you wait. Even if I die, I won’t let you off!”

“Damn you!”

As soon as the melodious voice sounded, it was covered by a violent explosion shock wave in the next second...

### **Chapter 356: Death Like Wind**

Boom!

Seeing a huge mushroom cloud rise in Myriad City, Shi Changlin sighed faintly.

“Unfortunately, I just became the City Lord of Myriad City not long ago. I didn’t even have the chance to really suck the blood of Myriad City before I had to leave.”

Jun Bujian’s expression was calm and not that sad.

“Don’t worry. As long as we destroy the Buddhist Sect, resources will not be a problem.”

“Moreover, I’ve already plundered all the treasures in the City Lord Manor. The gifts the previous City Lord received from the various large sects added up to a lot.

“I estimate that including the natural treasures, weapons, and various types of divine crystals, they are worth at least 30 million top-grade divine crystals.

“As for the Buddhist Sect, we just tricked them into giving us another 25 million top-grade divine crystals. Coupled with the divine weapons and divine artifacts, we’ve already earned enough. ”

Everyone’s eyes immediately lit up.

“Seventh Master is awesome!”

“Xingle, cut the crap. Distribute the divine weapons and increase their combat strength. Also, bring the divine crystals. Every five people will form a team and continue to encircle and suppress the surrounding Buddhist Sect disciples. Don’t let a single one of them off.”

“Yes!”

“I’ll engrave teleportation formations, defensive formations, and spirit gathering formations on your divine armor. If you encounter a big shot you can’t beat, teleport back in time.

“Although Master’s Body Modeling Mark can revive us, everyone still needs to try not to die. This is because everyone’s current cultivation levels are not low. Once we die, it will definitely delay our cultivation for a long time.

“Moreover, I’m also not sure if the Body Modeling Mark can still be used now. ”

“Understood.”

Everyone immediately distributed the divine weapons.

Jun Bujian was leading more than a hundred disciples from the Nameless Sect. On average, each of them could get at least two divine weapons.

Moreover, before they came to the Divine World, Lu Xiaoran had also given each of them a combat divine weapon and a defensive divine weapon. Therefore, they each had at least four divine weapons.

Such a set of equipment was rare even in those large sects.

This was because their cultivation levels were mostly between the God Creation Realm and the God Production Realm.

At this level of cultivation, one would at most have one divine weapon. They would rarely have two divine weapons. They would almost never have more than three, let alone four.

After obtaining the divine weapon, Shi Changlin could not help but ask, “Seventh Master, you even gave us a divine weapon. Are you going to equip a divine artifact yourself?”

Jun Bujian’s eyes widened.

“Nonsense. Am I that kind of person? If I have something good, I always give it to my subordinates first.”

Shi Changlin and the others did not answer.

As the saying went: “A disciple carries the traits of his master.”

The sect master liked to do such things every day. His cultivation level was clearly the highest, but he always wore the best defensive armor and his equipment was always one level higher than the disciples.

They had just heard that the Buddhist Sect had even given Jun Bujian ten divine artifacts. However, Jun Bujian did not even take one out. He was really stingy.

Jun Bujian coughed lightly and placed his hands behind his back.

“You guys, don’t think too much. I’m not the same as my master. I’m not capable of such despicable actions. The reason why I kept the divine artifact is mainly because your cultivation levels are too low and you can’t unleash the strength of the divine artifact. If you encounter an expert and don’t have the time to escape, you will be killed and the divine artifact will be snatched away by others.”

That’s why I kept the divine artifacts with me. ”

Everyone did not speak and still stared fixedly at him.

They kept staring...

Being stared at by so many people, Jun Bujian clearly felt his face burn slightly.

“How can you guys be like this? We’re now dealing with the disciples of the Buddhist Sect to avenge my master. How can you guys just focus on these superficial benefits in front of you? You should focus on avenging my master, right?”

Everyone said faintly, “Our revenge for Grand Master doesn’t conflict with this, right?”

“That’s right. It’s our problem if we want to avenge Grand Master. However, Seventh Master, aren’t you being a little too evil by not giving us a single divine artifact?”

“Grand Master said that we have to kill all capitalism in the cradle.”

“What do you mean?”

“Capitalism. Master once said that to put it simply, we have to get rid of stinginess, greed, and shamelessness...”

Jun Bujian :” ... ”

“Do you want to be beaten?”

“You’re not our master. My master is your Third Senior Brother. I’ll tell him if you hit me.”

“That’s right. My master is your Second Senior Sister. She’s the most protective.”

“That’s right. Our master is the chief senior brother of the Nameless Sect.”

Jun Bujian waved his hand.

“Stop, stop. Eldest Senior Brother’s disciples, stop joining in the fun. No matter how poor my cultivation is, or how weak I am, It’s not a problem for me to beat your master.”

After a while, he really could not take it anymore.

“Cough cough... How about this? I’ll reward the one who kills the most Buddhist disciples this time with a divine artifact. Is that alright?”

Everyone nodded and immediately scattered.

“That’s more like it.”

Jun Bujian wiped the sweat from his forehead and could not help but sigh.

“It’s really getting harder and harder to take in disciples these days.”

If they were all his disciples, it might be easier for him to control them. However, it just so happened that most of them were the disciples of his senior brothers and sisters. It was very difficult for him to control them. If he casually beat them up, wouldn’t it ruin their relationship if they returned and told their senior brothers and sisters that he had bullied them?

Sigh, after suffering this loss, he would never help the disciples of his senior brothers and sisters again.

However, although he complained, he still had to be busy with serious matters.

First, he engraved the array formation.

By engraving array formations on the divine artifact armor on his body, they could teleport back if they really encountered any danger.

This made Jun Bujian feel that he was quite smart.

Thinking about it, his master had many personal disciples.

However, there were not many people who really knew how to learn.

For example, Master’s ultimate array formation skills!

Although his master’s alchemy and weapon refinement techniques were also top-notch, they were not as useful as array formations.

Among all the disciples, it seemed that other than him, only Eldest Senior Brother and Eighth Brother Jiang learned it.

Eldest Senior Brother only started cultivating because his talent was too poor and he did not have much future on the path of cultivation.

Eighth Brother Jiang had joined the sect later than him and was far inferior to him.

In that case, who in the entire Nameless Sect could compare to him in terms of array formations?

Speaking of which, since his master had already passed away, the Nameless Sect... would also need to choose a new sect master, right?

In the entire Nameless Sect, there shouldn’t be anyone more comprehensive than him, right?

Firstly, he had always been good-looking and charismatic.

Other than his master, he had few competitors in the entire Nameless Sect.

Now that his master had left, it was only natural for him to be first.

Then, he would think about his cultivation. At the very least, he would be able to obtain a high-grade cultivation.

Eldest Senior Brother Yun... his threat was almost negligible.

Second Senior Sister kept writing in her diary all day. She was not serious at all.

Third Senior Brother only knew how to play with sticks and was not scheming.

Fourth Senior Brother was a sword expert while Sixth Senior Brother was a saber expert. Jun Bujian felt that they were not worth worrying about.

Fifth Senior Sister had a natural adorable charm. She was probably not interested in being the sect master.

After he became the sect master, he could make her the sect master wife... Forget it. Although she was good-looking, her canine teeth were like plowshares. If he married her, he would probably end up being sisters with her.

Needless to say, Eighth Brother was not as handsome as him, his cultivation technique and combat strength was inferior to him, and his array formation was also inferior to him.

Ninth Brother had entered the sect the latest and had learned the least from his master.

It seemed that the sect master's throne almost belonged to him.

"Hehehe... hehehe..."

Jun Bujian looked at the sky and smiled foolishly. At this moment, a voice suddenly sounded from beside him.

"Seventh Master, what are you laughing at?"

Jun Bujian was stunned and hurriedly retracted his gaze. When he saw Shi Changlin's five-man team, he could not help but frown.

"Why haven't the five of you left?"

"We wanted to see if your spatial teleportation formation is reliable. Speaking of which, Master is already dead. How can you still smile?"

"Nonsense! Who said I was smiling? I was crying. I was crying because of my master's death."

"Is that a teardrop on the corner of your mouth?"

Jun Bujian's face turned red and he hurriedly wiped the saliva from the corner of his mouth.

"What nonsense are you talking about? Hurry up and deal with the Buddhist Sect disciples."

"Yes!"

Everyone left and said as they walked, "Seventh Master was clearly smiling just now, but he still insisted that he was crying."

"Sigh! Stop talking. Grand Master just passed away. He might be too sad. Once a person's brain is stimulated, it's easy for something to go wrong. His brain might be damaged."

“Let’s not anger him in the future. After all, it hasn’t been easy for him. He has led so many of us to develop. These years have been difficult for him.”

...

Hearing the voices that were gradually disappearing, Jun Bujian’s face could not help but twitch fiercely.

Why did he feel like their image of him was a huge idiot?

Forget it, he should get down to business and avenge his master first.

After setting up the array formation, he also began to find the Buddhist Sect disciples.

...

Divine World, Peach Blossom Monastery.

This was a Buddhist nunnery. There were not many disciples, but their ranking was not low.

Because there had always been very few female nuns in the Buddhist Sect, and because of the extraordinary relationship between a certain Peach Blossom Nunnery master and the High Buddha, the Peach Blossom Nunnery received a lot of care. There also had many powerful Buddhist cultivation techniques!

However, at this moment, a figure in a kasaya quickly flew out of the peach blossom pavilion.

“Damn the Buddhist Sect. You actually dare to kill my Nameless Sect’s sect master. Do you really think my Nameless Sect is easy to bully? Watch as I, Long Kuang, tear apart your Buddhist Sect’s foundation.”

Long Kuang was the Ancient Dragon Emperor of the lower realm’s Primordial Mountain Range. He had later become a disciple of the Nameless Sect.

After arriving at the Divine World, he lost contact with everyone. By chance, he joined the Peach Blossom Monastery and became an in-name disciple.

He originally only wanted to cultivate in the Peach Blossom Monastery and increase his cultivation before looking for the senior brothers and sisters of the Nameless Sect.

He did not expect to hear that the Buddhist Sect had killed Lu Xiaoran in the past two days!

How could this be?

It just so happened that the Buddhist Bodhi Temple had sent someone to inform the Peach Blossom Monastery to investigate the destruction of the nearby Buddhist branch.

He immediately accepted this task and took the opportunity to slip down the mountain to deal with the other Buddhist Sect disciples.

Actually, even without thinking, he could guess who had destroyed those Buddhist branches.

Did they really think he would help them find out?

Dream on!

Those were his senior brothers and sisters!

“Buddhist baldies, prepare to receive my anger!

### **Chapter 357: Battle on Fire**

He did not know if it was because there were too many people attacking the Buddhist Sect now.

Therefore, Long Kuang did not get far from the Peach Blossom Monastery before he encountered a group of Buddhist disciples attacking a group of cultivators.

He could not help but be slightly stunned. He landed and asked the Buddhist disciples who were watching the battle from the side curiously,

“Brother, what’s going on down there? Who are you guys fighting?”

The other party swept his gaze over him and could not help but frown slightly.

“You are?”

“Oh, I haven’t had the chance to introduce myself. I’m a Buddhist disciple from the Peach Blossom Monastery. I was ordered by the Bodhi Temple to come out and kill demons.”

“So you’re the brother of the Peach Blossom Monastery. I’ve heard a lot about you.”

The other party did not doubt Long Kuang’s identity. In fact, some ordinary Buddhist branches also had some young monks and nuns who were in charge of washing clothes and cooking. It was not surprising for a nunnery like the Peach Blossom Nunnery to have one or two male Buddhist disciples.

“This brat pretended to be on our enemy’s side and tried to attack us. In the end, he was suppressed by us.”

“I see.”

Long Kuang nodded.

It seemed that because the first and second generation disciples of the Nameless Sect had attacked the Buddhist Sect too openly, some scoundrels had taken the opportunity to pretend to be disciples of the Nameless Sect to obtain some benefits.

Well done.

As the saying went, the enemy of an enemy was a friend. As long as the other party was someone who was killing Buddhist Sect disciples, he would be worthy of his help.

Thinking of this, he silently retreated behind the few Buddhist disciples who were watching the battle. The divine power in his body circulated before he suddenly attacked.

“Vajra Tiger Subduing Fist! Eighteen Dragon Subduing Palms! Prajna Vajra Palm! Buddha Light Shines! True Buddha Descends...”

After throwing out dozens of moves in a row, coupled with the fact that the other party and the others were not prepared, they were directly severely injured by Long Kuang on the spot.

“You... you’re not a disciple of the Buddhist Sect! Who are you?”

The few Buddhist disciples were puzzled, but Long Kuang raised his leg and kicked out.

“I’m your father! Idiot!”

Boom!

With a violent explosion, these Buddhist disciples were completely kicked into meat paste by Long Kuang.

Then, he opened his mouth and sucked, devouring the bodies and souls of the Buddhist Sect disciples.

Since humans could refine demon beasts into pills and weapons, demon beasts could naturally also devour and digest humans.

Even though Long Kuang had already advanced to the divine beast level, he was still not human.

After eating these Buddhist disciples and digesting them, it could also increase his cultivation a little.

Although it was not much, he could still accumulate a lot over the years.

After killing these spectating Buddhist Sect disciples, he immediately rushed into the crowd and began a new round of killing.

With his powerful strength as a Ten Domain Martial God Realm expert, he quickly killed all the Buddhist Sect disciples.

The itinerant cultivators of the Divine World who were surrounded by the Buddhist Sect disciples could not help but be dumbfounded.

What was going on?

Could it be that monks were attacking monks these days?

Seeing everyone’s dumbfounded expressions, Long Kuang chuckled and waved his hand with a smile.

“Everyone, don’t be afraid. I’m also an itinerant cultivator and not a disciple of the Buddhist Sect. I’m only dressed like this to attract attention.”

Everyone immediately understood and raised their thumbs to praise.

“I see. Senior, you sure have a good plan.”

Long Kuang smiled again and said, “In the future, everyone can also imitate me and disguise themselves as Buddhist disciples. It will be very effective to attack them when they’re unprepared.”

Everyone shook their heads.

“No, we don’t dare to attack the Buddhist Sect disciples again.”

“That’s right. The Buddhist Sect disciples are too powerful. We can’t beat them at all.”

Long Kuang rolled his eyes in his heart. How could this do? After all, he saved them because he wanted them to continue fighting the Buddhist Sect in the future. If they stopped fighting in the blink of an eye, what's the point of him saving them?

However, he was not stupid. After living for more than ten thousand years, he still had a brain. Moreover, after entering the Nameless Sect, he had been directly led astray. He was more or less scheming.

He rolled his eyes and thought of a solution.

"Brothers, how can you be so unambitious? Look at me. In the past, I also lived in the wilderness. There were times when I starved. However, look at me now. Ever since I began to kill Buddhist disciples, I've gained more cultivation techniques, my bag has swelled, my aura has increased, and I've even become more handsome."

"Aren't you guys tempted?"

Everyone nodded, their eyes revealing a yearning expression.

"Yes, but our cultivation levels are too low. We can't beat the Buddhist Sect disciples at all."

Long Kuang sighed.

"Sigh! Alright, since we're all itinerant cultivators, I'll give you some of the Buddhist cultivation techniques I obtained."

Everyone's eyes immediately lit up.

"Really?"

"Of course! In any case, I snatched these from the disciples of the Buddhist Sect. They're not valuable. After you learn it, you have to kill more Buddhist Sect disciples. It's best if you can rob some Buddhist Sect branches. There are countless cultivation techniques, weapons, and various other cultivation resources there."

"Senior, don't worry. After we learn it, we will definitely kill more Buddhist Sect disciples!"

"That's good. I'll pass the cultivation techniques to you now."

With that said, Long Kuang immediately transmitted the cultivation techniques.

In any case, it was the cultivation techniques of the Buddhist Sect and not the Nameless Sect. He did not need to help the Buddhist Sect and them from the others at all.

It would be best if everyone in the world learned it and went to rob the Buddhist Sect.

In this way, he could avenge the sect master!

Therefore, in the next two months, not only did the attacks on the Buddhist Sect not vanish, but they were also rising endlessly.

Many Buddhist Sect disciples had been killed and the Buddhist Sect branch had been destroyed.

It was said that because of this, many Buddhist disciples even began to choose to retire and renounce asceticism.

Later, news spread that regardless of whether one was a Buddhist disciple or not, as long as one was bald, they would be killed.

This was because when Buddhist disciples entered the sect, they would shave and scar their heads to limit their long hair. Therefore, this directly caused the sales of wigs to increase.

The price of wigs in many places actually rose to one top-grade divine crystal.

Some even directly began to kill demon beasts and pluck their fur to make wigs.

...

In the valley, Lu Xiaoran's cultivation was still increasing endlessly.

He did not cultivate himself and mainly relied on his disciples to cultivate and increase his strength.

He had increased from the fifth level of the God Emperor Realm to the seventh level of the God Emperor Realm.

Only two months had passed this time, and the increase in Li Changsheng and Song Xinian's cultivation caused by the medicinal pills had already begun to slow down,

However, Lu Xiaoran still increased his cultivation by two realm levels.

This could not help but make him deeply puzzled.

This was because the higher one's cultivation was, the harder it was to increase it.

Moreover, he had not cultivated for the past two months. He had been constantly upgrading his cultivation techniques to immortal techniques and profound weapons to immortal artifacts. It was impossible for him to advance so quickly.

Currently, Wang Cai was not around and Lu Xiaoran could not see the information of the disciples.

However, based on the previous information, he knew that Jun Bujian, Jiang Taixuan, and Su Lingwu had already been involved in this battle against the Buddhist Sect.

Moreover, Zhuge Ziqiong had been captured by the Buddhist Sect and her whereabouts were unknown. There should only be three disciples left who could cause his cultivation to increase.

Lige, Wuxia, and Tianyuan.

Lige was being pursued every day and did not even have the time to cultivate. How could his cultivation increase explosively?

On the other hand, Wuxia and Tianyuan had never appeared. He wondered if they had hidden somewhere to cultivate and obtained some fortuitous encounters.

It was probably the two of them.

Lu Xiaoran heaved a sigh of relief.

These two precious disciples were still relatively reliable.

Actually, he had always thought very highly of Wuxia and Tianyuan.

Back then, when they were still on Zhishui Peak of the Heaven Demon Sect, Wuxia and Tianyuan had cultivated very diligently and did not have any distracting thoughts.

Wuxia was a data fan and liked to write in her diary. She wrote down all her cultivation problems and then looked over them again and again.

Tianyuan, on the other hand, was a pure cultivation madman. In a single session, he might meditate for a few days or even half a month.

Their stubbornness towards cultivation was far superior to other disciples.

He hoped that these two precious disciples could work harder and cultivate as quickly as possible. It would be best if they could directly increase his cultivation to the God Monarch Realm.

Just thinking about it made him somewhat excited.

By the way, he wondered how Changsheng and Song Xinian were cultivating.

The two of them were currently under him. He had to hurry and increase their cultivation.

After all, if they became stronger, he would also become stronger.

Soon, he extended his divine sense to the cultivation place the two of them were at.

On the other side of the valley, Li Changsheng and Song Xinian had gradually digested the medicinal pills and natural treasures they had swallowed. The aura in their bodies had already gradually calmed down. There would no longer be a situation where their meridians exploded because the medicinal strength was too powerful.

The two of them opened their eyes at the same time. The light in their eyes was like nine-colored divine lightning, and their auras were so dense that it was suffocating.

Tenth level of the Thousand Domain Battle God Realm.

With this cultivation and their ability to fight those at a higher level, they could already fight experts below the tenth level of the God King Realm.

The two of them looked at each other and could not help but sigh.

“Indeed, my cultivation speed is still faster after finding Master. It’s only been a few months, but my cultivation has advanced way more than it did in the past few years.”

“That’s right. Master is indeed extraordinary. I wonder how powerful Master’s family is? What kind of existence nurtured him to be so powerful?”

“Master’s family must be a top-notch family in this world, right? I wonder if we’ll be lucky enough to see their true appearance one day?”

“Stop dreaming. Master is already so awesome, so Master’s family will definitely be even more awesome. How are we qualified to see them? It’s better for you to cultivate well.”

“Speaking of cultivation, I just discovered that after my meridians exploded and were repaired by Master’s avatar’s Azure Thearch Longevity Art, that part seemed to have grown a lot.”

“Is that so? Let me take a look.”

Li Changsheng hurriedly touched himself in that area and was immediately happy.

“I have to say, it seems to be true. Mine seems to have grown longer.”

### **Chapter 358: Three Parties Meeting**

“Will they really be able to cultivate effectively?”

Lu Xiaoran, who was secretly spying on the two of them, could not help but be somewhat dumbfounded.

However, these two idiots were really too idiotic. They were actually discussing this matter here!

They should cultivate properly!

Thinking of this, his divine sense immediately struck their souls fiercely.

“What’s there to be distracted about? Hurry up and cultivate!”

The two of them trembled in fear and did not dare to speak nonsense. They hurriedly continued to cultivate.

On Lu Xiaoran’s side, he continued to upgrade his items.

Among the few cultivation techniques he had upgraded with the Immortal Dao profundity, there was the Azure Thearch Longevity Art, the Trinity True Eyes that was filled with bloodline power, the Great Mighty Heaven Dragon, the Gautama Divine Palm, the Blood Fiend Demon Art, and a series of top-notch profound cultivation techniques.

There was no need to mention the Azure Thearch Longevity Art. It was a fast repair technique and a life-saving ultimate move in battle.

Every time Lu Xiaoran upgraded his cultivation technique, he would pick the best choice. From the Martial Monarch Realm cultivation technique to the God Realm cultivation technique, then to the divine technique, and finally to the profound cultivation technique, Lu Xiaoran always did this.

There was no need to mention the Trinity True Eyes. It had already absorbed a lot.

For example, the teleportation ability of the Great Void Chaos Steps, the 360-degree searching ability of the Ten Directions Everlasting, and the true attack attribute of the True Intent Unravel...

Later, Lu Xiaoran fused the Heaven Demon Ruler that could increase the attack range and the Dragon Four Seas that increased the attack range.

In this way, other than being able to ignore defense, he could also ignore the attack range.

Lu Xiaoran developed the Trinity True Eyes again and again because it was too useful.

As long as he stored the attributes of the cultivation technique in his eyes, the cultivation technique would directly activate on its own. It was convenient, fast, and powerful.

As for cultivation techniques like the Gautama Divine Palm, the Great Mighty Heaven Dragon, and the Blood Fiend Demon Art, they were all attack cultivation techniques that Lu Xiaoran could directly cultivate.

He definitely had to upgrade them.

Among the cultivation techniques his disciples cultivated, only Li Changsheng and Song Xinian's cultivation techniques had advanced to immortal techniques. After all, the two of them had already arrived beside him and their safety was ensured.

However, Lu Xiaoran did not let them cultivate them now because this was the Divine World. Their cultivations were only above the God Realm and they were not immortals.

They did not have Wang Cai as a barrier or the protection of the power of luck like the hot shots. Therefore, they were unable to cultivate immortal techniques. Once they did, they would definitely be severely punished by the heavens.

After they became immortals and went to the Immortal World, they could naturally cultivate this immortal technique.

Lu Xiaoran had not upgraded the other disciples' intrinsic cultivation techniques to the immortal technique range. They had not returned yet. If they were killed, it might take a long time for them to be revived in the Body Modeling Mark.

Lu Xiaoran did not like to do things that were not safe.

As for the others, Lu Xiaoran upgraded the few armors on his body to immortal armor.

He could delay upgrading combat weapons, but armor had to be upgraded to immortal armor.

Safety first.

Then, the Xuanyuan Sword, the Kunlun Sword, and the other swords were all upgraded to immortal artifacts. Now, when he fought, he could increase his attack power even more.

Moreover, Lu Xiaoran discovered a very strange phenomenon.

Although the Xuanyuan Sword, the Kunlun Sword, and the Judgment Saber already had their own consciousness when they were at the divine artifact level, this consciousness was even stronger at the profound level. It was as if it was already comparable to an ordinary young child.

However, when they became immortal artifacts, their consciousness seemed to have regressed initially but they could actually begin to fight on their own.

This reminded Lu Xiaoran of a sword in the online games he had played in his previous life. The weapons in there could also fight on their own.

Perhaps this was the awesomeness of an immortal artifact.

However, it was definitely still more effective in the hands of an immortal. Only then would its benefits be the greatest.

Other than that, Lu Xiaoran had also strengthened the Body Modeling Mark. This treasure was extremely important and could even revive him.

Therefore, it had to be advanced to become an immortal artifact.

After advancing to an immortal artifact, its revival speed had increased.

Originally, when Lu Xiaoran had just arrived at the Divine World, a few second-generation disciples of the Nameless Sect had died and had been waiting to be revived in the Body Modeling Mark. Lu Xiaoran estimated that they would need at least a few more months to be revived. Now that the Body Modeling Mark had become an immortal artifact, they were all successfully revived.

After being revived, Lu Xiaoran immediately threw them into the valley and began to cultivate so that they could catch up to the main group.

There were also the Mountain and River State Painting, the Primordial Painting, the Seven Treasures Exquisite Pagoda, the Emperor Brush, and the Earth Emperor Book...

They had also been upgraded to immortal artifacts by Lu Xiaoran.

However, after advancing these weapons into immortal artifacts, Lu Xiaoran kept feeling that something was wrong.

After advancing, they seemed to have begun to develop some special independent consciousness.

It was not that they wanted to resist him.

Instead... it was as if they had become intelligent existences that could help him resolve his problems.

This simply made Lu Xiaoran feel unbelievable.

Could it be that these Dharma treasures had also become spirits?

Unfortunately, Wang Cai was also not here and could not give him any explanation. Otherwise, he could have asked Wang Cai.

After doing all of this, another month passed. Coupled with the previous two months, it could be said that their battle with the Buddhist Sect had already lasted for three months.

...

Bodhi Temple Hall.

At this moment, the atmosphere in the entire hall was solemn to the extreme. An extremely terrifying aura made all the Buddhist elders in the entire hall have solemn expressions. They did not even dare to breathe.

The High Buddha sitting at the top of the hall had already turned black. He was no longer as kind as before. All that was left was sinister and vicious.

His pair of poisonous eyes stared fixedly at the people below and said coldly, "Another three months have passed! Coupled with the previous few months, it's almost half a year.

"If not for these trivial matters, the Demon Exorcism Meeting would have long been held as scheduled. In that case, the Buddhist God Monarch would have already transcended the tribulation to become an immortal. My mission in this Divine World would also have been completed.

"However, after such a long time, not only did we fail to capture a single person, but those people are also causing more and more losses to our Buddhist Sect.

"If this continues, I think all the Buddhist branches in the entire Divine World can directly be disbanded on the spot. "

"High Buddha, please calm down."

The elders immediately knelt on the ground, but the High Buddha did not have the slightest intention to calm down.

"Stop fooling around. I don't need to calm down now. What I need now is for those bastards who are dealing with the Buddhist Sect behind my back to crawl out from the grass and come in front of me. I want to hack them into pieces!"

"High Buddha, we've already investigated the matter and we have a little bit of findings."

"A little bit? After investigating for so long, you're telling me that you only have a little bit of findings? At this rate, even if I increased your investigation time by tenfold, you still won't be able to find anything."

"If not for the fact that I'm an immortal and can't attack because of the Heaven Dao laws, I would have long resolved this matter. "

"High Buddha, calm down. We were wrong."

The High Buddha waved his hand.

"Stop talking nonsense with me. I want to hear something practical and meaningful."

"Yes! High Buddha, after our detailed investigation, there are currently many factions targeting our Buddhist Sect. However, the most arrogant among them are from three factions.

"One of them is the original City Lord of Myriad City. This child's name is Jun Bujian and his cultivation seems to be at the Hundred Domain Battle God Realm. He rarely attacks, so we can't easily detect his cultivation. It's also possible that he's the Thousand Domain Battle God Realm expert.

“However, in a real battle, his true combat strength seems to be able to easily surpass opponents with the same cultivation as him.”

The High Buddha was shocked and immediately raised his eyebrows slightly.

“An existence that can fight those at a higher level? Could it be... that kind of existence?”

When he came to this world from the Spirit Mountain to carry out a mission, he had once heard the elders of the Spirit Mountain say that there might be an extremely special existence in the Divine World or the lower realm.

This had been arranged by the person above the Heavenly Court.

Even the two Saints of the Western Sect did not dare to easily get involved.

He immediately prayed to the heavens and wished that he wouldn't encounter that kind of existence.

“What about the other two factions?”

After a moment of silence, he began to speak again.

“We're not too sure about the names of the other two factions. However, we know that one of them specializes in tomb robbing and is also very powerful. They're not inferior to Jun Bujian's bloodline at all.

“The last bloodline was an existence called the Ten Thousand Demon Emperor. He controlled many divine beasts and is the strongest in combat.

“In the beginning, these three factions attacked our Buddhist Sect's branch the most ruthlessly.

“However, with our arrangements, we have already gradually turned the tables and are starting to suppress the people from the three factions.

“However...”

“However, what?”

“It's just that because there's a lack of top-notch experts in our lower ranks, these enemies often escape. Although we have the advantage, we have never really taken down these three factions. According to our investigation, the three factions seem to be prepared to work together. Soon, they will move in the direction of our Bodhi Temple.

“As for the other scoundrels, they are not worth worrying about. ”

The High Buddha sneered.

“Alright, they're heading straight for my Bodhi Temple. Interesting! Looks like these children are greedy and want to show off in my Bodhi Temple.”

“High Buddha, do you mean...?”

“Let them come. Looks like it's also time for our Buddhist Sect to send out some true experts to play with them.”

**Chapter 359: Eldest Senior Brother Is Back?**

Divine World, Snowfall Village.

This was a small village isolated from the rest of the Divine World.

The path to the mountain outside was rugged. Other than a crippled bearded storyteller in the village, no one had ever gone outside the mountain.

This was because the bearded man was a cultivator with a God Realm cultivation.

In the entire Divine World, it was indeed worthless. However, because of his cultivation, he could travel through the mountains and avoid the ferocious demon beasts in the forest.

...

“Big Beard, you didn’t finish your story last time. Why did Sun Wukong kill Tang Seng, Ba Jie, and Little White Dragon? Aren’t they his master and junior brothers?”

A group of children surrounded the bearded man who had just returned from outside the mountain at the entrance of the village.

The bearded man replied helplessly, “That’s because the monkey has lost its heart. A monkey without a heart is like a puppet in the hands of others, right?”

“Big Beard, why did the monkey lose its heart? Where did the monkey’s heart go?”

The bearded man spread his hands.

“I don’t know either. I wanted you to tell me.”

“How boring. How did such a hero become a puppet?”

“It can’t be helped. All living beings are ants in the eyes of the Saints. Since ancient times, only the Saints have been able to break through the shackles of Heaven Dao.”

“The Buddhist Sect is really despicable. They’re always hypocritical and say that they’re the best people in the world. In the end, they just do these dirty things all day.”

“I heard that the Buddhist Sect is the strongest sect in our Divine World.”

The bearded man lit up a water pipe and took a few puffs. He ignored the childishness of the children in front of him and commented with interest, “It can’t be helped. There are many orthodoxies in the Dao Sect and they aren’t united. Of course they can’t compete with the Buddhist Sect!

“On the Dao Sect’s side, the power of faith would be given to whoever they believed in. On the Buddhist Sect’s side, no matter who they were or what they believed in, the power of faith would be ultimately focused on the Buddha before being distributed by the Buddha.

“The Buddhist Sect controls resources uniformly and works together. It’s only natural for them to suppress the Dao Sect.

“However, the Buddhist Sect of this world doesn’t seem to be living very peacefully recently. I heard that many branches have been removed recently and they’re all busy. ”

“Big Beard, why do you know so much?”

“That’s because I’m smart. Look at how bald I am. I can even be a lantern at night. As long as you shave your head, you’ll be as smart as me.”

“Forget it!”

The children stuck out their tongues at him, grimaced, and ran in all directions.

The bearded man shook his head and smoked his hookah again.

At this moment, a familiar and unfamiliar voice quietly entered his ear.

“They said that you’re the most knowledgeable person here. May I ask if you know of the Lu family in the Divine World?”

Hearing this voice, the bearded man’s body froze. Then, he looked up mechanically. The moment his eyes met the other party’s, the hookah in his hand fell to the ground with a plop, and his rough eyes immediately turned red.

“Eldest... Eldest Senior Brother? You’re back?”

The other party frowned slightly.

“What did you say?”

These words pulled his consciousness back from his confusion. He hurriedly wiped the corner of his eyes and replied,

“Sorry, I thought of an old friend. What did you just ask me?”

“I just asked if there’s a family called the Lu family in this Divine World. It should be one of the top families in the Divine World. Or rather, it’s an extremely extraordinary family!”

“Lu family?”

The bearded man scratched his shiny bald head and frowned, his expression bitter.

“Is there such a family in the top-notch families of the Divine World? Perhaps I’m more ignorant. You have to go and find them elsewhere.”

The other party nodded.

“Thank you.”

As soon as he finished speaking, the other party turned around and left.

The bearded man looked at his back and frowned.

“He looks like him! Too similar! Why is he so similar? It’s just that he seems to be quite reliable, unlike Eldest Senior Brother. However, based on the other aspects, I almost thought that Eldest Senior Brother had returned.”

...

On the other side, the flames of war burned more and more fiercely around the Bodhi Temple.

Almost every day, a Buddhist branch would be wiped out or a lone Buddhist disciple would be killed.

The Buddhist Sect disciples had no choice. They were in the light, and the other party was in the dark. Moreover, they had all kinds of dirty tricks.

Although the Buddhist Sect also relied on their powerful strength to kill some enemies, they failed to injure the other party's foundation.

This was because these people were very smart. If they could not win, they would directly escape and not fight.

This was also what made the Buddhist Sect helpless.

Sometimes, it was not that they were unable to defeat the other party. It was just that the other party was too cunning. They were too sneaky and quick to escape.

It was said that there were still many people pretending to be disciples of the Buddhist Sect and attacking the Buddhist Sect's branch. As a result, every temple had implemented strict martial law. Those who were not from the same temple were not allowed to enter or leave.

It was said that in order to prevent themselves from being harmed, some temples did not even allow the envoys of the Bodhi Temple to enter.

The entire Buddhist Sect had already entered a state of chaos.

At this moment, a temple called Puhua Temple was being raided by a group of enemies.

"Brothers, attack! Attack fiercely! Kill these bald donkeys."

Under Shi Changlin's lead, the disciples of the Nameless Sect crazily built and burned the Puhua Temple.

They did not have the slightest pity for these Buddhist Sect disciples. Since they dared to kill their sect master, they had to be prepared to endure the anger of their Nameless Sect.

Soon, a dazzling light rose from the temple. It was because the Puhua Temple had activated the array formation in the temple. With the help of the power of the array formation, the cultivation of the originally ravaged Puhua Temple disciples suddenly soared.

Sensing that something was wrong, Shi Changlin immediately ordered the disciples to retreat.

"Not good! Retreat! Retreat! They're using an array formation to increase their cultivation."

The disciples immediately began to retreat. However, at the same time, the sky was suddenly enveloped by a golden light.

"It's the sealing formation! Damn, I've been tricked!"

At this moment, if Shi Changlin still could not figure out that he had fallen into a trap and was schemed against, he could kill himself with a tofu.

They were not only facing these disciples of the Puhua Temple, but also the elders and senior monks of the Puhua Temple.

These elders had probably stayed hidden previously because they were waiting for the moment the array formation was activated.

Now, Shi Changlin and the others could not even escape. Facing them, they could only die.

“How dare you kill our Buddhist Sect disciples and destroy our Buddhist Sect branch. Today, I’ll turn you to ashes and prevent you from returning to the cycle of reincarnation!”

Several golden lights spread, causing Shi Changlin’s heart to burn.

What was even more helpless was that the other party’s array formation had also sealed the spatial power here. The spatial array formation on their bodies was unable to be activated.

They were doomed this time!

“Old Shi, what should we do? This array formation is a Buddhist array formation. We can only break it with a Buddhist cultivation technique. It’s difficult for us to break it with our cultivation techniques.”

Facing the surging Buddhist experts, Shi Changlin shouted, “Brothers, we’ll die anyway. Let’s fight them to the death. For the glory of the Nameless Sect, kill!”

As the saying went, when a rabbit was anxious, it would still bite.

Since they could not escape, they would fight them to the death. They could also prevent themselves from suffering a loss by killing one and killing two.

The experts of the Buddhist Sect revealed excited expressions.

For so long, the Buddhist Sect had been pursued by the other party. Today, they were finally about to make a beautiful comeback.

This time, they wanted to kill all the heretics who had trespassed into the Puhua Temple!

The two sides collided, instantly causing a violent explosion.

Boom!

All kinds of attack speed exploded in the air.

The entire Puhua Temple had already become a colorful battlefield.

Shi Changlin and the others had encountered an unprecedented opponent. Even though they had experienced hundreds of battles, they were still unable to resist the pressure of the other party’s powerful cultivation and died one after another.

Just as they were crazily killing the Buddhist Sect disciples, wanting to consume more Buddhist strength for the Nameless Sect, a voice suddenly sounded in the sky.

“Amitabha! Senzai senzai! Fellow disciples, I’ll wish you all the best.”

“Another Buddhist expert?”

Shi Changlin’s heart suddenly turned cold. Damn, he was probably really dead this time.

Unexpectedly, after the Buddhist voice sounded, a golden Buddhist light suddenly collided with the sealing array formation barrier set up by Puhua Temple.

Boom!

In an instant, a huge hole was blasted in the Buddhist formation.

The weakness of Buddhist array formations was Buddhist cultivation techniques.

According to the principle of the cultivation technique, the same sex attracted each other and the opposite sex repelled each other. It was very easy for Buddhist cultivation techniques to enter the Buddhist sect’s array formation. After entering, if the Buddhist cultivation technique suddenly reversed the attack after entering the array formation, it could easily shatter the Buddhist sect’s array formation.

Because of this flaw, the Buddhist Sect rarely studied array formations.

Seeing a huge hole blasted in the Buddhist Sect’s array formation, the Buddhist Sect experts were dumbfounded. Shi Changlin and the others were also dumbfounded.

What was going on?

Wasn’t this a Buddhist disciple? He was clearly using a Buddhist cultivation technique!

Why did the experts of the Buddhist Sect also want to attack the Buddhist Sect??

Just as everyone was feeling puzzled, a figure in a kasaya suddenly landed in the next second.

“Brothers, kill! Kill all the baldies!”

Everyone from Puhua Temple :”...”

Shi Changlin and the others :”...”

Long Kuang led a group of bald disciples to crazily kill the disciples of the Puhua Temple.

After being petrified for a moment, Shi Changlin could not help but curse.

“Damn! Isn’t this Senior Brother Long Kuang?”

Only at this moment did they react. The person who had arrived was the Ancient Dragon Emperor of the Primordial Mountain Range—Long Kuang.

“Senior Brother Long Kuang, what’s wrong with you? Why are you wearing a robe and why has your hair been shaved?”

“This is my ultimate technique to hide myself! As long as I pretend to be a monk, no one will know that I’m a disciple of the Nameless Sect.”

Long Kuang had already used this excuse a million times. It couldn't be helped. He couldn't tell everyone that after coming to the Divine World, he had joined the Buddhist Sect and cultivated a Buddhist cultivation technique in the Peach Blossom Monastery, right?

"Damn! Senior Brother Long Kuang, what a good plan!"

"What are you guys waiting for? Come and kill the baldies with me!"

### **Chapter 360: Burning More and More**

After being encouraged by Long Kuang, everyone immediately pressed down excitedly on the Buddhist Sect disciples.

Shi Changlin first threw down hundreds of thousands of divine crystals, blasting a huge pit in the ground of the Puhua Temple.

With this huge pit, many of the Puhua Temple's array formations had been destroyed, and they had completely lost their effectiveness.

Without the enhancement of the array formation, the combat strength of the Puhua Temple disciples and elders immediately fell back to their previous level.

In this way, the originally confident Puhua Temple became another hell on earth for the Buddhist Sect disciples in the blink of an eye.

...

In the valley, Lu Xiaoran was happily checking everyone's strength.

The Lu family's improvement was rather good. Old Master Lu's improvement was already very powerful. He had already advanced to the peak of the Thousand Domain Battle God Realm and was about to break through to the God King Realm.

The second and third generation of the Lu family had basically all stepped into the level above the Ten Domain Martial God Realm.

This was not a small combat strength. If he could nurture them all into God Monarch Realm experts in the future, it would really be perfect.

Li Changsheng and Song Xinian were still considered hardworking. They had already reached the peak of the Thousand Domain Battle God Realm.

Lu Xiaoran was even stronger now and had already broken through to the eighth level of the God Emperor Realm. He was one step closer to becoming a Supreme God Realm expert.

As long as he broke through to the God Monarch Realm, he could immediately go out and save his disciples.

Wang Cai had yet to wake up. However, Lu Xiaoran swept his gaze over the Body Modeling Mark. His originally good mood suddenly darkened.

It was over.

In the Body Modeling Mark, there were actually a few drops of blood essence and remnant souls that had begun to nurture life. This meant that their main bodies were already dead.

Lu Xiaoran swept his gaze over. They were all second-generation disciples and not from Lige's generation.

However, even so, this still made Lu Xiaoran worry a lot.

The increase in the number of deaths of his disciples was definitely not a normal phenomenon. At the very least, he could not sit idly by.

The deaths of the second generation disciples were already a huge loss for him. If anything happened to disciples like Lige and the others, he would be finished.

Without the cultivation speed of Lige and the others, he would need to cultivate diligently without any rewards. At that time, who knew when he would be able to cultivate to the God Monarch Realm.

This was all caused by the two idiots, Li Changsheng and Song Xinian. Why would they announce the news that he had been killed by the Buddhist Sect? Wasn't this nonsense?

No, this could not continue.

Although Lu Xiaoran was unwilling to leave the mountain personally now, he could not watch his disciples die one by one.

Therefore, after taking a deep breath, he made a huge decision.

He teleported to the entrance of the valley and stood in front of Buttface, who was guarding the gate.

"Master, why are you out?"

"I came to see if the Buddhist Sect invaded."

"Don't worry, Master. With me around, there's no gate that I can't guard. Not to mention the people from the Buddhist Sect, even if the Gautama Buddha comes personally, I'll still be able to guard it for you."

Lu Xiaoran nodded.

"That's right. You're already a mature guard dog. Now, I think it's a waste of your talent to let you guard the door here."

Buttface's body trembled, and its eyes immediately turned moist.

"Master, is what you said true?"

"It's true, so I want to give you some new missions now. Real manly missions!"

Buttface's eyes turned red and it immediately stood up.

"Master, please tell me. Buttface will definitely not frown."

Lu Xiaoran nodded in satisfaction again.

“Alright, go to the vicinity of the Bodhi Temple and find those disciples. Tell them that I’m still alive and ask them to return quickly to see me.”

Buttface :” ...”

After a moment of silence, Buttface said, “Master, that’s a battlefield... isn’t it?”

“That’s right. Don’t you think such a mission is very challenging?”

“I think guarding the gate is also very challenging. Can I choose to continue guarding the gate?”

“No!”

Lu Xiaoran shook his head.

“I can use the Beast Control Divine Art to forcefully order you to carry out missions. The reason why I don’t want to use force is because I don’t want to hurt our relationship. After all, you’re a deer I raised. I still quite respect you.”

Buttface :” ...”

“Actually, you also have to think things through. After all, you’re a deer and not a real dog. You can’t keep guarding the door. You have to work hard and have aspirations. Develop well and advance every day. In the future, when you develop, there will also be some female divine beasts who will take a fancy to you to prevent your ancestral genetic chain from being severed in your generation. Don’t you think so?”

“Alright, Master, stop talking. I’ll go, alright? It’s just... Can you give me something to ensure my safety?”

“That works.”

Lu Xiaoran gave Buttface a few Nine Revolutions Soul Return Pills.

Other than that, there were also some life-saving divine artifacts.

Lu Xiaoran had even taught it the Great Void Chaos Steps.

In any case, it could perfectly unleash the various escape attributes of a deer.

After dealing with these, Buttface finally crawled out of the dog nest it had just dug reluctantly. It sighed and flew towards the Bodhi Temple.

Lu Xiaoran waved his hand from behind.

“Buttface, don’t secretly badmouth me. I can hear you from the Beast Control Divine Art.”

Buttface staggered. Just as it was about to talk ill of Lu Xiaoran’s ancestors, it swallowed its words.

Why was it so unlucky?

If it had known earlier, it would not have continued to live ignobly when it met him. Instead, it would have turned around and run.

...

On Puhua Temple's side, the battle was still ongoing.

In the depths of the Puhua Temple, several Buddhist elders had incomparably solemn expressions.

"I didn't expect our Puhua Temple to also be targeted by demons today.

"My Puhua Temple is a transit station for the various branches of the Great Buddha Sect to transport demons. Now, there's still the last batch of demons here. A total of eight million demons still haven't been transported out. No matter what, we can't expose this place and let the enemy discover us.

"Otherwise, once these demons are released, they will harm all living beings. It will also make it impossible for our Buddhist Sect to complete the Demon Exorcism Meeting!

"The Bodhi Temple should have already sensed that our Puhua Temple is being attacked and has definitely sent reinforcements.

"Everyone, persevere a little more."

...

On the other side, Jiang Taixuan and the others had just dug through the tomb of a Buddhist sect big shot.

This Buddhist Sect big shot's cultivation in his previous life was at least at the fifth level of the God Monarch Realm.

Coupled with the fact that the Buddhist Sect had always been rich, Jiang Taixuan and the others had profited greatly from this tomb.

"We're rich, we're rich. We've already gotten more than thirty divine artifacts. As expected of a Buddhist Elder."

"It's still better to dig the tombs of Buddhist big shots to earn money. If I had known that the tombs of Buddhist big shots were so profitable, I wouldn't have dug the tombs of itinerant cultivators. I would have long dug the tombs of these Buddhist big shots."

"That's right. If we had come to dig the Buddhist Sect's tomb earlier, our current cultivation might have increased by one or two realm levels on average."

"What a loss."

Everyone smiled and chatted happily.

However, at this moment, a figure flew over quickly.

"Eighth Master, bad news. A group of Buddhist disciples has flown over."

Everyone panicked, and Jiang Taixuan waved his hand.

“Everyone, don’t panic. It’s impossible for anyone to discover us in this tomb. They’re not coming for us.”

“Then who are they targeting? The situation is not optimistic. After all, such a large number of Buddhist disciples appeared at the same time. It’s definitely not a good thing.”

Jiang Taixuan frowned.

“Other than us dealing with the Buddhist Sect, there should be other senior brothers dealing with the Buddhist Sect. Could it be that they have sent reinforcements to all the Buddhist Sect branches to deal with our Nameless Sect disciples?”

“That’s very likely.

“At this moment, other than the Nameless Sect, no one else should be going against the Buddhist Sect.

“Moreover, to be honest, even if the other party is not a disciple of the Nameless Sect, as long as they are enemies with the Buddhist Sect, they are our friends. As the saying goes, the enemy of an enemy is a friend.”

Jiang Taixuan took a deep breath and said with a solemn expression,

“In that case, we can’t ignore them. Attack!”

Everyone began to be excited.

“Are we finally going to fight the Buddhist Sect’s main army head-on?”

Ever since they learned that the sect master had been killed, Jiang Taixuan and the others had begun to crazily dig out the tombs of the Buddhist Sect’s big shots.

Although they would also encounter some Buddhist Sect disciples and kill them, they never fought the Buddhist Sect head-on.

Now that they were finally going to fight the Buddhist Sect head-on, how could they not be excited?

Jiang Taixuan quickly ordered, “Before they arrive, let’s rush to the front of them first and set up an array formation to stop them in sections. Illusion formation, attack formation, trap formation... use them all. Make sure to pack them densely in a large range. Take out all the wealth we’ve gathered from digging tombs over the years.”

“Take it all out? Won’t that be a loss?”

“Money is just a worldly possession. There’s no need to care. At the very least, it can’t compare to the lives of our brothers.”

“Eighth Master is right. Then let’s prepare as soon as possible.”

...

Soon, violent explosions sounded in the world, making all the cultivators and living beings in a radius of 5,000 kilometers fall into panic.

...

At the same time, in the Puhua Temple, everyone had already killed all the Buddhist disciples.

“We’re finally done killing. Brother Long, it’s all thanks to you this time. If not for you leading the team, we would have been in big trouble.”

“I was still a step late and made everyone lose a lot of brothers. The sect master has already died. I wonder if the Body Modeling Mark can still be used.”

“If the Body Modeling Mark can’t be used, then I’m afraid... they’ll have to go to the netherworld to see the sect master.”

As soon as he said this, everyone’s hearts could not help but ache.

However, at this moment, a young monk covered in blood ran into the hall when no one was paying attention.

Unfortunately, his actions did not escape Long Kuang’s divine sense.

Long Kuang had reached the peak of the Ten Domain Martial God Realm and the range of his divine sense was not low.

“One of the baldies is still alive. Don’t let him escape.”
