

## **AN EXPERT 371**

### **Chapter 371: I Want to The Buddhist Sect to Disappear From the World**

“Cough cough!”

The three of them crawled out of their pits, and blood was already flowing from the corner of their mouths.

A fifth level God Emperor Realm cultivation was still too powerful for them. The three of them could no longer resist it.

Even if they could surpass their cultivation, they were still unable to resist the other party.

After the other party succeeded in one move, he did not waste his breath and directly pressed his palm down.

Divine power gathered and transformed into a golden palm mark that surged over in an overwhelming manner. The divine power in the air was compressed until it decreased. It was like a dense wind, suppressing the three of them until they could not even breathe.

The three of them were caught off guard and were already injured from the other party's attack.

Everyone could guess what was going to happen.

Zhuge Ziqiong was already in complete despair. The three of them stared at this Buddha Palm unwillingly.

Because the other party was too powerful, their divine power was somewhat chaotic when they wanted to attack. They could only escape. It was simply a fool's dream to resist.

Ten thousand meters, a thousand meters, a hundred meters...

The Buddha Palm instantly fell. That 0.001 second seemed as long as a century.

This made the three of them suffer.

Everyone said that they were not afraid of death, but who could really face death calmly?

However, just as they thought that they would definitely die with this move, the Buddhist God Emperor Realm expert seemed to have sensed something and raised his eyebrows slightly.

**Boom!**

The Buddha Palm suddenly exploded, creating a huge golden ball of light on the ground.

It was like a small sun and was incomparably dazzling.

The shock wave swept out, sweeping away the ground in a radius of 200 kilometers.

Even Long Kuang, Shi Changlin, and the others were blasted back.

Fortunately, it was only the aftershock. To them, it only caused their blood to surge and did not cause fatal damage.

“Junior Brother!”

Zhuge Ziqiong exclaimed, and Long Kuang shouted,

“They’re not dead! Their auras and life force are still there.”

Zhuge Ziqiong’s heart trembled.

Not dead?

They were actually still alive after suffering such a powerful attack?

How was this possible?

Something was wrong!

Moreover, she could also sense another aura.

Zhuge Ziqiong had already recovered some divine power, so she could already sense a portion of it.

Someone had helped Jun Bujian and the others block this attack.

Who was it?

When the dust gradually dissipated, a dazzling golden light was the first to enter her sight.

Zhuge Ziqiong’s pupils constricted. Then, her eyes turned sour and tears filled them.

It was him!

The dust completely dissipated, and a golden giant figure enveloped the three of them.

Seeing that the three of them had survived, they finally heaved a sigh of relief. They stood up and cupped their hands towards the figure in front of them.

“Greetings, Third Senior Brother.”

Fang Tianyuan placed his hands behind his back and did not turn around. He looked indifferently at the God Emperor Realm expert in the sky and said indifferently,

“Why... is there no sign of Master?”

The three of them lowered their heads one after another, their expressions somewhat sad, but they were unable to answer Fang Tianyuan.

A trace of pain flashed in Fang Tianyuan’s eyes.

“Is that so?”

He had already vaguely guessed something. An unknown anger was constantly fermenting and exploding in his chest.

Killing intent spread, and there was actually a trace of blood-colored killing intent mixed in the golden giant.

A huge Demon Ape figure surged out from behind the golden giant.

The Demon Ape was surrounded by chains that pierced deeply into its bones, as if they were sealing it. However, these chains could not contain the powerful killing intent and monstrous aura that was being emitted from its body.

It was as if an ancient demon king had appeared in the world with an invincible aura!

“Amitabha, what a powerful demon aura.”

“I didn’t expect them to have such a powerful expert. However, he’s only at the fifth level of the God King Realm. He’s not enough to pose a threat to us.”

“In that case, go down and destroy them.”

As soon as he finished speaking, the fifth level God Emperor Realm expert was prepared to attack.

However, the fourth level God Emperor Realm expert beside him whispered,

“Amitabha, he’s just a small pawn. There’s no need for Senior Brother to do anything. Let me send him off.”

In an instant, the Buddha Supreme phantom behind him emitted an even stronger light, making him look like an immortal Buddha that had descended to the mortal world.

Then, he punched with one hand, the Mahayana Vajra Fist of the Buddhist Sect!

The clouds in the sky were stirred by the divine power on this punch. It mixed with an invincible divine power and pressed down.

The pressure erupted again. Everyone’s hearts seemed to have been pressed down by another huge mountain, and their breathing froze again.

The pressure of a fourth level God Emperor Realm expert was shockingly powerful!

The golden Buddha fist was as huge as a mountain and more than ten thousand feet long. Moreover, its speed was extremely fast and it instantly arrived.

Because the speed was too fast, it rubbed against the surrounding divine power and produced flames. It also carried a dense fire element.

In the eyes of the Buddhist Sect cultivators, Fang Tianyuan would definitely not be able to withstand this move.

Although he did not know why he, a mere fifth level God King Realm expert, was able to withstand that attack just now, the might of that attack was not that powerful to begin with. After all, it was not the full-power attack of that senior monk.

Therefore, the people from the Buddhist Sect did not think that Fang Tianyuan was amazing.

However, when the Mahayana Vajra Fist landed, Fang Tianyuan did not panic at all. He did not even raise his eyelids.

Boom!

The fist beam smashed fiercely onto Fang Tianyuan's Indestructible Golden Body, causing an even more intense explosion.

"Be careful, quickly defend!"

In the distance, Long Kuang immediately exclaimed and told everyone to prepare to defend.

However, when everyone activated their divine power defensive barrier, the shock wave of the explosion did not appear.

"This is...?"

Just as everyone was feeling puzzled, they saw the golden giant extend a huge arm and firmly lock the energy wave from the explosion in its palm.

"What!"

"This is impossible!"

All the Buddhist elders and disciples in the sky were shocked and dumbfounded when they saw this.

Was this a joke?

A mere fifth level God King Realm expert had actually blocked the attack of a fourth level God Emperor Realm expert without being injured at all. Then, he even suppressed the attack in his palm.

What kind of strength was this?

This was simply ridiculously powerful!

"Damn bastard!"

The fourth level God Emperor Realm monk's expression turned cold.

Fang Tianyuan was simply humiliating him!

Just as he was about to attack and kill Fang Tianyuan, his senior brother's notification sounded in his ear in the next second.

"Puci, get out of the way!"

Almost at the same time, he saw Fang Tianyuan disappear from his spot and appear in front of him.

"So fast!"

Puci's pupils constricted, and he felt his hair stand on end.

Was this the speed a fifth level God King Realm expert should have?

“I’ll return your things to you.”

After saying this indifferently, Fang Tianyuan directly imprinted the attack mercilessly on the other party’s chest.

Boom!

The huge attack directly blasted Puci ten thousand meters away.

“Bastard!”

Puci roared and was about to attack when he heard his senior brother’s warning again.

“Puci, behind you!”

Almost the moment the other party spoke, an unbearable and powerful attack bombarded his back.

Bang!

The dense divine power directly shattered Puci’s defensive divine power in a heartless manner. Then, it destroyed the divine artifact armor on Puci’s body. Then, it pierced through Puci’s body and finally Puci’s flesh and bones!

Puci was at a loss.

Before he could react, the other party had actually mercilessly pierced through his body!

What was even more terrifying was that Fang Tianyuan was currently holding a bright red beating heart!

That was Puci’s heart!

Moreover, previously, Fang Tianyuan had only unleashed the Puci’s Mahayana Vajra Fist Fang he had received beforehand.

Therefore, strictly speaking, at this moment, this was Fang Tianyuan’s first attack.

The other party had instantly killed him with a single move?

But... but how did he do it?

Fang Tianyuan was clearly only at the fifth level of the God King Realm and was nine realm levels lower than Puci. How could the other party instantly kill him?

Unfortunately, Puci was already unable to figure this out because that huge hand had directly crushed the heart.

Pfft!

In an instant, his heart turned to mud.

Then, Fang Tianyuan threw him down from the sky as if he was throwing away trash.

The air fell into a deathly silence, as if even a pin drop could be heard clearly.

A few breaths later, Puci’s corpse fell fiercely to the ground.

Boom!

Another huge pit was smashed into the ground.

Even though he had died, his God Realm body was still very hard.

Everyone looked at Fang Tianyuan in the sky in disbelief.

He was dead just like that?

A dignified fourth level God Emperor Realm expert, a true Buddhist expert, was actually unable to resist Fang Tianyuan's attack and was directly killed by Fang Tianyuan?

Was this all a God Emperor Realm expert could do?

That was all!

Fang Tianyuan was not as shocked as everyone. He only cast his gaze on the remaining two fifth level God Emperor Realm experts.

"Who among you wants to be the first to die? Or... should I just kill you all in one go?"

The pupils of the two fifth level God Emperor Realm monks constricted, and a layer of cold sweat seeped out of their foreheads.

The pressure Fang Tianyuan gave them was really too powerful!

Even now, they did not understand how this insignificant God King Realm expert could instantly kill a fourth level God Emperor Realm expert!

Heavens, could it be that even a God Emperor Realm expert was inferior to a God King Realm expert now?

"Amitabha. Senzai senzai. Your cultivation really makes us admire you. However, it's better to resolve enmity than to make enemies. Although you're powerful, our Buddhist Sect has more experts! I think we should stop fighting and make up. How about that?"

Fang Tianyuan did not directly respond to the two of them and only stepped forward.

"Impossible, because... I want the Buddhist Sect to cease to exist in this world."

### **Chapter 372: It's Not My Fault**

"I don't think that would be good. Although you're powerful, our Buddhist Sect is not to be trifled with. If we really fight, you will definitely regret it in the end."

Fang Tianyuan's expression was still as indifferent as before.

"If you can beat me, then you will kill me. If you can't, you will resort to using threats. Is this the standard of the Buddhist Sect?"

As he spoke, he had already arrived in front of the two of them. Without giving the two of them a chance to explain, the golden giant on the surface of his body punched out with both fists and directly bombarded the two senior Buddhist monks.

In an instant, the two of them were forced back tens of thousands of meters.

“This child is very powerful. The two of us have to work together. Otherwise, we’ll probably die here today.”

“Yes! Attack together.”

After the two of them confirmed their decision, they immediately took out their divine artifacts.

One of them held a Buddhist staff, and the other held a Buddhist Commandment Saber.

Buddhist weapons had always been the most abundant and richest in the Divine World.

As God Emperor Realm experts, the two of them were already equipped with divine artifacts to protect themselves.

However, they were only the lowest-level divine artifacts.

However, Fang Tianyuan only smiled in disdain.

“Are low-grade divine artifacts even worthy of being called divine artifacts?”

“Hmph, arrogant brat. That depends on whether you have any.”

As soon as he finished speaking, the two of them attacked at the same time, transforming into two golden lights that instantly arrived beside Fang Tianyuan. They attacked from both sides at the same time.

The might of the fifth level of the God Emperor Realm erupted at this moment.

Fang Tianyuan did not show off and directly took out the Void Shattering Hammer and the Mountain God Pillar.

He held the hammer in his left hand and the pillar in his right. His hands appeared at the same time, mixed with the powerful might of the Indestructible Golden Body. At this moment, all of their strength erupted.

His master had said that if he could instantly kill the other party, he should do his best to do so. Wasting time would only bring about unpredictable accidents.

Therefore, he would not hold back at all.

As soon as the two divine artifacts appeared, they directly made the two God Emperor Realm experts collapse on the spot.

Just now, when Fang Tianyuan teased the two of them, they thought that Fang Tianyuan was posturing. However, they did not expect Fang Tianyuan to take out a divine artifact that far surpassed their own in the blink of an eye.

What made the two of them collapse even more was that there actually were two of them!

The moment the attack landed, Fang Tianyuan’s dense attack directly sent the two of them flying.

The two of them vomited blood and were sent flying. The divine artifacts in their hands endured most of the attack. One of them's Buddhist Commandment Saber actually ended up getting bent! Cracks even appeared on the other person's Buddhist staff.

This extremely terrifying scene made the two of them extremely frightened.

They originally thought that by relying on the divine artifact, they could still reduce the gap a little. Now, it seemed that not only did the difference not decrease, but it had even become bigger!

"How powerful!"

"We're not his match. We can't continue like this. Otherwise, we'll all die in his hands."

"Buddhist disciples, quickly summon more Buddhist experts. Otherwise, we'll all die here today!"

The Buddhist Sect disciples began to sacrifice themselves again. They burned their Buddhist power and injected it into the spatial gate before starting to summon the nearby God Emperor Realm experts.

At this moment, Fang Tianyuan pounced forward again, and the two of them could only resist desperately.

However, less than a second after the battle began, the aura of another God Emperor Realm expert rushed over from the void.

"Another God Emperor Realm expert is here!"

"This aura is so powerful that it belongs to a sixth level God Emperor Realm expert! It's even stronger than the two of them!"

Zhuge Ziqiong and the others' hearts trembled, but Fang Tianyuan did not panic at all.

The attack in his hand became sharper and faster.

The two fifth level God Emperor Realm experts found that it was becoming harder to resist.

"Bastard! How dare you!"

At this moment, the sixth level God Emperor Realm Buddhist expert was already extremely close and could step out of the spatial gate at any time.

Although he had yet to arrive, killing intent had already surged over from all directions.

Unfortunately, Fang Tianyuan did not care if he would arrive or not. When the attack accumulated to a certain level, he actually threw out the Void Hammer to suppress one of the fifth level God Emperor Realm experts.

Then, he condensed his full strength. The golden giant phantom held the Mountain God Pillar with both hands. The Mountain God Pillar instantly enlarged, forming a huge iron pillar ten thousand meters long that smashed towards the other fifth level God Emperor Realm expert.

"No!"

The fifth level God Emperor Realm expert raised the Buddhist staff in his hand to resist.

However, the moment he raised the staff, it was shattered by the Mountain God Pillar.

Then, the might did not lose its momentum and smashed his head into a huge watermelon on the spot, killing him on the spot.

Almost at the same time, the Fire Phoenix and the other divine beasts rushed forward and tore and swallowed his corpse.

The nutrients in the body of a fifth level God Emperor Realm expert were too tempting!

These nutrients were extremely beneficial to their improvement.

As for the fourth level God Emperor Realm expert just now, he had long been swallowed by Long Kuang below.

“Bastard! You’re courting death!”

The Buddhist Sect’s sixth level God Emperor Realm expert had already taken half a step out of the spatial gate. Before his body could completely step out of the spatial gate, he had already used his divine artifact to deal with Fang Tianyuan.

Fang Tianyuan did not waste any time. Without even turning around, he threw out the Mountain God Pillar in his hand and tore through the sky, instantly arriving in front of the other party.

Bang!

With a violent explosion, he actually blasted the other party’s foot that had already stepped out of the spatial gate. After being blasted, the foot was also sent flying back into the gate.

Then, Fang Tianyuan picked up the Void Shattering Hammer and circulated the Indestructible Golden Body with all his strength. With a shout, he directly exploded the staff in the hand of another Buddhist Elder and shattered the other party’s body, killing the other party completely.

The Fire Phoenix and the other divine beasts began to devour the God Emperor Realm expert crazily again.

The powerful essence contained in this made the divine power in many of their bodies begin to become active. Clearly, they were about to break through.

Some divine beasts with lower cultivation directly broke through on the spot.

The God Emperor Realm expert in the spatial gate had already pushed away the Mountain God Pillar. His eyes were scarlet red like blood, and they were filled with heart palpitating killing intent.

“Brat, if I don’t kill you today, I promise to never become a Buddha!”

After gritting his teeth and saying this word by word, he held the divine artifact prayer beads in one hand and the Buddhist staff in the other and rushed towards Fang Tianyuan.

The two of them fought, and the powerful attack charged, blasting away all the clouds in the entire sky.

The shock wave even shook the spatial gate.

“How powerful! Third Senior Brother is really too powerful!”

“The other party is already eleven realm levels higher, right? From the looks of it, he can still surpass the other party even if the other party was a few realm levels higher!”

The spectators below were all shocked.

As disciples of the Nameless Sect, everyone knew that the disciples of the Nameless Sect had the strength to fight those at a higher level.

However, it was not fixed how many levels one could surpass.

For example, Su Lingwu, who did not properly cultivate his intrinsic cultivation technique, the Battle God Eight Desolates, but mainly cultivated the Beast Control Divine Art, could at most surpass three to four realm levels.

As for Jun Bujian and Jiang Taixuan, they could surpass a whole realm.

Among them, because Jun Bujian could transform into a dragon and increase his cultivation by a realm, strictly speaking, he could surpass two realms.

In other words, although he was currently at the second level of the Thousand Domain Battle God Realm, he could surpass the God King Realm and deal with an expert at the second level of the God Emperor Realm.

It was not guaranteed for him to defeat the other party, but he definitely would not be killed by the other party!

This was the charm of surpassing levels.

It was both a life-saving method and a killing method. It was a special ability that caught people off guard and made others extremely envious.

Now, Fang Tianyuan’s cultivation allowed him to surpass one realm and one realm level, a total of eleven realm levels.

Even though he could only surpass a dozen realm levels and was inferior to Jun Bujian, at this moment, he was still shockingly powerful.

The third generation disciples below, as well as Long Kuang and the other divine beasts, could not help but reveal envious expressions when they saw this.

He was a disciple of the Nameless Sect and was capable of fighting those at a higher level. He was really charming!

On the other side, the disciples of the Buddhist Sect were still burning their Buddhist power. Some of them had already become stone statues because they had completely exhausted their strength and could never be revived.

However, looking at Fang Tianyuan who was not at a disadvantage at all on the battlefield, some Buddhist elders looked at each other and could not help but sigh slightly. Then, they pressed their palms together and also began to recite the Buddhist scriptures. They began to burn their Buddhist power to summon even stronger Buddhist elders.

They did not have the right to choose. Putting aside the fact that they couldn't resist the strength and speed of a God Emperor Realm expert, they were still helpless no matter what. After all, with Jun Bujian and the others watching from below, it was also impossible for them to escape.

If they did not sacrifice themselves and the Buddhist Sect failed to win this battle, they would probably not even have the chance to take revenge.

In any case, they were all going to die. At the very least, they had to do something before they died.

Jun Bujian and the others below had already noticed this scene and immediately leaned forward.

"Cover for Third Senior Brother. Don't let these bastards succeed."

"Alright!"

The three of them joined the battle. A few more killing forces appeared in the sky.

In an instant, the screams of the Buddhist Sect disciples and elders sounded again.

Everyone's eyes were already red from killing.

They didn't care who the other party was? Who asked them to kill Lu Xiaoran? They had killed their master!

Just as Third Senior Brother had said, the Buddhist Sect must cease to exist in this world!

Just as the battle above was intense, a figure below suddenly rushed into the crowd.

"Senior Sister Zhuge, I've finally found you."

"Miss Ling."

The person who had arrived was none other than Ling Xinyue.

Ling Xinyue panted for a few breaths before saying, "Previously, I went to find Fourth Senior Brother and Sixth Senior Brother. I originally wanted to save you, but I couldn't find you."

"Helpless, the two of them came up with a terrible idea and made me spread the news that your master had been killed by the Buddhist Sect.

"Therefore, everyone came to attack the Buddhist Sect disciples. "

The air was silent for a few seconds before everyone suddenly exploded.

"What did you say?"

Zhuge Ziqiong's face immediately twitched fiercely.

It was not only her. At the same time, the others were also stunned.

“Sect Master is not dead?”

“Damn! The sect master is actually not dead? The news has already spread, but he’s still not dead?”

“It’s over, it’s over. We’re in big trouble.”

Zhuge Ziqiong slapped her forehead.

“Why didn’t you say so earlier? Why didn’t you come and say so earlier?”

### **Chapter 373: Buddhist Sect’s Hunting Mark**

Ling Xinyue said with an innocent expression, “It’s really not my fault. I only created the rumor. Who knew that they would beat the Buddhist Sect so badly and destroy so many Buddhist Sect branches so quickly?”

“No, why did you guys create this rumor?”

“It’s not my fault. Your senior brother and junior brother were the ones who discussed it. They originally wanted to say that you had been captured by the Buddhist Sect, but they were afraid that the Buddhist Sect would investigate you.

“After all, at that time, the two of them had already destroyed several sects, including the Little Buddha Temple.

“It was very easy for the Buddhist Sect to investigate you.

“If the Buddhist Sect kills you or uses you to threaten the two of them, it would be really troublesome.”

Zhuge Ziqiong was speechless.

“Then didn’t you stop them after knowing about this? Your goal was only to lure Junior Brother Jun and the others out, right? Since they’re all out, can’t you find them and explain things clearly?”

“I did!”

Ling Xinyue had a serious expression.

“I tried very hard to find them, but they were too fast. I couldn’t catch up at all.”

“As long as I heard that the Buddhist Sect was being attacked, I would immediately chase after them to investigate. However, every time I went over, they would all be done fighting. I even followed behind and plundered the treasure vaults of those temples. I even picked up nearly a million divine crystals.”

Ling Xinyue even took out a few storage bags and waved them in front of Zhuge Ziqiong.

Zhuge Ziqiong was completely petrified.

It seemed that their master’s death was a huge misunderstanding!

Because of this misunderstanding, they had destroyed so many branches of the Buddhist Sect. This was no longer a simple slap in the face. They had become mortal enemies with the Buddhist Sect!

If they had only saved her in the beginning and were not so high-profile, they would at most have destroyed one or two Buddhist branches and would not have attracted too much attention. Now that they had even killed a few Buddhist God Emperor Realm experts, they could not keep a low profile even if they wanted to.

Their master had repeatedly reminded them not to cause trouble after arriving at the Divine World.

Unfortunately, they had accidentally provoked the strongest Buddhist Sect!

This was bad. Not to mention that they had been targeted by the Buddhist Sect, but if their master knew, he would probably die of anger.

Perhaps their master would even beat them until their skin and flesh were torn apart.

“Fifth... Fifth Miss, what should we do now?”

Shi Changlin could not help but whisper.

Zhuge Ziqiong rubbed her temples and had a headache.

At this moment, another black stream of light flew over from afar and quickly arrived in front of everyone.

“I’ve finally found you guys. Oh my god, I’m so tired from the journey.”

Buttface stuck out its tongue, its body trembling.

Along the way, it ran with all its strength and did not stop for a moment. It ran until it was almost crippled.

“Buttface, you’ve also ascended to God Realm.”

The Fire Phoenix and the other divine beasts went forward to greet it. Buttface panted and exhaled.

“Now... is not the time... to talk about this. Huhu...”

It calmed its blood and continued, “Let me tell you. The sect master is not dead. He’s alive and well now. Don’t go against the Buddhist Sect again. Hurry up and return to cultivate with me.”

Everyone was somewhat silent.

“What’s wrong? Why aren’t you saying anything?”

Jun Changming pointed at the sky.

“You’re too late. We killed another group of Buddhist Sect disciples and elders. We even killed a few God Emperor Realm experts.”

As soon as he finished speaking, another Buddhist Sect disciple’s corpse fell beside Buttface.

The few divine beasts quickly went forward and directly tore it into pieces and swallowed it alive.

Buttface :” ...”

“No, I say, why are you guys so quick to take action? Are God Emperor Realm experts as abundant as cabbages? Why did you guys kill them just like that? Don’t you guys have to show some respect to the Buddhist Sect?”

“I don’t think this is the time to talk about this. Let’s think of a way to escape.”

“Zhuge Ziqiong said with a solemn expression, Master said that we should either not provoke others or eliminate them completely without mercy.”

“Kill all these Buddhist disciples. Don’t leave a single one behind.”

Ling Xinyue’s face could not help but twitch fiercely.

She was once the sect master of the Demon Sect in the lower realm and could be considered to be someone who killed without batting an eye.

However, to be honest, she was really inferior to her father’s disciples.

If she was compared to his father again, she would probably be even more inferior.

In that case, didn’t it mean that her father was very shameless?

Wait... why was she treating the other party as her father again?

Ahhh...

Ling Xinyue felt that her little head was about to collapse. Her brain was not listening to her at all.

It was all this damn Lu Xiaoran’s fault. He had turned her into a mess.

...

In the distant valley, Lu Xiaoran, who was cultivating, suddenly sneezed.

“Ahchoo!”

He rubbed his nose and could not help but frown.

“Damn, who’s cursing me behind my back? I hope her father gets killed by a car when he goes out! I hope that he won’t be able to find a wife for the rest of his life! His cultivation will go berserk! It’s best if he can’t even pee properly.”

As soon as he finished speaking, he suddenly felt the divine power in his body become somewhat restless, immediately scaring him.

“Damn, I was too busy cursing and got distracted from cultivating.”

He hurriedly remedied the situation and guided his divine power back to its normal circulation path.

“How strange. A smart genius like me has never experienced qi deviation. Even if I cultivate with my eyes closed, I can still cultivate without missing a beat. What’s going on today?”

...

Above Puhua Temple, after hearing Zhuge Ziqiong’s words, everyone immediately began to move.

“Fifth Miss is right. Kill!”

“Kill all these Buddhist disciples.”

Everyone rushed forward and cooperated with Jun Bujian and the others to crazily kill the Buddhist Sect disciples.

For a moment, the disciples of the Buddhist Sect fell like dumplings.

“Junior Brother Jiang, quickly set up the array formation and the Soul Convergence Formation. Collect all their souls. Don’t let their souls escape! We want to avoid being discovered by the Buddhist Sect.”

Jun Bujian roared at Jiang Taixuan and Jiang Taixuan went down to set up the Soul Convergence Formation.

In the sky, the sixth level God Emperor Realm expert senior monk had also been almost crippled by Fang Tianyuan.

One of his arms was gone, and only half of his other arm was left. Both his legs were broken, and one of his eyes had exploded. Even his front teeth were gone.

He spat out a mouthful of blood and panted heavily. He swept his gaze below and felt sad.

The Buddhist Sect disciples had already been slaughtered. There was nothing left at all. Now, he was the only one holding on bitterly.

Moreover, he could not last for more than a few breaths.

“If not for the fact that the senior monks of the Bodhi Temple did not come out, would I, the dignified Buddhist Sect, have been humiliated by you demons? Today, I admit defeat, but don’t think that I’ll let this go. I’ll use my divine soul, my cultivation, and everything to brand the Buddhist Sect’s killing mark on you.”

“With this Buddhist Sect killing mark, as long as there are Buddhist Sect disciples around, they will pursue you desperately. The Buddhist Sect is a huge faction in the Divine World. I want to see how many Buddhist Sect disciples you can withstand!

Hahahaha... I’ll be waiting for you in hell! ”

At this moment, he was already in despair.

His obsession had already made him fall into the Demon Dao.

He did not care because the Buddhist Sect’s pursuit of the mark would cause countless Buddhist Sect disciples to die.

He was already completely disappointed in the Bodhi Temple and the Buddha. He was filled with extreme anger and resentment for Fang Tianyuan and the others.

At this moment, he did not care about the Buddhist Sect or Fang Tianyuan and the others.

He wanted the Buddhist Sect, Fang Tianyuan, and the others to fall into a life and death battle.

He knew that he would not be able to live, so he wanted the people from the Buddhist Sect and the Nameless Sect to die with him!

Fang Tianyuan frowned and sensed a bad feeling in his heart. He immediately leaned forward and used the Void Hammer and the Mountain God Pillar. He attacked at the same time and attacked the God Emperor Realm expert senior monk.

To his surprise, the other party did not dodge and only let him attack, shattering his body into a golden blood mist.

However, the moment the golden blood mist formed, countless golden swastika marks shot out from the blood mist and entered everyone's bodies crazily like fairies scattering flowers.

"What's this?"

Everyone's expressions changed. They vaguely felt as if there was an extra eye on their bodies. They did not have any privacy at all.

Fang Tianyuan fell with a solemn expression and said to everyone, "We've been tricked. That Buddhist Elder gave us the Buddhist Sect's killing mark when he was about to die. According to him, this killing mark will make the surrounding Buddhist Sect disciples attack us. We have to go back and find Master and see if he can remove this mark."

"No way? Is this thing that magical?"

Jun Bujian was somewhat suspicious.

Long Kuang explained, "It's true. He's not lying. The Buddhist Sect has a killing mark. Once it's unleashed, the surrounding Buddhist Sect disciples will come and kill us as long as they sense it, regardless of their cultivation or strength."

As soon as he finished speaking, everyone had already sensed many Buddhist forces gathering over.

"Damn! Is it that abnormal?"

Jun Bujian was shocked, and Fang Tianyuan continued, "Time is tight. Let's hurry back and find Master before any experts from the Buddhist Sect arrive. Otherwise, it will be too late."

"Let's go!"

Everyone immediately fled from Puhua Temple.

Long Kuang took away dozens of cages with imprisoned demons.

With so many demons, it might be useful.

Not long after everyone left, golden lights flew over quickly at this moment.

Seeing the scene of Puhua Temple, the disciples of the Buddhist Sect were all shocked.

"How tragic! The entire Puhua Temple has actually been leveled. Aren't these demons too vicious?!"

“They can’t escape. That senior of the Buddhist Sect left a Buddhist Sect killing mark on them. Chase after them and don’t let them off.”

### **Chapter 374: Hidden Curtain**

??

Divine World, the Bodhi Temple holy land.

The High Buddha sitting cross-legged slowly opened his eyes.

Sensing that the auras of the fifteen God Monarch Realm experts in the array formation had already been adjusted to the most appropriate state, the corner of his mouth could not help but curl up.

Next, they could prepare for the Demon Exorcism Meeting. Once the Demon Exorcism Meeting was completed, these fifteen God Monarch Realm experts would obtain the enhancement of merit from the Spirit Mountain. Naturally, they could easily break through the immortal tribulation and become immortal-like existences.

At that time, they could ascend to the Spirit Mountain of the Immortal World and become a member of the billions of people at the bottom of the Spirit Mountain. They could recite scriptures and recite Buddhist scriptures every day to provide mental strength for the entire Spirit Mountain.

At that time, he would naturally be able to rely on his contributions to advance another level.

The Spirit Mountain had a strict hierarchy. Those at the bottom could only absorb and covert the power of faith from the various worlds for their use. However, most of the power of faith they absorbed still needed to be used to nourish those in the upper levels. Perhaps they would not even be able to obtain a tenth of it.

However, even so, they still had to cultivate diligently. This was because only by cultivating diligently and obtaining more power of faith could they walk further on the path of Buddhism.

Only by becoming a higher-level existence could they keep more power of faith for themselves.

This was also the reason why the High Buddha had chosen to work in this small world. He wanted to increase his status enough to advance another level and then increase his status again.

However, at this moment, he seemed to have sensed something and narrowed his eyes slightly.

In the next moment, his eyes moved slightly and he teleported out.

When he reappeared, he had already arrived at a small cliff outside the Bodhi Temple.

Here, a green-robed Daoist had appeared at some point. He was enveloped in a white mist and his appearance could not be seen clearly.

However, from the aura on his body, the High Buddha could easily determine his background and identity.

“What a rare guest. I didn’t expect there to be another immortal in this small world.”

The other party also smiled.

“Because of my mission, I’ve been hiding in this small world for a long time and haven’t appeared to pay my respects to you, High Buddha. Please forgive me.”

The High Buddha said with an indifferent expression, “There’s no need to be so polite. The title of High Buddha is given to me by these ants and mortals. As an immortal, there’s no need for you to join in the fun. It’s better for you to directly state your intentions.”

“Great. In that case, I’ll be direct.

“The 15 God Monarch Realm experts had probably already begun to prepare for the Demon Exorcism Meeting. After the Demon Exorcism Meeting, if nothing unexpected happened, these 15 God Monarch Realm experts would basically be guaranteed entry to the Spirit Mountain.

“After you complete the mission, your status on the Spirit Mountain should increase by one level. However, the Spirit Mountain has 81 levels. Even if you do advance from level 81 to level 80, how promising will this advancement be?”

The High Buddha narrowed his eyes slightly and glanced at the other party warily.

“What? Could it be that you want to poach people from the Spirit Mountain?”

“How would I dare to poach people from the Spirit Mountain? I just want to cooperate with the High Buddha. The High Buddha should know that the Buddhist Sect believes in the strong preying on the weak. If we can increase the strength of the High Buddha, even without these fifteen God Monarch Realm experts, it should be enough to increase the High Buddha’s level by several levels, right?”

“You’re right. However, fifteen God Monarch Realm experts is not a small number. Are you sure you can handle them?”

“You don’t have to worry about that. You just have to tell me if you want to make this deal.”

The High Buddha smiled.

“There’s no need. The people of the Buddhist Sect are particular about having a clear mind and few desires. I think it’s better for me to complete my Demon Exorcism Meeting well and then bring my disciples to the Spirit Mountain to safely complete my mission.”

“Alright, I originally came with sincerity and prepared a total of two Postnatal Qi. I didn’t expect the High Buddha would actually not be tempted. In that case, I can only give up. I wish the High Buddha good luck in holding the Demon Exorcism Meeting. I’ll take my leave first. We’ll meet again if fate allows.”

“Wait, what... did you just say?”

The High Buddha suddenly stopped the other party. The other party only smiled, as if he had long predicted the other party’s response.

“You heard me.”

The air was silent for a long time before the High Buddha continued,

“Who are you? You’re not from the Heavenly Court. The people of the Heavenly Court won’t beg my Spirit Mountain for help. However, you’re also an immortal. Are you from the Netherworld or an itinerant cultivator from the Immortal World? Are you from the Primordial Chaos Race? Or... are you from that place?”

“High Buddha, you don’t have to worry about where I’m from. High Buddha only needs to know that only you and I are the only ones who know about this deal. Other than us, no third person will know.”

“The High Buddha only needs to give up these fifteen peak God Monarch Realm experts to obtain the two Postnatal Qi. After our matter is completed, we will also give the High Buddha two more wisps of Postnatal Qi.

These four wisps Postnatal Qi should be enough to increase the High Buddha’s cultivation from the Human Immortal Realm to the Heaven Immortal Realm. On the Spirit Mountain, it should be enough for you to enter level 75. Wouldn’t that be much more cost-effective than helping these fifteen God Monarch Realm experts transcend the tribulation and complete the mission?

“Moreover, some of these fifteen God Monarch Realm experts might even have a chance of returning. If so, the High Buddha can still hold the Demon Exorcism Meeting. It’s equivalent to an additional profit for the High Buddha. Isn’t this good?”

The High Buddha’s eyes began to roll. The other party’s conditions were indeed very tempting. If he obtained four wisps of Postnatal Qi, his cultivation would indeed increase greatly. Not to mention reaching the Heaven Immortal Realm, he might even directly break through to the peak Heaven Immortal Realm.

However, since the other party wanted fifteen God Monarch Realm experts, it seemed that the person he was dealing with was not an ordinary person.

In this world, immortals were unable to attack. Otherwise, they would definitely be suppressed by the Heaven Dao laws.

Even an immortal’s body would be turned to ashes under the Heaven Dao laws.

No one could resist the Heaven Dao laws. Even Saints were only pawns under the Heaven Dao.

In other words, in this world, a God Monarch Realm expert was already the strongest existence.

This was because God Monarch Realm experts were not bound by the Heaven Dao laws and could fight at will.

Since the other party was able to spend so much, it meant that the other party had probably also gathered some God Monarch Realm experts from other places.

With so many God Monarch Realm experts, the other party could already sweep through this small world.

In this Divine World, there did not seem to be any existences powerful enough to mobilize several God Monarch Realm experts, right?

Wait, could it be... that guy?

The High Buddha's pupils suddenly constricted, and he immediately whispered, "Fellow Daoist, could it be that you want to deal with that hot shot?"

"That's right. The High Buddha is indeed powerful. You guessed it immediately."

The High Buddha's expression instantly turned cold.

"If it were anything else, it would be fine. However, if it's a hot shot, then forget it. I don't want to deal with some hot shot. Those people are dangerous and I might die if I encounter them."

"High Buddha, don't worry. You would only be lending me the fifteen God Monarch Realm experts. You won't be personally participating in the battle and you won't have any interactions with the hot shots. However, you will still be able to obtain four Postnatal Qi. Isn't the reward generous enough? Of course, High Buddha, you don't have to be in a hurry to make a decision. You can go back and think about it first."

"High Buddha, take these two Postnatal auras first. Consider them a deposit. If the High Buddha is unwilling, you can return them to me."

As soon as he finished speaking, he threw out two Postnatal Qi that landed precisely in the High Buddha's palm.

Then, he cupped his hands slightly and left with a faint smile, disappearing from the world, leaving behind the High Buddha with an extremely solemn expression.

He was so generous and even wanted to deal with the hot shots. Who was this person?

However, when he looked at the two Postnatal Qi in the porcelain bottle in his hand, he could not help but reveal a covetous expression.

...

After the cloud disappeared, the figure quickly appeared 5,000 kilometers away.

Waiting for him was a woman with a good figure and face.

Although it was only a woman and her aura had already been restrained, the aura she revealed still emitted traces of God Monarch Realm aura.

She was actually a God Monarch Realm expert!

"Master, did that old bald monk not agree?"

"Of course. With such a huge risk, he naturally needs to consider it."

"Hmph! A cowardly bald monk. A good opportunity is in front of him, but he doesn't know how to cherish it. He even has to be cautious."

"This is very normal. He's only a stepping stone on the Spirit Mountain, so his standards naturally won't be high. However, it doesn't matter. It's also because his standards are not high that we have a higher chance of capturing him.

“Moreover, as long as he is related to us, it is equivalent to him being on our ship. He won’t be able to escape even if he wanted to.

“As long as we can kill Lu Xiaoran, help Master, and complete the new God Slaying Empire, we will also get rid of our identity as ants and stand proudly in the nine heavens, looking down on the ants of the world.”

...

In the valley, Lu Xiaoran was originally cultivating when a vast and powerful aura suddenly sounded from his body.

Wang Cai had come out of seclusion and advanced successfully!

“Master, Master, I advanced successfully. Did you miss me?”

Lu Xiaoran was overjoyed.

“Of course. I missed you to death. Quick, get me the information of my disciples. I have to quickly see how my precious disciples are doing.”

Wang Cai :”...”

“Master, is this really appropriate? It feels as if you asked me to lift my skirt and then you told me that you were looking for your son.”

Lu Xiaoran: “???”

“Why would I lift your skirt when I’m looking for my son? You’re only a dog. Do you still want to be my child’s mother?”

“Can’t Master be more open-minded? This is a mysterious world. It’s not impossible for humans and dogs to do it.”

“Other people might be able to, but not me. Back then, I directly vomited after taking a look. I’m not that abnormal.”

Wang Cai :”...”

“Then why do many men still like their girlfriends to have beast ears and small tails?”

“Have you heard of Lord Ye? Lord Ye likes dragons, but he doesn’t like true dragons. Men can accept people who act like dogs, but not real dogs! Please respect us men. Thank you.”

### **Chapter 375: Lu Xiaoran’s Identity**

“Master, you don’t understand how good I am. I know how to massage my back, feet, and feet. I even know how to massage them properly. I’m very good at sucking and massaging. You can’t even imagine my moves. Moreover, I also know how to create avatars. I can double your happiness!”

“Stop talking nonsense with me. Hurry up and show me the news of my precious disciples. Don’t delay things.”

“Alright, Master, if you need anything, feel free to call me. I will be waiting for you.”

Lu Xiaoran raised his eyebrows slightly. This Wang Cai was very gangster-like and coveted his body every day.

Could it be that this guy had transmigrated like Nalan Hongyu? Could it have come from the mortal world in his previous life?

Or could it be that the other party wanted to nurture him into a big shot and then become his female dog?

The Zheng Tai Cultivation Plan?

Could it be that Wang Cai wanted to make him the perfect husband?

Damn, if that was the case, he had to be careful of Wang Cai.

He would cultivate well first and then get rid of Wang Cai after using it to increase his cultivation and become a Saint.

Wang Cai quickly generated information about the disciples for Lu Xiaoran.

This made Lu Xiaoran click his tongue.

Jun Bujian was actually already at the second level of the Thousand Domain Battle God Realm and Jiang Taixuan was at the third level of the Thousand Domain Battle God Realm. Su Lingwu was even more exaggerated. He had already reached the first level of the God King Realm.

Zhugue Ziqiong’s information was also revealed. God Production Realm...

It looked like her luck was very bad. After coming into the Divine World, she had been imprisoned by the Buddhist Sect and had not been able to cultivate.

However, when Lu Xiaoran saw Fang Tianyuan’s cultivation, he could not help but curse on the spot.

“Damn!”

Fang Tianyuan had actually cultivated to the fifth level of the God King Realm!

How did this brat cultivate?

Did he eat fertilizer or urea?

Wasn’t this speed of improvement a little too terrifying?

No wonder his cultivation increased so quickly. It turned out that these disciples were all very powerful. They were even more powerful than Song Xinian and Li Changsheng.

Lu Xiaoran swept his gaze over the two of them. They had only reached the first level of the God King Realm.

However, because the two of them had encountered him, they had a head start. The others had not come to eat the immortal pills yet but the speed of their improvement was not inferior to these two. From this, it could be seen that these two of them had definitely been lazy.

Lu Xiaoran immediately transmitted an order to his avatar to slap the two of them fiercely.

Damn, they were enjoying so many resources and cultivating so slowly. Lu Xiaoran would feel uncomfortable if he did not beat them up.

Soon, a heart-wrenching scream sounded from the valley.

Lu Xiaoran continued to read the information of the disciples.

Now, only Lige and Wuxia had yet to appear. He wondered how the two of them were doing.

This was especially true for Lige. This child's talent was so poor, but he still caused trouble everywhere. It was unknown if he had been killed.

Lu Xiaoran's divine sense swept over the Body Modeling Mark. Fortunately, Lige was still alive and the blood essence revival process had not been activated.

He opened the activity information again and the screen was filled with news about the disciples.

"Your disciple Jiang Taixuan was attacked by a Buddhist Elder."

...

"Your disciple Jun Bujian was attacked by a Buddhist monk."

...

"Your disciple Su Lingwu was attacked by a Buddhist Elder."

...

"Your disciple Fang Tianyuan was attacked by a Buddhist God Emperor Realm expert."

...

Lu Xiaoran : "..."

Finally, the screen did not show any more news of Lige being attacked. In the end, the other disciples were all fighting.

This made Lu Xiaoran extremely furious.

Originally, everyone was cultivating ignobly. In the end, they all came out all of a sudden. It was all because of Li Changsheng and Song Xinian, these two brats, who did not listen to his summoning and thought themselves clever. In order to blast everyone out, they had announced the news that Lu Xiaoran had been killed.

Now, everyone was fighting the Buddhist Sect. Moreover, the Buddhist Sect seemed to be the strongest sect in the Divine World.

Now, they would really fight to the death.

"Wang Cai, quickly use a powerful soul attraction to attract them."

“No need. They’re rushing over.”

“Oh ~”

Lu Xiaoran’s eyes lit up. He had already vaguely guessed that Buttface had probably found everyone. Good job. In this way, they could all return to his side.

As long as they arrived, he would bring them away and find a quiet place to cultivate.

He estimated that if his disciples advanced another wave, he might be able to advance to the God Monarch Realm in a year or two.

After his cultivation increased to the God Monarch Realm, wouldn’t he be able to do whatever he wanted?

Of course, he would not show off in a high profile. He only wanted to feel at ease with his cultivation.

It was just like how one could choose not to use certain parts, but they still had to be long, hard, and durable!

In this way, one can be confident when conversing with others.

He hoped that the disciples would return quickly and not provoke any more trouble.

“By the way, Wang Cai, did you remember anything this time?”

Lu Xiaoran had almost forgotten the important matter.

The most important thing was his identity. Why would the hot shots capture him?

Why did the heavens want to establish a hot shot?

“I remember a portion of it. I’m a power of the Great Dao among the Jade Creation Butterflies. There are 50 Daos in Heaven Dao, and I’m one of them. Because I didn’t want to get involved with that bastard Hongjun, I escaped from the Jade Creation Butterfly. The hot shots were set up to capture Master.”

“Then... is my identity... the reincarnation of Pangu?”

Lu Xiaoran tried to voice his doubts.

This was because he had begun to wonder this a long time ago.

Other than Pangu, he really could not imagine what other identities he had.

Moreover, other than Pangu, there seemed to be no need for the Heaven Dao to set up hot shots to capture him.

However, in the next second, Wang Cai shook its head.

“This... I’m not sure. This is because Master’s body and blood essence are indeed formed from Pangu’s blood essence and bones. The reason why I was attracted to Master was because Master had Pangu’s aura. As for the Jade Creation Butterfly, it was originally Pangu’s Connate cardinal treasure. Later, it was snatched away by that bastard Hongjun.

“Therefore, I have a natural affinity for Master.

“Even the Heaven Dao had arranged for Hongjun to set up the hot shots to capture Master to prevent Master from absorbing too much of Pangu’s blood essence and bringing Pangu back.

“However...

However... as Master became stronger and stronger, I discovered that something seemed to be wrong. There seems to be another... existence stronger than Pangu in Master’s aura! ”

Lu Xiaoran was somewhat shocked.

Actually, he had a secret that only he knew. Even Wang Cai did not know.

That was, he was also a transmigrator.

In other words, his body was actually forged from Pangu’s blood essence and bones, but his soul was not.

Coupled with his previous conversation with Elder Tianji, he could roughly deduce a portion of his identity.

Firstly, it was very likely that he had been brought to the lower realm by Jie School to reincarnate.

This was because the current information indicated that Elder Tianji was very likely a disciple of Jie School.

Be it the things Elder Tianji had said about the sect or the ancient painting on Elder Tianji’s wall, they both made Lu Xiaoran think this way.

According to the legends, Lu Xiaoran knew the Jie School very well.

It was very likely that Jie School wanted to use him to turn the tables.

However, the Jie School wanted to use him to turn the tables and think that he was the chosen one. However, in fact, it was very likely that he was an existence that surpassed Jie School’s imagination.

This was also the second point. His true identity was very likely the reincarnation of Pangu.

However, he was only a reincarnation of Pangu’s body because the original owner’s soul had already been shattered by him.

It was very likely that Pangu was using him to revive.

Therefore, this was also why the Heaven Dao had set up the hot shots to kill him to prevent Pangu from reviving.

Um... why did he feel like he was a puppet that everyone wanted to take advantage of?

The third and most important point was...

His soul did not belong to Pangu, but an existence that had shattered Pangu’s soul.

In other words, his soul body could also be said to be his consciousness body, an existence that surpassed Pangu. Otherwise, it would be impossible for him to shatter Pangu's soul and occupy Pangu's reincarnation body!

After all, a big shot like Pangu should be considered the strongest existence in this universe, right?

If he was stronger than Pangu... then how powerful was he?

"Wang Cai, is there an existence stronger than Pangu in this world?"

"Of course. The reason why Pangu wants to create the world is naturally because he has already cultivated to the limit. He has to break through this universe dimension in order to cultivate further. It's not only him, but also Patriarch Hongjun and the Heaven Dao. The two of them have yet to reach the peak of Pangu's cultivation, so they chose to fuse into one. Naturally, it's also to break through to the Zenith Heaven and then cultivate to a higher level in the Great Void.

"The universe had no limit, neither did cultivation.

"However, the cultivation of the current world had levels.

"It was just like how his master had to come to the Divine World to cultivate to the next step.

"It makes sense that after cultivating to the Immortal Realm, one has to go to the Immortal World."

Lu Xiaoran rubbed his temples.

Damn, he originally thought that he could rest assured after increasing his cultivation and becoming a Saint. Now, it seemed that it was still not enough.

After all, even an existence like Patriarch Hongjun still had to continue cultivating.

Could it really be true?

Was there no end to cultivation?

Was he going to have to cultivate no matter where he went?

However, other than having a headache, Lu Xiaoran also understood that he did not have the time to think too much.

This was because he had a few problems.

One of them was the Buddhist Sect of the Divine World.

Secondly, according to Elder Tianji, that mysterious person did not belong to the Heavenly Court, but the other party coveted him very much.

The third was the dispute between the Immortal World, the Spirit Mountain, the Heavenly Court, Jie School, and the Saints.

The fourth problem was Patriarch Hongjun and the Heaven Dao.

The fifth problem was also the most important.

That was, perhaps even Pangu wanted to take advantage of Lu Xiaoran to revive himself.

Lastly, he still did not know who he was.

He was an existence even stronger than Pangu. However, could there be an enemy stronger than Pangu?

Hmm... Thinking of this, Lu Xiaoran suddenly felt hopeless.

### **Chapter 376: But Most of the People Here Are Not Human**

He still had to hide!

Lu Xiaoran was certain that as soon as his disciples returned, he would hide and develop to the Immortal Realm.

“Since the disciples have already begun to rush over, it shouldn’t take long. Hehe... I’ll wait here.”

...

In a corner of the Divine World.

An old man who was struggling at death’s door held the hand of a young man and lectured while panting.

“Han Zhen, I’m afraid I can’t make it.”

“This time, when we were summoned by the Buddhist Sect, we originally wanted to take the opportunity to take advantage of them and also get in their good books.

However, I didn’t expect the other party to be so powerful. He directly destroyed our sect, leaving only you and me.”

Han Zhen said helplessly, “Sect Master, you’re already injured like this. Stop talking. You’ll die slower this way.”

“No, if I don’t tell you now, I’m afraid I won’t be able to tell you in the future.”

After a pause, he continued, “Han Zhen, I can’t. After I die, you’ll be the only one left in our sect.”

“You didn’t die when the sect suffered this time. This means that you’re a person with great luck!

“I’ll pass the sect to you now.”

Han Zhen was speechless. He did not survive because he was lucky. He simply knew that the Buddhist Sect wanted to deal with Lu Xiaoran’s disciples, so when the entire mountain gate went out to participate in the encirclement, he had been hiding in the toilet.

After everyone finished fighting, he went to the battlefield to pick up the spoils. In the end, he did not expect to coincidentally encounter the sect master who was beaten half to death.

Then, the sect master mistakenly thought that he was lucky to survive such an intense battlefield.

This was purely a misunderstanding.

“Sect Master, I’m afraid I can’t. Why don’t you find someone else? I’m not cut out to be the sect master!”

“You can do it. You have to believe in yourself. Back then, I also felt that I couldn’t. There were so many people in the entire sect. I was ugly and short. However, in the end, the previous sect master’s wife still took a fancy to me immediately and made me the new sect master. Now, I think you have a very good future.

“Madam, I can’t stay with you forever. See you in the next life!”

As soon as he finished speaking, the sect master also died completely.

Han Zhen :”...”

He finally understood why the sect master’s wife was so ugly but the sect master still loved her to death.

It turned out that she was the wife left behind by the previous sect master and had even supported him to the position of sect master.

At this moment, a rough voice suddenly sounded in his ear.

“Husband! Wuwuwu... why did you leave alone! How am I supposed to live if you leave me alone? I’m all alone. What if I get bullied?”

Han Zhen looked at her burly figure and his face could not help but twitch fiercely.

The sect master’s wife looked up at Han Zhen and shouted, “Elder Han, from today onwards, you’re the sect master. Now, there’s only the two of us left in the sect. I know that I’m beautiful, but you can’t have any improper thoughts about me. Otherwise, I...”

Before she could finish speaking, Han Zhen had already slashed out and sent her to see the sect master.

“Ugh!”

Han Zhen vomited in disgust. Then, he rinsed his mouth and turned to leave.

He would not stay in this lousy sect. Since everyone was dead, why should he stay? Did they really think he wanted to be the sect master? What a joke! Only a fool would return to be the sect master.

What was so good about being the sect master of a lousy mountain gate?

However, before he could step out of the hall, several voices sounded in his mind.

Ding! Sensing that you have already become the sect master, the strongest sect auxiliary system has been activated. Requesting binding.

Ding! Sensing that you’re somewhat depressed, your sect’s Golden Luck Dragon has begun to grow automatically. It will greatly increase the sect’s luck.

Ding! Sensing that you’re somewhat uneasy, your sect’s mountain gate has begun to automatically build a profound-level sect-protecting formation.

Ding! Sensing that you want to leave, your sect's Scripture Depository has contributed 100 divine techniques. '

Ding! Sensing that you're already prepared to escape, your sect's treasure vault automatically produced a number of top-grade divine crystals, top-grade divine weapons, and ten top-grade divine artifacts.

Ding! If the binding is successful, you can control everything in this sect. Do you want to bind it? '

Han Zhen was stunned. Again?

He had encountered more than one system. Previously, in the lower realm, someone had wanted to give him a system fruit, but he had thrown it away. Later, after arriving at the Divine World, another system had come to find him but was shattered by him.

Now, there was yet another system?

Did they really think he was stupid?

"It's fine if you want me to bind you, but I have to say this first. I won't go against Lu Xiaoran. It's impossible for me to beat Lu Xiaoran up. As long as you don't ask me to beat Lu Xiaoran up or go against Lu Xiaoran's disciples, relatives, and friends, I'll agree to the binding."

Ding! Detected that the host is shameless and wants to eat for free. The system has already retreated. Moreover, it raised its middle finger and spat at you. Goodbye! '

The voice disappeared. Han Zhen snorted and could not be bothered.

What kind of bullshit system was this? It only wanted to trick him into beating Lu Xiaoran up.

After all, Lu Xiaoran was not someone to be trifled with.

Look at how awesome Lu Xiaoran was now.

His disciples had already begun to fight the Buddhist sects of the Divine World. How could he fight such an awesome existence?

He could not even defeat Lu Xiaoran's disciples now!

Of course he wasn't going to fight Lu Xiaoran!

"It can't be helped. This sect has already been destroyed. Looks like I have to find another sect to hide in. What sect should I find this time?"

"I heard that there's a sect nearby called the Misty Sect? Why don't I go and test the waters?"

...

On Fang Tianyuan's side, almost all the disciples of the Nameless Sect were flying towards the valley at high speed.

Fang Tianyuan's cultivation was very abnormal and had already reached the fifth level of the God King Realm. His movement speed was naturally very fast, but the cultivation of the others was far from this level.

In order to prevent the others from being ambushed, he could only follow the main group.

No matter how much he wanted to immediately find his master, it was impossible.

Because of the Buddhist Sect's killing mark on his body, Buddhist experts also kept chasing after him along the way.

"Everyone, be careful. More Buddhist disciples are coming."

"Set up the formation! Set up the formation!"

As Jun Bujian and Jiang Taixuan spoke, the disciples they led immediately set up defensive array formations.

It was not that they were not qualified to fight, but their cultivation was really too weak. If they rashly went forward, it would only delay the battle.

Therefore, Fang Tianyuan had been in charge of all the battles along the way. If they encountered any Buddhist disciples, he would directly kill them.

At this moment, a few Buddhist disciples had just appeared in front of him. Fang Tianyuan held the Mountain God Pillar and rushed forward.

With a wave of his rod, divine power condensed, making the Mountain God Pillar begin to emit a golden light.

This was because the divine power was too powerful, making it overflow from the divine artifact.

Before the Mountain God Pillar arrived beside them, the divine power that seeped out directly exploded the few Buddhist Sect disciples into a bloody mist.

Fang Tianyuan frowned slightly and vaguely felt that something was wrong.

Just as he felt that something was wrong, a golden light suddenly fell from the sky in the next second, enveloping Jun Bujian and the others before he could even react.

"Not good!"

Fang Tianyuan's expression changed and he immediately returned to help.

However, just as he turned around, several auras attacked him directly from the void.

God Emperor Realm!

Fang Tianyuan's pupils constricted as he used the Indestructible Golden Body with all his strength.

In the next second, a total of seventeen attacks smashed fiercely onto his body.

Boom! Boom! Boom!

Explosions constantly sounded. Even through the Indestructible Golden Body and the divine artifact, it still made Fang Tianyuan's organs surge.

After all, this was an attack from 17 God Emperor Realm experts!

"Amitabha! We've been waiting here for a long time."

"You all have killed many of our Buddhist Sect's disciples. And yet you still want to escape?"

As the dust dissipated, Fang Tianyuan's body appeared in front of everyone.

He was not injured much. The golden giant was still intact.

However, his expression was somewhat solemn.

Among the 17 God Emperor Realm experts, 8 were at the fourth level of the God Emperor Realm, 6 were at the fifth level of the God Emperor Realm, two were at the sixth level, and one was at the seventh level.

The lineup was extremely powerful.

If they had not come at once, Fang Tianyuan would not have cared too much.

However, when they came together, Fang Tianyuan found it really difficult to beat all of them.

He swept his divine sense behind him and said coldly, "Junior Brother Jun, are you guys alright?"

Jun Bujian shouted, "Not bad. This is a purple gold alms bowl. It's a top-grade divine artifact and is very hard. We can't shatter it from inside, but it won't be a big deal for a while. On the other hand, Senior Brother, you have to be careful!"

One of the Buddhist God Emperor Realm experts smiled and said, "Careful? I'm afraid you won't be able to, right? Facing seventeen God Emperor Realm experts, even if your cultivation and cultivation technique are extremely powerful, it's impossible for you to be our match."

He was right. The effect of seventeen God Emperor Realm experts working together was not one plus one.

The more people there were, the greater the effect.

It could be said that with the combined strength of 17 God Emperor Realm experts, even Fang Tianyuan, who could fight those at a higher level, had to be careful.

However, Fang Tianyuan's expression still did not change.

It was not that he was confident in defeating them.

However, his junior sisters and junior brothers, as well as the disciples of the Nameless Sect, had all been captured.

Now, he was the only one who could save everyone.

He had nowhere to retreat!

He would either win this battle or die!

Without wasting his breath, Fang Tianyuan activated the Battle God Art and the Indestructible Golden Body. After the two divine techniques strengthened his body limitlessly, Fang Tianyuan took a step and transformed into a stream of light that spread out for ten thousand meters and arrived in front of two fourth level God Emperor Realm Buddhist elders.

He wanted to break through them one by one to reduce the enemy's advantage.

Unfortunately, although his idea was good, the other party was not stupid.

Almost the moment he attacked, the other dozen or so Buddhist God Emperor Realm experts attacked at the same time.

Fifteen Buddhist divine techniques suddenly landed on his body, immediately making him feel exhausted. His body directly lost control and was blasted 100,000 meters away, collapsing a ten thousand meters tall mountain.

Boom! A violent explosion suddenly sounded in the world.

With this attack, Fang Tianyuan had actually already escaped from the other party's encirclement. He could completely use the Great Void Chaos Steps to escape.

However, he did not.

This was because Zhuge Ziqiong and the others were still in the other party's hands.

The other party had planned this trap from the beginning.

First, they would use a few small fries to attract his firepower. Then, they would think of a way to lock onto Zhuge Ziqiong and the others. Only then would the seventeen God Emperor Realm experts attack him to ensure that he would not escape even if he was defeated.

"Everyone says that the Buddhist Sect values mercy. I didn't expect them to be so scheming. How ironic."

"Amitabha, you've committed a lot of sins and have killed many of our Buddhist Sect disciples. There's naturally no need to be righteous when dealing with evil people like you."

"Everyone, don't waste your breath on him. He can fight those at a higher level. It's very dangerous. Everyone, quickly work together and kill him. Otherwise, if anything happens, it will only be more troublesome."

"Yes!"

Everyone replied in unison and attacked at the same time.

The seventeen Buddhist elders used their divine souls at the same time.

There were a total of twelve Bodhi Supremes and five Arhat Supremes.

Their talent was not too impressive, but their strength could not be underestimated.

The battle immediately erupted and directly entered the climax.

Explosions sounded everywhere in the world, and light constantly shot everywhere, dazzling everyone.

“Get lost!”

The suppressed Fang Tianyuan gradually fell into a furious state. The Demon Ape Divine Soul let out low roars, and the chains on its body actually vaguely felt like they were about to shatter!

In the sky, there were a total of eighteen golden lights. Among them, Fang Tianyuan was the strongest!

He had forcefully fought seventeen God Emperor Realm experts as a fifth level God King Realm expert!

It was as if several suns were fighting each other in the sky.

Every time they collided, they would cause an extremely powerful divine power fluctuation, making the wind and clouds flow backward, making the sun and moon change color, and making the mountains and rivers below begin to totter!

In the purple gold alms bowl, Jun Bujian clenched his fists tightly in anger. He circulated the Dragon God Art with all his strength and punched the purple gold alms bowl. Not only did it not make the purple gold alms bowl tremble at all, but it also reflected the strength and shook everyone.

Pfft!

Some disciples or divine beasts with weak cultivation were unable to withstand the might of Jun Bujian’s punch and spat out a mouthful of blood on the spot. The divine power in their bodies began to become chaotic.

Long Kuang immediately shouted, “Seventh Master, you can’t. This Buddhist divine artifact has the strength of 17 Buddhist God Emperor Realm experts. Your attack is unable to penetrate it at all. It will only injure the people inside.”

“Damn it! How could we have been so careless! Because of us, Third Senior Brother is constantly being restrained. Otherwise, even if he can’t beat them, it would still be very easy for him to escape.”

Zhuge Ziqiong used the Azure Thearch Longevity Art to treat everyone as she consoled,

“Don’t panic. There’s always a way out for the righteous.”

Ling Xinyue said faintly, “But more than half of the people here are demons.”

Zhuge Ziqiong :” ...”

She looked at Ling Xinyue speechlessly, and Ling Xinyue said in all seriousness, “What are you looking at me for? You’re also a demon! You’re a zombie.”

“You should shut up. I’m afraid I won’t be able to resist the urge of hitting you.”

### **Chapter 377: The Loud Phoenix Cry**

Ling Xinyue obediently shut her mouth.

Actually, she could not be blamed for this. In the past, she was very powerful in the lower realm and had a very high status. Therefore, she had always been straightforward and did not have to think about pleasing anyone.

At this moment, on the battlefield, Fang Tianyuan's battle was becoming more and more intense.

The other party's seventeen God Emperor Realm experts were really too powerful. Moreover, their combat style was extremely smart.

They attacked with fifth and sixth level God Emperor Realm experts. The seventh level God Emperor Realm experts resisted Fang Tianyuan's attack, and the fourth level God Emperor Realm experts served as support.

All the Buddhist God Emperor Realm experts released their divine souls.

The golden Buddha and golden Bodhisattva phantoms shone on the ground like suns.

In the sky, abnormal phenomena surged, and the wind and clouds gathered. The light was sometimes strong and sometimes weak.

Long Kuang said with a solemn expression, "Although Third Master has the Battle God Art and the Indestructible Golden Body, I'm afraid he won't be able to last long."

"Those eight fourth level God Emperor Realm Buddhist experts are reciting one of the supreme Buddhist scriptures, the Great Brahma Scripture. It also has the same effect as the Battle God Art. However, the speed of its enhancement is even faster. After all, there are an entire eight Buddhist God Emperor Realm experts here. It's definitely stronger than Third Master's Battle God Art alone."

Zhuge Ziqiong clenched her fists slightly, her face revealing a worried expression.

"I hope Third Senior Brother can last."

Ling Xinyue took a look and said silently, "It's best if no more Buddhist experts come. Otherwise, he probably won't be able to last even if he wants to."

Zhuge Ziqiong : "..."

It was not only him. The entire purple-gold alms bowl was silent.

Everyone looked at Ling Xinyue in confusion.

Ling Xinyue: "???"

"Um... did I say something wrong again?"

As soon as she finished speaking, three more figures flew over from afar.

Two were at the fifth level of the God Emperor Realm, and one was at the sixth level of the God Emperor Realm.

Sensing the other party's aura, everyone's faces immediately twitched fiercely.

Was this a joke?

Ling Xinyue was also dumbfounded.

Heavens, she had only said it casually. She didn't expect it to actually happen.

However, no matter what, three God Emperor Realm experts had indeed arrived in reality.

The moment the three of them arrived, they did not say anything and directly joined the battle.

Fang Tianyuan originally only needed to withstand the attacks of eight God Emperor Realm experts. Now, he directly endured the attacks of eleven God Emperor Realm experts.

Moreover, they were at the fifth and sixth level of the God Emperor Realm.

The seventh level God Emperor Realm expert Buddhist Elder also held two divine artifacts, a golden Buddhist staff and a huge golden bell.

Every time Fang Tianyuan attacked, he would quickly step forward and block with his divine artifact.

Fang Tianyuan was unable to injure the other God Emperor Realm experts at all.

Even though he was using the Indestructible Golden Body at this moment, he could only constantly endure the other party's attacks.

Explosions sounded endlessly in the sky. The golden ball of light became bigger and bigger. In the end, it seemed to have reached a limit and directly exploded.

Fang Tianyuan's Indestructible Golden Body suddenly suffered an incomparably violent impact at this moment. His entire body was like a golden mountain that was blasted into the ground.

Immediately after, an overwhelming attack landed on him.

At this moment, even the seventh level God Emperor Realm expert who was blocking his attacks began to join the attack.

A total of twelve God Emperor Realm experts bombarded Fang Tianyuan, not giving him any chance to react.

The entire ground began to tremble incessantly. Because the attacks of the Buddhist Sect elders were too dense, the attack halo even formed twelve uninterrupted straight pillars of light in the sky.

"Third Senior Brother."

Everyone's hearts instantly rose to their throats and they were extremely anxious.

How could Fang Tianyuan withstand such a dense and powerful attack alone?

Zhuge Ziqiong and the others were all in an extremely guilty state.

If they could go and help Fang Tianyuan, even if they were unable to defeat the other party, they could still slightly reduce the pressure on Fang Tianyuan.

At the very least, they did not have to be as ashamed as they were now.

Perhaps because everyone had enough power of faith, at this critical moment, a phoenix cry suddenly sounded in the sky.

Clang!

This phoenix cry resounded throughout the world.

The immortal voice contained in it seemed to have purified everyone's hearts.

"What a pure phoenix immortal voice. Someone's coming."

Someone shouted, and the eyes of Zhuge Ziqiong, Jun Bujian, and the other junior brothers lit up.

Could it be... her?

It would be great if it was really her. Although her cultivation might not be as abnormal as Fang Tianyuan's, at the very least, she could let Fang Tianyuan breathe.

All they needed was for Fang Tianyuan to catch his breath and obtain a chance. That was all.

However, just as everyone was filled with hope, Ling Xinyue suddenly said, "Someone else is coming. Heavens, could it be someone from the Buddhist Sect again? Please go away. Otherwise, won't we be dead for sure?"

As soon as she finished speaking, the phoenix immortal voice suddenly disappeared.

Zhuge Ziqiong : "..."

Jun Bujian : "..."

Jiang Taixuan : "..."

Su Lingwu : "..."

The four of them were immediately speechless as they stared fixedly at Ling Xinyue.

"What are you looking at me for? I didn't ask the people from the Buddhist Sect to come this time! I didn't say anything wrong this time, right?"

Zhuge Ziqiong clenched her small fists tightly and gritted her teeth.

"If you say another word, I guarantee that I'll beat you up until even your father won't recognize you. Do you believe me?"

Ling Xinyue immediately covered her mouth.

Perhaps because she did not waste her breath anymore, her special effect as a jinx was blocked. At this moment, the phoenix immortal voice that had originally disappeared actually sounded again.

Clang!

As this phoenix immortal voice approached, a colorful light quickly attacked from the distant horizon.

At the same time, there was an extremely huge aura.

The eyes of the Buddhist Sect cultivators moved.

“Someone’s here. It’s not someone from our Buddhist Sect.”

“This cultivation level is at the eighth level of the God King Realm. As long as the other party is not like this guy and can fight those at a higher level, it’s fine.”

“Hmph! In this world, not everyone can fight those at a higher level.”

However!

As soon as everyone finished speaking, a phoenix figure with golden glass light instantly flew out from the colorful clouds.

Its speed was shockingly fast.

Even a God Emperor Realm expert of the Buddhist Sect could not easily capture it.

Almost in an instant, it swept past the eight Buddhist elders who were chanting the Great Brahma Scripture.

Before the people from the Buddhist Sect could react, they had already begun to scream.

“Ah! Fire! There’s fire!”

“What fire is this? Why can’t it be extinguished?”

Everyone instantly looked over and saw a Seven-Colored Glazed Flame begin to burn on the bodies of the eight Buddhist God Emperor Realm experts.

The flames were very powerful. Almost in an instant, they enveloped the eight fourth level God Emperor Realm Buddhist Sect experts, making them struggle crazily.

The other twelve God Emperor Realm experts were shocked and immediately stopped attacking Fang Tianyuan. This was because the seven-colored phoenix’s second wave of attack had already arrived.

“Spread out!”

The seventh level God Emperor Realm experts of the Buddhist Sect were the first to shout. Everyone immediately retreated as quickly as possible.

This wave of seven-colored phoenixes only burned one of the fifth level God Emperor Realm Buddhist elders.

“Ahhh...”

At this moment, the eight fourth level God Emperor Realm experts had already been burned into ashes by the seven-colored flames.

The expressions of the Buddhist Sect cultivators changed drastically.

“Which demon is it? Quickly show yourself!”

“You imprisoned my junior brothers and sisters and even want to kill my junior brother. You baldies are the true demons!”

The seven-colored phoenix stopped in the void and gradually disappeared, revealing a beautiful woman in a seven-colored feather robe.

“Second Senior Sister!”

Everyone was overjoyed.

It was indeed Second Senior Sister Ji Wuxia.

With her around, everyone was saved this time.

At this moment, Ji Wuxia’s aura was already very different from before.

If Fang Tianyuan’s change made him five times stronger than before, then Ji Wuxia’s change was ten times stronger.

Not only was Ji Wuxia beautiful, but her body was also astonishing. Even her skin had become translucent.

The most fatal thing was her aura. It was noble and cold, like an empress that could not be profaned at all.

Ji Wuxia swept her gaze over everyone, and a trace of heartache flashed in her cold eyes.

With a flick of his finger, the Phoenix Perching Parasol Mark instantly shot out like a bolt of lightning and collided fiercely with the purple gold alms bowl divine artifact.

Buzz!

With a muffled sound, the purple-gold alms bowl actually began to slowly crack.

When Su Lingwu saw this scene, he immediately summoned the God Slaying Axe and slashed fiercely at the crack, immediately shattering the purple gold alms bowl.

Pfft!

In the crowd, the seventh level God Emperor Realm monk suddenly spat out a mouthful of blood and stared fiercely at Ji Wuxia.

At the same time, the fifth level God Emperor Realm Buddhist expert who was enveloped by the seven-colored flames also turned to ashes.

“What a powerful cultivation! This demoness is too powerful. We’re not her match. Retreat first!”

One of them shouted in a low voice, and the God Emperor Realm monks could not help but grit their teeth.

After spending so much effort to fight to this point, they actually did not kill a single person and even had to retreat!

This was simply suffocating and speechless.

However, everyone knew the situation clearly. If they did not escape, they would only die.

“Let’s go!”

Everyone activated their divine souls with all their strength. With their divine souls and the Buddhist divine technique, everyone could escape 50 kilometers away in an instant.

Unfortunately, just as everyone was about to leave, a golden light suddenly shot out from the ground and fiercely bombarded everyone’s path.

“You want to leave? How can it be that easy? After beating me for so long, it’s time for me to fight back, right?”

The hearts of the senior monks suddenly skipped a beat and were extremely solemn.

It was over. Fang Tianyuan had already recovered.

Just now, the seventeen of them had worked together but were still unable to take advantage of Fang Tianyuan. Later, it took three more of them to suppress Fang Tianyuan.

Now, nine of them had died, leaving eleven God Emperor Realm experts.

Moreover, the other party had Ji Wuxia.

The situation had suddenly changed!

### **Chapter 378: Lige, Lige, What Can You Do to Me?**

Facing the threat of Ji Wuxia and Fang Tianyuan, the senior Buddhist monks swallowed hard and looked at each other.

“Use the Vairocana Formation to defend. I’ll summon the experts of the Bodhi Temple. Otherwise, we’ll all die here today!”

“Yes!”

The seventh level God Emperor Realm expert ordered, and the other monks immediately began to use their cultivation techniques.

Long Kuang shouted, “Second Miss, Third Master, don’t let them successfully use it. Once the Vairocana Formation is unleashed, you won’t be able to break through it unless your cultivation surpasses theirs by an entire realm!”

When Ji Wuxia and Fang Tianyuan heard this, their eyes moved slightly. Without saying a word, they immediately erupted with their full strength.

Behind Fang Tianyuan, the Demon Ape appeared, wrapped in iron chains.

Behind Ji Wuxia, a seven-colored phoenix also appeared.

The moment the two divine souls appeared, the sun and moon dimmed, and the world dimmed. It was as if all the glory had been occupied by this demon ape and the seven-colored phoenix.

The moment the two divine souls appeared, the eleven God Emperor Realm expert experts on the other side also released their divine souls at the same time.

There were a total of eleven Arhats.

The ten God Emperor Realm experts surrounded the seventh level God Emperor Realm experts inside, and they surrounded and firmly protected them from 360 degrees.

In the sky, a hundred thousand feet tall golden Buddha phantom vaguely appeared, holding everyone in its palm.

Boom!

Ji Wuxia and Fang Tianyuan's attacks landed on the other party, but they actually did not cause any damage. In fact, they did not even cause the other party to tremble at all.

"How powerful!"

Ji Wuxia and Fang Tianyuan's pupils constricted, and they vaguely had a bad feeling.

"What's going on with this array formation? It's actually so powerful!"

Long Kuang introduced with a solemn expression, "This array formation is not an ordinary array formation. It's considered a top-notch profound array formation of the Bodhi Temple.

"The most terrifying thing about it is the fact that it is not formed with their strength, but formed with the luck of the Buddhist Sect.

"Obviously, since it relies on the entire Buddhist Sect, it's very powerful. Even if there's only a trace of luck, it's not something the current us can shake. "

"In that case, let's go."

Ji Wuxia's mind went blank.

"The other party is currently summoning Buddhist experts. Since we can't beat them, let's leave this place first. Go and find Master. He definitely has a way to deal with these guys."

"Otherwise, even if we can kill enemies above our level, if the other party finds an expert above the God Emperor Realm, we will be dead for sure. "

Long Kuang smiled bitterly.

"I'm afraid not."

Ji Wuxia frowned slightly.

"What do you mean?"

Long Kuang pointed at the huge golden Buddha phantom.

"Do you see that? It's the core of the Vairocana Formation. That palm is protecting the Buddhist God Emperor Realm experts, and the other palm is specially left for us."

“If we don’t move now, it won’t attack. Once we want to leave, it will stop us.”

Jun Bujian was somewhat puzzled.

“In that case, why doesn’t it attack us now? It’s so powerful. Won’t it directly deal with us with a single palm? Why would it need a big shot of the Buddhist Sect to attack?”

Long Kuang shook his head.

“It doesn’t have that kind of attack power and can’t injure us. It’s only an array formation that combines defensive array formations and trap array formations.

“It uses one hand to defend and the other to stir the power of time and space. They are both meant to stop us from escaping from this world.

“This is where the profundity of the Vairocana Formation lies.

“Otherwise, it would have directly attacked our array formation.

“Actually, I think that it was originally intended to benefit the Spirit Mountain.

“This is because the Spirit Mountain doesn’t want to help these low-level baldies. Or rather, it can’t be bothered to help these baldies who aren’t even immortals. It only gave them a defensive mechanism so that they could summon the Buddhist cultivators of the Divine World to fight.”

“The Buddhist Sect has always been hypocritical. Unless one was at the top, how can they enjoy the benefits of the Buddhist Sect? However, we can’t sit idly by.”

Ji Wuxia gave Fang Tianyuan a look. Fang Tianyuan immediately understood and transformed into a golden light that flew into the distance.

The moment he flew away, the golden Buddha phantom indeed began to move as Long Kuang had said.

Its speed did not seem fast, but in an instant, it arrived on Fang Tianyuan and suppressed his body.

Boom!

An extremely powerful palm instantly suppressed Fang Tianyuan.

Even if he used the Indestructible Golden Body with all his strength and erupted the divine power in his entire body to the limit, he was still unable to break free. At most, he would only be able to resist.

“Break!”

Fang Tianyuan shouted angrily. The golden giant on the surface of his body raised its arms and forcefully raised its palm.

The expressions of the Buddhist Sect elders changed drastically.

This Vairocana Formation was formed from the luck of the Buddhist Sect that they had gathered with the power of the Buddhist Dharma. To put it bluntly, this power had already surpassed the divine power of the Divine World and belonged to the Immortal World!

Even if it did not contain much of the Immortal World's power, it was still not something the cultivators of the Divine World could resist.

Even a Supreme God Realm expert or even a God Monarch Realm expert might be suppressed and be unable to escape for a short period of time. However, Fang Tianyuan was actually able to resist this Buddha Palm!

However, his strength could only reach the fifth level of the God Emperor Realm at most!

How did he raise this Buddha Palm?

"It's his divine soul! It's his divine soul!"

One of the Buddhist Sect elders discovered something.

At this moment, the golden phantom produced by Fang Tianyuan and the Indestructible Golden Body was not the only one holding up the Buddha Palm. Fang Tianyuan was also relying on his divine soul!

It was the Demon Ape Divine Soul that had its bones pierced by the chains and was sealed layer by layer!

A Buddhist elder met the Demon Ape's eyes and instantly felt a dense killing intent, hatred, and anger surge towards him.

Pfft!

With a single glance!

With just a glance, he was unable to withstand the violent demon aura in the Demon Ape Divine Soul.

"Stay firm and don't be affected by him."

Another elder immediately swapped places with him.

Now that everyone was collectively using the Vairocana Formation, if anything happened to one of them and the array formation was broken, they would be torn into pieces before they could summon the enemy.

"Hah... Thank you, Senior Brother."

"Be careful. This child's demon nature is extremely powerful and is far from what you and I can resist. We can only deal with him after the senior of the Buddhist Sect descends!"

"Yes!"

On Ji Wuxia's side, she immediately got everyone to leave.

"Third Junior Brother is attracting the firepower now. Leave quickly and find Master!"

Zhuge Ziqiong said worriedly, "Then what about Third Senior Brother?"

"You guys leave first. I'll still be here. It's useless for you to stay here. With me around, we might still have a chance. Otherwise, if the big shot of the Buddhist Sect really comes, none of us will be able to escape."

“Although Master has the Body Modeling Mark to revive us, if everyone dies together, the burden of the Body Modeling Mark would probably also be greater.

Therefore, it’s better to have fewer people stay behind. ”

Jun Bujian and the others clenched their fists.

“Damn it, we’re actually unable to help at this critical moment.”

“Stop talking. At this moment, it’s best if you don’t cause trouble.”

Su Lingwu and Jiang Taixuan had already begun to approach the valley. One of them gathered the divine beasts, and the other gathered the second-generation disciples.

Zhugue Ziqiong gritted her teeth and could only take a deep breath in the end.

“That’s the only way. Senior Sister, take care.”

Ji Wuxia nodded, and Zhugue Ziqiong immediately left with the main group.

Ji Wuxia did not dare to delay at all and immediately used the True Phoenix Nine Transformations. A seven-colored flame enveloped her. Coupled with the Phoenix Divine Soul, it instantly formed a seven-colored phoenix that transformed into a seven-colored light that collided with the golden Buddha arm that was suppressing Fang Tianyuan.

The senior Buddhist monks could not help but smile coldly.

“How laughable. Do you think you can break this Vairocana Formation just because you want to?”

“This is one of the top-notch array formations of our Buddhist Sect!”

“That’s right! The Vairocana Formation can only be broken by an immortal! You mere ants are not worthy...”

Before he could finish speaking, Ji Wuxia had already collided with the Vairocana Formation.

Boom!

With a violent explosion, the arm of the golden Buddha phantom actually shifted a little and trembled.

“What!”

The senior monks of the Buddhist Sect immediately began to panic.

“How is this possible?”

“It’s a divine soul. This woman’s divine soul is also extraordinary.”

The senior monk was still the first to discover the abnormality and scream on the spot.

Everyone looked at Ji Wuxia’s Phoenix Divine Soul and immediately could not help but tremble.

It was a phoenix filled with death aura. Or rather, it was a half-dead phoenix!

One of its eyes could not be seen clearly, but the other was as black as jade. Coupled with the golden pupils inside, it actually emitted an aura that looked down on the world and was terrifying!

It was an extremely powerful aura!

It was as if the entire world was nothing to it.

However, this phoenix only had half a chance of survival!

If it was filled with all life, how powerful would it be?

All of them were senior monks of the Buddhist Sect. Although their divine souls were only at the Arhat Supreme level and were not even Bodhisattva level, this did not mean that they were inexperienced.

In their thousands or even tens of thousands of years of cultivation, they had also seen the Golden Buddha Divine Soul!

However, the Golden Buddha Divine Soul seemed to be inferior to this phoenix!

The highest-level Golden Buddha Divine Soul of the Buddhist Sect was actually inferior to a half-dead phoenix?

What kind of joke was this?

Below, after seeing that the first collision was effective, Ji Wuxia immediately launched the second collision, the third collision, the fourth collision... Her speed became faster and faster, and the entire Buddha phantom of the Vairocana Formation was also shaking endlessly.

The senior Buddhist monks were immediately frightened to the extreme.

“Senior Brother, quickly summon it! Quick!”

...

Divine World, below the Bodhi Mountain!

A figure in a black trench coat slowly stepped into this so-called holy land of the Divine World’s Buddhist Sect!

His eyes were scarlet red like blood and filled with killing intent. It was as if a dark red blood was constantly circling the surface of his body.

Although he did not use any strength, it was already terrifying to the extreme.

### **Chapter 379: Ants, Shocking the Peak God Realm!**

He raised his head slightly, and killing intent spread in his eyes. The surrounding blood aura began to gradually spread.

The Buddhist disciples under the Bodhi Mountain discovered the other party’s figure immediately. Sensing the heart palpitating killing intent and demon aura on the other party’s body, the expressions of the Buddhist disciples immediately changed.

“Which demon is it? How dare you come to my Bodhi Mountain?”

As soon as they finished speaking, a few figures used the Buddhist technique and attacked with golden light.

The distance of a thousand meters was instantly covered. However, just as the few of them arrived beside the other party, they were directly blasted into a bloody mist.

Bang bang bang...

The young figure did not even attack. Just the killing intent surrounding him directly killed several Buddhist Sect disciples.

It had to be known that the weakest among these disciples was also at the God Production Realm!

In some Buddhist branches or small sects in the Divine World, they were already about to catch up to the strength of the abbot.

However, despite this, they were still unable to resist the killing intent surrounding the other party.

How terrifying was this?

The pupils of the Buddhist disciples behind the mountain gate immediately constricted when they saw this.

“Quick! Ring the alarm bell. Someone is trespassing into the Buddhist Sect!”

After he finished speaking, no one responded.

“How...”

He turned around and swept his gaze over. Immediately, his hair stood on end, and his pupils constricted. His entire body seemed to have fallen into an icehouse.

His few companions had all been pierced in the chest and were dripping with blood.

Although they were dead, their expressions remained.

This meant that they were already dead the moment they saw the other party.

A nauseating smell of blood floated past them. It came from the young man in a black trench coat who had stepped onto the Bodhi Temple.

The Buddhist Sect disciple trembled. At such a close distance, he felt as if death was right in front of him. The despair made him feel that even if the other party did not attack, he would still die.

However, to his surprise, the other party did not attack him. The other party only slowly walked towards the Bodhi Mountain.

He heaved a sigh of relief, and his strength seemed to have been sucked dry.

However, soon, a happy voice sounded from the corner of his mouth.

“Hehe... I’m not dead! I’m not dead!”

After a pause, the smile on his face gradually disappeared, and his eyebrows raised slightly.

However... why didn't the other party kill him?

As soon as this doubt appeared, he vaguely felt a pain in his chest.

He could not help but look down.

Pfft!

In an instant, a mouthful of blood surged out of his mouth, and his entire body collapsed with a bang.

It turned out that it was not that the other party did not attack, but that the other party's speed was too fast!

It was shockingly fast!

As a result, he did not even feel pain.

Actually, a huge hole had long been blasted in his chest like the others!

After collapsing, his eyes stared fixedly at the Bodhi Mountain. Before his consciousness gradually disappeared, he actually felt that the world in front of him was gradually becoming enveloped in a dense blood red color.

At this moment, it was as if the entire world had fallen into a massacre.

Soon, a scream sounded from ahead. Then a second, a third, a fourth...

Endless screams sounded endlessly, and his consciousness completely fell into darkness.

Just what kind of existence had the Buddhist Sect provoked?!

Ignoring him, the black-robed youth had already killed his way to another place.

Everyone he passed by died!

Be it the young monks or the big shots of the Buddhist Sect, they seemed to be lifeless cabbages in front of him.

Other than blood-colored killing intent, there was nothing else in his eyes.

The entire Bodhi Temple was enveloped in blood.

However, strangely, these Buddhist Sect disciples were all above the God Realm, and their blood was golden.

However, after being killed by the other party and being absorbed into the other party's body, their blood gradually turned into a blood-red color!

The other party's killing intent was so powerful that it had already changed the color of a god's blood.

"Enemy attack! Enemy attack! Someone has barged into our Bodhi Temple! Quick! All Buddhist Sect disciples, hurry up and fight."

The warning bell was finally rung. Countless Buddhist disciples surged down from the mountain.

The Buddhist light shone brightly on the mountain of the Bodhi Temple. At the foot of the mountain, the young man's body was like a border and everything behind him was blood red.

The two sides directly collided in a breath, forming a clear line that distinguished red from gold.

The weakest among the disciples of the Bodhi Temple was above the God Production Realm.

They were all geniuses chosen from all over the Divine World.

Those with low strength had long been sent to other Buddhist branches and were not qualified to stay in the Bodhi Temple.

However, in the face of these overwhelming Buddhist experts, the young man was not afraid at all.

The moment the two sides collided, the twenty Buddhist disciples directly exploded on the spot, exploding into a golden blood mist that was then absorbed by the young man.

Then, the young man waved his right hand, and a red spear suddenly appeared in his hand.

It was as if no one could resist this spear.

With a flick of his wrist, an ancient roar emitted from the tip of the spear.

With a cold light, a world-shaking blood aura transformed into a long dragon that roared out of the spear.

The blood dragon rushed into the crowd and forcefully blasted a huge pit more than a thousand meters in diameter on the Bodhi Mountain.

It had to be known that this was the holy land of the Buddhist Sect. Every inch of land here had been nurtured by the Buddhist Dao over the years. Its hardness was at least comparable to a quasi-divine artifact and was far from what the ordinary rocks outside could compare to.

However, it was still unable to resist the other party's attack.

At the same time, a total of 500 Buddhist Sect disciples were killed by this move.

The moment the blood essence surged, countless blood auras spread and splashed onto the other Buddhist Sect disciples, immediately corroding their protective barrier.

Under this might, the expressions of the Buddhist Sect disciples changed and they immediately retreated.

"Don't touch that blood!"

Someone exclaimed. Before everyone could react, the young man had already stabbed his spear into the ground. With a slight twist of his wrist, the blood on the ground actually turned into blood threads that instantly swallowed the bodies of the Buddhist disciples.

"Not good!"

Everyone's expressions changed drastically. Just as they were about to escape, they discovered that the intense corrosiveness of this blood had corroded their divine power defensive barrier and seeped into their bodies.

"Ahhh..."

Screams sounded everywhere. The blood had actually transformed into blood threads that directly corroded their flesh and bones.

Even if they used their divine power to transform into Buddhist power and risked their lives to use the Buddhist Sect's Mahayana Vajra Art and the Golden Bell Shield to protect themselves, it would still be useless and a waste of energy.

This move caused the bodies of nearly a hundred Buddhist disciples to be severed alive.

They were all severely injured!

"Amitabha. Senzai senzai. Your killing intent is so strong. Aren't you going to give us an explanation for trespassing on our Bodhi Temple?"

With a Buddhist proclamation, another wave of Buddhist disciples flew down from the mountain. There were more than 700 of them, and they were all above the Ten Domain Martial God Realm.

As soon as they appeared, their divine souls lit up behind them. They were basically mainly Buddha Venerables, with a few Hundred Domain Battle God Realm experts mixed in occasionally.

From afar, it was as if hundreds of Buddhas emitting golden light had charged out from the mountain.

There were hundreds of Ten Domain Martial God Realm experts!

Such a force would be able to greatly increase the strength of any faction in the Divine World.

However, the young man did not even look at them. He pulled out the spear from the ground, snorted, and stepped forward!

A dense blood-red light instantly spread from the spear, reaching 100,000 feet.

It seemed to have turned the spear into a blood sword that reached the sky!

The young man swung his hand and threw out the blood sword. A blood-colored demon light seemed to have torn the entire sky apart in the air.

Boom!

It landed directly among the hundreds of Buddhist disciples who were rushing down.

Almost everyone that was in the trajectory of the blood sword was killed in this second. They were all shattered into dust by the sword aura of the blood sword.

"How powerful!"

The people scattered on both sides by his sword beam were all shocked to the extreme at this moment, and their scalps began to turn numb.

“A mere group of Ten Domain Martial God Realm experts wants me to explain? Are you guys worthy?”

With that said, the other party's body had already teleported over and began to attack crazily like a ferocious tiger entering a flock of sheep.

The Buddhist Sect disciples were no match for him at all. Even though there were so many Ten Domain Martial God Realm experts, they could only be trampled by him like ants.

The killing spread and blood flowed.

At this moment, this place was like the end of the world.

“Stop! Don't you dare injure our Buddhist Sect disciples! Otherwise, we won't let you off!”

At this moment, the one who flew down was already a Hundred Domain Battle God Realm experts of the Buddhist Sect!

They had powerful strength that surpassed the Ten Domain Martial God Realm. In an invincible manner, they wanted to forcefully suppress the young man and stop him from continuing to kill the Buddhist Sect disciples.

However, the young man seemed to have long predicted this.

It was as if they did not care at all and were still killing wantonly in the crowd of Ten Domain Martial God Realm experts!

With a single spear, he killed several Ten Domain Martial God Realm experts. It was as if he was cutting vegetables.

The Hundred Domain Battle God Realm experts of the Buddhist Sect were all on the verge of going crazy. Their eyes were scarlet, as if they were no longer holy Buddhist monks but groups of bloodthirsty yakshas.

Everyone roared and flew down crazily.

The Bodhi and Arhat divine souls behind them emitted a powerful and dazzling light, as if they were about to purify this world with supreme Buddhist power!

The young man never panicked. With the spear in his hand, he continued to kill the Ten Domain Martial God Realm disciples of the Buddhist Sect calmly.

It was as if these so-called Hundred Domain Battle God Realm experts were simply not worth mentioning in front of him!

“Bastard! You better stop! Die!”

With a furious roar, the Hundred Domain Battle God Realm experts had already arrived beside him. Their divine souls exploded with golden light, but they were still unable to suppress the blood-red divine souls and killing intent of the other party!

Before he arrived, they had already unleashed their attacks. When the other party arrived, countless Buddhist cultivation techniques had already exploded on the young man's body.

Boom! Boom! Boom!

Hundreds of Buddhist cultivation techniques landed on the young man in unison. The air exploded on the spot, and divine power surged.

"Did we succeed?"

Just as everyone asked this question, a huge hand wrapped in blood stretched out from the explosion light and directly grabbed the neck of a Hundred Domain Battle God Realm expert.

Crack!

With a crisp sound, his neck was directly broken.

This was not the end because he had a powerful life force and would not die so easily. He could still attack!

He circulated his divine weapon with all his strength and bombarded this blood-colored figure crazily, wanting to kill him. Unfortunately, he could not even break through the other party's defense.

The other party had already rushed into the crowd of Hundred Domain Battle God Realm experts.

The blood-colored spear was like a ferocious tiger that had left the mountain. Wherever it passed, it would definitely end a few lives.

Even the Hundred Domain Battle God Realm experts could only be crushed and torn apart like a weak ant in front of him. They did not seem like they were much stronger than those Ten Domain Martial God Realm experts.

The Hundred Domain Battle God Realm expert whose neck was grabbed was about to collapse.

The young man seemed to be deliberately keeping him alive. He was only holding him up so that the other party could not escape or injure him.

He wanted the other party to watch him kill the Buddhist Sect disciples one by one!

"Stop! Stop!"

He kept shouting in a hoarse voice, but the young man clearly did not hold back at all.

He continued to kill and his attacks were becoming more and more intense!

"Run! Run!"

At this moment, even the Hundred Domain Battle God Realm experts could not withstand the mental pressure and began to choose to escape like the other "ants".

The young man seemed to have long expected this scene, so he did not have any emotional fluctuations and only spread out his divine soul.

What kind of divine soul was this?!

It was a black hole that was as black as jade. There was no light at all, as if it was about to devour the heavens and the earth, not giving anyone any hope!

On it was a black lotus. It did not contain any impurities, but it revealed an aura that made one unable to breathe!

As soon as the divine soul appeared, it slowly spun. Be it the Bodhi Divine Souls or Bodhisattva Divine Souls, they were actually stripped from the corpses and absorbed into the black hole, becoming nourishment for the other party's divine soul.

It was a divine soul that devoured other divine souls!

The Buddhist disciple whose neck was locked collapsed when he saw this.

This guy could actually devour divine souls! Was he dreaming?

Divine souls could actually be devoured?

Before he could react, several more powerful auras descended from above in the next second. These auras were several times stronger than his own!

"It's the Thousand Domain Battle God Realm experts! Our Buddhist Sect's Thousand Domain Battle God Realm experts! Hahahaha... our Buddhist Sect's Thousand Domain Battle God Realm experts are here. Let's see if you die this time!"

On the mountainside, the Thousand Domain Battle God Realm experts also saw this scene and immediately berated, "Stop, brat. How dare you!"

Crack!

However, before he could finish speaking, the young man directly retracted his hand. In an instant, the hostage's neck was completely broken, causing his head to be separated from his body!

### **Chapter 380: You're Not Worthy**

The moment he broke the other party's neck, he also absorbed the other party's divine soul into the black hole divine soul behind him.

Crack! Crack!

The divine soul exerted strength inch by inch and swallowed the Bodhi Divine Soul alive, grinding it into pieces!

This terrifying scene frightened all the Buddhist disciples present. Their expressions changed drastically as they screamed.

The few Thousand Domain Battle God Realm experts were extremely furious.

"Bastard! You're too arrogant! If we don't kill you, how can our Buddhist Sect command respect? Kill!"

With a furious roar, all the Thousand Domain Battle God Realm experts attacked at an even faster speed.

The blood-colored youth was still as domineering as before and did not have the slightest fear.

When the Thousand Domain Battle God Realm experts arrived, the youth swung the spear in his hand and directly shattered the head of the first person. Golden blood shattered and was absorbed into the surrounding blood essence, turning blood red.

The other party's divine soul was swallowed alive by the Black Hole Divine Soul behind him.

The second Thousand Domain Battle God held a divine staff and used the Buddhist Dragon Strike Art. His staff smashed onto the young man, but it was blocked by the blood-colored killing intent on the other party's body and was unable to advance at all.

At the same time, a sense of danger quickly attacked him, making his pupils instantly shrink as he fell into extreme fear.

Before he could react, a blood-stained arm had already broken through his Mahayana Golden Bell Shield and the Mahayana Vajra Art. The other party's arm pierced through his chest easily and pulled out his beating heart, crushing it in front of him!

Boom!

"Junior Brother!"

A Thousand Domain Battle God in the back roared and teleported in front of the other party. His eyes blurred, and the other party arrived behind him at an even faster speed.

"Not good!"

The moment the sense of danger surged in his heart, he suddenly felt a pain in his spine. His body had actually been pulled out by the other party.

"Ah!"

With a tragic cry, the Thousand Domain Battle God Realm expert's blood essence surged and he was instantly refined into dust at a visible speed, not even leaving behind bones.

Another massacre began. The Thousand Domain Battle God Realm experts were like a group of ants in front of this young man and could not resist at all.

"Quick, get the God King Realm experts!"

A shout sounded from halfway up the mountain, and the God King Realm experts arrived in the blink of an eye!

300 lights illuminated the entire Bodhi Mountain.

However, before the God King Realm experts could attack, they were suppressed by an even stronger aura.

"Amitabha! This child's cultivation has already surpassed the mortal world. If we send out God King Realm experts, there will only be more casualties. It's meaningless. Retreat."

The God King Realm experts' hearts suddenly trembled.

Could it be that even God King Realm experts were unable to resist this young man? Could it be that only a God Emperor Realm expert could handle the other party?

However, they did not have the time to doubt because this news was sent by a God Monarch Realm monk.

There was no need for them to lie to obtain credit for killing a demon.

On the mountainside, the Thousand Domain Battle God Realm experts were beaten until they fled like rats. None of them dared to fight the other party.

It was almost equivalent to being sentenced to death as long as one was within 50 meters of the other party.

Moreover, they were unable to escape at all because the other party's cultivation and strength were too powerful!

The other party could even cover 5,000 meters or 50,000 meters in an instant.

However, here, he was chasing after them one by one. In a radius of ten thousand meters, whichever Thousand Domain Battle God Realm expert that was closest to him would definitely die.

There was no room for resistance at all.

"Where are the God King Realm experts? Why aren't the God King Realm seniors coming down? I just saw their divine souls!"

A Thousand Domain Battle God roared repeatedly. In the next moment, several even more terrifying auras quietly appeared on the battlefield.

They were even stronger than God King Realm experts. With a single thought, they directly appeared on the battlefield. Even the Thousand Domain Battle God was unable to easily sense them.

By the time they sensed it, the other party had already arrived at the battlefield.

"Amitabha, disperse. This is not a place for the Thousand Domain Battle God Realm experts."

"God Emperor Realm expert?"

Everyone's pupils constricted. They had actually skipped the God King Realm experts and directly sent out the Immortal God Emperor Realm experts?

Heavens, could it be that even God King Realm experts could not deal with this guy?

Just how powerful was he?

However, although they were shocked, what the God Emperor Realm experts said was not unreasonable. No one dared to stay for a second longer.

The other party's strength had already been vividly displayed. These so-called Thousand Domain Battle God Realm experts were still not strong enough to kill the other party.

If they stayed, they would only die.

As they escaped, everyone glanced at the young blood-colored figure, their eyes revealing hatred and ridicule.

“Foolish guy, how dare you oppose our Buddhist Sect.

“Now that several God Emperor Realm experts had attacked, let’s see how you plan to survive!

The God Emperor Realm experts surrounded the other party and said coldly, “Amitabha, you barged into my mountain gate and killed so many of my disciples and elders. You should at least let us know your name, right?”

The blood-colored figure glanced at everyone, his expression indifferent and without any emotion.

“Yun Lige!”

He said these words indifferently, making the God Emperor Realm monks frown slightly.

“Yun Lige? We shouldn’t have had any conflicts with you. Why did you attack our Buddhist Sect and cause trouble?”

“How dare you say that you have no grudge with me when you killed my master?”

“May I know who you are, Master?”

“You’re not qualified to know my master’s name!”

Everyone was stunned before shaking their heads.

“Looks like there’s nothing to discuss.”

Yun Lige snorted and stepped forward.

“I never wanted to talk to you!”

“In that case, it looks like we’re going to have to subdue a demon today.”

“Subdue me? Are you even qualified?”

Yun Lige took a step forward and threw the spear in his hand high into the air. Then, he grabbed it and directly threw it forward.

Boom!

The blood-colored spear directly pierced through the chest of one of the God Emperor Realm experts and even pierced through his divine soul, blasting him back.

Behind them, the Thousand Domain Battle God Realm experts had just escaped to a safe position. Before they could heave a sigh of relief, they saw a golden light that was sent flying before getting nailed to the signboard of the Bodhi Temple in front of them by a blood-colored spear.

At this moment, all the Thousand Domain Battle God Realm experts’ worldview directly collapsed.

What was going on?

A God Emperor Realm expert!

This was a true God Emperor Realm expert!

He was not a so-called Thousand Domain Battle God like them, nor was he like the other trash.

Instead, he was a God Emperor Realm expert who was able to control an entire area!

However, now, he was nailed to the signboard like a salted fish.

Was he still human?

Everyone turned around and saw that the God Emperor Realm experts were already fighting the blood-colored figure.

Several golden Buddhist lights surrounded the blood-colored light.

“Senior Brothers, take advantage of the fact that this child doesn’t have a divine weapon. We’ll attack quickly and kill him. Don’t let him escape.”

The God Emperor Realm experts of the Buddhist Sect were about to attack when they saw several lights suddenly light up beside the other party.

One, two, three, four...

“These... these are all divine artifacts!”

The Buddhist God Emperor Realm experts completely collapsed.

Was this guy a divine artifact wholesale merchant?

He actually had so many divine artifacts. How were other people supposed to compete with him?

Looking at the number of divine artifacts, there were probably dozens of them!

“That’s not right! Look at that horsetail whisk. That horsetail whisk seems to be a divine artifact of Daoist Priest Tian Yi! That’s a top-notch divine artifact. But why is Daoist Priest Tian Yi’s divine artifact in his hand?”

“Heavens, could it be... that he killed Daoist Priest Tian Yi? Daoist Priest Tian Yi is a seventh level God Emperor Realm expert!”

“Not only that, look at the long sword in his hand. That’s the divine artifact sword of the Evil Wind Sect’s sect master, Yin Changsheng. Yin Changsheng is a top-notch expert at the ninth level of the God Emperor Realm, but he actually obtained Yin Changsheng’s divine artifact?”

“Also, that Ice Awl is the Ten Thousand Year God Jade Frost Icicle! It’s a secret treasure of the Northwest Hidden Treasure Pavilion!”

...

The more the Buddhist God Emperor Realm experts looked, the more shocked and terrifying they became!

Other than the few divine artifacts that they could not name, they seemed to more or less know some of the others!

Moreover, the most terrifying thing was that previous owners of these divine artifacts were all top-notch experts in the Divine World!

Too terrifying. How many experts had this guy killed to reach his current level and obtain so many divine artifacts?

The pressure of death suddenly landed on everyone's hearts.

At this moment, Yun Lige had already revealed all the divine artifacts. The air was illuminated by various lights, turning it into a colorful scene. In the center, Yun Lige's scarlet color was still in charge.

"Retreat!"

Before the battle even began, everyone already had the intention to retreat. They did not dare to fight Yun Lige at all.

After Yun Lige's divine artifacts were all revealed, the God Emperor Realm experts did not dare to stop and directly chose to retreat.

They were not stupid. It had not been easy for them to cultivate to their current cultivation level. No one was willing to die.

What was even more terrifying was that they had already seen that once they were defeated, even their divine souls would be devoured by the other party. Not a single drop of their divine soul would be left.

Although they would suffer everyone's rolled eyes and ridicule if they retreated, it was still much better than wasting thousands of years of bitter cultivation or even tens of thousands of years of cultivation. After all, if they lost, even their main body's consciousness would be shattered.

The Thousand Domain Battle God Realm experts had just returned to the entrance of the Bodhi Temple when they saw the God Emperor Realm experts run back at an even faster speed. They immediately could not help but wonder in their heads.

What was going on?

Why were they retreating? These were all God Emperor Realm experts!

Not to mention that there were so many of them, with their strength, they already had the qualifications to look down on the other party.

However, the outcome shocked everyone.

"Seniors, why are you all retreating? Aren't you going to kill that brat?"

"Shut up. Quick, open our Bodhi Temple's sect-protecting formation! Quick!"

The God Emperor Realm experts quickly barged into the Bodhi Temple and immediately activated the Bodhi Temple's mountain guarding formation.
