

## AN EXPERT 411

### Chapter 411: Explanation of the Nameless Sect's Teacher Selection

"That's easy. You can call me Grandpa in front of others, but I'll call you Master in private. It won't be a hindrance at all."

Lu Xiaoran : " ... "

"It's better not to. I only have nine disciples currently. I can't take in more. The other Nameless Sect disciples are all second-generation disciples. If you're willing, you can take any one of them as your master, just like the Misty Sect's sect master."

"I'm your biological grandfather after all. Isn't there any special treatment for me? Can't I become your direct disciple?"

"It's precisely because you're my biological grandfather that I'm not suitable to teach you. I'll feel uncomfortable. Don't blame me if I don't teach you well."

"Then forget it. I'll find one among your disciples."

Lu Xiaoran nodded.

"Alright, go ahead. I'm about to start cultivating. Tell me if you need anything."

"I understand."

Old Master Lu ran out and asked for information.

He did not have many acquaintances here, so he only found disciples he was somewhat familiar with.

For example... Buttface.

"Old Master, you've asked the right person."

.....

Buttface lay at the entrance of the valley and picked its teeth as it said indifferently, "I don't know everything about this Nameless Sect, but there aren't many people who know more than me!"

"You might not believe me, but in fact, when our Nameless Sect came to the Divine World from the lower realm, I was the first to find Master.

"The others all have to be ranked behind me. "

Old Master Lu nodded.

"That's right. Then which disciple of the Nameless Sect is most suitable for me to take in as a master?"

"If we're talking about suitable disciples, the first to bear the brunt is our Nameless Sect's chief senior brother, Eldest Senior Brother Yun.

"Why?"

"Eldest Senior Brother Yun is Master's illegitimate son. "

“What did you say? No way? Yun Lige is Xiaoran’s child?”

“Of course. Why would I lie to you? If you don’t believe me, just casually ask a disciple from Nameless. This is something everyone knows. If I lie to you, my entire family will die in minutes.”

“Not really. If I didn’t believe you, why would I ask you?”

Old Master Lu smiled knowingly. “I didn’t expect Xiaoran to have a secret son who’s all grown up.

“He is only in his thirties now. Looking at Yun Lige, he seems to be an adult too. Did this mean that Xiaoran had gotten the other party pregnant when he was in his teens?”

“Tsk tsk, I originally thought that his father was already a playboy. I didn’t expect him to have outdone his father!

“Back then, when his father married his mother, he was not young either. ”

“I’m getting sidetracked. Let’s get down to business. Chief Yun has the most resources in the entire sect. We’ve estimated that Chief Yun’s resources are probably at a level that can’t be reached even if you multiply the resources of remaining disciples by several times.”

“Hiss ~! Is Xiaoran that biased?”

“Of course. Everyone knows that Chief Disciple Yun is the sect master’s most beloved disciple. He is like a delicate small pearl in sect master’s palm.

“However, Chief Yun is also the most filial among the many disciples.

“Although the other disciples are also extremely filial to the sect master and can risk their lives for him, Chief Disciple Yun is different. Chief Disciple Yun dares to die for the sect master. ”

Hearing this, Old Master Lu nodded. He already completely believed that Yun Lige was Lu Xiaoran’s biological son.

He was shocked!

“However, Chief Yun also has the most disciples. Therefore, if you take Chief Yun as your master, you might not get much resources.”

“That’s true. What about the other disciples?”

“Second Senior Sister is also a good choice. Her cultivation level is also not bad, but she’s a woman. She usually takes in female disciples. It’s very difficult for male disciples to enter. Moreover, for someone like you... uh... Old Master, if your appearance is not very outstanding, even if she takes you in, she probably won’t teach you well.”

“Damn it! Don’t ugly people deserve to be treated properly? I’ll definitely get Xiaoran to teach her a good lesson later.”

“That’s fine. I’ve long been displeased with her. She looks noble and cold, as if everyone owes her a few hundred million.”

“As for Third Senior Brother, I don’t think you should take him as your master. Third Senior Brother is a cultivation madman. Basically, when he cultivates, he ignores everyone else. He has once cultivated without eating or drinking for an entire year. In the end, his disciples had no choice but to become disciples of other masters. Now, he also doesn’t have a single disciple in the entire Nameless Sect except for Long Kuang.

“However, Long Kuang’s talent was not bad to begin with and he had even been recommended by the sect master. His cultivation could be said to be the strongest among the second-generation disciples. He is far from what ordinary people could easily compare to.

“It’s not bad for you to pick Fourth Brother, Sixth Brother, and Seventh Brother since you’ve interacted with them before. If you cultivate the Sword Dao, Fourth Master will definitely be more suitable. If you cultivate the saber technique, Sixth Master will definitely be your best choice.

“As for Seventh Master, he is not bad and has more disciples. He is also more protective. However, the cultivation technique he cultivates, the Dragon God Art, mainly transforms people into demons. Unlike other people’s cultivation techniques, it did not give much experience.

“Eighth Master’s tomb robbing skills are top-notch. He digs graves all day. If you like digging graves, you can also consider it. I think his cultivation technique is more gloomy.

“Ninth Master had almost forgotten his proper cultivation technique. He had been studying the Beast Control Divine Art all day and was probably about to figure out a way to turn humans into demon pets. If you were not afraid that he would go crazy one day and take you in as his pet, you could also try taking him as your master.

“To put it simply, the best at the moment are one, four, and six. After that are two, seven, and eight. The worst are three, five, and nine.”

Old Master Lu frowned.

“After talking for so long, why didn’t I hear you mention the fifth?”

“The fifth is a zombie! Moreover, Fifth Sister was previously imprisoned by the Buddhist Sect and delayed her cultivation opportunity. Now, her cultivation is even inferior to some second-generation disciples. Won’t your future be ruined if you go to her now?”

“From what you said, I think only Fourth Brother and Sixth Brother are more suitable. However, I don’t like sabers or swords. Don’t tell me Xiaoran doesn’t have any other disciples?”

“He also has an in-name disciple. Her cultivation level is ranked tenth. Her name is Ling Xinyue or something. She’s probably also the sect master’s illegitimate daughter. Many people have heard that she directly and openly calls the sect master father. She’s even more arrogant than Chief Yun.”

Old Master Lu’s eyes lit up.

“That’s not bad! Since she’s Xiaoran’s biological daughter, she’s definitely not inferior to Chief Yun. She will definitely obtain a lot of resources.”

“In addition, she’s a disciple Xiaoran just took in. She shouldn’t have any disciples yet. If I’m the first to go... wouldn’t I...”

Old Master Lu instantly had a direction.

He had already thought it through. He would go and take Ling Xinyue as his master. When the Sect Master of the Misty Sect came, he would let the other party find another master.

If Ling Xinyue only had one disciple, she could focus more on nurturing him. All the resources would definitely be monopolized by him.

Perfect!

Old Master Lu seemed to have already seen himself rise as the strongest second-generation disciple of the Nameless Sect!

Becoming a God Emperor Realm expert and killing enemies at a higher level was not a dream!

He had made up his mind!

Ling Xinyue!

...

In the Misty Sect, the Sect Master of the Misty Sect called his disciple, Gong Wan'er, in front of him.

"Wan'er, I'm sorry. It's Master's fault. If Master had any ability, you wouldn't have ended up being rejected."

Gong Wan'er said with a calm expression, "It's not Master's fault. I know that it's because Lu Xiaoran is too powerful that he rejected my marriage."

"Previously, I wondered why he kept rejecting me. Was it really because he was ashamed and felt that he was not worthy of me? Now, I feel that I've always been the one thinking too much. I'm really ridiculous."

"Don't say that. You're already very good. It's just that Lu Xiaoran is really too heaven-defying. There's nothing we can do."

However, after being stimulated this time, I also want to work hard and prepare to go out to find an opportunity. "

"What a coincidence. I have the same thoughts."

"That's right. As long as you and I work together and cultivate diligently, we will definitely be able to cultivate to the God Monarch Realm and not be bullied by others."

Gong Wan'er nodded.

The master and disciple bade farewell to each other. Then, the Misty Sect Master immediately arrived at the foot of the mountain.

At the foot of the Misty Sect, a figure happened to be waiting.

"Li Shengshui, why are you so slow? It took you a long time to come down."

Li Shengshui was the famous sect master of the Misty Sect. In the past, the other party naturally did not dare to easily call him by his name. However, now, he was no longer afraid.

“Old Master Lu, you have to let me handle some affairs!”

“It’s not like you’re dying. What’s there to handle?”

“I have to tell my disciples and elders about the sect. Is everything done?”

“It’s all done. I’ve chosen three masters for you. They’re all good masters. There’s the Nameless Sect’s Third Master, Fifth Senior Sister, and Ninth Master. They’re all famous figures. I’ve already discussed it with them and they’re all willing to take in disciples. Just say the word.”

Li Shengshui gave him a thumbs up.

“As expected of Sect Master Lu’s biological grandfather, your words are indeed effective. I, Li Shengshui, have cultivated for ten thousand years and have finally found an organization. In the future, I can unleash my talent! Hahahaha!”

“Old Li, you said before that...”

Old Master Lu rubbed his thumb and index finger. Li Shengshui immediately understood.

“I understand. I’ve prepared everything for you. It’s right here.”

He handed Old Master Lu another spatial ring that contained 500 million top-grade divine crystals.

However, just as he handed over the divine crystals and Old Master Lu was checking, an accident happened.

A voice suddenly sounded not far from the two of them.

“Master, what are you doing?”

Li Shengshui and Old Master Lu were stunned and turned around at the same time.

At some point, Gong Wan’er had actually stood behind the two of them.

Li Shengshui’s old face immediately turned red.

Damn, he had actually been discovered by his disciple.

He had just said that he wanted to travel the world and cultivate diligently. In the end, he was caught red-handed by his precious disciple in the blink of an eye. Now, his plan to go to the Nameless Sect had been exposed.

## **Chapter 412: We Can Start Hunting**

“Uh... we’re not doing anything. We’re just... canceling the engagement. Yes, yes.”

Old Master Lu also tried to play along.

“Yes, that’s right. It’s a withdrawal gift. Since we’ve already canceled the engagement, it’s only natural for our Lu family to return the betrothal gift.”

“Oh.”

Gong Wan'er nodded indifferently and did not say anything else. She turned around and left.

Looking at the other party leaving, Old Master Lu could not help but say, “I think she knows.”

Li Shengshui fell silent.

“I’ve let her down. As her master, I should have stayed on the same side as her and helped her deal with Lu Xiaoran.”

“Then... why don’t I return the money to you? It’s not too late for you to pursue your disciple now.”

“That won’t do. I’m a man who wants to become a God Monarch Realm expert. How can I delay my cultivation for my disciple’s private matters? Let’s go. I’m still prepared to join the Nameless Sect.”

...

At the same time, somewhere in the Divine World, Futu also opened its eyes from the darkness.

Four swords of different colors appeared beside him. All of them contained extremely powerful energy!

.....

The aura emitted from every sword easily surpassed profound divine artifacts. It could be said to be shockingly powerful and had already reached the level of an immortal artifact.

“I’ve finally refined the four Immortal Slaying Swords and the Immortal Slaying Formation Diagram perfectly. From now on, who among the immortals will be my match? It’s as easy as pie for me to kill Lu Xiaoran.”

“Master, just you wait. I will quickly complete the mission you gave me. I will definitely help you unify the Heavenly Court and become the supreme existence!”

As he spoke, his junior sister had already walked in slowly.

“Senior Brother, all the God Monarch Realm and Supreme God Realm experts in the chat group are ready.”

Futu nodded.

“Not bad. With their help and the Immortal Slaying Sword Formation Master taught me, even if Lu Xiaoran is the reincarnation of a Heaven Emperor, he’s still not my match.”

“A Supreme God Realm expert in the chat group just stepped into the God Monarch Realm this morning.”

“It’s Ge Liyun, right?”

His junior sister nodded.

“It’s Ge Liyun. This child’s character is extremely good, and his talent is even heaven-defying. After joining our God Monarch Chat Group, his cultivation rose steadily, creating a new high. Now, he has

already successfully stepped into the God Monarch Realm from the Supreme God Realm. It can be said that he's the one with the most potential in the entire God Monarch Chat Group."

"It's even to the extent that I feel that his talent is even comparable to those old God Monarch Realm experts.

"It can be said that he's quite unique. Although his talent can't compare to ours, he's definitely not an ordinary person."

"Is that so?"

Futu narrowed his eyes slightly.

"If Master is able to steal Lu Xiaoran's luck after killing the other party, his next step will probably be to take on the position of the Heaven Emperor. At that time, he will definitely need some capable subordinates."

"We should take the initiative to help Master resolve this matter.

Looks like I should contact this Ge Liyun."

"That's indeed the case."

...

In the valley, after Yun Lige broke through to the God Monarch Realm, he slowly opened his eyes.

Ever since he swallowed a large number of divine souls in the Divine World, his talent had increased countless times.

Now, his cultivation speed was simply shocking.

In the past, he had always been mocked by his junior brothers and sisters for being at the bottom. Now, for the first time in his life, he finally felt how carefree the word "genius" was.

Now, his cultivation had already reached the God Monarch Realm. It would probably not be long before he reached the Immortal Realm again.

A portion of his memories gradually appeared in his mind.

"I didn't expect to still end up under him in the end!

"Perhaps this was fate.

"The heavens had long decided that the chosen one would never be me or Old Man Hongjun.

"However, in this life, although I can't be the chosen one, I am still the disciple of the chosen one. It's not a loss.

"I wonder what expression that old dog Hongjun will have when he finds out that my master has returned. I'm really looking forward to it!"

As soon as he finished speaking, the screen in Yun Lige's mind lit up again.

"Are you there?"

Yun Lige raised his eyebrows slightly because this news was not from the God Monarch Chat Group. Instead, it was a private message.

This message was a private message from the group master, Futu, to him.

In other words, this was a message only the two of them could see.

This made Yun Lige raise his eyebrows slightly.

"Why did this guy suddenly send me a private message?"

Could it be that the other party had fallen in love with him and wanted to ask him out for a group meeting or a fight?

However, he still replied. After all, the other party was the group master.

"Yes."

"Are you cultivating?"

"No."

"Oh, do you have time now?"

"If there's anything, feel free to tell me."

"Is there anyone else beside you?"

"No."

"Alright, I guess you were also dumbfounded and curious when I messaged you in private this time, right?"

"Actually, it's nothing much. It's mainly because your talent is very good and you're different from others. Therefore, I want to give you a chance. I wonder if you're willing!"

"Of course I'm willing. How can I not be willing to be recognized by the group master?"

"Good! As expected of the person I fancy, you're indeed smart."

After a pause, he continued, "Actually, although the many people in the group are all old God Monarch Realm experts and are much stronger than you, your talent is actually much, much stronger than theirs.

"If not for that, I wouldn't have looked for you.

"In fact, the background of our chat group far exceeds your imagination.

"Killing Lu Xiaoran is only a small mission of our chat group. There are many big missions in the chat group. There are even missions that can help you become an immortal, a Heaven Immortal, a Taiyi Itinerant Immortal, or even a Zenith Heaven Golden Immortal!

“These are all existences that others dream of but are unable to obtain. However, as long as you’re willing to join us and follow in my master’s footsteps, I can help you easily cross these few thresholds.

“Think about it, a Zenith Heaven Golden Immortal is an existence that many people dream of obtaining.

“Other than Saints, who in the world can resist their cultivation? ”

Yun Lige pretended to be shocked, “Is your backer that powerful?”

“Of course. Are you willing to join?”

Yun Lige immediately replied, “Yes, of course I’m willing. I just don’t know if you’re willing to take me in.”

“As long as you’re willing.”

“Then... can I know who’s behind us?”

“I can’t tell you about this for the time being. However, after hunting Lu Xiaoran, I’ll personally bring you to see him. Believe me, you’ll definitely be shocked.”

“He will be the future Heaven Emperor! ”

“Is he that powerful?”

“That’s right!”

“Alright! Then from now on, Liyun’s life belongs to Senior Futu. Senior Futu, if you need anything, feel free to order me around.”

“That’s right. Prepare early. I’m going to activate the Hundred Monarch Formation to deal with Lu Xiaoran.”

After saying this, the light of the chat box darkened.

Yun Lige’s eyes could not help but flicker.

“These brats nowadays are quite good at causing trouble! This guy even dares to call himself the future Heaven Emperor! They sure know how to make themselves seem very awesome.

“The current Heaven Emperor of this era seems to be a trash called Hao Tian. Looks like the other party is his mortal enemy. Unfortunately, I only remember what happened before the Dragon Phoenix Tribulation and don’t understand what happened after that. Otherwise, I could have deduced this guy’s identity.

“However, since the other party dares to covet the position of the Heaven Emperor, he is probably not an ordinary person.

“Master and I are both reincarnations and no longer have the world-destroying might of our previous lives. Therefore, we should be careful when facing the other party. ”

After awakening the memories of his previous life, Yun Lige's character had become more mature and cautious.

He knew that no matter how high one's cultivation was, it was still useless. Before the end, no one could be careless. Otherwise, no matter how powerful one's cultivation was, they would still end up as stepping stones for others.

Without thinking too much, Yun Lige immediately reported this matter to Lu Xiaoran.

After Lu Xiaoran heard about this, he could not explain the identity of the person behind the God Monarch Chat Group.

"Looks like the person behind this is really a famous figure. However, I can't tell the other party's identity. Perhaps the other party is also an old bastard. However, speaking of which, since you've already stepped into the God Monarch Realm, did you remember something?"

Yun Lige naturally knew what Lu Xiaoran was referring to.

It was none other than his identity in his previous life. Looks like as his cultivation continued to increase, his master had also awakened many memories.

He coughed lightly, his face somewhat hot.

"Master, that was in my previous life. Moreover, I'm already your disciple in this life. Is there a need for you to be calculative with me?"

"In your previous life, you were the most ruthless when attacking me. I have always remembered it. Don't you think so? Demon God Rahu!"

Yun Lige took a deep breath and said seriously, "I can't change what happened in my previous life. I did indeed offend Master. If Master wants to scold me, I won't complain!"

Seeing his serious expression, Lu Xiaoran waved his hand.

"I'm joking with you. If I wanted to kill you, you would have long died. How could you still be standing here?"

Yun Lige wiped the cold sweat from his forehead.

"Master, don't joke like this again. It's very easy to scare people to death. I'm no longer the Demon God Rahu. I'm only your disciple now. I'm just trash whose cultivation level is not even enough to reach the Immortal Realm."

Lu Xiaoran nodded.

"Alright, bring Wuxia and the others to participate in the Hundred Monarch Formation. It's time for your master, the protagonist, to shine. We can't let them wait!"

"Yes!"

Yun Lige licked the corner of his mouth, and a greedy green light flashed in his eyes.

#### **Chapter 413: Gathering of the God Monarch Realm Experts**

...

Late at night, the stars lit up the galaxy and a dazzling star net gradually formed in the sky, as if it was about to envelop the entire world.

Under the starry sky, Futu stood proudly in the air, holding a bronze compass.

As he injected immortal power and muttered the incantation, the bronze compass also began to slowly release a dark green light that reached the sky.

In an instant, the entire sky and the entire galaxy seemed to be stirred.

At this moment, the power of the world began to spread in all directions, as if it was searching for something.

Futu's junior sister could not help but take a deep breath, and her expression became solemn.

"Senior Brother, this compass can actually stir the power of the galaxy! Could it be...?"

Futu smiled and said, "You're right. This is another immortal artifact Master gave me. It can mobilize the power of the galaxy to search for any person or item!"

"As long as it's someone who exists in this world, they can forget about escaping from me!

Ten breaths! I only need ten breaths to directly find Lu Xiaoran's location!

"At that time, he will die without a burial place."

Junior Sister Futu's eyes revealed a trace of envy. She was filled with envy for this immortal artifact compass.

.....

She wondered when she would be able to obtain an immortal artifact.

After all, this was an immortal artifact. Only immortals could have it.

A deep admiration and envy flowed in her heart.

However, after ten breaths, there was no movement in the air. The compass also quietly floated in the air.

Junior Sister Futu could not help but raise her eyebrows slightly.

"Senior Brother, has your immortal artifact malfunctioned?"

Futu was silent for a moment before saying, "I don't think so. I think it might be because the Divine World is too big and there are too many people. Therefore, even if it's an immortal artifact, it's impossible for it to find Lu Xiaoran in an instant. After a while, he will be found."

Five minutes later...

Junior Sister Futu continued, "Senior Brother, are you sure the immortal artifact isn't malfunctioning?"

"Hmm... I don't think so. After all, Master gave this to us."

“Then... let’s wait a little longer.”

After another five minutes...

“Senior Brother, are you sure this immortal artifact isn’t malfunctioning?”

“I... I don’t think so. What kind of figure is Master? If his compass can’t work, then who else in this world can be trusted?”

“That’s true.”

...

In the valley, Lu Xiaoran and the others waited for a long time, but the other party did not find them or summon Yun Lige and the others.

This made Lu Xiaoran frown.

“Strange, didn’t this thing called Futu say that he was going to start hunting me? Why hasn’t he come to find me yet?”

“I don’t know. I’ll ask in the group.”

Yun Lige was about to ask when Lu Xiaoran said, “No, it’s better if you ask him in private.”

“Alright.”

Yun Lige agreed and immediately began to contact Futu.

“Group Master Futu, didn’t you say that the mission is about to begin? Why isn’t there any news yet? I can’t wait to hunt Lu Xiaoran.”

Soon, Futu replied, “I’m currently searching for Lu Xiaoran and haven’t found him yet. He’s probably hiding. This guy is especially good at hiding. Under normal circumstances, it’s very difficult to capture him!”

“I see. Then I’ll wait a little longer. With Group Master Futu’s strength, it should be easy for you to find Lu Xiaoran.”

With that said, Yun Lige left the private chat.

Futu could not help but smile at his junior sister.

“Not only is this Yun Lige’s talent very powerful, but his words are also pleasant. He’s really a talent.”

“I think he has the talent to be a bootlicker.”

“What’s wrong with bootlickers? It’s fine as long as it’s our boots they lick.”

“You’re right.”

On Yun Lige’s side, he had just left the group chat when he could not help but sneeze.

“Ahchoo!”

He rubbed his nose and could not help but curse.

“Damn, I wonder who’s secretly badmouthing me. Damn!”

Lu Xiaoran kicked his butt.

“Stop talking nonsense with me. What did they say?”

“They said they couldn’t find you.”

Lu Xiaoran slapped his head.

He was wondering why the other party had not come to find him for a long time. This was the problem!

Because he had Wang Cai to protect him, even the Heaven Dao could not sense him, let alone a mere Futu.

Moreover, he had set up many immortal formations in this valley, so it was even more impossible for the other party to sense him.

“Looks like I should go out and attract him. You guys retreat first and stay away from me to avoid being discovered by the other party.”

“Alright!”

Everyone immediately left the valley, and Lu Xiaoran slowly rose into the sky and released a trace of his aura.

“Wang Cai, is the Heaven Dao really unable to discover me? Logically speaking, the barrier between the lower realm and the Divine World should also be created by the Heaven Dao!”

“No, the barrier between the lower realm and the Divine World is not created by the Heaven Dao, but by Pangu’s meridians and skin. The Heaven Dao can enter, but it’s impossible for it to patrol here with ease.”

“Otherwise, the Heaven Dao would have long come to find you. ”

“I see.”

Lu Xiaoran vaguely understood. It seemed like Pangu was also smart enough to secretly set up a trap in order to revive himself.

As for the school master of Jie School, Tongtian, he clearly knew that Pangu had such a backup plan, so he created Lu Xiaoran.

Everyone seemed to be waiting for the right moment to take advantage of the situation>

Unfortunately, he was not Pangu.

At the same time, Futu seemed to have sensed something and immediately said, “Yes, yes! Junior Sister, look at the Compass Immortal Artifact.”

Junior Sister Futu looked over and saw a weak light spot appear on the compass. Although it was very weak and flickered, she could clearly determine the other party's location.

"Looks like this Lu Xiaoran is really powerful. Even the immortal artifact compass Master gave you actually took so long to find him."

Futu smiled indifferently.

"Of course. If Lu Xiaoran was not powerful enough, Master wouldn't be so afraid of him!"

"However, the righteous will always be one step ahead. He's still been captured by us now."

"I'll start summoning the God Monarch Realm experts immediately."

Soon, a golden light suddenly soared into the sky. After sensing this light, countless auras in the Divine World quickly expanded their auras.

At this moment, countless people in the entire Divine World began to tremble.

"What a powerful aura. Did our Battle God Sect's ancestor come out of seclusion?"

...

"This aura, it's a God Monarch Realm expert! Could it be that person?"

...

"How powerful. This aura is extraordinary. Is this a God Monarch Realm expert? I didn't expect there to be a God Monarch Realm expert near our Great Cloud Mountain!"

...

"Too terrifying. So many auras actually erupted at this moment. What's going on in the Divine World today?"

...

"The stars have moved, and the mountains and rivers have trembled. It seems that something big is about to happen in the Divine World."

...

These cultivators who usually kept a low profile had all displayed their strongest states at this moment, causing commotions all over the Divine World!

...

In a corner of the Immortal World, under the same pavilion, two people smiled indifferently.

"Looks like the plan is about to begin."

"Success or failure depends on this. If you win, from now on, the Heavenly Court will be under your control."

“You will be qualified to be a Saint.”

The two of them looked at each other and smiled knowingly.

...

At the same time, under the starry sky of the Divine World, countless streams of light quickly gathered above the valley Lu Xiaoran was in like meteors.

Crack! Crack!

With a bang, the spatial barrier was directly shattered.

A burly figure was the first to step out. He was eight feet tall and wore a bronze crown. There was a huge skeleton prayer bead hanging from his neck.

“Hahahaha... I didn’t expect to be the first to arrive. Looks like the credit for capturing Lu Xiaoran belongs to me.”

Another voice also sounded in his ear.

“That’s not necessarily true. Brother Skeleton, it might be better to come later. This credit doesn’t belong to whoever arrives first, but to whoever arrives at the right time.”

The Skeleton God Emperor snorted. Before he could speak, another voice sounded.

“That’s right. The chief credit depends on who’s stronger and who brings the greatest blow to Lu Xiaoran. As for the others, they’re all nonsense.”

In the blink of an eye, space shattered as God Monarch Realm experts descended one after another.

Everyone’s huge aura made the entire world tremble.

Zhou Tianhe seemed to be shocked by this force.

More than a hundred God Monarch Realm experts, almost all the peak experts of the entire Divine World, had gathered here.

Just as the God Monarch Realm experts gathered, a golden light attacked. Everyone’s expressions could not help but tremble.

“This... this aura, it’s actually an expert of the Buddhist Sect!”

“The group master is so generous. He even gathered an expert from the Buddhist Sect. He’s really too powerful!”

“A God Monarch Realm expert flying over at high speed will definitely destroy the spatial barrier. However, the people from the Buddhist Sect did not injure the spatial barrier at all. It can be imagined how powerful their cultivation is!”

The Skeleton God Emperor and the other evil God Monarch Realm experts could not help but sneer.

“What’s there to brag about? The Buddhist Sect has always claimed to be on the righteous path. I didn’t expect that one day, they would actually end up cooperating with us. How laughable.

“Hehe, I’ve long said that the Buddhist Sect is a group of hypocrites.

“Indeed, everyone in the world prioritizes self-gain.

“Even the Buddhist Sect can’t help it when they see such generous conditions!”

As everyone discussed, another golden light slowly descended from the sky.

The aura emitted from the golden light made even the God Monarch Realm experts feel an intense pressure, making it difficult for them to breathe easily.

When the golden light landed, everyone’s hearts could not help but tremble, and their expressions became solemn.

“Group master, you’re here. Get up and welcome the group master!”

#### **Chapter 414: Battle**

In the divine light, Futu stepped out. Behind him were seven existences with extremely deep cultivation. Every one of them was not inferior to a peak God Monarch Realm expert.

These seven God Monarch Realm experts were all the strongest among the God Monarch Realm experts!

Everyone was respectful and shocked.

As expected of the group master, the subordinates beside him were all extraordinary. Every one of their cultivation levels had reached an extraordinary level. No wonder he was able to provide so many powerful resources.

Group Master Futu smiled and waved his hand. Seeing so many experts, his eyes could not help but reveal a relieved expression.

To be honest, he had never fought such an extravagant battle in his eight lifetimes. At this moment, he already had nearly a hundred God Monarch Realm experts under his command.

These were not just any Tom, Dick, or Harry. These were all God Monarch Realm experts!

In the entire Divine World, God Monarch Realm experts were the strongest existences!

A single God Monarch Realm expert was already very impressive. A commander of a God Monarch Realm expert was even more impressive.

However, this group master commanded more than a hundred God Monarch Realm experts at once. How glorious was this?

It was enough for him to brag for ten thousand years!

Today, he would definitely make Lu Xiaoran suffer and become his master’s nourishment.

At that time, he would make an eternal contribution. His master would definitely reward him greatly.

.....

Taking a deep breath, he first cupped his hands towards the High Buddha and said, "Thank you, Fellow Daoist Xingyun, for helping me. After today, I definitely won't treat you poorly."

The High Buddha smiled faintly.

"Thank you, Fellow Daoist Jiang. However, wasn't Fellow Daoist Jiang... called Jiang Li previously?"

These words were clearly somewhat accusatory. After all, Jiang Li had previously said that his name was Jiang Li. Now that he said that his name was Jiang Futu, it was obvious that he was hiding something from him.

Jiang Li smiled.

"Fellow Daoist Xingyun, don't be angry. My real name is indeed Jiang Li. However, my nickname is Futu!"

The High Buddha snorted.

"It's fine. Fellow Daoist Jiang, you can call yourself whatever you want. As long as you don't go back on your word in the end."

"Don't worry, Fellow Daoist Xingyun. I understand."

Then, Jiang Futu cupped his hands towards the others again.

"Today, thanks for your favor and accepting the mission I issued to kill Lu Xiaoran together."

"From today onwards, I will definitely reward you heavily. Everyone who participates will not regret your choice today!"

"Group master, you're too kind."

God Monarch Kong Chen could not help but say, "Group master, is this really where Lu Xiaoran is?"

Jiang Futu nodded.

"Of course. Everyone, please take a look. In this valley, there are already more than ten thousand array formations. Moreover, every array formation is so powerful that it makes one's heart palpitate. I dare to say that no one here can set up such an array formation. Do you believe me?"

When everyone heard this, their eyes darkened. It was indeed as Jiang Futu had said.

If not for Jiang Futu, they would not even be able to sense anything in the valley below.

However, after Jiang Futu's reminder, they discovered that there seemed to be a faint illusion formation below!

Even God Monarch Realm experts like them were actually unable to sense this illusion formation. They had to be enlightened by others to discover it. It could be imagined how powerful the other party's array formation strength was!

This Lu Xiaoran was indeed extraordinary!

At this moment, the High Buddha did not care about Lu Xiaoran. Others had never seen the strength of a hot shot, but he had!

Therefore, he knew very well how powerful Lu Xiaoran was and did not care much at all.

However, what concerned him more was that at this moment, he actually felt some familiarity in the crowd.

However, he was unable to point out the specific person who was giving him this feeling.

Yun Lige sensed that the other party was searching for something in the crowd. He reminded his junior brothers and sisters to remember not to reveal their auras in case they were discovered by the Buddhist Sect and ruined their plan later.

They were either wearing masks or veils. Therefore, without revealing their auras, it was very difficult for the other party to easily check their information.

“Leader Jiang, what should we do now?”

In order to divert everyone’s attention, Yun Lige spoke to Jiang Futu immediately to attract everyone’s attention.

Jiang Futu smiled and said with a calm expression,

“Everyone, retreat. Watch me break his array formation!”

As soon as he finished speaking, his hands formed hand seals in the air, and an extremely violent energy quickly gathered in his hands.

This force was extremely powerful, making the God Monarch Realm experts present feel a trace of threat!

Everyone’s expressions could not help but change drastically.

It had to be known that everyone was a God Monarch Realm expert!

If the other party could make everyone feel threatened with a casual move, how powerful was the other party’s cultivation?

As expected of an immortal!

This strength had long surpassed their understanding!

Too powerful!

In the next moment, Jiang Futu had already shot out the power in his hand. In an instant, the power transformed into a divine light that bombarded the ground.

Boom!

With a violent explosion, the entire world was filled with a dazzling light, illuminating the entire night as if it was daytime.

The entire valley seemed to have been stirred by a sharp sword. Countless array formations instantly shattered and exploded.

Boom! Boom! Boom!

It was as if firecrackers had been lit, and the explosions were endless.

Yun Lige and the others' eyes revealed a cold glint. This guy was indeed capable.

He was actually able to break through so many array formations his master had set up in the valley in one go. Clearly, he was not an ordinary person.

However, it did not matter. If they went against their master, they were destined to die.

Jiang Futu pointed below and smiled at everyone.

"Everyone, take a look. Lu Xiaoran's attainments in array formations are extremely deep. He has always liked to set up various array formations in battle. With these array formations, he can easily kill enemies at a higher level.

"However, now that I've broken his array formation, it's as if I've severed his claws. He's no longer a threat. Everyone, follow me and rush forward to activate the Hundred Monarch Formation. With the might of a hundred God Monarch Realm experts, we can suppress him together!

"In this way, even if Lu Xiaoran has three heads and six arms, it's definitely impossible for him to escape from us."

"Yes!"

Everyone replied and immediately transformed into divine lights that stood in their positions.

Yun Lige also joined. He was already at the God Monarch Realm.

As for Ji Wuxia and the others, they were still Supreme God Realm experts for the time being, so they were unable to join the Hundred Monarch Formation.

However, even so, there were still some God Monarch Realm experts in the crowd who were Lu Xiaoran's people.

At the same time, the fifteen God Monarch Realm experts of the Buddhist Sect and the seven God Monarch Realm experts behind Jiang Futu also joined. Otherwise, they would not have been able to gather a hundred God Monarch Realm experts to activate the Hundred Monarch Formation!

After everyone found their positions, Jiang Futu shouted again.

The surrounding stars immediately began to circulate with his shout. With his head as the center, they spun crazily.

When the river of stars spun and the might of the galaxy condensed on the bodies of the hundred God Monarch Realm experts, it instantly transformed into a heart palpitating and violent energy!

At this moment, the hundred God Monarch Realm experts felt as if there was a string connecting them, condensing the strength of the hundred of them into one.

In this way, everyone's aura would increase, and their strength would be released to the limit.

Not only that, but because everyone's auras had been connected, it was as if a huge net had formed in a certain direction, locking the entire space. If Lu Xiaoran wanted to retreat from a certain direction, all the other God Monarch Realm experts would sense it immediately and send reinforcements.

In this way, even if the speed of the battle between God Monarch Realm experts was very fast, Lu Xiaoran would still be unable to retreat from the entire encirclement at that moment.

It could be said that this entire Hundred Monarch Formation was not as simple as only gathering a hundred God Monarch Realm experts.

The formation had almost connected these one hundred God Monarch Realm experts together and unleashed strength that far exceeded the strength of these one hundred God Monarch Realm experts.

As everyone's strength increased and pressed down, the entire space began to emit crackling explosions.

The spatial barrier was unable to withstand everyone's strength and shattered.

The manifestation of everyone's strength was clearly displayed at this moment.

Even though they were God Monarch Realm experts, they still expected that they would need to use cultivation techniques in order to affect the spatial barrier. However, surprisingly, before they could even unleash their strength, the spatial barrier was already unable to withstand it.

When the hundred God Monarch Realm experts fell to a certain level, the ground suddenly lit up again.

"It's an array formation! There's an array formation below!"

Everyone's expressions changed drastically because they could sense that the terrifying energy contained in the array formation was not inferior to the strength Group Master Futu had just unleashed.

That was a strength that belonged to the immortal technique level!

This array formation was an immortal technique-level array formation!

If it hit them, even if it did not kill them, it would severely injure them!

Jiang Futu did not expect Lu Xiaoran to have something like this. He could not help but be somewhat shocked.

However, although he was shocked, he quickly calmed down.

Although he announced to the public that Lu Xiaoran was a hot shot, he knew better than anyone that Lu Xiaoran was not a hot shot. He was a superior existence!

Lu Xiaoran was the chosen one!

He was an existence that was even more heaven-defying than him. Wasn't it normal for someone like him to have some backup plans?

If he did not have a backup plan and could be killed by anyone, his master would not have needed to set up so many things to deal with him.

"Everyone, don't panic. The Hundred Monarch Formation not only increases your strength, but more importantly, it will also increase your defensive strength. There are a total of one hundred God Monarch Realm experts here to resist an immortal technique-level array formation. Don't panic, don't panic. It's not a problem as long as you guys work together!"

#### **Chapter 415: Group Master, Surrender. Lu Xiaoran Is Everywhere**

Hearing this, everyone was more or less relaxed.

Since the group master was confident, they naturally did not doubt him.

This was not because they were not wary of others. It was just that he had so many God Monarch Realm subordinates. As long as the group master was not stupid, it was impossible for them to be harmed.

Therefore, the God Monarch Realm experts chose to believe the group master without hesitation.

It was indeed the case. The moment the all-encompassing attack blasted down from the ground, the entire spatial barrier was directly and mercilessly shattered. The might of the array formation shook the heavens and the earth, and the ground trembled. It was almost unstoppable.

However, when it collided with the Hundred Monarch Formation formed by more than a hundred God Monarch Realm experts, it only made the array formation tremble violently. Then, the formation slowly recovered its stability and the force was blocked at the feet of the God Monarch Realm experts, unable to advance any further.

When the God Monarch Realm experts saw this scene, they also completely relaxed and the corners of their mouths curled up slightly.

As expected of the array formation of an immortal expert, its strength was indeed extraordinary. It could casually resist Lu Xiaoran's meticulous plan. It was simply a stroke of genius.

No one in the world could surpass them!

However, just as everyone was feeling smug, an accident suddenly happened in the next second.

With a crisp sound from somewhere, a few cracks suddenly appeared on the connection of the entire Hundred Monarch Formation.

The powerful energy impact beam directly rushed into a few cracks with a lightning-like momentum at this moment.

As the energy attacked, the cracks became bigger and bigger!

.....

Everyone's expressions changed drastically.

“What’s going on? The Hundred Monarch Formation has been broken!”

“Wasn’t it fine just now? Why did it break in the blink of an eye?”

“Group master, save me!”

Everyone could only ask the group master for help. At this moment, no one dared to retreat. This was because once they retreated a little, the entire array would collapse.

Once the entire array collapsed, everyone would be attacked by the pillar of light.

This was an attack created by an immortal formation. No one dared to take the risk. Once they lost, they would not even know how they died!

In the sky, Jiang Futu was also completely dumbfounded.

That was only an immortal technique-level array formation. Moreover, looking at the might of the array formation, even he could easily defend against it.

The Hundred Monarch Formation was an array formation imparted by his master. Why was it that these subordinates could not resist with it?

How was this possible?

Shocked to the extreme, he did not notice that the corners of a few figures in the crowd below had curled up.

Other than Yun Lige, there were also many others.

After the shock, Jiang Futu did not dare to be careless. He immediately used an immortal technique to suppress the array formation and lent his strength to everyone to resist this wave of attacks.

Boom!

The moment his immortal technique landed on everyone, the entire Hundred Monarch Formation was also swallowed alive.

The entire explosion caused intense damage to the sky!

All the Supreme God Realm experts looked in that direction, their eyes revealing deep fear.

Was this a battle between God Monarch Realm experts?

This difference in their strength was like a natural chasm that blocked them from the other party.

The entire explosion lasted for more than thirty breaths before gradually stopping and disappearing.

However, when the light of the explosion completely disappeared, everyone looked over and shockingly discovered that seven of the hundred God Monarch Realm experts had died!

That’s right!

They had died!

The other God Monarch Realm experts were unscathed, but these seven God Monarch Realm experts had quietly died!

They were unable to resist Lu Xiaoran's immortal formation attack.

"What's going on?"

Everyone could not help but be dumbfounded.

Those were seven God Monarch Realm experts!

They were not some Tom, Dick, or Harry. Moreover, even if Lu Xiaoran was very powerful, they had all just gained the strength of Group Master Futu. Group Master Futu was an immortal!

He was an existence above the God Monarch Realm!

Therefore, at this moment, everyone looked at the dead God Monarch Realm expert who had already been burned to pieces by the energy pillar and fell into deep thought.

"Fellow Daoist Jiang, looks like this Lu Xiaoran is really not ordinary."

Jiang Futu's expression was cold and ugly. He had clearly protected every God Monarch Realm expert just now. It did not make sense for the few of them to not be able to survive.

Just as he was feeling puzzled, a violent explosion suddenly sounded from the sky.

Everyone was shocked.

"What's going on?"

"Someone's coming!"

Before everyone could react, a divine lightning suddenly fell from the sky and instantly bombarded one of the God Monarch Realm experts.

With a violent explosion, this God Monarch Realm expert was directly blasted into pieces. He did not even have the chance to scream.

"Enemy attack! Enemy attack!"

Everyone's expressions changed and they immediately panicked.

At this moment, another divine lightning fell, followed by a second, a third, and a fourth...

Every divine lightning that fell would kill a God Monarch Realm expert. All the God Monarch Realm experts present were completely frightened.

Even though they were powerful God Monarch Realm experts, they did not dare to face death easily. Moreover, this Purple Heaven Divine Lightning could kill them easily.

Even a god would not be able to withstand it!

"Damn it!"

Jiang Futu's expression turned cold.

“Fellow Daoist Xingyun, please help.”

Xingyun nodded.

“No problem.”

As soon as he finished speaking, he pressed his palms together, and a huge golden Buddha phantom surged out from behind him.

As soon as this golden Buddha phantom appeared, it shone brightly and shot in all directions. The originally pure Purple Heaven Divine Lightning suddenly lost its might when it landed on this huge golden Buddha.

This was because the Buddhist light was also extremely powerful. The two attributes were similar and were unable to injure each other at all.

With Xingyun blocking, the God Monarch Realm experts finally heaved a sigh of relief. Jiang Futu also immediately began to use the immortal artifact compass to search for Lu Xiaoran’s location.

Since they were at a close range, as soon as the immortal artifact compass appeared, they could naturally easily find Lu Xiaoran!

Almost in an instant, a small golden light particle appeared on the compass.

“Little brat, I’ve finally found you!”

However, before Jiang Futu could be happy, a few more golden light particles began to appear on the compass in the next second. Every light particle was incomparably clear and very close.

This made Jiang Futu dumbfounded.

What was going on? Could it be that his compass was broken?

Was there a mistake?

This was an immortal artifact his master had given him!

Just as he was feeling puzzled, an extremely oppressive golden light suddenly shot over from afar!

Boom!

Before everyone could react, the golden light blasted into the God Monarch Realm experts and instantly exploded. Its might was vast. With a wave of explosions, it directly killed more than ten God Monarch Realm experts. It was domineering and ruthless as it completely destroyed them!

Before everyone could react, a second golden light attacked.

This time, everyone was somewhat vigilant. The moment they noticed the golden light, they all retreated.

However, although they retreated, the cultivation and strength of the God Monarch Realm experts were different. Their speed of retreat was also slower.

The fast ones could naturally escape in an instant, but the slow ones could not.

Among them, five God Monarch Realm experts with weaker cultivation were swept into the golden light again and turned into residue.

The remaining God Monarch Realm experts were already completely frightened.

The other party was no longer killing one expert with one move. He was killing ten of them with one move!

Even if they were all God Monarch Realm experts, no one could withstand such damage!

At the same time, a few more golden lights flashed in the distance.

“Run!”

The God Monarch Realm experts had already completely fallen into fear. They immediately fled in all directions like birds and beasts. At this moment, the arrogance they had when they arrived had completely disappeared.

Streams of light rushed into the sky, and Jiang Futu roared repeatedly.

“Stop, stop! I’ll kill whoever dares to run!”

However, other than the few God Monarch Realm experts beside him, no one else was willing to listen to him.

To his surprise, Yun Lige and the few God Monarch Realm experts from the Heaven Saber Pavilion and the Taiyi Sword Dao were actually still by their side.

The remaining ten God Monarch Realm experts of the Buddhist Sect flew to the High Buddha Xingyun’s side.

Jiang Futu could not help but nod.

“I didn’t expect the few of you to be so loyal! After killing Lu Xiaoran, I guarantee that all of you will become immortal!”

At this moment, the lights that flew out in the distance were instantly blasted back. Some of them were even destroyed on the spot.

Screams sounded one after another!

This was a massacre, a massacre that was completely unequal!

Jiang Futu sneered.

“Did you see that? This is the outcome of betraying me! Whoever betrays me will end up like this! Hahaha...”

As soon as he finished speaking, a one-armed God Monarch Realm expert covered in blood arrived beside him and said with a frightened expression,

“Group master! Quickly! Surrender! Lu Xiaoran is everywhere outside.”

“Bullsh\*t! How could there be that many Lu Xiaoran? Do you think I’m a pig?”

As soon as he finished speaking, Jiang Futu slashed the other party to death.

However, just as he did this, a mocking sneer suddenly sounded in his ear.

“You’re right. You’re indeed a pig!”

As soon as he sneered, Yun Lige and the others suddenly erupted and directly attacked the few God Monarch Realm experts who had followed Jiang Futu.

Boom! Boom! Boom!

In an instant, several more light balls erupted in the sky, illuminating the world as if it was daytime.

Jiang Futu’s eyes were bloodshot!

“No!”

With a furious roar, he directly raised his hand and punched, shattering the spatial barrier and heading straight for Yun Lige and the others.

“Get back!”

Yun Lige shouted and got the Heaven Saber Pavilion’s pavilion master and the others to retreat. They were only ordinary God Monarch Realm experts and were unable to fight those at a higher level.

At this moment, he erupted with all his strength. The black and blood-colored power mixed and formed black and red flames again, enveloping him.

The God Slaying Spear appeared automatically in his hand.

#### **Chapter 416: Aiyo, Your Sword Formation Is Not As Strong As Mine**

Seeing the black and red aura appear, the expressions of the remaining ten God Monarch Realm experts suddenly changed.

“This aura! It’s actually him!”

“No wonder we felt that it was somewhat familiar just now. I didn’t expect it to be that brat. Is he also one of the chosen one’s men? Damn it!”

“Wasn’t he a God Emperor Realm expert previously? When he was in our Buddhist Sect, he seemed to have increased to the Supreme God Realm. Why has he become a God Monarch Realm expert now? Has he been enlightened? Why is he so terrifying?”

The High Buddha’s expression was the most ugly because he felt that he had been tricked.

Since Yun Lige’s cultivation increased so quickly, Lu Xiaoran’s methods might be even stronger than his!

If that was the case, he and Jiang Futu might not be Lu Xiaoran’s match even if they worked together.

From the beginning of the battle until now, he had not even seen Lu Xiaoran. However, Lu Xiaoran had already scattered the Hundred Monarch Formation and destroyed Jiang Futu’s command!

That was a hundred God Monarch Realm experts, not a hundred cats and dogs!

Lu Xiaoran did not even show his face.

If he came out, who knew how powerful he would be.

At this moment, Jiang Futu's attack had already arrived in front of Yun Lige. Yun Lige did not waste any time. In an instant, he held the God Slaying Spear and blocked horizontally!

Boom!

.....

A shocking explosion sounded. The spatial barrier was unable to withstand Jiang Futu's attack at all and directly exploded on the spot. Yun Lige's figure was also blasted back alive. He took two steps at a time, creating sparks.

However, just as he retreated to the eighth step, the black and red flames also seemed to be furious and spun as they erupted.

Four black lotus flowers also appeared above his head and spun quickly.

It directly helped him resist Jiang Futu's attack.

When everyone saw this scene, their pupils could not help but shrink, and the hair on their bodies stood on end!

Yun Lige was only at the first level of the God Monarch Realm.

It was not that he was not powerful. He was extremely powerful!

However, that was only relative to the entire Divine World. He was very powerful, but compared to the people of the Immortal World, he was nothing.

As for Group Master Futu, he was an immortal expert!

Yun Lige was actually not afraid at all when facing a true immortal expert. Moreover, he had even blocked the other party's attack. This method and level were enough to make everyone present respect him.

Moreover, Lu Xiaoran's disciple was already so powerful. If it were Lu Xiaoran, how powerful would he be?

Jiang Futu clenched his fists tightly and gritted his teeth.

"Ge Liyun! You bastard! To think that I thought of you as my true disciple. In the end, you were actually so sinister and vicious. You took the opportunity to attack me! Why did you do this?"

"Because you're stupid!"

Yun Lige said indifferently and could not be bothered to explain further.

He was his master's disciple, so he naturally had to help his master beat up Jiang Futu. Would it make sense for him to beat up his master just because of some small favors from Jiang Futu?

Moreover, Jiang Futu still did not know his real name and had been fooled by him. If he was not stupid, what was he?

These words completely ignited the anger in Jiang Futu's heart, making him completely unable to control his heart.

"Ge Liyun, you bastard, I'll definitely kill you today!"

Jiang Futu roared. In the next moment, a golden light in the distance suddenly bombarded his body.

"You're not qualified to kill my disciple!"

Boom!

Another shocking explosion sounded. This time, it was Jiang Futu who was sent flying. Moreover, the distance he covered was several times further away than Yun Lige had just retreated.

Moreover, he was an immortal. It could be imagined that the strength of this attack was much stronger than the strength of his previous attack.

Yun Lige mocked from the side,

"Idiot, you can't even withstand the attack of my master's avatar and you still want to kill my master. If you're not stupid, what are you?"

"Also, my name is not Ge Liyun. My name is Yun Lige!"

"After being together for so long, you don't even know my real name. It's already lucky for you to be called a fool. Is there something wrong with your head?"

"Yun Lige, damn you!"

As an immortal, Jiang Futu was so furious that he cursed. His anger was obvious.

However, what welcomed him was another golden light.

Boom!

Jiang Futu was blasted back again, and then another golden light appeared.

This golden light was not fatal, but it still injured him greatly every time. The immortal power fluctuation in his entire body was trembling violently.

It was as if he had been slapped in the face again and again.

Jiang Futu roared repeatedly.

"Lu Xiaoran, if you have the guts, get the hell out here. What kind of man are you to hide in a corner and attack?"

Yun Lige raised his middle finger.

“You want my master to come out just because you asked him to? Who do you think you are? You’re so ugly and stupid.”

Pfft!

Jiang Futu was angered by Yun Lige and directly spat out a mouthful of blood!

Just as he was about to speak, a teasing voice sounded from the starry sky in the next second.

“Lige, you can’t say that. Fellow Daoist Jiang has provided you with so many resources. As your master, I still have to come out and thank him.”

As soon as he finished speaking, a handsome figure holding the Sun Shooting Divine Bow stepped over from the starry sky.

Everyone narrowed their eyes slightly, and the atmosphere on the entire battlefield instantly became solemn.

This person had walked over from the direction of the golden light just now. Moreover, this person held a long bow in his hand. Coupled with his extraordinary aura, even an idiot could tell that this was Lu Xiaoran.

Only Lu Xiaoran would give off this unique feeling of superiority.

Otherwise, everyone would not be gathering to hunt him. Instead, he would be gathering with everyone to hunt others.

Even in a crowd, a true monarch would still be seen through by others.

“Lu Xiaoran, you finally appeared.”

Jiang Futu gritted his teeth in anger, his ferocious expression wishing he could skin Lu Xiaoran alive.

Lu Xiaoran only smiled faintly.

“You gave my disciples so many gifts. Isn’t it inappropriate for me to not come?”

Thank you for helping me nurture my disciples so well. ”

Jiang Futu directly spat out a mouthful of blood in anger.

Lu Xiaoran consoled, “Don’t be angry, because you still have a lot to be angry at.”

As he spoke, another figure suddenly stepped out slowly from another direction.

He was actually an identical figure to this Lu Xiaoran. They wore identical clothes and had identical auras.

However, the weapon in the other party’s hand was different.

The weapon in his hand was the Kunlun Sword, and the other Lu Xiaoran was holding the Sun Shooting Divine Bow.

“There are two Lu Xiaoran!”

Everyone present was shocked.

One of them was already powerful enough to shake an Immortal Realm expert. How powerful would it be if there were two Lu Xiaorans?

Before everyone could be shocked, another figure with the same aura and appearance stepped out from another angle. This time, he held the Creation Bell in his hand!

Then came the fourth, fifth, sixth...

Lu Xiaoran's figures walked out one after another. Other than the weapons in his hand, there was actually no difference!

Be it his aura, appearance, or even aura, they were all the same.

Everyone was completely dumbfounded.

With so many Lu Xiaorans, how could they fight?

At this moment, Jiang Futu finally understood what everyone meant. It turned out that what the other party said was indeed true. There really were a lot of Lu Xiaorans!

The compass wasn't broken. They were not lying to him!

Lu Xiaoran stared at Jiang Futu and smiled. He did not waste his breath and only snapped his fingers.

"Beat him up!"

These two words were simple and concise. In the next moment, more than ten avatars directly pounced forward and pounced towards Jiang Futu.

This had always been Lu Xiaoran's habit. He did not like to talk too much nonsense.

At the very least, he had to kill the other party first.

Although each of the dozen or so lights was only at the sixth level of the God Monarch Realm, their true combat strength was comparable to an immortal.

As soon as these dozen people appeared, they were enough to instantly kill Jiang Futu.

Even if Jiang Futu was at the Immortal Realm!

This was because Lu Xiaoran could kill enemies at a higher level.

A single Lu Xiaoran could already kill enemies above his level, let alone more than ten Lu Xiaoran.

The galaxy in the sky seemed to have stopped at this moment!

Everyone's breathing froze at this moment.

Could it be that this battle was about to end?

However, this was only the beginning!

However!

Just as everyone thought that Jiang Futu was in danger and that he had no chance of survival, an accident suddenly happened.

When Lu Xiaoran's more than ten avatars landed beside Jiang Futu, a sinister smile suddenly appeared on the corner of Jiang Futu's mouth.

Immediately after, an extremely killing aura and energy instantly erupted from his body, transforming into four immortal swords that flickered with different colors as they firmly locked onto Lu Xiaoran's more than ten avatars.

In just an instant, the entire space was torn apart. The space Lu Xiaoran and the other party were in was completely sealed and torn apart. They were immersed in a separate space that no one could touch.

"What a terrifying aura! High Buddha, what's going on? A regular sect actually has such a powerful array formation!"

The High Buddha Xingyun's eyes flickered incessantly as he said indifferently,

"This is the Jie School's Immortal Slaying Sword Formation of ! This sword formation is not ordinary. It's a technique that belongs to School Master Tongtian. It can allow one to fight four people alone!

"Although this Immortal Slaying Sword Formation is not comparable to School Master Tongtian's Immortal Slaying Sword Formation, it is definitely extraordinary and is not something Lu Xiaoran could easily resist.

"If I'm not wrong, Jiang Futu's performance just now was all an act. It was all to attract Lu Xiaoran's appearance and let him approach his body to trigger the Immortal Slaying Sword Formation!"

"Hiss ~! That Lu Xiaoran is probably dead this time."

On the battlefield, Jiang Futu indeed revealed a crazy and smug expression.

"Lu Xiaoran, you didn't expect this, right? I was pretending just now to confuse you and attract you into the Immortal Slaying Sword Formation."

"Now that you have already stepped into the Immortal Slaying Sword Formation, even if you have three heads and six arms, you can only die.

Die!"

With a furious roar, the four Immortal Slaying Swords instantly emitted an extremely heart palpitating killing aura.

#### **Chapter 417: Why Are You Guys All Identical**

As Jiang Futu controlled the Immortal Slaying Sword Formation, he shouted to the other God Monarch Realm experts,

"What are you guys waiting for? Kill that Yun Lige and the other traitors. Kill them all and I'll let bygones be bygones. After this matter, I'll make sure all of you receive benefits!"

Everyone's eyes immediately lit up.

That's right. They could not defeat Lu Xiaoran, but they could defeat Lu Xiaoran's subordinates.

At this moment, everyone's auras immediately began to lock onto the other party.

Yun Lige narrowed his eyes slightly. He was not afraid of the so-called God Monarch Realm experts.

However, it would probably not be easy for his junior brothers and sisters.

Although they had destroyed many God Monarch Realm experts in the beginning, there were still dozens of God Monarch Realm experts here.

Moreover, there were also the ten Buddhist God Monarch Realm experts beside the High Buddha!

Just as everyone's hearts palpitated, Lu Xiaoran flew out and shot out dozens of divine lights that entered Ji Wuxia and the others' hands.

"These are all immortal artifact versions I've strengthened for you. They're enough for you to kill enemies at a higher level. Try to hold on for now and wait for me to destroy this guy."

After Lu Xiaoran put them into his small world and imprinted them, these immortal artifacts basically no longer belonged to this world.

Therefore, if they circulated their immortal artifacts now, they would not be discovered by the Heaven Dao.

.....

Lu Xiaoran was naturally not afraid.

Everyone was touched.

"Master, if you give us all your immortal artifacts, what are you going to use?"

Lu Xiaoran's avatars waved their hands.

"It's fine. I'll just use whatever's left."

Everyone instantly fell silent.

The Heaven Saber Pavilion Master could not help but whisper into Song Xinian's ear,

"Xinian, why are you all silent all of a sudden? Are you speechless because you're too touched?"

Song Xinian said faintly, "You don't know my master's tricks."

"It would be fine if he didn't say that he didn't say that final line. However, if he said that, there's no need to be touched because he definitely kept an even stronger Dharma treasure for himself. "

Heaven Saber Pavilion Master : "..."

Her beautiful little face could not help but twitch fiercely.

Was there such a scheming master?

However, speaking of which, this Lu Xiaoran was really too powerful!

The other party actually had an even more powerful Dharma treasure. What level was that Dharma treasure?

Could it be that he was really a Saint like Song Xinian had said?

Jiang Futu smiled coldly.

“Idiot, they’re not like the two of us. Without the protection of great luck, once they use an immortal artifact, the Heaven Dao laws will directly crush them. Our God Monarch Realm experts won’t even need to attack.”

Lu Xiaoran glanced at him.

“Ignorant.”

Jiang Futu still wanted to say something. At this moment, Ji Wuxia and the others had already started fighting the God Monarch Realm expert.

What he did not expect was that Ji Wuxia and the others were actually unscathed when they used their immortal artifacts. They did not receive any punishment from the Heaven Dao laws!

At this moment, Jiang Futu was dumbfounded.

What was going on?

Could it be that because Lu Xiaoran was the chosen one, his disciples’ luck was not inferior to his own? Could it be that their luck had reached a level where they could use immortal artifacts?

Wasn’t this Lu Xiaoran a little too abnormal?

However, he quickly clenched his fists tightly and stared at Lu Xiaoran with a cold expression.

“Don’t be too smug. It doesn’t matter even if I can’t kill your disciple for the time being.

“After I kill you, I’ll naturally kill them!”

...

Boom! Boom!

A monstrous thunder suddenly exploded in the sky.

That was the Immortal Slaying Sword Formation. It had already triggered the heavenly might.

As soon as the Immortal Slaying Sword Formation appeared, the weather changed, and the stars in the sky began to flash incessantly.

The powerful might even made Lu Xiaoran’s disciples unable to help but step forward to resist it for their master.

Unfortunately, the might of this Immortal Slaying Sword Formation was extremely powerful and fast.

It could almost be said that he could do as he pleased.

With a thought, the entire array formation began to operate in the way he wanted it to.

The blood-colored killing aura that covered the sky formed a tornado that swallowed Lu Xiaoran alive, wanting to tear him apart and destroy him.

The surrounding galaxy flashed even more violently and faster!

Almost in an instant, it caused more than a million attacks to Lu Xiaoran.

Every attack aimed for Lu Xiaoran's fatal weakness!

Boom! Boom! Boom!

In the sword formation, lightning flashed and thunder roared. The energy elements transformed into earth, water, wind, and fire and began to evolve again. Everything inside the formation, even energy like divine power, would be destroyed again and again!

The terror of the Immortal Slaying Sword Formation was displayed at this moment.

There was nothing fancy or unnecessary about the circulation formation. It directly destroyed everything in the entire array formation in the simplest and most violent form!

Everyone who saw this Immortal Slaying Sword Formation, including High Buddha Xingyun, could not help but reveal fear.

Even though they were not in the Immortal Slaying Sword Formation, they were already extremely afraid. Some of them even began to tremble and their legs turned weak from fear.

Almost all of them could clearly sense that if they stepped into this Immortal Slaying Sword Formation, they would probably be destroyed in an instant!

Some people even felt that Lu Xiaoran would definitely die this time!

The battle in the arena had already stopped. No one wanted to continue fighting. They only wanted to see this rare and exciting battle with their own eyes!

This Immortal Slaying Sword Formation came and went quickly.

It was not that it was useless. However, although it was only imitating the Immortal Slaying Sword Formation, it was still not ordinary. Jiang Futu was also not qualified to control the Immortal Slaying Sword Formation for a long time and could only control it for a while!

However, this was also enough.

With the strength of the Immortal Slaying Sword Formation, even if it only lasted for a second, it was enough to completely destroy the other party!

Moreover, the formation had already lasted for a few seconds!

"Is he dead?"

This was the thought of almost everyone who had come to fight Lu Xiaoran.

However, the moment the Immortal Slaying Sword Formation retreated, almost everyone's minds were completely in chaos.

Lu Xiaoran's avatars were actually intact and were not even injured!

"How is this possible? This is impossible!"

Jiang Futu's face was filled with disbelief. His eyes widened like those of a bull.

This was the Immortal Slaying Sword Formation!

Although it was only an imitation and was far inferior to the true Immortal Slaying Sword Formation, it was still a powerful array formation. It was even impossible for an immortal to resist this array formation and be turned to ashes.

However, Lu Xiaoran had blocked it!

He!

How did he block it?

The High Buddha Xingyun was also shocked.

Others might not know how powerful the Immortal Slaying Sword Formation was, but as an immortal, he knew its strength very well.

He could clearly sense that no immortal in the Immortal World could resist this move.

Therefore, he was also puzzled!

However, at this moment, someone shouted.

"Look, Lu Xiaoran's weapons are glowing."

After this reminder, the High Buddha finally noticed something different about these weapons.

Just now, when Lu Xiaoran appeared with these weapons, he had yet to sense the wonders of these weapons.

At this moment, he finally understood the profundity of these weapons.

"I didn't expect him to actually have such dense strength. Looks like Jiang Li, or Jiang Futu, is definitely going to die this time!"

Jiang Futu clearly recognized the weapons in Lu Xiaoran's avatars' hands.

"These weapons, no, impossible! They're actually all existences that have surpassed immortal artifacts. Are these all Postnatal spirit treasures? Impossible! This is impossible! You actually have so many Postnatal spirit treasures?"

Everyone was dumbfounded when they heard this.

"Postnatal spirit treasure? What's a Postnatal spirit treasure?"

Although they were very powerful in the Divine World, they still did not know much about the Immortal World. At most, they only knew that there were immortal artifacts and immortal techniques in the Divine World. They were not sure about anything above that.

The High Buddha explained, “The so-called Postnatal spirit treasures are actually existences that far surpass immortal artifacts.

It could no longer be considered a weapon but an existence that could cultivate independently.

Postnatal spirit treasures could already be said to have surpassed the scope of weapons.

Although there were many Postnatal spirit treasures, Postnatal spirit treasures were still extremely rare. Even in the Immortal World, immortals were not qualified to control Postnatal spirit treasures.

Only a few high-level immortals had the chance to wield Postnatal spirit treasures if they were extremely lucky.

Its rarity was no longer equivalent to a God Realm cultivator possessing a profound weapon. Instead, it was equivalent to a mortal from the lower realm possessing a profound weapon!”

“Hiss ~”

Hearing this, everyone felt their souls tremble deeply.

Was a Postnatal spirit treasure actually such a powerful existence?

Was this a joke?

Lu Xiaoran actually had a Postnatal spirit treasure that even immortals could not easily obtain?

Moreover, there were so many of them!

Most importantly, he was only at the God Monarch Realm now!

He was still not an immortal!

He had so many Postnatal spirit treasures as a God Monarch Realm expert. If news of this spread to the Immortal World, almost everyone in the Immortal World would be envious, right?

The few God Monarch Realm experts from the Heaven Saber Pavilion and the Taiyi Sword Dao were crazily certain.

It was confirmed that Lu Xiaoran was definitely a Saint!

Other than Saints, who else had so many Postnatal spirit treasures? It was as if they were as abundant as cabbages.

However, for some reason, Lu Xiao could not reveal his true body!

After all, although everyone did not know how powerful Postnatal spirit treasures were previously, they all knew that every world was suppressed by the Heaven Dao laws.

Cultivators from high-level worlds were not allowed to casually stay in some low-level worlds. Even a Saint like Lu Xiaoran couldn't go against this rule.

Therefore, the strength he currently displayed was only at the God Monarch Realm.

However, no matter what, they would become rich if they could take advantage of this Lu Xiaoran!

At this moment, a Buddhist God Monarch could not help but speak.

"This guy has so many good things. If we were in the Immortal World, wouldn't he be robbed crazily?"

Xingyun smiled slightly.

"Robbed crazily? No."

Everyone could not help but frown slightly.

"But didn't the High Buddha just say that this thing is very rare?"

"This thing is very rare, but the moment he appears in the Immortal World, he will be directly slapped to death by some supreme expert. He won't have the chance to react at all."

Everyone was stunned before understanding the High Buddha's meaning.

That's right.

Humans die for wealth, and birds die for food.

If one was not powerful enough, they would only die.

After Jiang Futu saw Lu Xiaoran's Postnatal spirit treasure, he was already on the verge of going crazy!

He could not accept that Lu Xiaoran was actually so much stronger than him.

He was a disciple personally taught by his master. He had only become so powerful because he was backed by his master.

As for Lu Xiaoran, he was an itinerant cultivator and did not even have anyone to guide him. Why?

Just because he was the chosen one?

"So what if you have a Postnatal spirit treasure? I'll use this array formation to trap you to death! Then, I'll kill all your disciples. At that time, I'll even take the array formation away to see my master. Even if you have three heads and six arms, it's useless!"

"Do you think you can kill me with this immortal artifact-level Immortal Slaying Sword Formation?"

A cold smile appeared on Jiang Futu's face.

"Do you really think that I've only prepared a God Monarch Realm chat group after living in the Divine World for so many years?"

"Master had long reminded me that your methods were endless and far exceeded my expectations, so he told me to make more preparations."

“In the past few years, I have controlled countless factions in the Divine World and triggered countless bloody wars!

“Because of these wars, I had long gathered a lot of blood.

“Now, this blood can be used to strengthen the Immortal Slaying Sword Formation!”

As he spoke, Jiang Futu flicked his finger and shot out a blood bead.

As soon as this blood bead appeared, blood aura surged in an instant. The Immortal Slaying Sword Formation was originally a killing sword formation. Now that it was affected by this blood aura, its might instantly multiplied by more than ten times.

At this moment, the stars in the sky flashed even faster, as if they were even more fearful of the power of the Immortal Slaying Sword Formation!

“I have the blood of more than a billion people here! With the enhancement of the blood of these one billion people, my Immortal Slaying Sword Formation will be able to resist your Postnatal spirit treasure even though it is only an immortal artifact! I doubt that you will be able to resist this time.”

Lu Xiaoran shook his head slightly.

Why were these guys always so crazy? They killed people crazily and then used them to unleash cultivation techniques or array formations.

Previously, when he was in the lower realm, the Ye family had done this.

If nothing unexpected happened, this Jiang Futu was also the disciple of that mysterious person.

Were the disciples of that mysterious person all the same? Even their thoughts and methods were the same.

Why were these guys all identical?

However, to be honest, these people simply had no bottom line.

Of course, Lu Xiaoran was not a saint. He only felt that these people were really lacking in style.

At this moment, the Immortal Slaying Sword Formation had already become stronger!

It had already absorbed the blood of a billion people. The lights on the four swords had already turned blood red. They were strange and shocking!

Lu Xiaoran couldn't help but sigh.

Helpless, he could only use that thing to break this array formation and make the other party completely give up.

#### **Chapter 418: Taste My Immortal Slaying Sword Formation**

The light on the Immortal Slaying Sword Formation had already reached its peak at this moment.

The entire night sky was illuminated by blood-red starlight, and all the ordinary colors had disappeared.

At this moment, although everyone was not in the Immortal Slaying Sword Formation, the bloody killing aura actually shocked everyone until they could not breathe or even move their bodies easily.

Other than the High Buddha, only Yun Lige could move normally under this blood aura.

The High Buddha was able to do so because his cultivation was powerful enough. Yun Lige was also able to do so because he cultivated a killing aura and had the same attributes as the other party. The Immortal Slaying Sword Formation was simply unable to affect him.

The corner of Jiang Futu's mouth curled up slightly. At this moment, he had almost released the full might of the Immortal Slaying Sword Formation. The Immortal Slaying Sword Formation had already reached its peak state. Even if Lu Xiaoran had a Postnatal spirit treasure, he could forget about breaking through this Immortal Slaying Sword Formation!

He was finally about to succeed!

After killing Lu Xiaoran and completing the mission his master had given him, he would be able to do whatever he wanted in the three worlds!

However, at this moment, a golden light actually shot out from the completely scarlet Immortal Slaying Sword Formation!

Jiang Futu's heart paused as he vaguely had a bad feeling!

"Not good! Immortal Slaying Sword Formation, kill!"

He no longer wanted to continue accumulating energy because he felt that if he did not activate the Immortal Slaying Sword Formation immediately, it was very likely that something else would happen in the next second and cause him to lose everything.

The Immortal Slaying Sword Formation was activated, and the blood-red killing aura attacked Lu Xiaoran's avatar again.

.....

The earth, water, wind, and fire began to evolve in the sword formation again. Moreover, they were even faster and stronger than before!

Clearly, the current Immortal Slaying Sword Formation this time was countless times stronger than before!

However, before the killing aura could condense on Lu Xiaoran's body, the golden light tore apart the killing aura on the Immortal Slaying Sword Formation with a powerful aura!

That's right, it had torn apart the formation in an almost invincible manner!

Boom!

In the next second, it shattered the array and landed straight on one of the immortal swords. Then, it swept away. The second, third, and fourth immortal swords shattered one after another!

This extremely terrifying move made the entire starry sky tremble.

The four immortal swords of the Immortal Slaying Sword Formation were instantly shattered by Lu Xiaoran's golden light!

The world-shaking Immortal Slaying Sword Formation instantly disappeared!

The impact energy from the explosion forced all the God Monarch Realm experts to retreat. The killing aura formed by the blood of a billion people was absorbed by Yun Lige!

Although the killing aura spread very quickly and Yun Lige did not have the time to absorb it all, he still absorbed a small portion. He still absorbed the blood of more than a hundred million people.

This made another black lotus appear on Yun Lige's head. There were already five black lotuses.

Moreover, his cultivation had actually broken through two levels in a row, directly breaking through to the third level of the God Monarch Realm!

In the sky, a fluctuation also vaguely sounded. It was because Lu Xiaoran's main body's cultivation had also increased!

At this moment, he had already reached the seventh level of the God Monarch Realm!

After the shock wave disappeared, the entire scene fell into a deathly silence again.

Lu Xiaoran was unscathed. The Immortal Slaying Sword Formation had been completely shattered and was nowhere to be seen!

"Heavens, this... this... what's going on?"

"How is this possible? How powerful is this guy?"

"How did he do it?"

At this moment, everyone felt a deep sense of powerlessness when facing Lu Xiaoran!

Of course, this did not include Yun Lige and the others. Yun Lige and the others were all proud.

This was because this was their master!

The stronger their master was, the more proud they were!

This also did not include the God Monarch Realm experts of the Heaven Saber Pavilion and the Taiyi Sword Dao.

They were extremely glad that they had chosen to fight for the right side at the last moment. This was also thanks to them taking in Li Changsheng and Song Xinian as their disciples. Otherwise, at this moment, both sides would probably be dead.

Even if they did not die now, they would definitely die later.

In particular, Heaven Saber Pavilion Master Hong Xiu was the most excited at this moment.

This was because she was Song Xinian's woman and was closer to him than the other God Monarch Realm experts.

In the future, she will definitely reach a higher level.

Jiang Futu was already completely dumbfounded, and his face was filled with extreme despair.

Even his strongest reliance, the Immortal Slaying Sword Formation, had been destroyed. How could he kill Lu Xiaoran?

He had already failed!

At this moment, he did not know how to repay his master or how to feel.

"Why? Why can you still destroy the Immortal Slaying Sword Formation after I've already strengthened it?"

"How did you do it?"

Jiang Futu clenched his fists tightly and stared fixedly at Lu Xiaoran's avatars, his eyes filled with unwillingness.

At this moment, Xingyun said coldly, "If I'm not wrong, the treasure in Lu Xiaoran's hand has already been upgraded to a Postnatal cardinal treasure."

"What? Postnatal cardinal treasure? How is this possible? Don't Postnatal cardinal treasures need to condense great merit in order for it to be born? Moreover, they're basically all taken right after they're born from the world. How can he have a Postnatal cardinal treasure?"

Xingyun said with a solemn expression, "I don't know about that, but if I'm not wrong, it's very likely that this child can create a Postnatal cardinal treasure! This is because the sword in his hand is very similar to the Xuanyuan Sword. The Xuanyuan Sword carries a lot of merit and is already comparable to a Connate spirit treasure."

"Moreover, the master of the Xuanyuan Sword is not him.

"It's also impossible for the other party to lend him the Xuanyuan Sword. Moreover, I only sensed the aura of a Postnatal cardinal treasure from the Xuanyuan Sword. I did not sense much merit. Therefore, this means that this Xuanyuan Sword was created by him. "

"What did you say?!"

Jiang Futu's body trembled, and he was completely dumbfounded.

Lu Xiaoran could even create a Postnatal cardinal treasure!

That was a freaking Postnatal cardinal treasure. Moreover, it was actually the Xuanyuan Sword!

Jiang Futu had also heard a little about the Xuanyuan Sword. Although it was only a Postnatal cardinal treasure, because it carried a lot of merit, it was already comparable to a Connate spirit treasure!

Lu Xiaoran had actually created a Postnatal cardinal treasure, a second Xuanyuan Sword!

Was this guy really that heaven-defying?

Was this the strength of the chosen one his master had told him about?

This was so heaven-defying that even the heavens would probably kneel and lick his toes, right?

At this moment, Jiang Futu's worldview completely collapsed.

Lu Xiaoran did not give the other party much time to think. The moment the killing intent shattered the Immortal Slaying Sword Formation, it directly locked onto Jiang Futu firmly.

After Jiang Futu sensed this killing intent, his heart trembled. He did not dare to be careless and immediately used a golden pearl. The aura emitted from this pearl was extremely similar to a Postnatal spirit treasure. As soon as it appeared, it directly locked Jiang Futu in place.

"Lu Xiaoran, I admit that you're powerful! However, it's not that simple for you to kill me! Although this Dharma treasure of mine is only an immortal artifact, it's already comparable to a Postnatal spirit treasure."

"Moreover, although it's not a Postnatal treasure, it can still buy me a certain amount of time. It will take me at least two hours. Although it won't take long, this time is enough for me to find my master for help.

"Once my master arrives, even if you have three heads and six arms, you won't be able to do anything to me! Hahahaha..."

Seeing how arrogant Jiang Futu was, Lu Xiaoran's avatars all had extremely cold expressions, as if they did not take his words seriously.

Without any warning, he directly slashed.

Boom!

The sword beam shot out for a hundred thousand feet, as if it had torn through the curtain of the world. In the end, it landed mercilessly on Jiang Futu.

However, just as Lu Xiaoran's sword landed on Jiang Futu, it only trembled for a moment. The shock wave rushed out with a blue energy wave.

The God Monarch Realm experts in the distance were all forced back by this powerful shock wave again, and Jiang Futu was actually unscathed!

This scene made everyone present exclaim again.

"Heavens, Jiang Futu's methods are not simple either."

"That's right. He's actually able to resist Lu Xiaoran's attack! That's a force that can even break through the Immortal Slaying Sword Formation. It actually didn't cause any ripples at all. It's simply too heaven-defying."

“However, don’t forget that he’s already an immortal, and Lu Xiaoran is only a God Monarch Realm expert now. There’s a huge difference between the two of them.”

As soon as he said this, everyone felt deep veneration for Lu Xiaoran again.

Even if Lu Xiaoran could not kill Jiang Futu today, he was still a hero in everyone’s hearts, a super expert!

He had already done enough!

However, Lu Xiaoran clearly felt that it was not enough!

If anyone dared to touch him, he would definitely kill the other party completely.

He retracted the Xuanyuan Sword in his hand and formed a seal with his fingers, instantly shooting out four lights of different colors.

The moment they saw these four lights, everyone’s expressions changed drastically again!

They could not remember how many times they had been shocked today.

However, they felt something different with every shock.

They were all completely different!

This time, their shock was not inferior to their previous shock at all.

When the four lights completely locked onto Jiang Futu, his face immediately turned pale.

“Impossible! This is impossible! How did you do it? How did you obtain the Immortal Slaying Sword and the Immortal Slaying Sword Formation?”

However, he quickly thought of something and immediately said, “Wait, could it be that you created your own formation?”

Lu Xiaoran finally spoke and smiled indifferently.

“That’s right. This Immortal Slaying Sword Formation was indeed made by me. However, it’s slightly different from your version.

“Yours... is only the immortal artifact version.

“As for mine, it is a Postnatal spirit treasure level version!

“I wonder if you can still hold on with that immortal artifact! ”

#### **Chapter 419: Taking Advantage Of The Situation**

“Ac... Postnatal spirit treasure!”

Jiang Futu was completely in despair.

It was over!

He was really doomed now. Even the pearl his master had taught him was completely useless.

His greatest reliance was the life-saving pearl his master had given him. It could allow him to be immune to all damage for a period of time and wait for his master to come and save him.

However, now, Lu Xiaoran had even used the Postnatal spirit treasure, the Immortal Slaying Sword. No matter how powerful his pearl was, it was useless!

Lu Xiaoran's Immortal Slaying Sword Formation was used. This time, the stars in the sky directly dimmed and all lost their light.

It had to be known that when Jiang Futu used the Immortal Slaying Sword Formation previously, the stars in the sky would still flicker. However, the might of Lu Xiaoran's Immortal Slaying Sword Formation had already directly suppressed their ability to even flicker!

The moment the sword formation was used, the earth, water, wind, and fire directly began to evolve. Everything inside the formation was unreasonably destroyed by this killing aura.

The moment Jiang Futu's pearl encountered this Immortal Slaying Sword Formation, it directly began to shatter. It was simply unable to resist the might of Lu Xiaoran's Immortal Slaying Sword Formation!

Jiang Futu's expression changed drastically and he did not dare to be careless at all. In an instant, he took out a strange talisman from his sleeve.

"Escape!"

He recited the incantation silently and splashed his blood essence on it. The talisman emitted a strange light and actually brought Jiang Futu's blood essence and remnant soul to instantly escape from the Immortal Slaying Sword Formation.

In the next second, Jiang Futu and his pearl were directly destroyed by the Immortal Slaying Sword Formation!

Everyone's expressions changed drastically. No one expected Jiang Futu to have such an escape technique.

In fact, it could not be considered an escape. This was because Jiang Futu's main body had not escaped. He had used a talisman to bring out a portion of his blood essence and remnant soul. In this way, when he found his master in the future, his master could revive him and his soul would not dissipate.

The reason why his main body stayed behind in the Immortal Slaying Sword Formation was because he was unable to escape.

Once his main body escaped, Lu Xiaoran would definitely target him and move the Immortal Slaying Sword Formation. He would still not be able to escape.

However, if he only had his blood essence and remnant soul to escape, Lu Xiaoran would be unable to pursue him. This way, he could be able to escape from Lu Xiaoran's pursuit.

In any case, he was still the winner!

"Lu Xiaoran, since you failed to kill me today, I'll definitely take your dog life when I return in the future! Sooner or later, I'll kill you with my own hands to avenge today's humiliation!"

Lu Xiaoran only glanced at him indifferently.

“Have you forgotten that you were only dealing with my avatars?”

Jiang Futu was stunned and his expression was instantly filled with fear.

“No!”

He screamed. In the next moment, a golden light suddenly attacked from the sky and rushed towards the talisman.

It was Lu Xiaoran’s main body hiding in the dark!

Jiang Futu’s expression was filled with extreme despair again.

It was over. It was all over!

Even the blood essence and remnant soul that he wanted to escape with were about to be destroyed. How could he escape?

However, just as he was in despair, another golden light that was closer grabbed the talisman first.

“This is?”

Jiang Futu was stunned, and Lu Xiaoran narrowed his eyes slightly.

It turned out that Xingyun had attacked and grabbed Jiang Futu’s talisman.

Jiang Futu was overjoyed.

“Thank you for your help, Fellow Daoist Xingyun. As long as you bring my talisman back to the Immortal World, I’ll definitely thank you again when I’m reborn.”

However, just as he finished speaking, Xingyun directly shattered his talisman with a crack.

“No!”

Jiang Futu spat out another mouthful of blood. He, who was already unable to resist the Immortal Slaying Sword Formation, was directly sent to the afterlife by Lu Xiaoran!

Ding... congratulations on killing the hot shot successfully, Master. Your current cultivation has increased by one level, reaching the eighth level of the God Monarch Realm.

Previously, Yun Lige had absorbed the killing aura to increase his cultivation, allowing Lu Xiaoran to advance from the sixth level of the God Monarch Realm to the seventh level of the God Monarch Realm. Now, after killing the hot shot, Lu Xiaoran’s cultivation had increased to the eighth level of the God Monarch Realm.

Ding... congratulations, Master, on killing the hot shot successfully. Reward: Connate spirit treasure Taiji Painting x1.

Ding... congratulations, Master, on killing the hot shot successfully. Reward: Connate spirit treasure, Jade Ruyi x1.

Ding... congratulations, Master...

...

In a pavilion in the Immortal World, the white-bearded old man who was playing chess suddenly dropped the chess piece in his hand and shattered it.

The expression on his face instantly froze.

After a moment, the white-bearded old man retracted his hand. His eyes were closed, and a solemn expression appeared on his face.

“I didn’t expect the arrangements in the Divine World to fail in the end.”

The long-bearded man opposite him also revealed an unwilling expression.

“Is this the end? Since this brat can even kill an immortal hot shot, he will probably enter the Immortal World soon.

“Actually, he might not enter the Immortal World. The Immortal World was under the control of the Heaven Dao. If he came to the Immortal World, he would definitely be discovered.

“Therefore, it’s very likely that he will go to the Primordial World. Once he escapes to the Primordial World, it will be equivalent to a clay ox entering the sea. It will probably be difficult for us to find him again. ”

The white-bearded old man slowly opened his eyes, and two sharp cold lights shot out from his eyes.

“Looks like I have to go down personally.”

The long-bearded man’s heart trembled.

“No! With your identity, if you go to the Divine World, you will definitely be discovered by the Immortal World. At that time, even the Heavenly Court will not tolerate you.”

“At this point, there’s no other choice.

“This brat is growing faster and faster. If this continues, even if I want to kill him, I won’t have the chance.

“I had been silent for tens of thousands of years just to wait for this day.

“I’m sick of being an ant!”

The long-bearded man sighed faintly.

“Since you think so, I have nothing to persuade you.”

“It would be best if my trip is successful. If it’s not, I’ll directly commit suicide in the Divine World and not leave a trace of information for the Heavenly troops.”

“If the Jade Emperor wants you to lead the troops to capture me, go ahead. Don’t hesitate at all to avoid being discovered by the Jade Emperor and implicating you.”

“Chancellor!”

The long-bearded man’s eyes could not help but turn red.

The white-bearded old man smiled indifferently and waved his hand before leaving.

“Don’t cry. This is my choice. If I can’t become a Saint, there’s no point in living!”

As he spoke, his figure had already disappeared from his spot.

...

On the other side, in the Divine World.

Lu Xiaoran did not listen to Wang Cai’s series of notifications because at this moment, his gaze was all on Xingyun.

Previously, he had been puzzled as to why Xingyun had never attacked and why he had helped Jiang Futu in the end.

In the end, he did not expect Xingyun to actually want to kill Jiang Futu. This guy’s methods were really vicious.

He had not done much the entire time. In the end, he directly killed Jiang Futu!

At this moment, Xingyun smiled at Lu Xiaoran.

Lu Xiaoran also smiled back. However, his eyes were filled with vigilance, and the divine power in his body surged crazily.

Even with his toes, he could tell that Xingyun did not kill Jiang Futu to befriend him.

This was because he could also easily kill Jiang Futu just now.

Indeed, in the next second, Xingyun took out a power of luck from the talisman fragment.

This talisman fragment originally belonged to Jiang Futu. Before Jiang Futu died, he mixed it in his blood essence and remnant soul and tried to send them away in the talisman fragment.

Unfortunately, his blood essence and remnant soul had now been obtained by Xingyun.

It seemed like this Xingyun was really going to attack him.

“Is this the power of luck? As expected of a good thing. Just by holding it, I feel that I’m filled with confidence. It’s as if I can succeed no matter what I do. No wonder those senior brothers on the Spirit Mountain told me not to go against the hot shots.”

“However, I was able to obtain this power of luck because I took advantage of your fight. I wonder what Sect Master Lu thinks of this?”

As soon as he finished speaking, he directly fused the power of luck into his body. The stars in the sky were all moving and changing strangely.

That was because someone’s life force had undergone an extremely powerful change. It was so powerful that it could already affect the power of the world!

This was the strength of the power of luck!

A strange voice that had never been heard before immediately sounded in Xingyun’s mind.

Ding... detected that the host is a Buddhist disciple. The God Monarch Chat Group has automatically evolved into a Buddhist Supreme System. It has been bound. Do you want to activate it? ‘

“Activate!”

Xingyun directly activated it without hesitation.

In the next second, a new voice sounded in his mind.

Ding... activation successful! Sensing that the host’s talent is low and is increasing host’s talent, the host’s talent has increased from Bodhi talent to Buddha talent!

Originally, the host could only reach the peak of the Immortal Realm at most. After the talent increase, the host can become a Buddha! ”

Ding... activation successful! In view that this is the host’s first time activating the system, the system has rewarded the host with a huge gift bag. It has increased the host’s cultivation to the perfected Immortal Realm. The system has rewarded the host with the Postnatal spirit treasure, the Light Buddha Nunnery, the Postnatal spirit treasure, the Light Buddha Bowl, the Postnatal spirit treasure, the Light Buddha Staff, and the Postnatal Supreme Treasure, the Light Prayer Bead. Please accept it. ‘

Ding... activation successful! The host has an evolution-type cultivation technique that can be upgraded. It’s being upgraded...

The original Hinayana Gautama Divine Palm had been advanced to the Gautama Divine Palm!

The original Great Mighty Heaven Dragon’s opening chapter had advanced to the complete version.

The original Light Steps Floating On Water had advanced to the Buddhist Light Escape.

...”

Sensing the endless changes in his body, the corner of Xingyun’s mouth revealed a happy expression. He slowly spread his arms and let the strength flow in his body.

Wang Cai’s voice sounded in Lu Xiaoran’s ear at the same time.

“Warning, a new hot shot has appeared. Master, please kill him! If you kill him successfully, you will be rewarded accordingly.”

#### **Chapter 420: Reverse Thinking, Die!**

“Is this the power of luck?”

High Buddha Xingyun clenched his fists and the corner of his mouth curled up slightly.

Just now, he had already sensed how powerful the luck was.

Now, after truly fusing with the luck, he finally understood how powerful the luck was!

How was this luck? This was simply the Great Dao!

Just the power of luck was already so powerful and increased his cultivation by so much. If he had more power of luck, how powerful would he be?

Moreover, this was only the beginning. The subsequent development of the power of luck would definitely be stronger.

Originally, Xingyun felt that he was only a small monk of the Buddhist Sect. In his life, he would at most become a Buddha on the Spirit Mountain.

However, now, he felt that his ambition was infinitely inflated. He was completely capable and qualified to become a Buddha!

He looked at Lu Xiaoran and smiled.

“Speaking of which, I really have to thank you. If not for you, I wouldn’t have been able to obtain this power of luck on my own. Naturally, I wouldn’t have been able to increase my strength by so much.”

Lu Xiaoran said with an indifferent expression, “If you kill this hot shot, the master behind him won’t let you off.”

The High Buddha placed his hands behind his back and said with a calm expression,

.....

“Of course he won’t let me off. However, I’m a disciple of the Buddhist Sect and have the protection of the Spirit Mountain. I’m not afraid of him finding trouble with me.”

“If the other party’s status is very high, the Buddhist Sect might not provoke the other party because of a small character like Jiang Futu, right?”

“Of course. However... the other party can be said to be determined to obtain Sect Master Lu!

“If I can capture Sect Master Lu, it will be a huge contribution whether I obtain the secret of Sect Master Lu or sacrifice Sect Master Lu to the Spirit Mountain.

“At that time, no matter how high Jiang Futu’s status is, the Buddhist Sect will not abandon me.

“Don’t you think so, Sect Master Lu?”

Lu Xiaoran smiled coldly.

“Everyone says that bald Buddhist monks are the best at scheming. Now, it seems that it’s indeed the case. However, it doesn’t matter even if you obtained the power of luck. After all, Jiang Futu couldn’t beat me, are you sure you can?”

“I’m indeed no match for you. No matter how powerful my cultivation is, I’m only at the Immortal Realm. However, I’m different from Jiang Li and Jiang Futu. I’m a disciple of the Buddhist Sect!

“Ever since the calamity of the Journey to the West, our Western Sect had prospered and gradually became the strongest sect in the three worlds.

“Although the Dao Sect is powerful, it is divided into different factions. There is nothing to worry about at all.

“Therefore, our Buddhist Sect is gradually infiltrating and gaining control of the 3,000 worlds and 800 small worlds.

“Moreover, our Buddhist Sect’s ancestor and two Saints are the most beloved disciples of the Divine Ancestor. It’s fine for our Buddhist Sect to slightly violate the rules of the Heaven Dao.

“Do you know... what this means? ”

Lu Xiaoran narrowed his eyes slightly, and his dark pupils became even more compact.

Only those who were really familiar with him knew that when Lu Xiaoran revealed this expression, it meant that he was determined to kill someone.

Without saying much, Lu Xiaoran tapped his foot lightly and immediately disappeared from his spot.

The dozen or so avatars disappeared with him.

The High Buddha’s words just now made Lu Xiaoran feel a fatal sense of danger!

That was, the Buddhist Sect could let immortals come down from the Spirit Mountain. At the very least, they could increase their strength in some way.

This was not good news for Lu Xiaoran.

This was because Lu Xiaoran’s current cultivation was far from reaching that level!

However, at this moment, the High Buddha Xingyun had gathered all the Buddhist God Monarch Realm experts in advance.

“Amitabha!”

With a Buddhist proclamation, the Buddhist light alms bowl in his hand instantly enlarged, transforming into a golden barrier that protected everyone.

Almost at the same time, Lu Xiaoran and his avatars attacked the golden light barrier.

Boom! Boom! Boom!

A series of explosions lit up the sky!

The shock wave made countless people unable to even stand steadily!

Countless God Monarch Realm experts retreated again and again. One retreated 50 kilometers, two retreated 500 kilometers, and three retreated 5,000 kilometers!

Only in this way could they stabilize their figures.

“What powerful might! Isn’t this attack too terrifying?”

“Just the shock wave alone forced us to retreat 5,000 kilometers. If Lu Xiaoran’s attack directly landed on us, I’m afraid we won’t even be able to defend and will be turned to ashes on the spot!”

“However, it has to be said that this Buddhist High Buddha is really terrifying! He can even resist a powerful opponent like Lu Xiaoran. Look, his alms bowl isn’t even shaking.”

“He’s still an expert of the Buddhist Sect after all! He’s far from what others can compare to. Even if this Lu Xiaoran is somewhat smart, it’s useless. He’s no match for the High Buddha at all.”

The expressions of the Heaven Saber Pavilion Master, Hong Xiu, and the others also changed slightly.

Could it be... that they had followed the wrong person?

This High Buddha was clearly much stronger.

On the battlefield, the High Buddha in the alms bowl raised his eyebrows slightly.

Just now... he felt as if a trace of his power of luck had been stripped away!

Could it be his imagination?

Or could it be that there was a problem with this power of luck and he was unable to perfectly fuse with it?

No, it seemed that he had to end the battle quickly. Otherwise, once the luck disappeared, he would probably really be unable to deal with Lu Xiaoran.

Without any carelessness or delay, the High Buddha shouted coldly and pressed his palms together again.

“Amitabha. Disciple Xingyun invites the fellow disciples of the Spirit Mountain to take pity on me and descend as a disciple of the Bodhi Temple to help me!”

As soon as he finished speaking, ten lights suddenly shot down from the sky and entered the bodies of the ten Buddhist God Monarch Realm experts.

In an instant, the cultivation strength of the ten Buddhist God Monarch Realm experts increased at an extremely terrifying speed.

In the end, all the Buddhist God Monarch Realm experts had reached the Immortal Realm!

At this moment, the entire alms bowl was filled with a pure and dense golden energy. It was the aura of the Buddhist Sect!

Lu Xiaoran sensed that the other party's cultivation was gradually increasing. Naturally, he did not dare to be careless at all and attacked with all his strength.

In the sky, from this moment on, the light was no longer dim. What replaced it were Lu Xiaoran's attacks.

Boom! Boom! Boom!

Explosions sounded one after another, but the alms bowl was still unable to be shaken at all.

"Damn it!"

He could not help but spit, and the High Buddha Xingyun smiled.

"This Buddhist Light Bowl is also a Postnatal spirit treasure..."

"Although you still have a Postnatal cardinal treasure, it is still not easy for you to break this Buddhist Light Bowl.

"This is because the cultivation in my body is indeed at the Immortal Realm, and your cultivation is only at the eighth level of the God Monarch Realm at this moment!

"Therefore, you won't be able to break this Postnatal spirit treasure. It's better for you to stop wasting your energy."

Lu Xiaoran said coldly, "It's not up to you to decide whether I am able to break it!"

As he spoke, Lu Xiaoran swallowed a medicinal pill. It was a Fake Immortal Pill Wang Cai had given him previously.

It was not a fake 'Immortal Pill', but a 'Fake Immortal' pill.

As the name suggested, this medicinal pill could allow Lu Xiaoran's cultivation to increase to the Immortal Realm in a short period of time.

There was naturally no need to mention how powerful an immortal's cultivation was. Coupled with the fact that Lu Xiaoran had a certain ability to surpass levels, the enhancement effect of a short increase of two realm levels was extraordinary.

When Lu Xiaoran swallowed the medicinal pill, he attacked again. The powerful effect was indeed effective and actually directly made the alms bowl shake.

The hearts of the people in the distance could not help but tremble when they saw this.

This Lu Xiaoran was simply too powerful!

He could even cause a Postnatal spirit treasure controlled by a Buddha Immortal to tremble!

This was even when his cultivation was so low!

Did his parents know that he was capable of surpassing so many levels?

How could he be so shameless? How were others supposed to compete with this?

The High Buddha's heart also trembled slightly, as if he had never expected Lu Xiaoran to be able to increase his strength to this level.

The alms bowl trembled one after another. Seeing that it was about to be shattered, the High Buddha immediately removed the alms bowl.

However, he was not stupid. Removing the alms bowl meant that he had to withstand Lu Xiaoran's attack head-on.

Therefore, as he retreated, he also played some tricks. He used a spatial jump to escape from Lu Xiaoran's encirclement.

Moreover, he could take a breather and make the next move.

Indeed, after escaping Lu Xiaoran's attack range, he immediately attacked Lu Xiaoran at the fastest speed.

A huge golden palm mark was pushed out from his hand. As soon as this palm mark appeared, the wind and clouds changed drastically. The stars in the sky flickered, as if the entire world was affected by this powerful attack. Or perhaps, it was because everything was fearful of this attack.

"Gautama Divine Palm?"

Lu Xiaoran almost immediately recognized that the other party was using a move from the Gautama Divine Palm!

Without much hesitation or any fear, Lu Xiaoran instantly attacked and also used the Gautama Divine Palm.

Because of the Fake Immortal Pill, his current cultivation had already increased to the Immortal Realm.

He still did not need to be afraid of an immortal!

Boom!

The two Gautama Divine Palms collided in the air. The golden palm shadows overlapped and almost instantly transformed into a dazzling light that illuminated the world.

At the same time, the shock wave directly destroyed the spatial barrier crazily and spread in all directions.

"Heavens!"

The God Monarch Realm experts retreated crazily, frightened out of their wits.

Wasn't this too damn powerful?

Although they were also capable of shattering the spatial barrier, they could only shatter a little bit of it. On the other hand, the space the two of them shattered were tens of thousands of meters long.

They were simply not on the same level.

Moreover, they also knew that the energy shockwave produced by their shattered space might only injure the God Monarch Realm expert slightly, but it would definitely not be able to instantly kill the other party.

On the other hand, the energy shockwave produced by Lu Xiaoran and the High Buddha Xingyun made them feel a threat of death.

From this point of view, it could be seen that Lu Xiaoran and the High Buddha Xingyun were not on the same level as them.

After the exchange of the Gautama Divine Palms, High Buddha Xingyun and Lu Xiaoran's bodies were blasted back some distance.

The High Buddha immediately shouted at the ten disciples who had advanced to the Immortal Realm in a short period of time through the Buddhist secret technique,

"What are you waiting for? Quickly attack! This brat's cultivation is very powerful. Don't be careless. No one is allowed to stop attacking until he dies without a burial place!"

"Yes!"

The ten God Monarch Realm experts replied and immediately used the energy in their bodies. Powerful golden energy blossomed from the surface of their bodies. It was an extremely abundant Buddhist power that came from the Spirit Mountain!

Then, the ten God Monarch Realm experts rushed in and began to fight Lu Xiaoran's avatar.

In the sky, spatial barriers shattered piece by piece. A powerful force spread endlessly, connecting the shattered spatial barriers into a single streak of line. In the end, they connected the huge spatial black hole and almost covered the entire valley.

Just looking at the black mass made the God Monarch Realm experts' hearts palpitate.

It had to be known that they were only watching the battle!

They were all God Monarch Realm experts and the strongest experts in this world!

However, they were only qualified to watch the battle.

At this moment, these dignified God Monarch Realm experts suddenly felt very small, as small as inconspicuous ants. They were like ants that could be directly crushed by others.

"Damn it! We can't even help Master participate in the battle. We're simply useless!"

Yun Lige said with an indifferent expression, "Who said that we can't help Master from the outside?"

Everyone was stunned and could not help but frown.

"Eldest Senior Brother, what nonsense are you talking about? With our cultivation, we will be destroyed by the battle shockwave before we can even enter the center of the battle. How can we help Master?"

The corner of Yun Lige's mouth curled up slightly and he smiled evilly.

“Have you forgotten that there’s something we can do to suppress the hot shots?”

Ji Wuxia and Fang Tianyuan were stunned. Then, as if they had thought of something, they immediately said, “As expected of the Buddhist Sect. Looks like Master is doomed this time!”

“The Buddhist expert is so terrifying!”

The others, including the God Monarch Realm experts from the Taiyi Sword Dao and the Heaven Saber Pavilion, were all dumbfounded.

“What the hell are you guys doing? Why are you talking so strangely?”

Li Changsheng seemed to have thought of something and immediately said, “Everyone, don’t worry about it. Let’s all praise the Buddha Sect and belittle Master.”

“The Buddhist Sect is supreme. Master will definitely die!”

“As expected of an expert of the Buddhist Sect, you beat Master until he fled like a rat!”

Although the God Monarch Realm experts from the Heaven Saber Pavilion and the Taiyi Sword Dao were puzzled, they could only shout together.

In any case, Lu Xiaoran’s disciples would not harm Lu Xiaoran.

When the other God Monarch Realm experts in the distance saw this scene, they thought that Lu Xiaoran’s disciples already knew that Lu Xiaoran could not win and had surrendered to the Buddhist Sect. Therefore, although they did not understand, they also shouted along.

The High Buddha who was fighting in the battle slashed out with his palm. He was supposed to unleash an extremely wide and powerful Gautama Divine Palm.

If he had used this palm technique, it would be enough to envelop Lu Xiaoran’s main body and definitely injure him.

However, for some reason, he had actually used the wrong move!

That’s right, he had used the wrong move!

He had messed up the circulation path of the Gautama Divine Palm and used the Prajna Palm instead.

Although the might of the Prajna Palm was powerful, the range was too small. It directly brushed past Lu Xiaoran’s ear and did not even touch him.

This immediately dumbfounded the High Buddha.

What was going on?

He, a dignified immortal expert, actually unleashed the wrong move?

Wasn’t this too unlucky?
