

AN EXPERT 421

Chapter 421: Super Big Boss

The time he was stunned was very short. After all, he was facing Lu Xiaoran and did not dare to be careless.

Just as he thought of this, Lu Xiaoran's attack also arrived.

He held the Xuanyuan Sword and slashed at Xingyun.

"You're too slow."

Xingyun glanced at him in extreme disdain and tapped his foot lightly, instantly teleporting out.

However, just as he stabilized his body in another direction, an accident happened again.

Boom!

Lu Xiaoran's Xuanyuan Sword actually directly bombarded his head. If not for the Buddhist Vajra Art and the Golden Light Barrier protecting him, he would have been severely injured even if he did not die.

Xingyun was shocked and hurriedly wiped the sweat from his forehead.

What had just happened?

He had clearly dodged it. What was going on with Lu Xiaoran's sword move? How did it catch up to him in an instant?

"No, it's an illusion. It must be an illusion."

He swallowed and the corner of his mouth curled up slightly.

.....

"Fortunately, my Golden Bell Shield was upgraded into the Golden Light Barrier. Otherwise, I would have really been hit just now."

However, the moment he finished speaking, a cracking sound sounded from the golden barrier.

The smile on Xingyun's face instantly disappeared, replaced by disbelief with widened eyes.

He stared fixedly at the trace of a crack on the golden barrier and was extremely dumbfounded.

"What's going on? What's going on? Isn't this the immortal technique, Golden Light Barrier?! It's even stronger than the Golden Bell Shield. How could it be broken by Lu Xiaoran? How could this be? System, get the hell out."

"Alert host, if you curse at me again, the system has the right to self-destruct."

"You!"

Xingyun was so furious that he vomited blood. If not for the fact that the system's rewards were too good, he would have wanted to unbind it.

It could not be helped. He had to go along with his decision no matter what.

After taking a deep breath, he gritted his teeth and said, "I'm convinced! I'm convinced! Then tell me quickly, what's going on with this golden barrier?"

"This is very simple. In fact, I just finished deducing. You haven't cultivated to the perfected realm yet. You were the one who failed to cultivate the cultivation technique to the perfected realm yet you still want to blame me for the flaws? It's your own fault!"

Xingyun's fat face twitched.

That's right, the system was right. Only then did he remember that he had not cultivated the Golden Light Barrier to the perfected realm.

Although his cultivation had already increased to the perfected Immortal Realm, Lu Xiaoran could still fight those at a higher level.

Other than this, Lu Xiaoran also had an extremely abnormal factor. That was, his equipment was really very powerful.

With a Postnatal cardinal treasure, it was simply too easy for him to deal with the Golden Light Barrier.

Crack! Crack!

At this moment, the cracks on the Golden Light Barrier were becoming stronger and stronger.

The Golden Buddha gritted his teeth and roared as he waved the Buddhist Light Staff in his hand.

"Great Heavenly Dragon! World Venerable Ksitigarbha! Prajna Buddha! Prajñā Bakun!"

At this moment, he chose to give up resisting and directly attacked Lu Xiaoran.

In the next moment, the two attacks collided.

This time, there was no sound. This was because the light of the explosion and the speed of the impact wave was too fast and had already surpassed the transmission of sound.

Everyone only saw a white spot appear before erupting and filling the entire sky. Then, everything in the world was enveloped by this white light. The heads of the God Monarch Realm experts buzzed, and even their mental strength was disturbed. Their mental strength could not spread out at all and could only hide in their divine power protective barrier.

This situation lasted for dozens of seconds before slowly dissipating. Everyone opened their eyes and looked at the two people on the field. They could not help but shudder.

At this moment, the spatial barrier had already been completely shattered and would take a long time to be repaired. Even the second-dimensional spatial barrier had been shattered. Some existences that emitted terrifying auras kept releasing their auras, wanting to explore the outside world.

At this moment, both Lu Xiaoran and Xingyun were both injured.

One of Xingyun's arms had been severed, and even half of his shoulder had been severed by Lu Xiaoran. Lu Xiaoran was fine. His chest was only stained with golden blood.

This was a situation where both sides had suffered!

However, the two of them were both immortals. Their injuries healed very quickly. They only needed to circulate their cultivation techniques!

The Azure Thearch Longevity Art circulated. A golden phantom surged out from behind Lu Xiaoran and instantly healed his injuries.

However, Xingyun's recovery speed was not that fast.

He immediately shouted, "What are you guys doing? Come and help me!"

With a furious shout, the other ten existences who had been augmented by the immortal and Buddhist power of the Spirit Mountain wanted to quickly step forward.

However, Lu Xiaoran's avatars were not stupid and directly stopped them from getting closer. It did not let any of them off and guarded against them tightly.

Xingyun spat, his face filled with unwillingness and anger.

Just now, when he used the Great Mighty Heaven Dragon, he started to have bad luck again. His Great Mighty Heaven Dragon was about to be successfully used. In the end, at this moment, Lu Xiaoran took out another Postnatal cardinal treasure from nowhere and smashed it fiercely onto his Golden Bell Shield, instantly destroying it.

As a result, he was forced to fight with half of his Great Mighty Heaven Dragon.

Damn, didn't they say that by seizing the luck of a hot shot, one could do well and even pick up money when walking?

Why had his luck become worse after absorbing the hot shot's luck?

"System, what's going on? Is there a mistake? Why do I feel that my luck has been decreasing recently?"

"Indeed, it's because someone nearby is attacking me."

"Attack you? There's actually someone in the vicinity who can attack you? Aren't you luck? Luck! An existence that contains the truth of the world!"

"Are you telling me that you're being attacked now?"

"That's right, that's indeed the case. It's very easy to attack luck. This is because I'm already completely bound to you. Therefore, if the other party wants to attack me, they just have to attack you."

"So who exactly is attacking you?"

"There are too many people, so I can't determine carefully, but it should be the group of people outside."

Xingyun's pupils constricted.

He had already noticed that it was none other than the group of God Monarch Realm experts who were cheering for him.

Originally, Xingyun would not have thought of this. However, he saw that Lu Xiaoran's disciple was actually also cheering for him.

Something fishy was going on!

It was impossible for Lu Xiaoran's disciples to cheer him on when he was dealing with Lu Xiaoran.

Something was wrong.

There was definitely something wrong.

He snorted and directly threw out the prayer beads in his hand.

The prayer beads immediately transformed into a long dragon that roared as it rushed towards Yun Lige and the others.

"The Buddhist Sect's Eight Heaven Dragon Technique! Be careful, this technique can transform a Dharma treasure into a Heaven Dragon. Its might is endless and is definitely not inferior to an immortal!"

The Heaven Dragon could not help but roar.

Yun Lige sneered and directly welcomed the other party.

"Perfect timing!"

Seeing that his Heavenly Dragon Eight Techniques had been blocked by Yun Lige, Xingyun was not too angry.

This was because he noticed that everyone had already stopped talking after being hit by his move!

That was enough.

His injuries had long recovered.

"Lu Xiaoran, let's go again!"

He shouted softly and attempted to fight Lu Xiaoran again.

Lu Xiaoran also looked at him warily. The divine power in his body circulated crazily!

However!

At this moment, an accident suddenly happened.

In the sky, a golden spatial gate actually opened in the originally shattered void!

Everyone's hearts immediately trembled.

Their expressions changed drastically.

It had to be known that it was strictly forbidden to use spatial jump in the already shattered void.

This was because it was not easy to determine one's location. It was very likely that one would be teleported to a place one was unfamiliar with.

On the other hand, even if one made sure that they would be sent to a good location, they would still be unable to build a safe enough spatial teleportation tunnel.

Once something went wrong, it would be fatal!

The other party had seriously violated this condition and forcefully built a teleportation tunnel in this void.

One possibility was that the other party had teleported here randomly.

Another possibility was that the other party's strength was too powerful, so powerful that it had already exceeded their imagination. As a result, the other party was able to successfully find the coordinates in the void with a shattered void barrier and safely build a spatial tunnel to arrive here.

Who was it?

Who did this?

A moment later, an aura that made everyone's hearts palpitate slowly seeped out of the void tunnel.

"How powerful!"

Xingyun's heart trembled.

With his peak Immortal Realm cultivation, he actually felt that he was only a small ant in front of the other party.

Wasn't this too terrifying?

The other party's cultivation had probably already surpassed the Heaven Immortal Realm!

In the next second, a pure white phantom slowly stepped out of the void tunnel.

That otherworldly aura was filled with an immortal aura and dignity, making everyone almost not dare to look directly at his body!

"What a powerful existence!"

Everyone could not help but gasp, filled with fear!

Even Lu Xiaoran felt a dense threat. The hair on his entire body could not help but stand on end.

This was his body's instinctive reaction. He felt fear towards the other party.

"Damn, this feels a little too good."

Lu Xiaoran could not help but spit.

This old guy was clearly a level 999 behind-the-scenes big boss. Why was he here?

What an old fox. He was even more sinister than him!

Damn it!

The other party seemed to have come specially for Lu Xiaoran. His eyes stared fixedly at Lu Xiaoran, revealing a trace of yearning and madness.

This made Lu Xiaoran's heart skip a beat.

What was with this old pervert's gaze?

Could this guy be...

Could it be that he wanted to do something to him?

Chapter 422: Peak Battle

Before Lu Xiaoran could speak, the other party had already smiled and said to him, "We finally meet."

Lu Xiaoran raised his eyebrows slightly.

"Are you the person who killed Elder Tianji in the lower realm?"

The other party smiled.

"That's right. I was indeed the one who killed Fairy Bi Xiao. However, she had long been beaten into blood by a Saint and can be considered to have died long ago. However, Saint Tongtian wanted to defy the heavens and change his fate. As a result, he created a new Bi Xiao with her blood and soul and made her your Dao Protector in the lower realm."

"Since she was killed by me, it means that this is her fate. "

Lu Xiaoran's eyes turned cold and he became even more afraid of the other party.

The other party could even tell the true identity of Elder Tianji at once. It seemed like the other party's identity was definitely not ordinary. Coupled with his cultivation, he was definitely a powerful old pervert!

Wasn't this a little against the rules?

This was no longer a simple hack. This could already be considered a dimensional reduction attack.

The Heaven Dao also couldn't seal him.

After taking a deep breath, Lu Xiaoran continued, "Who the hell are you?"

The old man still maintained his smile.

"Don't you know that if a mastermind like me exposes my identity in front of you, I will definitely die?"

"The best behavior is to cut the crap and directly kill you! "

Lu Xiaoran : " ... "

Not only was this old guy powerful, but he also hid his identity very well. It could be said that he was a rather sinister old guy.

If not for the fact that he had a backup plan, he might have died today.

At this moment, Xingyun already felt extreme fear. He knew that he was definitely unable to kill Lu Xiaoran.

It was even to the extent that this was not a battle he could continue to participate in.

He swept his gaze to the other side. The ten Buddhist God Monarch Realm experts had already been mostly killed by Lu Xiaoran's avatars. There were still one or two left. It was probably impossible for them to survive.

As for his Buddhist Light Bead, it transformed into a Buddhist Heaven Dragon and fought Yun Lige to a standstill.

He could not stay any longer.

Taking a deep breath, he immediately cupped his hands towards the old man with white hair and beard.

"Old Senior, I didn't know that Lu Xiaoran was your prey. I overestimated myself and coveted your prey. Senior, please forgive me."

"I'll leave now. Senior, if you're free in the future, you're welcome to come to my Spirit Mountain to play at any time. I'll definitely treat you well."

As soon as he finished speaking, he turned around and ran. He directly shattered the void and used the Buddhist light to escape into the void.

The old man did not look at him and only casually grabbed at the void.

Crack! Crack!

A terrifying aura that made one's heart palpitate instantly erupted in the sky. It instantly shattered a large area of the void and actually directly grabbed the High Buddha, Xingyun, by the neck!

Everyone was dumbfounded as they looked at this terrifying scene in disbelief!

Was this a joke?

That Xingyun had already escaped into the void. Moreover, with his speed, he could probably travel tens of thousands of kilometers in an instant.

However, the other party could actually directly capture Xingyun with a casual grab. Just based on this strength, one would be able to guess how powerful he was!

Could it be that this was an existence that even an immortal like High Buddha Xingyun was afraid of?

At this moment, everyone felt helpless.

Just as helpless as them was High Buddha Xingyun.

At this moment, he was no longer the arrogant immortal High Buddha of the Buddhist Sect. He was only a weak ant that was at the mercy of others.

No!

At this moment, he couldn't even be compared to an ant!

He was even inferior to a small ant!

The other party's large hand grabbed Xingyun's neck tightly, making his face turn from red to gradually green. He kept struggling in the other party's hand and was as frightened as a maggot.

"Senior... Senior... please spare me... I... I... I'm from the Buddhist Sect..."

Crack!

Before he could finish speaking, the other party directly broke his neck.

That's right, he had broken Xingyun's neck!

"Do you really think you can suppress me with the Buddhist Sect?"

Then, he threw Xingyun's corpse down. From the beginning to the end, he could not even be bothered to look at the other party.

Xingyun directly stopped breathing and was no different from a dead fish.

Then, the old man transformed the Heaven Dragon back into the Buddhist Light Bead. At this moment, Long Kuang directly went forward to snatch the prayer beads.

"Hehehe, Uncle-Master, these prayer beads belong to the Buddhist Sect. They're useless to you. Give them to me."

Yun Lige did not really care. After all, although this treasure was a Postnatal spirit treasure, just as Long Kuang had said, it was indeed not suitable for him.

In addition, after awakening the memories of his previous life, he did not fancy Postnatal spirit treasures.

At this moment, all his energy was focused on the old man.

He stared fixedly at the other party and whispered to Ji Wuxia and the others.

"The few of you, be careful. Take the others and retreat first. This guy is not simple. He's not easy to deal with!"

Ji Wuxia's phoenix eyes were cold.

"Can you hold on?"

"I should be fine. My current cultivation has already reached the third level of the God Monarch Realm and I'm able to provide a little bit of help to Master. On the other hand, you haven't recovered the Immortal Indestructible Body of the Phoenix Race! Moreover, the others definitely can't! If we die, we

can only rely on Master's small world or the Body Modeling Mark to be revived. If we waste too much time, it will affect our overall strength."

Ji Wuxia gritted her teeth. This could almost be said to be the strongest crisis in her master's history. Unfortunately, she could not help her master fight.

However, she also knew that if she stayed, it would only make her master more restrained.

After taking a deep breath, she immediately led the others and quickly retreated.

The white-bearded immortal raised his eyebrows slightly. Clearly, he was somewhat unwilling to let Ji Wuxia and the others leave.

Raising his hand slightly, he threw out a few golden beans from his sleeve. In the next second, they actually transformed into a few Heaven Immortal Realm soldiers.

As soon as these heavenly soldiers appeared, they directly locked onto Ji Wuxia and the others.

"Damn!"

Lu Xiaoran spat and directly threw a Fake Immortal Pill to Yun Lige.

"Lige, use this!"

"Yes!"

Yun Lige directly swallowed it, and the aura in his body instantly rose to the Immortal Realm.

Then, Lu Xiaoran handed the four Immortal Slaying Swords and the Immortal Slaying Formation Diagram to Yun Lige.

After obtaining the Immortal Slaying Sword Formation, Yun Lige's aura suddenly soared.

Yun Lige, who originally had an extremely murderous aura, had his strength increase greatly after obtaining the Immortal Slaying Sword Formation. His killing aura actually caused a phenomenon in the world. Not only was the galaxy in the sky destroyed and fell into darkness, but a black and red blood cloud was also gradually born in the sky.

Immediately after, Yun Lige used the Immortal Slaying Sword Formation and directly trapped the few first level Heaven Immortal soldiers.

It was only after this did Lu Xiaoran finally heave a sigh of relief. It was fine as long as he could ensure that Ji Wuxia and the others were not killed. Otherwise, who knew how long it would take for them to revive and cultivate again!

As for the white-bearded old man, he could not help but be somewhat shocked when he saw Yun Lige's performance.

However, a moment later, he felt relieved.

“Looking at this natural phenomenon, in the entire history of the three worlds, only Demon Ancestor Rahu can unleash the Immortal Slaying Sword Formation to this level, right?”

However, since it's you, it's not surprising for you to take in Demon Ancestor Rahu as your disciple. ”

Lu Xiaoran's heart trembled. Did the other party know Yun Lige's identity?

As if sensing Lu Xiaoran's surprise, the other party smiled again.

“There's no need to be so shocked. To be honest, I can also be considered a hot shot. In fact, Dao Ancestor Hongjun can also be considered a hot shot.”

“In the world, if one is not a hot shot, it is simply difficult for them to accomplish anything. As for the extent of a hot shot's accomplishment, it also depends on the strength of their luck.

“Every hot shot has their own mission. When the mission reaches the end, it also means that the achievements of this hot shot would stop there.

“If you want to break through further, you have to devour the luck of the other hot shots. Otherwise, you will never be able to advance. ”

“As he spoke, he had already retracted the power of luck that had been separated from Xingyun's body and absorbed it into his body.”

Lu Xiaoran stared fixedly at the other party.

“I have a doubt. Since you know this, why don't you devour the other hot shots? With your strength, it shouldn't be a problem for you to devour the other hot shots, right? Why do you have to come and look for me?”

The white-haired immortal smiled faintly.

“Are you trying to bait me into giving you information? However, there's no harm in telling you. The hot shots of the lower realm and the Divine World were all created by the Dao Ancestor by splitting his own luck for the sole reason of finding you.

“It's also useless for me to devour those hot shots. Firstly, I might be discovered by the Dao Ancestor. Secondly, even if I'm not discovered by the Dao Ancestor, it's still useless for me to devour all these hot shots. They were originally formed by the Dao Ancestor splitting a wisp of his luck. Even if I devour all of them, I will only be able to devour a wisp of the Dao Ancestor's luck.

“My achievements in this life will never surpass that of the Dao Ancestor. I can't even become a Saint.

“However, you are different!

“You're the reincarnation of Pangu. If I can devour your luck, who in the world will be my match?

“Even Dao Ancestor Hongjun is only an ant in front of me. What's there to be afraid of?

“Don't you... agree?”

Lu Xiaoran was silent for a second. Seeing that the other party was already prepared to attack, a feeling that a storm was brewing made his heart beat crazily.

He immediately stretched out his hand.

“Wait, before you and I fight, I have one last question.”

The other party was slightly stunned before nodding.

“Ask away.”

“I want to ask. Even Tongtian doesn’t know my identity and only thinks that I’m a genius he created. How did you determine that I’m the reincarnation of Pangu?”

The other party smiled.

“Interesting. Then why don’t you take a guess whether or not I will let you in on this secret?”

Chapter 423: Battle of Old Friends

“My guess is that you won’t.”

“It’s good that you know!”

As soon as he finished speaking, the other party circulated his immortal power. The powerful immortal power even stirred the divine power in the surrounding tens of thousands of kilometers, making the divine power condense. Because of this, Lu Xiaoran and Yun Lige could not absorb the surrounding divine power at all.

Fortunately, the master and disciple had both just taken a Fake Immortal Pill. With the support of the medicinal pill, the two of them would not lack strength for a short period of time.

Yun Lige used the Immortal Slaying Sword Formation to resist the other party’s immortals.

Lu Xiaoran brought his avatar to directly deal with the other party.

Almost in an instant, the other party’s immortal power spread in front of Lu Xiaoran.

The huge force was so powerful that it was suffocating!

Among the enemies Lu Xiaoran had encountered in his life, this was the only one whose cultivation far exceeded his by dozens of times!

The combat strength of the two sides was not on the same level at all.

Seeing that the other party’s strength was about to arrive in front of him, Lu Xiaoran immediately pointed in the distance.

“Look! Someone’s behind you!”

The immortal smiled and was not anxious.

.....

“Do you think such a small trick will work on me? My cultivation is dozens of times stronger than yours. Even if you want to attract my attention, it’s impossible for you to escape from me. It’s better not to waste your energy...”

Before he could finish speaking, he suddenly suffered a heavy blow to his head.

Boom!

With a violent explosion, the immortal was directly smashed down by this sudden huge force. Like a meteor, he smashed fiercely onto the ground, smashing a violent pit in the ground. The ground and mountains within a hundred kilometers collapsed, and a huge dark hole seemed to have suddenly sunken into the ground.

Lu Xiaoran heaved a long sigh of relief.

“Fortunately, if you had arrived in time. If you had come a little later, I wouldn’t have had to go to the Primordial World and would have been directly crippled.”

“Sorry, I have to increase my cultivation enough to come here. Otherwise, it would be useless for me to come.”

The person who had arrived was Fairy Qiong Xiao, one of the three fairies.

“How’s your current cultivation?”

“I guarantee that you’ll be fine!”

Lu Xiaoran nodded.

“That’s good.”

However, he did not dare to believe Qiong Xiao completely. After all, what if this woman was too confident? What if she lost?

Lu Xiaoran was not the kind of person who liked to gamble. He had to arrange another backup plan.

“I’ll help my disciple deal with those Heavenly Soldiers first. I’ll leave this to you.”

Qiong Xiao did not know whether to laugh or cry. This junior brother was really taking advantage of her.

Knowing that he was unable to defeat the other party and was unwilling to place all his bets on her, he was prepared to run.

However, she had a heavy responsibility. She was Lu Xiaoran’s Dao Protector to begin with. As long as he could live well and revive Jie School, nothing else mattered.

“Go on.”

Lu Xiaoran turned around and left. Before he left, he paused and immediately said indifferently, “Senior Sister, take care.”

Lu Xiaoran said indifferently and quickly disappeared from his spot.

The corner of Qiong Xiao’s mouth curled up.

“This brat still knows to refer to me as his Senior Sister.”

In the next second, a pure white light suddenly erupted from the ground.

It was because the other party had already slowly risen from the ground. Clearly, he had been beaten badly by the move just now. The back of his head was still bleeding. Moreover, the immortal power on his body was also somewhat chaotic.

It was even to the extent that his clothes had become somewhat tattered.

Qiong Xiao drew her sword and smiled coldly.

“Jiang Ziya, long time no see!”

In the distance, Lu Xiaoran, who was about to enter the Immortal Slaying Sword Formation, immediately could not help but tremble.

Jiang Ziya!

The mastermind was actually Jiang Ziya!

The existence who held the Divine Whip and controlled the God Rankings!

No wonder he wanted to deal with him.

Although Jiang Ziya was the controller of the God Rankings, in the end, he was unable to secure a position on the rankings for himself. He should have been the master of the world, the Jade Emperor!

In the end, he was not even placed in the God Rankings. It was also tragic.

However, since the other party had specially come to deal with him and wanted to steal his luck, he hoped that the other party would become even more tragic.

It would be best if he could die without a burial place along with his entire family.

Seeing Qiong Xiao's figure, Jiang Ziya was first slightly stunned before sneering.

“Interesting. I didn't expect you to still be alive. Looking at you, you should have been saved by the Saint Tongtian. He cut off your body and refined you into a zombie before throwing you into this Divine World, right? You're only Tongtian's pawn. Is there a need to risk your life for Jie School?”

He was right. Qiong Xiao's corpse had indeed been tampered with by Tongtian. However, that was only done with Qiong Xiao's permission.

Moreover, it was also because Qiong Xiao had been refined into a zombie that her strength could increase again in a short period of time.

Lu Xiaoran extracted the blood of an immortal from the Immortal Blood Pill and provided it for her to absorb, allowing her to advance from the perfected Immortal Realm to the perfected Heaven Immortal Realm in an instant!

This huge increase could be considered to have greatly increased her combat strength.

Although it was far inferior to the strength she had in her previous life, at the very least, it was stronger than the strength an immortal could unleash!

“You don’t have to worry about who I risk my life for. On the other hand, you’re just someone who’s trying to scheme and steal my junior brother’s luck just because you lack the ability. You’re really wicked.”

“Speaking of which, if not for you back then, our Jie School would not have ended up in such a state. Today, I’ll use your blood as payment to comfort the souls of the many disciples of Jie School in the heavens!”

As she spoke, Qiong Xiao slashed down. The sword beam was like a dragon as it pounced towards Jiang Ziya.

The entire galaxy had lost its luster under this sword. The powerful force even affected the Immortal Slaying Sword Formation in the distance.

After all, the difference in cultivation between the two sides was too great!

Fortunately, Lu Xiaoran was smart and knew that an extremely powerful expert might appear behind the other party. Therefore, he thought of a way to find the Dao protector Jie School had arranged for him in the Divine World.

The first rule of survival was to escape.

The second rule was to use dirty tricks when one could not escape.

If he could not beat the enemy, he should find someone who could.

Lu Xiaoran was not embarrassed by this at all.

He was not crazy enough to fight an existence that surpassed the Heaven Immortal Realm when he himself was only a God Monarch Realm expert.

Even if he could fight those at a higher level, the difference between the two was just too big.

Qiong Xiao’s sword landed in front of Jiang Ziya.

However, Jiang Ziya was not an ordinary person either. He also had countless treasures.

After seeing Qiong Xiao appear, he had long taken out a defensive Postnatal spirit treasure armor.

Although it was not top-notch, it was still enough.

Before the sword beam arrived, the armor on Jiang Ziya’s body erupted with a powerful light that bombarded out at the same time. The moment the two collided, the powerful impact directly forced the two of them back.

However, Jiang Ziya’s cultivation clearly surpassed Qiong Xiao’s. Therefore, he only retreated ten thousand meters, but Qiong Xiao retreated tens of thousands of meters and almost arrived at Yun Lige’s Immortal Slaying Sword Formation.

Although Jiang Ziya was somewhat in a sorry state from the sneak attack, his cultivation was still powerful and his attacks were also fatal.

From this, it could be seen that his years of bitter cultivation had definitely made him extraordinary.

“Hmph! You want to fight me? Ten thousand years ago, my master, the Primordial Heaven Supreme, killed you. Today, I’ll kill you again. Let’s see if you can still be arrogant!”

“That depends on whether you have the ability!”

“Hahahaha... Qiong Xiao, could it be that you still think that you’re my match? Back then, your three sisters set up the Nine Song Yellow River Formation and severely injured the twelve Golden Immortals of our Chan School. They destroyed the five auras in their chests and shaved off the three flowers on their heads. How glorious was that?”

“Unfortunately, now, you are alone and you can’t set up the Nine Song Yellow River Formation!”

“In terms of cultivation, you’re only a small peak Heaven Immortal. How can you fight me?”

Qiong Xiao’s expression did not change.

“I was killed by a Saint after all. Now that I’ve been reborn, my cultivation level is naturally not high. What’s there to laugh at? What’s laughable is that a certain person has actually only reached the Taiyi Golden Immortal Realm after so many years. You’re not even a Zenith Heaven Immortal. How embarrassing.”

Not far away, Lu Xiaoran and Yun Lige snorted and could not help but laugh.

“It’s been so long since the God Sealing Tribulation happened, but he’s actually not even a Zenith Heaven Golden Immortal? No way? How embarrassing!”

“Don’t say that. After all, we can’t strip him of his dignity. Leave him some face.”

In the distance, Jiang Ziya’s expression became even colder.

“Qiong Xiao! You’re courting death!”

He spat out these words coldly and waved his right hand. The God Striking Whip immediately appeared in his right hand.

“Today, I’ll kill you!”

Qiong Xiao smiled in disdain.

“I’m already a zombie and don’t even have an Essence Soul. The special enhancement of your God Striking Whip won’t work on me. To me, it’s only an extremely ordinary Connate spirit treasure. Compared to the Postnatal spirit treasure sword in my hand, it’s not necessarily much stronger.”

“So what? Even if the special enhancement of the God Striking Whip works on you, it’s still an existence you can’t withstand! As for me, even if I’m only a Taiyi Golden Immortal, I’m still an existence you can’t afford to provoke!”

“Is that so? I can tell that you’re very confident! But what if I told you that I have the Golden Flood Dragon Scissors and the Primordial Chaos Golden Dipper?”

Qiong Xiao’s words made Jiang Ziya’s expression instantly change.

“Impossible! You’re lying to me. How could you have the Golden Flood Dragon Scissors and the Primordial Chaos Golden Dipper? Those two Dharma treasures belong to our Chan School now. You’ve been in the Divine World for so many years. How did you obtain them? Don’t even think about lying to me!”

Qiong Xiao smiled coldly and put away the sword in her hand. After that, she summoned the Primordial Chaos Golden Dipper and the Golden Flood Dragon Scissors.

Seeing these two Dharma treasures and sensing the powerful auras of the Connate spirit treasures and Postnatal spirit treasures on them, Jiang Ziya’s body instantly trembled, and his eyes could not help but reveal a panic.

“It’s really the Primordial Chaos Golden Dipper and the Golden Flood Dragon Scissors. This is impossible! How did you obtain them? You were clearly sealed in the Divine World for so many years!”

At this moment, Lu Xiaoran and Yun Lige had already completely dealt with the immortal soldiers Jiang Ziya had summoned.

He slowly retracted his breath and continued with a faint smile,

“Sorry, I gave it to her!”

“Impossible! It’s impossible for you to have the Golden Flood Dragon Scissors and the Primordial Chaos Golden Dipper. You’ve never even been to the Immortal World. How did you obtain these two treasures?”

Jiang Ziya was still unwilling to believe it, and Lu Xiaoran shrugged.

“Idiot, I don’t care if you believe me or not. I only want your life!”

Yun Lige waved his hand.

“That’s right! It doesn’t matter even if everything Master says is nonsense!”

Lu Xiaoran punched his head.

“Little brat, what are you talking about? Are you courting death?!”

Yun Lige rubbed his head and smiled awkwardly.

“My bad, my bad.”

Lu Xiaoran glared at him angrily and immediately said to Qiong Xiao,

“Next, it’s up to Senior Sister’s performance.”

Qiong Xiao nodded. Her beautiful figure made one feel relaxed. As she stepped lightly, golden lotus flowers bloomed in the void.

At this moment, Qiong Xiao’s peak Heaven Immortal Realm strength erupted without holding back.

The Third Miss of the three Xiao fairies who had once frightened the entire Chan School had returned!

Without any unnecessary delay, Qiong Xiao directly took out the Primordial Chaos Golden Dipper and threw it at Jiang Ziya.

Jiang Ziya's expression changed drastically. He did not dare to delay at all and immediately retreated repeatedly.

However, what kind of treasure was the Primordial Chaos Golden Dipper? If Jiang Ziya could easily avoid the Primordial Chaos Golden Dipper, those immortals from Chan School back then could kill themselves with a tofu!

"Damn it!"

Jiang Ziya gritted his teeth and immediately took out his God Striking Whip to resist the Primordial Chaos Golden Dipper. By using the God Striking Whip, he could forcefully suppress the Primordial Chaos Golden Dipper and stall it for a short period of time.

The two were both Connate spirit treasures refined from Connate materials. Although the God Striking Whip was not an existence that specialized in suppressing the Primordial Chaos Golden Dipper, it was not a big problem for it to slightly suppress the Primordial Chaos Golden Dipper.

After Jiang Ziya gave up on the God Striking Whip, he took out another Postnatal spirit treasure sword and pounced towards Qiong Xiao.

He had not lived in the Immortal World for nothing for so many years. He could still take out a few treasures.

Now that he did not have the Connate spirit treasure, the Divine Striking Whip, he had lost a huge advantage. However, he was not afraid because he was still a Taiyi Golden Immortal!

With strength that surpassed the other party by an entire realm, it was enough. He was confident!

Qiong Xiao would not let him attack her. She directly threw out the Golden Flood Dragon Scissors in her hand.

"Go!"

As soon as the Golden Flood Dragon Scissors appeared, they immediately transformed into two huge flood dragons that pounced towards Jiang Ziya.

Jiang Ziya smiled coldly.

"Do you think I'm afraid of you?"

As soon as he finished speaking, he flicked his finger, and a golden rope actually flew out of his sleeve.

Immortal Binding Rope!

As soon as the Immortal Binding Rope appeared, it bound the two huge flood dragons. In an instant, the two flood dragons transformed into the Golden Flood Dragon Scissors again.

Although the Immortal Binding Rope was far inferior to the reputation of the Golden Flood Dragon Scissors, what Jiang Ziya wanted was not long-term control. To him, he only needed to stall for a moment!

Almost at this moment, his body pounced forward and arrived beside Qiong Xiao.

“You can die now!”

Chapter 424: Hidden Identity

Jiang Ziya arrived in front of Qiong Xiao. The sword in his hand emitted a heart palpating light as he pounced towards Qiong Xiao.

As long as he killed Lu Xiaoran’s Dao protector in the Divine World, he could kill Lu Xiaoran and then devour his luck!

He did not know how powerful this luck was, but he believed that after devouring Lu Xiaoran’s luck, he would definitely become an existence that no one could provoke. He would definitely be able to control his fate and resist a Saint!

He was not afraid that Qiong Xiao could avoid his attack. There was a huge difference in their cultivation. No matter how heaven-defying Qiong Xiao was, it was impossible for her to escape.

This was because he also had enough luck. It was definitely impossible for Qiong Xiao to resist his luck!

However, to his surprise, Qiong Xiao did not think of avoiding his sword at all.

Pfft!

With a muffled sound, Qiong Xiao was directly pierced through by Jiang Ziya’s sword.

Jiang Ziya was stunned and vaguely felt that something was wrong. When he wanted to retreat again, it was already too late.

Qiong Xiao directly grabbed Jiang Ziya’s arm.

“Got you!”

Qiong Xiao smiled coldly, and Jiang Ziya’s expression was even colder.

“What do you want to do?”

.....

“Take a guess!”

The corner of Qiong Xiao’s mouth curled up slightly. In the next second, her body directly lit up with a dazzling golden light.

“Damn it!”

Jiang Ziya’s expression was extremely cold as he spat fiercely.

He finally knew what Qiong Xiao wanted to do. This bastard wanted to self-destruct! She knew from the beginning that she was no match for him!

However, for the sake of victory and the overall situation of Jie School, she wanted to severely injure him by self-destructing.

Even so, she would still lose her life!

He used his immortal power with all his strength, wanting to rush out of Qiong Xiao's explosion range.

However, how could Qiong Xiao let Jiang Ziya escape easily?

Jiang Ziya was just about to forcefully push Qiong Xiao away with his cultivation when a fiery red light flew out from Qiong Xiao's sleeve in the next second.

It was the Soul Lock Chain Lu Xiaoran had previously obtained from the gift box. It had long been strengthened by Lu Xiaoran into a Postnatal spirit treasure.

Jiang Ziya's cultivation was not high enough to begin with, so it was even more impossible for him to avoid this Soul Lock Chain!

After being locked by the Soul Lock Chain, Jiang Ziya immediately summoned his spirit treasure flying sword and slashed down in an attempt to break this Soul Lock Chain.

However, since both of them were Postnatal spirit treasures, the spirit treasure flying sword was simply unable to break the Soul Lock Chain.

It was over!

When this thought surged in Jiang Ziya's heart, Qiong Xiao's body had already completely turned golden in the next second.

Boom!

Without any delay, Qiong Xiao even detonated her body without leaving behind any last words.

As Jiang Ziya was swallowed, a heart-wrenching pain began to burn his body and soul crazily.

"Ahhh..."

He let out heart-wrenching screams. It was not only because of the pain in his body, but also because the arrangements he had made over the years had been destroyed. All his hard work had been wasted!

Unfortunately, at this moment, he was unable to even transmit his voice!

Although he was already a Taiyi Golden Immortal, he was only one realm higher than a perfected Heaven Immortal. Moreover, he was not a perfected Taiyi Golden Immortal. He had only accumulated a few realm levels and was far from reaching the perfected level. After being blown up by the other party, although he did not die, he was still severely injured.

After an unknown period of time, Jiang Ziya gradually recovered his vision. It was not very clear how much time had passed, but he could clearly see Lu Xiaoran's face!

He knew that this was the end.

He was doomed!

"Hehe... I didn't expect you to still win after I planned for so long! However, don't be too smug! There's always someone better."

"Thanks, but there's no need for you to worry."

As soon as he finished speaking, Lu Xiaoran pierced through Jiang Ziya's body, making him completely close his eyes.

After this sword pierced through Jiang Ziya's body, a dense golden light suddenly erupted from his body and rushed into the sky.

"Do you think you can escape?"

Wang Cai directly flew out of Lu Xiaoran's body and swallowed it.

This huge power of luck was instantly swallowed by Wang Cai on the spot.

At this moment, a powerful soul intent suddenly erupted from Jiang Ziya's body and instantly rushed into Lu Xiaoran's body.

"Hahaha! I didn't expect to be the one to succeed in the end!"

Lu Xiaoran's expression changed.

"Jiang Ziya, did you do all this on purpose?"

"That's right. Of course I did it on purpose! From the moment I saw Qiong Xiao, I knew that it was impossible to kill you and snatch your power of luck.

"Therefore, at that time, I changed my strategy. First, I accompanied you guys to put on a good show and confuse you.

"After I die, my power of luck will leave my body. I don't believe that you will watch it escape.

"As long as you do anything to it, I can enter your body and possess your soul at any time and anywhere.

"Lu Xiaoran, the older the wiser. Moreover, my surname is Jiang! You can't beat me!"

Lu Xiaoran spat.

"You're ruthless! You can even set up such a deep trap. That was quite impressive!"

"Don't blame me. I was also forced to do this!"

"Back then, Primordial Heaven Supreme ordered me to control the God Rankings because I was the chosen one! They wanted to use my luck to help them complete the God Sealing Tribulation!"

“For this, he promised me that after this matter was done, he would let me become the master of the Heavenly Court!

“Unfortunately, I’m still inferior to that bootlicker, Haotian! I was deceived by them.

“In order to prevent me from resisting, he didn’t even leave me a spot on the rankings!

“From then on, I would not believe anyone and would definitely plan before acting!

“Therefore, if you want to blame someone, blame those hypocrites!”

Lu Xiaoran could not help but sigh slightly.

“In the end, you’re also a pitiful person! However, you shouldn’t have taken this path and attacked me!”

“What do you mean?”

“Because even I don’t know what kind of monster my soul is!”

When Lu Xiaoran finished speaking, Jiang Ziya had also completely arrived at Lu Xiaoran’s soul.

The moment he arrived, his entire body, or rather, his entire soul, was in a mess!

This was because Lu Xiaoran’s soul was really too powerful!

It was so powerful that it was almost incomparable!

As far as the eye could see, it was like the stars in the sky!

Not to mention a drop in the ocean, Jiang Ziya’s soul was simply like a speck of dust. It could not compare to Lu Xiaoran’s soul at all!

The most terrifying thing was that this was already the soul of a Taiyi Golden Immortal. His soul power was as powerful as Mount Tai compared to ordinary people!

However, in front of Lu Xiaoran’s soul, he was still insignificant.

How... how powerful was Lu Xiaoran’s soul power?

He was instantly enveloped in despair.

“Such a powerful soul... Could this be Pangu’s completed Soul? However, that’s impossible! Pangu’s Essence Soul was divided into three parts to create the three Saints and the stars in the sky. This world has yet to be unified, and the three Saints are still working independently. How can you recover a complete Pangu Soul?”

“What’s going on?”

“Because I’m not Pangu at all!”

As soon as he finished speaking, Lu Xiaoran’s powerful soul power directly destroyed Jiang Ziya’s immortal soul. It was as simple as destroying a small ant!

The moment Jiang Ziya was completely destroyed, Wang Cai's voice directly entered his mind.

Ding! Congratulations, Master, on killing the hot shot. Due to the extremely high level of the hot shot, Master's cultivation has increased by a whole realm.

In the next second, Lu Xiaoran's cultivation directly began to increase rapidly from the sixth level of the God Monarch Realm.

Seventh level, eighth level, ninth level, tenth level... Immortal Realm!

In the end, he only stopped when he reached the sixth level of the Immortal Realm!

At this moment, Lu Xiaoran felt an unprecedented strength!

His six senses quickly expanded to an unprecedented level.

His cultivation was also powerful to the point that he could do anything he wanted. With just a thought, his immortal power had already materialized his thoughts.

After becoming an immortal, his consciousness had completely surpassed the God Realm. He could even sense the weakness of the spatial barrier.

This was a new realm, a powerful realm!

At this moment, he finally understood why mortals wanted to cultivate! He understood why all martial artists wanted to cultivate!

Only by becoming an immortal could one completely leave the level of mortals and reach a level that was invisible even to those above the God Realm.

Even after becoming a god, they were still bound to the 3,000 worlds. As for immortals, they had escaped the restraints of the 3,000 worlds and could really become a part of the three worlds!

Of course, if he wanted to completely tour most of the three worlds freely, Lu Xiaoran was still not enough. He had to at least cultivate to the Zenith Heaven Golden Immortal Realm before he could easily travel to most of the 3,000 worlds.

However, after becoming an immortal, he could already go to the other 3,000 worlds.

These worlds all had hot shots. They were all powers separated from the Heaven Dao. If Wang Cai absorbed them all, who knew how powerful it would become!

After absorbing these hot shots, Lu Xiaoran felt that his cultivation would reach an unprecedented level.

Next, Lu Xiaoran's goal was Patriarch Hongjun!

According to Jiang Ziya, Patriarch Hongjun could also be considered a hot shot. The people Hongjun created were all small-scale hot shots, and he and Jiang Ziya were both large-scale hot shots.

Moreover, his soul power was so powerful that it even surpassed Pangu's. Lu Xiaoran felt that there might be an even stronger existence above the Heaven Dao!

There was still a long way to go!

Chapter 425 Seamless Plan

Ding! Congratulations, Master, for successfully killing a strengthened hot shot. You're rewarded with a Postnatal cardinal treasure, the Jade Ruyi.

Ding! Congratulations, Master, for successfully killing a strengthened hot shot. You're rewarded with a Connate spirit treasure walking stick.' Ding! Congratulations, Master, for successfully killing a strengthened hot shot. You're rewarded with a Postnatal cardinal treasure, the Red Embroidery Ball.

As Wang Cai continued. Lu Xiaoran raised his eyebrows slightly.

"Wang Cai, you've already swallowed so much luck. Can't you be more generous and directly give me Connate cardinal treasures? After all, I still have to go through the trouble of leveling up the items myself."

"I don't have a choice either. I didn't absorb enough luck, so the rewards I give away are limited. I also want to give Master more better Dharma treasures. If there's really no other way, we can wait until nighttime and turn off the lights. I'll let you..."

"It's fine. It's fine if you don't have a Dharma treasure. I can't force you."

Lu Xiaoran directly interrupted Wang Cai.

Wang Cai was extremely disappointed.

"Alright, I originally thought that if Master did something romantic with me, I would give Master more better Dharma treasures next time. Since Master doesn't want it, I can only forget it."

Lu Xiaoran rolled his eyes. He could not be bothered with it.

He would not sell himself for some insignificant treasure.

In terms of dealing with women, one will always have the capital to be arrogant in front of her if one remained uninvolved.

Once one got involved, however, it would be over. The other party would be able to do whatever she wanted to.

Even a Saint would be sucked dry until there was nothing left.

After receiving these Dharma treasures, Lu Xiaoran finally landed. Yun Lige also quickly followed.

In the distance, Fang Tianyuan also returned. He was probably worried about Lu Xiaoran and Yun Lige, so he returned alone. Seeing that the two of them were fine, he immediately heaved a sigh of relief.

"Master, is everything settled?"

"Yes! That old thing wanted to possess me, but he was destroyed by my soul."

"I knew it. Master is such a hero. How can a small ant like him covet Master? He's not even qualified to wash Master's feet."

"Eldest Senior Brother, you're bootlicking Master again!"

Yun Lige said angrily, "What? Are you unwilling to accept this? Why don't we find a place to train later? I'll give you a handicap."

Fang Tianyuan said in all seriousness, "There's no need for that. I just want to tell you that the other boot is mine to lick."

Lu Xiaoran : "..."

"You two brats, can you be more serious?"

At this moment, more and more disciples began to surround them. Only then did Lu Xiaoran stop talking in case some unpleasant words spread further and further.

It would not be good then.

"Master!"

"Sect Master!"

"Grand Master!"

Everyone gathered together, making Lu Xiaoran feel extremely touched.

It had not been easy. After experiencing so much suffering, everyone had finally gathered together again.

Moreover, their team had grown again.

Although the enemies he faced next were also stronger, he believed that as long as everyone worked together, they would definitely be able to overcome all the difficulties.

After taking a deep breath, Lu Xiaoran said, "We have a day off today. We don't have to cultivate. Everyone can have fun and do whatever they want."

"Yay!"

"Long live Grand Master!"

"Long live the sect master!"

Lu Xiaoran waved his hand.

"However, there's a premise. Don't casually bully the weak. Although we're not good people, we can't do anything evil."

"Understood!"

Everyone scattered. Only then did Li Changsheng and Song Xinian bring the four God Monarch Realm experts from the Taiyi Sword Dao and the Heaven Saber Pavilion

over.

“Master, these are the grand elder and Sect Master of the Taiyi Sword Dao and the Heaven Saber Pavilion. Sixth Junior Brother and I have relied on them to survive safely in the Divine World these past few years.”

Lu Xiaoran nodded and said to the few of them, “Thank you, everyone, for helping me protect my two disciples.”

The grand elder of the Taiyi Sword Dao smiled and cupped his hands.

“Senior, you’re too polite. Previously, when I heard Changsheng mention your miracle, I’ve always yearned to meet you. Unfortunately, I never had the chance to see you. Now that I’m able to see Senior’s unfathomable cultivation, it’s really a blessing in my life.”

Lu Xiaoran replied indifferently, “Elder, you’re too kind. I should be thanking you properly for helping me take care of these two disciples. How about this? I have some cultivation techniques and Dharma treasures here. Take them as a token of my gratitude. Don’t worry, they definitely won’t be inferior to the things you have now.”

The four of them immediately cupped their hands and refused.

“Senior Lu, don’t do this. Actually... the few of us aren’t here to ask for any rewards. The four of us just want to join the Nameless Sect! I hope Senior can agree.”

“Join the Nameless Sect?”

Lu Xiaoran was somewhat surprised.

“That’s right. After witnessing Senior’s strength tonight, we’re all envious and yearning. Senior, I hope you can give us this chance.”

Lu Xiaoran frowned slightly.

“It’s not that I’m unwilling. If it were an ordinary person, I wouldn’t refuse. However, you guys have helped my disciples, so I don’t want to hide it from you. Actually, it’s very dangerous to join my sect because I have many enemies who are extremely powerful. Perhaps it might be better for you guys to cultivate and advance to the Immortal World.”

The few of them shook their heads and said, “No, we’ve decided to join Senior’s sect!”

“No regrets?”

“No.”

“Alright! Then I agree. However, let me say this first. Because I have the highest seniority in the Nameless Sect, all my personal disciples have the highest statuses after me. Therefore, your status won’t be that high after you enter the Nameless Sect.”

“It’s fine. We’re not interested in seniority. We only want to obtain Senior Lu’s guidance.”

Lu Xiaoran nodded and immediately put away their marks in his small world.

Then, he found Old Master Lu.

“Grandpa, I was originally prepared to tell you, but I never had a suitable opportunity. However, now is a good time... Listen to me, if the Lu family follows me, it will also be extremely dangerous. If you don’t stay with me and cultivate to the Immortal World on your own, although it will also be somewhat dangerous, it’s far safer than being with me.”

Old Master Lu smiled.

“Xiaoran, these outsiders even dare to join the Nameless Sect and are not afraid of taking the risk. I’m your biological grandfather. How can I be afraid of taking the risk?”

Lu Xiaoran nodded.

“Then I’ll record all your soul marks in my essence world. Once I’m destroyed, you will also be destroyed.”

“Of course, if I can reach the peak, you can also follow me and achieve glory.”

“Let’s do as you say. No matter the outcome, our Lu family is willing.”

“Alright!”

Lu Xiaoran did the same thing again and absorbed the marks of everyone in the Lu family.

After becoming an immortal, he would no longer have his own small world or his own divine soul.

His divine soul and small world would fuse into his soul and form an Essence Soul.

The reason why mortals cultivated their divine soul and small world after advancing to the God Realm was most likely because they needed to make up for their lack of talent as humans... Moreover, they also needed to repair their soul to the optimal state to advance to the Immortal Realm...

After that, they no longer needed a small world or divine soul. If they wanted to cultivate a small world again, they would probably have to wait until they became Saints.

However, the difference was that the small world of a God Realm expert might reflect the uniqueness of each soul. It was also possible that it was to allow the Heaven Dao to better control the other party. After the other party fused with the soul and advanced to become an immortal, the other party would naturally become a puppet under the control of the Heaven Dao.

It was as if a seed had been planted in one’s soul in advance, forcing the other party to oblige completely. After all, if one did not fuse with a small world, one would be unable to cultivate to become an immortal. If one did not cultivate to become an immortal, one’s cultivation would also come to an end.

By the time they cultivated to the Saint Realm and established another small world, their Essence Soul will have already been controlled. So what if they established an essence world?

In the end, they still couldn’t escape Hongjun’s control.

Therefore, this old bastard Hongjun and the Heaven Dao were really a pair of stinky dogs. The two of them were like-minded and each was worse than the other. They worked together and gradually controlled the three worlds.

Fortunately, he had Wang Cai to create his small world before he became an immortal.

Otherwise, he would have to transcend the tribulation to become an immortal. Then, he would fuse with the small world and allow Patriarch Hongjun to plant a seed in his soul. At that time, if he wanted to make a comeback, it would be simply as difficult as ascending to the heavens!

What happened next was very straightforward. Lu Xiaoran started to make preparations to bring all his disciples to the Primordial World.

There were several things he needed to prepare.

On the one hand, his current equipment had to be improved again. At the very least, it had to be improved into Connate cardinal treasures!

On the other hand, he and his disciples also needed a safer place to cultivate.

In this Divine World, not to mention the death of a big shot like Jiang Ziya, even the deaths of those Buddhist disciples were enough to attract the people of the Buddhist Sect.

At that time, it would all be troublesome.

It was safer for him to leave this troublesome place as soon as possible.

Of course, he gave his disciples a day off and let everyone have a good rest. He was not afraid of wasting time.

As the saying went, a day in the heavens was equivalent to a year on earth. One day in the Divine World was probably equivalent to ten minutes in the Immortal. They would not arrive so quickly!

There were remnants of Jie School in the Primordial World, and Golden Ao Island was also in the Primordial World.

Only by going to the Primordial World could he obtain some background support and protection. He was also somewhat confident in his current low cultivation.

The last and most important aspect...

There were all kinds of energy in the Primordial World that were suitable for his disciples to cultivate at various levels.

This was because some disciples were about to advance to the Immortal Realm. Because they had been absorbed into his essence world, they would not suffer the Immortal Tribulation. In other words, it would be very easy for them to break through to the Immortal Realm.

Moreover, it was definitely impossible for him to cultivate divine power after breaking through to the Immortal Realm.

The difference between divine power and immortal power was not a matter of quality, but of origin!

However, before going to the Primordial World, Lu Xiaoran still had a plan.

A plan that he had thought about for a long time.

Chapter 426 Shock From All Sides

A long time ago, after learning of the existence of the Immortal World and the relationship between him and the hot shots, Lu Xiaoran had thought of this problem.

That was, he would sooner or later go against the Heavenly Court!

It even included Spirit Mountain.

This was because they were all subordinates of Patriarch Hongjun.

Could Lu Xiaoran make peace with Patriarch Hongjun?

Of course not.

A reconciliation was established on the premise that the two sides were equal. Otherwise, the side that wanted to make peace needed to be stronger.

Of course, Lu Xiaoran did not want to make peace either. Why would he want to make peace with someone who wanted to kill him?

Therefore, he had to set up in advance.

The Heavenly Court, the Spirit Mountain, and even the Netherworld were all Lu Xiaoran's targets.

They almost occupied the most and strongest resources in the entire three worlds!

If he did not snatch them, it would be very difficult for him to develop.

However, the problem was that he could not snatch it from the other party openly.

Therefore, he thought of a plan, which was to send spies to infiltrate the other party.

In this way, he could set up in advance and even gather information.

Moreover, he could also steal some of the other party's resources.

In any case, he would try to take advantage of the other party.

This could not be said to be reasonable. It was all for the sake of living. At this stage, Lu Xiaoran was no match for the other party. How could he not do something despicable?

At the very least, being shameless was much better than being wiped out.

Thinking of this, Lu Xiaoran quickly began to set up. Moreover, the first person he thought of was Long Kuang.

Among all the disciples, this bald fake monk was the most suitable to go to the Spirit Mountain.

It was best if he could enter the Buddhist Sect.

His Buddhist power was extremely pure and did not have any impurities. The Buddhist Sect would not suspect that he was a demon, right?

Therefore, Lu Xiaoran found Long Kuang immediately.

“Grand Master, you were looking for me?”

Long Kuang narrowed his eyes and smiled as he walked over.

In his heart, since his master had taken the initiative to look for him, it was definitely a good thing!

It would be a waste not to come.

Seeing him arrive, Lu Xiaoran smiled and said, “Long Kuang, have I treated you well?”

Long Kuang immediately said with a serious expression,

“Grand Master’s kindness to me can be said to be as heavy as a mountain!”

Lu Xiaoran nodded again.

“It’s good that you know this. For so many years after you returned, you have always had the most resources among the second-generation disciples of the Nameless Sect. You should know very well that others don’t know.

“Of course, there are many reasons for this. It’s because your talent is very good and your cultivation is very powerful. However, more importantly, I’ve always been deliberately nurturing you, wanting to give you a heavy responsibility at the most appropriate time! And now, this opportunity has arrived!”

Long Kuang’s eyes revealed ecstasy.

Grand Master wanted to give him an extremely important mission?

Damn, since this mission was so important, the reward must also be very generous, right?

Hahahaha... he was going to be rich!

He was really going to be rich now!

His grand master had already said so himself. If he completed this heavy responsibility, wouldn’t he be able to live a good life in the Nameless Sect in the future?

Perfect!

It was simply perfect.

At this moment, Long Kuang made up his mind.

He would accept this job!

“Grand Master, don’t worry. As Third Master’s only disciple, I’m the best among the second-generation disciples of our Nameless Sect. If I don’t help the sect, who else can help the sect?”

“Leave this important task to me!”

Lu Xiaoran nodded and patted his shoulder in relief.

“I was indeed right about you. In that case, go to the Spirit Mountain.”

“Alright! No problem! Hey, wait, where am I going?”

“Spirit Mountain!”

“No, why would I go to the Spirit Mountain?”

“Of course it’s to sneak into the Spirit Mountain and become the chief liaison officer of our Nameless Sect!”

“You want me to be a traitor, right? Grand Master, I’m not going. The Spirit Mountain is filled with baldies. There’s also the Gautama Buddha and the two Saints! If I go, won’t I get beat up? I will not be able to return!

“No, no, you should find someone else!”

“Who do you want me to find? Who else can I find now? In the entire Nameless Sect, you’re the only baldy. Moreover, among all the Buddhist attainments, your cultivation level is the highest. If you don’t go to the Spirit Mountain, who else can I send to the Spirit Mountain?”

Long Kuang immediately felt like crying.

“Grand Master, it’s not my fault that I’m bald. If I go to the Spirit Mountain to be a traitor, I’ll really die. If I’m discovered, I’ll be beaten to death by a Saint!”

Lu Xiaoran said angrily, “Look at you. How dare you say your name is Long Kuang? I think the name Long Coward is more appropriate! Your name is Long Kuang. What a waste of this name.”

Long Kuang said faintly, “If Grand Master allows me to stay and I don’t have to go to Spirit Mountain, I’m also willing to change my name to Long Coward.”

“Damn...”

Lu Xiaoran was speechless.

If not for the fact that he still had a trace of hope for the other party, he would have directly slapped the other party to death!

“Be good. I still have a spot to become a Saint. When you return from the Spirit Mountain, I guarantee that I’ll make you a Saint.”

“Hiss “

Long Kuang immediately could not help but gasp. The dragon scales on his entire body even expanded!

He widened his eyes and stared fixedly at Lu Xiaoran.

“Grand Master, are you really telling the truth?”

“If I lie to you, I’ll die without a burial place!”

Long Kuang gasped again and was immediately overjoyed.

This was great news!

It was definitely guaranteed!

Since his grand master had already said so, it was definitely true.

If he relied on himself to cultivate, it would be impossible for him to cultivate to the Saint Realm in a hundred thousand years or a million years.

Now, his grand master had directly given him a spot to become a Saint. If he did not agree to such a huge reward, he would really be a fool.

“Grand Master, don’t worry. Although my current cultivation level is not enough, I’m already about to reach the God Monarch Realm. I think the Buddhist Sect will immediately send immortals to investigate after suffering such a huge loss this time.”

“My cultivation level is extremely deep. I can enter the Buddhist Sect again and easily enter the Spirit Mountain.”

Lu Xiaoran nodded.

“Good luck. Your spot to become a Saint is waiting for you! Go.”

“Yes!”

Long Kuang was extremely excited and immediately went to find the Buddhist Sect, prepared to join them again.

After he left, Lu Xiaoran smacked his lips.

“It has to be said that this move is really useful. If it were an ordinary promise, they definitely wouldn’t care. Moreover, even if they do, if the superiors of the Heavenly Court, the Spirit Mountain, and the Netherworld give them more benefits and make them betray me, I will really be in big trouble!

“On the contrary, if I promise them that I would make them a Saint after returning, then they definitely won’t be willing to betray me.”

It had to be known that there were not many Saints in the entire three worlds.

There were only a handful of them.

In the three worlds, who could offer a more desirable offer than this?

He was simply a genius!

Next, Lu Xiaoran called Shi Changlin in.

“Old Shi, you’ve been in our Nameless Sect for so many years. How have I treated you?”

Shi Changlin was silent for a moment before saying,

“Grand Master, I’m not Uncle-Master. I can’t do it. Moreover, I’ve been suffering from hemorrhoids for the past two days. I don’t think you would want to do it with me.”

Lu Xiaoran: “???”

“Lige and I are innocent. Don’t slander me.”

“Of course! Of course!”

Lu Xiaoran :” ...”

Why did he feel that the other party was doing this on purpose?

If not for the fact that he wanted to plant the other party in the Heavenly Court, he would have kicked the other party to death!

“I have an extremely important mission for you here. If you can complete it, I can give you a spot to become a Saint. I only have this one spot. There’s no other opportunity like this in the entire three worlds! If you miss it, you can wait for another hundred million years!”

“Hiss”

Shi Changlin gasped, and the hair on his entire body stood on end.

Immediately after, he stood up and undid his belt in all seriousness.

Lu Xiaoran was dumbfounded.

“What do you want to do?”

Shi Changlin smiled and said, “Grand Master, actually, I forgot to tell you that my hemorrhoids have already recovered.”

Boom!

“Get lost and face the wall for ten years. No! A hundred years!”

Lu Xiaoran directly kicked the other party flying and roared angrily.

Then, Ji Wuxin brought a cup of tea over.

“Sect Master, calm down. This is the tea Eighth Uncle-Master rewarded us with. We can’t bear to drink it, so we brought it all to you.”

“Tea? Where did he get the tea?”

“It’s nothing. It’s just that we’ve been robbing tombs previously, right? We stole the tea leaves from some tombs. These are all top-notch divine power tea. After drinking it, it will refresh your mind and even replenish your divine power. It’s good stuff.”

Lu Xiaoran :” ...”

He originally wanted to praise the other party for his filial piety, but after hearing this, he retracted his words.

“Do you have a quality guarantee for this tea? It should have expired, right?”

“Sect Master, stop joking. This is divine power tea. It’s all passed down from ancient times. It’s not ordinary tea. How can it expire? Try it.” “No need. Give it to your father to drink later. After all, he will still be mourned by his sons and daughters after he dies. I have an extremely important mission for you now. I wonder if you’re interested?”

Ji Wuxin was stunned. Then, his eyes turned sour and red, and mist gradually covered his eyes.

“Sect Master, what have I done?! Why are you so good to me? I’m just a nameless disciple of the Nameless Sect.

“Yes, it is true that my biological sister is the Nameless Sect’s Second Senior Sister...

“It’s also true that my father and uncles are all outstanding second-generation disciples of the Nameless Sect...

“My brother is even a genius of the Nameless Sect’s younger generation...

“However, I’m still only a small character! You actually want to give me such an important mission!

“Wait... could it be... could it be... that you’re my biological father?”

Lu Xiaoran :” ...”

“No, don’t think too much. I just want to give you a mission.”

“But you didn’t give this mission to anyone but me. Since you’re not my father, could it be... Hiss ~! Did you take in my sister?”

“I don’t think you’re very suitable for this mission now. Go back and cultivate.”

After he dissuaded Ji Wuxin, he could not help but have a headache.

Why weren’t there any capable people in the entire Nameless Sect?

Lu Xiaoran suddenly realized that although a large number of people had gathered around him, there were actually not many of them who were useful.

What a headache.

It was definitely not suitable for him to use his personal disciples for his seamless plan this time. They still had to cultivate to increase his cultivation.

In addition, the plan to capture the hot shots of the other worlds had to be implemented after entering the Primordial World.

The new disciples were also not suitable. Although they had already been imprinted in his world, their loyalty had not been nurtured and grown over time, so they were not suitable.

In the end, Lu Xiaoran arranged for the Fire Phoenix to go to the Jade Pool. This was because after absorbing Jiang Ziya's soul, he more or less knew something about the Immortal World.

This might also be Jiang Ziya's second surprise for him.

After all, the Jade Pool would take in some immortal birds to raise. Moreover, the Fire Phoenix was a female bird. After going there, it would be very easy for the arrangements to be made.

Buttface was arranged by Lu Xiaoran to go to the Vast Moon Palace.

From Jiang Ziya's memories, he learned that there were often some immortals in the Vast Moon Palace who wanted to spy a certain beauty. Therefore, the Vast Moon Palace had been recruiting a guardian immortal beast recently. However, someone was worried that someone would have ill intentions and send some indecent immortal beasts in, so he had not chosen a candidate for a long time.

Buttface looked very idiotic and was even more idiotic when it came to doing things. Such idiots could easily capture the overflowing maternal sympathy of a lonely woman who did not want to be pestered.

Other than that, Lu Xiaoran also sent a group of other subordinates to the Heavenly Court, the Netherworld, and even the Four Seas Dragon Palace.

In short, Lu Xiaoran had planted spies in all the places with human activity in the three worlds.

After doing all of this, Lu Xiaoran brought everyone to the Primordial World to cultivate.

Not long after he left, golden ripples appeared on the Bodhi Temple.

A huge spatial gate opened, and a few golden Buddha figures landed.

"Investigate clearly what's going on with the Buddhist Sect of this Divine World. Find out why it has become like this and why it was almost destroyed? In addition, gather all the Buddhist experts in this world and increase their cultivation. directly pull them into the Spirit Mountain to ensure the smooth holding of the Ten Thousand Buddha Meeting."

A decree also descended from the Heavenly Court!

Pagoda-Bearing Heavenly King Li Jing was imprisoned because he had secretly let Jiang Ziya go to the lower realm and violated the heavenly rules.

For a moment, everyone in the three worlds was in panic. It was as if an unstable undercurrent had begun to surge in the three worlds.

In the Purple Cloud Palace, a figure in a black robe sitting in meditation also smiled slightly. "The wheel of fate has finally begun to turn again! The miracle I created with the help of the Pangu Body Technique has finally begun to appear!"

"This time, I wonder if you can handle it, Teacher?"

Chapter 427 Master and Disciple

In the Primordial World, there was dense chaos.

This place had once been the main body of the entire world! It was not until the Dragon and Phoenix Calamity when the Primordial World shattered that Hongjun preached the Dao and divided the three worlds that it gradually became a corner of the world.

However, even so, it still had strength unknown to the world!

Many Primordial big shots who had never stepped into three worlds were still hiding and cultivating inside.

The mountains and rivers changed, the stars moved, and the sun and moon flashed.

For several periods, countless big shots had long been hidden here.

It was as if the former Primordial World had returned silently.

At this moment, a small spatial gate slowly opened in a certain part of the Primordial World.

Three figures relied on the power of the spatial gate to step into the Primordial Little World.

“Is this the Primordial World? It’s somewhat different from what I remember!”

“We’ve already died countless times. The Primordial World has long been disintegrated and the former Primordial World no longer exists. However, the current Primordial World can’t be underestimated.”

Lu Xiaoran glanced at Lige and Wuxia beside him. To be honest, when Wuxia said that she was the reincarnation of the Essence Phoenix, he felt that his mind was in a mess.

His eldest disciple was the reincarnation of Luo Zhen, and his second disciple was the reincarnation of the Essence Phoenix.

Could it be that his disciples were all the reincarnation of such top-notch big shots?

It made him a little uncomfortable.

After all, he was also the reincarnation of an unknown big shot. Without any background, it was impossible for him to reach his current level.

“Stop talking nonsense here. I don’t care how awesome the two of you were in the Primordial World in the past. The current Primordial World is not something the two of you can handle! Control yourselves.”

Yun Lige smiled faintly.

“Don’t worry, Master. It’s just the Primordial World. Previously, I wasn’t afraid when the Primordial World was perfected. Now that the Primordial World has long shattered and is weakened to this state, I don’t have to worry at all.”

As soon as he finished speaking, a flaming bird quickly flew over from the horizon.

The bird was more than a thousand meters long and had a wingspan of more than 800 meters. Its entire body was surrounded by flames and was filled with a heart palpating aura. Its cultivation was at least at the Heaven Immortal Realm!

However!

It had just let out a phoenix cry when a huge ape palm stretched out from the sky and grabbed the other party and ate it.

Looking at the Demon Ape's figure, it was at least ten thousand meters long and had a dense and sharp aura. It was countless times stronger than the bird and was at least at the peak of the Heaven Immortal Realm.

However, before the three of them could recover from their shock, another five-clawed demon dragon that was only a thousand meters long and emitted a spirit light pierced through the Demon Ape's body. It took out the demon core and transformed into a purple light before leaving.

Almost in an instant, before the three of them could react, a Heaven Immortal Realm expert and a peak Heaven Immortal Realm demon were killed in front of them.

The air was somewhat silent. After a few seconds of silence, Yun Lige said, "Master, I think my cultivation technique is about to break through. I want to cultivate in the Mountain and River State Painting."

Lu Xiaoran glared at him angrily.

"Next time, don't brag if you don't have the ability!"

Yun Lige smiled awkwardly and was put into the Mountain and River State Painting by Lu Xiaoran.

Ji Wuxia immediately said,

"Master, what should we do now?"

Lu Xiaoran said calmly, "I've long thought about it. We definitely can't wander around in the Primordial World. Our current strength is still too weak. The Primordial World is filled with experts. If we wander around and encounter a big shot, it will be tragic."

Ji Wuxia nodded, her eyes also filled with seriousness.

She and Yun Lige had both awakened their memories from their previous lives, so they knew that Lu Xiaoran was not a Saint. However, it was not necessarily the case for the others.

Now, everyone still thought that Lu Xiaoran was a Saint.

Sometimes, she really wanted to be like the others. The less she knew, the happier she would be.

"Therefore, we have to find Golden Ao Island and join Jie School as soon as possible."

"Good idea."

"You think so too, right? However, Master needs your cooperation."

Ji Wuxia looked at her master's serious expression and her heart immediately skipped a beat.

"Master, my cultivation has only just reached the first level of the God Monarch Realm after this period of bitter cultivation. I haven't even reached the Immortal Realm. Don't be rash. Otherwise, I'll die."

Lu Xiaoran said with a solemn expression, "Wuxia, you've changed. Don't you believe Master? You have to believe in Master's professionalism."

The corner of Ji Wuxia's mouth twitched.

Before she broke through to the God Monarch Realm and awakened her memories, she would definitely believe Lu Xiaoran without holding back. This was because at that time, she also thought that Lu Xiaoran was a Saint.

However, now that her memories had awakened, she knew that it was impossible for Lu Xiaoran to be a Saint now.

However, Lu Xiaoran was still her master, so she could only do it.

About four hours later, a primordial cultivator in beast skin passed by and heard a groan. He stopped and immediately followed the voice to arrive.

Seeing Ji Wuxia, his eyes immediately lit up

The skin of female cultivators was not bad. They were all fair and rosy, as tender as jade.

However, their appearances were still different.

Some people would be better-looking if they had good skin, and some would not. For the latter, no matter how fair their skin was, it was useless.

After all, in a world where everyone had fair skin, no one would like them!

Although illusion techniques also existed, only high-level cultivators could deceive low-level cultivators. It was simply impossible for low-level cultivators to deceive high-level cultivators!

Ji Wuxia's cultivation was not even at the Immortal Realm. In the Primordial World, immortals were all small fries. The other party could naturally see through Ji Wuxia's cultivation at a glance and was not guarded against her at all.

"Fellow Daoist, why are you moaning here?"

Lu Xiaoran, who was hiding under a rock in the distance, could not help but slander in his heart, "What is he talking about? How can this guy mistake a groan for a moan? How long has it been since this guy last saw a woman?"

Ji Wuxia was also somewhat embarrassed. She coughed lightly and immediately said, "I got separated from my senior sisters and don't know the way back."

The other party's eyes lit up.

The other party had gotten lost in this lawless Primordial World. Moreover, she was even a lonely little Daoist nun who was so beautiful. This was the luck of the heavens!

"Then which sect are you from? I'll send you back, alright?"

"You?"

Ji Wuxia pretended to be vigilant and looked at the other party.

“Is your cultivation alright? My sect is very far from here. The journey to the Primordial World is dangerous. Can you guarantee my safety?”

“Definitely. I’m already a fifth level Immortal Realm cultivator now. Although my cultivation level in the Primordial World is not too high, I have an excellent Earth Escape Technique so I can quietly escape in front of a peak Heaven Immortal. It’s not a problem for me to bring you back to the sect. However... there’s no free lunch in the world. If you want me to bring you back to the sect... hehehe... I wonder what Fellow Daoist will do for me in return?”

“Damn you!”

After knowing that the other party had the Earth Escape Technique, Lu Xiaoran directly transformed into a bolt of lightning and pounced towards the other party. The other party’s expression changed drastically and he was instantly prepared to escape. A yellow light lit up on his body and he directly used the Earth Escape Technique.

However, just as his head hit the ground, he felt as if he had collided with an iron mountain.

Bang!

In an instant, he was in a daze.

That was because Lu Xiaoran had done something in advance.

Lu Xiaoran rushed forward and directly locked the other party with the Dragon Lock Chain, preventing the other party from escaping at all.

The cultivator cursed angrily.

“Little slut, how dare you ambush your Master Wu!”

Before Ji Wuxia could speak, Lu Xiaoran had already whipped the other party’s head.

“You still dare to talk back?”

Lu Xiaoran slapped the other party repeatedly before venting.

Then, he used the Trinity True Eyes to directly invade the other party’s sea of consciousness and completely devour the other party’s consciousness.

“We’ve found the location of Golden Ao Island. I didn’t expect it to be so close to us. Perfect!”

As soon as he finished speaking, Lu Xiaoran circulated the Trinity True Eyes again and began to erase the other party’s memories.

“You’ve never seen me before. You were taking a dump.”

The other party’s expression immediately became wooden. Then, he undid his belt and began to poop.

Ji Wuxia’s face turned red and she immediately turned around to leave.

Lu Xiaoran hurriedly chased after him and said with a happy expression, “Wuxia, what did I tell you? I told you this plan is effective, right? After you successfully attract a cultivator, I would snatch his memories. Then, we can naturally obtain the location of Golden Ao Island.”

“Hmph! Master, you’re a little too much! You actually used me to... to do such a thing. I’m a girl after all.”

“I don’t have a choice either. Those people from Jie School didn’t give me a token or anything. I can’t find the location of Golden Ao Island just by injecting a little energy. If I don’t ask around, what if we are led astray?”

“The Primordial World is very dangerous.”

Ji Wuxia bit her lip.

“This is the last time. Let Fifth Junior Sister do it next time!”

“She can’t. Her assets have already been starved to death. If we find a cultivator, he will probably kill her with a sword and snatch her Dharma treasure. He won’t treat her like he treats you at all.”

Ji Wuxia’s face turned even redder.

“Master, you... you pervert!”

With that said, she flew even faster!

Lu Xiaoran shook his head.

“Wuxia’s temperament is still lacking.”

After the two of them left, the cultivator surnamed Wu finally broke free from Lu Xiaoran’s mental control and looked around in confusion.

“What am I doing here? Who took off my pants?”

He hurriedly checked below.

Chapter 428: What Bad Intentions Do Saints Have?

Lu Xiaoran quickly arrived at the legendary Golden Ao Island after searching through the other party’s memories.

This was a large island in a sea area. It was extremely vast and was hundreds of millions of kilometers wide!

In order to come to this island, Lu Xiaoran had changed his appearance 302 times.

Almost every time he met someone, he would change his appearance.

At the same time, because he cultivated a lot of cultivation techniques, he often changed his aura from time to time.

Other than dressing up as a woman, Lu Xiaoran had almost done everything.

He had pretended to be a monk, a daoist...

Everything was for safety. It was indeed the case. On the way here, Lu Xiaoran did not need to attack at all. Moreover, he did not encounter an enemy who made things difficult for him.

As for Ji Wuxia, he had long sent her into the Mountain and River State Painting to cultivate.

After all, it was far safer for Lu Xiaoran to be alone than for them to travel together.

Looking at Golden Ao Island from afar, Lu Xiaoran's eyes finally revealed a relieved light.

"I've finally arrived at the legendary Golden Ao Island. I've found the organization. Let me cultivate quietly for another twenty, no, a hundred years. It's definitely not a problem for me to beat that old dog Hongjun!"

Perfect!

.....

Riding his small wooden boat, Lu Xiaoran finally stepped onto Golden Ao Island.

However... when he arrived at the island, he was directly dumbfounded.

What was going on?

The Golden Ao Island in front of him was very different from what he had imagined.

The Golden Ao Island he imagined should be a peaceful island where the disciples of Jie School worked hard to cultivate together!

However, the current Golden Ao Island was not only dilapidated, but the disciples on the island were also dressed in extremely tattered clothes. They were even more tragic than beggars.

"This is Golden Ao Island?"

He could not believe his eyes.

Previously, when he ascended to the Lu family from the lower realm, he had wanted to find a backer for himself. In the end, the Lu family was simply trash.

However, the Lu family had at least provided him with protection for a period of time.

Alright, now that he was on Golden Ao Island, he was in a worse state than back then, when he was with the Lu family. How was he supposed to deal with a group of beggars?

He was here to seek support, not to do charity!

No, no, he needed to escape!

At this moment, Lu Xiaoran did not care how dangerous the Primordial World was or how much hope Jie School had for him.

He didn't care about them at all.

He only wanted to escape and find a very awesome primordial sect to hide and cultivate.

However, before Lu Xiaoran could escape, a black cloud quickly flew over from the distant horizon, mixed with several powerful auras.

Lu Xiaoran's heart trembled, and his expression began to turn solemn.

"Someone's here."

Without any hesitation, he directly found a place to hide and hide his aura.

Soon, the black cloud descended into the sky above Golden Ao Island.

Several figures landed from the black clouds. Every one of them had an extremely sharp aura. The one with the lowest cultivation was also a Heaven Immortal Realm expert!

As the experts descended, the tragic cultivators of Golden Ao Island could not help but raise their heads. They stared fixedly at the other party, their faces revealing a trace of fear.

The other party had a total of thirteen people, eight men and five women.

The person in the lead was an old man with white hair and beard. His aura was comparable to Jiang Ziya.

This lineup was naturally nothing in the Primordial World, but it was still rather terrifying here.

After the people from Golden Ao Island saw the other party, they gritted their teeth, their eyes filled with dense hatred.

"Golden Cloud Sect! What are you doing here again?"

The old man snorted and placed his hands behind his back.

"Of course it's a routine check to see if these demons from Jie School have violated the rules set by our Chan School!"

"The Shangshan Sect just checked yesterday. Why? Doesn't your Golden Cloud Sect know?"

"I do."

"If you knew, why did you still come!"

"The disciples of Jie School have ulterior motives. There are many different kinds of people. Who knows if any of you are evil people who want to cultivate to become demons?"

"We Chan School disciples are just concerned for your Jie School disciples. That's why we're checking up on you guys more."

"Your Tongtian master is blind and doesn't know the will of the heavens! This is why the Jie School is extremely incomplete now and only the disciples are left."

"If not for the fact that the two Saints of Chan School and Ren School have asked us to take care of you guys for the sake of our friendship, the last descendant of Jie School would probably have died."

The disciples of Jie School all clenched their fists and gritted their teeth!

“Shut up! How are you mere juniors qualified to call the Saint of Jie School by his name?”

“Also, it’s not up to your Chan School and Ren School to interfere in the matters of our Jie School!”

“Noisy!”

As soon as he finished speaking, a disciple of the Golden Cloud Sect directly swung his hand and slashed out with a sword beam, immediately killing two Jie School disciples!

“How ruthless!”

Lu Xiaoran, who was hiding in the dark, could not help but curse in his heart.

He had always been a person who did not like to meddle in other people’s business. However, at this moment, he also fiercely despised the two old things, the Primordial Heaven Supreme and the Grand Supreme Elder, in his heart.

The Saints of Chan School and Ren School could be considered as Tongtian’s senior brothers. Back then, it was fine if they schemed against Tongtian, but now, they even let their disciples bully the disciples of Jie School like this. They were really despicable.

Speaking of which, they were all formed from Pangu’s Essence Soul and were all taught by Hongjun. Why was Tongtian such a fool? Why were these two so despicable?

The people from Jie School were even more furious after their senior and junior brothers were killed, their eyes scarlet.

However, they did not say anything else.

This was because resistance was useless.

The people from the Golden Cloud Sect smiled coldly and slowly went forward to begin the so-called inspection.

Actually, it was more appropriate to call it a humiliation!

They were like high and mighty kings checking their slaves and wantonly humiliating the disciples of Jie School.

A male disciple of the Golden Cloud Sect was even more impudent and was harassing a female disciple of Jie School who was slightly more beautiful.

This was simply even more tragic than the destruction of a country!

Lu Xiaoran estimated that if Tongtian had known that Jie School would fall to this state, he would definitely not have chosen to sign the God Rankings back then.

Sigh, it was too difficult.

Looks like he should still join Chan School or Ren School first. After he developed, he would repay Tongtian. After all, he was the one who created his main body in this world, allowing him to successfully transmigrate.

Lu Xiaoran had already decided that he would immediately leave after these people left.

However, at this moment, the Taiyi Golden Immortal expert seemed to have discovered something and immediately swept his gaze in Lu Xiaoran's direction.

"Who's hiding there?"

Lu Xiaoran was stunned.

Had he been discovered?

It was impossible, right?

Putting aside the fact that his ability to hide was unparalleled, just the fact that Wang Cai had covered up his existence made it so that even that old dog Hongjun could not discover him. How did the other party discover him?

Just as he was feeling shocked, a sharp aura suddenly erupted from beside Lu Xiaoran. It was a Jie School disciple who was already at the Heaven Immortal Realm!

This shocked Lu Xiaoran.

Just now, he had only been focused on hiding. In his haste, he did not discover that a Jie School disciple was actually hiding beside him.

He had been careless!

The other party definitely knew of his existence. No, when they fought, he would have to escape. He did not want to be captured.

The Golden Cloud Sect elder smiled in disdain.

"A mere Heaven Immortal dares to ambush us. You're simply courting death! Get lost!"

As soon as he finished speaking, he flicked his finger and shot out a spell. A golden light flashed in the air, and without giving the other party a chance to react, he directly blasted the other party back to Lu Xiaoran's side.

Boom!

He directly collided with the ground, cracking the ground. The huge rock Lu Xiaoran used to hide himself was also directly sent flying by the shock wave.

Lu Xiaoran : "..."

The air was somewhat silent for a moment.

Then, he coughed lightly and said, "I was just passing by! I'm just a passerby. Continue!"

As soon as he finished speaking, he ran. He pulled his cultivation to the limit and activated the Trinity True Eyes. His speed was extremely fast. Even the Taiyi Golden Immortal did not have the time to react before he directly flew 5,000 kilometers away!

However, before he could fly out of the sea area of Golden Ao Island, a light suddenly erupted from the sky above Golden Ao Island.

After this light shot into the horizon, it quickly spread, transforming into a barrier that enveloped the entire Golden Ao Island.

Lu Xiaoran was no exception!

Before he could escape from the sea area of Golden Ao Island, he collided with the barrier formed by the golden light.

Bang!

As his head felt dizzy, Lu Xiaoran was directly bounced back.

“How hard!”

This collision made Lu Xiaoran suffer greatly.

Moreover, in the next moment, the entire Golden Ao Island had also changed!

A surging spirit energy quickly filled the bodies of every Jie School disciple, making the cultivation of all the Jie School disciples begin to increase.

It was even to the extent that the corpses of the Jie School disciples killed by the Golden Cloud Sect had actually recovered to their original state, gradually healing and finally repairing.

This was not the end because some Jie School disciples on the ground had actually been revived at this moment.

Everyone’s cultivation was rising.

Heaven Immortal!

Taiyi Golden Immortal!

In the end, even a Zenith Heaven Golden Immortal was born!

In the sky above Golden Ao Island, the clouds gradually formed a huge human figure. That human figure was filled with a pressure that looked down on the world, making everyone present not dare to look directly at the other party.

The people from the Golden Cloud Sect widened their eyes in disbelief.

“This... this is the phantom of a Saint! How is this possible? Isn’t the Saint of Jie School imprisoned in the Purple Cloud Palace?! Why is he still here?”

All the disciples of Jie School shouted excitedly, “The chosen one! The chosen one has returned!”

“The chosen one has returned. Jie School is prospering!”

Lu Xiaoran, who was feeling dizzy, had just crawled up from the ground when he saw the phantom in the sky with everyone.

This made his pupils shrink.

How powerful!

This was the strongest existence Lu Xiaoran had ever seen!

The other party had perfectly suppressed the so-called Taiyi Golden Immortal with just a phantom. Lu Xiaoran estimated that even a Zenith Heaven Golden Immortal was not his match.

Even with his toes, Lu Xiaoran could tell that this was definitely the legendary Saint's phantom!

However, this did not seem to be the problem now!

Instead, he was wondering why Tongtian's phantom had appeared at this moment.

Why would the other party seal up Golden Ao Island?

Also, why did he feel that the Saint phantom in the sky was smiling at him?

These questions filled Lu Xiaoran's head.

He vaguely guessed that this Tongtian definitely did not have good intentions.

At the very least, this array formation had been activated because of him.

Chapter 429: Becoming the Sect Master of Jie School?

Just as Lu Xiaoran was feeling puzzled, all the disciples of Golden Ao Island knelt to him in the next second.

"Greetings, Sect Master!"

"What's this?"

Lu Xiaoran's already dumbfounded mind was even more confused now.

He kept shouting in his heart, hoping someone could tell him what was going on.

In the entire Golden Ao Island, the only ones standing were him and the elders and disciples of the Golden Cloud Sect.

Lu Xiaoran looked at them, and they also looked at Lu Xiaoran.

"Brat! Didn't you say that you were just passing by?"

"What's your intention? Why are you gathering the remaining members of Jie School?"

As soon as he finished speaking, huge auras pressed down crazily on everyone like a tsunami!

"How dare you! How dare you be impudent to our Jie School's sect master! You deserve to die!"

"You idiots from Chan School deserve to be punished!"

“Pfft!”

.....

Before they could use a spell technique, the thirteen Golden Cloud Sect elders and disciples were already directly suppressed by the other party’s countless powerful aura. They knelt on the ground, their faces red and unable to say a word.

“Sect Master! These thirteen scoundrels were disrespectful to you. Please punish them!”

A Taiyi Golden Immortal from Jie School knelt in front of Lu Xiaoran and begged him to give the order.

Lu Xiaoran’s face twitched.

“Then what are we waiting for? Do it.”

“Yes!”

Several Jie School experts attacked at the same time. In an instant, light formed by various hand seals filled the sky.

The thirteen Golden Cloud Sect elders and disciples were extremely frightened and immediately roared, “How dare you attack us! The Golden Cloud Sect won’t let you off! The Ren School won’t let you off either!”

Unfortunately, the roars of the thirteen of them were simply not worth mentioning in the face of the anger of the people of Jie School. They were destroyed on the spot by the other party’s cultivation technique and burned to ashes, not leaving behind a single soul!

Lu Xiaoran swallowed hard.

Damn, these disciples of Jie School were so awesome. Among the thirteen people just now, there were two Taiyi Golden Immortals and the others were all at the Heaven Immortal Realm. In the blink of an eye, they were all killed by the people of Jie School.

This Jie School disciple’s cultivation was already so high. If the other party attacked him, wouldn’t he be unable to escape?

Damn, these guys had just pretended to be beggars and were being bullied!

It turned out that they were big shots who were even more ignoble than him!

Everyone destroyed the thirteen people from the Golden Cloud Sect and immediately knelt down to Lu Xiaoran again. Their eyes were filled with excitement.

Lu Xiaochen was silent for a moment before saying, “Um, can someone explain to me what’s going on? My mind is a little chaotic now.”

One of the Zenith Heaven Golden Immortals quickly walked forward and explained to Lu Xiaoran, “Sect Master, are you a hot shot created by a Saint?”

Lu Xiaoran nodded.

“That’s right. So?”

The other party heaved a sigh of relief and smiled.

“If that’s the case, then I’m sure of it. Back then, the Saints were forced to sign the God Rankings. Knowing that Jie School would not be able to escape, they planned an even bigger plan in advance. In other words, they would start attacking again after the four tribulations.

“You will be leading this attack.

“You will lead our Jie School to reconstruct our glory and return Jie School to its previous peak! ”

Lu Xiaoran :” ...”

“Isn’t it inappropriate to place such an important burden on me? I’m only an Immortal Realm expert now!”

Everyone’s eyes were firm.

“No! You can definitely do it! If the Saint says you can, you can!”

“Sect Master, you have to believe in yourself! You’re the chosen one! You’re omnipotent!”

Lu Xiaoran could not help but ridicule in his heart, “Do you really expect me to believe that? It would be strange if I really believed you.”

He roughly understood the cause and effect of this matter now.

Tongtian had probably arranged his birth after finding out that Jie School would not be able to escape. However, he did not arrange it immediately and instead arranged it in the next few decades.

During this period of time, he had always asked the disciples who were not a part of the God Rankings to accumulate strength and wait for him to arrive.

As for why their cultivation seemed to be very low previously, it was probably because Tongtian had used a secret technique to seal their cultivation to prevent them from being secretly attacked by the people from Chan School and Ren School.

Or perhaps they were pretending to be weak on purpose to wait for him.

After activating the immortal power in his body, he would activate the mechanism Tongtian had set up on Golden Ao Island.

If he guessed correctly, this mechanism was also made for him.

As for whether this mechanism was made to protect him or to trap him, he did not know.

This suddenly made him feel like he had been tricked!

Although these Jie School disciples were also Zenith Heaven Golden Immortal Realm experts and almost every disciple’s cultivation level was above his, Lu Xiaoran did not feel happy. Instead, he felt like crying.

Alright, not to mention that there was a barrier outside, but these Jie School disciples' cultivation was also so powerful. Now, he really could not escape.

However, the problem was that from their conversation just now, it seemed that the disciples of Chan School and Ren School would come and check on them from time to time!

At that time, if they investigated him, wouldn't he die without a burial place with his current cultivation?

He originally thought that he had encountered the same situation as the Lu family. Jie School was filled with trash!

However, he did not expect to see so many big shots from Jie School.

Then, to his surprise, although there were many big shots, they still wanted him to be the sect master!

It was very troublesome to be a sect master. He had to worry about this and that.

Just thinking about it made Lu Xiaoran feel that he would lose countless brain cells and bullets!

He coughed lightly and continued, "Um, can we discuss this? I won't be the sect master of Jie School. Let's get one of your Zenith Heaven Golden Immortal experts to become the sect master! I'll just be a disciple of Jie School. If there's really no other way, I can also become an elder. It's fine as long as I can cultivate in peace!"

Everyone looked at each other and immediately could not help but smile.

"Sect Master, don't worry. The Saint has long thought about this and has long resolved this problem for you."

With that said, some disciples pointed at the golden barrier in the sky smugly.

"Sect Master, this barrier was specially left behind by the Saint for you!

"Once it is activated, no one other than the disciples of Jie School on our Golden Ao Island will be able to enter for ten years. Not even Saints.

"Therefore, with it around, you can cultivate without worry. The Saint had predicted that with your talent, it would not be a problem for you to cultivate to the peak of the Zenith Heaven Golden Immortal Realm in ten years.

"At that time, even without this golden light, you don't have to worry."

"Is that so?"

Lu Xiaoran's eyes lit up.

If that was the case, then this could really be considered a treasure land!

Lu Xiaoran liked this kind of safe place the most. He wanted to hide and cultivate.

He could cultivate without any worries!

Perfect!

However, there was another problem. That was... would these people listen to him?

If the other party did not listen to him, it would not be easy.

Lu Xiaoran was silent for a moment before saying,

“Are you really willing to let me be the sect master of Jie School?”

Everyone nodded in unison, their eyes sincere and firm!

It was as if they would not hesitate to die if Lu Xiaoran told them to!

“No way? I’m only an immortal. The strongest among you is already a Zenith Heaven Golden Immortal. Are you trying to trick me?”

“I’m not educated and I’m young. Don’t ignore your morals and bully a young man like me!”

Everyone immediately explained, “Sect Master, although your cultivation level is low, you’re also very young. Your talent is peerless!”

“You’re an existence that can lead our Jie School to revive our glory. We naturally have to listen to your orders. You don’t have to doubt us at all!”

“Really?”

“Absolutely!”

“Then can I test something out?”

“Sure!”

Lu Xiaoran thought for a moment and immediately said, “Stand up!”

Everyone immediately stood up.

“Kneel!”

Everyone immediately knelt down again.

“Get down!”

Everyone immediately lay down again.

“Bark like a... Uh... Forget it. That’s enough. Get up.”

This made Lu Xiaoran unable to help but praise in his heart.

Not bad! The disciples of Jie School were indeed well-trained.

It seemed that Tongtian’s disciples worshiped Tongtian very much and would firmly carry out his orders!

Yes, yes!

He also knew that Tongtian was using him to complete the grand plan of Jie School’s revival.

However, so what?

At the very least, at this stage, he could have a safe place to live. Both sides were just taking what they needed!

“Alright! Since you’re all so willing to listen to my orders, I can only reluctantly take over the position of the sect master of Jie School. You... what’s your name?”

The other party quickly stepped forward and cupped his hands towards Lu Xiaoran.

“Sect Master, my name is Luo Yang.”

“Luo Yang, alright. From now on, you’re my number one elder. You’re immediately in charge of helping me calculate how many useful disciples Jie School still has and how much cultivation they have.”

“Understood. Please go to the hall of Golden Ao Island, Sect Master. I’ll report it to you in a while.”

Lu Xiaoran nodded and immediately arrived at Golden Ao Island’s hall under the lead of a female disciple.

To his surprise, the hall of Golden Ao Island was actually not destroyed and was intact!

As if sensing his confusion, the female disciple immediately explained, “The Saint knows that you will definitely need a lot of resources after returning to Golden Ao Island, Sect Master. Therefore, he left a large portion of the resources in this hall and used his strength to seal the hall. That’s why this hall had never been raided by those scoundrels.”

“I see!”

Lu Xiaoran nodded.

Tongtian still had some brains and knew to leave something for him. Otherwise, it would really be difficult for him to do anything.

He released his aura. The seal seemed to know his aura and the hall opened automatically. Lu Xiaoran stepped in, and the female disciple followed closely behind.

After the two of them arrived at the hall, they were instantly shocked by the dazzling resources piled into a small mountain.

With the piles of Dharma treasures placed in the hall, Golden Ao Island hall seemed to have become a warehouse.

Gulp!

Lu Xiaoran clearly heard the female disciple swallow.

“Pick a few?”

Lu Xiaoran asked with a faint smile. The other party’s face was slightly red and her breathing was somewhat rapid.

“Sect Master, are you joking with me?”

Lu Xiaoran shrugged.

“I never joke.”

“Then... then I’m really going to take them!”

“Go ahead! In any case, I’m the sect master now. I can do whatever I want. If I say I’ll reward you, I’ll reward you.”

Lu Xiaoran was also very good at bribing people.

He had just arrived at Jie School and did not know what was going on. Who knew if Tongtian had any other bad ideas? Therefore, he had to be careful.

Moreover, this originally belonged to Jie School. It was rather cost-effective to use something from Jie School to exchange for the loyalty of the disciples of Jie School!

It was just like paying a prostitute with money you stole from her own wallet.

In other words, a free meal!

“Thank you, Sect Master!”

The other party bowed and thanked her. She immediately went forward and chose two immortal swords and a brocade bag. They were both immortal artifacts. She did not touch any Postnatal spirit treasures or high-level Dharma treasures.

It could be seen that she still knew her limits.

Lu Xiaoran nodded.

This girl was very sensible and could be used as his personal secretary to pass on messages and do things.

Then, Lu Xiaoran retracted his hand and directly put these Dharma treasures into the Mountain and River State Painting.

This could indeed be considered a considerable wealth.

Putting everything else aside, there were more than 20 Connate cardinal treasures and more than a 100 Connate spirit treasures. There were already more than 200 Postnatal cardinal treasures and more than 800 Postnatal cardinal treasures!

The other immortal artifacts and immortal pills were countless!

Even if Lu Xiaoran had Wang Cai, his current wealth could barely be considered to be on par with the wealth Tongtian had left behind. Moreover, that was only if he didn’t count the Connate cardinal treasures in Tongtian’s wealth!

This was because the best thing he had now was a Connate spirit treasure. He did not even have a Connate cardinal treasure!

Therefore, from this perspective, his assets could be considered to have at least doubled!

He had profited greatly!

Not bad, not bad.

After that, he would let his disciples sneak out and go to the 3,000 worlds to kill the hot shots and plunder their luck to strengthen Wang Cai. Only then could he strengthen himself!

Moreover, with the Great Dao Reincarnation, he could increase the speed of time and cultivation. In ten years, he was really confident that he could fight any faction in the three worlds!

Perfect!

At this moment, Luo Yang also stepped in.

“Greetings, Sect Master. I’ve already completed the registration of the Jie School disciples according to your instructions.”

Lu Xiaoran nodded.

“Then hurry up and read out their cultivation levels. In addition, analyze the current overall strength of Golden Ao Island.”

Chapter 430: Develop, All of You, Develop

Lu Xiaoran could not wait to find out how powerful Golden Ao Island was now.

Only by knowing his strength and the other party’s strength could he perfectly control this battle.

As the saying went, know yourself and your enemy.

Luo Yang immediately replied respectfully, “Sect Master, there are a total of 307 people in our Jie School. Among them are 4 Zenith Heaven Golden Immortals, including me. In addition, there are 10 Taiyi Golden Immortals. The rest are all Heaven Immortal Realm experts with varying strengths.”

Among them, 270 are on Golden Ao Island. The other 100 or so are scattered throughout the Primordial World and the three worlds as spies.”

“Four Zenith Heaven Golden Immortals.”

Lu Xiaoran pondered for a moment.

It was also not bad. After all, although there were many Zenith Heaven Golden Immortals during the God Sealing Tribulation, most of them had been on the God Rankings and had become lackeys of the Heavenly Court. There shouldn’t be many left.

Although it seemed that there were only four Zenith Heaven Golden Immortals, in fact, with the total number of Zenith Heaven Golden Immortals in the Primordial World decreasing, their value was very obvious.

It was just like how after many brothels were forced to close down, the cost of a single prostitute would increase from 100 to 1700 yuan.

Moreover, Tongtian was still very smart. He had actually arranged for more than a hundred disciples to be spies in various places in the three worlds so that he would be able to collect more information in the future.

Thinking of this, Lu Xiaoran picked up a cup of freshly brewed immortal tea and tasted it.

“What about the other factions in the Primordial World?”

.....

“Hmm... According to our initial estimation, among the other sects in the Primordial World, there are about 30,000 to 50,000 Zenith Heaven Golden Immortals.”

Pfft!

Lu Xiaoran immediately spat out the tea he had just drunk.

“Cough cough cough...”

After coughing twice, he ignored the discomfort in his throat and continued, “Why are there so many Zenith Heaven Golden Immortals in the Primordial World? Aren’t most Zenith Heaven Golden Immortals in the Heavenly Court?”

Luo Yang’s face was also somewhat embarrassed.

“Uh... Sect Master, it can’t be helped. Times have changed. In the past, there weren’t many Zenith Heaven Golden Immortals, but ever since the calamity in the west, the world has completely stabilized.

“In the past, Saint Hongjun had yet to control the world, so he did not allow immortals to casually cultivate to the Zenith Heaven Golden Immortal Realm. Therefore, he used the entire Heaven Dao laws to suppress the cultivation of the immortals.

“Now, the three worlds have already completely fallen into the hands of Saint Hongjun. He is naturally willing to let go of the restrictions and let the immortals cultivate.

“This is because no matter how immortals cultivated, they are unable to escape Saint Hongjun’s control in the end.

“This is also the reason why there are so many Zenith Heaven Golden Immortals.”

Lu Xiaoran :”...”

Um... he could not accept this reason.

He originally thought that Zenith Heaven Golden Immortals were already impressive enough. In the end, Zenith Heaven Golden Immortals were everywhere, and there were as many Golden Immortals as there were dogs.

Previously, he thought that Tongtian had left him a good team. However, now, it seemed that this was no different from not leaving anything for him.

Sigh!

Forget it, forget it. He still had to rely on himself.

Fortunately, he had Wang Cai.

He had only advanced to the Immortal Realm and his disciples had yet to advance to the Immortal Realm, but the resources Wang Cai gave him were already almost comparable to the resources stored by Saint Tongtian. It was already rather good!

If his disciples all advanced to the Zenith Heaven Golden Immortal Realm, he wondered what level of Dharma treasure Wang Cai would give him.

Moreover, with the barrier of Golden Ao Island and these high-level cultivators, he could also develop quickly and cultivate in a safe environment.

Not bad.

Thinking of this, Lu Xiaoran flicked his finger and threw a Postnatal spirit treasure into the other party's hand.

"You've worked hard. This is your reward."

Luo Yang immediately knelt and thanked him after obtaining a Postnatal spirit treasure.

"Thank you for your reward, Sect Master."

Although there were countless Postnatal spirit treasures, a Postnatal spirit treasure was still valuable. Even though she was already a Zenith Heaven Golden Immortal, she could not ignore the preciousness of this treasure.

"Inform all the disciples of Jie School to begin cultivating on the spot. You don't have to worry about the resources. My request is very simple. In these ten years, refine them as much as you can."

It would be best if they could all cultivate to the Zenith Heaven Golden Immortal Realm!

"In addition, contact the spies in the outside world. From now on, they have to report all the major events that have happened in the three worlds to Golden Ao Island in time."

Luo Yang's heart trembled and he immediately cupped his hands.

"Understood."

"You can leave."

After Luo Yang left, Lu Xiaoran summoned Yun Lige and the others, as well as a portion of the second-generation disciples.

"We've already arrived at the Primordial Land. The cultivators here are powerful and far surpass our imagination. Therefore, your cultivation mission is even more difficult."

"Please instruct us what to do, Sect Master."

Lu Xiaoran nodded.

“You’ve all cultivated the avatar technique, so from now on, immediately do your best to summon more avatars.”

“Your main body and most of your avatars will stay on Golden Ao Island to cultivate. I will increase your cultivation speed by 30 times to ensure that you can cultivate to the Zenith Heaven Golden Immortal Realm in the shortest time possible.

“Other than that, each of you will send one of your avatars to carry out the mission in the 3,000 worlds.”

“Yes!”

There were two reasons why Lu Xiaoran did not let the disciples of Golden Ao Island go despite them being stronger.

Firstly, the disciples of the Nameless Sect were all brought here by him and had been imprinted by him. There was naturally no doubt about their loyalty.

The disciples of Jie School could naturally also enter their small worlds to increase their loyalty.

However, Lu Xiaoran did not want to bring them into his small world yet.

This was because they were Tongtian’s disciples and had incomparable faith in Tongtian. If he directly absorbed them into his small world and forcefully changed their faith, who knew if Tongtian would know and fight him to the death?

In any case, he was the new sect master of Jie School appointed by Tongtian. It was enough for him to have this identity to restrain them.

If Tongtian was furious and ran back to Golden Ao Island in the middle of the night... he would not be able to escape.

Secondly, the 3,000 worlds were all far inferior to the Immortal World. If a large number of immortals were sent to the lower realm, they might be discovered by the Heaven Dao laws.

As for his disciples, because they were not branded in the three worlds, they would not be discovered.

It was like how a virgin was incomparable to someone who had given birth to many children.

Because of this, Lu Xiaoran prioritized the disciples of the Nameless Sect and got them to send their avatars.

Since they were only sending their avatars, it didn’t matter even if they died. They would not have to worry about any losses.

In this way, the entire Golden Ao Island began a long development period of ten years!

...

On the other side, when the Saint phantom appeared on Golden Ao Island and Tongtian’s power sealed the entire island, the entire Primordial World trembled.

Countless extremely powerful existences flew out from their cultivation places and looked in the direction of Golden Ao Island.

“Floating clouds, a Saint phantom appearing on Golden Ao Island... What’s going on?”

“Could it be that there’s something going on in Jie School?”

“Could it be that the Golden Ao Island that has been silent for tens of thousands of years has finally lost its patience?”

...

For a moment, countless experts stepped onto Golden Ao Island.

However, when they arrived, they shockingly discovered that there were no additional fluctuations on Golden Ao Island. There was only a golden barrier that had completely sealed Golden Ao Island.

“What is this?”

“There’s the aura of a Saint on this defensive barrier. It must have been established by Saint Tongtian. However, I wonder what’s going on in Golden Ao Island.”

“Hmph! So what if he’s a Saint? Now that Tongtian is imprisoned in the Purple Cloud Palace, the world belongs to our Ren School and Chan School. There’s no need to care about him. Just shatter this light barrier and see what he’s planning!”

As he spoke, a Zenith Heaven Golden Immortal had already attacked first!

He used a Nine Revolutions Star Soul Art and circulated the star aura of the world. He condensed it in front of him and transformed it into an attack pillar that directly struck the golden light.

Unfortunately, when his attack entered the golden light, it was immediately useless.

“Damn, this sure is hard to break!”

“Let me take a look.”

Another Zenith Heaven Golden Immortal also used a righteous light technique to attack the golden light formation.

Unfortunately, his attack was no different from the previous Zenith Heaven Golden Immortal.

This golden light formation became stronger in everyone’s hearts.

Many people’s expressions were extremely solemn.

After taking a deep breath, the few Zenith Heaven Golden Immortals exchanged glances and attacked at the same time.

In an instant, a total of 400 attack pillars attacked the golden light formation in the entire sky!

Every pillar of light represented a Zenith Heaven Golden Immortal!

The 400 pillars of light attacked the golden light in unison, but they were still like mud entering the sea. No matter how many pillars of light there were, it did not affect the golden light formation at all.

Everyone's expressions were solemn as they immediately communicated.

"Let's work harder and summon more Zenith Heaven Golden Immortals! I don't believe it! After all, Tongtian has already been imprisoned. How can the array formation he set up overturn the heavens?"

"That's right! Today, no matter what, we have to break this golden light formation. We can't let Jie School have any chance of development!"

However, just as everyone was about to summon more Zenith Heaven Golden Immortals, two words suddenly sounded from the golden light.

"Get lost!"

That was all the other party said, His tone was even extremely calm, and no anger could be heard!

However, after it erupted, the 400 attack pillars actually exploded and shattered at the same time!

The space outside Golden Ao Island was directly shattered at this moment!

The pupils of the 400 Zenith Heaven Golden Immortals constricted, and the hair on their bodies began to stand on end!

Run!

This was what almost every Zenith Heaven Golden Immortal thought!

However, even though they wanted to escape, the speed of this sound wave was even faster!

Almost in an instant, the sound wave caught up to the 400 Zenith Heaven Golden Immortals!
