

## **AN EXPERT 431**

### **Chapter 431: Is He Guarding Against Me?**

“It’s over!”

Everyone was instantly in extreme despair.

However, there was nothing they could do. In front of the strength of a Saint, it was difficult for anyone to resist.

The 400 Zenith Heaven Golden Immortals were instantly turned to ashes, not even leaving behind a trace of their Essence Soul.

At this moment, the entire world instantly fell silent!

The Zenith Heaven Golden Immortals who were still rushing over from afar stopped when they saw this and began to fall silent.

Although they did not know what was going on, they knew very well that Golden Ao Island was no longer a place they could go!

Even though Tongtian was currently imprisoned in the Purple Cloud Palace, he was still a Saint!

He was still one of the few Saints in the entire three worlds!

There was only a difference of a realm between a Saint and them, Zenith Golden Immortals!

However, the difference between these two realms was simply too great.

It was not that some people were unable to cross this gap in their lives, but that other than the few existences who had currently advanced to the Saint Realm, everyone else was unable to advance to the Saint Realm!

This was the difference!

.....

With this difference, no matter how many of them there were, they had to lie down obediently.

Otherwise, they would turn to ashes and their tens of thousands of years of bitter cultivation would be destroyed.

After a long silence, one of the Zenith Heaven Golden Immortals was the first to retreat.

After one person retreated, there would be a second, third, and fourth person...

“Quick, report to the two Saints!”

...

On Golden Ao Island, Lu Xiaoran saw many Zenith Heaven Golden Immortals retreat and could not help but praise, “As expected of a Saint! Your methods are awesome. You killed hundreds of Zenith Heaven Golden Immortals just like that. Not a single one of them was left!”

“Looks like this golden light formation can indeed guarantee ten years of stability.

“However, although that’s the case, I wonder if that Tongtian will use this array formation to observe me.

“He is currently imprisoned in the Purple Cloud Palace by that old dog Hongjun. He should still be able to transmit a trace of his thoughts.

“After all, he was also Hongjun’s disciple. Hongjun would more or less care about their master-disciple relationship.

“I think I should set up some array formations to guard against that old thief, Tongtian, first. ”

Lu Xiaoran knew that his identity was not ordinary. Tongtian only thought that he was the chosen one he created with Pangu’s blood essence and bones. However, in fact, his predecessor was the reincarnation of Pangu.

Now, he had transmigrated and possessed Pangu.

It was definitely impossible for them to figure out his third identity.

However, it should not be a problem for him to discover his second identity.

If Tongtian knew that he was the reincarnation of Pangu, he would probably be unable to hold back.

His original plan was to use him to revive the glory of Jie School. In the end, if he discovered that he was Pangu and would definitely surpass him in the future, how could he still be willing?

After all, the other party might instantly betray him and go to that Old Dog Hongjun.

At that time, Hongjun would bring a few more Saints to attack.

Damn, at that time, he would not even know how he died!

This was the reason why Lu Xiaoran set up the array formation.

...

On the other side, in the Purple Cloud Palace, another figure had appeared at this moment.

As this figure moved, the power of laws around him was pushed away, as if there was a transparent wave beside him.

That was a fluctuation that only a Saint could cause!

When one of the boys of the Purple Cloud Palace saw the other party, he immediately bowed down.

“Welcome, Heaven Supreme!”

“Yes!”

He acknowledged softly and said coldly, “Where’s Tongtian?”

“Reporting to the Heaven Supreme, Saint Tongtian is meditating in the Yangxin Hall.”

“Bring me there.”

“Yes!”

A moment later, the Heaven Supreme had already arrived at Yangxin Hall.

“I’ll go in and let him know you’re here.”

The boy wanted to report, but the Heaven Supreme said coldly, “No need. I’ll go by myself.”

Soon, he stepped in. In the Yangxin Hall, School Master Tongtian was meditating on the meditation cushion. As if he had long expected him to come, he smiled.

“Senior Brother is really relaxed today. You actually came to see me. I’m so touched.”

Primordial Heaven Supreme snorted.

“Speak normally!”

School Master Tongtian was stunned before continuing, “Back then, Senior Brother, you killed many of our Jie School’s disciples. Today, I only killed a few hundred of your disciples. Why is Senior Brother so petty? In any case, in your words, they’re only some ants. How can they compare to the friendship between us?”

“Don’t you think so, Senior Brother?”

Primordial Heaven Supreme’s expression instantly darkened!

“A few hundred. You sure know how to make it sound good! Although I’ve killed a lot of Jie School disciples, most of them are ordinary immortals or Earth Immortals who are even inferior to immortals. I only killed a few Zenith Heaven Golden Immortals!

“And now, you’ve killed 378 of my Zenith Heaven Golden Immortals and 22 Taiyi Golden Immortals from the Ren School in one go!

“Do you think your lowly immortals are worthy of being compared to those Zenith Heaven Golden Immortals?”

School Master Tongtian’s expression also turned cold.

“I don’t care if they’re Zenith Heaven Golden Immortals or ants. They’re all my disciples! I treat them like my own flesh and blood! In my eyes, even an insignificant immortal is as precious as the Zenith Heaven Golden Immortals of your Chan School!”

Primordial Heaven Supreme sneered.

“Stop flattering yourself. I won’t say much about the immortals of the Heavenly Court... However, one of your favorite disciples, Daoist Duobao, is currently sitting on the throne of the Spirit Mountain!

“Go and ask them if they treat you like a father.

A pained expression flashed in School Master Tongtian’s eyes, but he quickly recovered.

“I have so many disciples. What’s so strange about me being wrong about one or two of them?”

“Stop poking at my sore spot. Your men are already dead! It’s also impossible for me to revive them now!”

“As for why I killed them, you also know very well in your heart. For so many years, our Jie School has been bullied by the disciples of your Chan School and Ren School.

“Is it too much for me to kill 300 to 400 Zenith Heaven Golden Immortals?”

“It is not excessive at all!”

“If you’re unwilling to accept this, you can report me to Master. Master can punish me if he wants. As for you, you’re not qualified to lecture me!”

“You!”

Primordial Heaven Supreme’s eyes were filled with anger. Lightning surrounded him, and the power of laws constantly surged, shocking the entire Purple Cloud Palace in the surroundings. The boys of the Purple Cloud Palace could not help but feel their chests tighten.

Tongtian teased, “Senior Brother, do you want to start a fight? Perfect, I also feel somewhat itchy. After staying in this Purple Cloud Palace for so many years, I was just about to stretch my muscles!”

“Although I do not have the Immortal Slaying Sword and have to fight with my bare hands, that doesn’t necessarily mean Senior Brother will gain the upper hand, right?”

“At that time, it won’t be good for you to go out with a swollen face. ”

“How dare you!”

Primordial Heaven Supreme widened his eyes, and Tongtian snorted. He took a step forward and suddenly erupted with his aura.

“What’s there to be afraid of? I’ve already been imprisoned in this Purple Cloud Palace for tens of thousands of years. I don’t care if it takes another tens of thousands of years! On the other hand, if Senior Brother wants to come in and accompany me, I would be glad!”

“You!”

Primordial Heaven Supreme trembled in anger.

However, he was also helpless!

This was because School Master Tongtian was right.

Tongtian was not afraid of anything. He had already been punished and was imprisoned in the Purple Cloud Palace. If he caused trouble and angered his master, he would definitely not be able to escape punishment.

At that time, if he was also sealed in the Purple Cloud Palace, he would be doomed.

Moreover, he was indeed unable to defeat School Master Tongtian. Even if School Master Tongtian no longer had the Immortal Slaying Sword Formation, School Master Tongtian would still be able to beat him up and use him to wipe the floor of the Purple Cloud Palace.

Just thinking about it made him feel that it was better not to.

“Consider yourself ruthless. I’ll go find Master. I definitely won’t let you get away with this so easily!”

As soon as he finished speaking, Primordial Heaven Supreme directly left.

School Master Tongtian continued to tease from behind, “Senior Brother, remember to pretend to be as pitiful as possible. A crying child will receive more milk.”

Primordial Heaven Supreme staggered and almost fell to the ground.

Seeing Primordial Heaven Supreme leave angrily, School Master Tongtian rolled his eyes in extreme disdain.

Even though he had already become a Saint and was extremely powerful, a Saint was still a human!

Saints would not be easily angered, but that did not mean that Saints were emotionless machines.

Up until now, Tongtian had been aggrieved for tens of thousands of years.

Now that he could finally fight back, he naturally could not help but be somewhat excited!

In a good mood, he suddenly remembered something serious.

“By the way, I should still see what Little Lu is doing! This guy should have already begun to arrange for the disciples to cultivate, right?”

Speaking of this, School Master Tongtian immediately opened the Saint’s Eye to observe the current situation of Golden Ao Island.

Lu Xiaoran’s guess was right. Back then, when School Master Tongtian was setting up the array formation, he had already thought of this and set up the monitoring array formation in advance.

Of course, it was not that he did not believe Lu Xiaoran. He only wanted to see the progress of Lu Xiaoran and the others’ cultivation.

Otherwise, even if he was a Saint, he would still be anxious!

This was a huge matter related to the revival of Jie School. It was also his only concern now!

However!

When he opened the Saint’s Eye, he was instantly dumbfounded.

“What’s this?”

At this moment, Golden Ao Island was already completely enveloped in a white mist.

And even a dignified Saint like him was actually unable to see through this array formation!

“This is... an illusion formation?”

Tongtian quickly reacted.

“Why did this brat set up an illusion formation? Other than defending against the enemy, my array formation can also block others from investigating the situation in Golden Ao Island!

“Could it be that he is afraid that his array formation would fail?

“No, no!

“Even if this brat was a fool, he should know how powerful my array formation is!

“Moreover, he is not stupid!

“This brat is freaking guarding against me!”

### **Chapter 432: Cultivation Explosion**

After understanding the reason for Lu Xiaoran’s illusion formation, School Master Tongtian was dumbfounded!

“Is this brat crazy?

“Why is he guarding against me?

“I was the one who created you. How could I harm you?”

Tongtian simply found it unbearable.

“No, I have to see what this brat is doing!”

With that said, he immediately strengthened his communication with the array formation.

However, he still could not see through Lu Xiaoran’s array formation!

“Damn it! Break!”

School Master Tongtian exerted even more strength this time!

However, there was still a white scene in front of him.

“Damn it, in the Purple Cloud Palace, all Saint Realm cultivation will be suppressed. At most, I can only use the second level of the Primordial Chaos Zenith Heaven Golden Immortal Realm! I can’t unleash my full strength at all and can’t see through this brat’s array formation!”

After a while, Tongtian finally gave up.

.....

He sat on the meditation cushion and began to doubt his life.

“What kind of monster have I created? Isn’t he only at the Immortal Realm? How can I be blocked by the array formation he set up?”

At the same time, on Golden Ao Island, Lu Xiaoran clapped his hands happily.

He used the 20 Connate cardinal treasures School Master Tongtian had left for him to block the entire Golden Ao Island.

Because this array formation used 20 Connate cardinal treasures, even a Saint was unable to penetrate it!

This was the advantage of array formations. Even if the cultivation of the person who set up the array formation was not enough, he could still rely on the advantage of the array formation to release strength that far exceeded his cultivation!

Of course, this was only because Lu Xiaoran's attainments in array formations were really too powerful!

His attainments in array formations had already advanced to a level that others could not reach!

It was also because of this that the array formation he created was so powerful!

However, there were also some other factors.

This was because this was only an illusion formation!

This was because no matter how impressive Lu Xiaoran's attainments in array formations were, he was only an immortal now!

It was definitely impossible for him to create a powerful attack formation that could fight a Saint head-on!

The two sides were simply not on the same level!

However, it was different for illusion array formations. Because this array formation was too simple, if one's attainments in array formations were powerful enough and they had enough Connate cardinal treasures as the array core, it was very easy for them to greatly increase its might!

For example, an ordinary person would definitely lose a fight against a world-class boxing champion...

However, it was possible for the ordinary person to use some tricks, such as spraying some chili water to block the other party's vision.

However, at this moment, Lu Xiaoran suddenly could not help but sneeze!

"Ahchoo!"

He could not help but rub his nose.

"Damn it, who's talking bad about me behind my back? If I find out, I'll definitely get Lige to stab him with the God Slaying Spear!"

Then, he looked at his array formation in satisfaction and nodded slightly.

"Alright! The array formation has been completed. I can return to cultivate!"

...

On the other side, in the depths of the Purple Cloud Palace, after the Primordial Heaven Supreme arrived at a door, the arrogant expression he had in front of School Master Tongtian instantly disappeared. What replaced it was an expression filled with deep admiration!

Among his senior and junior brothers, he was definitely the most respectful to Patriarch Hongjun!

He was also the one Patriarch Hongjun liked the most.

The eldest, Grand Supreme Elder, had the demeanor of Patriarch Hongjun. He was usually unfathomable and it was very difficult to figure out his background.

Third Brother, Tongtian, was the one who made his master the most worried and angry.

Jie Yi and Zhun Ti only knew how to suck up to his master!

As for Nuwa, she could almost be ignored.

This was because she did not like to involve herself with karma. She could not even be bothered to manage the humans she created, let alone the matters between her senior and junior brothers.

As for the Primordial Heaven Supreme, he would obey his master but was not a bootlicker.

If one had to compare, the Primordial Heaven Supreme was more like Hongjun's biological son.

Yes, it felt as if he was the other party's biological son!

He had always treated himself as a direct descendant of Patriarch Hongjun!

This was also the reason why he had always been the most popular in the Purple Cloud Palace!

No one could compare to him!

"Master! I, Primordial, have come to pay my respects."

"Come in."

The other party seemed to have long known that the Primordial Heaven Supreme would come.

In fact, every move in the entire three worlds was basically under Hongjun's control. There was almost nothing in the three worlds that Hongjun did not know.

He knew about the matter on Golden Ao Island far earlier than the others!

Of course, he also knew what had happened on Golden Ao Island previously.

After that, when Tongtian blocked Golden Ao Island with an array formation, he was no longer able to sense the situation inside.

Therefore, he did not know of Lu Xiaoran's existence.

Therefore, he had his own understanding of this matter!

The Primordial Heaven Supreme quickly entered the room and arrived in front of Patriarch Hongjun.

Every time he gazed at his master, he felt as if he was looking up to a true unique supreme being!

Patriarch Hongjun's mighty aura made him yearn, respect, and worship!

That unique figure with white hair and beard that emitted a golden light and an extraordinary aura was simply an existence that far surpassed anyone in the three worlds. The other party was simply his lifelong pursuit!

He was willing to become a bootlicker for his master!

He was willing to become a pawn for his master!

He was willing to do anything for his master!

"Greetings, Master."

Hongjun nodded.

"Did you come for the matter of Golden Ao Island?"

"That's right! Master, Junior Brother Tongtian actually wrapped the entire Golden Ao Island in an array formation and even killed an entire 400 Zenith Heaven Golden Immortals!"

Master, you have to seek justice for me and senior brother! "

Patriarch Hongjun said with a calm expression, "You want me to seek justice for you! Then who will seek justice for Tongtian?"

The Primordial Heaven Supreme was stunned.

"Master, what do you mean?"

"Stop."

This single word made the Primordial Heaven Supreme's body instantly tremble. He even lowered his head in fear.

Patriarch Hongjun continued, "Back then, for your sake, I almost destroyed the entire Jie School! I also locked Tongtian in the Purple Cloud Palace for tens of thousands of years to ensure that your Chan School can flourish and become the number one sect in the three worlds!"

"As for you? Your Chan School has indeed flourished, but you've destroyed your junior brother's Jie School again and again in an attempt to completely destroy Jie School! Do you think I don't know all these years?"

I'm only turning a blind eye. "

The Primordial Heaven Supreme trembled slightly.

"Master, you're right. I was wrong. However, Tongtian contradicted Master and defied the heavens. He deserves this."

"Shut up!"

Hongjun's tone suddenly changed. A pressure descended, instantly freezing the power of laws around the Primordial Heaven Supreme.

At this moment, the Primordial Heaven Supreme began to tremble in fear!

It didn't matter even if he was a Saint!

Even if he was an existence that no one in the three worlds dared to provoke, in front of Patriarch Hongjun and the number one person in the three worlds, he was still a small fry.

It was true that as a Saint, he was qualified to fight Hongjun.

However, he would only be able to exchange a few blows and could barely last a few rounds. If it lasted any longer, he would be destroyed by Hongjun in minutes!

Patriarch Hongjun continued, "You have to remember that the number one person in the three worlds is me! I am the heavens! I am the will of the heavens! Only when I say that Tongtian is guilty will he be guilty. If I say that Tongtian is innocent, he will be innocent!

"I don't need you to teach me how to do things!"

The Primordial Heaven Supreme kowtowed repeatedly.

"Master is wise. Master is wise. I was stupid for a moment. Please forgive me."

Seeing this scene, Hongjun slowly retracted his aura.

The Primordial Heaven Supreme heaved a sigh of relief.

"You're my disciple. Tongtian is also my disciple. It's impossible for me to completely make Tongtian lose his disciples and grand disciples because of your selfish desires!"

The matter of Golden Ao Island could be considered as his compensation for the past tens of thousands of years!

"From now on, unless someone in Golden Ao Island causes trouble, I don't want anyone from Chan School, Ren School, or even the Western Sect to target the people of Jie School! Do you understand?"

"Yes! I understand!"

"Since you understand, go back."

"Yes!"

The Primordial Heaven Supreme left the Purple Cloud Palace dejectedly. After he left the Purple Cloud Palace, his eyes gradually became sharp.

"Tongtian, consider yourself lucky this time! However, I was able to suppress you back then. Now, I can still suppress you again!

"I want you to know that I, Primordial Chaos, am Master's second disciple! I will always be above you!

“Even if your cultivation level is high and you have many disciples!

“You will still be stepped on by me! Hmph!”

...

In the blink of an eye, half a year had passed.

Although it was said to have been half a year, Lu Xiaoran and his disciples had actually cultivated for an entire fifteen years!

The disciples of Jie School had not used this cultivation technique for the time being.

This was because Lu Xiaoran was only at the Immortal Realm previously, and the cultivation of the people from Jie School was simply much higher than his!

No matter how nice the people of Jie School were, he still had to be wary of others. Therefore, before Lu Xiaoran’s cultivation was high enough for him to deal with them, he did not want to expose his true cultivation and ability.

In fifteen years, coupled with the generous resources Wang Cai had provided him and the resources left behind by the Saint Tongtian, even if his disciples were a group of pigs, it would still be enough for him to teach them to become a group of cultivation big shots!

Among them, Yun Lige’s cultivation had already broken through to the ninth level of the Immortal Realm!

His talent had long been completely activated. Now, none of the other disciples were his match!

Ji Wuxia’s cultivation had just broken through to the third level of the Immortal Realm.

The distance between her and Yun Lige was somewhat large, but it could not be helped. Yun Lige’s talent was really much stronger than hers.

In their previous lives, Yun Lige was also stronger than Ji Wuxia. Therefore, it was normal for Ji Wuxia to be unable to catch up to Yun Lige.

However, the third level of the Immortal Realm was also a very good increase in cultivation.

It had to be known that previously she was only a small existence that had not even reached the God Monarch Realm!

Now, her cultivation had increased by more than ten realm levels!

Fang Tianyuan was not bad either. He had broken through to the first level of the Immortal Realm and was somewhat inferior to Ji Wuxia. However, he was only at the Supreme God Realm previously. At this moment, for him to break through to the Immortal Realm, he was already very powerful. After all, he could not raise his expectations too high. That would be somewhat unrealistic.

Moreover, Fang Tianyuan had also awakened his memories from his previous life!

Lu Xiaoran was actually extremely familiar with this person!

Sun Wukong!

That's right!

It was the Sun Wukong who had wreaked havoc in the Heaven Palace during the calamity of the Journey to the West.

As for why he died, he did not say. However, Lu Xiaoran also knew very well that it was most likely because of the Spirit Mountain and the Heavenly Court. They had kicked the other party to the curb when he had outlived his usefulness.

Lu Xiaoran did not force him to reveal it. Since Fang Tianyuan was unwilling to reveal it himself, it must be an especially sad past.

It was better to wait until he was willing to reveal it.

Li Changsheng and Song Xinian's cultivation levels were very stable. They had also reached the peak of the God Monarch Realm and were half a step into the Immortal Realm. They could break through to the Immortal Realm at any time and anywhere!

Previously, when the two of them had just arrived in the Primordial World, they were only at the God Emperor Realm. Now that they had broken through to the perfected God Monarch Realm, it was not a bad increase!

The main reason was that when they were in the Divine World, the two of them had each returned to the Taiyi Sword Dao and the Heaven Saber Pavilion. As a result, the two of them had missed the opportunity to cultivate with everyone.

The memories of these two people also awakened. One of them was the reincarnation of the Heaven Splitting Sword Soul, and the other was the reincarnation of the World Destruction Saber Soul.

It had to be said that it was a pity that these two brothers did not find a place to become sworn brothers.

The two of them were a perfect match. One of them could split the sky, and the other could destroy the world.

Fifth Sister Zhuge Ziqiong had also reached the God Monarch Realm and had awakened her memories from her previous life!

She was the legendary Nine Heavens Mystic Fairy.

Lu Xiaoran was not very familiar with this person. It was said that she was a former female battle god!

She sounded very awesome, but she was also an existence that was born after Pangu split open the sky. In any case, she was definitely inferior to Lige.

Seventh Brother Jun Bujian was actually also an existence Lu Xiaoran was very familiar with!

Great Qin Ancestral Dragon!

That's right, he was the Great Qin Ancestral Dragon that united the world.

He was also the last descendant of the Magi race!

However, he had two identities. He was not only the Great Qin Ancestral Dragon, but also the ancestor of the dragon race!

As the Ancestral Dragon, he was on par with Ji Wuxia in her previous life, when she was the Essence Phoenix.

Lu Xiaoran inexplicably felt that the two of them were more compatible as a couple!

This was because Jun Bujian was more unrestrained, and Ji Wuxia liked to keep a diary. The two of them were both indecent. They really should cooperate and become a comedic duo!

### **Chapter 433: Sect Master, Have You Been Enlightened?**

Eighth Brother Jiang Taixuan was Patriarch Netherworld in his previous life.

Ninth Brother Su Lingwu was the big shot of the Magi race in his previous life, Xing Tian.

He was the ruthless person whose head had been severed.

This made Lu Xiaoran sigh.

“Why are my disciples all so indecent?!”

However, forget it. It seemed to make sense that these people, who Wang Cai deemed to have Monarch talent, to be indecent.

After all, Wang Cai was even more indecent.

Many outstanding geniuses also surged out of the second-generation disciples of the Nameless Sect. For example, Shi Changlin, Jun Changming, Old Master Lu, Ji Wushang, and many other disciples had already successfully stepped into the God Monarch Realm.

Although they had yet to become immortals or immortal beasts yet, Lu Xiaoran was not worried at all!

This was because he still had nine years. Nine years was enough for him to increase the cultivation of these disciples to a qualified level.

As for the avatars of the disciples, they had also benefited from the 3,000 worlds. In a year, they had already killed a total of 129 hot shots.

Among them were hot shots with systems, transmigration hot shots, rebirth hot shots, fortuitous encounters hot shots, Long Aotian-type hot shots, and stupid hot shots... In any case, they were all extremely arrogant and could kill gods and Buddhas.

The luck of more than a hundred hot shots had greatly increased Wang Cai. Coupled with the luck of Jiang Ziya it had previously obtained, Wang Cai's current increase was unfathomable.

.....

Lu Xiaoran was also cultivating painstakingly. With the help of his avatars and the cultivation of his disciples, his cultivation increased in a straight line and had already reached the first level of the Taiyi Golden Immortal Realm.

Of course, he only revealed the aura of a first level Heaven Immortal to the public, so the others did not know Lu Xiaoran's true cultivation.

Lu Xiaoran estimated that in another year or so, his cultivation would probably increase to the Zenith Heaven Golden Immortal Realm!

Just thinking about it made him happy!

"Wang Cai, I'm ready to receive some gift bags."

"Understood. The gift bags have already been given out voluntarily. Master can directly receive and open them. Moreover, in order to accommodate Master's convenience, Master can open ten gift bags at once."

"This service is good. Wang Cai, you're getting smarter and smarter."

"It's all because Master taught me well. In addition, it's also partly because Master killed a large number of hot shots and allowed me to snatch more luck."

"Speaking of which, what is luck? I feel that after you absorbed the luck, your strength did not increase much. Instead, your functions have increased a little."

"Master, luck is actually Primordial Purple Qi. It's an existence that belongs to the Great Dao laws. The more Primordial Purple Qi there is, the more power of the Great Dao one can control."

"Currently, immortals cultivate immortal power, Postnatal Qi, and Connate Qi. After one breaks through past the power of laws, one would become a Primordial Chaos Zenith Heaven Golden Immortal, a Saint!

"As for the Primordial Purple Qi, it is an existence that surpasses the power of laws!

"After cultivating the Primordial Purple Qi, one can reach a higher level and break through the restrictions of the three worlds and obtain the qualifications to travel to other worlds.

"Patriarch Hongjun has already reached this level. "

"Then... how much Primordial Purple Qi do you have now?"

"Not much, only thirteen. Moreover, one of them was only formed after obtaining Jiang Ziya's power of luck and killing the hot shots Patriarch Hongjun set up for so long."

"Damn! After killing so many hot shots, we only have thirteen Primordial Purple Qi? Isn't this a little lacking?"

"Moreover, since Patriarch Hongjun can split out so many hot shots, how much Primordial Purple Qi does Patriarch Hongjun have? "

Lu Xiaoran did not believe that Patriarch Hongjun would be willing to split out a large amount of Primordial Purple Qi to deal with him.

“Hmm... According to my initial estimation, there should be at least 60 Primordial Purple Qi. After all, the remnant of the Jade Creation Butterfly he obtained already has 49 Primordial Purple Qi. For so many years, he has always been cultivating persistently. There should be a lot of Primordial Purple Qi in his body.”“Please reading on newnovel.org”

Lu Xiaoran :” ...”

He instantly felt especially tired, especially mentally exhausted.

Lu Xiaoran had already comprehended how rare the Primordial Purple Qi was. Then, in the blink of an eye, he learned that Hongjun had more than 60 Primordial Purple Qi.

After a while, Lu Xiaoran rubbed his temples and heaved a sigh of relief.

“Forget it, I’ll open the gift boxes first.”

In any case, there was nothing he could do now.

Lu Xiaoran directly opened the gift box.

Postnatal Qi x100000.

Connate Qi x1000.

Postnatal Qi x9999.

Connate cardinal treasure, Sea Calming Pearl x1.

Connate cardinal treasure, Amitabha Buddhist Pestle x1.

Connate cardinal treasure, Pangu Banner x1.

Connate cardinal treasure Golden Merit Lotus x16.

Connate cardinal treasure, Diamond Bracelet x1.

Connate Qi x1000.

...

In any case, the lowest-level ones were now Connate cardinal treasures. It could be said that Wang Cai was still very powerful!

This time, Wang Cai had given him more than 30 Connate cardinal treasures, instantly surpassing School Master Tongtian’s inventory.

It could be said that after Wang Cai gradually absorbed the luck of the other hot shots, it could already be considered to be becoming more and more impressive.

However, this was also good. In any case, the items were all for him.

Postnatal Qi and Connate Qi could not only be used to help disciples cultivate and increase their cultivation, but they could also be used to increase the level of weapons!

It could be said to be an excellent resource in all aspects!

However, the troublesome thing was that Connate Qi could only be cultivated when one reached the Zenith Heaven Golden Immortal Realm.

Fortunately, he could cultivate the Postnatal Qi first and increase his cultivation speed. At the same time, he could also increase his physique. Moreover, it could also serve as a buffer.

If he directly cultivated the Connate Qi, many disciples who did not have enough talent would easily suffer from qi deviation and be devoured by the Connate Qi.

On the other hand, cultivating Postnatal Qi could help them build a good foundation in advance and provide good help in their future cultivation and digestion of the Connate Qi.

These were things that many people could never obtain. Wang Cai was already very good to him.

After Lu Xiaoran prepared everything, he immediately summoned Luo Yang in.

With a thought, Luo Yang had almost instantly arrived at the hall.

“Sect Master, are you looking for me?”

Lu Xiaoran nodded.

“Previously, I asked you to gather the disciples of Jie School from all over the three worlds and send back all the information they have. Have they sent back the information?”

“Sect Master, the information has been sent back. We’re just waiting for your order to take a look.”

“That’s good. Give me all the information.”

“Yes!”

Lu Xiaoran received the information and immediately threw out a hundred Postnatal Qi and a Connate Qi.

Luo Yang was already at the Zenith Heaven Golden Immortal Realm, but it was still dangerous for a Zenith Heaven Golden Immortal to directly refine the Connate Qi.

Lu Xiaoran did not want anything to happen to him, so he gave him an additional 100 Postnatal Qi.

After Luo Yang received these resources, her eyes widened.

“Sect Master, isn’t this reward a little too generous?”

Lu Xiaoran frowned slightly and said in confusion, “Why? Didn’t School Master Tongtian give out these cultivation resources in the past?”

“That’s not it.”

Luo Yang explained, “The Saints naturally distributed these cultivation resources. However, at that time, we were still very weak and were only new disciples.

These cultivation resources all belonged to those talented disciples, such as Senior Brother Zhao Gongming, Duobao, the Holy Mother of Golden Spirit, and the other senior brothers and sisters.

However, after they joined the God Rankings and became a part of the Heavenly Court and the various parts of the Spirit Mountain, only us juniors were left. ”

Lu Xiaoran consoled, “There’s no need to be depressed. The day when Jie School will rise again will not be far. Moreover, it will be led by you guys.”

Luo Yang’s heart trembled.

“I wonder what your current cultivation level is, Sect Master?”

Lu Xiaoran said with an indifferent expression, “It’s alright. I just reached the Heaven Immortal Realm not long ago.”

“What did you say?”

Luo Yang immediately widened her eyes in disbelief.

“Sect Master, you... you reached the Heaven Immortal Realm so quickly?”

Actually, it was not her fault for not believing it.

When Lu Xiaoran first arrived at the Immortal World, his cultivation was only at the sixth level of the Immortal Realm.

And now, how much time had passed?

Half a year!

In a mere half a year, Lu Xiaoran had actually directly reached the Heaven Immortal Realm from the sixth level of the Immortal Realm!

Wasn’t this too terrifying?

It had to be known that not to mention her, even those top disciples of Jie School back then could not reach this cultivation speed.

After a long time, she finally reacted. She looked at Lu Xiaoran, her eyes filled with various emotions.

She was touched and excited. In short, all kinds of emotions erupted at this moment.

There was hope for Jie School!

There really was hope for Jie School!

In half a year, he had increased his cultivation from the sixth level of the Immortal Realm to the Heaven Immortal Realm!

This was simply even more intense than taking steroids!

At this moment, Luo Yang suddenly sensed how terrifying Lu Xiaoran was!

No wonder the Saint wanted Lu Xiaoran to be the one to revive Jie School!

So this was the reason.

Lu Xiaoran was a top-grade genius!

After taking a deep breath, Luo Yang's expression was solemn as she immediately bowed respectfully to Lu Xiaoran.

"Disciple Luo Yang will definitely follow closely behind Sect Master and revive our Jie School to its former glory!"

"Alright, go and cultivate first."

"Yes!"

After Luo Yang retreated, Lu Xiaoran immediately began to investigate, wanting to see if there was anything useful in this information.

However, just as he opened the first page, he saw something that was not very eye-catching.

November 12th, sunny!

A fellow by the name of Shui Dexing passed by the Vast Moon Palace before stopping. He was discovered by the new immortal beast Fairy Chang'e of the Vast Moon Palace, which kept barking, causing him to be discovered by the heavenly soldiers and be slapped forty times.

Lu Xiaoran : " ... "

His expression could not help but be somewhat strange.

"Could this be... Buttfac? Not bad, Buttfac can even catch thieves in the Immortal World!"

Moreover, the other party was a huge guy! "

#### **Chapter 434: There's a Way Out for You**

Lu Xiaoran did not expect Buttfac to have already done so well!!

Buttfac's future was indeed limitless!

He wondered how the other disciples were doing now! He wondered if they were as awesome as Buttfac.

He hoped that Long Kuang and the others would also do well and attack the enemy's inner core.

Only then could they provide him with greater convenience in the future.

Lu Xiaoran continued to read on.

"The West Mother Peach Banquet would begin in nine years. Currently, they had already begun to choose the immortal peaches."

The immortal peaches were about to ripen?

Damn, he had heard that this thing was very delicious and tender. Back then, after Sun Wukong froze the seven fairies, he did not do anything to them and instead ate the peaches.

From this, it could be seen that this peach was definitely extraordinary and was even more alluring than the seven fairies!

Unfortunately, he was not a god of the Heavenly Court. Moreover, his identity was special and he could not casually eat the immortal peaches.

It was simply too unfortunate.

After his cultivation broke through to the Saint Realm, he would definitely steal... oh no, directly snatch some immortal peaches to eat!

.....

What was there to be afraid of?

Lu Xiaoran swallowed and continued to read.

The following information was basically all private matter.

For example, a fellow named Wu Quxing would always sneak into the Imperial Observatory in the middle of the night. Moreover, there would be some strange voices in the Imperial Observatory...

Another example would be the four heavenly kings secretly letting some heavenly soldiers leave the Heavenly Court. Every time, they would receive a fixed fee. However, they would also increase the price whenever the Heavenly Court held a major event and was more strict...

Another example would be some high-ranking officials in the Heavenly Court who secretly kept fairies...

Because the Heavenly Court prohibited men and women from dating, these matters were extremely strictly managed.

Therefore, if this information was used well, it would bring Lu Xiaoran a lot of benefits.

However, he could not even enter the Heavenly Court now. By the time he could enter, he would probably already have become a Saint.

Forget it, he should keep this information for now.

It might be useful in the future.

Just as Lu Xiaoran was about to put down the information in his hand, he inadvertently saw a message. In an instant, his eyes stared fixedly there and did not move.

Because Pagoda-bearing Heavenly King Li had secretly let Jiang Ziya go to the lower realm, he was imprisoned in the Heaven Prison.

Lu Xiaoran's heart paused. So Jiang Ziya was actually sent down by Heavenly King Li?

His eyes instantly turned cold, and his expression began to become extremely solemn!

Back then, when Jiang Ziya learned that he was Pangu's reincarnation, he had always been very concerned.

This was because he did not know if there was anyone else behind Jiang Ziya!

This was the only thing he was worried about so far.

He hoped that Jiang Ziya had descended to the lower realm without permission and was working alone.

However, he knew that this was almost impossible!

In particular, now that he had discovered that Jiang Ziya had colluded with Pagoda-Bearing Heavenly King Li, it was inevitable that Pagoda-Bearing Heavenly King Li also knew his identity!

After taking a deep breath, Lu Xiaoran's eyes revealed two cold lights.

No, no matter what, he had to find Heaven King Li and kill the other party!

He put down the information in his hand and thought to himself, "Since the Heavenly Court has yet to make a move, then Pagoda-Bearing Heavenly King Li probably hasn't revealed anything. Or rather, he doesn't know my identity at all.

"However, no matter what, I definitely can't be careless.

"I have to speed up the cultivation of the disciples."

The aura he revealed to the public was only at the Heaven Immortal Realm, but in fact, he had already reached the Taiyi Golden Immortal Realm.

Next, if he could reach the Zenith Heaven Golden Immortal Realm, he could cultivate the Connate Qi and advance towards the power of laws. At that time, he would have hope of breaking through to the Saint Realm!

He needed to work hard!

Lu Xiaoran immediately prepared to cultivate again, greatly increasing his cultivation speed and frequency. He increased his disciples and his cultivation speed by 40 times!

This was the time enhancement brought by him using the Great Dao Reincarnation again after his cultivation increased!

This time, Lu Xiaoran was prepared to directly push his cultivation to the Zenith Heaven Golden Immortal Realm in one go!

Other than that, Lu Xiaoran got Wang Cai to create some more avatars. This was because as the disciples' cultivation increased, he prepared to send some more avatars to the Divine World or the lower realm to find the hot shots!

Only by killing more hot shots could Wang Cai become stronger and provide him with more Primordial Purple Qi!

The significance of Wang Cai's avatar was that as long as its avatar was in a world, the power of luck in the bodies of the hot shots killed by the Nameless Sect disciples would not be able to escape and would be swallowed by Wang Cai's avatar.

Once the power of luck was separated from its host, it would either escape to Hongjun or find a new hot shot.

It would be fine if it was the latter. However, if it was the former, it would be troublesome. Hongjun would definitely discover his traces very quickly.

Under Lu Xiaoran's perfect plan, everyone's cultivation continued in an orderly manner.

However, at this moment, a figure also quietly arrived on Golden Ao Island.

Facing the golden barrier, he was not anxious. He took out a Dharma treasure from his sleeve and placed it on the golden barrier. In an instant, he opened a tunnel that could only accommodate one person.

In the Purple Cloud Palace, Tongtian, who was meditating and cultivating, suddenly opened his eyes.

He snorted.

"I knew that this Primordial Old Dog wouldn't let the matter rest so easily.

"In just half a year, he actually sent a Zenith Heaven Golden Immortal to investigate the situation on Golden Ao Island.

He originally wanted to attack. After all, his mark had been imprinted on the array formation. He only needed a thought to kill this Zenith Heaven Golden Immortal.

However, in the blink of an eye, he shook his head.

"Forget it. There are also several Zenith Heaven Golden Immortals on Golden Ao Island. It shouldn't be a problem for them to fight him. Moreover, with that brat's intelligence, I don't have to worry too much.

"I wonder if that Primordial Old Dog will fly after failing to find any clues and losing a Zenith Heaven Golden Immortal!"

With a cold smile, Tongtian began to meditate again.

As for the Zenith Heaven Golden Immortal, after entering Golden Ao Island, he could not help but be smug.

"School Master Tongtian, to think that you spent so much effort to set up this barrier. In the end, it looks like I can still easily break in."

He picked up the small flag in his hand, his eyes revealing admiration and love.

This small flag was a clone separated from the Connate cardinal treasure of Primordial Heaven Supreme.

Although it was only a clone formed by the apricot yellow flag, it could unleash at least 10% of the original weapon's strength!

It was because of this that this Zenith Heaven Golden Immortal had the chance to enter Golden Ao Island and break through the barrier of the Heaven Sect Master.

However, when he really broke through the barrier and entered the island, he was instantly dumbfounded.

What was going on?

What was this?

In front of him was a white mist that he could not see his fingers.

“Could there be a second array formation in this Golden Ao Island?”

He frowned slightly and was silent for a moment before starting to wave the apricot yellow flag clone in his hand.

As the apricot yellow flag clone moved, the entire world instantly moved. Lightning circulated, and the wind and clouds gathered and scattered.

Even if this apricot yellow flag only had a tenth of the original weapon’s strength, it was still a Connate cardinal treasure!

It was still the Dharma treasure of a Saint!

With the backing of a Saint, its strength was naturally self-evident!

However... to his surprise, the waving of the apricot yellow flag did not reduce the white mist in front of him at all. It did not even move at all.

“What’s going on?”

This Zenith Heaven Golden Immortal was immediately dumbfounded.

This second array formation was actually stronger than the first?

His apricot yellow flag had already broken the first array formation, but it actually did not move the second array formation at all!

In fact, when he waved the apricot yellow flag, wind and lightning indeed raged on the entire Golden Ao Island. Everyone almost instantly discovered the other party’s figure.

However, the diversionary formation Lu Xiaoran set up did not move at all!

This diversionary formation did not have any practical defensive ability. Any attack would directly pass through the range of the array formation.

Unless one attacked its array core, one would not be able to injure it.

Its array core also had 24 Connate Dharma treasures.

Even if those Connate Dharma treasures were not the intrinsic Dharma treasures of a Saint and were inferior to the quality of the apricot yellow flag!

However, it was still more or less comparable to a tenth of the Apricot Yellow Flag’s power!

This caused the other party to be completely unable to break through Lu Xiaoran's diversionary formation.

At this moment, Lu Xiaoran had already come out. When the Jie School disciples saw him come out, they immediately bowed to him.

"Greetings, Sect Master."

Lu Xiaoran nodded and raised his hand slightly and excused them from their niceties.

Then, Luo Yang immediately went forward and whispered into Lu Xiaoran's ear, "Sect Master, this Zenith Heaven Golden Immortal should have been sent by Primordial Heaven Supreme. I saw an apricot yellow flag in his hand. That's the intrinsic Dharma treasure of Primordial Heaven Supreme."

"I know."

Lu Xiaoran replied indifferently.

With such a huge matter happening on Golden Ao Island, it was impossible for Primordial Heaven Supreme to stay idle.

Among all the Saints, he had the deepest grudge with Tongtian.

The two of them were polar opposites. One followed the will of the heavens.

One was to defy the heavens and change one's fate.

The two of them were like mortal enemies.

On the other hand, his Chan School had been bullying Jie School for so many years. Now that Jie School had suddenly sealed Golden Ao Island, it was inevitable that there was something fishy going on.

In order to suppress Jie School and prevent Jie School from reviving and continuing to pose a threat to Chan School, it was also impossible for Primordial Heaven Supreme to ignore it.

"Sect Master, what do you plan to do?"

The corner of Lu Xiaoran's eyes revealed a sharp light.

"Of course... we'll send him to the afterlife!"

Since Primordial Heaven Supreme had sent people over secretly and not openly, the other party was definitely afraid of something.

Since he was afraid, there was nothing for Lu Xiaoran to be afraid of.

Chapter 435 So What If You're Primordial Heaven Supreme? I'll Kill You All the Same!

After receiving Lu Xiaoran's order, the four Zenith Heaven Realm experts of Jie School moved out together.

However, before leaving, Houtu continued, "Wait."

Everyone was about to advance when Lu Xiaoran suddenly stopped them. Everyone turned around and looked at Lu Xiaoran in confusion.

“Sect Master?”

Lu Xiaoran took out four Connate spirit treasures and threw them to the four of them.

“That guy has an apricot yellow flag in his hand. Although it’s only a clone, it still has a tenth of the might of a Connate cardinal treasure. Even if it’s four against one, it’s still dangerous for you guys to fight bare-handed.”

The four of their hearts trembled, and their eyes could not help but turn slightly sour.

“Thank you for your concern, Sect Master. We definitely won’t disappoint you!”

Lu Xiaoran nodded.

“Go on.”

“Yes!”

The four of them moved and instantly arrived beside the Zenith Heaven Immortal.

.....

With Lu Xiaoran holding the fort behind them, this diversionary formation naturally did not affect the four of them.

The four of them were able to come and go freely in this array formation!

Just as the four of them arrived beside the other party, the other party also sensed something in an instant.

His expression immediately changed drastically. As he circulated the immortal power in his body, he used the apricot yellow flag to envelop himself.

“Fellow Daoists, I barged into this place by accident and definitely don’t have any hostility. I’m just trapped inside and can’t leave. Fellow Daoists, please understand and let me live. I’m extremely grateful!”

Unfortunately, only four lights flashed.

Boom! Boom! Boom!

In an instant, the lights bombarded the other party’s body. Even through the apricot yellow flag, he could not help but vomit a mouthful of blood, and the blood in his body was extremely chaotic.

“How can they be so powerful?”

His heart raced to the limit.

It had to be known that the thing wrapped around him was the apricot yellow flag!

This was one of the intrinsic Dharma treasures of Primordial Heaven Supreme. Even though it was only a clone, it still had a tenth of the original weapon's strength!

It could not be underestimated!

Moreover, there was no Saint-level existence on Golden Ao Island. How could the other party easily injure him?

Something was wrong!

The aura behind the four attacks did not reach a heaven-defying level. It seemed to be similar to his own!

However, their attacks had already reached the point where they could break through the apricot yellow flag clone!

It was because of their Dharma treasures!

Their Dharma treasures had increased their cultivation!

Their Dharma treasures were at least Connate spirit treasures!

Damn it, he had been too careless!

His apricot yellow flag only had a tenth of the original weapon's strength. Facing four Connate spirit treasures that were also controlled by Zenith Heaven Golden Immortals, coupled with the fact that his vision was blocked, he was simply helpless against the other party's attack. He could only defend passively. Wasn't he doomed?

Run!

Almost without any additional thoughts, he immediately returned the way he came.

His speed was very fast, shockingly fast. Almost in an instant, he arrived at the barrier.

"Don't let him escape!"

The four Zenith Heaven Realm experts caught up to the other party in an instant. Before the other party could activate the apricot yellow flag and break a huge hole in the Golden Ao Island's barrier, they released four more sharp attacks and directly bombarded the other party.

Bang!

The huge impact directly blasted the other party onto the towering golden light barrier. To him, he was no different from an egg hitting a rock. Coupled with the attack from behind, he felt that his entire immortal body was about to be squeezed into a meat patty.

Sensing the aura of death approaching, he hurriedly said in fear, "Stop! Stop! I'm a disciple of Chan School! I'm a disciple of the Heaven Supreme! If you dare to injure me, Heaven Supreme won't let you off!"

These words stunned everyone, and they also paused for a moment.

Taking advantage of this opportunity, the other party's eyes suddenly turned and he immediately sneered.

"To tell you the truth, I've come this time under the orders of Primordial Heaven Supreme! You remnants of Jie School, kneel quickly! If you dare to resist and attract the anger of Heaven Supreme, none of you will be able to live."

As soon as he finished speaking, a golden light suddenly shot over. Before he could react, it directly pierced through his forehead.

"No!"

With a world-shaking scream, he was nailed to the screen set up by Saint Tongtian.

At this moment, the entire scene was silent!

Everyone looked at this scene in disbelief.

A Zenith Heaven Golden Immortal had been nailed to death in a single move!

However, the sword used was a Connate cardinal treasure!

In the entire Golden Ao Island, there was only one person who had a Connate cardinal treasure.

Everyone immediately looked at Lu Xiaoran in unison.

Indeed, Lu Xiaoran had just put down the Sun Shooting Divine Bow in his hand!

At this moment, everyone was shocked and dumbfounded.

This was because Lu Xiaoran had only displayed a Heaven Immortal Realm cultivation to the public. At this moment, he had killed a Zenith Heaven Golden Immortal. How heaven-defying was this?

However, everyone quickly discovered that the Sun Shooting Divine Bow in Lu Xiaoran's hand was not an ordinary item. Instead, it was a Connate cardinal treasure!

The sword he shot out was also not an ordinary sword. It was also a Connate cardinal treasure!

The Sun Shooting Divine Bow could increase one's combat strength.

He had used two Connate cardinal treasures together. Coupled with the other party's carelessness and lack of defense, he had successfully killed the other party.

Thinking of this, it was somewhat reasonable. However, it still shocked everyone.

Even though he had used some methods to kill the Zenith Heaven Immortal, it still didn't change the fact that he was only a Heaven Immortal! He had killed an enemy who was at a higher level!

After all, his possession of those weapons could also be considered as a part of his strength.

In fact, with Lu Xiaoran's cultivation, fighting those at a higher level was not a big problem.

Even without the Sun Shooting Divine Bow, he was confident in killing the other party.

However, in that case, his cultivation would also be exposed.

Instead of that, it was better for him to take out more Dharma treasures and use them to hide his increase in cultivation.

In another year or so, he would definitely be confident in reaching the Zenith Heaven Golden Immortal Realm.

At that time, no one on the entire Golden Ao Island would be his match.

Lu Xiaoran slowly retracted his bow and said coldly, "From today onwards, no matter who sent the other party or what the other party is doing, as long as they dare to step into our Golden Ao Island's territory, they will be killed without mercy!

"Every disciple of Golden Ao Island is qualified to carry out this order!"

Everyone's hearts trembled as a heroic feeling quickly rose.

How many years had it been?

Ever since the God Sealing Tribulation, their Golden Ao Island had always been at the mercy of others. They had been humiliated like a group of dog slaves!

However, today, they finally dared to say that Golden Ao Island was about to rise again!

Hot blood burned in their bodies.

A battle intent soared in their hearts!

"As you wish, Sect Master! We'll kill those who are good at Golden Ao Island!"

Lu Xiaoran nodded.

"Go and cultivate. Increase your cultivation speed. From today onwards, I'll give you a new cultivation method! It'll increase your cultivation speed by dozens of times."

Everyone's hearts trembled again. They widened their eyes and stared fixedly at Lu Xiaoran, as if they had seen something unimaginable.

"Sect... Sect Master, what did you just say? You can increase our cultivation speed by dozens of times?"

Lu Xiaoran nodded.

Previously, he had not activated the Great Dao Reincarnation for the disciples of Golden Ao Island because he was afraid that the other party would advance too quickly and become incomparably powerful before he could react.

Then they would not be easy to control.

However, now, he no longer needed to worry about this problem!

This was because he had already cultivated to the Taiyi Golden Immortal Realm. It was not a problem for him to fight those at a higher level!

However, there was another more important factor. Now, Primordial Heaven Supreme had even started to send people over. This undoubtedly sounded a warning bell for Lu Xiaoran.

Previously, he felt that with the protection of School Master Tongtian, he could cultivate steadily for ten years.

Therefore, his original plan was actually to wait until he reached the Zenith Heaven Golden Immortal Realm before opening the Great Dao Reincarnation for the disciples of Jie School

However, now, he vaguely felt that he might not be able to cultivate peacefully for ten years.

In order to avoid Primordial Heaven Supreme suddenly coming out to play tricks, Lu Xiaoran had no choice but to speed up everyone's cultivation.

In the Purple Cloud Palace, School Master Tongtian, who heard the domineering declaration, was also shocked before laughing

"Hahaha... Interesting! Too interesting! This brat is indeed worthy of being the chosen one I nurtured. He's also worthy of being a living being forged from the blood and bones of God Father!

"Just this courage was enough to prop up the sky!

"Since you have such ambition, I have to help!

"Looks like I should talk to that old bastard Primordial."

On Golden Ao Island, after Lu Xiaoran arranged for the disciples to cultivate, he immediately took out the apricot yellow flag.

He could not help but frown.

This apricot yellow flag belonged to Primordial Heaven Supreme. It was definitely impossible for him to refine it. His current cultivation had not reached that level!

Even if his attainments in weapon refinement were very powerful and he had the ability to forge an identical apricot yellow flag, he would not be able to find the materials to forge it in a short period of time.

However, Primordial Heaven Supreme would definitely not be willing to let him keep it for himself. At that time, if he came personally, it would be troublesome.

Tongtian's barrier could defend against a Zenith Heaven Golden Immortal, but it was useless against a Saint of the same level.

"Wang Cai!"

He summoned Wang Cai.

"Coming, coming, Master, I'm here!" "Look at this apricot yellow flag. Can you make an identical one?"

"Let me take a look."

Wang Cai took a look.

“Sure, no problem!”

“I want you to create an identical one. Of course, it’s best if you can add some condiments. You understand, right?”

“Don’t worry, Master. I understand.”

Wang Cai quickly created an identical apricot yellow flag for Lu Xiaoran. Then, he gave it to Lu Xiaoran in the form of a gift bag.

After obtaining the new apricot yellow flag, the corner of Lu Xiaoran’s mouth curled up.

This apricot yellow flag was identical to Primordial Heaven Supreme’s flag. However, there was a difference, this flag would only listen to him!

After Primordial Heaven Supreme took it back and fused it, as long as the other party fought him in the future, he could scam the other party at any time. Lu Xiaoran was not afraid that Primordial Heaven Supreme would discover him.

Although Wang Cai’s combat strength was not good, Wang Cai’s ability to create things was top-notch!

Even Patriarch Hongjun was not Wang Cai’s match. It would be strange if Primordial Heaven Supreme discovered that something was wrong.

With a smile, Lu Xiaoran threw out the apricot yellow flag in his hand.

The apricot yellow flag automatically transformed into a yellow light and escaped.

As for the true apricot yellow flag incarnation, it was directly swallowed by Wang Cai and refined into materials on the spot. It could be used to make other Connate cardinal treasures.

Seeing the apricot yellow flag escape, Lu Xiaoran clapped his hands.

“Hehehe, Primordial Old Dog, you can’t blame me for this. You were the one who insisted on being despicable and coming to find trouble with me. I hope you’ll be obedient in the future. Otherwise...”

On the other side, in the Purple Cloud Palace, Tongtian kicked open the door of Primordial Heaven Supreme!

“Primordial Dog, get out here!”

Primordial Heaven Supreme had not left since he last came.

He was cultivating when the door was suddenly kicked open by Tongtian. He was immediately furious and roared.

“Tongtian, what are you doing?”

However, what responded to him was only a violent attack.

Boom!

In that moment, the power of laws condensed and tore through the sky. With a dignity that did not allow any doubt or resistance, it smashed fiercely onto Primordial Heaven Supreme's body.

Bang!

With a violent explosion, Primordial Heaven Supreme's body was directly sent flying on the spot, fiercely piercing through a wall.

If not for the fact that this was the Purple Cloud Palace and was a Connate spirit treasure to begin with, he would probably have been directly destroyed!

A moment later, Primordial Heaven Supreme roared again.

"Tongtian! You crazy dog! I think you're courting death!"

"You're the one who's courting death!"

Tongtian's expression was cold. Before Primordial Heaven Supreme could unleash his strength, Tongtian had already arrived in front of Primordial Heaven Supreme again.

Another punch blasted out and landed on the wrist of Primordial Heaven Supreme.

Bang!

This violent explosion directly made Primordial Heaven Supreme scream. Half of his arm had been blasted apart!

Then, Tongtian kicked the other party's chest, making his chest instantly collapse as he spat out a mouthful of blood.

Before he could get up, Tongtian stepped fiercely on his face again. At this moment, his aura erupted.

First level of the Saint Realm!

Second level of the Saint Realm!

Third level, fourth level, fifth level... all the way to the sixth level.

At this moment, his cultivation had already surpassed Primordial Heaven Supreme's by an entire realm level!

Even if it was only a difference of a single realm level between Saints, it was still significant!

Primordial Heaven Supreme's expression changed drastically.

"How did you become a sixth level Saint? When did this happen?"

Tongtian sneered.

"Why would I need to explain to you when I became a sixth level Saint?"

"For so many years, you have schemed and tried to close the distance between us.

“For this, you have always suppressed my Jie School and developed Chan School vigorously. With the help of so much power of faith, you have finally climbed to the fifth level of the Saint Realm.

“Unfortunately, the Heaven Dao has its own rules!

“I have already stepped into the sixth level of the Saint Realm!

“You’re still destined to be stepped on by me!

### **Chapter 436: Year After Year, Nameless Sect Immortal Ascension**

School Master Tongtian slowly squatted down and patted the head of Primordial Heaven Supreme at his feet as he sneered.

“Yes, it’s true that my Jie School is no longer the same as before.

“However!

“As long as I’m around, Jie School will never be destroyed!

“If you dare to have designs on Golden Ao Island again, I don’t mind breaking out of the Purple Cloud Palace and killing all the Zenith Heaven Immortals in your Chan School!

“Our Golden Ao Island only has a few hundred disciples now, and your Chan School has many Zenith Heaven Golden Immortals, right?

“However, if we really fought, I wonder who would suffer!

“If I lose a few hundred disciples, I can just rebuild Jie School.

“I wonder if you can still maintain your status as the number one expert of Chan School by then!

“Everyone, including Eldest Senior Brother, is waiting to take your place!”

With that said, Tongtian stood up and left. When Primordial Heaven Supreme crawled up from the ground, School Master Tongtian had already left his palace.

The child disciple beside him immediately stepped forward.

“Saint Master, what should we do now?”

.....

As soon as he finished speaking, the cultivation in his body directly exploded.

A cold glint flashed in Primordial Heaven Supreme’s eyes.

It was not that he was heartless to his own people. He was a Saint. If news of him being beaten up by School Master Tongtian spread, where would his face go?

Therefore, the fewer people who knew about this, the better.

At this moment, an aura approached from outside and the voice of a disciple sounded from outside the door.

“Disciple Chi Jingzi greets Master.”

Primordial Heaven Supreme circulated his strength to repair his swollen face that had been slapped by School Master Tongtian.

“Come in!”

“Yes!”

Soon, Chi Jingzi’s figure appeared in front of Primordial Heaven Supreme.

He held an apricot yellow flag in his hand and handed it to Primordial Heaven Supreme.

“Master, the Zenith Heaven Realm expert who went to Golden Ao Island has been killed.”

“I know.”

Primordial Heaven Supreme received the apricot yellow flag and said again, “Master, then what should we...?”

“Let’s not do anything for now and observe the Jie School first.”

“Yes.”

After Chi Jingzi retreated, Primordial Heaven Supreme fused the apricot yellow flag in his hand into the original apricot yellow flag. Looking at the intact apricot yellow flag, Primordial Heaven Supreme’s gloomy face finally revealed a trace of joy.

“Fortunately, the apricot yellow flag is still intact. Otherwise, I would probably have suffered a huge loss!”

After a pause, his expression became gloomy again.

“However, even so, Tongtian, don’t even think about living a comfortable life. Just because I can’t deal with you doesn’t mean that others can’t!”

...

Time passed quickly. In the blink of an eye, a year had passed.

The moment Lu Xiaoran opened his eyes, his eyes shone brightly like a sea of stars!

The spatial power beside him actually began to fluctuate as he breathed.

“I’ve finally... stepped into the Zenith Heaven Golden Immortal Realm.”

The corner of Lu Xiaoran’s mouth curled up slightly, and he was in a happy mood.

After reaching the Zenith Heaven Golden Immortal Realm, he was qualified to begin refining the Connate Qi.

When he refined enough Connate Qi and comprehended the power of laws, he would officially step into the Primordial Chaos Zenith Heaven Golden Immortal Realm!

Ever since Patriarch Hongjun preached the Dao and fused with the Heaven Dao, there had been no so-called Primordial Chaos Zenith Heaven Golden Immortal in the world. There were only quasi-Saints and Saints!

In fact, a Saint was basically a Primordial Chaos Zenith Heaven Golden Immortal.

However, there was still a huge difference between the two.

Saints were Primordial Chaos Zenith Heaven Golden Immortals controlled by the Heaven Dao. Even though they had already become Primordial Chaos Zenith Heaven Golden Immortals, they still could not live if the Heaven Dao wanted them to die!

The Heaven Dao could destroy them at any moment.

As for Primordial Chaos Zenith Heaven Golden Immortals, they were not controlled by the Heaven Dao.

It was true that the Heaven Dao could also kill Primordial Chaos Zenith Heaven Golden Immortals, but the Heaven Dao would still have to personally make the move.

Basically, it was as if the Saints were dating a sugar daddy and could be beaten and scolded at will.

On the other hand, the other Primordial Chaos Zenith Heaven Golden Immortals had only gone on a blind date with the Heaven Dao and did not need to fully comply.

Although it seemed to be a small difference...

Sometimes, such a small difference was really significant.

However, at this moment, Lu Xiaoran had not reached this level of cultivation, so there was no need to bring it up for the time being.

After Lu Xiaoran woke up, the first thing he did was to check on the situation of the Golden Ao Island and the disciples of the Nameless Sect.

“Eh, another Zenith Heaven Golden Immortal has appeared on Golden Ao Island! Not bad, not bad. Looks like after I activated my acceleration, the overall strength of Golden Ao Island has also increased a lot.”

Although there was only one additional Zenith Heaven Golden Immortal, it had to be known that every Zenith Heaven Golden Immortal had been tempered thousands of times. They also needed enough talent and luck to reach this level.

Although there were many Zenith Heaven Golden Immortals in the Primordial World, the Heavenly Court, and the Spirit Mountain, those Zenith Heaven Golden Immortals had all cultivated for thousands or even tens of thousands of years!

In comparison, the speed of Golden Ao Island was already rather good.

After all, even if Lu Xiaoran used time acceleration, he would only be able to turn a year into a few decades. There was still a huge difference between a decade and a few thousand or even tens of thousands of years.

Other than the Zenith Heaven Golden Immortals, a lot of the disciples had also broken through and became Taiyi Golden Immortals. Now, the number of Taiyi Golden Immortals was about to reach the hundred mark.

Their Heaven Immortal cultivation was basically about to break through to the late-stage. Once they broke through, they would all become Taiyi Golden Immortals. According to this current progress, Lu Xiaoran estimated that after the development and protection period of Golden Ao Island ended, there should still be hope for all of them to become Taiyi Golden Immortals.

As for the disciples of the Nameless Sect, they were already at the late-stage Heaven Immortal Realm and were only a step away from becoming Taiyi Golden Immortals.

Wuxia and Tianyuan had already advanced to the Heaven Immortal Realm.

The other disciples had already stepped into the Immortal Realm.

Other than that, some of the second generation disciples had already stepped into the Immortal Realm. The rest had all reached the God Monarch Realm and were only a step away from becoming immortals.

After all, the cultivation of the disciples of the Nameless Sect was very low. It was still understandable.

However, there was another reason why their cultivation speed was relatively slow. That was because their talent was not good enough.

Lu Xiaoran was actually more willing to describe the so-called talent as a comprehension of the cultivation path and the laws of the world.

It was just like how a group of illiterate people would definitely not be able to memorize a text well. However, if you taught them how to read before asking them to memorize a text, it would be easy for them to memorize the text.

“There are still eight and a half years left. There is still time to develop. Why don’t I wait until they all reach the Immortal Realm before I start to give lectures to help increase their comprehension?”

Now, many of them were not even at the Immortal Realm and would not even understand the lecture.

However, they were all about to become immortals. If he waited until they became immortals, there would be no need for Lu Xiaoran to repeat the contents of his lectures.

Thinking of this, he decided to first open all the gift boxes Wang Cai had received in the past year.

After all, in this year, the disciples had cultivated a lot more and had many gift boxes.

Lu Xiaoran directly opened them.

Connate Qi x100000.

Damn, when did Wang Cai start handing out this much Connate Qi?

Wang Cai was really becoming more and more fertile. As expected of it.

Connate Qi x333333.

Connate Qi x666666.

Connate cardinal treasure, apricot yellow flag x1.

This version of the apricot yellow flag was not inferior to the apricot yellow flag in the hands of Primordial Heaven Supreme.

Damn, Wang Cai was becoming more and more awesome. If it could replicate everything the other Saints had, wouldn't Lu Xiaoran be able to train a group of Primordial Chaos Zenith Heaven Golden Immortals and let these Primordial Chaos Zenith Heaven Golden Immortals control these equipment to fight a group of Saints head-on?

At that time, why would he still need to be afraid of Patriarch Hongjun?

Wang Cai seemed to have seen through his thoughts and immediately could not help but say, "Master, I advise you not to be rash. A Saint is indeed very powerful, but Patriarch Hongjun's cultivation is already at the Primordial Chaos Limitless Golden Immortal Realm. He's much stronger than a Primordial Chaos Zenith Heaven Golden Immortal."

"Also, you know that he's not the only Primordial Chaos Limitless Golden Immortal, right? He also has some good friends. For example, an existence like Patriarch Yang Mei is also a Primordial Chaos Limitless Golden Immortal.

"Moreover, they're definitely working together to target you!

"This is because before the world was created, they had worked together to attack Pangu. None of them would benefit from Pangu's revival.

"Therefore, it's not enough for you to become a Saint. "

Lu Xiaoran : "..."

He had been careless!

A group of dignified Heaven Dao Saints actually did not care about morals and worked together to bully a young man like him.

Forget it, he should continue to live ignobly for a little longer.

Lu Xiaoran continued to open the gift boxes.

Immortal Body x1.

"Immortal body? What's this? I'm about to become a Saint. What's the use of giving me an immortal body?"

"This immortal body is not for you to use. It's for disguise.

"If Master's cultivation reached the Primordial Chaos Zenith Heaven Golden Immortal Realm, a phenomenon would definitely appear. Everyone in the entire three worlds would know about it.

Just imagine, if his master became a Primordial Chaos Zenith Heaven Golden Immortal, wouldn't Hongjun know master's identity immediately?

"As for this immortal body, it purely belongs to an immortal under Hongjun's Heaven Dao. At that time, if we let him become Saint and use him to disguise you, even if Patriarch Hongjun knows that someone has become a Saint, he will not think that Master is actually a Primordial Chaos Zenith Heaven Golden Immortal. He will naturally not attack Master."

"Wow! You're so smart! If you're so smart, why don't you just give me a Saint's body? Why do I still need to cultivate?"

"Uh... It can't be helped. If I directly provide a Saint Body, it's very easy for Hongjun to tell. After all, he has the Jade Creation Butterfly and the Heaven Dao. Instead, if Master uses the immortal body and slowly cultivates, it won't be easy for Hongjun to discover Master."

"I see."

Lu Xiaoran finally understood something.

It was just like how if one cheated in an exam, they could not hand in the paper immediately.

They still needed to pretend to work to fool the invigilator.

At the very least, they still needed to match the time it took for them to answer the questions.

Otherwise, no matter how stupid the other party was, they would still be easily exposed.

Wang Cai was really smart.

### **Chapter 437 Xiaoran's Dao Lecture, Soaring Talent**

The next few Dharma treasures were also Connate cardinal treasures. There were no more Postnatal Qi or Postnatal cardinal treasures.

Among them were the twelfth-grade Merit Golden Lotus and the Seven Treasures Wonderful Tree of the Western Sect.

Looks like Wang Cai had already gradually increased to its peak.

"Wang Cai, what's the limit of your advancement?"

"I can advance to the Chaos cardinal treasure level at most. However, I can at most be considered a Chaos spirit treasure now, an existence that surpasses Connate cardinal treasures. If I want to repair myself fully and become a Chaos cardinal treasure, I have to obtain all the Jade Creation Butterfly Fragments. In other words, I have to defeat Hongjun."

"Then other than you, are there any other Chaos cardinal treasures?"

"Not for the time being. However, Master, you can use the Pangu Banner, the Chaos Bell, and the Taiji Painting to refine the Pangu Axe. The Pangu Axe can also be considered a Chaos cardinal treasure.

"However, because I can only be considered a Chaos spirit treasure, the three Dharma treasures I created can only reach the level of a chaos spirit treasure when refined together.

“This is already my current limit.

“However, that old dog Hongjun doesn’t have a Chaos cardinal treasure either. I’m still very confident that we can win this battle.

“This is because as long as I absorb more luck, I can infinitely approach the level of a Chaos cardinal treasure.”

Lu Xiaoran nodded.

This was not a bad idea.

.....

In any case, it was best if their chances of winning were high.

However, Wang Cai also reminded him that since it could create more chaos treasures, he should nurture more Primordial Chaos Zenith Heaven Golden Immortals.

At that time, he could rely on his numbers to kill the other party!

Moreover, he also had to increase the level of some weapons.

After all, he needed to have enough weapons to assign to his disciples.

Thinking of this, Lu Xiaoran began a new round of seclusion.

This time, other than cultivating, he also began to refine Dharma treasures.

In any case, after his cultivation increased to the Zenith Heaven Golden Immortal Realm, Lu Xiaoran could already create 100 avatars. The time required for the Great Dao Reincarnation could also be doubled to 80 times the time acceleration.

Therefore, even if it was because of the rule that the higher one’s cultivation was, the harder it was to cultivate, he did not have to worry.

Another year later, when Lu Xiaoran opened his eyes again, his cultivation had already reached the peak of the Zenith Heaven Golden Immortal Realm.

There was no obstacle to Lu Xiaoran’s breakthrough

Unlike others, he did not need to transcend the tribulation like this or that.

As long as his cultivation reached a certain level, he could break through at any time and anywhere.

However, he did not continue to cultivate to break through the last level.

This was because the immortal body Wang Cai had prepared for him had not reached Lu Xiaoran’s level. The other party was only at the Taiyi Golden Immortal Realm now.

Before the other party’s cultivation completely reached the peak of the Zenith Heaven Golden Immortal Realm and the other party needed to transcend the tribulation to become a Saint, it was naturally not appropriate for Lu Xiaoran’s main body to directly break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm.

However, the good thing was that the disciples of the Nameless Sect had all stepped into the Immortal Realm so far.

Lu Xiaoran could finally start his lectures.

The disciples of Golden Ao Island were cultivating when they suddenly sensed Li Xiaoran summoning. Everyone's expressions turned cold and they immediately left their cave abodes and gathered in front of the hall of Golden Ao Island.

When they arrived in front of the hall, they could not help but be stunned when they saw the sea of Nameless Sect disciples in front of them.

"Sect Master, these people are...?"

Luo Yang expressed his doubts, and Lu Xiaoran explained,

"They're all disciples I took in in the lower realm and the Divine World. From today onwards, I'll start preaching and lecturing. You guys listen to the lecture with them."

"I see. Sect Master is indeed impressive. The disciples you found in the lower realm and the Divine World are actually all above the Immortal Realm!"

Luo Yang could not help but praise. "However, why did the sect master think of giving lectures?"

Lu Xiaoran said calmly, "The protective barrier left behind by Saint Tongtian for Golden Ao Island can only last for ten years. In ten years, once the barrier of Golden Ao Island is broken, we will be in the entire Primordial World and will have to face thousands of experts from Chan School and Ren School.

"There are still seven and a half years left, but the overall strength of Golden Ao Island is far from being able to resist the other party.

"Therefore, I have to give you guys lectures to increase your cultivation."

"Then, do you need the five of us Zenith Heaven Immortals to assist Sect Master?"

Lu Xiaoran shook his head and pointed below.

"You guys listen to the lecture with them."

"What?"

The five Zenith Heaven Golden Immortals were suddenly somewhat at a loss.

It was true that Lu Xiaoran's talent was very powerful, but Lu Xiaoran's cultivation should not have reached the Zenith Heaven Golden Immortal Realm, right?

He had not even reached the Zenith Heaven Golden Immortal Realm, so how could he teach them?

Their reaction had naturally long been within Lu Xiaoran's plan.

Therefore, at this moment, Lu Xiaoran did not waste his breath and directly erupted with his aura.

In an instant, wind and clouds surged. All the cultivators on Golden Ao Island felt extreme pressure.

“Heavens! What a powerful aura!”

“This aura... Is Master already at the Zenith Heaven Golden Immortal Realm?”

“Isn’t the sect master at the Heaven Immortal Realm? How did he become a Zenith Heaven Immortal in the blink of an eye?”

“Sect... Sect Master, you...?”

Luo Yang was so shocked that she was already at a loss. Lu Xiaoran smiled.

“There’s no need to be shocked. I hid a portion of my cultivation previously. As for the reason, you should also know.”

Hearing this, Luo Yang finally understood that Lu Xiaoran had hidden his cultivation.

After all, Primordial Heaven Supreme’s lackey had previously come to spy on him. It was also reasonable for the sect master to hide his cultivation.

The reason why Lu Xiaoran dared to tell them his cultivation now was also because his current cultivation was already the strongest existence in the entire Golden Ao Island!

Moreover, other than the ones he allowed, it was impossible for anyone else to leave Golden Ao Island. He did not have to worry about information being leaked.

As for ten years later, he would have long become a Primordial Chaos Zenith Heaven Golden Immortal. Why would he be afraid then?

Now that he had revealed his cultivation, he could better control these Jie School disciples.

Lu Xiaoran now had a thought. He wondered if he could take in these people from Jie School.

Although they were under his orders now, that was because he was the sect master of Jie School established by Tongtian.

What Lu Xiaoran wanted was for them to only listen to his orders and completely refuse Tongtian’s orders.

If he wanted to do this, he needed to show enough strength.

The weak would always choose to rely on the strong!

Luo Yang took a deep breath and cupped his hands.

“I’m really impressed by your deep cultivation and foresight.”

Lu Xiaoran nodded and immediately pointed at the spot closest to him.

“Sit beside me.”

“Yes!”

Luo Yang and the others had rather deep cultivation levels. If they could increase their cultivation to the Primordial Chaos Zenith Heaven Golden Immortal Realm as soon as possible, they would definitely be capable subordinates.

When everyone sat down, Lu Xiaoran finally began the lecture.

“Ever since Pangu established the world, everything has been derived from Pangu. Among the myriad races in the world, other than an extremely small number of Primordial Chaos experts, the others are all descendants of Pangu. This naturally includes the Saints, the Ancestral Dragon, the Primordial Phoenix, and the Primordial Qilin. It also includes you and me.

“In other words, every cultivator was born from the same bloodline as the experts of the current world. The only difference was that some started from the beginning, some started from the back, some obtained the help of nobles, and some explored alone in the darkness.

“If they cultivated the truth, all of them would have the potential to become Saints!

“As the saying went, there is no such thing as royalty!

“The bigger one’s ambition is, the stronger one can be.

“That’s right.”

Boom!

These words sounded like thunder in everyone’s hearts.

Although cultivators all wanted to become Saints, everyone knew that it was impossible to become a Saint!

Although there was only a difference of one level between a Saint and a Zenith Heaven Golden Immortal, this small difference was enough to stump billions of living beings in the world!

Ever since Pangu established the world and Patriarch Hongjun preached the Dao, hadn’t only six Saints been born?

As for Houtu, although she also had the power of a Saint, she was forever bound in the Netherworld and could not become a free Saint.

Therefore, no one had ever dared to say that they could become Saints.

Now, Lu Xiaoran said that everyone could become a Saint. This naturally shocked countless people.

There are some things that, once gotten used to, become numb and taken for granted. Those things would become engraved into the heart, making one believe that it was impossible.

It was just like how in Lu Xiaoran’s previous life, it was difficult for poor people to succeed. Moreover, as the times developed, it became harder and harder every year. The number of poor students who entered universities also decreased.

This was all because their ambitions had been restrained from the beginning!

The greater the ambition, the greater the strength. This saying was not completely correct because everyone's talent and strength were ultimately different.

However, if one set a goal to earn a million and worked hard for it, it was very likely that one would earn hundreds of thousands or even hundreds of thousands.

"If your goal is 100,000 yuan, there's a high chance that you won't be able to earn more than 10,000 yuan!

However, everyone was not stupid. They would not directly think that they could become Saints just because Lu Xiaoran said a few words.

Lu Xiaoran was not stupid and did not expect these two opening remarks to turn them into Saints.

However, he wanted to set a goal for everyone. After setting a goal, it was time for him to give a proper lecture.

When Lu Xiaoran really began to talk about cultivation, everyone's bodies trembled again!

Before Lu Xiaoran's lecture, although their cultivation methods were very different, they mainly cultivated in the same way.

However, when Lu Xiaoran began to lecture, they suddenly understood.

It turned out that there were actually so many ways to cultivate the same cultivation goal!

For a moment, many disciples immediately began to enter a meditative state.

At the same time, in the Purple Cloud Palace, School Master Tongtian, who had just returned to his room, suddenly had a change in expression.

"What's going on? Why is the speed at which Golden Ao Island absorbs the power of the world increasing?"

### **Chapter 438 Primordial Chaos Dao Realm**

Tongtian opened his Saint Eye and looked at Golden Ao Island again. However, in the next second, he could not help but frown.

This was because he was still unable to see through the illusion formation Lu Xiaoran had set up!

"Damn, I, a dignified Saint, am actually unable to see through this brat's illusion formation! Isn't this brat's strength in setting up array formations too awesome?"

This made Tongtian extremely depressed!

"Forget it. In any case, the stronger he is, the better it is for Jie School."

Shaking his head, Tongtian could only close his eyes and meditate again.

On Golden Ao Island.

"The Great Dao is dense and divided into 3,000..."

Lu Xiaoran's explanation of cultivation speed increased steadily and cycled. It went from simple to complicated to profound.

His voice turned into a faint immortal voice. When it entered one's ear, not only did it make one excited, but their understanding of cultivation also gradually increased from various angles.

Under Lu Xiaoran's explanation, many cultivators' previous confusion in their cultivation were all washed away.

The lecture did not last long, but in order to increase the efficiency, Lu Xiaoran used a time acceleration of 80 times. This allowed all the disciples present to more or less comprehend faster.

Some with good talent cultivated while listening to the lecture. At this moment, the immortal power in their bodies that had not loosened for a long time actually seemed to have stirred up huge waves that erupted endlessly.

.....

In the first hour of the lecture, someone began to break through.

In the second hour of the lecture, more than thirty people had already broken through.

In the third hour of the lecture, more than a hundred people had broken through.

Under Lu Xiaoran's explanation, everyone's cultivation began to increase in a straight line.

This scene made Luo Yang and the other Zenith Heaven Golden Immortals' hearts beat faster and they were shocked.

Tens of thousands of years ago, they had all been lucky enough to hear Saint Tongtian preach.

Although at that time, they were all ants among ants and did not have a deep understanding of the Dao taught by Saint Tongtian, they still remembered the grand occasion of Saint Tongtian's lecture.

Even after tens of thousands of years, that scene still existed in their minds, as if it had only happened yesterday.

At that time, the Holy Mother of Golden Spirit, Zhao Gongming, Daoist Duobao, the Three Firmament Sisters... The geniuses of Jie School broke through endlessly under the preaching of Saint Tongtian and became big shots in the Primordial World, shocking them.

Today, they had once again experienced the grand occasion of Saint Tongtian's lecture from Lu Xiaoran.

Although Lu Xiaoran's current cultivation was not that of a Saint, so his preaching could not really reach the peak level of Saint Tongtian, he was already showing signs of approaching Saint Tongtian.

This made everyone see hope again!

The hope of Jie School's rise!

As time passed, more and more people broke through.

Among them, Lu Xiaoran's nine disciples' cultivation soared the fastest!

In their previous lives, they were all famous experts in the world.

Compared to others, they could understand the Dao laws Lu Xiaoran taught him more. Yun Lige's cultivation was the first to break through.

Taiyi Golden Immortal!

First level of the Taiyi Golden Immortal Realm!

Second level of the Taiyi Golden Immortal Realm!

Third level of the Taiyi Golden Immortal Realm!

In the end, after the lecture lasted for half a year, he actually directly broke through to the Zenith Heaven Golden Immortal Realm!

This did not mean that his talent was stronger than Lu Xiaoran's. His talent was not bad either. However, there was naturally a huge difference between him and Lu Xiaoran.

For example, he could challenge two realm levels higher. However, even though Lu Xiaoran was at the same cultivation level, there were many more people Lu Xiaoran could challenge.

Moreover, his cultivation speed was naturally also faster.

It was just like comparing a monthly salary of 3,000 dollars as opposed to a monthly salary of 10,000 yuan. The latter was still inferior.

However, after Yun Lige's cultivation increased, Lu Xiaoran would also be able to obtain the corresponding enhancement. Therefore, overall, Lu Xiaoran did not lose out.

As for the other disciples, they had already broken through to the Taiyi Golden Immortal Realm.

It was just that their cultivation levels varied.

This wave of lectures lasted for half a year. Under Lu Xiaoran's 80 times speed, it directly increased the cultivation of all the cultivators on Golden Ao Island by a large level.

There were already more than 50 Zenith Heaven Golden Immortals, including Yun Lige, and those who had broken through in the past half a year!

Fifty Zenith Heaven Golden Immortals. What did this mean? Even though there were many Zenith Heaven Golden Immortals in the Primordial World, the combined strength of fifty Zenith Heaven Golden Immortals was enough for them to do whatever they wanted in the entire Primordial World.

As for Taiyi Golden Immortals, there were even more of them.

In any case, there was no longer anyone at the Immortal Realm on the entire Golden Ao Island. The weakest among them was at least a Heaven Immortal.

Lu Xiaoran wanted to rely on having a lot of elites. He wanted quality over quantity.

For example, previously, School Master Tongtian had brought so many disciples. In the end, when something happened, they were all swept away and almost all of them were sealed by the God Seal.

However, after that, Lu Xiaoran had already begun to think about something else.

That was, he had already accumulated a lot of cultivation and could break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm at any time.

Although he could still control it now, who knew how long this would last?

If he had a peak Pangu body, he would definitely be able to suppress a Saint Realm cultivation. However, the current him was only formed by mixing Pangu's blood essence and bones!

sence

He did not even know how much of Pangu's body he had occupied.

One in ten thousand? Or one in a hundred million?

Or even... one in a trillion?

Moreover, even if his cultivation could suppress it, what about the few Jie School disciples?

After listening to his lecture, they would definitely have a chance to become Saints.

Even if they did not have a chance, what about Lige and the others?

With Lige's talent, if he could not break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm in three years, Lu Xiaoran was willing to do a live-stream of him eating a lot of feces!

Therefore, even if Yun Lige did not break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm, Hongjun would still discover something fishy if others broke through.

No, Lu Xiaoran had to think of a way to increase his strength in advance.

"Wang Cai, can you let me break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm now?" "If you break through now, you'll be discovered, right? Master, do you want to fight that old dog Hongjun head-on now? Although you're young, energetic, and hard, Hongjun's skills are mature.

"As the saying goes, the older the wiser!" Lu Xiaoran : "..."

"Can you be more serious?"

"Yes! How am I not serious? I'm being very serious. You're the one who's thinking of dirty thoughts, not me."

Lu Xiaoran : "..."

"I mean, with your current ability, can't you guarantee that my aura won't be discovered by Patriarch Hongjun when I break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm?"

“Of course. However, Master, you have to know that a Primordial Chaos Zenith Heaven Golden Immortal is no longer as simple as a Zenith Heaven Golden Immortal.”

“Therefore, if you want to break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm now, I have to firmly envelop you in order to not let your aura leak out at all.

“Therefore, do you know what this means?

“I’ll have to wrap myself around you completely.”

Lu Xiaoran :” ...”

“I don’t want to become a Primordial Chaos Zenith Heaven Golden Immortal anymore. Please help me open the gift box.”

Wang Cai :” ...”

“Master, are you really not interested in becoming a Primordial Chaos Zenith Heaven Golden Immortal? Moreover, such a happy cultivation method will be accepted by any ordinary man, right?”

“A man who does it with a dog is the one who’s really abnormal, don’t you think? If you can block it for me, then block it. If not, then forget it.

“I think Patriarch Hongjun won’t let you off after I die, right? At that time, I hope you can withstand the beating.”

“You win, Master.”

“That’s more like it.”

“Master, you can enter your small essence world. I can directly block your essence world. In this way, after you break through, you won’t be discovered by Patriarch Hongjun.

“However, this is only a temporary measure. After a long time, Hongjun would still be able to discover something fishy. “After all, a Primordial Chaos Zenith Heaven Golden Immortal is not an ordinary Zenith Heaven Golden Immortal.

“Although the two only differ by two words and are one realm apart, the difference between them is really like a chasm.

“Moreover, you’re not becoming a Heaven Dao Saint, but a Primordial Chaos Zenith Heaven Golden Immortal.

“A Heaven Dao Saint is under Hongjun’s control. Even if he consumes the power of laws, he can still use it repeatedly. The power of laws in the world will not decrease greatly, so Hongjun will not suspect anything. This is also the reason why I gave Master an immortal body.

“However, Primordial Chaos Zenith Heaven Golden Immortals snatch food from Patriarch Hongjun. There are only so many resources in the world. As long as Hongjun is not blind, he will definitely notice.”

Lu Xiaoran took a deep breath and said with a firm expression, “Even so, I still have to cultivate.”

Only after obtaining a powerful foundation would he have the right to speak.

Before this, everything was just empty talk.

Wang Cai nodded.

“As expected of the master I chose. I admire you!”

As soon as it finished speaking, Wang Cai suddenly expanded and directly swallowed Lu Xiaoran.

Of course, Wang Cai did not eat Lu Xiaoran. Instead, it used the power of luck in its entire body to protect Lu Xiaoran.

Lu Xiaoran entered Wang Cai’s stomach and felt somewhat strange.

This seemed a bit...

Forget it, he should hurry up and cultivate!

Thinking of this, he quickly entered his small essence world and began to cultivate.

Previously, he had already accumulated a lot of cultivation and had yet to break through.

The enhancement Yun Lige and the others gave him was not much.

After all, breaking through to the Primordial Chaos Zenith Heaven Golden Immortal Realm required too much cultivation!

In the end, it still depended on him. If he relied on others, there would never be hope.

As soon as Lu Xiaoran sat down, his aura directly began to rise!

### **Chapter 439 Yes, I’ve Already Broken Through**

As Lu Xiaoran entered a meditative state, the entire Golden Ao Island seemed to have fallen into a calm state.

However, in fact, because of Lu Xiaoran’s lecture, everyone’s experience on the path of cultivation had increased greatly.

Moreover, Lu Xiaoran had given them a large number of resources. In two years, the strength of the entire Golden Ao Island had increased by a lot.

Previously, in the past half a year of the lecture, there had already been dozens of Zenith Heaven Golden Immortals on Golden Ao Island. Now, there were already 200!

Other than that, most of the disciples had already cultivated to the Taiyi Golden Immortal Realm.

Only less than 40% of the disciples had yet to break through to the Taiyi Golden Immortal Realm.

Even in the entire Primordial World, no sect could compare to this achievement.

Clearly, Jie School had once again become the powerful sect from back then again!

Yun Lige, Ji Wuxia, and Fang Tianyuan... had already reached the perfected Zenith Heaven Golden Immortal Realm. They were only a step away from advancing to the Primordial Chaos Zenith Heaven Golden Immortal Realm!

However, they did not break through. It was not that they did not want to break through, but that they could not.

When they belonged to someone else's essence world, the strongest cultivation in that essence world was their limit.

In other words, if Lu Xiaoran did not break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm, they would naturally be unable to break through to the Primordial Chaos Zenith Heaven Golden Immortal Realm.

It was just like how Hongjun had fused with the Heaven Dao and became a Primordial Chaos Limitless Golden Immortal. In the three worlds, there was naturally no one who could surpass this cultivation.

.....

As for Li Changsheng and the other disciples, they had also cultivated to the Zenith Heaven Golden Immortal Realm. Moreover, they were not at the first or second level of the Zenith Heaven Golden Immortal Realm, but the mid and late-stage of the Zenith Heaven Golden Immortal Realm.

On this day, dark clouds suddenly covered Lu Xiaoran's small world as lightning struck crazily.

On this day, dark clouds suddenly covered Lu Xiaoran's small world as lightning struck crazily.

An extremely huge force spread out endlessly from Lu Xiaoran's body.

This force was no longer just immortal power. It had surpassed immortal power and suppressed the power of laws!

For example, even if a Zenith Heaven Golden Immortal could affect the power of laws, they could only shatter or shake it and could not change or recover.

It was like how ordinary people could kill people, but only gods could revive them.

At this moment, Lu Xiaoran had already been completely reborn, allowing him to reach a realm he had never reached before!

That was—Primordial Chaos Zenith Heaven Golden Immortal!

However, after reaching the Primordial Chaos Zenith Heaven Golden Immortal Realm, Lu Xiaoran did not directly stop his aura from rising. Instead, he even relied on his constantly erupting aura to break through again.

Second level of the Primordial Chaos Zenith Heaven Golden Immortal Realm!

Third level of the Primordial Chaos Zenith Heaven Golden Immortal Realm!

Fourth level of the Primordial Chaos Zenith Heaven Golden Immortal Realm!

Fifth level of the Primordial Chaos Zenith Heaven Golden Immortal Realm!

Only after reaching the fifth level of the Primordial Chaos Zenith Heaven Golden Immortal Realm did Lu Xiaoran stop his aura from rising.

The moment Lu Xiaoran opened his eyes, the entire essence world began to evolve into the four seasons, earth, water, wind, and fire. Birds, beasts, and everything grew.

Lu Xiaoran looked at the changes in his essence world and pondered for a moment.

“Let there be light.”

In the next moment, a nascent Golden Crow was instantly born in the sky. With a cry, the entire world was illuminated by light.

With a few words, Lu Xiaoran created a Golden Crow that surpassed the Zenith Heaven Golden Immortal Realm.

This was no longer a cultivation technique he had previously cultivated—the Little Destiny Technique or the Big Destiny Technique.

This was a true law!

After reaching the Primordial Chaos Zenith Heaven Golden Immortal Realm, one could control the power of the laws of the world.

If he used the Life Luck Technique or the Great Life Luck Technique, the effect would only be to kill or suppress all the living beings in the three worlds.

On the other hand, Saints could directly create living beings.

Of course, this living being could not surpass a Saint.

However, even so, its cultivation was still at the quasi-Saint Realm!

It could be said to be an invincible existence below a Saint.

However, with the appearance of the Golden Crow, the heat of Lu Xiaoran’s essence world quickly increased. The mountains, rivers, and all living beings on the ground began to be unable to withstand it. Some places even began to burn.

Lu Xiaoran thought of something and continued, “Return to normal.”

In an instant, the Golden Crow disappeared. The living beings in the world seemed to have regressed in time and quickly repaired themselves.

Sensing this force, Lu Xiaoran could not help but clench his fists and sigh.

“How terrifying! No wonder it’s said that no one below the Saint Realm is invincible. Looks like it’s true. With this strength, if not for the fact that the other party was also a Saint, he probably wouldn’t even be able to injure me.”

Even if one was infinitely close to becoming a Saint, it was still impossible for them to be a match for a Saint.

After his cultivation reached that of a Saint, Lu Xiaoran finally heaved a sigh of relief.

With his cultivation of a Saint, he had an additional ability to protect himself.

“I’ve already broken through to the Primordial Chaos Zenith Heaven Golden Immortal Realm. I’m only a realm away from defeating Hongjun. However, I still don’t know Hongjun’s cultivation level. The difference between the first level of the Primordial Chaos Zenith Heaven Golden Immortal Realm and the tenth level of the Primordial Chaos Limitless Zenith Heaven Golden Immortal Realm is also very huge.

“Therefore, before that, I still have to endure a little.

“However, since I’ve already broken through to the Primordial Chaos Zenith Heaven Golden Immortal Realm, the others should also be able to increase their cultivation to this level. Looks like it’s time to train a group of Primordial Chaos Zenith Heaven Golden Immortals to resist the Saints.”

Firstly, Hongjun had several Saints under him.

Secondly, even if he did not deal with those Saints, there were still countless Zenith Heaven Golden Immortals in the entire three worlds. If he did not increase the number of Primordial Chaos Zenith Heaven Golden Immortals, how could Lige and the others deal with the other party?

Thinking of this, Lu Xiaoran came out of Wang Cai’s stomach and returned to Golden Ao Island

The moment he appeared on Golden Ao Island, the cultivation of all the disciples belonging to the Nameless Sect on the entire Golden Ao Island began to increase automatically.

Their marks were all in Lu Xiaoran’s world. After Lu Xiaoran became stronger, they would naturally also become stronger.

In particular, the Lu family disciples not only belonged to Lu Xiaoran’s world, but they also had the same bloodline as Lu Xiaoran.

After Lu Xiaoran became a Primordial Chaos Zenith Heaven Golden Immortal, their cultivation would naturally increase in a straight line.

In the blink of an eye, hundreds of disciples on the entire Golden Ao Island had actually increased their cultivation to the Zenith Heaven Golden Immortal Realm!

Although the others had not reached the Zenith Heaven Golden Immortal Realm, their cultivation had still broken through to the Taiyi Golden Immortal Realm.

It could be said that at this moment, the lowest cultivation of the entire Golden Ao Island was also above the Taiyi Golden Immortal Realm.

Saint Tongtian in the Purple Cloud Palace far away suddenly widened his eyes, his face filled with a solemn expression.

“What’s going on? Why did so many Zenith Heaven Golden Immortals suddenly appear on Golden Ao Island?”

“What the hell is Lu Xiaoran doing?”.

At this moment, countless waves surged in Tongtian’s heart.

Lu Xiaoran was created by him, so he naturally knew that Lu Xiaoran would be very abnormal. This was because Lu Xiaoran was a chosen one he had created with Pangu’s blood essence and bones. Because Lu Xiaoran was someone he had created with Pangu, the other party was definitely blessed by the heavens.

However, even so, it was impossible for him to create so many Zenith Heaven Golden Immortals at once!

It would be more appropriate if the other party was the only one who had cultivated to the Zenith Heaven Golden Immortal Realm so quickly.

Actually, the reason why Tongtian’s expression became solemn was not only because Lu Xiaoran was abnormal. It was because the other party had far exceeded his expectations.

There was also an extremely important reason.

Back then, when he created Lu Xiaoran, he had not only used blood and bones, but he had also used his Essence Soul!

That’s right!

It was his Essence Soul.

Because he was originally formed from Pangu’s Essence Soul, his Essence Soul was actually equivalent to Pangu’s Essence Soul.

On the one hand, this was to increase Lu Xiaoran’s potential. On the other hand, it was also to allow him to better control Lu Xiaoran to avoid any other changes.

For example, if Lu Xiaoran suddenly changed sides and joined the enemy, wouldn’t his painstaking arrangements be in vain?

However, a few years ago, he had discovered that his soul connection with Lu Xiaoran had been severed.

Although he could not tell why, even though Lu Xiaoran had arrived at Golden Ao Island, he was still unable to communicate with Lu Xiaoran’s soul.

This brat seemed to have become an independent existence. He was mysterious.

Now, he had created so many Zenith Heaven Golden Immortals at once, making School Master Tongtian especially worried.

However, he was also unable to tell others about this. He still did not know what was going on with Lu Xiaoran. If he leaked Lu Xiaoran’s matter without permission, not only would he be punished even more severely by Patriarch Hongjun, but if he was wrong, wouldn’t he ruin the matter he had painstakingly planned for many years?

In any case, although Lu Xiaoran had created so many Zenith Heaven Golden Immortals, Jie School was still in his hands in the end, so he did not have to worry.

He did not have to worry about the people of Jie School rebelling.

This was because as long as the disciples of Jie School were not stupid, they would not abandon a dignified Saint like him to submit to a Zenith Heaven Golden Immortal like Lu Xiaoran.

No matter how powerful a Zenith Heaven Golden Immortal was, the other party was still a Zenith Heaven Golden Immortal!

In front of a Saint, the other party was still an ant!

“Congratulations, Master, for successfully advancing to the Primordial Chaos Zenith Heaven Golden Immortal Realm.”

On Golden Ao Island, Wang Cai had already begun to congratulate Lu Xiaoran. Lu Xiaoran nodded slightly and stepped out of his room.

At this moment, be it Yun Lige or the others, they all arrived at the entrance of the hall in unison. They looked at Lu Xiaoran, their eyes filled with hope and desire.

“Master! That was...?”

Yun Lige could not help but ask carefully, as if he was afraid that Lu Xiaoran would be angry.

Lu Xiaoran said without holding back, “That’s right. As you thought, I’ve just broken through!”

As soon as he said this, the hair of everyone present instantly stood on end.

#### **Chapter 440 Those Who Submit to Me Can Become Saints**

Lu Xiaoran had broken through again?

He had already reached the peak of the Zenith Heaven Golden Immortal Realm previously. How could he break through?

Could it be... could it be... that he was already at that level?

Luo Yang hurriedly said, “Sect Master, could it be that... you’ve already become a Saint?”

Lu Xiaoran did not hide anything. The entire Golden Ao Island was now under his control, so there was no harm in telling her.

In any case, he could delete the other party’s memories at any time.

After becoming a Saint, he could do whatever he wanted. He was already fearless and looked down on everyone!

However, everyone was instantly shocked speechless.

Lu Xiaoran had become a Saint!

Heavens, did they hear wrongly?

Their sect master had only arrived in the Primordial World for a few years and had already become a Saint. Wasn't this too monstrous?

No, calling the other party monstrous was already an understatement. Lu Xiaoran's cultivation had already reached an indescribable level!

At this moment, the disciples of the Nameless Sect finally understood that the sect master was not a Saint previously. However, it did not matter because the sect master had already become a Saint!

.....

This was enough!

However, Luo Yang quickly reacted and said in confusion, "But... that's not right. Sect Master, if you became a Saint, why is there no natural phenomenon and there are lotuses everywhere?"

Lu Xiaoran continued, "That's what I wanted to tell you. My cultivation has only increased, but I haven't become a Saint. To be precise, you can call me a Primordial Chaos Zenith Heaven Golden Immortal!"

The entire Golden Ao Island was silent again.

Everyone was speechless.

Lu Xiaoran had actually not become a Saint!

Instead, he was a Primordial Chaos Zenith Heaven Golden Immortal?

What kind of joke was this?

It was common knowledge that Patriarch Hongjun was one with the Heaven Dao. The three worlds had already been ruled by the Heaven Dao. Therefore, the three worlds belonged to the Heaven Dao.

Moreover, the path to becoming a Primordial Chaos Zenith Heaven Golden Immortal had already been completely canceled. Everyone could only become a Saint!

Saints were the rules of the Heaven Dao.

In the three worlds, everyone could only hope to become a Saint and not a Primordial Chaos Zenith Heaven Golden Immortal.

Even if these two were actually the same thing, the rules formed were different.

It was similar to how police officers were normal and respectable existences when placed in society.

However, what if you placed them among a crowd of thieves?

Even rats would be afraid if a cat was placed amongst them!

Moreover, what was even more terrifying was that a Primordial Chaos Zenith Heaven Golden Immortal represented countless possibilities!

This was because Saints would be completely suppressed by the Heaven Dao and become its slaves.

Moreover, it was possible for one to break through to an even higher level after becoming a Primordial Chaos Zenith Heaven Golden Immortal.

Moreover, it was possible for one to break through to an even higher level after becoming a Primordial Chaos Zenith Heaven Golden Immortal.

For a moment, everyone's eyes lit up, revealing a fanatical expression.

Lu Xiaoran swept his gaze over Luo Yang and the others and continued, "The reason why I told you this is because since I've become a Zenith Heaven Golden Immortal, I naturally have to establish my own Dao and become the overlord of a region."

"However, I was created by Saint Tongtian and have a deep relationship with Jie School.

"If you're willing, after joining my Dao, I can also give you a chance to cultivate to the Primordial Chaos Zenith Heaven Golden Immortal Realm.

"However, if you're unwilling, for the sake of Saint Tongtian, I won't do anything to you. I'll only erase your memories today. You can consider it."

Luo Yang and the others' hearts pounded crazily.

It was impossible for them not to want to.

After all, becoming a Primordial Chaos Zenith Heaven Golden Immortal was equivalent to becoming a Saint.

If they did not follow Lu Xiaoran, it would be impossible for them to rely on the cultivation method of Jie School to blindly pursue the Heaven Dao and become Saints.

Otherwise, why were there still only a few Saints even though so many Zenith Heaven Golden Immortals had already cultivated to this day?

However, they had guarded for tens of thousands of years in order to wait for Jie School to rise. This was their faith that they had carried out for tens of thousands of years.

Now, asking them to change this belief would simply make their Dao hearts unstable.

Lu Xiaoran seemed to have seen their hesitation, but he was not angry.

If the situation was switched and it was his own people that were killed and an expert offered to advance his cultivation in exchange for giving up everything, how sad would Lu Xiaoran be?

Even if he took in those without faith, he would still have second thoughts about them in the future. Even if he could easily crush them, it would still more or less make him feel very uncomfortable.

It was just like how one would not have an affair after marrying a wife.

No matter how magnanimous a man was, he would still feel disgusted.

"If you're worried that you won't be able to avenge Jie School after joining my Dao, you can rest assured. This is because I owe Tongtian a favor. It's a given for me to avenge the disciples of Jie School. However, after taking revenge, I won't belong to Tongtian. I will have my own Dao."

“Moreover, from another perspective, if you’re unwilling to join my Dao, your cultivation will not be able to break through to the Zenith Heaven Golden Immortal Real. Moreover, you also won’t be able to become a Saint under the jurisdiction of the Heaven Dao.

“In the future, if you really fight a battle to avenge Jie School, how much can you do? When you face those powerful heavenly troops, you will probably be killed after killing a few, right?”

Lu Xiaoran’s words shocked everyone again. After dispelling the last doubts in everyone’s hearts, no one refused him.

Everyone took a deep breath and said seriously, “Sect Master, we’re willing to join your Dao.”

Lu Xiaoran nodded. After obtaining everyone’s approval, he imprinted everyone in his world.

The remaining hundreds of disciples on Golden Ao Island had also accumulated their cultivation for tens of thousands of years and were rather good. Their talent and physique were even better than the second-generation disciples of the Nameless Sect. Lu Xiaoran was also somewhat unwilling to give them up.

After doing all of this, the entire Golden Ao Island was already filled with Lu Xiaoran’s people. This also allowed Lu Xiaoran to be more bold.

After his cultivation broke through to the Primordial Chaos Limitless Golden Immortal Realm, he could directly fight Hongjun one-on-one.

However, there was still a small problem. The marks of the disciples were still hidden in the Six Paths of Reincarnation.

This was because as long as all living beings belonged to the Heaven Dao, they would definitely have many marks. Other than the marks that were controlled by the Heaven Dao, there was also the mark of rebirth in the Six Paths of Reincarnation.

He had to obtain these marks. Otherwise, the Heaven Dao could casually kill all his disciples.

Lu Xiaoran arranged for the disciples to cultivate first. If they wanted to break through, they had to find him in advance.

Their breakthrough also had to be done in their own essence world. Otherwise, it would also be very troublesome for them to be discovered by the Heaven Dao.

Lu Xiaoran was not prepared yet. His chances of victory were very low if the two sides directly fought.

“Wang Cai, how’s my avatar? When can it break through and become a Saint?”

“They’ve already reached the Zenith Heaven Golden Immortal Realm, but I still need to accumulate some merit. I’ve already prepared a gift bag for Master. Master can receive it at any time.”

Lu Xiaoran nodded. In the past two years, the cultivation of his disciples had increased a lot. Naturally, there were many more gift bags.

Connate cardinal treasure fragment x100000.

Connate cardinal treasure fragments could be used to fuse Connate cardinal treasures or repair damaged Connate cardinal treasures.

This was a good thing. In the future, when he fought Hongjun, his Dharma treasure would inevitably be damaged. It was also not bad to have something good to repair his Dharma treasure.

Merit x18888.

Merit x99999.

Chaos cultivation technique, Supreme Primordial Art x1.

This cultivation technique that suddenly appeared surprised Lu Xiaoran.

This was because the highest-level cultivation technique previously was an immortal technique. Now, Wang Cai had created a Chaos cultivation technique.

“Wang Cai, what’s going on with this Chaos cultivation technique?”

“Chaos cultivation techniques are naturally cultivation techniques from before the creation of the world. In Patriarch Hongjun and Lige’s previous lives, they cultivated cultivation techniques of this level.”

“However, the Supreme Primordial Art is Pangu’s complete cultivation technique. I secretly hid it. Even Hongjun’s Jade Creation Butterfly doesn’t have it.

“Previously, Master’s cultivation level was very low. In order to prevent Master from cultivating the Supreme Primordial Art and not being able to last, I hid it from Master.

“However, now that Master has already advanced to the Primordial Chaos Zenith Heaven Golden Immortal Realm, you can naturally cultivate this cultivation technique.

“I see.”

This cultivation technique was so good that it was Pangu’s complete cultivation technique. Didn’t that mean that after he cultivated it, he could suppress Patriarch Hongjun?

Perfect!

Lu Xiaoran did not hesitate much. He injected all the merit into his immortal body and let it automatically refine.

Then, he cultivated the Supreme Primordial Art with all his strength.

This time, it took a long time. The Supreme Primordial Art could be considered the most difficult cultivation technique Lu Xiaoran had ever cultivated.

Lu Xiaoran had spent a whole year in the real world!

It had to be known that Lu Xiaoran had used time acceleration. His time acceleration had already increased from 80 times to 800 times!

eas

This was equivalent to him spending an entire 800 years to comprehend the Supreme Primordial Art.

From this, it could be seen how abnormal the Supreme Primordial Art was.

When Lu Xiaoran completely comprehended the Supreme Primordial Chaos Art, his cultivation also directly reached the perfected peak of the Primordial Chaos Zenith Heaven Golden Immortal Realm.

He was only one step away from breaking through to the Primordial Chaos Limitless Golden Immortal Realm!

This made Lu Xiaoran sigh.

“As expected of the Primordial Supreme Art, it actually made me cultivate for 800 years before I completely comprehended it. If I cultivate this cultivation technique for a long time, I think it won’t be long before I can break through to the Primordial Chaos Limitless Zenith Heaven Golden Immortal Realm.”

Wang Cai smiled.

“Master is really powerful!”

Back then, Pangu had spent countless years cultivating the Primordial Supreme Art, but Master had only cultivated it for 800 years.

“Master’s talent is countless times more monstrous than Pangu’s!”
