

AN EXPERT 491

Chapter 491 The Connection of the Past Life

Lu Xiaoran did not know what to say.

He was emotional about Qin Zimo's sixth sense and her infatuation.

Sometimes, women were indeed more terrifying than men when they were stubborn.

However, even so, Lu Xiaoran would not accept the other party because he was touched.

He had his own considerations.

He only had one goal, and that was to become the strongest expert in the entire universe!

He would become an invincible existence that would not be bullied by anyone.

That was his obsession and his lifelong wish.

Therefore, it was also time to clarify some things.

.

After taking a deep breath, he said with a solemn expression, "I'm very sorry. I was lying to you back then. I don't have any thoughts of finding a Dao mate now.

...

"In addition, I didn't save you at the entrance of that cave back then. I only pulled you away from that cave because I was worried that you would attract those people from the Demon Sect.

"Therefore, I'm not a hero who saved you. You don't have to have any fantasies about

11

Qin Zimo nodded.

"I know."

"You knew all along?"

Lu Xiaoran could not help but be somewhat stunned.

Qin Zimo nodded. "Then why did you...?"

"In fact, in the beginning, I did indeed think that you were my benefactor.

"However, when I saw you and saw the expression on your face, I roughly guessed something

"However, the fact that you didn't kill me means that you're not bad by nature.

"That's why I chose to marry you.

"What was even more unexpected was that you actually refused in the end.

“However, it’s also because of this that I ended up falling in love with you.

“It’s because I don’t think you’re a pervert, unlike those stinky men, especially Xiao Bei, who seems like he can’t wait to eat me up.”

Lu Xiaoran :” ...”

It turned out that she had long known.

This woman’s brain was really too strange.

However, after a while, he continued, “Sorry.”

Qin Zimo shook her head.

“You don’t have to apologize to me. It’s my own wishful thinking to like you. Just like how you can’t force yourself to like me, I can’t force myself not to like you.

“You have the right to not like me, but I also have the right to like you.

“I know that it’s impossible for me to be with you. You’re the master of the three worlds!

“However, even the master of the three worlds can’t change the other party’s mind unless he kills the other party.”

Lu Xiaoran nodded.

“I respect your choice, but I need what you have now.”

Qin Zimo nodded.

“I obtained this thing with Sister Gong. It doesn’t matter to me. I can give it to you unconditionally. However, I can’t make that decision for Sister Gong.”

As soon as he finished speaking, Gong Wan’er also said, “It’s fine. Give it to him. Since this treasure can catch his eye, it definitely means that it’s not an ordinary item.

“Since it’s something that only someone of his level can have, even if the two of us take it, we won’t obtain any benefits. We won’t be able to use it at all!

“Moreover, if it falls into our hands, we might even be killed because of it.”

After a pause, Gong Wan’er continued, “However, there’s also something I have to make clear. I’m different from Sister Qin. She doesn’t want anything because she likes you. However, it’s impossible for me to not want anything

“Of course, I know that you’re very powerful now. If you’re unwilling to give it to me, there’s nothing I can do. If you’re willing, however, give me something that can greatly increase my cultivation.”

Lu Xiaoran nodded.

“Don’t worry, we’re all old acquaintances. I won’t put on any airs.

“I’ll exchange two Primordial Purple Qi with you. If you refine the Primordial Purple Qi, your cultivation will at least reach the Primordial Chaos Zenith Heaven Golden Immortal Realm.

“At the very least, the two of you have enough strength to protect yourselves in the three worlds.”

“Alright! Deal!”

Gong Wan’er nodded in agreement. In any case, this matter still depended on Lu Xiaoran’s decision. After all, his current strength was too powerful.

As long as he was willing to give her some benefits, she would not be stupid enough to give up on it.

Ever since her master had betrayed her and became Lu Xiaoran’s disciple, she had stopped believing in men.

She only believed in herself.

She believed in her own cultivation.

Although she knew in her heart that the things Lu Xiaoran gave her were definitely inferior to the pearl she and Qin Zimo had found, the strength of the two sides was simply not equal. Therefore, she could not be bothered to care.

Lu Xiaoran flicked his finger, and two Primordial Purple Qi entered the space between the two girls’ eyebrows.

Then, he took the Primordial Pearl and bade farewell.

This could also be considered as him putting an incomplete end to the promise he had once made.

After he left for a long time, Qin Zimo was still standing on the spot foolishly.

Gong Wan’er shook her head and patted her shoulder.

“Stop looking. He’s already gone! He won’t return even if you keep looking.”

Qin Zimo sighed faintly.

“Don’t you think I’m a little stupid?”

“Not a little, but very stupid!”

After a pause, Gong Wan’er continued, “What should we do next? The two of us previously agreed to open a female sect. Do you still want to do that?”

“Of course. Now that the two of us have obtained the Primordial Purple Qi, our strength will increase greatly. We no longer need to take the risk to search for treasures everywhere in the Divine World.”

“When our cultivation reaches a certain level, we can directly establish a sect.”

On the other side, after Lu Xiaoran obtained the Primordial Pearl, he immediately returned to Golden Ao Island.

The fluctuation emitted from the Primordial Pearl made him vaguely feel that it was somewhat familiar. However, he could not tell what this feeling was.

After thinking for a moment, Lu Xiaoran directly communicated with the Primordial Pearl with his mental consciousness, wanting to see what secret was hidden in the Primordial Pearl.

However, after his mental strength entered the Primordial Pearl, it disappeared without a trace like a clay ox entering the sea.

It was as if it was devouring Lu Xiaoran's mental strength.

"Interesting."

Lu Xiaoran was somewhat surprised.

He did not expect the Primordial Pearl to have this ability.

In fact, there was a lot of power hidden in the Primordial Pearl!

The terror of this force could definitely surpass a Peerless Realm expert.

However, even so, it still continued to absorb the power like a gluttonous snake that would never be full.

If Lu Xiaoran guessed correctly, the Primordial Pearl had very likely been absorbing power since it first appeared.

Therefore, it contained countless profundities and energy. It had already reached a level that even a Peerless Realm expert like him could only look up to!

However, what did his previous life have to do with it?

Chapter 492 Arrival of a Peerless Realm Expert

Just as Lu Xiaoran was thinking hard...

Suddenly, a threat that made his heart palpitate suddenly came from the Great Void.

This force was very powerful and could even be said to be not inferior to him at all.

Lu Xiaoran was first stunned before immediately teleporting into the sky. He placed his hands behind his back and stared at the sky.

Soon, the other disciples also rushed over.

They also sensed this heart palpitating force.

"Master! This aura is so powerful!"

Lu Xiaoran narrowed his eyes and stared fixedly at the Great Void.

"Patriarch Hongjun has returned. He found an expert from the Great Void and brought him back."

Everyone's hearts trembled.

...

"No wonder he chose to escape previously. It turns out that he had long left behind a backup plan. He's quite smart to go to the Great Void to find experts to support him."

"Now is not the time to discuss that. The expert who came this time is as strong as me and has already reached the Peerless Realm."

"It shouldn't be a problem for me to deal with him alone. However, the problem is Patriarch Hongjun!

"In addition, Patriarch Hongjun's friends, such as Patriarch Yang Mei and the others, are also Chaos Demon Gods and have the cultivation of a Chaos Limitless Golden Immortal.

"If I can't help you guys, you guys will be in danger. "

Everyone's hearts paused as they clenched their fists slightly.

"Master, I'm sorry. We were useless and implicated you."

Lu Xiaoran shook his head.

"I was the one who brought you up and made you face these things. Therefore, there's no need to blame yourself."

"Actually, you don't have to worry too much. Although they're powerful, I also have a way to suppress their strength and increase your strength to offset it. The difference in strength between the two sides won't be too

great."

"Master, what do you mean?"

"Set up the formation!"

This was an old method he had used many times.

Previously, when he was in the lower realm and the Divine World, he had always used this method.

However, after advancing to the Immortal World, he rarely used it.

Other than using it when he first arrived at Golden Ao Island, he didn't use it at all.

This was because in the end, the array formations were no longer very effective. For example, they could not be moved and had a huge flaw.

Moreover, consumption was also a problem.

After all, what was it supposed to consume?

If there were top-grade spirit stones in the lower realm and divine crystals in the Divine World... What about the Immortal World?

This greatly restrained the practicality of the array formation.

However, now, at the critical moment, Lu Xiaoran thought of another way. That was to use the Primordial Purple Qi to maintain the operation of the array formation.

The power of the Primordial Purple Qi was the most basic and strongest power in the entire universe.

With it in hand, he could make up for the lack of energy.

Thinking of this, he immediately activated the array formation.

The once familiar array formations, the Eight Trigrams Sky Sealing Formation, the Ancient Dragon Soul Formation... array formations quickly appeared in the surrounding space.

Their levels were not too high and were already unable to keep up with the Primordial Chaos Limitless Golden Immortal Realm experts. However, when Lu Xiaoran injected the Primordial Purple Qi, the effect was different.

.

They instantly changed their weapons and became existences that could threaten the Primordial Chaos Limitless Golden Immortals.

At the very least, it could greatly affect their combat strength.

When Lu Xiaoran finished doing all of this, lightning instantly began to flash in the sky.

Immediately after, extremely powerful energy descended on the entire three worlds.

The strength of this energy suppressed the entire three worlds.

Countless living beings were suppressed to the ground like ants and could not even get up.

In some weak worlds, sentient beings had already begun to explode.

They were simply unable to withstand this energy.

In the nine heavens, Patriarch Hongjun did not care at all.

“Pangu, get the hell out here! Today is your death date.”

Song Xinian spat.

“Pfft! Shameless old thing. You were beaten away by us back then and now you’re back.” “You still have the cheek to ask my master to get lost? You should be the one to get lost and kneel and apologize to my master.”

In the sky, a violent lightning bolt smashed down crazily.

The energy contained in that lightning was extraordinary!

Patriarch Hongjun had attacked.

However, before this lightning could arrive in front of Song Xinian, Lu Xiaoran coughed slightly.

billy.

Then, the entire lightning bolt was directly destroyed at the waist.

“Patriarch Hongjun, come down if you want to die. There’s no need to hide in the sky. You’re as sneaky as a rat.”

“I didn’t kill you that day. Today, I’ll make it up to you.”

As soon as he finished speaking, the lightning in the sky immediately became even more violent.

In the blink of an eye, only lightning could be seen in the entire sky.

However, the lightning quickly disappeared.

What replaced them were several powerful figures.

Every figure here was shockingly powerful.

Among them, a burly figure standing in the middle had the strongest aura.

It was even to the extent that because his strength had already reached a peak, other than Lu Xiaoran, no one else was able to sense his strength.

Su Lingwu was the first to speak, “Why don’t you dare to be angry? Weren’t you cursing very happily just now?”

Hongjun sneered.

“I’ll let you be arrogant for a while more. In a while, it’ll be your death. Lord Durfis will let you know that you’re only a group of frogs in a well.”

Then, he continued to speak to the giant called Durfis.

“Senior, it’s your turn.”

Durfis swept his gaze over him. The cold light emitted from his eyes made Patriarch Hongjun instantly tremble.

This glance contained an extremely dense killing intent.

It was as if the other party wanted to kill him.

“Watch your words. I only submit to the Creation God, Lord Ye Chen. You have no right to order me around.”

“If you dare to order me around again, I don’t mind twisting your head off first.”

Patriarch Hongjun’s face turned green and white, but he did not dare to disobey at all.

This was because he knew that the person in front of him was not only stronger than him, but more importantly, the existence behind this person was the true terrifying character.

After taking a deep breath, he immediately lowered his head and said, "Sorry, I was rude."

Only then did Durfis retract his gaze and look at Lu Xiaoran.

He narrowed his eyes slightly.

"Have I seen you somewhere before?"

Chapter 493 Battle Flames Burning Again!

Durfis' words made Lu Xiaoran frown.

He knew that he had a previous life. Moreover, this previous life was an expert who lived in the Great Void.

Therefore, it should be understandable for Durfis to have seen him before.

However, he did not know who he was in his previous life.

A moment later, Durfis shook his head.

"Perhaps I was wrong. Forget it, why think so much? Even if I really saw you, you've already died once. The current you is only trash."

As soon as he finished speaking, he took a light step and instantly arrived in front of Lu Xiaoran.

The battle directly began without any prelude.

The two of them were both Peerless Realm experts. The strength of their attacks shattered the spatial barrier countless times in an instant.

.

The two of them directly entered the Great Void to fight.

...

It could not be helped. The two of them were really too powerful. Their strength had already surpassed everyone present by countless times.

If the two of them also fought in the three worlds, the entire three worlds would probably disappear.

Just as the two of them entered the Great Void, a chaotic battle immediately erupted in the three worlds.

Patriarch Hongjun led Patriarch Yang Mei and the others to prepare to get rid of Lu Xiaoran's disciples.

Hongjun wanted to snatch the three worlds back.

This world belonged to him. He had worked hard for so many years. How could he allow Lu Xiaoran to casually snatch it away?

However, just as they landed, they suddenly discovered a problem. "Something's wrong. Something feels wrong."

"Be careful. Our strength seems to have been reduced."

"It's an array formation! He actually set up an array formation."

Everyone could not help but be somewhat speechless.

No one expected that at their level, these people would still set up array formations to deal with the enemy.

This was simply too embarrassing.

However, Hongjun quickly smiled and said, "This Lu Xiaoran must be afraid. Otherwise, he wouldn't have resorted to such an embarrassing thing."

"Alright! Then let's take them down in one go."

As soon as he said this, everyone was filled with energy

It was as if they knew that Lu Xiaoran was definitely going to fail.

However, when the two sides met, they realized that they were wrong, and very wrong.

Lu Xiaoran's array formation not only decreased their cultivation, but it also increased his disciple's cultivation.

In this way, the difference between the two sides was not much. Their advantage was instantly gone!

The reason why they had dared to come with Patriarch Hongjun previously was because their cultivation was relatively high and far surpassed Lu Xiaoran's disciples.

This could ensure that everyone would not die and they could easily take back the three worlds.

However, now, not only would it not be easy for them to take back the three worlds, but they might even die here.

At this moment, who wouldn't panic?

They had all cultivated and had been painstakingly cultivating since the Chaos Era to survive and spread until now.

.

If they died here, all their previous efforts would be wasted.

Fang Tianyuan took the opportunity to lead the other disciples to counterattack.

"Brothers! It's time for us to attack. Everyone, attack together and tear Patriarch Hongjun into pieces."

“Kill!”

The group of Nameless Sect disciples immediately began to counterattack crazily.

Countless lights rushed into the arena, making Patriarch Yang Mei and the others' hearts tremble.

Patriarch Hongjun said coldly, “Don't panic. They only relied on array formations to increase their cultivation to this level. Without array formations, they won't even be qualified to carry our shoes.

“If we destroy the array formation first, they wouldn't be able to fight us.

“As long as I take back the three worlds, I guarantee that I will definitely not treat you poorly.

“Everyone will have a chance to reach the Peerless Realm!”

After hearing this, everyone seemed to have been encouraged again and immediately began to fight.

The two sides collided fiercely. In an instant, the world changed drastically, and the three worlds wailed!

Although the disciples of the Nameless Sect were not powerful enough, they had an advantage in numbers.

With dozens of people fighting one person, even if their strength was not enough, they could more or less stall for time!

Fang Tianyuan's goal was Patriarch Hongjun.

Elders Senior Brother had sacrificed himself in the battle of the Heavenly Court.

Second Senior Sister had not returned yet, and Seventh Senior Brother had also gone to the East Sea.

Currently, he was the strongest here. Only he could restrain Patriarch Hongjun.

“You're courting death!”

Patriarch Hongjun attacked brazenly.

With a punch, the spatial fluctuation was disturbed, and the entire space was overturned. The huge force directly blasted Fang Tianyuan back. “Do you really think you can deal with me with this mere array formation? The difference between us is like a natural chasm. The array formation will only help me beat you up better!”

As soon as he finished speaking, a force suddenly smashed into his face.

This force was not powerful and did not cause him any damage. However, the insult was definitely unbearable for Patriarch Hongjun.

“Bastard! Who is it?”

“It's me.”

Tongtian walked out of the crowd and looked at Hongjun coldly!

Hongjun was extremely furious.

“Tongtian, it’s you again! You bastard! Have you really forgotten my guidance back then?” Tongtian said coldly, “Of course I haven’t forgotten. I still remember that in order to consolidate your power and status, you used the name of guidance to actually drag all of us into the Heaven Dao to become your lackeys!

“I still remember that you deliberately harmed my disciples in order to refine the three worlds. You made so many of my disciples die tragically in the God Sealing Tribulation.

“I also remember that you imprisoned me in the Purple Cloud Palace and kept me there for tens of thousands of bitter years.

“I’ll remember all of this for you. I definitely won’t forget it.”

“You!”

Patriarch Hongjun was so furious that his face was livid. He was about to attack and deal with Tongtian when another extremely powerful force bombarded his back in the next second

It was the same as Tongtian’s strength. It was not that powerful, but it was filled with humiliation.

Patriarch Hongjun staggered forward. After rushing a few steps, he roared angrily,

“Who is it this time?”

“It’s me!”

Houtu also walked out of the crowd.

“Hong Jun, in order to refine the three worlds, for your own selfish desires, you didn’t hesitate to provoke the Great Magi-Demon War and make all my brothers die tragically in the Demon Tribulation.

“I also have to settle this score with you today.”

Chapter 494 Wuxia Returns

“Alright! Alright! Alright!”

Because Patriarch Hongjun was too furious, he said “alright” several times in a row.

“You damn brats. Back then, if not for me, you would have long turned to ashes in the long river of history. Today, you’re actually showing off your might here. In that case, I’ll send you on your way.”

Patriarch Hongjun directly leaned forward.

His strength was too powerful, causing the surrounding power of laws to be disturbed. Even the spatial barrier shattered.

sur,

This terror made Fang Tianyuan and the others’ hearts sink.

He did not expect Patriarch Hongjun to be so powerful even with the suppression of the array formation.

Just as he was thinking, Patriarch Hongjun had already arrived in front of Fang Tianyuan.

The power of laws condensed on his fist and headed straight for Fang Tianyuan.

...

School Master Tongtian and Houtu attacked from both sides, wanting to divert Patriarch Hongjun's attack.

Unfortunately, Patriarch Hongjun did not seem to care. He let the two of them attack him and then punched Fang Tianyuan in the chest.

The strength of Tongtian and Houtu only made Patriarch Hongjun's body tremble slightly, but Patriarch Hongjun's fist directly tore through space.

Fang Tianyuan did not dare to be careless at all and directly blocked with his arms. Unfortunately, even so, he was unable to withstand this powerful force.

Continue_reading on Freewebnovel.com

His arms were directly shattered on the spot. Then, Patriarch Hongjun's strength tore open a huge hole in his chest.

The power of laws was too powerful, even stopping the power of laws circulating in Fang Tianyuan's body at that moment.

Fang Tianyuan was also sent flying crazily like a cannonball in the next second. In the end, he transformed into a straight light and directly bombarded Golden Ao Island.

After a violent explosion, the entire Golden Ao Island was directly shattered on the spot.

The huge force and shock wave even began to move the sea surface in all directions.

"Third Senior Brother!"

Song Xinian roared and wanted to go forward to help. However, with Patriarch Yang Mei pestering him, he was unable to return to help at all. Moreover, he was also suppressed and was forced to retreat repeatedly. He could not even take care of himself, so how could he help Fang Tianyuan? "Ignorant fellows, today will be your death. This is the price of going against a god."

Patriarch Hongjun glanced at Fang Tianyuan in extreme disdain and then rushed down.

He wanted to kill Fang Tianyuan.

Fang Tianyuan was Lu Xiaoran's direct disciple. If he could kill the other party, he would definitely be able to disturb Lu Xiaoran's mind.

At that time, Durfis would have a higher chance of defeating him.

What he wanted was for Lu Xiaoran to die!

Only by killing Lu Xiaoran would he have a chance to rise again.

Above the Great Void, Durfis and Lu Xiaoran fought to a standstill.

After a move, Durfis said indifferently, "It seems like your disciples are going to be killed. Do you still want to continue fighting? I think your strength is not bad. You're actually more than a hundred times stronger than that trash Hongjun.

"If you're willing to submit to the ninth Creation God, Lord Ye Chen, I can spare your life and let you continue to control these three worlds.

"This is a really good deal for you.

"You should know that Lord Ye Chen is an extremely powerful Creation God in the Great Void!

"If you acknowledge him as your master, you will also obtain his protection. In the future, no one will have designs on you!"

.

Lu Xiaoran naturally knew the situation below. In fact, he had already predicted the situation below to happen before the other party arrived.

His disciple's strength was definitely not enough.

How could they defeat Patriarch Hongjun in such a short period of time?

That was simply a fool's dream.

However, he would definitely not submit to Ye Chen.

This was because he knew that once he submitted to Ye Chen, he would forever lose the possibility of advancing and would never reach the Creation God Realm.

If he could not reach the cultivation of a Creation God, his life would forever be imprisoned in the hands of others.

If others wanted him to live, he would live. If others wanted him to die, he would die.

He did not want to live like this.

Moreover, the array could still hold on for a while. If Lu Xiaoran was given a little more time, as long as he could kill the Durfis in front of him, he could return in time to save Fang Tianyuan.

"You should worry about yourself first. Why don't you submit to me? I'll forgive you and spare your life."

Lu Xiaoran deliberately angered the other party, and Durfis's expression suddenly turned cold.

"Hmph! You don't know what's good for you. I think you're really tired of living. Die!"

With a furious shout, the battle between the two of them became even more intense.

On the battlefield below, Hongjun pounced towards Fang Tianyuan. It was impossible for Fang Tianyuan to dodge this move.

If Hongjun's attack landed, he would definitely die.

However, he was different from Yun Lige.

Yun Lige had not found his life mark, so he could not be revived.

However, Fang Tianyuan could. Although this time would be very long, it did not matter. As long as he could be revived, it was fine.

"Master, I'll leave first. I hope you can overcome all the difficulties. On the day I revive, I hope to see you become the master of the myriad worlds of the Great Void."

However, just as he finished speaking, a world-shaking phoenix cry suddenly sounded from the Great Void in the next second.

"Junior Brother, don't panic. A mere old dog Hongjun is not qualified to touch you."

This voice stunned Fang Tianyuan before making him overjoyed

"Second Senior Sister! You're finally back!" Patriarch Hongjun snorted and had already arrived in front of him.

"No one can save you today. You can die now."

As soon as he finished speaking, a huge unbelievable force suddenly kicked his head fiercely.

Boom!

This huge force directly sent Patriarch Hongjun flying, causing him to slide 5,000 kilometers on the sea.

The entire sea had been slashed into two by his aura.

In the end, he landed fiercely on a continent and that continent exploded on the spot. All the lives on the entire continent turned to ashes and shattered.

"How powerful!"

At this moment, the pupils of Patriarch Yang Mei and the others could not help but shrink.

"Why is she so powerful? Where did she get this power?"

"This power is so familiar. Isn't this the power of the Essence Phoenix?"

"Damn it, she's actually the reincarnation of the Essence Phoenix? She absorbed all the power of the Essence Phoenix?"

"It's not only that. Because the phoenix's strength will become stronger every time it undergoes rebirth, she's even stronger than the Essence Phoenix back then!"

Chapter 495 For the Nameless Sect

"At least you're knowledgeable. Unfortunately, it's too late for you now."

As soon as he finished speaking, Ji Wuxia quickly formed hand seals with both hands. The Phoenix Perching Parasol Mark mixed with dense flames descended from the sky!

Boom!

It smashed mercilessly onto a Chaos Demon God at lightning speed.

Even though the other party's cultivation had already reached the Primordial Chaos Limitless Golden Immortal Realm, his body was still blasted apart by this attack.

This was not the end. Before his Essence Soul could escape, it was surrounded by the dense flames on the Phoenix Perching Parasol Mark. Then, it burned his Essence Soul, making him begin to scream incessantly.

"Ahhh..."

When the surrounding people saw this scene, they could not help but gasp in unison, their eyes filled with fear.

"How powerful. This flame, this is the Flame of Chaos?! She even controls such a flame!"

"Damn it!"

Patriarch Yang Mei and the others could not help but begin to panic.

Clearly, they already felt a dense threat.

Previously, although Lu Xiaoran had set up an array formation that could suppress their strength, Lu Xiaoran was still restrained by Durfis and was unable to arrive beside them.

.....

In this way, even if their cultivation was weakened a little, they would not be afraid at all.

However, now, with Ji Wuxia's arrival, this balance was instantly broken.

Not only had the balance been broken, but the trace of advantage they originally had had also been turned around in the blink of an eye.

Boom!

At this moment, a violent explosion suddenly sounded from the sea.

It was Patriarch Hongjun who had escaped from the sea.

His cold gaze swept over the people in front of him and finally landed on Ji Wuxia.

"Don't panic. With me around, she won't be able to be arrogant! I'll resist her! Hurry up and destroy their array formation. As long as their array formation is gone, the difference between the two sides will instantly widen. At that time, no one can do anything to us."

After saying this, he took the lead and was the first to rush towards Ji Wuxia.

There was nothing he could do about it. If he did not work hard now, he would have even less of a fighting chance in the future.

Now, he was basically at his peak. He had already gambled everything he had.

If he lost this battle, he would probably be too embarrassed to find Ye Chen again.

Moreover, even if he really had the face to go and find the other party, it was impossible for the other party to take care of him.

An existence of his level would not take a second look at a piece of trash.

After Hongjun gave the order, Patriarch Yang Mei and the other Chaos Demon Gods seemed to have found their backbone.

They immediately began to attack those array formations in a new direction!

Li Changsheng immediately shouted,

“Stop them. We can’t let them destroy the array formation.”

Thousands of Nameless Sect disciples attacked at the same time.

However, other than Li Changsheng and the other first-generation disciples, the damage of the others’ attacks was not high and could not cause much damage to Patriarch Yang Mei and the others.

Once again, they fell into a crisis.

Ji Wuxia did not dare to be too careless and could only deal with Hongjun with all her strength.

This was because he was stronger than all the other Demon Gods.

She had to restrain Hongjun!

Patriarch Yang Mei and the others also worked hard.

Now, in the Great Void, Lu Xiaoran was restrained by Durfis, and on Golden Ao Island, Patriarch Hongjun was restrained by Ji Wuxia.

Their only breakthrough was the array formation. As long as they could destroy the array formation here, they could turn the tables and kill Lu Xiaoran’s disciples one by one.

At that time, no matter how powerful Lu Xiaoran was, it was impossible for his mentality to not collapse.

They did not believe that Lu Xiaoran could hold on forever!

Everyone ignored all the attacks and even forcefully endured Li Changsheng and the others’ attacks to break the array formation.

Soon, cracks appeared on the array formation.

Even if Lu Xiaoran used Primordial Purple Qi, the array formation was still unable to resist the continuous attacks of the Primordial Chaos Limitless Golden Immortal.

After all, the other party's attack also contained the power of laws and was injected with Primordial Purple Qi!

Crack! Crack!

The moment the array formation shattered, Patriarch Hongjun, who was fighting Ji Wuxia, immediately laughed arrogantly.

"Hahaha... it's over. It's all over. Your junior brothers and sisters will all die in our hands. I want to see how strong your and your master's hearts are. I want to see if you can resist."

Ji Wuxia's expression was solemn, and the attacks in her hand became more frequent. The Phoenix Perching Parasol Mark circulated crazily and smashed towards the other party again and again.

In the sky, after Patriarch Yang Mei and the others destroyed the array formation, the strength in their bodies also began to increase crazily and keep erupting.

Their cultivation suppressed by the array formation had all recovered at this moment.

The increased strength Li Changsheng and the others experienced also quickly decreased because of the disappearance of the array formation.

At this moment, it was undoubtedly a disaster.

"Second-generation disciples, retreat completely. Quick!"

Li Changsheng ordered immediately.

He wanted to save some seeds for the Nameless Sect in time and keep the people he could use for his master.

As for him and his junior brothers and sisters, they were already determined to fight to the death!

However, everyone did not listen to his orders and even rushed forward desperately.

"Perfect timing. You're courting death!"

Patriarch Yang Mei and the other Chaos Demon Gods smiled coldly and directly pounced down to start a massacre!

After the difference in combat strength between the two sides widened, they were not afraid of these people at all.

The disciples of the Nameless Sect gradually began to die.

They all fell from the sky one by one.

"Are you guys crazy? Retreat! Quickly retreat!"

Li Changsheng roared. However, the disciples did not care at all.

"At this moment, what's the point of retreating?"

“That’s right! We’ll fight them to the death! At most, we’ll die!”

“We have to severely injure them even if we die!”

“For the Nameless Sect, charge!”

As they charged forward, Jun Changming, Lu Xiaochen... gathered the power of laws in their bodies and directly detonated themselves!

By self-destructing, they could injure Patriarch Yang Mei and the others and then create favorable conditions for Li Changsheng and the others.

Two streams of tears fell down Song Xinian’s face as he looked at Li Changsheng.

“They’re using their lives to pave the way for us. Senior Brother, you can’t let them down!”

The two of them looked at each other as if they had made an extremely important decision!

In the next second, the two of them directly formed hand seals and began to burn their bodies and Essence Souls!

The supreme holy flame refined their bodies. One of them turned into a saber and the other turned into a sword.

Heaven Slaying Sword!

God Slaying Saber!

After the three worlds were established, all the killing power had condensed into two top-notch Chaos cardinal treasures

sures.

This was their intrinsic essence!

After refining themselves into Chaos cardinal treasures, the two of them could still retain their consciousness and transform into humans.

However, their main bodies would be permanently changed! They would no longer be humans and would be weapons instead!

They would forever lose their life aura and would be unable to have children or grandchildren!

Chapter 496 First Creation God

After Li Changsheng and Song Xinian turned into weapons, their combat strength quickly soared.

At this moment, the combat strength they could unleash had already reached the level of a Primordial Chaos Limitless Golden Immortal.

The two of them transformed into two lights, one golden and one red, and shuttled in the sky. They rushed towards Patriarch Yang Mei and the others in an unstoppable manner.

Patriarch Yang Mei and the others were not afraid at all and directly forced back the two of them.

“Hehehehe, the two of you are indeed rare Chaos cardinal treasures. However, it doesn’t matter even if you’re Chaos cardinal treasures. After all, you guys are still weapons. It’s still impossible for you to unleash 100% of your strength!

“Moreover, there are only the two of you. There are so many Chaos Demon Gods here, and all of them are Primordial Chaos Limitless Golden Immortals. They all have the cultivation that was accumulated for hundreds of thousands of years. Can you resist them?”

Li Changsheng said indifferently, “You’re right. With just the two of us, we definitely can’t stop them. However, what if someone else uses us?”

“What do you mean?”

The smile on Patriarch Yang Mei’s face immediately stopped, replaced by a dense solemn expression.

He stared fixedly at Li Changsheng and Song Xinian, but the two of them went straight for Zhuge Ziqiong.

“Fifth Junior Sister is the reincarnation of the Nine Heavens Mystic Maiden. She was a female battle god in her previous life! With her around, the might she can unleash when controlling the two of us should be several times stronger than when the three of us fight separately, right?”

As soon as she finished speaking, Zhuge Ziqiong grabbed the handle and sword hilt.

In the next moment, a ten thousand feet golden light suddenly shot out from behind her, forming a huge female battle god phantom.

.....

It was the phantom of the Nine Heavens Mystic Maiden.

Coupled with the Heaven Slaying Sword and the God Slaying Saber, the strength erupted from the two Chaos cardinal treasures had already reached an unbearable level!

“Damn it! Quick, kill her with all your strength. As long as she dies, all of their strength will collapse.”

After Patriarch Yang Mei finished speaking, he was the first to rush forward.

The other disciples of the Nameless Sect attacked one after another and started working harder to stop them!

Their strength was very insignificant and was far from being able to injure Patriarch Yang Mei and the others.

However, it was also enough to weaken the other party’s attack by a lot.

As for Zhuge Ziqiong, after her aura soared, the strength she displayed had already completely surpassed the first level of the Primordial Chaos Limitless Golden Immortal Realm and had reached the fourth level of the Primordial Chaos Limitless Golden Immortal Realm.

Other than Patriarch Hongjun, the other Chaos Demon Gods were really unable to compare to him.

Although Chaos Demon Gods had very long lifespans, their talent was also limited.

Many people were still around the first level of the Primordial Chaos Limitless Zenith Heaven Golden Immortal Realm even though they had lived for countless periods of time.

However, their lifespan was relatively long.

Facing Patriarch Yang Mei, who was the first to rush forward, Zhuge Ziqiong raised her hand and slashed.

Boom!

This sword beam directly tore through space mercilessly and instantly shot towards Patriarch Yang Mei.

Patriarch Yang Mei raised his hand to summon his Dharma treasure to attack.

However, just as he raised his hand, his arm was severed in the next second.

“Damn it!”

He could not help but curse fiercely. Because this was caused by the Heaven Slaying Sword that was filled with the power of laws, even though his cultivation had already reached an extremely powerful level, it was still impossible for him to repair this arm.

However, at this moment, he did not have the time to care about this because Zhuge Ziqiong’s second attack had already arrived.

He immediately retreated and resisted with his Dharma treasure.

However, just as his Dharma treasure touched the God Slaying Saber, it was directly shattered on the spot.

Boom!

With a shocking explosion, Patriarch Yang Mei’s Dharma treasure announced its withdrawal from the three worlds.

Not only that, the damage to the Dharma treasure also made Patriarch Yang Mei vomit a mouthful of violent blood.

After the other Chaos Demon Gods saw this scene, they could not help but go crazy.

They all knew that there was no going back after they provoked Lu Xiaoran. Now, no matter what, they had to think of a way to defeat Lu Xiaoran. Otherwise, when Lu Xiaoran was done with the other party, he would definitely deal with them.

At that time, they would really be helpless.

Killing intent spread!

Everyone rushed towards Zhuge Ziqiong with all their strength.

At this moment, everyone was killing crazily, and the world turned blood-colored.

In the Great Void, Lu Xiaoran was affected by this energy. He had already refined the three worlds, and the three worlds were like his body.

At first, he did not mind because he was much stronger than the others.

Therefore, this caused the others' attacks to be unable to injure him at all.

However, now, the increase in their attacks had already exceeded the critical point he could withstand.

It was as if people were constantly fighting in his body and he gradually could not take it anymore.

Patriarch Hongjun shouted excitedly.

"Quick! Expand the scale of the battle! Lu Xiaoran can't take it anymore. We're about to win."

After Durfis blasted Lu Xiaoran back with a single attack, he immediately retreated and slowly spread his arms in the void.

"You're a very good opponent, but unfortunately, you're not smart. I'll send you on your way now. In your next life, remember not to casually go against people you can't afford to offend."

As soon as he finished speaking, a huge sword suddenly appeared in the void.

As soon as the huge sword appeared, the surroundings were immediately filled with a destructive aura.

It was actually a Chaos cardinal treasure!

"Accept the punishment of the Saint Sword!"

Durfis slashed at Lu Xiaoran, and the surrounding area of the Great Void began to tremble.

Some private small worlds were severely affected at this moment.

In the vast world, billions of living beings were wailing, as if the end of the world was about to arrive.

Lu Xiaoran's expression was extremely solemn.

He was currently restrained by the three worlds and was unable to unleash his strength to the limit.

He probably could not withstand this.

However, he did not sit idly by. He immediately gathered all the strength he could mobilize in front of him and used it for defense.

Unfortunately, it was too late.

Boom!

In the next second, the other party's sword beam slashed at Lu Xiaoran.

In that instant, the sword beam invaded Lu Xiaoran's body and almost destroyed him!

However, at the critical moment, an even more vast aura erupted from Lu Xiaoran's body.

“Get lost!”

As soon as this force appeared, it directly shattered Durfis’s sword beam mercilessly.

His pupils suddenly constricted.

“This... this is the divine might of a Creation God! But you’re not a Creation God! No! Could... could it be that you’re him? No! He’s already dead! This is impossible!”

Chapter 497 He’s Back

After a tragic cry, Durfis was directly blasted into ashes by the energy that erupted from Lu Xiaoran’s body!

He did not even have the chance to react.

Patriarch Hongjun, Patriarch Yang Mei, and the others, who were fighting fiercely below, were instantly dumbfounded.

What was going on?

Was this a joke?

A dignified Peerless Realm expert, Durpheus, was actually instantly killed by Lu Xiaoran.

Was this still reasonable? How could this be?

In the Great Void, Lu Xiaoran did not expect such a thing to happen.

He knew that he might have been an extremely powerful big shot in his previous life.

However, he did not expect the other party to have hidden such a powerful force in his body.

However, he did not think too much about it because he still had to deal with Patriarch Hongjun and the others.

With a thought, he arrived at the battlefield from outside the three worlds.

At this moment, Patriarch Yang Mei and the other Chaos Demon Gods were so frightened that they did not dare to move at all.

.....

If Lu Xiaoran was only the reincarnation of Pangu, they would not be afraid to fight him.

However, now, it was obvious that Lu Xiaoran had already surpassed Pangu and had an unknown cultivation!

The current them were like a group of fearful ants.

Lu Xiaoran did not look at them and only looked at Patriarch Hongjun below.

After all, he was the most important.

Looking at Lu Xiaoran's eyes, Patriarch Hongjun suddenly roared with laughter.

"Hahahaha... the will of the heavens! The will of the heavens.

"To think that I had been pursuing the Heaven Dao and the decree of the heavens for so many years...

"However, today, I realized that as an ant, I'm not qualified to pursue the Heaven Dao at all.

"Everything had long been destined. "You win!

"Lu Xiaoran!"

As soon as he finished speaking, Patriarch Hongjun directly detonated his Essence Soul.

The outcome was already decided. It was useless to say anything else.

At this point, it was better for him to leave coolly. At the very least, he could still retain some dignity.

After seeing him self-destruct, the entire three worlds fell silent.

Patriarch Hongjun, who had once been the overlord of the three worlds and the controller of the entire three worlds, had completely disappeared at this moment.

It was as if an era had completely ended. The speed at which it happened was so fast that it was unacceptable. Everyone did not miss him and only sighed.

Lu Xiaoran then cast his gaze on Patriarch Yang Mei and the others.

Patriarch Yang Mei and the others immediately knelt.

"We're willing to submit to you!"

"Lu Xiaoran said with an indifferent expression, "You guys have killed so many of my people, but now you want to submit to me. Why couldn't you have done this earlier?"

"If I accept you, how can I face the disciples who died previously?"

This single sentence instantly made the Chaos Demon Gods fall into despair.

This was because Lu Xiaoran had sentenced them to death.

Helpless, they could only die.

Li Changsheng and Song Xinian returned to their human forms.

The two of them could still maintain their human forms, but they already had steel bodies and were no longer living beings.

Li Changsheng arrived in front of Lu Xiaoran.

"Master, their strength is very good. If you can keep them, it should be even better for us.

"Why didn't you leave them behind? Why do you have to kill all of them?"

Lu Xiaoran explained, "They are powerful existences nurtured by this world to begin with, although Pangu created the world and turned the world into the three worlds as well as the 3000 big worlds and 800 small worlds..."

"However, their bodies still belonged to the entire three worlds.

"After killing them, the energy in their bodies would return to the entire three worlds.

"In this way, you can obtain their energy when you cultivate.

"If you increase your strength, we will still have many experts."

Li Changsheng nodded.

"I see. Master is really brilliant. I'm impressed."

Lu Xiaoran nodded.

"Although that's the case, our battle is not over yet. Durfis is not their true backer. Behind them is a true top-notch expert. In fact, in the myriad worlds of the Great Void outside, there's far more than one top-notch expert."

"Therefore, you guys cannot be careless.

"Get ready immediately and start cultivating again.

"Yes!"

Li Changsheng began to gather the disciples of the Nameless Sect. Lu Xiaoran also used the Azure Thearch Longevity Art as well as some Primordial Purple Qi to heal everyone. Soon, everyone's injuries were healed.

Primordial Chaos Zenith Heaven Golden Immortals like Fang Tianyuan were simply unable to quickly repair their injuries with the Azure Thearch Longevity Art. They could only use the Primordial Purple Qi to increase the might.

After being healed, everyone quickly entered the Mountain and River State Painting and began to cultivate.

Then, Lu Xiaoran entered a meditative state.

He immersed his mental strength into his mind.

His sea of consciousness was extremely vast.

No matter how powerful his cultivation was, in the end, he was still unable to see through the entire sea of consciousness.

It was still impossible even if he had absorbed Pangu's consciousness.

Lu Xiaoran knew that this sea of consciousness definitely did not belong to him alone.

There was definitely another powerful existence sleeping inside.

However, that attack just now should have been his move. Otherwise, in that disadvantageous situation, he would have been killed by Durfis. How could he turn the tables and counterattack?

“Who are you? You should be out now, right? I think with your powerful consciousness, it shouldn’t be a big problem for you to kill me a trillion times, right? There’s no need for you to hide here, right?”

After saying that, he waited quietly, wanting to see if that existence would come out.

However, after waiting for a long time, the other party did not come out.

Lu Xiaoran took a deep breath and frowned.

Could it be that he had guessed wrongly?

Perhaps there was no powerful existence in his body at all.

Forget it. Since the other party was actually unwilling to come out, he could not stand here foolishly.

After all, he still had to cultivate quickly to deal with the next powerful enemy.

However, just as he was about to leave, a majestic voice suddenly entered his mind.

“Isn’t it a little too much to say that I’m hiding? After all, strictly speaking, my sea of consciousness is protecting you.”

Lu Xiaoran’s body paused and he immediately turned around.

In the next second, waves began to appear in his sea of consciousness, and a figure walked out.

“It’s indeed you.”

Lu Xiaoran had long guessed that he was the guy who had passed by the three worlds and glanced at Pangu when Pangu was still a baby. This guy could see through the future with a single glance. Even if the time between them was more than a million years apart, the other party was still able to predict his location.

At that time, he had even nodded at Pangu.

Facing this guy, Lu Xiaoran should have been somewhat flustered.

This was because the other party’s strength was really too terrifying and had completely surpassed Lu Xiaoran’s understanding.

However, for some reason, Lu Xiaoran was not afraid at all.

After taking a deep breath, Lu Xiaoran continued, “Who the hell are you?”

He asked again.

The other party tilted his head and pondered for a moment.

“Yes! Let me think. I have too many names. The God of All Techniques! The God of Order! The Suppression God of the Great Void... However, the most common title used by others is the first Creation God!”

Lu Xiaoran’s pupils constricted. “You’re a Creation God?”

The other party nodded.

“To be precise, I’m one of the Creation Gods, and I’m ranked first.”

“I’m the first existence in the Great Void to become a Creation God.”

“Then why did you appear in my body? Did you already predict this back then? Did you enter my body to use me to complete your goal of reviving yourself?”

The other party shook his head.

“Don’t misunderstand. I don’t have any thoughts about revival at all.

“I’ve lived too long. I’ve seen too many things. I’ve created too many things.

“I have long lost all feelings for this world.

“Then why did you stay in my soul until now?”

“At that time, it was indeed somewhat troublesome. I was already certain that I would die very quickly and would be unable to live on. Therefore, I had to find a host who could let my soul stay until now.

“The reason why I survived until now was not because I wanted to revive.

“I’m already tired of fighting.

I just want to see what will happen to the Primordial Pearl when it reappears.”

Lu Xiaoran frowned slightly. Clearly, he did not understand the other party’s meaning.

The other party continued, “It’s like this. Based on our current knowledge, the strongest cultivation realms are the Peerless Realm, the Ruler Realm, the Creation God Realm, and the Ancestor Realm!

“However, in fact, I have never discovered an Ancestor Realm expert!

“However, in my consciousness, when I cultivated to the Creation God Realm, or rather, when everyone cultivated to the Creation God Realm, a realm called the Ancestor Realm would involuntarily appear in everyone’s minds!

“I don’t know what this means.

“Does it mean that there’s an expert more powerful than us? Did we all originate from that Ancestor Realm expert?

“Or does that Ancestor Realm expert want to use us to revive?

“Could it be that as long as someone reached the Creation God Realm, they would become his backup seed?

“However, when I tried to figure out the meaning, I realized that I could not do so at all.

“How terrifying must the strength of this existence be if even someone like me is unable to sense it?

“Don’t you want to know who he is?”

Lu Xiaoran looked at the fanatical guy in front of him and was immediately somewhat speechless.

It seemed that this guy was a science fanatic.

“So, what did you do to cause the others to pursue you? Moreover, how come your only choice was to hide in my body?”

Chapter 498 The Secret of the Primordial Pearl

The First Creation God smiled in embarrassment.

“Actually, it’s not a big deal. I had gathered the blood essence of all the Creation Gods and created a Dharma treasure.

“It’s very likely that this Dharma treasure created an Ancestor Realm expert!”

Lu Xiaoran :”...”

He was instantly speechless. Was this guy crazy?

This guy actually dared to take the blood essence of all the other Creation God Realm experts. Wasn’t this equivalent to plucking fur from the buttocks of a tiger?

Even if he was also a tiger himself, it was still rash. After all, he was outnumbered.

At this moment, Lu Xiaoran finally seemed to understand why his own character was so ignoble. It was definitely because of this guy.

It was because this guy was too unrestrained. “Alright, what kind of Dharma treasure did you make?”

asu

“The Primordial Pearl!”

“Indeed!”

Lu Xiaoran had already guessed previously that it was indeed the Primordial Pearl.

“However, although you created the Primordial Pearl, there’s no need for them to pursue you, right? Even if you snatched some blood essence from them, they don’t necessarily have to kill you, right?”

.....

The First Creation God touched his nose.

“In fact, that was only the start. The way the Primordial Pearl works is that it can constantly absorb the power of the entire Great Void Universe.

“The reason why I wanted the blood of the other Creation God Realm experts was to allow the Primordial Pearl to break through the area restriction.

“After all, every Creation God had their own territory. Every area was different. “In order to gather all the energy in these areas to the point where an Ancestor Realm expert could be born, I needed the Primordial Pearl to be able to absorb the energy medium of all the worlds.

“After so many years, it has already reached its peak.”

Lu Xiaoran :” ...”

It turned out that not only had the other party plundered the blood of others, but he had also plundered the resources of others.

No wonder so many people wanted to kill him. He was really unrestrained! “What should we do now? After learning of my existence, they will definitely come and kill me. And you’re only a soul body now. Although you have huge mental energy, you’re definitely much inferior to these Creation Gods.”

“Moreover, even if you can recover to your previous level, they have already killed you once before. It’s easy for them to kill you a second time.”

“I naturally know that. Since I planned this, I’ll definitely resolve all the problems in advance. Otherwise, wouldn’t I have planned for nothing?”

“The mental strength I left behind is for you. As long as you absorb my mental strength, you will have the mental strength of a Creation God. With such a powerful mental strength, you can control and absorb the power of the Primordial Pearl, fusing it with your body and obtaining the power inside.

“In this way, you can break through your current strength and reach the Ancestor Realm!”

“What about you? Why do you want to help me? I’m not that stupid to believe that you would do such a good thing for me for free.”

The other party chuckled.

“Didn’t you notice? My mental strength is actually much stronger than yours. If I wanted to control you, I would have long controlled you.

“The reason why I didn’t control you is because I can’t.

“My mental strength has already been shattered. Although there’s still a lot of it, it’s actually already scattered.

.

“In other words, I have no chance of revival.

“However, you’re different. You’re a new life form and also have a new and complete soul.

“As long as you absorb my mental strength, you can continue my plan. “

Lu Xiaoran took a deep breath and rubbed his temples.

Indeed, these science fanatics were all crazy. They were too stubborn and crazy.

The reason for their existence was to discover and prove.

However, he also knew very well that the other party's mental strength had indeed completely become scattered sand like he had said.

In other words, it was indeed impossible for the other party's mental strength to pose any threat to him.

Moreover, Lu Xiaoran himself was also helpless now.

This was because he had probably already been targeted by the other Creation God Realm experts.

If he did not absorb the other party's mental strength, it would be impossible for him to resist those Creation Gods with his cultivation.

Since he had no other choice, what was there to hesitate?

Lu Xiaoran directly began to absorb the other party's mental strength.

However, he still had some brains. When he absorbed the other party's mental strength, he did not directly absorb the other party's mental strength mindlessly. Instead, after absorbing a chunk of it into his soul body, he first transformed it into his mental strength before continuing to absorb more.

Looking at the meditating Lu Xiaoran, the First Creation God's eyes revealed concern. "Child, this is the only thing I can do for you. I hope you can defeat the other Creation God Realm experts and become an Ancestor Realm expert."

On the other side, in the Great Void, Ye Chen, who was originally sleeping, suddenly woke up from his sleep. "What a familiar feeling. Is this... that lunatic? Damn it! I didn't expect him to finally come out after so long."

"We definitely can't let him succeed. Otherwise, this Great Void will completely change."

As soon as he finished speaking, Ye Chen immediately disappeared from his spot.

He quickly arrived at a divine hall in the Great Void.

This divine hall was ancient and vast, filled with supreme dignity!

Here, other than the Creation God, no living being could easily hold their heads high.

Here, all living beings could only submit.

This was the origin of the entire Great Void and the center of the entire Great Void!

The Creation Temple!

After Ye Chen arrived, a few more figures quickly arrived.

The aura and strength of every figure was actually not inferior to Ye Chen.

Everyone was a Creation God!

After everyone arrived, they looked at each other.

“You should have sensed it just now, right? The aura of that lunatic.”

“That’s right, I did sense it. It was very clear. Even after countless years, I still can’t forget his aura.”

“He once said that if he appears again, it will be the time for his son to unify the worlds and become an ancestor!”

“Damn it. Back then, he was too powerful. We couldn’t kill him and instead let him escape with his son.”

“However, since he has appeared again, it means that his son has already grown up. He probably has his sights set on the Primordial Pearl.”

Chapter 499 Father’s Love Is Like a Mountain

“No matter what, we can’t let him refine the Primordial Pearl! The Primordial Pearl is the masterpiece of that lunatic. We all know that although that guy is relatively crazy, the things he creates are indeed top-grade! Moreover, he had created that Primordial Pearl just for his son.

“Its terror definitely exceeds our imagination.

“However, although that’s the case, don’t forget that that guy’s strategy is also very powerful. It’s impossible for him not to leave some way out for his son. Won’t we encounter an ambush if we rashly attack like this?”

As soon as he said this, everyone instantly fell silent.

That’s right!

Although they did not agree with the other party’s actions, they had to admit that the other party was really very powerful.

Back then, if not for all of them working together, it would be impossible for them to kill the other party. Moreover, even with so many of them working together, two of them were still killed and three were severely injured. After so many years, their injuries had yet to recover.

It could be said that the battle back then had already left a deep mark in their hearts.

Even now, after so many years, they still had not forgotten.

“No matter what, we have to destroy him. However, we still have to think about it at length. My suggestion is to send a group of subordinates to test his strength first.”

“In any case, our subordinates are not valuable. Everyone will contribute a few. In this way, we can easily gather a group of people with relatively good cultivation.

If he is still strong enough, killing these people would definitely not be a problem.

Otherwise, these people would be enough to destroy him.

“At that time, we won’t have to worry about whether we attack or not.”

.....

“That’s right. I agree with this suggestion.”

“I agree too.”

Everyone agreed and agreed to this suggestion.

On the other side, after Lu Xiaoran kept absorbing the mental strength of the First Creation God, he also obtained a lot of memories about him.

These memories were all the true memories of the first Creation God.

At this moment, Lu Xiaoran suddenly realized that he had been deceived!

Only half of what the First Creation God said was true, but the other half was fake.

He had not casually chosen Lu Xiaoran as his successor.

It was because of their relationship. Lu Xiaoran was the other party’s son!

After learning this memory, Lu Xiaoran was stunned for a long time.

After living two lifetimes as an orphan, he had never thought that he would one day be able to see his father again.

He did not expect the other party to actually die for him and leave all the mental strength for him.

It was even to the extent that the other party had even left behind the cardinal treasure he had created the Primordial Pearl.

He had never thought of receiving fatherly love. Although he had also yearned for it in his heart, in fact, because it had been too long, the concept of a father had long disappeared in his mind.

He did not know what reason he had to remember an unfamiliar existence that had never appeared before.

In the end, today, he actually discovered who his father was!

Moreover, the other party had even given him everything!

For the first time in his life, Lu Xiaoran felt a kinship!

This was a love that did not care about any consequences, rewards, or benefits!

This love was selfless!

The other party could sacrifice everything and could even offer his own life.

With such an existence, even if Lu Xiaoran’s heart had long become a cold rock, at this moment, it had already been warmed up again.

“Father!”

an

Lu Xiaoran muttered as tears fell from the corner of his eyes.

He wanted to stop absorbing the mental strength. At the very least, he wanted to keep a little consciousness for his father.

However, the other party had never thought of leaving any consciousness for himself. The other party had long made arrangements. Even if Lu Xiaoran wanted to stop, it was impossible.

Soon, all the other party's mental strength was absorbed by Lu Xiaoran.

At this moment, what Lu Xiaoran absorbed was not only all the other party's knowledge, memories, and experience, but also the other party's feelings for him.

Or rather, the other party had given him all the fatherly love he had lacked since he was young.

Lu Xiaoran had finally resolved all his issues and had become a mature man who was not missing anything and was completely normal.

He was in pain. He had just learned about his father and now the other party had already left him.

However, he knew that now was not the time for him to grieve. This was because he was far from being qualified to grieve now.

It was as if the first Creation God had left everything to him. This included his father's expectations and care for him. He also had to shoulder the responsibility.

He still had so many disciples!

After obtaining the Primordial Pearl, the other Creation God Realm experts would not sit idly by and watch him become stronger.

They would definitely think of a way to trip him up. It was even very likely for them to attack.

Now, he had to increase his strength as much as possible and also let his disciples increase their cultivation.

Only in this way could they deal with the following battle.

After wiping his tears, Lu Xiaoran directly walked out of Golden Ao Island and used his thoughts to summon all the disciples of the Nameless Sect in the entire three worlds.

Under his summoning, experts arrived beside him as quickly as possible.

"Disciple Ji Wuxia greets Master!" "Disciple Fang Tianyuan greets Master!"

Lu Xiaoran looked at everyone and said with a solemn expression,

“The Durfis who came previously was only an insignificant soldier. Above him, there are countless experts. Their strength is stronger than his. It can even be said that they’re not just a little stronger.

“We still have a bitter battle ahead. Therefore, I want you to enter the Primordial Pearl with me to cultivate. We need to rely on the power of the Primordial Pearl to break through the shackles of our enemies.”

“As you wish, Master.”

Lu Xiaoran nodded. Then, he activated the Primordial Pearl and absorbed all the disciples into it.

After doing all of this, he revived Lu Changming and the others. Previously, these people had all chosen to self-destruct in the battle against Patriarch Hongjun.

However, they were different from Yun Lige.

The reason why Yun Lige was not revived was because his life mark was not with Lu Xiaoran.

The life marks of the others were all stored in Lu Xiaoran’s small world.

As long as Lu Xiaoran did not die, they would never die.

After Lu Xiaoran revived all the others, they were also absorbed into the Primordial Pearl.

Just as he was about to enter to cultivate, a figure ran over quickly in the next second.

“Master, wait for me. I haven’t entered yet.”

Lu Xiaoran took a look. It was none other than his seventh disciple, Jun Bujian.

This guy had previously gone to find the power left behind by the Ancestral Dragon in his previous life. He did not expect the other party to find it so quickly.

Looks like this disciple of his was still quite smart.

“Master, I’ve already found the power of the Ancestral Dragon and successfully fused it. Now, my cultivation has completely broken through to the Primordial Chaos Limitless Golden Immortal Realm.”

Lu Xiaoran nodded.

“Perfect timing. If you had arrived a minute later, you wouldn’t have had the chance.”

Chapter 500 Battle Drum

“Go in quickly.”

“Yes!”

Lu Xiaoran also put Jun Bujian into the Primordial Pearl.

Then, everyone began to cultivate quickly and refine the Primordial Purple Qi in the Primordial Pearl.

Just as they entered, extremely huge auras began to suppress them from the Great Void.

Wang Cai crawled out of Lu Xiaoran's body.

"Master, it should be the minions of those Creation Gods."

Lu Xiaoran nodded with a solemn expression.

"After absorbing my father's mental strength, my speed at controlling and refining the Primordial Purple Qi in the Primordial Pearl has already increased by a lot."

"Now, my strength has already increased to the sixth level of the Peerless Realm. However, this is still far from enough. There are too many of them. Moreover, many of them are even stronger than me!"

Wang Cai took a deep breath and said with a solemn expression, "Master, now is already a matter of life and death for us. We can't rely on conventional methods to help you defeat the enemy anymore.

Perhaps it's time for us to think of some strange tricks."

Lu Xiaoran's heart paused.

.....

"What are you trying to do? Don't mess around. We still have a chance."

Wang Cai shook its head and smiled bitterly.

"Along the way, I thought that we were powerful enough to deal with any enemy.

"However, now, I realize that I was wrong.

"We are not as powerful as we think. This world is also bigger and wider than we think.

"Peerless Realm, Ruler Realm, Creation God Realm... they are millions of times stronger than us.

"However, does that mean we should give up? Clearly not, because giving up meant death.

"When Lige sacrificed himself and died, I thought of a question. What is the meaning of our existence?"

"Now, I understand. Everyone has their own obligations and responsibilities. When the time comes, you just have to do what you're meant to do.

"Perhaps there will be death. However, we will be able to save more companions and spread the hope of survival."

"Are you leaving me too?"

Wang Cai smiled.

"Master, can't bear to part with me?"

Lu Xiaoran was silent.

"That's good. Looks like I've already left a place in Master's heart. In that case, I guess I haven't failed in my life."

After a pause, Wang Cai continued, "It's already too late. Previously, Master needed me to take in disciples and benefit from the disciples. As long as the disciples' cultivation increases, Master's cultivation will also increase.

"Now, the enemy Master faces is too powerful. With only eight disciples left, Master is already far from reaching that requirement.

"Next, I will sacrifice myself. I will also build a bridge for Master to communicate with all the disciples of the Nameless Sect.

"As long as the disciples' cultivation can increase, Master's cultivation will also increase."

"What if I don't allow it?"

was

"This is not up to Master to decide. Because I was bound to you when your cultivation was very low, as long as I don't do anything to harm Master, Master won't be able to stop me."

"Wang Cai."

"Hmm?"

"You're really a bastard."

Wang Cai touched its nose and was somewhat smug.

"Master bullies me every day. Now, it's my turn to make Master sad. If Master can advance to the Ancestor Realm, we might still have a chance to meet again.

"Good luck, Master!"

"Never give up. Even if my consciousness is gone, I'll still be your system! I'll still be by your side!"

As soon as Wang Cai finished speaking, Wang Cai's body began to emit a golden light.

This golden light emitted a thick beam that connected Lu Xiaoran and Wang Cai.

This was the connection between Lu Xiaoran and Wang Cai.

Then, eighth threads connected to the interior of the Primordial Pearl.

These threads were connected to Ji Wuxia, Fang Tianyuan, and the other disciples.

Then, Wang Cai's figure completely disappeared, transforming into countless golden lights that shot into the Primordial Pearl.

In this way, Wang Cai had established a bridge between Lu Xiaoran and all the disciples of the Nameless Sect.

In an instant, Lu Xiaoran sensed countless weak forces gathering crazily in his body.

Although each force was very weak, their might could not be underestimated when gathered.

Coupled with the endless power of the Primordial Pearl Lu Xiaoran absorbed, Lu Xiaoran's cultivation began to increase crazily at a visible rate.

Seventh level Peerless Realm!

Eighth level Peerless Realm!

Ninth level Peerless Realm!

When the subordinates sent by the Creation Gods of the Great Void broke through the spatial shackles and arrived at the space Lu Xiaoran was in, Lu Xiaoran's cultivation had already broken through to the perfected tenth level of the Peerless Realm. He was only a step away from breaking through to the Ruler Realm.

Crack! Crack!

Space shattered endlessly as experts walked over from the Great Void.

Their strength was too powerful, so much so that even the spatial barrier was unable to lock them in. Any breath they took would cause the space to shatter.

"Are... are you the child of that first Creation God?"

The first to step out of the Great Void was a ninth level Peerless Realm expert.

Lu Xiaoran did not answer and only slowly stood up. With a wave of his right hand, he used the Mountain and River State Painting to absorb the entire three worlds.

This was to avoid the three worlds from being shattered in a battle between him and these people.

After all, there were still many of his old friends in the three worlds.

The other party did not stop him.

They were all super experts who had cultivated to this level and were not stupid.

If they could defeat Lu Xiaoran, it would be useless no matter how many worlds Lu Xiaoran took in.

After destroying Lu Xiaoran, they could easily take out those worlds.

However, if they could not defeat Lu Xiaoran, there was even less of a need. If Lu Xiaoran killed them, no one would be able to take out the small worlds.

At this moment, more and more spatial barriers shattered in the surroundings. Figures walked over from the Great Void.

Someone was huge and had a red beard that seemed to be burning.

Some of them were small and looked like skeletons.

There were also people who were mighty and rough like ferocious beasts.

There were also people who were as beautiful as flowers and had charming auras.

However, they all had a common characteristic. Their strength was very powerful!

Almost every aura was not inferior to a Peerless Realm expert!

It was even to the extent that some of them had cultivation above the Peerless Realm and were Ruler Realm experts.

Lu Xiaoran felt somewhat tragic knowing that he had to resist so many of them alone.

However, he did not say anything or complain. He also wasn't afraid.

In the past, he had lived ignobly.

In order to survive, he only knew how to hide in the most inconspicuous corner of the crowd like an ant.

However, now, he had already completed his transformation.

Be it the contributions his father had made to him, or the sacrifices Lige and Wang Cai had made for him...

After experiencing all of this, Lu Xiaoran had already grown into a mature man.

A responsible man.

He understood that in this world, it was not meaningful to hide behind others and live.

After all, sometimes, death was more meaningful than living ignobly...

For his family and friends, he had to rise up!

He wanted to fight like a man!

He had always thought that he was a master who guided others. In fact, all this time, his disciples had also been helping him grow!

He had to win this battle!
