Chapter 2031 - Azure Rainbow City, Yu Clan, Liu Clan, Yu Clan

"Qing Shui, how do you think we should establish a standing here?" Yu Xixuan asked softly. She now viewed Qing Shui as the pillar, and wanted him to make the decisions in all areas.

Qing Shui gave it some thought while he looked around, "I'd still like to set up an Imperial Cuisine Hall. However, for this time, it'd be one that is a unison with your Jade Fragrant Restaurant. A merger between a medical hall and a restaurant, if you will. We'll quickly build up the Imperial Cuisine Hall's reputation. To do this, I'll need your help to find us some sick patients with influence."

Yu Xixuan smiled and said, "No problem. Although the Yu Clan isn't the top clan, it's within that circle. I'll go and ask my father about this when I get home."

"Then we'll just walk around for now and look for a suitable place to buy." Qing Shui surveyed the surroundings.

Qing Shui wanted to buy a spot in the most prosperous district, but eventually decided that there wasn't a need to do so. As they said, if the wine is good, even if it was located in a very deep valley, its fragrance would still attract the attention of many people. The entire place was very prosperous and as long as they could build up a reputation, it didn't matter where they were located.

Yu Xixuan nodded and then went along with Qing Shui, paying attention to the area to see if there were any suitable locations up for sale.

Qing Shui didn't want to rent. He planned on letting the spot remain to be an Imperial Cuisine Hall after it was built and didn't wish for there to be additional trouble due to insignificant reasons.

Everywhere was in a state of prosperity, and there were occasional places which were put up for sale. However, those places were too small and it wasn't enough for them to set up both the Imperial Cuisine Hall and the Jade Fragrant Restaurant. Previously, there would always be ignorant people who ended up gifting him with manors. However, they were now in the Azure Rainbow City, in the True Nine Continents World. There were hidden experts all around and Qing Shui had no idea how deep the water here was.

"It's already noon. Why don't we grab some food first before we continue on?" Yu Xixuan looked toward the sky and said to Qing Shui.

Qing Shui naturally had no objections and they entered the greatest restaurant along this street—the Qingyuan Inn.

It took up a great land area and had a high infrastructure with luxurious decor. Qing Shui saw an even more luxurious building here than what he had seen in his previous life. It was a stylish and imposing luxury, built using top quality rocks and filled with colorful decorations and carvings. The place was decorated to be just like a genuine palace.

The inn had a hall and private rooms. The hall had this world's traits. In a world of cultivators, with cultivators being forthright, the hall would always be filled with the most people. The atmosphere was important in drinking. There wasn't a point for one to enter a room and drink by themselves.

If a group of friends didn't wish to be bothered during their discussions, they would take private rooms. However, most people wouldn't choose private rooms, even if they wanted to drink down their sorrows. Most people would just sit by themselves in the hall where they could make friends and even possibly get hitched with a lady.

This restaurant was very big. It had a similarity to pubs in Qing Shui's previous life. Many men and women entered and left this place and it was very lively. This place was lively both in the day and at night as they were open for 24 hours. The night market here flourished.

The two of them got seated in a private room that was further away from the hall and ordered a few dishes and some wine.

Since they were going to set up the Imperial Cuisine Hall and Jade Fragrant Restaurant, they should be checking out the quality of the food here. This Qingyuan Inn's quality seemed to be at the higher end and judging from the customer flow, this place seemed to be flourishing as well. Therefore, Qing Shui wanted to find out what their food and wine were like, considering their decorations and fittings all seemed to be of very high quality.

They ordered two meat dishes, two vegetarian dishes, and a bottle of wine. In this world, the materials for both meat and vegetables here were a lot better than it was in Qing Shui's previous life and the two couldn't be compared at the same level. Top quality restaurants would use demonic beasts' meat. Even wild beasts' meat would taste a lot better than the reared animals in Qing Shu's previous life.

Qing Shui had a taste of the food. He deemed it to be quite delicious. To someone like Qing Shui who was used to eating good food, being able to get a good rating from him would mean that the food was not bad at all. Not to mention, these were the most ordinary dishes.

"Do you guys know that that woman from the Yu Clan got herself another gigolo?"

One person from a group near Qing Shui's table spoke up. These people didn't seem to be very old and their cultivation wasn't astonishing either.

"What's so rare about that b*tch finding herself another gigolo? She must have gotten herself at least 800, if not 1,000 gigolos so far." Another person said.

"Apparently, this time around, she has found herself that Third Young Master from the Liu Clan. The Third Young Master Liu is also a flirtatious man and it's no big deal for them to be playing around. However, it seemed that the two of them went too far and the Third Young Master Liu got his pen*s broken. He ended up killing that woman from the Yu Clan in rage."

"Ahh! Something like that actually happened? Why weren't there any rumors about it?" Another person asked in surprise.

"Both the Yu Clan and Liu Clan are great clans. How could such an embarrassing event be leaked out?" The man from earlier answered in a soft voice.

"He really deserved it. This Third Young Master Liu has ruined too many good women. I think that this retribution has come too late. Come. Let's have a drink!" One of the men from earlier said happily.

"Could it be that this matter between the two clans was resolved just like that?" A man who hadn't spoken up previously asked.

"Of course that wouldn't happen. After all, the Third Young Master Liu had killed a woman from the Yu Clan. You're useless once your pen*s is broken, but how could the Yu Clan leave things like that when he had killed one of their people?" One of the men who had spoken previously confidently said. He had bright eyes, a slender figure, and his looks weren't bad either.

"Therefore, both parties have set up a battle arena to have a few rounds of competition. If Liu Clan were to lose, they'd have to hand over the Third Young Master Liu over to the Yu Clan. If the Yu Clan were to lose, this matter would be considered over."

"But doesn't it seem unfair to the Liu Clan?"

"It does seem unfair, but Liu Clan should have expected this to happen when they killed a member of the Yu Clan. All great clans valued their reputation. Otherwise, if they were to fight it out, the number of injuries and deaths wouldn't just be a single Third Young Master Liu. Therefore, the Liu Clan can only choose to accept. In the worst case scenario, they could just hand the Third Young Master Liu over."

"Wouldn't it be just as shameful, handing him over?" The person who hadn't spoken much in the beginning kept asking more questions.

"Sometimes, You just need to accept humiliation. Otherwise, the humiliation would just become worse."

Yu Xixuan frowned as she listened to their conversation. Qing Shui saw her gloomy expression and asked in curiosity, "Xixuan, you seem to know about these two clans?"

Yu Xixuan looked at Qing Shui then said, "Back then, my family had arranged a marriage for me. It was also because of this that I went to hide in the Great Shang City. The person they found for me was this Third Young Master Liu."

Qing Shui was surprised. Earlier on, he had also heard the conversation about the Third Young Master Liu. He was a flirtatious man and given how a person like this could force Yu Xixuan to hide in the Great Shang City, it seemed that the Liu Clan was quite a great clan. The Yu Clan didn't sound any weaker in comparison as well.

There was one more thing to note. If it wasn't that the Yu Clan had owed a great debt to the Liu Clan, the latter must be stronger than the Yu Clan .

Otherwise, they wouldn't have arranged for this marriage for Yu Xixuan.

"Then it seems like the Liu Clan is very strong." Qing Shui thought and said.

"You aren't allowed to laugh. The Liu Clan is considered quite strong in this Azure Rainbow City. Stronger than our Yu Clan . Otherwise, I wouldn't have run away. The people in my clan are eager to have me married into the Liu Clan. This will bring the Yu Clan up a notch." Yu Xixuan seemed angry at the mention of this.

"You aren't afraid this time, now that you're back?" Qing Shui asked.

"I have you now. You'll have to help me. But this is good. That idiot from the Liu Clan can't even help himself now, so he probably won't even be thinking about me."

Qing Shui thought the same. The guy's pen*s had been crippled. However, Qing Shui thought of one question, "So, was the talk of marriage between the two of you fixed back then?"

There are two completely different Yu Clans mentioned here. The 'Yu' in Yu Xixuan's clan stands for Jade. This part is referring to the Yu(Jade) Clan.

Chapter 2032 - Yu Clan, Are Your Medical Skills Really Great?

"So were the talks of marriage between the two of you fixed back then?"

Yu Xixuan was puzzled for a moment before she shook her head and said, "I don't know."

"Let's go. Why don't we come back to my place to take a look?" Yu Xixuan smiled and proposed.

Qing Shui rubbed his head, "Let's do so then. We'll go to your place to find out more about it."

Qing Shui felt a little awkward. He didn't really like to visit other people's places, especially if they were clans which were strong. Most people would feel uneasy whenever they go there as most people from great clans would look down on other people.

Yu Clan!

The Yu Clan was located in the southwest corner of the Azure Rainbow City and was considered a famous clan in the city. It was a great clan that had continued for several generations. The Yu Clan had many assets, including restaurants, medicinal herbs, cloth shops, weapon shops, and trading companies.

There were many people in the Yu Clan. Although there were probably not that many clans which could compare to their size, a great clan wasn't solely dependent on the number of people they had. Therefore, it didn't matter if there were a lot of people, as long as there were any in the first place. Ordinary people who came from wealthy families would have a greater family size, perhaps over 100 to even 1,000 people in the family.

After all, as one got stronger, their fertility would weaken in return. The same didn't apply for ordinary people since their fertility wouldn't be affected. Moreover, they would have more women, with many of them having several tens of wives. If each wife were to give birth to two children, that would already be over 100 people. Across several generations, it was natural to have a family of over 1,000 people.

The assets of a great clan were different from that of ordinary people. Powerful clans would be involved in businesses at a higher level. Their transactions would rarely involve money, as money would be earned and managed by ordinary people in the clan, as well as those people who were associated with the clan.

With powerful martial prowess as a backing, great clans would be involved in businesses which had higher risks and value.

Although they weren't that near to the Yu Clan, Qing Shui didn't feel that they were that far off. It didn't take them long to enter the Yu Clan's territory. This area fell under the Yu Clan's influence and they were

the ones to call the shots. The Yu Clan managed the security in the area while people would pay them money. It would be like how taxes were collected in Qing Shui's previous life.

The Yu Clan's manor was southward facing and was very large and extravagant. The Yu Clan was also an existence that was like the Immortal Palaces, which were further differentiated by grades and ranks. However, given how even Yu Xixuan had to run away with her abilities, it went to show that the people here were still very strong.

Previously, Yu Xixuan's strength was at 500 million Dao force, but she had also said that she was ranked third amongst the younger generation in the Yu Clan. This made Qing Shui even more astonished. Yu Xixuan was very young, but just in the Yu Clan alone, there were two other younger members who were even stronger than her. How much stronger could they be? The resources of such a great clan were extraordinary and thinking of how there were still the Liu Clan and Yu Clan, which should be above the Yu Clan, how much more resources did those two clans have?

Qing Shui had always been a top-notch existence amongst the younger generation. Of course, he still was. Although his attacking prowess was a lot weaker compared to Yu Xixuan at the moment, putting aside the fact that the Nine Continents Mountain's strength was slightly stronger, Qing Shui could easily defeat Yu Xixuan, using just his own physical strength alone.

Right now, Qing Shui felt that the resources of this great influence which had a long legacy was too great. It could also be said to be too terrifying. There were numerous clans that were stronger than these three clans in the True Nine Continents World. They could be anywhere, but how strong were those influences?

"You don't have to be this tense. They were stronger than me, but now, they most likely won't be as strong as I am. It's all thanks to you." Yu Xixuan saw Qing Shui's expression and said, reassuring him.

Currently, Yu Xixuan's abilities should be at 1.5 billion Dao force. It seemed that the two other younger members in the Yu Clan had only been stronger than her by around one billion Dao force.

The moment Yu Xixuan went through the doors, the people from the Yu Clan all knew that she was back. This Young Miss was very well-known in the Yu Clan and many people in the clan viewed her in high regards. However, there were some things which couldn't be avoided. For example, marriage. Getting married to a good family—a clan that could bring about tremendous benefits to their clan.

"Xuan`er's back!" A married lady smiled and said.

"Hello 2nd Aunt!"

"Hello 7th Aunt!"

...

Qing Shui looked at how Yu Xixuan was dealing with everyone with great ease. Many of them were very polite toward Yu Xixuan, giving off a comfortable feeling. However, Qing Shui had also heard from her earlier that there were also quite a number of people in the clan whom she had detested. For example, one of the married ladies from earlier, her 1st Aunt.

Yu Xixuan's father was the sixth son in the family and the clan's head was the eldest son, Yu Dingshan. That married lady was Yu Dingshan's wife and since Yu Dingshan was the one managing the clan, this woman kept thinking of ways they could make the clan stronger. The marriage talks with the Liu Clan had been decided by this woman.

Yu Xixuan was averse to that married woman, but nonetheless, she still greeted her happily. The more she did this, the more that married woman would feel unhappy.

"Xuan`er's back!" The person who spoke up was a graceful man who also seemed to be middle-aged. Yu Xixuan bore a resemblance to this man and there was also a beautiful married lady standing next to the man. At one glance, Qing Shui knew that Yu Xixuan was that lady's daughter. They looked too much alike.

The man beside her was Yu Xixuan's father—Yu Dinghe.

"Father! Mother!"

Yu Xixuan hugged the man happily and then hugged the married woman.

"Lass, you're already so old and yet you aren't afraid that people would make fun of you? Why aren't you introducing your friend?" The married woman said gently, her gaze full of love as she looked at Yu Xixuan.

Qing Shui was also looking at the middle-aged married couple and was taken aback. Yu Dinghe was even stronger than the current Yu Xixuan, and the same also went for that married woman. They were a lot stronger than her.

What had astonished Qing Shui the most was that the two of them had concealed their abilities well, especially the married woman. If it wasn't because of Qing Shui's extremely strong senses, he wouldn't have been able to tell what her true cultivation level was. Yu Dinghe's cultivation was also hidden well. Although the 1st Aunt, the 2nd Aunt, and the 7th Aunt were also not bad, they weren't as presentable and were only Martial Emperors. This was why Qing Shui was curious about Yu Xixuan's mother.

"He's a good friend of mine. He's Qing Shui. We're going to become partners to set up a medical hall cum restaurant. Mother, don't look down on him. His medical skills are very, very strong." Yu Xixuan proudly said.

Yu Dinghe and the married woman were also observing Qing Shui previously. However, Qing Shui was only a False God, and it was also what others would see him as. Although it wasn't bad, it wasn't much in a great clan like this. Every great clan had geniuses and putting them aside, Qing Shui would also be considered a great talent. After all, he had become a False God cultivator at such a young age.

However, neither of Yu Dinghe or the married woman were ordinary. In fact, they were stronger than Qing Shui. Therefore, they kept having the feeling that Qing Shui's abilities weren't exactly what they had sensed. It was a very strange feeling, but they trusted in their own senses more.

"Hello, Uncle, Aunt." Qing Shui addressed them as such as he could tell that they weren't normal. Qing Shui wasn't intentionally trying to foster a closer relationship with them.

"Haha, hello young man. Are your medical skills really that great?" The man smiled and asked.

"At least, compared to the alchemists and physicians I've come across, they aren't comparable to me."

"Compared to those you've met? Hah! How many have you really met? To think that an immature and inexperienced young man like you would dare to act so arrogantly and speak so blatantly in the Yu Clan." Qing Shui had just finished his words when a voice spoke out in a disdainful tone.

Chapter 2033 - You're being too disgraceful and hopeless as a Clan Head

Qing Shui wasn't angered. It was as if his expression didn't change at all as he looked at the person who had spoken. It was a young man who gave off strong Qi, but that was all he had. This young man was a little taller than Qing Shui and had handsome looks with bright eyes. However, the shape of his face was slightly sharp, giving off a cold feeling that would stop all living things from getting close.

Qing Shui reckoned that this should be one of the proud geniuses in the Yu Clan. He was even stronger than Yu Xixuan and had a strength at about a billion Dao force.

There were several people of varying ages next to him. He walked up to Yu Dinghe and his wife, smiling, "Hello 6th Uncle, 6th Aunt!"

"Jianming, you've come." Yu Dinghe smiled in return and said with a calm tone.

Yu Xixuan looked at Yu Jianming with a displeased expression, "If you put up a strong front, you'll end up crying later on."

Yu Xixuan's words were very vague. No one knew whom she was talking about. It felt as if she was talking about Qing Shui, but yet also seemed like she was talking about Yu Jianming.

Yu Jianming looked at Yu Xixuan, "Xixuan, you've come back."

"Mmm. Qing Shui, let me introduce him to you. This is my Eldest Uncle's son, Yu Jianming." Yu Xixuan said to Qing Shui.

Yu Jianming felt uncomfortable. People with discerning eyes would be able to tell that Yu Xixuan and Qing Shui were on good terms with each other and she did not pay her cousin any heed. Yu Xixuan was also feeling displeased. Not showing her friend any respects was equivalent to not showing herself any respect. So why would she still show the other party any respect?

Moreover, Yu Jianming had also appeared nonchalantly toward Yu Dinghe and his wife. Although he appeared very polite, Yu Dinghe was still in a conversation with Qing Shui. For Yu Jianming to interrupt and his choice of words wasn't very pleasant either, this actually showed that he didn't care about his 6th Uncle and Aunt.

Yu Dinghe was an indifferent person and seldom interfered in the matters of the Yu Clan. He was a kind person and never mistreated even the people under him nor did he carry any weight. If the people working for him had any problems and went to look for him, he would always help them out.

Yu Dinghe didn't fight for anything in the Yu Clan, and there wasn't anyone who viewed him as an enemy. He didn't participate in anything either, unless something major were to happen to the Yu Clan. He would never get involved in the internal strifes in the clan. He was not interested in who would become the clan's head, nor was he interested in becoming the clan's head in the least.

"Hello. I'm Qing Shui, a physician." Qing Shui calmly introduced himself.

"I believe that you've said that you were very confident in your medical skills?" Yu Jianming revealed a smile. However, anyone could tell that Yu Jianming's smile was mocking him. His look of disdain when looking at Qing Shui was like how a millionaire was looking at a beggar, as if the beggar was saying that he was rich just because he had ten dollars on him.

It was contempt, a feeling of superiority, believing that he was above others.

"Yeah, it's good. It's very good, actually." Qing Shui replied.

Qing Shui's reply took Yu Jianming by surprise. Who would reply like this? Even if a person's medical skills were great, they should remain humble. However, Yu Jianming didn't think about his own tone when he had spoken earlier. This was a display of superiority, where one could only see others being disrespectful toward himself, but was blind to how he had treated others.

"Oh really? Then what kind of illnesses can you heal?" Yu Jianming asked further.

"I can cure any kind of illnesses from disabilities, mental deficiency to underdevelopment. I've yet to come across an illness that I can't treat." Qing Shui said seriously.

Yu Xixuan couldn't hold back her laughter. Qing Shui's words were indirectly calling Yu Jianming disabled or saying that he had a mental deficiency.

"Ignorance people have no fear. For you to be shamelessly boasting at such a young age... If it wasn't for Xixuan inviting you here herself, I'd have thrown you out by now." Yu Jianming maintained his smile, but the smile itself was very cold.

"To speak the truth, if it wasn't because Xixuan is my friend, I wouldn't have come here in the first place." Qing Shui shook his head, wearing an extremely disappointed expression.

"You're courting death! This place isn't some place for you to behave with such atrocity!"

A middle-aged man next to Yu Jianming suddenly dashed out toward Qing Shui with a lightning speed. He swung his hand toward Qing Shui, clearly wanting to take his life.

For the sake of his reputation, Yu Jianming could not do anything himself. However, the same didn't apply for his subordinates. He could just claim that he couldn't control his subordinates and the matter would be over.

Qing Shui felt this was bothersome and with a casual stretch of his hand, grabbed the man's wrist. That man had wanted to slap Qing Shui, thus Qing Shui only grabbed his wrist and twisted it.

Kacha!

A crisp sound that made one's head felt numb rang out. Qing Shui didn't hold back and had broken that man's wrist. It wasn't that Qing Shui wasn't showing Yu Xixuan any respects, it was the opposite. These people weren't showing her any respects.

Everyone turned silent. Qing Shui had been very vicious.

"Excellent. It has been many years since someone has dared to act so arrogantly in our Yu Clan." At that moment, a loud voice and a series of footsteps rang out.

Yu Xixuan's expression changed. "Qing Shui, my Eldest Uncle and the others are here."

Qing Shui rubbed his head as he looked at the over ten people who were headed in their direction. The person in the lead was a mature middle-aged man with a wisp of snow-white hair at his sideburns. This didn't make him appear old, but instead, gave him an indescribable disposition.

This man was Yu Xixuan's eldest uncle, Yu Clan's current clan head.

"Eldest Brother!"

"6th Brother is here too." Yu Dingshan greeted calmly.

Right now, Qing Shui didn't have any good impressions of the Yu Clan. He only had good opinions about Yu Xixuan and her parents.

"The way that Yu Clan treats its guests is very interesting. Xixuan, it seems that I should be leaving." Qing Shui didn't wish to make it hard on Yu Xixuan.

"Qing Shui, I'll leave with you." Yu Xixuan gritted her teeth.

"Xixuan!" Yu Dingshan suddenly shouted.

Yu Xixuan turned to look at Yu Dingshan, "Eldest Uncle, is anything the matter?"

"Go get prepared. I've settled on your marriage arrangements. It's with the Liu Clan's Third Young Master. Prepare to get married within three days' time." Yu Dingshan one-sidedly said.

Yu Xixuan trembled, her face pale. This was how it was for the members of great clans. While clans provided you with plenty of benefits, they also make you -also lose a lot, especially their marriage. Most of the decisions were made with the clan's development as the goal.

"Eldest Uncle, I heard that there is going to be an upcoming battle between the Liu Clan and the Yu Clan . If Liu Clan were to lose..." Yu Xixuan said carefully.

"There may still be a few days before the fight. Third Young Master Liu insists that the wedding must be completed within these few days before the fight. The Liu Clan has come and discussed this with us. No matter what, you're a member of the Liu Clan. Xixuan, you should also know that our Yu Clan isn't the strongest in the Azure Rainbow City, and we still have to take cues from other people. This is something similar to the clan's duty. Go get yourself prepared!"

Yu Xixuan now felt as if the entire world had become empty and was in a daze. At that moment, Yu Dinghe said, "Eldest Brother, that Third Young Master from the Liu Clan is already crippled. I think it's better for Xixuan not to be married to him."

"6th Brother, I know that Xixuan will be aggrieved, but this is a good chance for the Yu Clan and Liu Clan to join forces. You know that Yu Clan has always wanted to do us in all this while." Yu Dingshan wasn't in a hurry to show his anger and explained calmly.

"Haha, Is this how it is for a great clan? Why do I feel that it's worse off than an ordinary clan? What's the difference between this and selling off your own daughters? I feel ashamed for you as well. This clan head is really hopeless. To think a person like you can become a clan head. I wonder if you have any daughters? Why don't you marry your daughter over?"

Qing Shui said, feeling displeased when he saw Yu Xixuan's completely disheartened expression.

Chapter 2034 - Astonish, Borrowing Another's Prestige to Impress

"Haha. Is this how it is for a great clan? Why do I feel that it's worse off than an ordinary clan? What's the difference between this and selling off your own daughters? I feel ashamed for you as well. This clan head is really hopeless. To think a person like you can become a clan head. I wonder if you have any daughters? Why don't you marry your daughter over?"

Qing Shui said, feeling displeased when he saw Yu Xixuan's completely disheartened expression.

Qing Shui's words had caused Yu Dingshan's countenance to change completely and his amicable expression suddenly emitted sharp killing intent, locking onto Qing Shui, "You're courting death."

Not a single great clan would be able to tolerate what Qing Shui had said earlier. After all, it was a blatant humiliation. At this moment, an old man had already taken action, slapping out a palm imprint toward Qing Shui.

This attack might seem casual, but Qing Shui could sense the terrifying prowess behind it. It was even more powerful than Yu Dinghe's abilities.

Boom!

Although the attack had sent Qing Shui flying backward, he wasn't hurt. He looked at this elderly man, "I don't wish to make any enemies, but I hope that you guys don't go overboard. He isn't a match for me. You may believe that I don't have anyone backing me up, but if I were to take action against your Yu Clan, you won't be able to fend me off."

Qing Shui's words were completely out of Yu Dingshan's expectation and surprised him. He then noticed Qing Shui suddenly moving toward the old man, "I'll let you see how many moves this old man can handle."

Buddha Diamond Seal, Buddha Wisdom Seal.

Buddha Bright Seal!

Qing Shui smashed toward the old man's Shanzhong Acupoint at his chest with a Hitting A Cow Through A Mountain.

Pfft!

The old man spurted a mouthful of blood and was forced to retreat. However, Qing Shui continued to press on forward, performing continuous combos with his acupoint clearing moves. During the middle of his assault, he even used Gouging Strike and the Dragon-capturing Hands. The old man hadn't been able to attack from the moment that Qing Shui made his moves. His Qi activities were being suppressed completely and he wasn't able to circulate his Qis. It was like how in his previous life, there were

instances where there would be people who fell the moment they tried to summon up their power, and could not draw up any strength.

The requirement to suppress the opponent using this method was very high. Moreover, if the other party's strength was a lot higher your own, then it would be even more difficult to suppress. It was like no matter how skillful an ant was, it won't be able to move an elephant.

When Qing Shui returned to Yu Xixuan's side, the old man had already fainted. His internal organs and meridian channels had been inflicted with injuries of varying degrees. He had already been crippled. Previously, each of the old man's moves had been a killing move, and Qing Shui had already shown leniency to not have killed him.

This made Yu Dingshan's heart went on a rollercoaster ride. For someone this young to have such power, Yu Clan's geniuses were nothing when compared to him. Moreover, he could tell that Yu Xixuan was twice as strong as she had been before, and was now a lot stronger than his own talented son. Could it also be because of this young man?

If Qing Shui were to say that there weren't any influences backing him up now, there's no way that Yu Dingshan would believe him. He probably won't be the only one. No one else would believe him either. Influences that were a lot stronger than their Yu Clan won't be able to nurture such a young expert, let alone their Yu Clan.

"Clan head Yu, because of Xixuan, I don't wish to make enemies out of the Yu Clan. This place is just a stopover for me and I may leave very soon. I don't really care for the things here. I wonder what do you plan on doing?"

Qing Shui's words were brimming with confidence. He didn't care for the Azure Rainbow City, nor was he interested to get involved. Through one message, he had revealed that he placed himself above the Azure Rainbow City and the sole reason he was here was because of Yu Xixuan.

As a clan's head, especially of a clan like the Yu Clan, to still marry Yu Xixuan to Third Young Master Liu under such a situation, it meant that Yu Dingshan was an unyielding person. This was also why Qing Shui would dare to do this.

"How do you wish to handle this?" Yu Dingshan tossed the question back to Qing Shui.

"Regardless of your relationship to Xixuan, I had said earlier that I'm a physician. I can help you to treat someone. As long as the person isn't dead, I'll be able to bring him back to how he originally had been. I'll be staying in the Azure Rainbow City for a while. There's no hurry to decide who to seek treatment for. What do you think?" Qing Shui proposed.

"I know that you doubt my medical skills. Therefore, I have an idea that you can try it out now. You can either look for someone injured or just injure someone right now. It doesn't matter how serious the injuries are, as long as the person still has a breath left in him." Qing Shui reckoned that Yu Dingshan was still doubtful.

Yu Dingshan smiled, "You seemed very sincere. Then you can treat Elder Qiao!"

Qing Shui naturally didn't have a problem with this. "His injuries are too light. Do you want to add on some more?"

Yu Dingshan's face twitched and he quickly said, "There is no need for that. I know that Elder Qiao is basically crippled and have no ways of recovering."

Anyone could tell that Elder Qiao had been completely disabled. Even if he won't die, he basically was a dead man walking. Therefore, if Qing Shui could treat him, then he'd definitely be an existence that can astonish the whole Azure Rainbow City.

This was how it was. Many capable physicians were just short of an opportunity and did have the chance to treat an expert. Even if they were to treat ordinary people, they wouldn't get any attention. After all, the patients were just ordinary people and no one would believe them. They would merely think that these people were just starting rumors.

Elder Qiao had already woken up and he didn't seem to hold any grudges against Qing Shui. He had already gotten on in age and could see through things well. It wasn't that he hadn't thought that something like this wouldn't happen, but he just hadn't expected that he would be beaten into such a state by a young man. Moreover, he hadn't been able to retaliate at all.

Yu Dingshan's astonishment was indescribable. It was because Qing Shui's attacks had completely overthrown his recognition. This must be the signature moves of some influences in the depths of the Nine Continents World. After all, Qing Shui was able to defeat Elder Qiao to the extent that that latter was unable to retaliate, despite that there was a gap of three folds in their abilities. What kind of power was this?

After witnessing Qing Shui beat up Elder Qiao, Yu Dingshan no longer dared to harm Qing Shui. Even if Qing Shui were to stand there and did not move at all, Yu Dingshan wouldn't dare to touch him. This was akin to how in Qing Shui's previous life, a magistrate wouldn't dare to do anything to a mayor's child.

Qing Shui took his gold needles and used his Five Elements Qi, Force of Rebirth, his proficiency in wood attributes skills, as well as his other skills. Qing Shui's current medical skills could only be described using the term 'divine'. After about an hour, Qing Shui withdrew the needles.

Although Elder Qiao wouldn't be able to recover to his original state immediately, everyone could tell that he didn't even look to be seriously injured at the moment. He would be able to recover after resting for a while.

Moreover, it wouldn't take very long.

This had once again astonished everyone, including Yu Dingshan. He seemed as if he had just seen something amazing.

"Clan head Yu, I've only come out to gain experience for my medical skills this time around. Therefore, I'll be setting up a medical hall in the Azure Rainbow City. You can introduce patients over. I'll leave this chance to you. It's up to you whether you can grab onto it or not. I won't disturb you any further."

Yu Dingshan's face turned flushed red. This was a great opportunity and he knew it well. He said happily, "Thank you, Sir. Please do come in. I'll prepare a feast to welcome you."

"I'll need to find a place to set up my medical hall today. Perhaps another day!" Qing Shui politely refused.

"There's no need for such troubles. Although our Yu Clan isn't a great clan, we're still able to provide a place for you to set up a medical hall. I hope that you won't reject us and just take it as our repayment." Yu Dingshan quickly said.

Qing Shui didn't do anything despite Yu Dingshan's characters. This was human nature. Qing Shui could sense that at the very least, the Yu Clan's head was at least not too bad. Therefore, he decided to give the Yu Clan a chance. As for Yu Xixuan, Qing Shui knew that in the future, the entire Yu Clan would rise by a few notches because of her.

Qing Shui didn't refuse and went along with Yu Xixuan toward the Yu Clan's hall. Yu Jianming's face was now flushed, not knowing how he should face Qing Shui. He was a proud person and was unable to get used to this change all of a sudden.

Chapter 2035 - Northern Blue Domain, Obtained A Manor

Qing Shui didn't plan on doing anything with the Yu Clan. He could tell that the Yu Clan had great limitations and in the future, Yu Xixuan would be the one to reach the greatest heights. Other than Yu Xixuan, the other person should be her father. This calm and seemingly indifferent person would gain the greatest achievements in the Yu Clan.

It was a pity that Yu Dinghe didn't have the intentions to fight for the clan head position. He was more like a wild and calm crane.

Elder Qiao looked toward Qing Shui as if he was looking at a God. He knew of his own injuries and had felt extremely dejected. He hadn't thought that he would be able to recover, but in that short period of time, he had gone down to hell and then felt as if he had risen up to heaven. To him, this was a great experience in his lifetime.

This experience would even bring him a lot of benefits.

"Mister Qing, we've offended you earlier. Please forgive me. I'll drink this cup to show you my sincerity. Please feel free and at ease here." Yu Jianming picked up his wine cup and then down the wine.

Qing Shui hadn't expected that Yu Jianming was such a flexible man either. However, after some thinking, he could understand. No matter how proud Yu Jianming was, it was very normal for Yu Jianming to bend when his father and his clan had done so.

Qing Shui didn't make it hard on him. Many of the cultures here were applied in the same way. It was just like how in his previous life, drinking the wine had indicated that Yu Jianming had lowered his stand.

"We're all young men, there's no need to stand on ceremony. You're Xixuan's elder brother and must be protective of your sister. I have a sister as well and she's treated like a princess back at home. Everyone in the family dotes on her and whoever dares to let her feel aggrieved would have to pay back 100 times more." Qing Shui laughed.

Yu Jianming blushed even more and nodded, "I know what to do. I was wrong earlier and had been bewitched."

Yu Jianming had actually treated Yu Xixuan very well in the past, and it was true that Yu Xixuan was treated like a princess in the Yu Clan. It was ever since Yu Dingshan had become the clan's head that things had changed.

Yu Dingshan's expression was a little stiff. He could tell what Qing Shui was trying to say with his words and knew why these had happened. Therefore, he spoke up, "We actually didn't plan on letting Xixuan get married over. This is just a temporary measure..."

Qing Shui didn't plan on proving anything. He believed that they should know what his words meant and thus, didn't say any further. Qing Shui and Yu Xixuan needed time, and in the future, everything would be resolved.

After the meal, Yu Dingshan let Yu Jianming brought Qing Shui to see a place. After Qing Shui had shared his requirements, Yu Dingshan immediately mentioned a place. Yu Xixuan also said that the place wasn't bad and they could head over to take a look.

This was the biggest road in the Azure Rainbow City and the Yu Clan had a number of manors along this road. The Yu Clan was a great clan in the Azure Rainbow City and was considered to be reputable. Therefore, they had quite a number of assets along the biggest road. This road was several hundred meters wide and over 10,000 li long. This was a scene which Qing Shui wouldn't be able to see in his previous life. Despite it being a flat and straight path, one couldn't see the end of the road. There were too many manors built on both sides of the road. It was very normal for the great clans in this city to have quite a number of assets and manors here.

"Mister Qing, this is the place. Take a look and see if you're satisfied with it." Yu Jianming brought Qing Shui and Yu Xixuan to a manor.

This was one of the most prosperous places and Qing Shui could tell that this manor was very huge and was about the size of a larger school in his previous life. However, this place was more regulated, split into three big courtyards, with the building in the backyard being the largest. There were many building facilities and each building had three levels. However, each level was built to be very tall, with a height of over ten meters. It was unlike some buildings in Qing Shui's previous life, which were very short and one would feel suppressed to stay there.

"Mmm, not bad. I'm satisfied, satisfied." Qing Shui smiled and said. A place like this in his previous life would be comparable to a huge villa in the most prosperous location. The value was indescribable. Even in this world, the value of this manor was also tremendous.

This place was brand new and very clean. They should have people cleaning up the place often.

Yu Jianming handed Qing Shui the title deed to the place. These title deeds were sometimes effective and sometimes not. If an ordinary person were to stay here, this person might just disappear unknowingly and the place would soon become another person's residence. As long as one had power, no one would dare to create trouble regardless if the person had the deed or not.

The Azure Rainbow City belonged to the Northern Blue Domain.

This place was different from the other continents. The other continents also had countries, but this place had domains. A domain was a lot larger than a country, and the size of a domain could even be

comparable to a smaller continent. This showed how big the Haohan Continent was, and how huge the Nine Continents Star Ocean Domain was.

The Azure Rainbow City was just a city in the Azure Rainbow City. He had no idea how many cities there were in the Northern Blue Domain. Even the Yu Clan had no idea either. This place was unlike Qing Shui's previous world, where everything was advanced and they could count the cities, the population, etc. The civilization in this world was different and experts seldom would do such boring things. This world was too big and no one could be bothered to study things like these. In Qing Shui's previous life, it was normal to study how many people there were in a place, how many cities there were, the men to women ratio, and even the number of certain animals in a region. However, people in this world who would study things like that would be considered fools.

Yu Jianming left. Yu Xixuan smiled and looked at Qing Shui, saying, "Thank you!"

Qing Shui smiled, "Why thank me?"

"You also saw it. I'm uncomfortable at home and that's why I left. The people at home are too cold-hearted." Yu Xixuan said, a little disappointed.

"Your parents are very good toward you, but sometimes, this is how it is to be born in a great clan. At least, this is how it is for many people. You get to enjoy a good life, are superior in all aspects, and also strong. However, heaven is very fair. There'll always be one thing that doesn't go well for you. Otherwise, it'd be unfair." Qing Shui smiled and said.

"That makes some sense. But are there nobody who has everything in their life, and all is going well for him?"

"Humans will never feel satisfied. There's a saying from where I came from. Every family has its own troubles. There's no one who has everything. Furthermore, humans are beautiful because they are flawed. It's only with flaws that there are expectations. If a person stands at the very top, having everything they want, then the person will likely get sick of things very quickly. They could even get depressed, commit suicide, or no longer feeling any expectations in life and don't pursue anything. It'll feel as if you're the only person in this world and everyone else seemed to be like ants and wild beasts. You'll never feel a sense of belonging."

"That's too scary!" Yu Xixuan said in disbelief.

"Some people are actually very close to this. For example, those people who live an extravagant and wanton lifestyle such as the strongest experts in an area. They live their lives without the lack of money and women, being able to have sex with whoever they wished to, getting whatever they wanted. These people still have goals, therefore, they still have things to pursue in life. For example, to be the greatest expert in two places. By the way, do you like to live an extravagance life, giving in to pleasures?"

"You got sidetracked. You're the one who likes such a lifestyle." Yu Xixuan pouted, revealing her cute side. It was something which was hard to come by.

"Mmm, I like." Qing Shui smiled and said.

"You're getting worse by the day. Alright, let's go and have a look at how we're going to set up our restaurant and the Imperial Cuisine Hall." Yu Xixuan smiled and assessed the area.

This place was a little further away from the Yu Clan's main residence. Earlier on, they had flown here on demonic beasts and it took them a while. The distance was about 2,000 meters or more.

Chapter 2036 - The Restaurant Is Open for Business, Beat Up Third Young Master Liu

After observing every detail of the place, Qing Shui felt that very soon, he would be able to open the Imperial Cuisine Hall for business. He had already prepared a lot of things in the Realm of the Violet Jade Immortal. Meanwhile, he had also been to the medicine shops nearby to collect some medicinal herbs. Following on, he took out a few shelves from the realm.

Since he just started, he didn't plan to make it too big. Yu Xixuan, on the other hand, demanded one of the buildings to be a restaurant. The people who left along with Yu Xixuan were all already in Azure Rainbow City. To them, it was the same as migrating from one place to another.

However, Yu Xixuan felt that she might still need to make some changes to this place and add some simple decorations to it, so that she could make it look as close to how the previous Jade Fragrant Restaurant looked like.

This time, Yu Xixuan was quite happy. After all, opening the restaurant in Azure Rainbow City would mean that she was closer to her home. Aside from that, ever since she came back this time, some changes had taken place in her mind. Now, her goal was to be more powerful. Otherwise, her clan would forever be treated as an equipment.

Qing Shui refused some of the aids which the Yu Clan wanted to provide him politely. The restaurant was set to open after three days from now. Three days should be more than enough for them to prepare everything.

Ever since the incident involving the Yu Clan, Yu Xixuan seemed to have gone through a bit of change. She had become a lot friendlier to Qing Shui. She also looked a lot more mature overall as a person. Now, she even had a new kind of temperament which words couldn't describe. That was a feeling of independence.

There wasn't much to be done for Qing Shui's Imperial Cuisine Hall. Thus, he managed to prepare everything in half a day. Even though that might be the case, Qing Shui didn't plan to start his business earlier than Yu Xixuan. Instead, he intended to open the hall once Yu Xixuan started her restaurant business.

Three days after, Yu Xixuan's restaurant opened.

They worked hard for three days. Even though there were places which could be improvised, they still insisted on opening it.

This time, the people of the Yu Clan came to support her. Not only the Yu Clan, but a lot of other clans also joined in. After all, the Yu Clan was an aristocratic clan, there were still a lot of people who were eager to establish a good relationship with them.

Qing Shui didn't stay outside to help Yu Xixuan greet the customers. He wasn't that familiar with this place. Besides, there were people from the Yu Clan who were greeting the visitors.

“The people of Liu Clan is here!” For the time being, Qing Shui had nothing to do. Suddenly, he heard someone said that.

It was only after the person mentioned it that Qing Shui remembered. The fighting tournament between the Yu Clan and Liu Clan would be taking place two days from now. Thus, tomorrow would be the day when the Third Young Master Liu would be getting married to Yu Xixuan.

“Look at that. That’s Third Young Master Liu. Wasn’t he supposed to be crippled?”

“Even if he is crippled, it doesn’t mean that he can’t come out. Besides, can you be sure that he is really crippled?”

“What a scum! It’s such a waste that Miss Yu has to be taken advantage of by this kind of trash!”

“Third brother, talk softer. Don’t let the people of Liu Clan hear what you are saying. How many lives do you think you have?” His partner reminded him.

Among the group of people who came, Qing Shui saw their leader and he was a middle-aged man. There was a group of people with huge and muscular figure behind him. This sight was quite a contrast when Qing Shui saw the pale young man beside the middle-aged man. This was a kind of paleness which resulted from an illness. Qing Shui was able to tell since he was a physician. His illness came from him having excessive sex.

“Brother Liu, you came!” Yu Dinghe smiled at the man and said. At the same time, he also gestured him to come in.

“Uncle He, how have you been?” The young man smiled as he greeted Yu Dinghe.

“Tianrong, You don’t have to come if you don’t feel well.” Yu Dinghe smiled and said.

Liu Tianrong’s face looked unnatural. This time, he had truly embarrassed himself as well as his clan. Even though Yu Dinghe might sound like he was concerned of Liu Tianrong by saying that, he was actually just mocking him. Liu Tianrong was upset since Yu Dinghe not only insulted him personally, he even insulted Liu Tianrong’s clan.

“Uncle He, I am fine now. Everything that’s heard outside is just rumors. Where is Sister Xuan? I would like to talk to her.” Liu Tianrong revealed a forceful smile.

Yu Dinghe didn’t say anything. Instead, he spoke casually, “Brother Liu, please come in. My daughter has just started a small business of her own. Thank you, Brother Liu, for coming to show your support.”

A mischievous look flashed across Liu Tianrong’s eyes, “Hmph, I will make sure that I toy with your daughter as much as I want tomorrow. I will see if you can still be so cocky after that.” he thought secretly.

Deep down, the men from the Liu Clan felt very upset. However, they also didn’t want to ruin the entire thing just because of this. Actually, Yu Dinghe could only be considered an outsider in the Yu Clan. He was unable to make decisions for all the things that went on in the clan. He was also the person with the least ambition among the brothers of Yu Clan, so much that there weren’t any useful people around him.

Thinking up to this point, the Liu Tianrong smiled and walked in.

At this moment, Yu Xixuan just happened to arrange a seat for a customer. Liu Tianrong saw Yu Xixuan as soon as he came in. He wasn't able to hide the greediness in his eyes as he approached her, "Sister Xuan!" he called.

Yu Xixuan was unable to hide the disgusts towards this man in her eyes. However, she still smiled and said, "Third Young Master Liu, you don't have to come if you aren't feeling well."

Qing Shui smiled while he was looking from the side. Prior to this, Yu Dinghe had just mentioned exactly the same thing. He just didn't sound as sharp as Yu Xixuan.

"My body is fine. It recovers completely as soon as I get to see you." Liu Tianrong didn't get mad because of it.

"You may be fine, but there are things which I still need to do." Yu Xixuan walked towards Qing Shui as soon as she finished what she said.

Again, Liu Tianrong didn't manage to hide the wicked look in his eyes. He followed Yu Xixuan along and when he saw Yu Xixuan sit down beside Qing Shui, he also looked for a place and sit down.

"Sir, you seem to be very close with Xuan`er. I will be getting married to Xuan`er tomorrow, please make sure to attend our wedding." Liu Tianrong looked at Qing Shui and said with a smile.

Qing Shui smiled. Initially, he expected the cocky bastard to warn him to stay away from Yu Xixuan. However, to his surprise, he actually decided to respond with this kind of method. Thus, he smiled and said, "I am indeed very close with Xuan`er."

Qing Shui stopped saying anything after that.

Liu Tianrong's expression looked very ugly. He was thinking, "Was he trying to taunt him with this? Or could it be that he never once paid attention to him?" No one ever dared to provoke the Third Young Master Liu across the entire Azure Rainbow City. Suddenly, a vicious qi could be felt bursting out of Liu Tianrong's body. He looked at Qing Shui and screamed, "Get out of here and never appear in front of me ever again! Or else, you will be in big troubles!"

Yu Xixuan looked at Liu Tianrong with a pitiful look. Yes, it should be a look which originated out of pity.

Qing Shui wasn't angry at all. He took a look at Yu Xixuan first before saying to Liu Tianrong, "I am a physician, I can confirm with you now that that little thing on your body, it's completely crippled. Marrying Yu Xixuan will not change anything."

Yu Xixuan gave Qing Shui an angry look. Meanwhile, Liu Tianrong's face turned even paler. An intense rage could be felt coming out of him. He immediately spread his hand and tried to grab Qing Shui's neck.

"Brat, you are digging your own grave. Yu Clan isn't strong enough to protect you."

As Qing Shui looked at the hand that was nearing him, he could feel a bit of strength from it. However, it was only a tiny bit of power. Qing Shui immediately thrust out his fist.

Beng!

Third Young Master Liu got blown away and dropped down on the entrance like a dead dog.

There were a lot of people at the entrance. The fact that the Third Young Master Liu looked like a dead dog still shock a lot of people nearby. This was the Azure Rainbow City. Third Young Master Liu might not be strong, but no one would actually have the guts to beat him up like that. In just a moment, a lot of people started crowding around the area. They were curious to see who exactly it was. It was satisfying to watch him getting beat up.

Very soon, everyone already found out who attacked the Third Young Master Liu.

Third Young Master Liu didn't lose consciousness from it. His face was pale as he looked at Qing Shui with a hateful look. By now, the middle-aged man from before along with a group of people had already appeared next to the Third Young Master Liu. A slightly old-looking man supported the Third Young Master Liu up with his hand.

"Third uncle, kill him! I want him dead!" Third Young Master Liu said with his hoarse voice. He sounded full of hatred as he was saying it.

"He will die." The man said coldly.

Yu Dinghe's face looked very ugly. He looked in the direction where Qing Shui and Yu Xixuan were with a concerned look. He didn't say anything for now. Instead, he walked to them. This was because he knew that there was no use in saying anything more.

"Xuan`er! Mister Qing!"

Even though Yu Dinghe didn't say anything with that short sentence, deep down, Qing Shui knew that him calling out to Qing Shui was already his way of offering help. Thus, he smiled and said, "Don't worry about it, uncle. This kind of people deserves to be taught a lesson."

Chapter 2037 - Killed. Completely overpowered

Since they had decided to play games with him, he might as well make it big. Qing Shui smiled and said something to Yu Dinghe.

Yu Dinghe didn't know how strong exactly Qing Shui was. However, when he saw Yu Dingshan treated him like a God and when he beat up Qiao Lao, he knew that Qing Shui was not an ordinary person. Anyone would be able to tell that this young man possessed formidable strength, or to be more precise, the way he dealt with his enemies was very frightening.

Qing Shui stood up and slowly walked towards the middle-aged man, "I don't care who you are. I am starting my business here and while I am doing so, I don't appreciate it when someone tries to cause troubles."

"Hahaha, this is the funniest thing which I have heard in so many years! This truly cracks me up!" The middle-aged man got so angry that he started laughing.

Third Young Master Liu had already embarrassed himself before. With so many people watching, if the Liu Clan was to be suppressed by merely a young man, the Liu Clan would definitely lose their face completely.

Qing Shui wanted to make the Azure Rainbow City his foundation. He hoped that in the future, he could slowly develop himself in the entire Northern Blue Domain. Azure Rainbow City wasn't scary. Be it the Yu Clan or Liu Clan, even if both of the clans were to work together, Qing Shui also wouldn't fear them. They were simply not strong enough.

Qing Shui had a rough knowledge of the Northern Blue Domain. Out of the entire domain, the Azure Rainbow City was considered to be one of the weakest cities. This was also what led Qing Shui to make up his mind to settle down at the Azure Rainbow City. He wouldn't need to rush his steps and thus, he could ensure that he built a stable foundation here.

"You will stop finding it funny in a while. Even though Azure Rainbow City might not be the weakest city in Northern Blue Domain, it was already ranked at almost the bottom. Even if Liu Clan is the strongest existence in the Azure Rainbow City, there are still plenty above you that can stomp you to death. Let alone the Azure Rainbow City isn't made up by your clan alone. What do you have to show off about? Sometimes, there may be no more second chance even if you regret what you do. By then, you may not even know how you die." Qing Shui looked at the middle-aged man and said while retaining his calm tone from before.

The expression of the middle-aged man changed. Even though he didn't grow up being scared of others, he was still frozen in shock with what he saw. There were things which one would better believe rather than ignoring it. Liu Clan had been going on smoothly for too long. There was a saying "If a person has been in prosperity for too long, there will come a time when their luck will run out". After walking their path so smoothly for so long, they would eventually stumble upon a few misfortunes.

"You can treat it as me trying to scare you. Be it an aristocratic clan, you should still have your own principles. If a person always walks at night, there would come a time when he would run into a ghost. If a person's mind is in the right place, their qi will follow along and become smooth. Once a person has smooth qi, he will be able to remain alive for a long time. The third young master of the Liu Clan is a garbage, if the entire Liu Clan runs into a serious accident, all because of a garbage like him, I can't help but wonder if you guys will regret it by then." Qing Shui turned around by the time he finished speaking.

For a moment, the middle-aged man was in a difficult situation and unable to decide what to do. He had a very strange feeling that this brat might be able to kill him to the point he could never resurrect back from the dead. It felt too real.

"Third uncle, don't get scared by him. What is he? Kill him! I want him dead!" At this moment, Third Young Master Liu screamed out loudly.

"Say it one more time if you dare. I will immediately turn you into a dead man." Qing Shui glared at the Third Young Master Liu.

As soon as Third Young Master Liu's and Qing Shui's eyes met, he immediately trembled. However, when he realized that people in the surroundings all had eyes set on him, his arrogance came back. He was the third young master of Liu Clan. He had never once feared anyone in the Azure Rainbow City. "As if an immature brat like him will dare to defy the Liu Clan!" He thought to himself.

"I want you dead! You must die! You little bastard! You dare punch me? Yu Xixuan, you bitch! I will capture you alive today and play you to death!" Third Young Master Liu screamed out in a fierce tone.

He had embarrassed himself greatly before. To begin with, he was already a proud and egotistical person. As if the incident which involved him and the Yu Clan hadn't embarrassed him enough, he even got beaten up like a dead dog earlier. This caused him to start shifting all his hatreds onto Qing Shui and Yu Xixuan. This was because Qing Shui was brought here by Yu Xixuan personally.

Qing Shui only flicked his finger and a chopstick on the table shot right away towards Young Master Liu and stabbed past his throat.

Third Young Master Liu put his hands around his own throat while opening his mouth and making the noise "wu-wu...". Very soon, he collapsed onto the ground and died.

The surroundings were dead silent to the point even the noise of a needle dropping onto the ground could be heard. A person of the Liu Clan was killed! Even if the person who died was a garbage and a lot of people had intended to kill him, he was still a person of the Liu Clan. Moreover, he was not an ordinary Liu Clan member, but the third son of the Clan's Head. Across the Azure Rainbow City, Liu Clan could already be considered as one of the top existences.

The middle-aged man, who was also the third uncle of the Third Young Master Liu looked at Qing Shui furiously and said, "Do you really think that the Liu Clan will allow you to do as you please?"

"I will let anyone who attempts to kill me die first. I have already held back before because I didn't want to hurt the innocents. If you still insist on fighting against me even after that, I will gladly accept your challenge." Qing Shui smiled and looked at the middle-aged man.

"If we don't find a solution for the things which happened today, Liu Clan will no longer be able to stand firm in the Azure Rainbow City. Please allow me to fight with you for the justice of my clan." The man with surname Liu said to Qing Shui with a serious voice.

"You are not strong enough to be my opponent. Even though you possess decent strength, I think it will be best if you don't do anything against me. Otherwise, you will only end up embarrassing yourself." Qing Shui shook his head.

"Even if I am not your opponent, I can't just sit still and see you do as you please. I am a member of the Liu Clan." The middle-aged man slowly unsheathed his sword.

When Qing Shui heard the person mentioned the thing that he was a person of the Liu Clan, he couldn't help but feel some sort of admiration towards this man. He was a responsible man. It didn't matter whether he was a good or bad person, he was one who weighed his responsibility seriously. It was a waste that he was born in a clan like this...

"Do it. I won't kill you. Tell the Liu Clan about every single thing which happens today. No matter what happens after that, I will take it."

The man made his move. He thrust out the long sword in his hand. The sword was like a rainbow. It carried a flash of light with it and was emitting a sort of intimidating energy. The sword was very fast, even faster than those Swift Swords which Qing Shui had seen in the past. However, it didn't look like the kind of Swift Swords which an assassin possessed.

The third uncle of the Third Young Master Liu owned quite a high position in the Liu Clan. His strength was slightly higher compared to Yu Dinghe. Most importantly, his ability in actual combat was impressive. This man had nurtured his knowledge of sword skills for many years.

Qing Shui didn't retreat but instead charged forward. Since his intention was to scare away his opponent, he might as well use the most direct way to confront him.

Dragon-capturing Hands!

Before the opponent arrived in front of him, Qing Shui had already managed to capture the opponent with his Dragon-capturing Hands. The opponent went dizzy for a short while. Immediately, Qing Shui quickly drew himself closer to the middle-aged man and unleashed his Buddha Light Seal simultaneously.

Qing Shui let out his hand and captured the long sword. He then used the back of the sword and struck it on the middle-aged man's Taiyang Acupoint. Certainly, he controlled his force as he was doing it. Otherwise, the opponent would have died immediately. Following on, he turned his arm around and immediately, the sharp edge of the sword was already pointing at the middle-aged man's throat. A thread of fresh blood dripped down from his wound.

Qing Shui would only have to advance forward by one more inch and the man's throat would have snapped.

"You are no match against me." Qing Shui sheathed the sword and tossed it back at the man.

The people in the surroundings opened their eyes widely. It seemed as though their eyeballs could fall out at any time. They were amazed by what they saw. In terms of strength, Third Grand Master Liu was in the top batch across the Azure Rainbow City. One batch already consisted of a significant amount. It could range from a thousand, ten thousand to maybe even more than a hundred thousand. However, given that the population of Azure Rainbow City surpassed the total population of a country in his previous incarnation by many times, this was considered a very, very small ratio.

However, an expert warrior like him had actually run into a situation where he was totally overpowered. Anyone could tell that it wouldn't take Qing Shui a lot of effort to kill Third Grand Master Liu. Where exactly did this young man come from? By now, a lot of people had already begun wondering about the origin of this young man.

Meanwhile, Qing Shui had also learned that in the future, he not only had to open the Imperial Cuisine Hall, but he would also have to intimidate others by wrapping himself in a tiger's skin. However, in order to do so, it would also require him to possess a certain amount of strength. It was likely that by now, very few people would be able to wrap themselves in tigers' skins more powerful than his. In fact, Qing Shui could already regard himself as a professional tiger's skin wrapper by now.

Chapter 2038 - The Liu Clan isn't Simple

Third Grand Master Liu trembled as he took over the longsword which he became well-known for. Deep down, he felt that his heart had been crushed. The way of thinking which he used to have throughout his entire life had been completely destroyed. If Qing Shui really had taken out the formidable support behind him, Third Grandmaster Liu would have completely surrendered himself to him. He wouldn't

really feel anything. This was how the World of the Nine Continents worked. Sometimes, if a person was still able to surrender himself, that would mean that the situation was still acceptable and had yet to develop to the point of no turning back.

Third Grandmaster Liu had also thought about a day when the Liu Clan would surrender itself. However, he never expected for such a situation to happen today. In the past, even though he had had a feeling that monster-like characters existed, he used to think that he would never get to meet them in his entire life. However, the things which happened today proved him wrong. He was very upset about it.

“Thank you for holding back. Can I please leave now?” Third Grandmaster Liu seemed a bit distracted when he was saying it.

“Of course. Feel free to do so.” Qing Shui went back after he finished speaking.

Third Grandmaster Liu took Third Young Master Liu’s body and left with the others. Things continued to go on like normal. However, the atmosphere around here had become a lot heavier. It no longer felt as relaxed as before.

Meanwhile, a few people had also come to try to know Qing Shui.

However, the majority of people didn’t do it. This was a very risky act. If the Liu Clan was to lay their hands on this young man, establishing a relationship with Qing Shui now would mean offending the Liu Clan. Thus, it was quite risky to be doing this now.

Not only was it risky, they were even in danger of losing their heads. After all, the amount of strength which Qing Shui unleashed was no ordinary strength. Qing Shui could have totally ignored these people. To be frank, Qing Shui also never counted on using situations like this to make his name. Qing Shui sent away the people who came to establish relationships with him, He showed no intention on wanting to know them.

Yu Xixuan felt very calm and happy at the same time. She knew how frightening Qing Shui’s strength was. She had also developed a sort of dependency on Qing Shui. Yu Dinghe was a bit nervous. But with how things were at the moment, he might have run out of options. He had no choice but to put his faith on this young man. Yu Clan had decided to have a deep-rooted relationship with this young man.

...

They used the unique ingredients from Qing Shui. It was a restaurant, and drinking wine would require food as well. In fact, food was even more important than wine alone. Among the people who came this time, even though none of them were people from the top clans, many who came were still people with considerable high status and reputations. Thus, they could still help the restaurant to spread its name.

The people who came this time were able to satisfy their taste buds. The wines tasted nice. They were all from Qing Shui’s collections in the Realm of the Violet Jade Immortal. At the moment, the space within the realm was too big. Qing Shui was able to put a lot of wines in it. He had collected way too many of it.

When people started eating, the fragrance from the food spread out far into the distance and attracted a lot of people coming here. Even the outside of the restaurant was surrounded fully by people. They knew that the restaurant started its business and they might have a chance to eat and drink for free. In a

while, the entire restaurant became crowded with people. However, there were a few tables near the entrance. There were dishes and wine on each of the tables for people to taste for free.

Very soon, people already formed a long queue outside the restaurant. They regretted not coming here earlier. Otherwise, they would have been able to fill their stomach today.

Qing Shui didn't go to cook the food. Whoever cooked the food, it would be the same as long as they had the ingredients. He wasn't worried that people would learn or research on it. It was impossible for them to get the ingredients. In the World of the Nine Continents, famous restaurants tended to have unique ingredients and recipes of their own.

At the moment, she was thinking about the things concerning the Liu Clan. She didn't know if the Liu Clan would come. If they did turn up, in what way would they show themselves? However, Qing Shui knew that the Liu Clan would definitely show up, they might even show up today.

Time went on little by little. The atmosphere of the restaurant when it opened up was great and as a result, it washed away the pressure felt from before, when the Third Young Master Liu was killed. This was precisely how the World of the Nine Continents which focused primarily on warriors worked. A person just died before, but yet it seemed like nothing happened. The restaurant opened like usual, people were still drinking wine. If it had been his previous world, Qing Shui would have been locked up right away.

All the way until when half of the afternoon passed, did a group of people come to the restaurant. The people of the Liu Clan!

About tens of people came. Each and every one of them were expert warriors. The person leading the group was an elderly man. From the way he seemed, he looked quite old.

Everyone's facial expression looked very unsightly. They looked so gloomy that it seemed as if they were about to sweat. They were all amazed by how popular the restaurant had gotten. At the same time, they could also be seen drooling with saliva when they saw the hot dishes that were being served. However, they didn't come here to enjoy a meal. The old man leading the group didn't say anything much, but the middle-aged man behind him yelled to the surroundings, "Liu Clan is trying to get their things sorted. If everyone has nothing to do, please disperse yourself."

The long line of people, who were queuing up initially, scattered all at once. What a joke! If they angered the Liu Clan, they would immediately be slaughtered on the spot. Not only so, the man even yelled out to the people in the restaurant and demanded them to leave. Even though at that time, they were almost finished with their food, deep down, they would still feel a bit uncomfortable... But the opponent was the Liu Clan, what else could they do but to hold it in? All these people were people with high status and reputation. Unfortunately, when they ran into the Liu Clan, they would have no choice but to endure. There were still a lot of other people, thus, it wasn't too embarrassing to them.

Liu Clan wasn't scared to offend anyone. In just a while, they annoyed a lot of people. However, to the Liu Clan, what were these people? If they dropped down any instructions, these people would still have to do as they said.

Qing Shui and Yu Xixuan came out along with a few people from the Yu Clan. The restaurant was finally considered to have started running its business. Qing Shui then looked at the old man in front of him

who was leading the Liu Clan, "It seemed that the Liu Clan has come up with a decision." though Qing Shui.

"You aren't from an aristocratic clan. There isn't that kind of profound qi around your body." The old man was very straightforward with his words. Both of his eyes seemed like they had unusual sparks in them. It was similar to the light of a person with wisdom.

Qing Shui didn't show reactions to it, "These aren't important. My only advice to you is that once you made up your mind, make sure to not regret it."

"I won't regret it. Do you really think that you can bully the Liu Clan with those hand techniques of yours which specifically targets one's acupoints and meridians? You have truly underestimated the Liu Clan. Not everyone from the Liu Clan will be bullied that easily." The old man glared at Qing Shui. The aura across his body spread out into the surroundings like sharp knives.

"Let me get this straight, I will still say the same thing. It is not easy for an aristocratic clan like yours to have made it this far. Don't bring your entire clan to its doom for a trash or for your so-called faces. By then, you may not be able to explain well to your ancestors even after you die." Qing Shui looked at the people of the Liu Clan with his hands behind his back.

"Grandpa, let me go and kill him. This brat is acting as if he is a God himself." A man who looked considerably young said.

The old man opened up his arms and stopped the others. He then moved his sight onto Qing Shui, "That useless child from my clan has died. With that being the case, the promised fight between the Liu Clan and Yu Clan have also been canceled. Instead, we will settle all matters on that day."

"How do you plan on settling this?" Qing Shui asked.

"Five rounds, between the Liu Clan, you and the Yu Clan that's behind you."

"Five rounds are too much. It is also quite troublesome. Let's decide the winner with just one round." Qing Shui smiled and said.

"At least three matches. Could it be that you guys don't even have enough people to represent for the matches?"

"Alright. You are responsible for your own life. What happens if I lose?" Qing Shui smiled and said.

"If you lose, you die. You must pay for the life of my child." The old man said in a cold tone.

"Then, what happens if you lose?" Qing Shui smiled and asked.

"You can do whatever you want with us. Since we lost, we won't have any energy left to resist." The old man said slowly.

After the deal was made, the people of the Liu Clan left. Qing Shui, on the other hand, started pondering over how the match against the Liu Clan should be fought. Before this, there were a few powerful warriors among the people he saw. For example, the old man at the most front. Qing Shui was a bit frightened of his strength. This caused Qing Shui couldn't help but feel that three matches might be a challenge. Even though the deal was to fight for three rounds, if he lost, both he and the Yu Clan would

have been done for. As for the Liu Clan, even if they were to lose all three matches, they would still be able to survive. Liu Clan had a better base than Yu Clan.

Furthermore, at the moment, Qing Shui felt that three matches might pose to be a challenge. Other than himself, for a moment, he was unable to find any suitable candidates to take part in the fight. He moved his sight onto Yu Xixuan and Yu Dinghe, "Is there any suitable candidates from the Yu Clan to take part in the battle?"

Yu Dinghe shook his head awkwardly, "There is no one from the Yu Clan suitable to fight the people of the Liu Clan."

No wonder even a garbage from the Liu Clan was allowed to marry Yu Xixuan. The difference between them wasn't just by one small point.

Chapter 2039 - Choosing The Representatives! Killed A Few Ignorant Assassins

Before the fight on the day after tomorrow, the Liu Clan would definitely test him by sending assassins to kill him. If they got the chance to do so, they would definitely not think twice to do it. Even if they were unable to kill him, the assassination could help them estimate his strength.

Qing Shui remembered Little Rin and the most important Dragon Spider. The current Dragon Spider was very fearsome. Actually, only the Dragon Slaying Beast and Qing Shui were required to take care of it. But for security purposes, it was also a sensible choice to leave Little Rin outside.

Out of the three matches, two must be won. He might as well let Yu Xixuan take part in the battle. The Dragon Spider, Thunderous Beast, and Ice Burst Demonic Bear together wouldn't have any problems to take down one win. The current Dragon Spider was formidable. It might even be better than Little Rin.

Thinking up to this point, Qing Shui let out a sigh of relief. He smiled and looked at Yu Xixuan. "Xixuan, I will count you in for the match."

"Hmph? Am I strong enough for it?" Yu Xixuan looked at Qing Shui and said in shock.

"By then, take two of my demonic beasts along and you should be fine." Qing Shui smiled and said.

Yu Dinghe didn't say anything about it. With things having reached this stage, he was no longer able to see through this man. He felt that this young man had kept the best plan for himself. For now, the current Yu Clan was nothing. He then looked at Qing Shui and thought for a while, "For the final representative, why don't you leave it to me?" said Yu Dinghe suddenly.

Yu Dinghe's strength was only decent, and this was a fight where one was responsible for their own life. Qing Shui didn't want anything to happen, thus, he responded after a moment of thought, "If I'm not mistaken, the strength of Clan's Head Yu should be slightly more powerful than uncle."

"That's true, but the Yu Clan can't survive without big brother. Mister Qing, will anything happen to Xixuan?" Yu Dinghe asked in concern.

"Uncle, rest assured. Nothing will happen to Xixuan. She won't need to do anything. With the demonic beasts around, she would have been able to defeat the opponent." Qing Shui said with a firm voice.

"Leave the place of the last representative to me!" A loud and clear, but yet old voice came through.

“Father!”

“Grandpa!”

Both Yu Dinghe and Yu Xixuan stood up in shock as they glanced at the old man who was walking towards the entrance. Yu Xixuan happily ran towards the old man and embraced him with both of her arms.

“Qing Shui, let me introduce you to my grandpa. My grandpa has been the closest to me in my entire clan.” Yu Xixuan said in joy.

“Hey, little brat. At least make sure that I am not around when you are saying things like this.” Yu Dinghe looked at Yu Xixuan with a pampered look and said.

“Heihei, it doesn’t matter if you are here or not. This is the truth.”

“Nice to meet you, gramps!” Qing Shui quickly stood up and greeted the old man.

The old man’s back was a bit hunched. He was dressed in a white gown and looked unusually normal. However, a powerful energy could be felt flowing across his body. Qing Shui smiled as soon as he saw him, “With you here, we will have already accumulated enough strength for the battle.”

Qing Shui never expected for there to be such a powerful warrior in the Yu Clan. However, the only sad thing was the elderly man’s life force. It was almost depleted. Basically, he might only have a few days left. If not mistaken, he could at most live for another half a year.

“Young man, you are the most outstanding person I have ever seen. I am very happy to see my girl, Little Xuan with you. Unfortunately, this is as far as the Yu Clan can be.” The old man sighed.

“Grandpa, don’t worry about it. Yu Clan will get even better.” Yu Xixuan was very happy to be beside the old man.

“Out of the entire Yu Clan, the person whom I have the highest hope for is your father. Unfortunately, he has a weak mind and couldn’t dedicate himself to look after our Yu Clan. Your oldest uncle, on the other hand, cares too much about reputation and money. Forget it, let’s stop talking about this.” The old man shook his head. He no longer had the time, nor was he able to get involved in matters like this.

“Young man, your medical skills are splendid. Since you were even able to cure Old Man Qiao of the Liu Clan, can you see through my situation?” The old man smiled and asked.

“Do you really want me to say it?” Qing Shui said after thinking for a while.

“Say it, there is nothing to hide.” The old man was very honest with his words.

“Old man, your hidden illness is no longer controllable. Half a year at most.” Qing Shui said after a moment of thought. He knew that the old man was aware of what he was trying to say.

“Indeed it’s as the rumor says. With your medical skills alone, you are already able to establish a place for yourself in the World of the Nine Continents. You are still young, An outstanding tree will often get destroyed by the forests’ wind. You must learn to protect yourself. A lot of people in this world are born

evil. They don't like seeing others more capable than themselves." The old man looked at Qing Shui and said with a serious voice.

Qing Shui naturally knew about this principle. He nodded, "Thank you old man for your concern."

"I know that you have got your own plans. However, you must watch out for these few days. This includes you too, Little Lass Xuan." The old man relaxed his brows.

Qing Shui knew that his assumptions before were all correct. Liu Clan would definitely do something to him before the battle. At the very least, they would want to test how strong he was. As the saying went 'Know yourself, but also know your enemies'.

"Old man, when the battle has ended, please allow me to help you cure your hidden illness." Qing Shui smiled and said.

After Qing Shui mentioned some of the situations of the old man, Yu Dinghe didn't feel weirded out by it. A depressed look flashed across Yu Xixuan's eyes. She seemed to know about it, but back then, she decided not to talk about it. From here, it would seem that they were all aware that the old man's situation was incurable.

However, now that she heard Qing Shui saying that he was able to cure him, Yu Xixuan's expression changed and looked at Qing Shui in amazement. Even though she was already aware that Qing Shui's medical skills were very powerful, she never expected for it to be powerful to this extent. She said in surprise, "Are you really able to cure my grandpa's hidden illness?"

"Yes, I can. I have told you before that my medical skills are very formidable." Qing Shui smiled.

"I know my own condition well. But young man, I still have to thank you for your effort." The old man slightly shook his head.

Qing Shui knew that this old man didn't believe him, nor did he try to explain himself. When the battle ended, he will help to cure him. This old man had given him a comfortable feeling. Despite him being powerful, he was a very gentle person.

Initially, Yu Xixuan had wanted to say something, but after seeing Qing Shui's sign, telling her not to speak, she decided to remain silent.

After going through the things about the battle one more time, the old man left.

Both Qing Shui and Yu Xixuan decided to spend their night in one of the manors in the restaurant.

"Qing Shui, are you really able to treat grandpa?" Yu Xixuan asked when they were having dinner.

"Don't worry about it. Since I have already said it, I will definitely make it happen."

Yu Xixuan was finally relieved.

.....

At night between 11pm-1am, Qing Shui came out to breathe some fresh air. The Dragon Slaying Beast and Dragon Spider were outside. When the Dragon Spider was in its human form, it had the look of a very beautiful teenage girl. Both of her eyes looked extraordinarily bright and filled with spirit.

Right at this moment, Qing Shui looked far away into the distance but was unable to see through anything. However, at the same time, his Spiritual Sense managed to detect the presence of a few men.

Assassins!

Assassins were proficient in hiding themselves. One wouldn't be able to detect them by merely trying to see them with naked eyes. Ever since Qing Shui's Spiritual Sense went through some mutated changes, he was able to easily see the assassins with his Spiritual Sense. Qing Shui revealed a smile on his face and as soon as he moved, his entire figure disappeared from the spot he was standing on.

Five human figures had already entered the manor.

Qing Shui made up his mind to not hold back. He secretly moved towards the spot. The opponents came from all four directions, thus, they were quite far away from each other.

This was a thin middle-aged man. By the time he felt that something was not right, Qing Shui had already grabbed on his throat and twisted it right away.

Since they already dared to intrude this place, Qing Shui wouldn't hold back. This was the most sensitive thing to Qing Shui. In the future, this place would be his house. It was a suicidal act to intrude his house.

These people weren't strong. Qing Shui's ability to suppress assassins were way too strong. These people could only blame themselves for being unlucky.

Qing Shui dealt with the remaining people without much effort and continued on by burning them entirely with his Fireballs. He then acted as if nothing happened and went back into the realm to cultivate.

Chapter 2040 - Green Bronze Sect, The First Match, The Old Man From The Jade Clan

Qing Shui didn't ask about who sent them here. He was able to figure out on his own. There was no one other than the Liu Clan who would deal with him like this. Since then, everything went on peacefully. The next time Qing Shui came out was in the morning. Nothing had changed. It was a quiet night.

Today, the restaurant continued to open and run its business. Normally, a restaurant would treat the customers free of charge for up to three days, but there were quite a few that didn't do that too. Instead, they let the customers enjoy the privilege discounts. For example, they would sell their food at half of its original price to benefit the customers... Since Qing Shui had already made it free for an entire day, he decided to let the restaurant start running normally from today on.

These things were all done by Yu Xixuan. She was in charge of the things concerning the restaurant. Qing Shui didn't care if she ran it like before when a token was required to enter the restaurant. He decided to not ask about it and let her do as she pleased.

The price was set to be very high. Besides, the restaurant itself was originally aimed for earning the money from the rich. Thus, its price might not be necessarily cheap. At the same time, its other purpose was also to attract more formidable warriors here.

Every expert warriors would be rich.

Both Qing Shui and Yu Xixuan didn't lack in money. However, they hadn't gotten to the extent of having unlimited money to spend. There were a lot of things which would require money in this world. A lot of them needed a significant amount of cash. Furthermore, there was also something which money couldn't buy. With that fact, it was undeniable that the majority of goods would still require money to buy.

Today, not only was Yu Dinghe present, a lot of people from the Jade Clan were also here, including Yu Dingshan and his brothers. Qing Shui felt that for the time being, some slight changes had taken place in the Jade Clan. In the past, all of them used to look down upon Yu Dinghe, but now, it changed because of the current Yu Xixuan. Or alternatively, could it be because of Qing Shui?

Naturally, the people of the Jade Clan was able to see it very clearly. It would depend on Qing Shui whether they could make it through this tribulation. If he failed to do so, the Yu Clan would be done for, Yu Dingshan's position as the Clan's Head would also be futile.

He would be lying if he said that he wasn't worried. In fact, there were a lot of people who hated Qing Shui to their core. If Qing Shui hadn't appeared and Yu Xixuan ended up getting married into the clan, nothing would have happened. Unfortunately, everything was too late at this point. They could do nothing but prayed for Qing Shui to win and eliminate the Liu Clan.

If they succeeded in beating the Liu Clan, not only would nothing happen to the Jade Clan, but their status might even skyrocket as a result and replaced the Liu Clan.

The risk might be high, but their opportunity to soar up the sky was equally high.

At noon, the people of the Liu Clan came. They were here for the challenge letter and to get the people of the Jade Clan to sign it. This was also a kind of formality. Once the form was signed, just like how a contract worked in his previous incarnation, everything would be legalized. If the contract was violated, the party responsible would have to suffer from some sort of restrictions as punishments. In the worst case scenario, they might even end up getting beaten up in groups by the people who also shared similar interests with them.

Naturally, Qing Shui signed it without any hesitations. The time was set to be tomorrow morning. The battle would take place in the huge arena in the plaza by the Greencloud Road.

.....

Qing Shui looked into the bright sky. From time to time, flocks of birds would fly past his eyes. There were also a few huge trees. They were very tall and a lot of smaller birds could be standing on the branches and chirp non-stop. This was a beautiful and wonderful world which was abundant with lives.

Qing Shui, Yu Xixuan and the people of the Jade Clan together made their way to the arena by the Greencloud Road.

The old man of the Jade Clan seemed very happy and was not worried in the slightest about the battle that was yet to come. This shocked Qing Shui. Was this old man confident in himself, or him?

The huge arena in the plaza by Greencloud Road was already crowded with people. Both the Jade Clan and Liu Clan were present. There were also a lot of clans and forces that Qing Shui hadn't heard about. In just one day, all of them had known that the Liu Clan intended to have a tournament with a young

man. They also found out that the young man was with the Jade Clan and most importantly, he killed the Third Young Master of the Liu Clan.

They walked to the spot which was specifically reserved for the Jade Clan. There was still a bit of time until the battle started.

The witnesses of the battle this time were the Yu Clan and Green Bronze Sect. Green Bronze Sect was the most ancient sect in Azure Rainbow City. There were only a decent amount people in the sect. They cultivated the Green Bronze Technique, which was one of the most ancient body-refining techniques. They shared a few similarities with monks from his previous incarnation in terms of their nature. They refused to take part in any wars and they also viewed themselves as very prestigious people. Thus, everyone in Azure Rainbow City would give the Green Bronze Sect faces.

An old man dressed in green stood on the platform. He had a huge figure and a stern face. However, both of his eyes looked sincere. Even though he was an old man, he didn't look aged. The man said to the surroundings, "Today is the battle between the Liu Clan and Mister Qing. It is my pleasure to be invited here to be the witness. We will leave it to the two parties to discuss how they will carry out the fight. I am not related to the Yu Clan. Thus, everything will be up to the two parties."

"Old Man Yu, would you like to say a few words?" The old man moved his sight onto the elderly man not far away from him when he finished speaking.

"There is no need for that, Old Man Tie. You are fine alone. I will stop talking for now. Everyone knows that you had some conflicts with the Yu and Liu Clan. However, rest assured guys. My Yu Clan wouldn't try to take advantage of this situation and do anything dirty."

Old Man Tie smiled and immediately sent Qing Shui and the old man of the Liu Clan up.

Qing Shui didn't let the old gramps from the Jade Clan go up. After all, he was the person who killed the young master from the Liu Clan despite the fact that the Jade Clan was involved in the incident.

The old man from the Liu Clan looked at Qing Shui, "Three matches, one party would require to win two out of three matches. The representative mustn't be changed at the last minute."

"That's no problem. But who will be going up first?" Qing Shui smiled and said.

"We will decide it with a draw. If the Liu Clan goes up first this time, on the next round, your team will have to go up first. That way, we get to switch between people quite easily." The old man of the Liu Clan said.

Qing Shui nodded. Whoever that went out first would be on a passive situation. However, Qing Shui didn't mind it. He said after thinking for a while, "You are responsible for your own life. Use as many methods as possible on stage. This includes poisons, demonic beasts, and hidden weapons."

The old man nodded after thinking for a while, "Alright then, let's draw the order."

The procedure of the draw was very easy. There were two pieces of paper, among the two, one of them was written with the word "first", whereas the other one had the word "back" on it. Unfortunately, Qing Shui drew the "first" one.

The old man from the Jade Clan immediately said, "Leave the first round to me."

“Grandpa, I think it’s better if I go first.” Yu Xixuan said after thinking for a while.

“I will go first. I am scared that I will never get another chance to fight. Your grandpa is old now, please allow him to fight one last time.” The old man immediately appeared on top of the battle arena.

.....

“Look at that, that’s the old man of the Jade Clan.

“Yes, back then, the old man of the Jade Clan used to have a very strong reputation in this region. However, it was short lived as he got the hidden illness soon after. Following that, the Jade Clan began to degrade. There were no qualified successors to take over the clan.”

“Third brother, who do you think will go up from the Liu Clan?” An old man asked the other elderly man beside him.

The speaking old man was dressed in a violet-gold colored gown. He seemed considerably tall and had a proportional and slender body. Meanwhile, he was also giving out a noble aura.

“Fifth Brother Liu? He would definitely win against the Old Man Jade. Sixth brother, do you think the young man will take the victory today or will it be the Liu Clan?”

Both of these people were elderly men of the Yu Clan. At this moment, they had gotten even more interested as they looked at the platform and spoke.

“From the way it seems from the surface, the Liu Clan will definitely win the match. However, even if we don’t know the young man, Old Man Yu doesn’t seem to be a rude and impetuous man. That’s why I have the feeling that something is off.” The old man in violet-golden gown knitted his brows and said.

The old man, who called him his third brother, on the other hand, was wearing a plain gown. However, his face looked graceful, giving people the impression that he was a very loving elderly man.

“Before this, the Liu Clan has mentioned that this young man was trying to scare others by putting on a tiger’s skin. He didn’t have any forces protecting him. But from how it seemed now, it didn’t matter whether he got a strong background or not. The thing that counts was his guts to take a step forward. The Liu Clan was mighty, but they seemed to have neglected one part.”

“What part?”

“It is precisely this young man himself. The Liu Clan is definitely not aware that the young man alone will be able to eliminate the entire Liu Clan.” The graceful old man spoke slowly.

“Third brother, this is way too impossible. We know the Liu Clan’s strength clearly. Do you really think that one young man is enough to wipe out the entire clan? This would have been very frightening.” The old man in violet-gold gown spoke in a weird tone.

“I believe in my instinct. Just watch. Everything will come to the surface today.” The graceful old man said with a firm voice.
