

ARMIPOTENT Chapter 218

Liang Suyin was experiencing a short circuit, trying to comprehend what actually happened. However, in this short time, she realized that her clothes were off her body.

She was about to push the man away, but a piercing pain came from down there, "Arghhhh-" the pain went away as fast as it came, "Hnnng~" a pleasure she never felt before started to creep out.

Her eyes widened in shock for a moment before the shock was replaced by a thrill of joy having sexual intercourse for the first time. Instead of pushing her boss away, she hugged as desire filled her body.

Delia watched the scene from the side with her flushed cheeks. Compared to Liang Suyin who came half-prepared, Delia came with a preparation. She took off her dress without Tang Shaoyang undressing her.

After she took off his dress, she was at a loss what to do. This was her first time, so she did not know what to do when the man was busy with the other woman. She glanced at Elin, hoping to ask for guidance, but she noticed Elin was sleeping soundly despite the loud moan from the red-haired girl.

"Ahhnnnn~" Liang Suyin released a long moan and fell to the bed. The girl could feel the hot liquid inside, her mind was filled with satisfaction afterward.

However, she felt that the thing inside her was still hard. She was at her limit so she tried to push Tang Shaoyang, "No, let me rest for a little bit," it was her subconscious action.

Tang Shaoyang did not force for the second round as he turned to the side. Delia also looked at him, both exchanged for a moment before he rushed toward the girl.

The small bed was filled with the two girls, Tang Shaoyang brought her to the table. The inexperienced girl let the man do anything to her body as he started with her breast. After the beast, he went to the lower region.

Each of his touches caused the girl to moan. The girl realized why Elin and Liang Suyin made that kind of face. Her body was wriggling in joy, she then felt liquid dropped down from her lower bottom.

Then she felt something rubbed against her vital, the rubbing was bringing to the peak as she moaned. However, she was not satisfied with this, she wanted more, the last step.

It was as if the man could read her thoughts, the thing entered her body. She felt a piercing pain, but the pain was just for a moment as a pleasant sensation started to spread from below there.

The man moved even faster as she asked for more, the table was shaking but she did not care if even the table would break. Non-stop, it was fifteen minutes non-stop, and she released a long moan. She felt a warm liquid fill her belly, as she breathed raggedly.

Contentment plastered on her expression as she looked at the man lovingly. With the thing still inside her, she hooked her hand around his neck and pulled herself up. She watched the red-haired girl and the man exchanged a kiss. She wanted that, and so she started to kiss as Tang Shaoyang returned the kiss.

"Girl, you are quite naughty," he muttered while the girl smiled at him. She could feel the thing inside her was getting harder again. Tang Shaoyang pulled the girl from the table. He now sat on the chair with the girl on his lap.

The second round started. The youngest proved to have more stamina than the old one. After the chair, Tang Shaoyang brought her to the wall and started the third round. After the third round, he soon realized the girl was at her limit. She did not sound her protest just like the other two. If he went for the fourth round, he believed the girl did not mind that.

However, he carries the girl over to the limited space of the bed. As soon as he put her on the bed he noticed the overflowing liquid down there. Tang Shaoyang rubbed his nose and went to the empty spot near the table.

Even after six rounds, little Shaoyang was still standing hard. The skill not only upgraded his ability but also his endurance. He looked at the three girls on the bed, "It seemed I have done I should not," he muttered under his breath.

His target was Elinova but for some reason, the other two were entangled with him as well. However, regretting something he had done was not his character. He lived with the decision he made whether it was a mistake or the right decision.

Clearing his thoughts, Tang Shaoyang sat cross-legged on the wooden floor. He then started to chant what his Teacher had taught him. While chanting, the [Mana Perception] was activated as his body absorbed the rich mana from the forest.

Tang Shaoyang did not sleep, he continued with the whispered chant until a hand wrapped around his waist, and touched the slumber little Shaoyang.

[You have entered the training state for 4:53:20, your Magic Power increased by 31]

He opened his eyes and turned around. Elin rested her head on his shoulder, and their eyes were met, "I am sorry for the interruption, but it's about morning," the girl's hand moved to the little Shaoyang, stroking it gently.

"You are playing with fire, woman," Tang Shaoyang whispered back to the girl as he approached the girl's lips.

Liang Suyin dreamed something absurd but enthralling at the same time. She was having fun with her Boss and the other two women. It absurd because she did it with the other two women together, enthralling because the sensation of having sex with her Boss was just so wonderful.

But then a moan interrupted her good sleep. She tried to pry open her heavy eyelids. But after a few attempts, she managed to open her eyes and saw a beautiful face made the same expression as her when she made love with her Boss.

Soon the red-haired girl realized that the woman was the same woman in her dream. She opened her eyes wide and soon she got a clear view. Her Boss was ramming the woman from behind while the girl was holding the edge of the bed.

"That was not a dream, it was real..." she muttered unbelievably. It was hard to believe that she joined the foursome? Was that the right term?

'Stupid Suyin, it's not the time to think about that!' Liang Suyin was at loss, she did not know what to do as she woke up not at the right time. The woman then released a long moan. As someone who had tasted this, 'Are they done?'

But then she saw her Boss carried the woman onto the table and started the second round. The angle was just too good for her to watch as the couple gave her the look from the side.

Just like that, Liang Suyin watched live porn for twenty minutes. The woman seemed to give up as she waved her hand. She then witnessed the large rod being pulled out from the woman, at the same time, dripping liquid fell from the vital spot. To her surprise, her Boss's spear was still standing straight.

Then she noticed her Boss was looking at her. As soon as she met with his gaze, she felt something dripping from her lower bottom. Did she get wet just like that?
