

ARMIPOTENT Chapter 269

Maybe Liang Suyin was listening to his words this afternoon, albeit still looked down but she spent her time with Delia more for the rest of the afternoon until night.

Since everyone noticed that Suyin's mood was improving, the other girls let her have Tang Shaoyang alone tonight.

Tang Shaoyang looked at the naked Suyin, she was sleeping soundly on the bed. There was a bit of a smile on her sleeping face, it was a good sign. He kissed her forehead and walked out of the house.

Everyone had fallen asleep, he tried to not make noise afraid that he would wake them out. He went outside and immediately gazed to the north.

He was tempted to fight the beastmen he met in the afternoon but he controlled himself. It had become his routine to patrol in the night, just in case something dangerous approached the village.

There was a distance between his house and the villagers' houses. His house was located more toward the north. That was his request so he could watch the village where the dangers would likely come.

"You don't sleep?" When he was about to jump off the roof, a voice rang. He turned around, Arina was standing at the door with her blue nightdress.

"I figured that I will do night watch after our encounter with the beastmen," instead of jumping to the roof, he walked out of the village to the north. Of course, his [Spirit Eyes] was activated to scan the distance.

Arina did not go back inside, but she followed the man out of the village with her nightdress, "You should sleep."

She heard the man speak to him but she did not heed his words as she kept following him, "I can't sleep," Arina replied after a while.

"Have you heard about what happened to Deril and Murie?" Since the girl insisted to follow him, Tang Shaoyang let her be.

"Shouldn't you tell me what happened to them?" She replied with a question.

"They are dead, apparently the City Lord is crazy enough to kill those two to frame me. That's the confusing part, why would he kill your party to frame me? If he wants to catch, then just send his knight, why does he need a justification, he's a lord of the city," Tang Shaoyang muttered in a low voice. He then heard Arina stop her steps.

He looked back, the girl froze on the spot, and her body was trembling. Not long after that, he heads a sob, "Y-you promised me to not kill them!"

"I did not kill them, but the Waskin City Lord did. Do you hear me? It's the city lord who killed your friends to frame me," Tang Shaoyang tried to explain that he had nothing to do with Deril and Murie's death.

—At this time, you should be comforting her not explaining what happened. Comforting her for now and telling her the truth later after she calms down.

Zowen let out a sigh in his head while guiding Tang Shaoyang.

—I wonder why these women fall for you, you don't understand about women at all. You have to change, you know. Your ability makes them stay with you for now, but if you don't change it will be just a matter of time before they betray you.

—I have to agree with Zowen. You can't treat your women coldly like this, you have to grasp their hearts too, not just their bodies. The Divine Body is a talent given by the system which means it can be gained through the system. That means the talent is not exclusive to yours, maybe there will be another man with the same talent as yours, and you have to be careful by that time. You may lose your women to him if you don't change.

Zaneos followed up with his thoughts.

Tang Shaoyang could not deny his spirits' words. But agreeing and doing it were totally two different things. To be honest, hugging the woman and comforting them with his sweet words was not his fort. He was cringing for doing something dramatic like that, it was just so unnatural for him.

But his teacher was right, he had to change. He walked over and hugged the girl, "I am not good with sweet words or comforting girl—"

His words were cut in by a chuckle from Arina, "I know that already," the words he was about to say puffed into smoke. It was just a comforting silence that lingered between the two.

"Anyway, I promise you that I will kill that city lord for you," that was one of my goals, but he saved the last part for himself while stroking the girl's blue hair.

—From A to F, I will give you D. You should work more on your flirting technique.

Zowen gave her assessment in his head and followed up with Zaneos.

—That's a good start. Now there would be only a few women that will betray you, not all of them. It's good progress.

—You should just bang her, that should be enough to comfort these women.

Even the silent Karan joined, and Tang Shaoyang had to cut off the connection to save himself from the annoying spirits' chatter.

After a moment, he felt movement down there. Arina's hand was moving to his crotch and rubbing the little Shaoyang, "I want this to comfort me. Apparently, all your other women loved this one!"

"But this is not the right time and not the right place," Tang Shaoyang shook his head despite the temptation. The revealing nightdress was enough to stimulate little Shaoyang.

"Why? Do you hate me that much? Or Do I look ugly to you? From all your women, you never touched me. Are you disgusted because I offered myself as a slave?" Arina let out her resentment toward the man.

"Silly girl, don't you feel that little Tang becomes hard from your touch? But this is really not the right time, we have uninvited guests coming toward us right now!" Tang Shaoyang looked toward the north where the uninvited guests were coming from.
