

ARMIPOTENT Chapter 328

Li Na was rekindled of the past memories and finally remembered how she fell for the man. It started from an unforgettable night. She sold her body to the man for her family, her first time.

She thought it would be a hard night for her. Even though she never did it before, she heard from the internet that the first time was always hurt. She thought it would be extremely hurt since Tang Shaoyang looked like a rogue to her. However, not only it did not hurt but it turned out to be an amazing and unforgettable night for her.

Starting that night, she began observing the man. He might be cruel outside, especially to some he did not know and his enemies or the people who opposed him especially.

However, he was someone that you wanted to be on your side. He always fought in the frontline, he protected his people by doing his best on the battlefield. He was not a rogue who was hiding behind his subordinate.

Tang Shaoyang was an amazing man. So starting from that, she fell for him. She started to get closer to him by throwing the safe job she attained with her body.

'It's considered a success!?' She thought to herself while staring at the ceiling. It was supposed to be a short break after the battle against the swarms of Green Horn, but it became a long rest.

She came thrice in half an hour while Tang Shaoyang came inside her once. He did not continue out of consideration even though she knew that little Shaoyang was still standing straight inside her while he pulled off.

'So, how long have I been sleeping?' She asked herself, not expecting an answer. However, she heard an unexpected answer from her summon.

—You have been sleeping for five hours, Master.

"What, five hours!?" Li Na blurted out but she immediately closed her mouth because he was still sleeping. She thought it was just two or three hours.

'We have to get ready,' she looked to the side. Tang Shaoyang was awake, looking at her naked body. Both were still stark naked. She looked down to his crotch and found little Shaoyang was still erected.

Li Na's face flushed red, she was about to get and run, but two hands held her waist. She heard a deep whisper into her ears, "Where are you going, my little minx?"

"D-dress u-up?" She answered with a question, but then a huge force pulled her body down to the bed.

"Why hurry? We can dress up later after another round or maybe two?" Tang Shaoyang whispered to her ears. She did not refuse as his hand roamed around her body.

"Hnggg~" she moaned as he touched her sensitive spot. Tang Shaoyang was not pushing her with his strength, indicating the girl did not refuse his advance. As he was about to make his next move, she flipped their position.

Li Na was on the top now and her face was still flushed red, "L-let me do it first," after saying that, she slid down to the bottom. She started with her mouth while caressing little Shaoyang with her palm.

Within three minutes, she managed to get little Shaoyang to stand fully. She released little Shaoyang and aimed at her vagina, "Let me be on the top."

Tang Shaoyang grinned as he watched the brave girl try to put little Shaoyang inside her. He put his back head on his palm and let her do the work. It was her initiative, after all.

"Ahnnn~" she moaned after successfully putting little Shaoyang inside. It was a pleasure not pain as it was clearly expressed from her expression. She started it as slow before increasing the pace. It was never crossed in her mind that had sex would feel this good even though this was her third time.

Before the Game started, she started browsing the internet about how sex was. As everyone could see, she came from a poor family. Her grandmother barely earned through selling dumplings and additionally with her younger brother, she had to earn money for her third-year tuition fee. She was thinking of selling her body hence she started to watch porn and what the woman felt in the sex.

She found a forum about that, talking about the girls' experiences with their boyfriends. From twenty posts, only one post said that it was barely hurt after her second and third. Yes, even though it was their second and third time, it was still very hurt. That was why Li Na had been thinking that sex was hurt. Of course, she never got the chance to sell her body into prostitution as the Game started.

But those thoughts changed now. It did not hurt, her first, second, and third time were very amazing instead. If she had a word for it, it was an addiction. She believed that she could not live without this man now.

At the thought, Li Na pistoned harder and faster. She did not know how long it had been, but she reached the peak soon. She released a long and unrestrained moan as her body slowly fell onto him.

"You are doing amazing work there," he whispered to her.

Even though she was happy to hear that from the man's mouth. She could feel that little Shaoyang was still erected straight inside her.

"But it is not over yet, girl," Li Na shook her head, "Then finish it, you make the move."

Tang Shaoyang grinned as he brought her to sit. She thought she wanted to do it in this position since they did it in this position too before. However, he brought her off the bed, "Hold the bed and stick your butt."

Pyak!

He slapped her butt as he gave the instruction. Li Na just followed the instruction and stuck her butt up. Without warning, little Shaoyang entered her juicy vagina.

"Ahnnnnnn~" she released a long moan as ecstasy brought her into paradise. It was even better for some reason, "Harder~ faster~" she could not help but yell.

Just like that ten minutes passed and she reached the peak for the second time. Her body went weak to the bed, but she knew that the man was still not satisfied yet. He had not cummed yet.

"On the bed..." she did not have the energy to maintain her butt up so she whispered. Instead of putting her into the bed, the man held her thigh and carried her up.

Little Shaoyang was still inside her and she was shocked by her position. She looked down, it was so embarrassing to do this in this kind of position, "I am embarrassed..." she muttered in a low voice.

"To who?" Tang Shaoyang asked her back with his teasing tone, "No one but only us two here."

She could not refute him. That was right, who was she embarrassed to? While thinking of the answer, the man moved her body with his powerful arm. The thought instantly vanished as she moaned again. It was a non-stop moan that escaped her mouth.

He moved her body up and down. It was yet another sensation she never felt before. Another seven minutes passed. She and Tang Shaoyang released out a long breath together. She felt warmth liquid shot into her belly, he cummed inside her.

They stopped for a few seconds there as white liquid trickled down from her vagina. He came a lot just like before.
