

## ARMIPOTENT Chapter 357

Tang Shaoyang opened his eyes upon hearing water streamed down from the bathroom. Even in his sleep, his hearing was quite sensitive.

He looked to the side, Delia was sleeping on his chest. A light snore and stable breathing could be heard from her. He noticed the happy smile while she was sleeping.

Last night was quite satisfying even though he did not achieve what he wanted, sleeping with all seven girls. Li Na excused herself that she had not said anything about their relationship with her grandmother, so she had to come back to her own room. Liang Suyin also ran away with Li Na, the red-haired girl was still embarrassed.

The remaining seven girls had come into an agreement that two of them would sleep with him every night. They had made the group by themselves without him knowing.

Delia and Elinova, Selena and Arina, and the last group, Zhang Mengyao and Kang Xue. He could make another group with Li Na and Liang Suyin too.

Last night, he gathered all the girls to talk about his plan. Zhang Mengyao, Li Na, and Liang Suyin would be placed in charge of recruiting Warriors. Kang Xue, Selena, and Arina would be the leader of the Healer Division. Elin and Delia would take the charge of the kitchen.

Of course, the reason he gathered the girls into his floor was not for doing an o\*gy. He wanted his girls to know how to obtain the second class by listening to Elin's experiences.

The second class was very important for sure. Additional attributes and skills would give them a big boost of strength. He too wanted to know how Elin obtained the second class. Maybe he could try to obtain his third-class if possible.

After listening to Elin, he immediately understood that it was hard to get combat class for the second class. One had to invent something and get recognized by the others too to trigger the second class.

Elin obtained the second class from making soft bread. She created the recipe by herself, it was simple but it was something new for this world.

So for the combat class, they had to create their technique and be recognized? For the combat class, it was still vague, but they got insight for the second class.

That was the purpose of gathering his girls, he wanted them to get their second class too. He got his second through an unusual way, after all. They had to go to another world for that, but with Elin's experiences, they could get the second class naturally, albeit hard for sure.

After fully waking up, he slowly put Delia's head to the pillow before he got up. He was stark naked as Little Shaoyang was standing straight. He headed to the shower and behind the blurred glass, he could see a figure was showering.

With a big grin, Tang Shaoyang entered the shower. Elin was washing up her dark purple hair. For the earth, it was unusual for people to have this kind of hair color. But it seemed Elin's hair color was natural.

He immediately hugged Elin from behind and whispered, "Why don't you wake me up so we can show together?"

Elin was startled for a moment before she calmed down quickly after recognizing the voice, "I thought you are tired, so I didn't wake you up."

Tang Shaoyang's hands moved around. One of his hands explored the thigh area while the other hand caressing her bouncy breast.

Elin's breath became hurried at the stimulation, "No, I have to go to the kitchen to prepare for the breakfast..." she tried to reject his advance. Elin knew Tang Shaoyang well, he could not be satisfied easily. If she gave in, she would be late for her duty in the kitchen.

"No one is going to scold you for being late, I will tell the kitchen..." he has not finished his words as Elin cut in, "N-no, d-don't tell them yet. I want to work with them from the scratch... There are many things I need to learn about the food of your world too..."

She did not finish her words, but he knew what she meant. Elin wanted to gain recognition through the hard work, not being bestowed by him.

"So do you want to be the head staff of the kitchen through your hard work?" His hand was moving around, playing with her sensitive area down there as he asked.

"N-no, I-I don't want to be the head staff... Ahnn... I want to follow you everywhere you go... Ahnn... I want to be your personal cook..." moans escaped from Elinova's mouth as she expressed her thoughts.

"That's a good idea, my personal royal cook..." he gently bit her ears as he played with her nipples. His action intensified the moan, "But what about my little Shaoyang down there? He seems to be hungry..." he whispered with his deep voice. He had been rubbing the perfectly erected little Shaoyang around her thigh.

At this point, Elin was aware that she too had to extinguish the flame inside her, "One round..." she whispered in response.

Hearing the response, Tang Shaoyang directed the little Shaoyang. He entered her from behind as Elin was holding the wall as she stuck out her butts. A long moan escaped from her mouth.

They had been doing this several times. She did not know but the endless pleasure could never satisfy let alone tired her. Her body was pulsating in pleasure as Tang Shaoyang moved.

"Ahnnn~ Ahnnn~ this is so goooddd..." she could not help but mutter those words out. She thought that love was what made sex turned into pleasure, but she realized now it was not.

However, she met with Tang Shaoyang with no love. The man was so strong that he saved her village from destruction. She found out that the man fancied her and noticed that the Chief was having trouble paying this man for their service.

She thought of paying that by using her body, but she never expected that she would be enticed by a man. It was something she never expected to happen to her.

"D-did you use magic?" She could not but question the issue.

"Magic? It's not magic, but my talent," he whispered to her ears. Tang Shaoyang was not lying, it was indeed his talent.

As Tang Shaoyang and Elin continued their deeds, Liang Suyin was moving back and forth in front of Tang Shaoyang's room. She was still wearing her pajamas as with her face flushed red.

Last night, she ran away from him, but now she regretted it. It had been several days since their last time, she could not hold it any longer. She did not dare to enter the room, she was too embarrassed for asking it directly.

But Zhang Mengyao told her that he would need a morning service. Mengyao told her to come to help Delia and Elin, 'but...'

[Why are you hesitating, girl?]

Origin's voice startled her as she jolted away from the door. But soon she recognized the voice and shook her head madly.

[Hehe, just come in, help your sister Elin or she may be late for the breakfast duty.]

After that, the door opened on its own. It was clearly Origin who opened the door for Liang Suyin.

Liang Suyin shook her head, but her desire overwhelmed her embarrassment as she took a peek. At first, it was just a simple peek. Then she pushed the door slowly, making noise as little as possible.

She swallowed her saliva from nervousness before she decided to step into the room. Slowly, she closed the door with her back.

The sound of water streamed down along with familiar moans entering her ears. She stopped in front of the door. She was aware of what happened behind the door. Her heartbeat spiked up as her hand was on the door handle.

As the moan intensified, her desire peaked up, 'I don't care...' with that thought, she pushed the door. In the shower room, she could see two figures.

At this time, the embarrassment was already gone as she pushed the blurred glass door. She was seeing her man and Elin in an unexpected position.

Tang Shaoyang was carrying Elin from the back with both hands on her thigh. Liang Suyin's eyes focused on the vital spot where white liquid leaked out through Elin's vital spot.

Slowly, she raised his gaze to Elin's face. The bliss and satisfaction were apparent in her face. She felt the heat inside her body intensified. Then her gaze met with his, he grinned while scanning her from the top to bottom.

Without Tang Shaoyang ordering her to, Liang Suyin took off her white shirt and pants. She did not wear a bra as the white snow peak came to Tang Shaoyang's sight.

From the size, Elin's was certainly bigger, but the gap was not that big. He was not expecting the red-haired beauty would sneak into his room. But the surprise turned into a delight as soon as she took her clothes off.

Tang Shaoyang moved toward the bathtub and put Elin inside. He then approached Liang Suyin. His left hand circled her waist and pulled her toward him. He kissed her while his right hand was caressing the firm breast. Slowly, Tang Shaoyang's left hand slid down to her firm and curvaceous butts. Even though he was in heat, he did not play rough. He was setting the mood before the advance.

Elin noticed the reinforcement had come. She immediately got up and had a quick wash. Before she left, she whispered to Suyin, "Thanks for the help, if you need help, just call me. I will be ready to help you anytime..."

The help Elin was talking about was of course about the sex. Tang Shaoyang was a man that could not be tamed with two women. Help was needed to satisfy the man.
