

ARMIPOTENT Chapter 430

Tang Shaoyang carried the girl onto the bed. He flipped Selena, now he had her back on him as he pushed her down. This was one of his favorite positions.

Deep inside the girl, she was waiting with great anticipation. She never felt that way from foreplay. This was the first time for her to get stimulated by just touching.

Then she felt Little Shaoyang entering her private region. She let out a pleasurable yelp as it was so unexpected for her. Yes, this was a new pleasure. Her mind was beyond going blank as if she was ascending into heaven.

At this point, she could not think anymore. She just enjoyed what came for her. The second thrust, the third thrust. Little Shaoyang kept filling her.

Tang Shaoyang pasted her body onto her as he kissed her neck. He did not stop moving as he continued with the movement as the bed was shaking.

"Ahhnn~ Ahnnn~ Ahnn~" an uncontrollable moan escaped Selena's mouth. Her red, enticing eyes gleamed brightly as she drowned in pleasure.

She finally understood why Elin was so reluctant to leave him.

They did it for a couple of minutes until Tang Shaoyang stopped, "Why do you stop?" That question immediately escaped her mouth.

Tang Shaoyang grinned and whispered, "Let's change position," he flipped over while maintaining Little Shaoyang inside her. Now he was at the bottom while Selena was at the top. He slapped the girl's bouncy butts, "It's your turn to move!"

Selena had her leg spread open while looking at the ceiling. Her thigh was right on Tang Shaoyang's thigh. If it was before, she would be ashamed in this position but not anymore after what she just experienced. What was in her mind was to move her body now.

She supported her body with her hands and positioned her legs onto the bed. She did this carefully so Little Shaoyang could not escape from her.

After she was in position, she pushed herself up with her legs and down. The paused melodious moan returned, filling the room.

Selena just could not stop. Once she moved, she kept moving non-stop. Her movement became faster and faster as she felt it. She almost reached the climax.

"Ahhnn~" a long moan escaped as she sprawled on top of Tang Shaoyang. She never felt this good before, this was heavenly if she wanted to describe it in one word.

"Done already?" Tang Shaoyang kissed and asked her. If this was her limit, he was not going to force her to continue. Not like he had enough, but he respected her choice.

"No! We have just started. We will not stop until you fill me!" Her reaction was unexpected, strong, and adamant, "Give me seconds to rest..." she had not finished her words as she felt something pulsating inside her.

Selena looked down there, she could feel that Little Shaoyang was getting bigger inside her, "Unless you move by yourself..." again, she could not finish her words as hands clasped on her thigh and brought her up.

Her legs still spread wide and they were still connected. She was sitting on his lap with her leg split. Yes, she was like doing a split on his lap.

Her hand was holding his head backward as they exchanged kisses. In the next, she was brought while his hand was supporting her thigh. She was brought to the front of the mirror.

"You said you want to know what kind of face you make during our workout? Why don't you look?" Tang Shaoyang raised her up and down?

"Humnn~" the second round started. Selena opened her eyes wide as she saw her own reflection. She was quite shocked to see her own reflection. She was shocked to see she could make that kind face.

However, the shock was overwhelmed by the pleasure that assaulted her body, "More~ more~," the moan was an encouragement for Tang Shaoyang. He sped up while Selena kept looking at her making out with her man.

For some reason, the reflection on the mirror stimulated her even more. She moaned louder as she lost in pleasure.

Meanwhile, Arina rooted on the door. She had taken off the armor as she was wearing the same attire as Selena. Her eyes widened as her cheeks flushed red.

Arina's breath became hurried as she felt the heat from inside. Without her realizing it, she touched her own private region with her hand. Shocked by her action, Arina pulled her hand. However, her eyes never left Tang Shaoyang and Selena.

Selena's moan echoed in her head, her breath became hotter at the same time. Lost in thoughts, her hand roamed around her breasts and her private region for the second time.

The blue-haired girl did not realize how, but she made a hole in the pants, around her private region. Then she felt a warm liquid wet her private region. She brought her finger closer to her face and her cheeks flushed even redder.

At this point, the shyness and her desire were fighting inside her. She just stood there while hoping the man approached her instead of her approaching him.

However, those thoughts merely stayed inside her head as they never happened. Selena and Tang Shaoyang were still in the same position as the unrestrained moan filled the room.

It continued like that for a while, and Arina was still watching the two making out. She was not aware of when, but she realized that she was inside the room. She looked down and looked back, the door was behind him now.

The warm liquid dripped from her private region. It flowed to her thigh, she could feel it clearly. Her breathing became even faster before the restraint that had been holding her back snapped out.

Arina took off her clothes and the pants along with the bra and panties. Stark naked, she approached Tang Shaoyang and Selena. She came from the side and hugged Tang Shaoyang from the side.

By now tall Tang Shaoyang was, she tiptoed him before kissing him on the lips.
