

ARMIPOTENT Chapter 483

It was a sudden and shocking revelation, the ambition of the Ambrose Family and Commander Alton of the Fotia Legion. This was the first time he heard such a thing from Crystal.

From what he knew, Duran Ambrose was the one who led the Ambrose Family, and Julius Brent was the one who led the remnant of the Fotia Legion. He did not know who this Commander Alton was. He furrowed his brows, he did not like it when the things were hidden from him. Especially, this was something important.

'Should not you tell me about this earlier, Crystal?' Tang Shaoyang questioned the spirit. The spirit was not lying because it could be said she was not lying. She purposely left that information out.

—I am sorry, Master. I just hope that my fear will not become true, but...

'Now you just give me more reasons to kill them all. I want to kill your family more so you learn your lesson not to hide things from me, Crystal!' Tang Shaoyang's voice was icy cold that the spirits did not dare to respond to him.

Crystal went silent immediately. She never saw his cruel side before. It was just the easy-going Tang Shaoyang who looked like taking care of everything casually and was friendly to all his spirits. Reasonable was one of his traits as well since he accepted the knights who had surrendered.

—I am not going to persuade you more then. Hah... This could be avoided if you were honest with him...

The last one was Zaneos' sigh. His last words were directed to the newbie spirit, thinking that she was in control despite being contracted to a Master. It was understandable for Tang Shoayang to get angry. Even Rosalie, who was usually bold enough to respond to Tang Shaoyang's words, did not dare to raise her voice.

"What are you doing? Get ready into a formation!" The head of the Malone Family yelled at his knights. Despite his confidence as an Epic, he did not dare to underestimate the enemy who could match their auras. Clearly, this man from another world was not an easy opponent.

The Knights drew their swords and put their shield forward, surrounding the man who was in the middle of the dining room. Selena got closer to him. She was nervous but she maintained her composure despite being surrounded by the enemies. Even though she died now, she had no regret since she had avenged her family.

If there was a regret, it would be that she failed to bear Tang Shaoyang's child. That way, she could continue her family's line. Unfortunate, but she was satisfied with all she had until now.

Duran Ambrose wasted no time as he took out a deep-red spear from his inventory. He flicked his hand to the back. A few knights approached and put the armor on him. He had prepared to fight since the start. When they thought they had won the fight, there was a big change in Tang Shaoyang.

[Dragon Transformation]

Black scales started to resurface from his chest upward toward his neck and his face as two horns grew as well. His eyes got even darker purple as his yellow irises transformed into gold. At the same time, his body got taller. He was now around 2.7 meters tall and became the tallest in the dining hall.

Bwoosh!

The wing stretched out from his back. The wingspan reached eight meters, causing the knights to take a few steps back. At the same time, smaller black scales started to resurface on the Dragon Destroyer. The transformation also brought a change on the battle-ax. This was a big discovery even for Tang Shaoyang.

Witnessing the transformation, everyone in the dining was shocked, including the two Epics and also Ashley. A transformation like this was not foreign as their two Guardians also could transform. However, It was not just a simple transformation. It was telling them that the man had a bloodline.

As soon as the transformation was over, the [Slayer Domination] immediately dominated the room. Duran Ambrose and the head of the Malone's family's auras were easily overwhelmed by Tang Shaoyang. At the same time, a few knights passed out as they could not handle the aura.

Tang Shaoyang did not stop there. He then summoned Arelion, the Dark Wyvern. The giant creature broke the ceiling, ruining the dining hall. His wing destroyed the wall and pushed the knight away from the encirclement.

Duran Ambrose and the head of the Malone Family retreated. Ashley was about to retreat as well until she felt a huge force pull her over. Then her body flew toward Tang Shaoyang. It was [Gravity Pull]. The skill he learned after sacrificing the Specter.

Just like that, she was caught by Tang Shaoyang. Then he picked Selena with his other hand. "Burn everything, Arelion!" He ordered Arelion.

The Dark Wyvern did not hesitate to spew his black fire at the knights. Amidst the chaos, there were seven knights rushed toward him. Tang Shaoyang did not need to do anything as Arelion's tail stabbed four knights in the chest. The pointy tail easily pierced four knights in one strike. Then Arelion's tail curled at the remaining three knights, the Dark Wyvern turned the knights upside down and slammed them to the ground.

Splat!

Blood splattered from the Y-shaped hole on their helmet. Three knights died tragically. Tang Shaoyang did not take any action as he flew through the hole on the ceiling, "That's enough, Arelion! We will leave!"

It seemed the Dark Wyvern was satisfied with the destruction he had caused. Arelion stretched his wings to the fullest and swirled in the dining hall, destroying everything in his range.

[You have leveled up!]

[You gained 32 Attribute Points!]

Tang Shaoyang heard the notification in his head, meaning Arelion killed more knights. He did not bother to look back. With his [Spirit Eyes], Tang Shaoyang located the Dimensional Gate. He rushed

toward the Dimensional Gate where was. As soon as he arrived in front of the Dimensional Gate, he punched the gate that was made of green stones.

When the Dimensional Gate was destroyed, it left a green sphere the size of half a human's head. He picked up the green sphere and stored it in his inventory. He then accelerated to the sky along with Arelion.
