

## ARMIPOTENT Chapter 582

"A name, huh!? But Imperion is a cool name," Tang Shaoyang looked at the Golden Dragon. The latter shook his head, telling him the Golden Dragon did not want to bear that name.

"Alright then, a new name." He thought about two creatures he had named, "Pride, Greed... Arrogant? That's lame." He immediately shook his head, then he remembered that the Golden Dragon had a deep hatred toward his parents. "What about Wrath?"

Tang Shaoyang was considering naming the Golden Dragon with Wrath. It was still in consideration since he was thinking of other names, but the Golden Dragon bowed toward him, "Thank you for choosing a name for me, Master." The Golden Dragon immediately accepted the name.

[You have named your companion The Adolescent Golden Dragon, Wrath!]

-----

Name: Wrath

Race: Beast - Golden Dragon

Affiliation: Tang Empire - Tang Shaoyang's Companion

Evolution: Adolescent Golden Dragon

Level: 1978

Skill: [Teleportation] [Breath Fire] [Elemental Manipulation] [Dragon's Domain] [???

-----

The Golden Dragon, or now was Wrath, only had five skills. He felt it was too little for a Dragon to have five skills, 'But maybe because he is still in the Adolescent stage?'

—That's not it, Master. Because what we consider a skill, it's not a skill to the Dragon. [Dragon Sense] for example. It's a skill that allows us to have the sense of a Dragon, but that's not a skill for a dragon. They are born with it.

Maldros the Black Storm Dragonewt answered for Tang Shaoyang. The answer made sense. Just like a human that was born with feet, they would have an ability to walk, so it was not considered a skill.

"I see." Tang Shaoyang then canceled the [True Dragon] skill and returned to his human form. "Can you suppress your size? You are too big for me to bring around." Even though he did not have an expression, deep inside, he was quite excited. 'I mean, I have a dragon as a pet. Who will not be excited?'

"I can." After that, Wrath suppressed his size to the size of an adult cat. It had turned into a lizard rather than a dragon. Then Wrath landed next to Tang Shaoyang.

Tang Shaoyang opened his window status and focused his gaze on the third skill he gained from advancement, [Spirit resurrection]. It was the skill that Zaneos had been waiting for, the resurrection. He then tried to use the skill.

[You don't have enough Spiritual Energy to use the skill!]

That was the notification he received from the system. He had three thousand Spiritual Energy, but it was not enough to use the skill, "So how much Spiritual Energy is needed to cast the skill?" That was a good question because the skill did not show how much Spiritual Energy was needed to cast the skill.

"What about [Spirit Switch]?" Tang Shaoyang saved that question for later and tested the other two skills.

[You don't have a spirit summoned to switch!]

When he heard the notification, Tang Shaoyang was aware of what the skill was for. It was to switch a position with the summoned spirit. He did not know if he needed this skill, but it might become handy one day. Who knew? He then tried the third skill, [Spirit Fusion].

[Please choose a target to be fusion with the spirit!]

His eyes brightened when he heard the notification. It was the same as integration, but the skill was not meant for him. He could use the skill so his friend could be integrated with the spirit. This was so helpful. He could summon the spirits to protect his people and fusion them with spirit as well to enhance their battle power.

Selena was the best target for the Spirit Fusion since she was a healer. She could protect herself with Spirit Fusion. "It's a skill from the Spirit Contractor's branch class."

He remembered the time where he had to choose the development of his main class development. The other two choices were [Spirit General] and [Spirit Kindred]. This skill should belong to [Spirit Kindred]. Of course, it was based on Zaneos' assumption if [Spirit Kindred] was a support class.

-----

The first thing he noticed was that his attributes had changed. From the number into the word 'Epic' with one silver star next to Epic. The system had changed the attribute once he advanced to the Epic Rank, "Roan told me nothing about this." He muttered in a low voice.

It had become simple but complicated at the same time. It was simple because he did not have a lot of numbers that would make his head dizzy to see it. But it was quite complicated because of the star, "Does that mean I become a lot stronger with more stars?"

"Let's save that for later." Tang Shaoyang then looked down at his contracted spirits. He almost had a hundred contracted spirits with most of them being Grade B Spirit, "Should I sacrifice the Grade B Spirits?"

He summoned over fifty Grade B Spirits during the trial, but he had a little over twenty Grade S Spirit and above. He felt that these Grade B Spirits were useless no, 'I also need the Spiritual Energy to use the [Spirit Resurrection]. The only way to get Spiritual Energy is to sacrifice the spirits.'

Tang Shaoyang was truly considering sacrificing the Grade B Spirit before he was getting attached to these spirits. Of course, Karan was an exception. There were a few exceptions of Grade B Spirit he would not sacrifice.

"Let's talk it out with Zaneos and the others later," He muttered in a low voice before he stretched out his hands. "The trial is over now, let's get my actual reward!" Tang Shaoyang then flew toward the stone pillar. There was no notification about the actual reward. That meant he had to get the reward from the stone pillar.

Tang Shaoyang was so excited to get the reward. He flew at his maximum speed to reach the stone. As soon as he arrived at the stone pillar, he placed his right palm on it.

[Congratulations! You have finished the Trial of The Epic perfectly!]

It started with another congratulations screen.

[Please choose your reward!]

[Third Class (3)] [Second Talent (3)] [Epic Bloodline Awakening] [Ancient Grade Equipment (5)]

[Warning! Please choose carefully! You can't return to the choices once you choose your reward!]

Tang Shaoyang furrowed his brows. That meant he could not see the choices... The third class, for example, was given three choices, but if he chose the Third Class, he could not choose the other rewards even though he just wanted to see what kind of class it was.
