

## ARMIPOTENT Chapter 583

There were a lot of things Tang Shaoyang needed to put into consideration before he made his choice. First, he excluded the equipment from his choice. He did not want to be strong because of an external force. He considered Gear as an external force to him, so getting gear was a big no unless it was his only choice.

"Epic Awakening Bloodline?" Roan said about bloodline awakening. It was random as bloodline awakening was awakening a bloodline that existed in his body. There was no choice for that, all depending on his luck. He would not waste this chance on that if he had the choices.

"But this is Epic Awakening Bloodline, there's an Epic at the front. This must be something good." Considering the Dragon Bloodline he had, bloodline gave him a lot, skills and bonus attributes. If he could awaken the bloodline in the same rank as his Dragon Bloodline, he might choose the bloodline. However, he knew he could not get the same rank bloodline as Dragon Bloodline if it was Epic Awakening Bloodline. The dragon was the same rank as a God, so Epic Awakening Bloodline would not give him the bloodline in the same rank.

"So Epic Bloodline Awakening is a no? But the Third Class and the Second Talent would be in the same rank as the bloodline. In the end, all is the same." Tang Shaoyang thought about it longer, "However, Talent is not something I can get easily. If the Talent is in the same rank as the Epic Bloodline, Talent might be the best choice here."

He recalled the chance of getting Grade S Talent and Grade SSS Talent. The chance was too low, and he had to spend a lot of Game Coins on that. "But I don't know if Epic Rank is the same as Grade S? Grade S Spirit is about as strong as Epic Rank. Does that mean I can get Grade S Talent?"

After considering the choices and the potential reward, he narrowed it down to Third Class and Second Talent. If he could get a class in the same rank as the Slayer Class, he might choose the Third Class. But this was one time chance to get a second Grade S Talent as well.

"I can't decide." Tang Shaoyang was in a big dilemma. Even though he had narrowed down the choice, he kept glancing at the Epic Awakening Bloodline as well. Sometimes, having a choice was not good either. Now it was hard for him to decide.

At this moment, there was a voice rang in his head. "Depending on the urgency, I can recommend you a choice. Do you want to listen?" It was Zara's voice.

"Depending on the urgency? What do you mean by that?" He did not get what she tried to say.

—Yes, if you want to get an enormous boost to your power shortly. I recommend you to choose Bloodline or Talent. Talent and Bloodline get stronger the higher your level is, but different with a class. You should know about that, you have to level up your class to get your class's highest potential. It will take time for that, that's why I said it was depending on your urgency. A class has a lot of potentials but a Talent and Bloodline could give you a big spike in your power in a short time since you are a high-level player.

Zara the Exalted Fallen Angel explained the meaning of her words. It was not about which one better, but what he needed. Thanks to her words, Tang Shaoyang immediately made a decision on what to take.

As Zara said, he needed to get stronger quickly as he was going to face Legend Rank Guardian Beast and also the Myth Rank Knight, Commander Alton, who might be had reached Legend Rank as well. "Then I will get Talent instead. I still need to face a trial to reach Ancient Rank, right? And the System will offer me the same reward if I finish the trial of the Ancient Rank?"

—Yes, but talent would be excluded from the next reward. However, you will get a better reward if you complete the trial with a perfect score like this trial. Better reward choices than The Trial of The Epic.

"I see." Tang Shaoyang nodded his head as his hand moved to tap Talent's option. He was presented with three choices.

[Devourer] [Blessing of Shadow] [Wrath]

Those were the three choices. Of course, as always, System was never helpful to the players. It did not give any explanation about what the talent did. The player had to explore the talent by themselves afterward.

"Do you know something about these three talents, Zara?" The only choice he had was asking Zara, hoping she knew something about the talent.

—I only know one of them. Wrath! That's the same talent as one of the Devil Lord's talents.

"Devil Lord. Who's that? No, we will talk about that later. So what is this Wrath about?" His priority was to choose the talent, not chatting about Devil Lord.

—Wrath is a talent that enhances your physical power than anything else. It also grants you a skill that is like a Berserk, but a much better version of Berserk skill where your attributes increased temporarily. This is my first time to see about [Devourer] and [Blessing of Shadow].

Zara only knew one of them, which was actually good. At least, he would not be completely blind to these talents. Tang Shaoyang then asked the other spirits if they knew something about the talent. Unfortunately, none of the spirits knew about the talent. However, he inclined toward [Wrath] than the other two.

There was a reason for that. He analyzed the talent based on the name of that talent itself. He felt that [Shadow of Blessing] was more suitable for Lu An, who fought with their insane movement. As for the [Devourer], he believed that talent was related to devour something in order to gain something. Maybe the talent was about devouring a beast or monster to gain attribute points or even a skill.

If that was the case, then [Wrath] was more suitable for his fighting style. With the lead from Zara, Tang Shaoyang chose [Wrath].

[You have gained a second talent, Wrath!]

[You have learned a skill, [Infernal Wrath]!]

[You have learned a skill, [Wrath Fire]!]

[You have learned a skill, [Attribute Shift]!]

[You will gain +350 Strength, +200 Agility, +300 Vitality, +200 Stamina, +150 Magic Power, +20 Sense, +100 Attribute Points!]

[Skill Friction detected! Initiating Skill Fusion [Divine Fire] and [Wrath Fire]!]

[Skill Fusion succeeded!]

[You have learned a skill, [Chaos Fire]!]

Tang Shaoyang stared at the screen in front of him. Did he regret his choice? No, he would never regret his choice. This was what he was looking for. Just like Zara said, [Wrath Talent] gave him a tremendous boost in attributes while giving him only three skills. It did not matter. This was what he needed.

[The Trial of The Epic is over!]

[You will be teleported back to your original world in 59 seconds!]

"It's time to allocate all my attribute points!" Tang Shaoyang then opened his window status.
