

ARMIPOTENT Chapter 588

Lilliana's answer stunned Tang Shaoyang for sure. He did not expect to hear that from Lilliana. The girl rarely showed emotion, and she was not interested in him either. At least, during the time she stayed in the spiritual space, she never once started a conversation with him. He was caught off guard by the confession.

—What? Are you going to let another man have me? I have observed you for a few days, and I doubt you will let me go away with another man after resurrecting me. On top of all that, you seem to be good at making your woman happy, so I don't mind being with you. Also, you have many women, and you will have many kids. That way, I can be a mother for many kids as well.

Lilliana totally shut him down there. He could not refute her claim, especially after she said she accepted him. He did not refute that, but he still insisted on the Spirit Blessing. "Then more reasons for you to accept the Spirit Blessing. If you want to raise my kids, then you have to be strong enough to protect them as well. With my ambition, I can be with you guys all the time."

Before Lilliana could respond to him, Rosalie spoke first.

—What are we hearing? You guys can talk about that privately. Don't you have any shame, Lilli?

—Says someone who flirted with my future husband. You should look at yourself before you talk about someone else, Rosalie. I don't want to hear that from you.

Lilliana raised her tone when she responded to Rosalie. Lilliana was Rosalie's General when she just entered this continent from the major continent. However, she died when they fought against Arkanos' force. Lilliana used her body to block Arkanos' last attack and died to protect her Queen. That was why she said that Rosalie owed her a lot.

He did not know what happened, but the two often quarreled after their first meeting as a spirit. Crystal might know something about it, not that he was interested in the women's matter as well. He overlooked the banter and came up with a decision. "You must accept the Spirit Blessing, Lilliana."

—Since my husband asks me to, then I will accept the Spirit Blessing. However, a reminder for you, I will not hold any position, but a mother for your children. If I have to fight, it's protecting the children. I will never fight for you!

That was a firm statement from Lilliana. She was tired of the battle and would never join the battlefield again unless for her children. He did not like that. At least, she should take part in the Empire Affair. But then he thought about it. If he really had children of his blood, then he required someone to protect them all the time. Maybe Lilliana was the right one to hold that role.

There was no more discussion after that, as Tang Shaoyang used the Spirit Blessing on the four names.

[You have used the Spirit Blessing on Lilliana the Crimson General!]

[Grade B+ Spirit, Lilliana the Crimson General has advanced to Grade A+ Spirit, Lilliana the Guardian!]

[You have used the Spirit Blessing on Crystal the Frost Knight!]

[You have used the Spirit Blessing on Jet the Abyss Raven!]

[Grade B+ Spirit, Jet the Abyss Raven has advanced to Grade A+ Spirit, Jet the Abyss Raven!]

"Huh!?" Tang Shaoyang furrowed his brows slightly when the last blessing on Jet. The Abyss Raven did not evolve. Jet's title did not change, it remained as Abyss Raven. As he was in deep thought, he remembered that Jet became a spirit when he was still a kid. The reason the title did not change was that Jet had matured instead of evolving.

Four Spirit Blessings used, he had thirteen Spirit Blessings left. Tang Shaoyang planned to use ten Spirit Blessings on Bronson the Executioner and Zara the Exalted Fallen Angel. He rubbed his chin as he considered what he needed to do with the remaining blessing. He could use three Spirit Blessings to advance Aerelion the Dark Wyvern or Orlean the Demon Prince. That way, he could have three Grade SSS Spirits. He had so many choices, but he lacked Spirit Blessing.

"Should I have six Grade SS Spirits instead?" Tang Shaoyang could use twelve Spirit Blessings on four Grade S Spirit. Again, he was not sure if Kirin had reached the Demi-God Rank or still Legend Rank. Kirin's current rank was the crucial factor if he should get Grade SSS Spirit or more Grade SS Spirit. The spirits did not voice their opinion, since it was a sensitive matter between the spirits. They let their Master decide for them.

After a few minutes, Tang Shaoyang came up with a decision. He would use five Spirit Blessings on Zara and use six Spirit Blessings for two Grade S Spirits. By that calculation, he would have two Spirit Blessings left. He would use that on Grade A Spirit.

[You have used five Spirit Blessings on Zara the Exalted Fallen Angel!]

[Grade SS Spirit, Zara the Exalted Fallen Angel has advanced to Grade SSS Spirit, Zara the Angel of Death!]

[You have used Three Spirit Blessings on Zaneos the Infernal Swordmaster!]
