

ARMIPOTENT Chapter 601

No one paid attention to the golden thing that slept on his shoulder. So when Wrath returned to his original size, he surprised everyone, including The Kirin.

Kalliyān looked at the Golden Dragon. The Golden Dragon's appearance surprised her, but she squinted her eyes afterward. Sure, the Dragon could be helpful, but it was still too weak to help them face the Green Sky Serpent. That gigantic snake was Legend Rank. An Adolescent Golden Dragon would not give them the winning factor.

Of course, Tang Shaoyang was not done yet. He extended his hands to the side and cast [Epic Summoning]. He summoned 21 spirits and left the remaining Grade B Spirits and below in the Spiritual Space. They could not help since they were fighting an Elite Force. They would just waste his mana.

Zara appeared right next to him while the others were being summoned on the ground. The sudden extra force surprised everyone, including The Kirin. On top of that, all of them were strong. There was one of them that alarmed her. It was the angel next to her.

'Who are they? And where do they come from?' Kalliyān was puzzled, and she finally understood why the man was so confident about coming here alone. He had the force that he could summon anytime. They had a chance.

"We three will face the Green Sky Serpent, and the remaining force will face the Dark Tribe." Kalliyān voiced her opinion to fight their enemy. She felt that if the three of them worked together, it would be easy to beat the Suvan.

"What are you talking about? You face the Dark Tribe, it's only me and Zara who fight this gigantic snake." Tang Shaoyang pointed at the Green Sky Serpent. He did not want to share the exp of Legend Rank's beast with her.

Kalliyān looked at the human and glanced at the angel. The angel did not even spare a glance at her. It hurt her pride, as the human did not trust her. Of course, there was more than worry. She was now bound lifelong with this human. If the Green Sky Serpent killed the human, she would die as well.

Tang Shaoyang ignored Kalliyān's gaze and looked toward the furious Suvan. The Green Sky Serpent was furious that they ignored him all the time. They even formed a lifelong pact in front of him.

"What do you think, Zara? Can I beat this giant snake with my Grand Dragon Transformation?" Tang Shaoyang did not want to use his True Dragon form if possible, since he wanted to save it as his trump card for later. If he used it right now, everyone else in Gigante Forest would notice his presence.

"I don't think so unless Kirin joins us in fighting this snake. For a snake, this one is quite strong." Zara shook her head.

"I have no choice then." Tang Shaoyang nodded his head. "Please stall him while I transform. I am afraid this guy can interrupt my transformation."

After he said that, Zara flew in front of him and faced the snake. She summoned a black shield in her left hand and a black long sword in his right hand. She was in her stance and a big shadow hovered behind her. The shadow had the same shape as Zara, a Fallen Angel with six pairs of wings.

After the advancement from the Spirit Blessing, she got an additional two pairs of wings, while before she had four pairs of black feather wings, now she had six pairs of wings. That was a significant change for her after the advancement. Of course, in terms of strength, she had gotten a lot stronger too.

At the same time, Tang Shaoyang activated his [True Dragon]. Black energy engulfed him. Since it was too hot, Kalliyon had to back away from Tang Shaoyang. The sudden temperature rise alerted everyone, including the Green Sky Serpent.

Suvan squinted his green eyes and observed the energy sphere. He felt something bad from it. His instinct told him to do something about the energy sphere. He opened his mouth as green liquid gathered in his mouth.

Fwoosh!

The Green Sky Serpent shot the liquid toward the black energy sphere. The Golden Dragon failed to interrupt the transformation, but Suvan was not a Myth Rank beast. This snake was a Legend Rank Beast, not a Myth Rank. Tang Shaoyang could not risk it by letting the Green Sky Serpent attack him. That was why he asked Zara to protect him while he transformed.

Zara put her shield forward as dark energy spread out from the shield, shielding the energy sphere from the green liquid.

Splash!

The green splashed out and let out ssshh sounds. Zara furrowed her brow, as she did not get what the Green Sky Serpent tried to do. The acidic liquid could not pierce the energy sphere for sure. 'Is this snake has no brain? Should I fight it by myself?' The Angel of Death questioned the Green Sky Serpent's intelligence.

The energy sphere got bigger and bigger. However, since Zara was part of Tang Shaoyang, she was not affected by the heat. 'Let's try to fight it.'

The shadow behind her moved, rushing toward the Green Sky Serpent. The shadow was barely noticed, but the shadow was very clear to Green Sky Serpent. Suvan moved his tail, sweeping it toward the shadow. Meanwhile, the shadow brandished the sword toward the serpent.

Bang!

Even though it looked like a shadow, the sword hit the Green Sky Serpent's tail. The clash was real, even though it was a shadow. Suvan's tail bounced back from the clash while the shadow stayed still.

Zara furrowed her brow and felt something off. Why was the Green Sky Serpent so weak despite being a Legend Rank Beast? She really thought that she could kill this Green Sky Serpent alone without Tang Shaoyang's help.

Of course, she did not want to get this ahead for herself. She had learned her lesson when she fought Tang Shaoyang. She underestimated Tang Shaoyang and paid the price for it. Of course, the price was

not that bad. No, it was even an unforgettable price that she did not expect. However, if she had the same mentality to fight the Green Sky Serpent, she would have to pay an enormous price this time.
