

## ARMIPOTENT Chapter 613

Tang Shaoyang raised his eyebrow when he heard the Beast Coven sent an emissary to meet him. 'Do they realize we are coming for them?' He frowned and shot a glance at Aki. "Why do you think they send an emissary?"

Aki lowered his head and shook his head. "I don't know, My Lord. I tried to ask the emissary, but they refuse to say anything until they meet you."

"Do you think there's a traitor with the newly recruited force? How do they know that we are after them?" Tang Shaoyang got suspicious, and it was reasonable to be suspicious of them since only the leader of the tribe had to make an oath. The remaining tribesmen were not under oath, so there was a chance for them to betray him.

Aki knew what was in Tang Shaoyang's mind, but he still shook his head. "I don't think they would betray us since their family is under our protection." The rat beastmen did not believe that there was a traitor among them. "The Beast Coven may know our destination from the path we take, so they send an emissary to talk with you, My Lord."

"That might be the case, but there's a chance one of you betrayed me. Not everyone has a family, after all." Tang Shaoyang waved his hand at Aki, who was about to talk back. "Let's not argue here, guide me to meet this emissary."

Aki bowed his head and turned around. The emissary was in Aki's house, waiting for Tang Shaoyang. There were three of them, and they were beastmen.

Two beastmen had a panther's head, while the third was similar to a human but with whiskers and furry ears. As he entered the room, the three emissaries looked toward him. With a single glance, the three beastmen could tell that he was the leader of this force.

Tang Shaoyang did not greet the emissary as he immediately sat down next to the three emissaries. He observed each of them and found out that the third beastmen was the strongest amongst the three, and he could tell that by the three beastmen's mana capacity.

The beastmen was a creature with a wonder, same species, but not all of them had the same characteristic. "So, do you want to talk with me?" He met with the three beastmen's gazes.

"Are you the Leader of The Tyrant?" The catgirl opened her mouth and asked him. "We will only talk to him, not anyone else!"

The Tyrant was the name given to Tang Shaoyang by the residents of Gigante Forest. He forced the other tribes to bow down, and his deed had spread through the whole forest. No one did not know the rising Tyrant.

"What do you think? Do you think he will bring the bottom rank to you guys?" Tang Shaoyang pointed at Aki while rolling his eyes. "Stop wasting time and talk! What do you want- No, what the Beast Coven want?"

The catgirl squinted her eyes as she glanced at Aki. She knew that the man in front of her was the leader of The Tyrant. However, she wanted to know the leader's name, and she was waiting for the man to introduce himself to her as one of her tasks was to find out Tyrant's identity.

"On behalf of The Beast Coven, we are here to give The Tyrant an offer..." Before the catgirl finished her words, Tang Shaoyang cut her midway. "I also have an offer for The Beast Coven; join my empire, and the Beast Coven will be spared." He said that with a wide grin. He countered the offer as he immediately knew why they came to meet him.

Alton wanted to absorb his force and started his revenge for his Queen. 'What a shallow plan. Does he think I will give up just because he says so?'

The catgirl was unhappy that the man said the words she wanted to say. She furrowed his brow and spoke again. "Do you know the leader of the Beast Coven?"

Before they left, the Leader of The Beast Coven told her something. It was to reveal his identity to the leader of The Tyrant. She immediately understood her Leader's intention. He wanted to use his past glory to recruit The Tyrant, but did he has to do this? She felt they had enough force to subdue the newly formed power like The Tyrant.

The Tyrant might be strong, but they did not have a solid foundation and loyalty. As long as they defeated the leader, the remaining force would surrender to The Beast Coven. She did not understand why The Chief had to do this way.

"Of course, I know. The former commander of the Fotia Legion and also the former leader of the Revolution Army who was betrayed by his disciple, Alton." Tang Shaoyang maintained his grin as he stared at the catgirl.

He had identified three of them. The panther head was Epic Rank Beastment, and the catgirl was Myth Rank Beastmen. It was a strong group, but they were nothing in his eyes. 'Aye, I forgot. I can't underestimate them. One of them might be someone with three classes, who knows.'

[Basic Detection] did not reveal all their information but their ranks. He had to be cautious of the opposite party regardless of their ranks.

Sure enough, his words triggered the two panther heads. They stood up and pointed their spears toward his face. "If you dare to say it again, this spear will leave holes on your body!" The panther head on his left threatened him.

"You dare!" Aki shouted loudly. "Do you know where you are right now? Do you dare to point your weapon to Great Lord?" At his shout, the ground was trembling slightly.

The rat beastmen was quite clever to prepare the force ready before bringing him to the emissaries. If anything were to happen, the army would crush these three.

The three emissaries realized that they were surrounded, and they could tell the steps were moving closer to the house.
